(INCLUDING TRANSFERS OF FUNDS)

For necessary expenses for carrying out the administration and implementation of Rural Development programs, including activities with institutions concerning the development and operation of agricultural cooperatives; and for cooperative agreements; \$300,285,000: *Provided*, That of the amount made available under this heading, up to \$5,000,000 shall be for the StrikeForce activities of the Department of Agriculture, and may be transferred to agencies of the Department for such purpose, consistent with the missions and authorities of such agencies: *Provided further*, That notwithstanding any other provision of law, funds appropriated under this heading may be used for advertising and promotional activities that support Rural Development programs: *Provided further*, That in addition to any other funds appropriated for purposes authorized by section 502(i) of the Housing Act of 1949 (42 U.S.C. 1472(i)), any amounts collected under such section, as amended by this Act, will immediately be credited to this account and will remain available until expended for such purposes.

RURAL HOUSING SERVICE

RURAL HOUSING INSURANCE FUND PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

For gross obligations for the principal amount of direct and guaranteed loans as authorized by title V of the Housing Act of 1949, to be available from funds in the rural housing insurance fund, as follows: \$1,250,000,000 shall be for direct loans and

\$30,000,000,000 shall be for unsubsidized guaranteed loans; \$28,000,000 for section 504 housing repair loans; \$50,000,000 for section 515 rental housing; \$250,000,000 for section 538 guaranteed multi-family housing loans; \$10,000,000 for credit sales of single family housing acquired property; \$5,000,000 for section 523 self-help housing land development loans; and \$5,000,000 for section 524 site development loans.

For the cost of direct and guaranteed loans, including the cost of modifying loans, as defined in section 502 of the Congressional Budget Act of 1974, as follows: section 502 loans, \$23,250,000 shall be for direct loans; section 504 housing repair loans, \$484,000; section 523 self-help housing land development loans, \$55,000; section 524 site development loans, \$206,000; and repair, rehabilitation, and new construction of section 515 rental housing, \$4,470,000: *Provided*, That to support the loan program level for section 538 guaranteed loans made available under this heading the Secretary may charge or adjust any fees to cover the projected cost of such loan guarantees pursuant to the provisions of the Credit Reform Act of 1990 (2 U.S.C. 661 et seq.), and the interest on such loans may not be subsidized: *Provided further*, That applicants in communities that have a current rural area waiver under section 541 of the Housing Act of 1949 (42 U.S.C. 1490q) shall be treated as living in a rural area for purposes of section 502 guaranteed loans provided under this heading: *Provided further*, That of the amounts available under this paragraph for section 502 direct loans, no less than \$5,000,000 shall be available for direct loans for individuals whose homes will be built pursuant to a program funded with a mutual and self-help housing grant authorized by section 523 of the Housing Act of 1949 until June 1, 2022: *Provided further*, That the Secretary shall implement provisions to provide incentives to nonprofit organizations and public housing authorities to facilitate the acquisition of Rural Housing Service (RHS) multifamily housing properties by such nonprofit organizations and public housing authorities that commit to keep such properties in the RHS multifamily housing program for a period of time as determined by the Secretary, with such incentives to include, but not be limited to, the following: allow such nonprofit entities and public housing authorities to earn a Return on Investment on their own resources to include proceeds from low income housing tax credit syndication, own contributions, grants, and developer loans at favorable rates and terms, invested in a deal; and allow reimbursement of organizational costs associated with owner's oversight of asset referred to as "Asset Management Fee" of up to \$7,500 per property.

In addition, for the cost of direct loans and grants, including the cost of modifying loans, as defined in section 502 of the Congressional Budget Act of 1974, \$34,000,000, to remain available until expended, for a demonstration program for the preservation and revitalization of the sections 514, 515, and 516 multi-family rental housing properties to restructure existing USDA multi-family housing loans, as the Secretary deems appropriate, expressly for the purposes of ensuring the project has sufficient resources to preserve the project for the purpose of providing safe and affordable housing for low-income residents and farm laborers including reducing or eliminating interest; deferring loan payments, subordi-

nating, reducing or re-amortizing loan debt; and other financial assistance including advances, payments and incentives (including the ability of owners to obtain reasonable returns on investment) required by the Secretary: *Provided*, That the Secretary shall, as part of the preservation and revitalization agreement, obtain a restrictive use agreement consistent with the terms of the restructuring: *Provided further*, That any balances, including obligated balances, available for all demonstration programs for the preservation and revitalization of sections 514, 515, and 516 multi-family rental housing properties in the "Multi-Family Housing Revitalization Program Account" shall be transferred to and merged with this account, and shall also be available for the preservation and revitalization of sections 514, 515, and 516 multi-family rental housing properties, including the restructuring of existing USDA multi-family housing loans: *Provided further*, That following the transfer of balances described in the preceding proviso, any adjustments to obligations for demonstration programs for the preservation and revitalization of sections 514, 515, and 516 multi-family rental housing properties that would otherwise be incurred in the "Multi-Family Housing Revitalization Program Account" shall be made in this account from amounts transferred to this account under the preceding proviso.

In addition, for the cost of direct loans, grants, and contracts, as authorized by sections 514 and 516 of the Housing Act of 1949 (42 U.S.C. 1484, 1486), \$12,831,000, to remain available until expended, for direct farm labor housing loans and domestic farm labor housing grants and contracts: *Provided*, That any balances available for the Farm Labor Program Account shall be transferred to and merged with this account.

In addition, for administrative expenses necessary to carry out the direct and guaranteed loan programs, \$412,254,000 shall be transferred to and merged with the appropriation for "Rural Development, Salaries and Expenses".

RENTAL ASSISTANCE PROGRAM

For rental assistance agreements entered into or renewed pursuant to the authority under section 521(a)(2) of the Housing Act of 1949 or agreements entered into in lieu of debt forgiveness or payments for eligible households as authorized by section 502(c)(5)(D) of the Housing Act of 1949, \$1,450,000,000, of which \$40,000,000 shall be available until September 30, 2023; and in addition such sums as may be necessary, as authorized by section 521(c) of the Act, to liquidate debt incurred prior to fiscal year 1992 to carry out the rental assistance program under section 521(a)(2) of the Act: *Provided*, That rental assistance agreements entered into or renewed during the current fiscal year shall be funded for a one-year period: *Provided further*, That upon request by an owner of a project financed by an existing loan under section 514 or 515 of the Act, the Secretary may renew the rental assistance agreement for a period of 20 years or until the term of such loan has expired, subject to annual appropriations: *Provided further*, That any unexpended balances remaining at the end of such one-year agreements may be transferred and used for purposes of any debt reduction, maintenance, repair, or rehabilitation of any existing projects; pres-

ervation; and rental assistance activities authorized under title V of the Act: *Provided further*, That rental assistance provided under agreements entered into prior to fiscal year 2022 for a farm labor multi-family housing project financed under section 514 or 516 of the Act may not be recaptured for use in another project until such assistance has remained unused for a period of 12 consecutive months, if such project has a waiting list of tenants seeking such assistance or the project has rental assistance eligible tenants who are not receiving such assistance: *Provided further*, That such recaptured rental assistance shall, to the extent practicable, be applied to another farm labor multi-family housing project financed under section 514 or 516 of the Act: *Provided further*, That except as provided in the fourth proviso under this heading and notwithstanding any other provision of the Act, the Secretary may recapture rental assistance provided under agreements entered into prior to fiscal year 2022 for a project that the Secretary determines no longer needs rental assistance and use such recaptured funds for current needs.

RURAL HOUSING VOUCHER ACCOUNT

For the rural housing voucher program as authorized under section 542 of the Housing Act of 1949, but notwithstanding subsection (b) of such section, \$45,000,000, to remain available until expended: *Provided*, That the funds made available under this heading shall be available for rural housing vouchers to any low-income household (including those not receiving rental assistance) residing in a property financed with a section 515 loan which has been prepaid or otherwise paid off after September 30, 2005: *Provided further*, That the amount of such voucher shall be the difference between comparable market rent for the section 515 unit and the tenant paid rent for such unit: *Provided further*, That funds made available for such vouchers shall be subject to the availability of annual appropriations: *Provided further*, That the Secretary shall, to the maximum extent practicable, administer such vouchers with current regulations and administrative guidance applicable to section 8 housing vouchers administered by the Secretary of the Department of Housing and Urban Development: *Provided further*, That in addition to any other available funds, the Secretary may expend not more than \$1,000,000 total, from the program funds made available under this heading, for administrative expenses for activities funded under this heading: *Provided further*, That any obligated or unobligated balances for the rural housing voucher program in the "Multi-Family Housing Revitalization Program Account" shall be transferred to and merged with this account and available for the rural housing voucher program.

MUTUAL AND SELF-HELP HOUSING GRANTS

TITLE VII

GENERAL PROVISIONS

(INCLUDING RESCISSIONS AND TRANSFERS OF FUNDS)

SEC. 701. The Secretary may use any appropriations made available to the Department of Agriculture in this Act to purchase new passenger motor vehicles, in addition to specific appropriations for this purpose, so long as the total number of vehicles purchased in fiscal year 2022 does not exceed the number of vehicles owned or leased in fiscal year 2018: *Provided*, That, prior to purchasing additional motor vehicles, the Secretary must determine that such vehicles are necessary for transportation safety, to reduce operational costs, and for the protection of life, property, and public safety: *Provided further*, That the Secretary may not increase the Department of Agriculture's fleet above the 2018 level unless the Secretary notifies in writing, and receives approval from, the Committees on Appropriations of both Houses of Congress within 30 days of the notification.

SEC. 702. Notwithstanding any other provision of this Act, the Secretary of Agriculture may transfer unobligated balances of discretionary funds appropriated by this Act or any other available unobligated discretionary balances that are remaining available of the Department of Agriculture to the Working Capital Fund for the acquisition of property, plant and equipment and for the improvement, delivery, and implementation of Department financial, and administrative information technology services, and other support systems necessary for the delivery of financial, administrative, and information technology services, including cloud adoption and migration, of primary benefit to the agencies of the Department of Agriculture, such transferred funds to remain available until expended: *Provided*, That none of the funds made available by this Act or any other Act shall be transferred to the Working Capital Fund without the prior approval of the agency administrator: *Provided further*, That none of the funds transferred to the Working Capital Fund pursuant to this section shall be available for obliga-

tion without written notification to and the prior approval of the Committees on Appropriations of both Houses of Congress: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to make any changes to the Department's National Finance Center without written notification to and prior approval of the Committees on Appropriations of both Houses of Congress as required by section 716 of this Act: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to initiate, plan, develop, implement, or make any changes to remove or relocate any systems, missions, personnel, or functions of the offices of the Chief Financial Officer and the Chief Information Officer, co-located with or from the National Finance Center prior to written notification to and prior approval of the Committee on Appropriations of both Houses of Congress and in accordance with the requirements of section 716 of this Act: *Provided further*, That the National Finance Center Information Technology Services Division personnel and data center management responsibilities, and control of any functions, missions, and systems for current and future human resources management and integrated personnel and payroll systems (PPS) and functions provided by the Chief Financial Officer and the Chief Information Officer shall remain in the National Finance Center and under the management responsibility and administrative control of the National Finance Center: *Provided further*, That the Secretary of Agriculture and the offices of the Chief Financial Officer shall actively market to existing and new Departments and other government agencies National Finance Center shared services including, but not limited to, payroll, financial management, and human capital shared services and allow the National Finance Center to perform technology upgrades: *Provided further*, That of annual income amounts in the Working Capital Fund of the Department of Agriculture attributable to the amounts in excess of the true costs of the shared services provided by the National Finance Center and budgeted for the National Finance Center, the Secretary shall reserve not more than 4 percent for the replacement or acquisition of capital equipment, including equipment for the improvement, delivery, and implementation of financial, administrative, and information technology services, and other systems of the National Finance Center or to pay any unforeseen, extraordinary cost of the National Finance Center: *Provided further*, That none of the amounts reserved shall be available for obligation unless the Secretary submits written notification of the obligation to the Committees on Appropriations of both Houses of Congress: *Provided further*, That the limitations on the obligation of funds pending notification to Congressional Committees shall not apply to any obligation that, as determined by the Secretary, is necessary to respond to a declared state of emergency that significantly impacts the operations of the National Finance Center; or to evacuate employees of the National Finance Center to a safe haven to continue operations of the National Finance Center.

SEC. 703. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 704. No funds appropriated by this Act may be used to pay negotiated indirect cost rates on cooperative agreements or similar arrangements between the United States Department of Agriculture and nonprofit institutions in excess of 10 percent of the total direct cost of the agreement when the purpose of such cooperative arrangements is to carry out programs of mutual interest between the two parties. This does not preclude appropriate payment of indirect costs on grants and contracts with such institutions when such indirect costs are computed on a similar basis for all agencies for which appropriations are provided in this Act.

SEC. 705. Appropriations to the Department of Agriculture for the cost of direct and guaranteed loans made available in the current fiscal year shall remain available until expended to disburse obligations made in the current fiscal year for the following accounts: the Rural Development Loan Fund program account, the Rural Electrification and Telecommunication Loans program account, and the Rural Housing Insurance Fund program account.

SEC. 706. None of the funds made available to the Department of Agriculture by this Act may be used to acquire new information technology systems or significant upgrades, as determined by the Office of the Chief Information Officer, without the approval of the Chief Information Officer and the concurrence of the Executive Information Technology Investment Review Board: *Provided*, That notwithstanding any other provision of law, none of the funds appropriated or otherwise made available by this Act may be transferred to the Office of the Chief Information Officer without written notification to and the prior approval of the Committees on Appropriations of both Houses of Congress: *Provided further*, That notwithstanding section 11319 of title 40, United States Code, none of the funds available to the Department of Agriculture for information technology shall be obligated for projects, contracts, or other agreements over \$25,000 prior to receipt of written approval by the Chief Information Officer: *Provided further*, That the Chief Information Officer may authorize an agency to obligate funds without written approval from the Chief Information Officer for projects, contracts, or other agreements up to \$250,000 based upon the performance of an agency measured against the performance plan requirements described in the explanatory statement accompanying Public Law 113–235.

SEC. 707. Funds made available under section 524(b) of the Federal Crop Insurance Act (7 U.S.C. 1524(b)) in the current fiscal year shall remain available until expended to disburse obligations made in the current fiscal year.

SEC. 708. Notwithstanding any other provision of law, any former Rural Utilities Service borrower that has repaid or prepaid an insured, direct or guaranteed loan under the Rural Electrification Act of 1936, or any not-for-profit utility that is eligible to receive an insured or direct loan under such Act, shall be eligible for assistance under section 313B(a) of such Act in the same manner as a borrower under such Act.

SEC. 709. (a) Except as otherwise specifically provided by law, not more than \$20,000,000 in unobligated balances from appropriations made available for salaries and expenses in this Act for the Farm Service Agency shall remain available through September 30, 2023, for information technology expenses.

(b) Except as otherwise specifically provided by law, not more than \$20,000,000 in unobligated balances from appropriations made available for salaries and expenses in this Act for the Rural Development mission area shall remain available through September 30, 2023, for information technology expenses.

SEC. 710. None of the funds appropriated or otherwise made available by this Act may be used for first-class travel by the employees of agencies funded by this Act in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 711. In the case of each program established or amended by the Agricultural Act of 2014 (Public Law 113–79) or by a successor to that Act, other than by title I or subtitle A of title III of such Act, or programs for which indefinite amounts were provided in that Act, that is authorized or required to be carried out using funds of the Commodity Credit Corporation—

(1) such funds shall be available for salaries and related administrative expenses, including technical assistance, associated with the implementation of the program, without regard to the limitation on the total amount of allotments and fund transfers contained in section 11 of the Commodity Credit Corporation Charter Act (15 U.S.C. 714i); and

(2) the use of such funds for such purpose shall not be considered to be a fund transfer or allotment for purposes of applying the limitation on the total amount of allotments and fund transfers contained in such section.

SEC. 712. Of the funds made available by this Act, not more than \$2,900,000 shall be used to cover necessary expenses of activities related to all advisory committees, panels, commissions, and task forces of the Department of Agriculture, except for panels used to comply with negotiated rule makings and panels used to evaluate competitively awarded grants.

SEC. 713. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 714. Notwithstanding subsection (b) of section 14222 of Public Law 110–246 (7 U.S.C. 612c–6; in this section referred to as “section 14222”), none of the funds appropriated or otherwise made available by this or any other Act shall be used to pay the salaries and expenses of personnel to carry out a program under section 32 of the Act of August 24, 1935 (7 U.S.C. 612c; in this section referred to as “section 32”) in excess of \$1,391,211,000 (exclusive of carryover appropriations from prior fiscal years), as follows: Child Nutrition Programs Entitlement Commodities—\$485,000,000; State

Option Contracts—\$5,000,000; Removal of Defective Commodities—\$2,500,000; Administration of section 32 Commodity Purchases—\$36,810,000: *Provided*, That, of the total funds made available in the matter preceding this proviso that remain unobligated on October 1, 2022, such unobligated balances shall carryover into fiscal year 2023 and shall remain available until expended for any of the purposes of section 32, except that any such carryover funds used in accordance with clause (3) of section 32 may not exceed \$350,000,000 and may not be obligated until the Secretary of Agriculture provides written notification of the expenditures to the Committees on Appropriations of both Houses of Congress at least two weeks in advance: *Provided further*, That, with the exception of any available carryover funds authorized in any prior appropriations Act to be used for the purposes of clause (3) of section 32, none of the funds appropriated or otherwise made available by this or any other Act shall be used to pay the salaries or expenses of any employee of the Department of Agriculture to carry out clause (3) of section 32.

SEC. 715. None of the funds appropriated by this or any other Act shall be used to pay the salaries and expenses of personnel who prepare or submit appropriations language as part of the President's budget submission to the Congress for programs under the jurisdiction of the Appropriations Subcommittees on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies that assumes revenues or reflects a reduction from the previous year due to user fees proposals that have not been enacted into law prior to the submission of the budget unless such budget submission identifies which additional spending reductions should occur in the event the user fees proposals are not enacted prior to the date of the convening of a committee of conference for the fiscal year 2023 appropriations Act.

SEC. 716. (a) None of the funds provided by this Act, or provided by previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming, transfer of funds, or reimbursements as authorized by the Economy Act, or in the case of the Department of Agriculture, through use of the authority provided by section 702(b) of the Department of Agriculture Organic Act of 1944 (7 U.S.C. 2257) or section 8 of Public Law 89–106 (7 U.S.C. 2263), that—

- (1) creates new programs;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted;
- (4) relocates an office or employees;
- (5) reorganizes offices, programs, or activities; or
- (6) contracts out or privatizes any functions or activities presently performed by Federal employees;

unless the Secretary of Agriculture, the Secretary of Health and Human Services, or the Chairman of the Commodity Futures Trading Commission (as the case may be) notifies in writing and re-

ceives approval from the Committees on Appropriations of both Houses of Congress at least 30 days in advance of the reprogramming of such funds or the use of such authority.

(b) None of the funds provided by this Act, or provided by previous Appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure for activities, programs, or projects through a reprogramming or use of the authorities referred to in subsection (a) involving funds in excess of \$500,000 or 10 percent, whichever is less, that—

(1) augments existing programs, projects, or activities;

(2) reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent as approved by Congress; or

(3) results from any general savings from a reduction in personnel which would result in a change in existing programs, activities, or projects as approved by Congress;

unless the Secretary of Agriculture, the Secretary of Health and Human Services, or the Chairman of the Commodity Futures Trading Commission (as the case may be) notifies in writing and receives approval from the Committees on Appropriations of both Houses of Congress at least 30 days in advance of the reprogramming or transfer of such funds or the use of such authority.

(c) The Secretary of Agriculture, the Secretary of Health and Human Services, or the Chairman of the Commodity Futures Trading Commission shall notify in writing and receive approval from the Committees on Appropriations of both Houses of Congress before implementing any program or activity not carried out during the previous fiscal year unless the program or activity is funded by this Act or specifically funded by any other Act.

(d) None of the funds provided by this Act, or provided by previous Appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in the current fiscal year, or provided from any accounts in the Treasury derived by the collection of fees available to the agencies funded by this Act, shall be available for—

(1) modifying major capital investments funding levels, including information technology systems, that involves increasing or decreasing funds in the current fiscal year for the individual investment in excess of \$500,000 or 10 percent of the total cost, whichever is less;

(2) realigning or reorganizing new, current, or vacant positions or agency activities or functions to establish a center, office, branch, or similar entity with five or more personnel; or

(3) carrying out activities or functions that were not described in the budget request;

unless the agencies funded by this Act notify, in writing, the Committees on Appropriations of both Houses of Congress at least 30 days in advance of using the funds for these purposes.

(e) As described in this section, no funds may be used for any activities unless the Secretary of Agriculture, the Secretary of Health and Human Services, or the Chairman of the Commodity Futures

Trading Commission receives from the Committee on Appropriations of both Houses of Congress written or electronic mail confirmation of receipt of the notification as required in this section.

SEC. 717. Notwithstanding section 310B(g)(5) of the Consolidated Farm and Rural Development Act (7 U.S.C. 1932(g)(5)), the Secretary may assess a one-time fee for any guaranteed business and industry loan in an amount that does not exceed 3 percent of the guaranteed principal portion of the loan.

SEC. 718. None of the funds appropriated or otherwise made available to the Department of Agriculture, the Food and Drug Administration, the Commodity Futures Trading Commission, or the Farm Credit Administration shall be used to transmit or otherwise make available reports, questions, or responses to questions that are a result of information requested for the appropriations hearing process to any non-Department of Agriculture, non-Department of Health and Human Services, non-Commodity Futures Trading Commission, or non-Farm Credit Administration employee.

SEC. 719. Unless otherwise authorized by existing law, none of the funds provided in this Act, may be used by an executive branch agency to produce any prepackaged news story intended for broadcast or distribution in the United States unless the story includes a clear notification within the text or audio of the prepackaged news story that the prepackaged news story was prepared or funded by that executive branch agency.

SEC. 720. No employee of the Department of Agriculture may be detailed or assigned from an agency or office funded by this Act or any other Act to any other agency or office of the Department for more than 60 days in a fiscal year unless the individual's employing agency or office is fully reimbursed by the receiving agency or office for the salary and expenses of the employee for the period of assignment.

SEC. 721. Not later than 30 days after the date of enactment of this Act, the Secretary of Agriculture, the Commissioner of the Food and Drug Administration, the Chairman of the Commodity Futures Trading Commission, and the Chairman of the Farm Credit Administration shall submit to the Committees on Appropriations of both Houses of Congress a detailed spending plan by program, project, and activity for all the funds made available under this Act including appropriated user fees, as defined in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

SEC. 722. Of the unobligated balances from amounts made available for the supplemental nutrition program as authorized by section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786), \$621,672,000 are hereby rescinded: *Provided*, That no amounts may be rescinded from amounts that were designated by the Congress as an emergency requirement pursuant to a Concurrent Resolution on the Budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 723. For the purposes of determining eligibility or level of program assistance for Rural Development programs the Secretary shall not include incarcerated prison populations.

SEC. 724. For loans and loan guarantees that do not require budget authority and the program level has been established in

this Act, the Secretary of Agriculture may increase the program level for such loans and loan guarantees by not more than 25 percent: *Provided*, That prior to the Secretary implementing such an increase, the Secretary notifies, in writing, the Committees on Appropriations of both Houses of Congress at least 15 days in advance.

SEC. 725. None of the credit card refunds or rebates transferred to the Working Capital Fund pursuant to section 729 of the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2002 (7 U.S.C. 2235a; Public Law 107-76) shall be available for obligation without written notification to, and the prior approval of, the Committees on Appropriations of both Houses of Congress: *Provided*, That the refunds or rebates so transferred shall be available for obligation only for the acquisition of property, plant and equipment, including equipment for the improvement, delivery, and implementation of Departmental financial management, information technology, and other support systems necessary for the delivery of financial, administrative, and information technology services, including cloud adoption and migration, of primary benefit to the agencies of the Department of Agriculture.

SEC. 726. None of the funds made available by this Act may be used to implement, administer, or enforce the “variety” requirements of the final rule entitled “Enhancing Retailer Standards in the Supplemental Nutrition Assistance Program (SNAP)” published by the Department of Agriculture in the Federal Register on December 15, 2016 (81 Fed. Reg. 90675) until the Secretary of Agriculture amends the definition of the term “variety” as defined in section 278.1(b)(1)(ii)(C) of title 7, Code of Federal Regulations, and “variety” as applied in the definition of the term “staple food” as defined in section 271.2 of title 7, Code of Federal Regulations, to increase the number of items that qualify as acceptable varieties in each staple food category so that the total number of such items in each staple food category exceeds the number of such items in each staple food category included in the final rule as published on December 15, 2016: *Provided*, That until the Secretary promulgates such regulatory amendments, the Secretary shall apply the requirements regarding acceptable varieties and breadth of stock to Supplemental Nutrition Assistance Program retailers that were in effect on the day before the date of the enactment of the Agricultural Act of 2014 (Public Law 113-79).

SEC. 727. In carrying out subsection (h) of section 502 of the Housing Act of 1949 (42 U.S.C. 1472), the Secretary of Agriculture shall have the same authority with respect to loans guaranteed under such section and eligible lenders for such loans as the Secretary has under subsections (h) and (j) of section 538 of such Act (42 U.S.C. 1490p-2) with respect to loans guaranteed under such section 538 and eligible lenders for such loans.

SEC. 728. None of the funds appropriated or otherwise made available by this Act shall be available for the United States Department of Agriculture to propose, finalize or implement any regulation that would promulgate new user fees pursuant to 31 U.S.C. 9701 after the date of the enactment of this Act.

SEC. 729. None of the funds made available by this or any other Act may be used to carry out the final rule promulgated by the Food and Drug Administration and put into effect November 16, 2015, in regards to the hazard analysis and risk-based preventive control requirements of the current good manufacturing practice, hazard analysis, and risk-based preventive controls for food for animals rule with respect to the regulation of the production, distribution, sale, or receipt of dried spent grain byproducts of the alcoholic beverage production process.

SEC. 730. The National Bio and Agro-Defense Facility shall be transferred this or any fiscal year hereafter without reimbursement from the Secretary of Homeland Security to the Secretary of Agriculture.

SEC. 731. (a) The Secretary of Agriculture shall—

(1) conduct audits in a manner that evaluates the following factors in the country or region being audited, as applicable—

- (A) veterinary control and oversight;
- (B) disease history and vaccination practices;
- (C) livestock demographics and traceability;
- (D) epidemiological separation from potential sources of infection;
- (E) surveillance practices;
- (F) diagnostic laboratory capabilities; and
- (G) emergency preparedness and response; and

(2) promptly make publicly available the final reports of any audits or reviews conducted pursuant to subsection (1).

(b) This section shall be applied in a manner consistent with United States obligations under its international trade agreements.

SEC. 732. None of the funds made available by this Act may be used to implement section 3.7(f) of the Farm Credit Act of 1971 in a manner inconsistent with section 343(a)(13) of the Consolidated Farm and Rural Development Act.

SEC. 733. None of the funds made available by this Act may be used to carry out any activities or incur any expense related to the issuance of licenses under section 3 of the Animal Welfare Act (7 U.S.C. 2133), or the renewal of such licenses, to class B dealers who sell Random Source dogs and cats for use in research, experiments, teaching, or testing.

SEC. 734. (a)(1) No Federal funds made available for this fiscal year for the rural water, waste water, waste disposal, and solid waste management programs authorized by sections 306, 306A, 306C, 306D, 306E, and 310B of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926 et seq.) shall be used for a project for the construction, alteration, maintenance, or repair of a public water or wastewater system unless all of the iron and steel products used in the project are produced in the United States.

(2) In this section, the term “iron and steel products” means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

(b) Subsection (a) shall not apply in any case or category of cases in which the Secretary of Agriculture (in this section referred to as the “Secretary”) or the designee of the Secretary finds that—

(1) applying subsection (a) would be inconsistent with the public interest;

(2) iron and steel products are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or

(3) inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.

(c) If the Secretary or the designee receives a request for a waiver under this section, the Secretary or the designee shall make available to the public on an informal basis a copy of the request and information available to the Secretary or the designee concerning the request, and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. The Secretary or the designee shall make the request and accompanying information available by electronic means, including on the official public Internet Web site of the Department.

(d) This section shall be applied in a manner consistent with United States obligations under international agreements.

(e) The Secretary may retain up to 0.25 percent of the funds appropriated in this Act for “Rural Utilities Service—Rural Water and Waste Disposal Program Account” for carrying out the provisions described in subsection (a)(1) for management and oversight of the requirements of this section.

(f) Subsection (a) shall not apply with respect to a project for which the engineering plans and specifications include use of iron and steel products otherwise prohibited by such subsection if the plans and specifications have received required approvals from State agencies prior to the date of enactment of this Act.

(g) For purposes of this section, the terms “United States” and “State” shall include each of the several States, the District of Columbia, and each Federally recognized Indian Tribe.

SEC. 735. None of the funds appropriated by this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

SEC. 736. Of the total amounts made available by this Act for direct loans and grants under the following headings: “Rural Housing Service—Rural Housing Insurance Fund Program Account”; “Rural Housing Service—Mutual and Self-Help Housing Grants”; “Rural Housing Service—Rural Housing Assistance Grants”; “Rural Housing Service—Rural Community Facilities Program Account”; “Rural Business-Cooperative Service—Rural Business Program Account”; “Rural Business-Cooperative Service—Rural Economic Development Loans Program Account”; “Rural Business-Cooperative Service—Rural Cooperative Development Grants”; “Rural Business-Cooperative Service—Rural Microentrepreneur Assistance Program”; “Rural Utilities Service—Rural Water and Waste Disposal Program Account”; “Rural Utilities Service—Rural Electrification and Telecommunications Loans Program Account”; and “Rural Utilities Service—Distance Learning, Telemedicine, and Broadband Program”, to the maximum extent feasible, at least 10 percent of the funds shall be allocated for assistance in persistent poverty coun-

ties under this section, including, notwithstanding any other provision regarding population limits, any county seat of such a persistent poverty county that has a population that does not exceed the authorized population limit by more than 10 percent: *Provided*, That for purposes of this section, the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1990 and 2000 decennial censuses, and 2007–2011 American Community Survey 5-year average, or any territory or possession of the United States: *Provided further*, That with respect to specific activities for which program levels have been made available by this Act that are not supported by budget authority, the requirements of this section shall be applied to such program level.

SEC. 737. None of the funds made available by this Act may be used to notify a sponsor or otherwise acknowledge receipt of a submission for an exemption for investigational use of a drug or biological product under section 505(i) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(i)) or section 351(a)(3) of the Public Health Service Act (42 U.S.C. 262(a)(3)) in research in which a human embryo is intentionally created or modified to include a heritable genetic modification. Any such submission shall be deemed to have not been received by the Secretary, and the exemption may not go into effect.

SEC. 738. None of the funds made available by this or any other Act may be used to enforce the final rule promulgated by the Food and Drug Administration entitled “Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption,” and published on November 27, 2015, with respect to the regulation of entities that grow, harvest, pack, or hold wine grapes, hops, pulse crops, or almonds.

SEC. 739. There is hereby appropriated \$5,000,000, to remain available until September 30, 2023, for a pilot program for the National Institute of Food and Agriculture to provide grants to non-profit organizations for programs and services to establish and enhance farming and ranching opportunities for military veterans.

SEC. 740. For school years 2021–2022 and 2022–2023, none of the funds made available by this Act may be used to implement or enforce the matter following the first comma in the second sentence of footnote (c) of section 220.8(c) of title 7, Code of Federal Regulations, with respect to the substitution of vegetables for fruits under the school breakfast program established under section 4 of the Child Nutrition Act of 1966 (42 U.S.C. 1773).

SEC. 741. None of the funds made available by this Act or any other Act may be used—

(1) in contravention of section 7606 of the Agricultural Act of 2014 (7 U.S.C. 5940), subtitle G of the Agricultural Marketing Act of 1946, or section 10114 of the Agriculture Improvement Act of 2018; or

(2) to prohibit the transportation, processing, sale, or use of hemp, or seeds of such plant, that is grown or cultivated in accordance with section 7606 of the Agricultural Act of 2014 or Subtitle G of the Agricultural Marketing Act of 1946, within or outside the State in which the hemp is grown or cultivated.

SEC. 742. There is hereby appropriated \$3,000,000, to remain available until expended, for grants under section 12502 of Public Law 115–334.

SEC. 743. There is hereby appropriated \$1,000,000 to carry out section 3307 of Public Law 115–334.

SEC. 744. The Secretary of Agriculture may waive the matching funds requirement under section 412(g) of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7632(g)).

SEC. 745. There is hereby appropriated \$2,000,000, to remain available until expended, for a pilot program for the Secretary to provide grants to qualified non-profit organizations and public housing authorities to provide technical assistance, including financial and legal services, to RHS multi-family housing borrowers to facilitate the acquisition of RHS multi-family housing properties in areas where the Secretary determines a risk of loss of affordable housing, by non-profit housing organizations and public housing authorities as authorized by law that commit to keep such properties in the RHS multi-family housing program for a period of time as determined by the Secretary.

SEC. 746. There is hereby appropriated \$3,000,000, to carry out section 4208 of Public Law 115–334, including for project locations in additional regions and timely completion of required reporting to Congress.

SEC. 747. There is hereby appropriated \$4,000,000 to carry out section 12301 of Public Law 115–334.

SEC. 748. In response to an eligible community where the drinking water supplies are inadequate due to a natural disaster, as determined by the Secretary, including drought or severe weather, the Secretary may provide potable water through the Emergency Community Water Assistance Grant Program for an additional period of time not to exceed 120 days beyond the established period provided under the Program in order to protect public health.

SEC. 749. Funds made available under title II of the Food for Peace Act (7 U.S.C. 1721 et seq.) may only be used to provide assistance to recipient nations if adequate monitoring and controls, as determined by the Administrator, are in place to ensure that emergency food aid is received by the intended beneficiaries in areas affected by food shortages and not diverted for unauthorized or inappropriate purposes.

SEC. 750. In this fiscal year, and notwithstanding any other provision of law, ARS facilities as described in the “Memorandum of Understanding Between the U.S. Department of Agriculture Animal and Plant Health Inspection Service (APHIS) and the U.S. Department of Agriculture Agricultural Research Service (ARS) Concerning Laboratory Animal Welfare” (16–6100–0103–MU Revision 16–1) shall be inspected by APHIS for compliance with the Animal Welfare Act and its regulations and standards.

SEC. 751. None of the funds made available by this Act may be used to procure raw or processed poultry products imported into the United States from the People’s Republic of China for use in the school lunch program under the Richard B. Russell National School Lunch Act (42 U.S.C. 1751 et seq.), the Child and Adult Care Food Program under section 17 of such Act (42 U.S.C. 1766),

the Summer Food Service Program for Children under section 13 of such Act (42 U.S.C. 1761), or the school breakfast program under the Child Nutrition Act of 1966 (42 U.S.C. 1771 et seq.).

SEC. 752. For school year 2022–2023, only a school food authority that had a negative balance in the nonprofit school food service account as of December 31, 2021, shall be required to establish a price for paid lunches in accordance with section 12(p) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1760(p)).

SEC. 753. There is hereby appropriated \$2,000,000, to remain available until expended, for the Secretary of Agriculture to carry out a pilot program that assists rural hospitals to improve long-term operations and financial health by providing technical assistance through analysis of current hospital management practices.

SEC. 754. Any funds made available by this or any other Act that the Secretary withholds pursuant to section 1668(g)(2) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5921(g)(2)), as amended, shall be available for grants for biotechnology risk assessment research: *Provided*, That the Secretary may transfer such funds among appropriations of the Department of Agriculture for purposes of making such grants.

SEC. 755. Section 313(b) of the Rural Electrification Act of 1936, as amended (7 U.S.C. 940c(b)), shall be applied for fiscal year 2022 and each fiscal year thereafter until the specified funding has been expended as if the following were inserted after the final period in subsection (b)(2): “In addition, the Secretary shall use \$425,000,000 of funds available in this subaccount in fiscal year 2019 for an additional amount for the same purpose and under the same terms and conditions as funds appropriated by section 779 of Public Law 115–141, shall use \$255,000,000 of funds available in this subaccount in fiscal year 2020 for an additional amount for the same purpose and under the same terms and conditions as funds appropriated by section 779 of Public Law 115–141, shall use \$104,000,000 of funds available in this subaccount in fiscal year 2021 for an additional amount for the same purpose and under the same terms and conditions as funds appropriated by section 779 of Public Law 115–141, and shall use \$50,000,000 of funds available in this subaccount in fiscal year 2022 for an additional amount for the same purpose and under the same terms and conditions as funds appropriated by section 779 of Public Law 115–141.”: *Provided*, That any use of such funds shall be treated as a reprogramming of funds under section 716 of this Act: *Provided further*, That section 775(b) of division A of Public Law 116–260 shall no longer apply.

SEC. 756. There is hereby appropriated \$400,000 to carry out section 1672(g)(4)(B) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5925(g)(4)(B)) as amended by section 7209 of Public Law 115–334.

SEC. 757. For an additional amount for “National Institute of Food and Agriculture—Research and Education Activities”, \$1,000,000, to develop a public-private cooperative framework based on open data standards for neutral data repository solutions to preserve and share the big data generated by technological advancements in the agriculture industry and for the preservation and curation of data in collaboration with land-grant universities.

SEC. 758. Notwithstanding any other provision of law, no funds available to the Department of Agriculture may be used to move any staff office or any agency from the mission area in which it was located on August 1, 2018, to any other mission area or office within the Department in the absence of the enactment of specific legislation affirming such move.

SEC. 759. The Secretary, acting through the Chief of the Natural Resources Conservation Service, may use funds appropriated under this Act or any other Act for the Watershed and Flood Prevention Operations Program and the Watershed Rehabilitation Program carried out pursuant to the Watershed Protection and Flood Prevention Act (16 U.S.C. 1001 et seq.), and for the Emergency Watershed Protection Program carried out pursuant to section 403 of the Agricultural Credit Act of 1978 (16 U.S.C. 2203) to provide technical services for such programs pursuant to section 1252(a)(1) of the Food Security Act of 1985 (16 U.S.C. 3851(a)(1)), notwithstanding subsection (c) of such section.

SEC. 760. In administering the pilot program established by section 779 of division A of the Consolidated Appropriations Act, 2018 (Public Law 115–141), the Secretary of Agriculture may, for purposes of determining entities eligible to receive assistance, consider those communities which are “Areas Rural in Character”: *Provided*, That not more than 10 percent of the funds made available under the heading “Distance Learning, Telemedicine, and Broadband Program” for the purposes of the pilot program established by section 779 of Public Law 115–141 may be used for this purpose.

SEC. 761. There is hereby appropriated \$24,525,000 for the Good-fellow Federal facility, to remain available until expended, of which \$12,000,000 shall be transferred to and merged with the appropriation for “Office of the Chief Information Officer”, and of which \$12,525,000 shall be transferred to and merged with the appropriation for “Food Safety and Inspection Service”.

SEC. 762. None of the funds made available by this Act may be used to pay the salaries or expenses of personnel—

(1) to inspect horses under section 3 of the Federal Meat Inspection Act (21 U.S.C. 603);

(2) to inspect horses under section 903 of the Federal Agriculture Improvement and Reform Act of 1996 (7 U.S.C. 1901 note; Public Law 104–127); or

(3) to implement or enforce section 352.19 of title 9, Code of Federal Regulations (or a successor regulation).

SEC. 763. For an additional amount for “National Institute of Food and Agriculture—Research and Education Activities”, \$300,000, for the Under Secretary for Research, Education, and Economics to convene a blue-ribbon panel for the purpose of evaluating the overall structure of research and education through the public and land-grant universities, including 1890 Institutions, to define a new architecture that can better integrate, coordinate, and assess economic impact of the collective work of these institutions.

SEC. 764. For an additional amount for “National Institute of Food and Agriculture—Research and Education Activities”, \$5,000,000, to remain available until September 30, 2023, for a competitive grant to an institution in the land-grant university sys-

tem to establish a Farm of the Future testbed and demonstration site.

SEC. 765. Section 788(b) of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94) is amended to read as follows:

“(b) hereafter, make publicly available via searchable database, in their entirety without redactions except signatures, the following records:

“(1) all final Animal Welfare Act inspection reports, including all reports documenting all Animal Welfare Act violations and non-compliances observed by USDA officials and all animal inventories for the current year and the preceding three years;

“(2) all final Animal Welfare Act and Horse Protection Act enforcement records for the current year and the preceding three years;

“(3) all reports or other materials documenting any violations and non-compliances observed by USDA officials for the current year and the preceding three years; and

“(4) within six months of receipt by the agency, all final Animal Welfare Act research facility annual reports, including their attachments with appropriate redactions made for confidential business information that USDA could withhold under FOIA Exemption 4.”.

SEC. 766. None of the funds made available by this Act may be used to propose, promulgate, or implement any rule, or take any other action with respect to, allowing or requiring information intended for a prescribing health care professional, in the case of a drug or biological product subject to section 503(b)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(b)(1)), to be distributed to such professional electronically (in lieu of in paper form) unless and until a Federal law is enacted to allow or require such distribution.

SEC. 767. There is hereby appropriated \$5,000,000, to remain available until expended, to establish a National Farm to School Institute to provide technical and practical assistance to Farm to School programs across the country and shall be located at Shelburne Farms in Shelburne, VT.

SEC. 768. Out of amounts appropriated to the Food and Drug Administration under title VI, the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall, not later than September 30, 2022, and following the review required under Executive Order No. 12866 (5 U.S.C. 601 note; relating to regulatory planning and review), issue advice revising the advice provided in the notice of availability entitled “Advice About Eating Fish, From the Environmental Protection Agency and Food and Drug Administration; Revised Fish Advice; Availability” (82 Fed. Reg. 6571 (January 19, 2017)), in a manner that is consistent with nutrition science recognized by the Food and Drug Administration on the net effects of seafood consumption.

SEC. 769. In addition to amounts otherwise made available by this Act and notwithstanding the last sentence of 16 U.S.C. 1310, there is appropriated \$4,000,000, to remain available until expended, to implement non-renewable agreements on eligible lands,

including flooded agricultural lands, as determined by the Secretary, under the Water Bank Act (16 U.S.C. 1301–1311).

SEC. 770. The Secretary shall set aside for Rural Economic Area Partnership (REAP) Zones, until August 15, 2022, an amount of funds made available in title III under the headings of Rural Housing Insurance Fund Program Account, Mutual and Self-Help Housing Grants, Rural Housing Assistance Grants, Rural Community Facilities Program Account, Rural Business Program Account, Rural Development Loan Fund Program Account, and Rural Water and Waste Disposal Program Account, equal to the amount obligated in REAP Zones with respect to funds provided under such headings in the most recent fiscal year any such funds were obligated under such headings for REAP Zones.

SEC. 787. The Secretary shall use funds made available under the heading “Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)” to increase the amount of a cash-value voucher for women and children participants to an amount recommended by the National Academies of Science, Engineering and Medicine and adjusted for inflation.

This division may be cited as the “Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2022”.

[CLERK’S NOTE.—Reproduced below is the material relating to division A contained in the Explanatory Statement regarding H.R. 2471, the Consolidated Appropriations Act, 2022.¹]

**DIVISION A—AGRICULTURE, RURAL DEVELOPMENT,
FOOD AND DRUG ADMINISTRATION, AND RELATED
AGENCIES APPROPRIATIONS ACT, 2022**

CONGRESSIONAL DIRECTIVES

The explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–82 and Senate Report 117–34 carries the same weight as language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

In cases in which the House or the Senate or this explanatory statement has directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations no later than 60 days after enactment of this Act, unless otherwise directed.

Hereafter, in division A of this statement, the term ‘the Committees’ refers to the Committees on Appropriations of the House of Representatives and the Senate.

For the appropriations provided by this Act and previous Acts, the departments and agencies funded by this agreement are reminded that the Committees use the definitions for transfer, reprogramming, and program, project, and activity as defined by the Government Accountability Office (GAO) in GAO–04–261SP Appropriations Law—Vol. I and GAO–05–734SP Budget Glossary.

A transfer is the shifting of funds between appropriations. It applies to (1) transfers from one agency to another, (2) transfers from one account to another within the same agency, and (3) transfers to an interagency or intra-agency working fund. In each instance, statutory authority is required.

Reprogramming is the utilization of funds in an appropriation account for purposes other than those contemplated at the time of appropriation. It is the shifting of funds from one object to another within an appropriation.

A program, project, or activity (PPA) is an element within a budget account. PPAs are identified by reference to include the most specific level of budget items identified in the Agriculture,

¹This Explanatory Statement was submitted for printing in the Congressional Record on March 9, 2022 by Ms. DeLauro of Connecticut, Chair of the House Committee on Appropriations. The Statement appears on page H1709 of Book III.

Rural Development, Food and Drug Administration, and Related Agencies Act, 2022, accompanying Committee reports, explanatory statements, and budget justifications. Program activity structures are intended to provide a meaningful representation of the operations financed by a specific budget account by project, activity, or organization.

The agreement directs the Office of Budget and Program Analysis (OBPA) of the U.S. Department of Agriculture (USDA) to provide an organizational chart for each agency funded by this Act to the division and subdivision level, as appropriate, within 60 days of enactment of this Act. The agreement also directs the Food and Drug Administration (FDA), the Commodity Futures Trading Commission (CFTC), and the Farm Credit Administration (FCA) to provide an organizational chart of each agency, respectively, to the division and subdivision level, as appropriate, within 60 days of enactment of this Act.

Further, USDA, FDA and CFTC should be mindful of Congressional authority to determine and set final funding levels for fiscal year 2023. Therefore, the agencies should not presuppose program funding outcomes and prematurely initiate action to redirect staffing prior to knowing final outcomes on fiscal year 2023 program funding. The agreement directs OBPA to provide the Committees with the number of staff years and employees on board for each agency funded by this Act on a monthly basis.

This agreement provides funding for Community Project Funding/Congressionally Directed Spending. The bill includes language in each account with such spending that the funding “shall be for the purposes, and in the amounts, specified for [the relevant account] in the table titled ‘Community Project Funding/Congressionally Directed Spending’ in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), in accordance with applicable statutory and regulatory requirements.”

The agreement fully funds the request of the Department of Agriculture for the costs of the fiscal year 2022 pay increase and its increased contributions to the Federal Employees Retirement System for the USDA agencies funded in this bill.

The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult

with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

TITLE I

AGRICULTURAL PROGRAMS

PROCESSING, RESEARCH, AND MARKETING

OFFICE OF THE SECRETARY

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$54,710, 000 for the Office of the Secretary. This includes an increase of \$1,000,000 for the Office of Partnership and Public Engagement (OPPE) for grants under the 2501 program. OPPE is directed to use not more than five percent of this sum for administrative costs.

Following the destruction of grain storage facilities during the December 2021 tornado in Western Kentucky, there is a need for temporary grain storage facilities to provide storage capacity for the 2022 harvest season. The agreement directs the Secretary to identify possible funding sources for temporary ground storage facilities that can be built at public and private inland waterway ports. The agreement further directs the Secretary to submit a report to the Committees not later than 30 days after enactment of this Act on the potential funding options.

EXECUTIVE OPERATIONS

OFFICE OF THE CHIEF ECONOMIST

The agreement provides \$27,199,000 for the Office of the Chief Economist.

The agreement provides \$8,000,000 for policy research under 7 U.S.C. 3155 for entities with existing institutional capacity to conduct complex economic and policy analysis and which have a lengthy and well-documented record of conducting policy analysis for the benefit of USDA, the Congressional Budget Office, or the Congress. Of the amount provided for policy research activities, \$3,000,000 is provided for the Department to focus efforts on enti-

ties that have developed models, databases, and staff necessary to conduct in-depth analyses of impacts of agriculture or rural development policy proposals on rural communities, farmers, agribusiness, taxpayers, and consumers. The Department is encouraged to fund regional and State-level baseline projections in addition to currently available national and international outlooks. The agreement also continues to provide funding for the National Drought Mitigation Center.

OFFICE OF HEARINGS AND APPEALS

The agreement provides \$16,173,000 for the Office of Hearings and Appeals.

OFFICE OF BUDGET AND PROGRAM ANALYSIS

The agreement provides \$11,337,000 for the Office of Budget and Program Analysis.

OFFICE OF THE CHIEF INFORMATION OFFICER

The agreement provides \$84,746,000 for the Office of the Chief Information Officer, of which not less than \$69,672,000 is for cybersecurity requirements of the Department.

OFFICE OF THE CHIEF FINANCIAL OFFICER

The agreement provides \$7,118,000 for the Office of the Chief Financial Officer.

OFFICE OF THE ASSISTANT SECRETARY FOR CIVIL RIGHTS

The agreement provides \$1,426,000 for the Office of the Assistant Secretary for Civil Rights.

OFFICE OF CIVIL RIGHTS

The agreement provides \$35,328,000 for the Office of Civil Rights. This includes an increase of \$6,000,000 for addressing program deficiencies identified by the Office of Inspector General.

AGRICULTURE BUILDINGS AND FACILITIES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$108,397,000 for Agriculture Buildings and Facilities. The agreement urges the Department to provide updates on the One Neighborhood Initiative and future space needs following the COVID-19 pandemic as soon as possible.

HAZARDOUS MATERIALS MANAGEMENT

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$7,540,000 for Hazardous Materials Management.

OFFICE OF SAFETY, SECURITY, AND PROTECTION

The agreement provides \$23,306,000 for the Office of Safety, Security, and Protection. The agreement does not provide funding for

activities that are currently funded through other resources such as the Working Capital Fund or that have historically been funded through other means.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$106,309,000 for the Office of Inspector General.

OFFICE OF THE GENERAL COUNSEL

The agreement provides \$57,268,000 for the Office of the General Counsel.

OFFICE OF ETHICS

The agreement provides \$4,277,000 for the Office of Ethics.

OFFICE OF THE UNDER SECRETARY FOR RESEARCH, EDUCATION, AND ECONOMICS

The agreement provides \$3,327,000 for the Office of the Under Secretary for Research, Education, and Economics. The agreement includes \$1,000,000 to further build out the planning and management structure of AGARDA and hire staff. In addition, the agreement includes \$1,000,000 for the Secretary to enter into an agreement with the National Academies of Sciences, Engineering, and Medicine as described in House Report 117–82.

Farmers throughout the country continue to face significant adverse impacts associated with the phase-out of methyl bromide. To address the need for soil fumigant alternatives, especially for growers of carrots, strawberries, and tree nuts, the agreement continues funding for NIFA and provides an increase of \$1,000,000 for ARS to prioritize broad spectrum research for pre-plant and pre-harvest, commercial-scale methyl bromide, metal sodium, and 1,3-dichloropropene alternatives.

ECONOMIC RESEARCH SERVICE

The agreement provides \$87,794,000 for the Economic Research Service (ERS). The agreement includes \$1,000,000 for expanding data modeling capabilities and \$200,000 for life cycle analysis for various biobased products.

The agreement recognizes that a lack of job opportunities in some rural areas is causing more workers to commute greater distances to urban areas from rural areas, but this increased commuting does not represent an increase in access to services for rural residents. Therefore, the agreement encourages ERS to continue to coordinate its research work with the Federal Office of Rural Health Policy to identify clear, consistent, and data-driven methods for accurately defining rural areas in the United States.

NATIONAL AGRICULTURAL STATISTICS SERVICE

The agreement provides \$190,162,000 for the National Agricultural Statistics Service (NASS), of which \$46,850,000 is for the Census of Agriculture. The agreement includes an increase of

\$2,000,000 to expand the existing geospatial program and \$1,500,000 to resume the Cost of Pollination survey.

The agreement expects NASS to continue its ongoing activities at the frequency levels assumed in fiscal year 2021, including Acreage, Crop Production and Grain Stocks; Barley acreage and production estimates; the Bee and Honey Program; the Chemical Use Data Series, including the collection of Fruit Chemical Use data and Vegetable Chemical Use data in alternating years; the feed costs components surveys; the Floriculture Crops Report; and Fruit and Vegetable Reports, including in-season forecasts for non-citrus fruit and tree nut crops such as pecans.

The agreement directs NASS to continue to work with stakeholders to better understand how to capture supplemental information for certain crops to help offset data losses from the discontinuation of agricultural statistics district level estimates.

AGRICULTURAL RESEARCH SERVICE

SALARIES AND EXPENSES

The agreement provides \$1,633,496,000 for the Agricultural Research Service (ARS), Salaries and Expenses.

The agreement expects extramural and intramural research to be funded at no less than the fiscal year 2021 levels. The agreement provides funding increases for Activated Foods; AgTech Cooperative Agreements; Alternative Protein Research; Ancient Crops; Animal Health and Agro/Bio Defense Program; Appalachian Natural Products Research; Applied Epidemiological Research; BARD; Barley Pest Initiative; Bee Genomic Sequencing; Bovine Pleuropneumonia; Chronic Wasting Disease; Climate Hubs; Coffee Germplasm; Coffee Leaf Rust; Cotton Blue Disease; Cotton Seed Bug; Cover Crops and Cereal Grain Variety; Cover Crops Research and Outreach; Cranberry Research; Crop Production Systems; Dairy Forage Research; East Coast Shellfish Breeding; Fertilizer Innovation Research; Genetic Oat Research; Genetic Resistance; Grape Genetics; Healthy Soils Initiative; Hemp Genomics; Herbicide Resistance Research; High Performance Computing; Histomonas Research; Human Nutrition; Improving Poultry Agricultural Fields; Integrated Plant and Animal Production Systems; Little Cherry Disease; Livestock Genetic Research; Methyl Bromide; Missouri River Basin; Mycotoxin Food Safety; National Bio and Agro Defense Facility; Peanut Research; Pecan Genetic Research; Pecan Processing Research; Pollinator Recovery, Education, and Research; Poultry Research; Precision Aquaculture; Pulse Crop Quality; Pulse Health Initiative; Rangeland Research; Reduce Mixed Infections in Warm Water Aquaculture; Regenerative and Precision Agriculture for Orchards; Repair and Maintenance; Small Fruits Research; Sorghum Genetic Database; Strawberry Production Research; Sugar Beet Research; Sugarcane Variety; Sustainable Aquaculture; Sustainable and Advanced Technology Systems for Poultry Processing; Tropical Grazing Land Pest Management; Whitefly; and Wildfire Smoke Taint.

The highly perishable and labor-intensive nature of strawberry production makes it an ideal test bed for innovative automation technologies. The agreement provides \$500,000 to utilize innovative

automation technologies to enhance strawberry production using vertical farming.

BUILDINGS AND FACILITIES

The agreement provides \$127,805,000 for ARS Buildings and Facilities.

NATIONAL INSTITUTE OF FOOD AND AGRICULTURE

RESEARCH AND EDUCATION ACTIVITIES

The agreement provides \$1,046,244,000 for the National Institute of Food and Agriculture (NIFA), Research and Education Activities.

With the innovations and advancements in organic and grass-fed dairy research, the agreement encourages NIFA to consider research projects that lead to innovation in infant nutritional organic and grass-fed dairy products.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,110,218,000 for the Animal and Plant Health Inspection Service (APHIS), Salaries and Expenses.

The agreement provides a net increase of \$46,039,000 for high priority initiatives in order to protect the plant and animal resources of the Nation from pests and diseases. Within the increase total, the agreement includes the following: \$3,000,000 for the Equine, Cervid, and Small Ruminant Health program to help address chronic wasting disease; \$2,000,000 for Cattle Health to combat the cattle fever tick; \$4,000,000 for Veterinary Diagnostics to continue the transition and carry out programs at the National Bio and Agro-defense Facility; \$500,000 for Zoonotic Disease Management to combat antimicrobial resistance; \$1,000,000 for the Cotton Pests program to continue eradication efforts against the cotton boll weevil; \$2,500,000 for Specialty Crop Pests for the control and eventual eradication of the spotted lanternfly (\$1,000,000), European cherry fruit fly (\$1,000,000), and apple snails [Pomaceae maculate] (\$500,000); \$3,170,000 for Wildlife Damage Management to reduce blackbird depredation in the Northern Great Plains (\$250,000), to assist producers in combatting the persistent threat and economic hardship caused by cormorants, pelicans, and other birds (\$500,000), to develop best management practices for body gripping traps where current use increases the risk of non-target capture (\$300,000), to continue feral swine eradication efforts (\$1,000,000), and to hire personnel to implement non-lethal livestock-predator conflict deterrence techniques (\$1,120,000); \$2,000,000 for Wildlife Services Methods Development for chronic wasting disease work at the National Wildlife Research Center; \$250,000 to Emergency Preparedness and Response for the AgDiscovery Program; \$2,000,000 for the Safe Trade and International Technical Assistance program to support the implementation of the Lacey Act (\$1,000,000) and to strengthen APHIS' oversight of imported dogs (\$1,000,000); \$1,000,000 for the Horse Protection Program. In addition, the agreement includes \$8,500,000 in

this account for Huanglongbing Multi-Agency Coordination (HLB-MAC) projects and maintains the Emergency Support Function #11 (ESF #11) within APHIS.

The agreement provides no less than \$14,000,000 for cervid health activities, of which \$10,000,000 shall be for APHIS to allocate funds directly to State departments of wildlife, State departments of agriculture, and Native American Tribes to further develop and implement chronic wasting disease (CWD) surveillance, testing, management, and response activities. In allocating these funds, APHIS shall give priority to States that have experienced a recent incident of CWD, have a CWD monitoring and surveillance program, and have a diagnostic laboratory system certified for CWD testing. Within the remaining \$4,000,000 provided, APHIS should give consideration to indemnity payments if warranted. In addition, the agreement provides an increase of \$2,000,000 for Wildlife Services Methods Development for CWD work at the National Wildlife Research Center, and directs APHIS to continue working with University collaborators to provide research support to the overall effort to detect, combat, and control CWD.

The Committees are pleased that APHIS has confirmed that it has stopped the use of teachable moments and directs it to continue to do so and to ensure that all inspectors' findings are documented in inspection reports.

However, the Committees are concerned about the ongoing mismanagement of APHIS's Animal Care program. News reports have repeatedly documented long and inexplicable delays by APHIS in acting against blatant violations of the Animal Welfare Act that resulted in the illness and death of many animals under APHIS's jurisdiction.

The Committees intend to monitor APHIS's compliance with the directives adopted in this statement and in the House and Senate reports, as well as its fulfillment of its statutory and regulatory responsibilities with respect to animals.

OFFICE OF THE UNDER SECRETARY FOR FOOD SAFETY

The agreement provides \$1,077,000 for the Office of the Under Secretary for Food Safety.

FOOD SAFETY AND INSPECTION SERVICE

The agreement provides \$1,108,664,000 for the Food Safety and Inspection Service.

This amount includes an increase of \$5,000,000 for information technology modernization; \$2,800,000 to address the persistently high levels of public health veterinarian vacancies; and \$5,000,000 to continue the reduced user fees for small and very small establishments as established by the American Rescue Plan Act of 2021. The Act also includes \$1,000,000 for the inspection of wild caught invasive species in the order siluriformes and family Ictaluridae,

including blue catfish in the Chesapeake Bay. In addition, \$12,525,000 is provided in Title VII of the Act for costs associated with the Goodfellow move.

TITLE II

FARM PRODUCTION AND CONSERVATION PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR FARM PRODUCTION AND CONSERVATION

The agreement provides \$1,687,000 for the Office of the Under Secretary for Farm Production and Conservation.

The agreement notes that the Extending Government Funding and Delivering Emergency Assistance Act (Public Law 117–42) provided \$10,000,000,000 for disaster assistance to aid producers who suffered losses due to droughts, hurricanes, wildfires, floods and other qualifying disasters in calendar years 2020 and 2021. The funding included \$750,000,000 for livestock producers for losses incurred during 2021 due to drought or wildfire. The agreement remains concerned about the impacts of these natural disasters and directs the Department to expeditiously distribute the assistance to help our producers and ranchers recover and maintain their operations.

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,173,070,000 for Farm Service Agency (FSA), Salaries and Expenses, and includes funding for partnerships and cooperative agreements to conduct better outreach and program access, and for temporary staff. The agreement expects FSA to fund the Urban Agriculture Initiative.

The agreement remains concerned by the foreign purchase of American agricultural land and the potential detrimental impacts

such ownership could have. The agreement also recognizes the threats to food security and rural economies posed by higher rates of agricultural land purchased by non-farming entities, including private equity firms and foreign-owned corporations, due to an aging farmer population and decreasing number of individuals entering into farming and ranching. Within 180 days of enactment of this Act, the agreement directs USDA to submit a report regarding data on foreign-owned agricultural land trends including land owned, or partially owned, by the governments of China, Russia, Iran, or North Korea over the past decade and projections for the next decade based off of previous trends, and the potential impacts on the American agricultural sector, food security, and rural economies. In addition, USDA is directed to submit to the Committees on Appropriations and Committees on Agriculture in the House and Senate the annual report completed in December on “Foreign Holdings of U.S. Agricultural Lands.”

The following table reflects the agreement:

(Dollars in thousands)

Salaries and expenses	\$1,173,070
Transfer from ACIF	294,114

GRASSROOTS SOURCE WATER PROTECTION PROGRAM

The agreement provides \$6,500,000 for the Grassroots Source Water Protection Program.

DAIRY INDEMNITY PROGRAM

(INCLUDING TRANSFER OF FUNDS)

The agreement provides such sums as may be necessary for the Dairy Indemnity Program.

The agreement is aware that some dairy farms are unable to sell their milk as a result of contamination from a family of synthetic chemicals, collectively known as “PFAS” chemicals. The agreement notes USDA updated the Dairy Indemnity Payment Program (DIPP) to provide additional options to dairy producers impacted by PFAS contamination, and looks forward to continuing to work with USDA, other state and Federal partners, and producers to mitigate the impacts of PFAS.

GEOGRAPHICALLY DISADVANTAGED FARMERS AND RANCHERS

The agreement provides \$3,000,000 for the Reimbursement Transportation Cost Payment Program for Geographically Disadvantaged Farmers and Ranchers.

DISTANCE LEARNING, TELEMEDICINE, AND BROADBAND PROGRAM

The agreement provides \$536,387,000 for the Distance Learning, Telemedicine, and Broadband Program. The Act provides \$3,000,000 to address critical healthcare needs, as authorized by section 379G of the Consolidated Farm and Rural Development Act. The agreement also provides \$2,272,000 for the broadband deployment programs authorized in the Agriculture Improvement Act of 2018. Within that amount, \$500,000 is provided for the Middle Mile program. The agreement directs the Department to provide the Committees with the subsidy rate and the regulatory process required for this new program within 60 days of enactment of this Act.

The agreement provides \$486,605,000 for the ReConnect pilot, which was established in the Consolidated Appropriations Act, 2018 (Public Law 115–141). This includes \$50,000,000 from the Cushion of Credit account. The agreement notes that the Infrastructure Investment and Jobs Act (IIJA) provided an additional \$2,000,000,000 for the ReConnect program, and the agreement directs the Department to announce funding availability in a timely manner and with multiple rounds to continue to improve the program administration based on stakeholder feedback. The agreement is concerned that the most recent funding announcement dictates build out speeds that are not technology neutral and could inflate deployment and consumer access costs. Therefore, the Act sets the build out speeds to ensure that all broadband technologies have equal access to the program. In addition, the agreement encourages the Secretary to eliminate or revise the awarding of extra points under the ReConnect program to applicants from States without restrictions on broadband delivery by utilities service providers in order to ensure this criterion is not a determining factor for funding awards. The agreement encourages Rural Development to work to expeditiously disburse ReConnect funds once grants and loans are awarded. Additionally, the agreement encourages the Department to examine, and appropriately adjust and lower the collateral requirements within ReConnect Loan Agreements, Grant Agreements, or Loan/Grant Agreements to ensure greater Program access. The agreement encourages the Department to continue to up-

date the program and review process to make ReConnect more efficient, including collaborating with the Rural Electric Division to ensure that all utilities and broadband technologies are treated equally in the application process. The agreement directs the Secretary to allow entities of any structure, including partnerships and infrastructure applications, to apply provided sufficient assurances are given that broadband service will be provided to the subject area through contractual arrangements. In addition, the agreement reminds USDA to avoid efforts that could duplicate existing networks built by private investment or those built leveraging and utilizing other Federal programs and to continue to coordinate with the National Telecommunications Information Administration and the Federal Communications Commission in a transparent manner to ensure wherever possible that any funding provided to support deployment of last-mile broadband infrastructure is targeted to areas that are currently unserved. In any areas, study areas, or census blocks outside an area where a Tribal government has jurisdiction, and where a provider is already subject to a buildout obligation of 25/3 Mbps or greater for fixed terrestrial broadband pursuant to a commitment to another government entity, RUS Telecommunications Program should take that funding into account to prevent the duplication of services financed by Federal support. Entities subject to such existing commitment applying for ReConnect funds to bring service offerings to the ReConnect build-to speed should be given a scoring preference by RUS. This shall include areas pending FCC final approval of an award of High-Cost USF funds for two years after the applicable Long Form application deadline. Further, the agreement encourages the agency to prioritize projects financed through public-private partnerships and projects where Federal funding will not exceed 50 percent of the project's total cost. The agreement also supports efforts to increase transparency and encourages the Secretary to follow the notice and comment rulemaking procedures of the Administrative Procedure Act (Public Law 79-404) with respect to all program administration and activities, including publishing a written decision on RUS' website of how challenges were decided and the agency's reasons for such decision. In addition, the agreement encourages the Department to hold listening sessions prior to announcing the next round of funding availability and to address comments made during those sessions in the funding announcement to increase transparency. Finally, the agreement is concerned that states and territories outside the contiguous United States are having difficulty participating with the USDA broadband programs, and encourages the Secretary to consider grants or loans for satellite, or other technologies, if such middle mile infrastructure predominantly serves a "rural area" as defined in section 601(b) and do not lead to overbuilding.

The following table indicates loan levels provided by the agreement:

(Dollars in thousands)

Subsidy and grants:	
Distance learning and telemedicine grants	\$60,000
DLT Congressionally Directed Spending	2,510
Broadband ReConnect Loans and Grants	400,000

(Dollars in thousands)

Broadband telecommunications program:	
Direct (treasury rate loans)	2,272
Community Connect Grants	35,000
Total, subsidies and grants	\$536,387

TITLE IV

DOMESTIC FOOD PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR FOOD, NUTRITION, AND
CONSUMER SERVICES

The agreement provides \$1,327,000 for the Office of the Under Secretary for Food, Nutrition, and Consumer Services.

The agreement recognizes all Federal feeding programs should be accessible to those with culturally or religiously sensitive diets, including kosher and halal. The agreement urges the Secretary to seek input from Jewish and Muslim community leaders on this issue, and requests a report within 120 days from the enactment of this Act on how to overcome the challenges of incorporating kosher and halal food into The Emergency Food Assistance Program, the National School Lunch Program, and the School Breakfast Program.

FOOD AND NUTRITION SERVICE

CHILD NUTRITION PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$26,883,922,000 for Child Nutrition Programs.

The agreement recognizes the value of the Farm to School program and is interested in ensuring the program becomes scalable and replicable across states. Of the grant funds provided, the agreement directs the Secretary to use \$500,000 for cooperative agreements to support the continued expansion of Farm to School Institutes throughout the country for the purposes of connecting schools with local farmers and ranchers and providing training and technical assistance.

The agreement understands that Summer Electronic Benefit Transfer (EBT) has proven to lower food insecurity among children during the summer months when school is not in session. The agreement provides an increase of \$3,000,000 and encourages the Department to expand the program.

The agreement provides the following for Child Nutrition Programs:

TOTAL OBLIGATIONAL AUTHORITY

(Dollars in thousands)

School lunch program	\$14,665,855
School breakfast program	5,188,750
Child and adult care food program	4,314,605
Summer food service program	581,074

TOTAL OBLIGATIONAL AUTHORITY—Continued

(Dollars in thousands)

Special milk program	6,250

Child Nutrition Training	2,000
Farm to School Grants	12,000
School Breakfast Expansion	6,000
Total	\$26,883,922

SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS,
AND CHILDREN (WIC)

For the Special Supplemental Nutrition Program for Women, Infants, and Children, the agreement provides \$6,000,000,000, which fully funds expected participation in fiscal year 2022. The agreement includes \$90,000,000 for the breastfeeding peer counselor program and \$14,000,000 for infrastructure.

The work of the National Academies of Science (NAS) to review and make recommendations for updating the WIC food packages to reflect current science and cultural factors is recognized. The agreement notes, however, that while all revised packages now allow some fish, the amounts remain low compared to the recommendations of other authoritative health agencies. The agreement strongly encourages the Department to consider the health and cultural benefits of fish consumption as the NAS recommendations are reviewed and used to inform the Department's next course of action. The agreement also strongly encourages the Department to continue to allow states to submit cultural food package proposals to respond to the cultural preferences of WIC participants in states like Alaska.

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

The agreement provides \$140,440,868,000 for the Supplemental Nutrition Assistance Program (SNAP).

The agreement supports the implementation of the National Accuracy Clearinghouse (NAC), as written in the Agriculture Improvement Act of 2018. The Department is directed to move expeditiously in its implementation, as it is months behind in initial matches, so as to prevent duplicative issuances of SNAP benefits and uphold program accountability. When the USDA implements the NAC, the agreement urges the Department to allow States to use a blended workforce including contractors and subcontractors who have the capability to use complex match technology with multiple data elements and administer an appeals process, ensuring households are not automatically removed from receiving benefits.

The Department is reminded that SNAP funding is not to be used in contravention of section 107(b) of Division A of the Victims of Trafficking and Violence Protection Act of 2000.

The agreement provides the following for SNAP:

TOTAL OBLIGATIONAL AUTHORITY

(Dollars in thousands)

Benefits	\$127,379,769

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$6,063,000 for the Commodity Credit Corporation Export (Loans) Credit Guarantee Program Account.

TITLE VI

RELATED AGENCIES AND FOOD AND DRUG
ADMINISTRATION

DEPARTMENT OF HEALTH AND HUMAN SERVICES

FOOD AND DRUG ADMINISTRATION

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$3,304,145,000 in discretionary budget authority and \$2,791,737,000 in definite user fees for a total of \$6,095,882,000 for Food and Drug Administration (FDA), Salaries and Expenses. This total does not include permanent, indefinite user fees for: the Mammography Quality Standards Act; Color Certification; Export Certification; Priority Review Vouchers Pediatric Disease; Food and Feed Recall; Food Reinspection; Voluntary Qualified Importer Program; the Third Party Auditor Program; Outsourcing Facility; and Over-the-Counter Monograph.

The agreement expects FDA to continue all programs, projects, activities, and laboratories, as included in fiscal year 2021 unless otherwise specified, and maintains the \$1,500,000 transfer to the Health and Human Services' Inspector General for its audit and oversight work involving FDA.

The agreement provides a net increase of \$102,217,000, of which \$29,000,000 is for medical product safety, \$29,500,000 is for food

safety activities, \$41,300,000 is for cross cutting initiatives supporting both medical and food safety, and \$2,417,000 is for infrastructure investments.

Within the increases provided for medical product safety, the agreement includes \$5,000,000 for Device Shortages and Supply Chain; \$1,500,000 for CVM Medical Product Supply Chain; \$8,000,000 for Advancing the Goal of Ending the Opioid Crisis; \$3,000,000 for the Predictive Toxicology Roadmap; \$1,000,000 for the Data Modernization and Enhanced Technology Initiative; \$5,000,000 for Foreign Unannounced Human Drug Inspection Pilots; \$1,000,000 for Rare Cancer Therapeutics; \$2,500,000 for the Orphan Products Grants Program; \$1,500,000 for Rare Diseases; and \$500,000 for BioFilm Regulatory Research.

The agreement strongly supports the Center for Devices and Radiological Health's (CDRH) initiative to establish a permanent program for U.S. supply chain resilience for medical devices. The agreement includes \$5,000,000 for CDRH to begin these efforts. The agreement looks forward to understanding how additional resources in the future will strengthen these efforts.

Physical inspections, especially when unannounced, are one of FDA's most important tools to ensure drug safety and quality. While COVID-19 understandably delayed many routine inspections abroad, the Committees are concerned that FDA may not prioritize physical inspections as highly as other regulatory review methods. The agreement notes that the intent of funds provided in the fiscal year 2021 bill were to increase unannounced inspections and not to assess the value of unannounced inspections or compare them to pre-announced inspections. The agreement includes an additional \$5,000,000 above the fiscal year 2021 level solely to increase unannounced inspections and directs FDA to immediately begin to hire additional foreign office-based investigators to increase short notice and unannounced foreign facility inspections in India.

Within the increases provided for food safety activities, the agreement provides \$11,000,000 for Maternal and Infant Health and Nutrition; \$7,000,000 for Emerging Chemical and Toxicology Issues; \$9,000,000 for New Era of Smarter Food Safety; \$1,000,000 for Animal Feed Reviews; and \$1,500,000 for Standards of Identity.

Within the increases for Crosscutting, agency-wide support initiatives, the agreement provides \$17,900,000 for Pay Costs; \$3,000,000 for Data Modernization and Enhanced Technologies; \$10,000,000 for Inspections; \$4,700,000 for the Office of Minority Health and Health Equity; \$1,500,000 for the Office of Laboratory Safety; \$2,200,000 for the Office of the Chief Counsel; and \$2,000,000 for Essential Services.

The agreement provides specific amounts by Food and Drug Administration activity as reflected in the following table:

FOOD AND DRUG ADMINISTRATION SALARIES & EXPENSES

(Dollars in thousands)

As FDA prepares the report directed in House Report 117–82 on the agency’s acceptance of alternatives to animal tests, FDA is also directed to include a review, in consultation with interagency partners at the Departments of Agriculture, Defense, Homeland Security, and Health and Human Services, of the potential impact and role of animal testing to security countermeasures development and deployment.

The agreement directs FDA to provide a briefing on the regulation of advertising and sales of boric acid suppositories. FDA shall include within the briefing an update on any changes to the regulatory status of any related products as necessary.

The agreement expects further progress on regulatory pathways for cannabis-derived products that contain cannabidiol. Additionally, the agreement maintains at least the fiscal year 2021 funding level for cannabidiol related oversight and enforcement.

As previously noted, the agreement provides funds to further develop and advance strategies to confront the opioid crisis through the agency’s priority areas, including additional funding for International Mailing Facilities.

The agreement is encouraged by the work the FDA has put forth in developing a comprehensive food traceability system, and recognizes the substantial technological, logistical, and resource demands underlying this goal. Therefore, the agreement encourages the FDA to work with stakeholders and evaluate currently available and emerging technologies, barriers to and opportunities for their widespread adoption, and to utilize pilots, studies, and technology development competitions to further explore expediting

traceability while leveraging, wherever possible, existing supply chain systems and processes while minimizing the burden of new systems on the supply chain. In addition, the FDA is encouraged to harmonize the traceability rule on existing traceability strategies the food supply chain has developed to simply and effectively track and trace food. Specific to the data elements that would be required, the agreement urges the FDA to clearly define traceability requirements that, where possible, align with existing consensus standards for traceability already commonly used by many in the industry.

The agreement is concerned about dietary supplement products that are adulterated or misbranded, in particular with imported products. The agreement provides an increase of \$2,000,000 to be used for inspections as well as enforcement of the Dietary Supplement Health and Education Act of 1994 (Public Law 103–417).

The agreement is concerned that very few products in recent years have switched from prescription drugs to nonprescription drugs. The agreement expects the FDA to meet the goals of Fall 2021 Unified Agenda and publish (and subsequently finalize) the proposed rule titled “Nonprescription Drug Product with an Additional Condition for Nonprescription Use” given the resources and authorities provided by Congress.

BUILDINGS AND FACILITIES

The agreement provides \$12,788,000 for Buildings and Facilities.

FDA INNOVATION ACCOUNT, CURES ACT

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$50,000,000 for FDA as authorized in the 21st Century Cures Act.

INDEPENDENT AGENCIES

COMMODITY FUTURES TRADING COMMISSION

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$382,000,000 for the Commodity Futures Trading Commission.

Within 180 days of enactment of this Act, the CFTC is directed to issue a public report on factors affecting the aluminum commodities market.

In lieu of the direction contained in House Report 117–82, CFTC is directed to brief the Committees on the agency’s priority initiatives to fulfill its mission and address emerging issues as the derivatives markets continue to evolve.

FARM CREDIT ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The agreement includes a limitation of \$84,200,000 on administrative expenses of the Farm Credit Administration.

GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

(INCLUDING TRANSFER OF FUNDS)

SEC. 101. During the current fiscal year, applicable appropriations and funds made available to the Department of Commerce by this Act shall be available for the activities specified in the Act of October 26, 1949 (15 U.S.C. 1514), to the extent and in the manner prescribed by the Act, and, notwithstanding 31 U.S.C. 3324, may be used for advanced payments not otherwise authorized only upon the certification of officials designated by the Secretary of Commerce that such payments are in the public interest.

SEC. 102. During the current fiscal year, appropriations made available to the Department of Commerce by this Act for salaries and expenses shall be available for hire of passenger motor vehicles as authorized by 31 U.S.C. 1343 and 1344; services as authorized by 5 U.S.C. 3109; and uniforms or allowances therefor, as authorized by law (5 U.S.C. 5901–5902).

SEC. 103. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Commerce in this Act may be transferred between such appropriations, but no such appropriation shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section: *Provided further*, That the Secretary of Commerce shall notify the Committees on Appropriations at least 15 days in advance of the acquisition or disposal of any capital asset (including land, structures, and equipment) not specifically provided for in this Act or any other law appropriating funds for the Department of Commerce.

SEC. 104. The requirements set forth by section 105 of the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2012 (Public Law 112–55), as amended by section 105 of title I of division B of Public Law 113–6, are hereby adopted by reference and made applicable with respect to fiscal year 2022: *Provided*, That the life cycle cost for the Joint Polar Satellite System is \$11,322,125,000, the life cycle cost of the Polar Follow On Program is \$6,837,900,000, the life cycle cost for the Geostationary Operational Environmental Satellite R-Series Program is \$11,700,100,000, and the life cycle cost for the Space Weather Follow On Program is \$692,800,000.

SEC. 105. Notwithstanding any other provision of law, the Secretary of Commerce may furnish services (including but not limited to utilities, telecommunications, and security services) necessary to support the operation, maintenance, and improvement of space that persons, firms, or organizations are authorized, pursuant to the Public Buildings Cooperative Use Act of 1976 or other authority, to use or occupy in the Herbert C. Hoover Building, Washington, DC, or other buildings, the maintenance, operation, and protection of which has been delegated to the Secretary from the Administrator of General Services pursuant to the Federal Property and Administrative Services Act of 1949 on a reimbursable or non-reimbursable basis. Amounts received as reimbursement for services provided under this section or the authority under which the use or occupancy of the space is authorized, up to \$200,000, shall be credited to the appropriation or fund which initially bears the costs of such services.

SEC. 106. Nothing in this title shall be construed to prevent a grant recipient from deterring child pornography, copyright infringement, or any other unlawful activity over its networks.

SEC. 107. The Administrator of the National Oceanic and Atmospheric Administration is authorized to use, with their consent, with reimbursement and subject to the limits of available appropriations, the land, services, equipment, personnel, and facilities of any department, agency, or instrumentality of the United States, or of any State, local government, Indian Tribal government, Territory, or possession, or of any political subdivision thereof, or of any foreign government or international organization, for purposes related to carrying out the responsibilities of any statute administered by the National Oceanic and Atmospheric Administration.

SEC. 108. The National Technical Information Service shall not charge any customer for a copy of any report or document generated by the Legislative Branch unless the Service has provided information to the customer on how an electronic copy of such report or document may be accessed and downloaded for free online. Should a customer still require the Service to provide a printed or digital copy of the report or document, the charge shall be limited to recovering the Service's cost of processing, reproducing, and delivering such report or document.

SEC. 109. To carry out the responsibilities of the National Oceanic and Atmospheric Administration (NOAA), the Administrator of NOAA is authorized to: (1) enter into grants and cooperative agreements with; (2) use on a non-reimbursable basis land, services, equipment, personnel, and facilities provided by; and (3) receive and expend funds made available on a consensual basis from: a Federal agency, State or subdivision thereof, local government, Tribal government, Territory, or possession or any subdivisions thereof: *Provided*, That funds received for permitting and related regulatory activities pursuant to this section shall be deposited under the heading "National Oceanic and Atmospheric Administration—Operations, Research, and Facilities" and shall remain available until September 30, 2023, for such purposes: *Provided further*, That all funds within this section and their corresponding uses are subject to section 505 of this Act.

SEC. 110. Amounts provided by this Act or by any prior appropriations Act that remain available for obligation, for necessary expenses of the programs of the Economics and Statistics Administration of the Department of Commerce, including amounts provided for programs of the Bureau of Economic Analysis and the Bureau of the Census, shall be available for expenses of cooperative agreements with appropriate entities, including any Federal, State, or local governmental unit, or institution of higher education, to aid and promote statistical, research, and methodology activities which further the purposes for which such amounts have been made available.

SEC. 111. Amounts provided by this Act for the Hollings Manufacturing Extension Partnership under the heading “National Institute of Standards and Technology—Industrial Technology Services” shall not be subject to cost share requirements under 15 U.S.C. 278k(e)(2): *Provided*, That the authority made available pursuant to this section shall be elective, in whole or in part, for any Manufacturing Extension Partnership Center that also receives funding from a State that is conditioned upon the application of a Federal cost sharing requirement.

SEC. 112. The Secretary of Commerce, or the designee of the Secretary, may waive—

(1) in whole or in part, the matching requirements under sections 306 and 306A, and the cost sharing requirements under section 315, of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455, 1455a, and 1461) as necessary at the request of the grant applicant, for amounts made available under this Act under the heading “Operations, Research, and Facilities” under the heading “National Oceanic and Atmospheric Administration”; and

(2) up to 50 percent of the matching requirements under sections 306 and 306A, and the cost sharing requirements under section 315, of the Coastal Zone Management Act of 1972 (16 U.S.C. 1455, 1455a, and 1461) as necessary at the request of the grant applicant, for amounts made available under this Act under the heading “Procurement, Acquisition and Construction” under the heading “National Oceanic and Atmospheric Administration”.

GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

SEC. 201. In addition to amounts otherwise made available in this title for official reception and representation expenses, a total of not to exceed \$50,000 from funds appropriated to the Department of Justice in this title shall be available to the Attorney General for official reception and representation expenses.

SEC. 202. None of the funds appropriated by this title shall be available to pay for an abortion, except where the life of the mother would be endangered if the fetus were carried to term, or in the case of rape or incest: *Provided*, That should this prohibition be declared unconstitutional by a court of competent jurisdiction, this section shall be null and void.

SEC. 203. None of the funds appropriated under this title shall be used to require any person to perform, or facilitate in any way the performance of, any abortion.

SEC. 204. Nothing in the preceding section shall remove the obligation of the Director of the Bureau of Prisons to provide escort services necessary for a female inmate to receive such service outside the Federal facility: *Provided*, That nothing in this section in any way diminishes the effect of section 203 intended to address

the philosophical beliefs of individual employees of the Bureau of Prisons.

SEC. 205. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Department of Justice in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section: *Provided further*, That this section shall not apply to the following—

(1) paragraph 1(Q) under the heading “State and Local Law Enforcement Assistance”; and

(2) paragraph (7) under the heading “Community Oriented Policing Services Programs”.

SEC. 206. None of the funds made available under this title may be used by the Federal Bureau of Prisons or the United States Marshals Service for the purpose of transporting an individual who is a prisoner pursuant to conviction for crime under State or Federal law and is classified as a maximum or high security prisoner, other than to a prison or other facility certified by the Federal Bureau of Prisons as appropriately secure for housing such a prisoner.

SEC. 207. (a) None of the funds appropriated by this Act may be used by Federal prisons to purchase cable television services, or to rent or purchase audiovisual or electronic media or equipment used primarily for recreational purposes.

(b) Subsection (a) does not preclude the rental, maintenance, or purchase of audiovisual or electronic media or equipment for inmate training, religious, or educational programs.

SEC. 208. None of the funds made available under this title shall be obligated or expended for any new or enhanced information technology program having total estimated development costs in excess of \$100,000,000, unless the Deputy Attorney General and the investment review board certify to the Committees on Appropriations of the House of Representatives and the Senate that the information technology program has appropriate program management controls and contractor oversight mechanisms in place, and that the program is compatible with the enterprise architecture of the Department of Justice.

SEC. 209. The notification thresholds and procedures set forth in section 505 of this Act shall apply to deviations from the amounts designated for specific activities in this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), and to any use of deobligated balances of funds provided under this title in previous years.

SEC. 210. None of the funds appropriated by this Act may be used to plan for, begin, continue, finish, process, or approve a public-private competition under the Office of Management and Budget Circular A-76 or any successor administrative regulation, directive, or policy for work performed by employees of the Bureau of Prisons or of Federal Prison Industries, Incorporated.

SEC. 211. Notwithstanding any other provision of law, no funds shall be available for the salary, benefits, or expenses of any

United States Attorney assigned dual or additional responsibilities by the Attorney General or his designee that exempt that United States Attorney from the residency requirements of section 545 of title 28, United States Code.

SEC. 212. At the discretion of the Attorney General, and in addition to any amounts that otherwise may be available (or authorized to be made available) by law, with respect to funds appropriated by this title under the headings “Research, Evaluation and Statistics”, “State and Local Law Enforcement Assistance”, and “Juvenile Justice Programs”—

(1) up to 2 percent of funds made available to the Office of Justice Programs for grant or reimbursement programs may be used by such Office to provide training and technical assistance; and

(2) up to 2 percent of funds made available for grant or reimbursement programs under such headings, except for amounts appropriated specifically for research, evaluation, or statistical programs administered by the National Institute of Justice and the Bureau of Justice Statistics, shall be transferred to and merged with funds provided to the National Institute of Justice and the Bureau of Justice Statistics, to be used by them for research, evaluation, or statistical purposes, without regard to the authorizations for such grant or reimbursement programs.

This section shall not apply to paragraph 1(Q) under the heading “State and Local Law Enforcement Assistance”.

SEC. 213. Upon request by a grantee for whom the Attorney General has determined there is a fiscal hardship, the Attorney General may, with respect to funds appropriated in this or any other Act making appropriations for fiscal years 2019 through 2022 for the following programs, waive the following requirements:

(1) For the adult and juvenile offender State and local re-entry demonstration projects under part FF of title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10631 et seq.), the requirements under section 2976(g)(1) of such part (34 U.S.C. 10631(g)(1)).

(2) For grants to protect inmates and safeguard communities as authorized by section 6 of the Prison Rape Elimination Act of 2003 (34 U.S.C. 30305(c)(3)), the requirements of section 6(c)(3) of such Act.

SEC. 214. Notwithstanding any other provision of law, section 20109(a) of subtitle A of title II of the Violent Crime Control and Law Enforcement Act of 1994 (34 U.S.C. 12109(a)) shall not apply to amounts made available by this or any other Act.

SEC. 215. None of the funds made available under this Act, other than for the national instant criminal background check system established under section 103 of the Brady Handgun Violence Prevention Act (34 U.S.C. 40901), may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel, unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 216. (a) None of the income retained in the Department of Justice Working Capital Fund pursuant to title I of Public Law

102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation during fiscal year 2022, except up to \$12,000,000 may be obligated for implementation of a unified Department of Justice financial management system.

(b) Not to exceed \$30,000,000 of the unobligated balances transferred to the capital account of the Department of Justice Working Capital Fund pursuant to title I of Public Law 102–140 (105 Stat. 784; 28 U.S.C. 527 note) shall be available for obligation in fiscal year 2022, and any use, obligation, transfer, or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

(c) Not to exceed \$10,000,000 of the excess unobligated balances available under section 524(c)(8)(E) of title 28, United States Code, shall be available for obligation during fiscal year 2022, and any use, obligation, transfer or allocation of such funds shall be treated as a reprogramming of funds under section 505 of this Act.

SEC. 217. Discretionary funds that are made available in this Act for the Office of Justice Programs may be used to participate in Performance Partnership Pilots authorized under such authorities as have been enacted for Performance Partnership Pilots in appropriations acts in prior fiscal years and the current fiscal year.

SEC. 218. The Attorney General shall submit to the Committees on Appropriations of the House of Representatives and the Senate quarterly reports on the Crime Victims Fund, the Working Capital Fund, the Three Percent Fund, and the Asset Forfeiture Fund. Such quarterly reports shall contain at least the same level of information and detail for each Fund as was provided to the Committees on Appropriations of the House of Representatives and the Senate in fiscal year 2021.

This title may be cited as the “Department of Justice Appropriations Act, 2022”.

For necessary expenses, not otherwise provided for, in the conduct and support of space technology research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$1,100,000,000, to remain available until September 30, 2023: *Provided*, That \$227,000,000 shall be for RESTORE-L/SPace Infrastructure DExterous Robot: *Provided further*, That \$110,000,000 shall be for the development, production, and demonstration of a nuclear thermal propulsion system, of which \$80,000,000 shall be for the design of a flight demonstration system: *Provided further*, That, not later than 180 days after the enactment of this Act, the National Aeronautics and Space Administration shall provide a plan for the design of a flight demonstration.

EXPLORATION

For necessary expenses, not otherwise provided for, in the conduct and support of exploration research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$6,791,700,000, to remain available until September 30, 2023: *Provided*, That not less than \$1,406,700,000 shall be for the Orion Multi-Purpose Crew Vehicle: *Provided further*, That not less than \$2,600,000,000 shall be for the Space Launch System (SLS) launch vehicle, which shall have a lift capability not less than 130 metric tons and which shall have core elements and an Exploration Upper Stage developed simultaneously to be used to the maximum extent practicable, including for Earth to Moon missions and Moon landings: *Provided further*, That of the amounts provided for SLS, not less than \$600,000,000 shall be for SLS Block 1B development including the Exploration Upper Stage and associated systems including related facilitization, to support an SLS Block 1B mission available to launch in 2025 in addition to the planned Block 1 missions for Artemis I through Artemis III: *Provided further*, That \$590,000,000 shall be for Exploration Ground Systems and associated Block 1B activities, including up to \$165,300,000 for a second mobile launch platform: *Provided further*, That the National Aeronautics and Space Administration shall provide to the Committees on Appropriations of the House of Representatives and the Senate, concurrent with the annual budget submission, a 5-year budget profile for an integrated system that includes the SLS, the Orion Multi-Purpose Crew Vehicle, and associated ground systems that will ensure a crewed launch as early as possible, as well as a system-based funding profile for a sustained launch cadence that contemplates the use of an SLS Block 1B cargo variant with an 8.4 meter fairing and associated ground systems: *Provided further*, That \$2,195,000,000 shall be for exploration research and development: *Provided further*, That acquisition of human-rated deep space exploration lunar and cislunar transportation and habitation capabilities, human-rated lunar terrain mobility capabilities, exploration mission rated suits, lunar communications and navigation capabilities, and their associated components, may be funded incrementally in fiscal year 2022 and thereafter.

SPACE OPERATIONS

For necessary expenses, not otherwise provided for, in the conduct and support of space operations research and development activities, including research, development, operations, support and services; space flight, spacecraft control, and communications activities, including operations, production, and services; maintenance and repair, facility planning and design; program management; personnel and related costs, including uniforms or allow-

ances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$4,041,300,000, to remain available until September 30, 2023.

SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS
ENGAGEMENT

For necessary expenses, not otherwise provided for, in the conduct and support of aerospace and aeronautical education research and development activities, including research, development, operations, support, and services; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$137,000,000, to remain available until September 30, 2023, of which \$26,000,000 shall be for the Established Program to Stimulate Competitive Research and \$54,500,000 shall be for the National Space Grant College and Fellowship Program.

SAFETY, SECURITY AND MISSION SERVICES

For necessary expenses, not otherwise provided for, in the conduct and support of science, aeronautics, space technology, exploration, space operations and education research and development activities, including research, development, operations, support, and services; maintenance and repair, facility planning and design; space flight, spacecraft control, and communications activities; program management; personnel and related costs, including uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; travel expenses; purchase and hire of passenger motor vehicles; not to exceed \$63,000 for official reception and representation expenses; and purchase, lease, charter, maintenance, and operation of mission and administrative aircraft, \$3,020,600,000, to remain available until September 30, 2023: *Provided*, That if available balances in the “Science, Space, and Technology Education Trust Fund” are not sufficient to provide for the grant disbursements required under the third and fourth provisos under such heading in the Department of Housing and Urban Development-Independent Agencies Appropriations Act, 1989 (Public Law 100–404) as amended by the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1995 (Public Law 103–327) up to \$1,000,000 shall be available from amounts made available under this heading to make such grant disbursements: *Provided further*, That of the amounts appropriated under this heading, \$22,655,000 shall be used for the projects, and in the amounts, specified in the table under the heading “NASA Community Projects/NASA Special Projects” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): *Provided further*, That the amounts made available for the projects ref-

erenced in the preceding proviso may not be transferred for any other purpose.

CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

For necessary expenses for construction of facilities including repair, rehabilitation, revitalization, and modification of facilities, construction of new facilities and additions to existing facilities, facility planning and design, and restoration, and acquisition or condemnation of real property, as authorized by law, and environmental compliance and restoration, \$410,300,000, to remain available until September 30, 2027, of which \$55,000,000 shall be available only for costs related to the replacement of National Aeronautics and Space Administration facilities that were subject to an emergency closure for life and safety issues in fiscal year 2020: *Provided*, That proceeds from leases deposited into this account shall be available for a period of 5 years to the extent and in amounts as provided in annual appropriations Acts: *Provided further*, That such proceeds referred to in the preceding proviso shall be available for obligation for fiscal year 2022 in an amount not to exceed \$20,000,000: *Provided further*, That each annual budget request shall include an annual estimate of gross receipts and collections and proposed use of all funds collected pursuant to section 20145 of title 51, United States Code.

OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General in carrying out the Inspector General Act of 1978, \$45,300,000, of which \$500,000 shall remain available until September 30, 2023.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

Funds for any announced prize otherwise authorized shall remain available, without fiscal year limitation, until a prize is claimed or the offer is withdrawn.

Not to exceed 5 percent of any appropriation made available for the current fiscal year for the National Aeronautics and Space Administration in this Act may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers. Any funds transferred to "Construction and Environmental Compliance and Restoration" for construction activities shall not increase that account by more than 20 percent and any funds transferred to or within "Exploration" for Exploration Ground Systems shall not increase Exploration Ground Systems by more than \$100,000,000. Balances so transferred shall be merged with and available for the same purposes and the same time period as the appropriations to which transferred. Any transfer pursuant to this provision shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

Not to exceed 5 percent of any appropriation provided for the National Aeronautics and Space Administration under previous appropriations Acts that remains available for obligation or expenditure in fiscal year 2022 may be transferred between such appropriations, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by any such transfers. Any transfer pursuant to this provision shall retain its original availability and shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

The spending plan required by this Act shall be provided by the National Aeronautics and Space Administration at the theme, program, project, and activity level. The spending plan, as well as any subsequent change of an amount established in that spending plan that meets the notification requirements of section 505 of this Act, shall be treated as a reprogramming under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section.

Not more than 20 percent or \$50,000,000, whichever is less, of the amounts made available in the current-year Construction and Environmental Compliance and Restoration (CECR) appropriation may be applied to CECR projects funded under previous years' CECR appropriations. Use of current-year funds under this provision shall be treated as a reprogramming of funds under section 505 of this act and shall not be available for obligation except in compliance with the procedures set forth in that section.

Of the amounts made available in this Act under the heading "Science, Technology, Engineering, and Mathematics Engagement" ("STEM Engagement"), up to \$5,000,000 shall be available to jointly fund, with an additional amount of up to \$1,000,000 each from amounts made available in this Act under the headings "Science", "Aeronautics", "Space Technology", "Exploration", and "Space Operations", projects and activities for engaging students in STEM and increasing STEM research capacities of universities, including Minority Serving Institutions.

NATIONAL SCIENCE FOUNDATION

RESEARCH AND RELATED ACTIVITIES

For necessary expenses in carrying out the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), and Public Law 86-209 (42 U.S.C. 1880 et seq.); services as authorized by section 3109 of title 5, United States Code; maintenance and operation of aircraft and purchase of flight services for research support; acquisition of aircraft; and authorized travel; \$7,159,400,000, to remain available until September 30, 2023, of which not to exceed \$544,000,000 shall remain available until expended for polar research and operations support, and for reimbursement to other Federal agencies for operational and science support and logistical and other related activities for the United States Antarctic program: *Provided*, That receipts for scientific support services and materials furnished by the National Research Centers and other

National Science Foundation supported research facilities may be credited to this appropriation.

MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

For necessary expenses for the acquisition, construction, commissioning, and upgrading of major research equipment, facilities, and other such capital assets pursuant to the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), including authorized travel, \$249,000,000, to remain available until expended.

EDUCATION AND HUMAN RESOURCES

For necessary expenses in carrying out science, mathematics, and engineering education and human resources programs and activities pursuant to the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.), including services as authorized by section 3109 of title 5, United States Code, authorized travel, and rental of conference rooms in the District of Columbia, \$1,006,000,000, to remain available until September 30, 2023.

AGENCY OPERATIONS AND AWARD MANAGEMENT

For agency operations and award management necessary in carrying out the National Science Foundation Act of 1950 (42 U.S.C. 1861 et seq.); services authorized by section 3109 of title 5, United States Code; hire of passenger motor vehicles; uniforms or allowances therefor, as authorized by sections 5901 and 5902 of title 5, United States Code; rental of conference rooms in the District of Columbia; and reimbursement of the Department of Homeland Security for security guard services; \$400,000,000: *Provided*, That not to exceed \$8,280 is for official reception and representation expenses: *Provided further*, That contracts may be entered into under this heading in fiscal year 2022 for maintenance and operation of facilities and for other services to be provided during the next fiscal year.

OFFICE OF THE NATIONAL SCIENCE BOARD

For necessary expenses (including payment of salaries, authorized travel, hire of passenger motor vehicles, the rental of conference rooms in the District of Columbia, and the employment of experts and consultants under section 3109 of title 5, United States Code) involved in carrying out section 4 of the National Science Foundation Act of 1950 (42 U.S.C. 1863) and Public Law 86-209 (42 U.S.C. 1880 et seq.), \$4,600,000: *Provided*, That not to exceed \$2,500 shall be available for official reception and representation expenses.

OFFICE OF INSPECTOR GENERAL

For necessary expenses of the Office of Inspector General as authorized by the Inspector General Act of 1978, \$19,000,000, of which \$400,000 shall remain available until September 30, 2023.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

Not to exceed 5 percent of any appropriation made available for the current fiscal year for the National Science Foundation in this Act may be transferred between such appropriations, but no such appropriation shall be increased by more than 10 percent by any such transfers. Any transfer pursuant to this paragraph shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation except in compliance with the procedures set forth in that section.

Of the amounts provided for “Research and Related Activities”, up to \$148,000,000 may be transferred to “Education and Human Resources” consistent with direction provided in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act). The authority provided by this paragraph is in addition to the authority provided by the first paragraph under this heading.

The Director of the National Science Foundation (NSF) shall notify the Committees on Appropriations of the House of Representatives and the Senate at least 30 days in advance of any planned divestment through transfer, decommissioning, termination, or deconstruction of any NSF-owned facilities or any NSF capital assets (including land, structures, and equipment) valued greater than \$2,500,000.

This title may be cited as the “Science Appropriations Act, 2022”.

TITLE IV

RELATED AGENCIES

TITLE V

GENERAL PROVISIONS

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

SEC. 501. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 502. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 503. The expenditure of any appropriation under this Act for any consulting service through procurement contract, pursuant to section 3109 of title 5, United States Code, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 504. If any provision of this Act or the application of such provision to any person or circumstances shall be held invalid, the remainder of the Act and the application of each provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby.

SEC. 505. None of the funds provided under this Act, or provided under previous appropriations Acts to the agencies funded by this Act that remain available for obligation or expenditure in fiscal year 2022, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employees; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any functions or activities presently performed by Federal employees; (7) augments existing programs, projects, or activi-

ties in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

SEC. 506. (a) If it has been finally determined by a court or Federal agency that any person intentionally affixed a label bearing a "Made in America" inscription, or any inscription with the same meaning, to any product sold in or shipped to the United States that is not made in the United States, the person shall be ineligible to receive any contract or subcontract made with funds made available in this Act, pursuant to the debarment, suspension, and ineligibility procedures described in sections 9.400 through 9.409 of title 48, Code of Federal Regulations.

(b)(1) To the extent practicable, with respect to authorized purchases of promotional items, funds made available by this Act shall be used to purchase items that are manufactured, produced, or assembled in the United States, its territories or possessions.

(2) The term "promotional items" has the meaning given the term in OMB Circular A-87, Attachment B, Item (1)(f)(3).

SEC. 507. (a) The Departments of Commerce and Justice, the National Science Foundation, and the National Aeronautics and Space Administration shall provide to the Committees on Appropriations of the House of Representatives and the Senate a quarterly report on the status of balances of appropriations at the account level. For unobligated, uncommitted balances and unobligated, committed balances the quarterly reports shall separately identify the amounts attributable to each source year of appropriation from which the balances were derived. For balances that are obligated, but unexpended, the quarterly reports shall separately identify amounts by the year of obligation.

(b) The report described in subsection (a) shall be submitted within 30 days of the end of each quarter.

(c) If a department or agency is unable to fulfill any aspect of a reporting requirement described in subsection (a) due to a limitation of a current accounting system, the department or agency shall fulfill such aspect to the maximum extent practicable under such accounting system and shall identify and describe in each quarterly report the extent to which such aspect is not fulfilled.

SEC. 508. Any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions included in this Act shall be absorbed within the total budgetary resources available to such department or agency: *Provided*, That the authority to transfer funds between appropriations accounts as may be necessary to carry out this section is provided in addition to authorities included elsewhere in this Act: *Provided further*, That use of funds to carry out this section shall be treated as a reprogramming of funds under section 505 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in that section: *Provided further*, That for the Department of Com-

merce, this section shall also apply to actions taken for the care and protection of loan collateral or grant property.

SEC. 509. None of the funds provided by this Act shall be available to promote the sale or export of tobacco or tobacco products, or to seek the reduction or removal by any foreign country of restrictions on the marketing of tobacco or tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type.

SEC. 510. Notwithstanding any other provision of law, amounts deposited or available in the Fund established by section 1402 of chapter XIV of title II of Public Law 98-473 (34 U.S.C. 20101) in any fiscal year in excess of \$2,600,000,000 shall not be available for obligation until the following fiscal year: *Provided*, That notwithstanding section 1402(d) of such Act, of the amounts available from the Fund for obligation: (1) \$10,000,000 shall be transferred to the Department of Justice Office of Inspector General and remain available until expended for oversight and auditing purposes associated with this section; and (2) 5 percent shall be available to the Office for Victims of Crime for grants, consistent with the requirements of the Victims of Crime Act, to Indian Tribes to improve services for victims of crime.

SEC. 511. None of the funds made available to the Department of Justice in this Act may be used to discriminate against or denigrate the religious or moral beliefs of students who participate in programs for which financial assistance is provided from those funds, or of the parents or legal guardians of such students.

SEC. 512. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriations Act.

SEC. 513. (a) The Inspectors General of the Department of Commerce, the Department of Justice, the National Aeronautics and Space Administration, the National Science Foundation, and the Legal Services Corporation shall conduct audits, pursuant to the Inspector General Act (5 U.S.C. App.), of grants or contracts for which funds are appropriated by this Act, and shall submit reports to Congress on the progress of such audits, which may include preliminary findings and a description of areas of particular interest, within 180 days after initiating such an audit and every 180 days thereafter until any such audit is completed.

(b) Within 60 days after the date on which an audit described in subsection (a) by an Inspector General is completed, the Secretary, Attorney General, Administrator, Director, or President, as appropriate, shall make the results of the audit available to the public on the Internet website maintained by the Department, Administration, Foundation, or Corporation, respectively. The results shall be made available in redacted form to exclude—

(1) any matter described in section 552(b) of title 5, United States Code; and

(2) sensitive personal information for any individual, the public access to which could be used to commit identity theft or for other inappropriate or unlawful purposes.

(c) Any person awarded a grant or contract funded by amounts appropriated by this Act shall submit a statement to the Secretary of Commerce, the Attorney General, the Administrator, Director, or President, as appropriate, certifying that no funds derived from the grant or contract will be made available through a subcontract or in any other manner to another person who has a financial interest in the person awarded the grant or contract.

(d) The provisions of the preceding subsections of this section shall take effect 30 days after the date on which the Director of the Office of Management and Budget, in consultation with the Director of the Office of Government Ethics, determines that a uniform set of rules and requirements, substantially similar to the requirements in such subsections, consistently apply under the executive branch ethics program to all Federal departments, agencies, and entities.

SEC. 514. (a) None of the funds appropriated or otherwise made available under this Act may be used by the Departments of Commerce and Justice, the National Aeronautics and Space Administration, or the National Science Foundation to acquire a high-impact or moderate-impact information system, as defined for security categorization in the National Institute of Standards and Technology's (NIST) Federal Information Processing Standard Publication 199, "Standards for Security Categorization of Federal Information and Information Systems" unless the agency has—

(1) reviewed the supply chain risk for the information systems against criteria developed by NIST and the Federal Bureau of Investigation (FBI) to inform acquisition decisions for high-impact and moderate-impact information systems within the Federal Government;

(2) reviewed the supply chain risk from the presumptive awardee against available and relevant threat information provided by the FBI and other appropriate agencies; and

(3) in consultation with the FBI or other appropriate Federal entity, conducted an assessment of any risk of cyber-espionage or sabotage associated with the acquisition of such system, including any risk associated with such system being produced, manufactured, or assembled by one or more entities identified by the United States Government as posing a cyber threat, including but not limited to, those that may be owned, directed, or subsidized by the People's Republic of China, the Islamic Republic of Iran, the Democratic People's Republic of Korea, or the Russian Federation.

(b) None of the funds appropriated or otherwise made available under this Act may be used to acquire a high-impact or moderate-impact information system reviewed and assessed under subsection (a) unless the head of the assessing entity described in subsection (a) has—

(1) developed, in consultation with NIST, the FBI, and supply chain risk management experts, a mitigation strategy for any identified risks;

(2) determined, in consultation with NIST and the FBI, that the acquisition of such system is in the national interest of the United States; and

(3) reported that determination to the Committees on Appropriations of the House of Representatives and the Senate and the agency Inspector General.

SEC. 515. None of the funds made available in this Act shall be used in any way whatsoever to support or justify the use of torture by any official or contract employee of the United States Government.

SEC. 516. None of the funds made available in this Act may be used to include in any new bilateral or multilateral trade agreement the text of—

(1) paragraph 2 of article 16.7 of the United States–Singapore Free Trade Agreement;

(2) paragraph 4 of article 17.9 of the United States–Australia Free Trade Agreement; or

(3) paragraph 4 of article 15.9 of the United States–Morocco Free Trade Agreement.

SEC. 517. None of the funds made available in this Act may be used to authorize or issue a national security letter in contravention of any of the following laws authorizing the Federal Bureau of Investigation to issue national security letters: The Right to Financial Privacy Act of 1978; The Electronic Communications Privacy Act of 1986; The Fair Credit Reporting Act; The National Security Act of 1947; USA PATRIOT Act; USA FREEDOM Act of 2015; and the laws amended by these Acts.

SEC. 518. If at any time during any quarter, the program manager of a project within the jurisdiction of the Departments of Commerce or Justice, the National Aeronautics and Space Administration, or the National Science Foundation totaling more than \$75,000,000 has reasonable cause to believe that the total program cost has increased by 10 percent or more, the program manager shall immediately inform the respective Secretary, Administrator, or Director. The Secretary, Administrator, or Director shall notify the House and Senate Committees on Appropriations within 30 days in writing of such increase, and shall include in such notice: the date on which such determination was made; a statement of the reasons for such increases; the action taken and proposed to be taken to control future cost growth of the project; changes made in the performance or schedule milestones and the degree to which such changes have contributed to the increase in total program costs or procurement costs; new estimates of the total project or procurement costs; and a statement validating that the project's management structure is adequate to control total project or procurement costs.

SEC. 519. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence or intelligence related activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094) during fiscal year 2022 until the enactment of the Intelligence Authorization Act for fiscal year 2022.

SEC. 520. None of the funds appropriated or otherwise made available by this Act may be used to enter into a contract in an amount greater than \$5,000,000 or to award a grant in excess of such amount unless the prospective contractor or grantee certifies in writing to the agency awarding the contract or grant that, to the

best of its knowledge and belief, the contractor or grantee has filed all Federal tax returns required during the three years preceding the certification, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has not, more than 90 days prior to certification, been notified of any unpaid Federal tax assessment for which the liability remains unsatisfied, unless the assessment is the subject of an installment agreement or offer in compromise that has been approved by the Internal Revenue Service and is not in default, or the assessment is the subject of a non-frivolous administrative or judicial proceeding.

(RESCISSIONS)

SEC. 521. (a) Of the unobligated balances from prior year appropriations available to the Department of Commerce, the following funds are hereby permanently rescinded, not later than September 30, 2022, from the following accounts in the specified amounts—

- (1) “State and Local Law Enforcement Activities, Office on Violence Against Women, Violence Against Women Prevention and Prosecution Programs”, \$15,000,000;
- (2) “State and Local Law Enforcement Activities, Office of Justice Programs”, \$100,000,000; and
- (3) “State and Local Law Enforcement Activities, Community Oriented Policing Services”, \$15,000,000.

(c) Of the unobligated balances available to the Department of Justice, the following funds are hereby permanently rescinded, not later than September 30, 2022, from the following accounts in the specified amounts—

- (1) “Working Capital Fund”, \$234,839,000; and
- (2) “Legal Activities, Assets Forfeiture Fund”, \$127,000,000.

(d) The Departments of Commerce and Justice shall submit to the Committees on Appropriations of the House of Representatives and the Senate a report no later than September 1, 2022, specifying the amount of each rescission made pursuant to subsections (a), (b), and (c).

(e) The amounts rescinded in subsections (a) and (b) shall not be from amounts that were designated by the Congress as an emergency or disaster relief requirement pursuant to the concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 522. None of the funds made available in this Act may be used to purchase first class or premium airline travel in contravention of sections 301–10.122 through 301–10.124 of title 41 of the Code of Federal Regulations.

SEC. 523. None of the funds made available in this Act may be used to send or otherwise pay for the attendance of more than 50 employees from a Federal department or agency, who are stationed

in the United States, at any single conference occurring outside the United States unless—

(1) such conference is a law enforcement training or operational conference for law enforcement personnel and the majority of Federal employees in attendance are law enforcement personnel stationed outside the United States; or

(2) such conference is a scientific conference and the department or agency head determines that such attendance is in the national interest and notifies the Committees on Appropriations of the House of Representatives and the Senate within at least 15 days of that determination and the basis for that determination.

SEC. 524. The Director of the Office of Management and Budget shall instruct any department, agency, or instrumentality of the United States receiving funds appropriated under this Act to track undisbursed balances in expired grant accounts and include in its annual performance plan and performance and accountability reports the following:

(1) Details on future action the department, agency, or instrumentality will take to resolve undisbursed balances in expired grant accounts.

(2) The method that the department, agency, or instrumentality uses to track undisbursed balances in expired grant accounts.

(3) Identification of undisbursed balances in expired grant accounts that may be returned to the Treasury of the United States.

(4) In the preceding 3 fiscal years, details on the total number of expired grant accounts with undisbursed balances (on the first day of each fiscal year) for the department, agency, or instrumentality and the total finances that have not been obligated to a specific project remaining in the accounts.

SEC. 525. To the extent practicable, funds made available in this Act should be used to purchase light bulbs that are “Energy Star” qualified or have the “Federal Energy Management Program” designation.

SEC. 526. (a) None of the funds made available by this Act may be used for the National Aeronautics and Space Administration (NASA), the Office of Science and Technology Policy (OSTP), or the National Space Council (NSC) to develop, design, plan, promulgate, implement, or execute a bilateral policy, program, order, or contract of any kind to participate, collaborate, or coordinate bilaterally in any way with China or any Chinese-owned company unless such activities are specifically authorized by a law enacted after the date of enactment of this Act.

(b) None of the funds made available by this Act may be used to effectuate the hosting of official Chinese visitors at facilities belonging to or utilized by NASA.

(c) The limitations described in subsections (a) and (b) shall not apply to activities which NASA, OSTP, or NSC, after consultation with the Federal Bureau of Investigation, have certified—

(1) pose no risk of resulting in the transfer of technology, data, or other information with national security or economic

security implications to China or a Chinese-owned company; and

(2) will not involve knowing interactions with officials who have been determined by the United States to have direct involvement with violations of human rights.

(d) Any certification made under subsection (c) shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate, and the Federal Bureau of Investigation, no later than 30 days prior to the activity in question and shall include a description of the purpose of the activity, its agenda, its major participants, and its location and timing.

SEC. 527. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, Tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, adjudication, or other law enforcement- or victim assistance-related activity.

SEC. 528. The Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation, the Commission on Civil Rights, the Equal Employment Opportunity Commission, the International Trade Commission, the Legal Services Corporation, the Marine Mammal Commission, the Offices of Science and Technology Policy and the United States Trade Representative, the National Space Council, and the State Justice Institute shall submit spending plans, signed by the respective department or agency head, to the Committees on Appropriations of the House of Representatives and the Senate not later than 45 days after the date of enactment of this Act.

SEC. 529. Notwithstanding any other provision of this Act, none of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or for performance that does not meet the basic requirements of a contract.

SEC. 530. None of the funds made available by this Act may be used in contravention of section 7606 ("Legitimacy of Industrial Hemp Research") of the Agricultural Act of 2014 (Public Law 113-79) by the Department of Justice or the Drug Enforcement Administration.

SEC. 531. None of the funds made available under this Act to the Department of Justice may be used, with respect to any of the States of Alabama, Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Illinois, Indiana, Iowa, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Mississippi, Missouri, Montana, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming, or with respect to the District of Columbia, the Commonwealth of the Northern Mariana Islands, the United

States Virgin Islands, Guam, or Puerto Rico, to prevent any of them from implementing their own laws that authorize the use, distribution, possession, or cultivation of medical marijuana.

SEC. 532. The Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation shall provide a quarterly report to the Committees on Appropriations of the House of Representatives and the Senate on any official travel to China by any employee of such Department or agency, including the purpose of such travel.

SEC. 533. Of the amounts made available by this Act, not less than 10 percent of each total amount provided, respectively, for Public Works grants authorized by the Public Works and Economic Development Act of 1965 and grants authorized by section 27 of the Stevenson-Wydler Technology Innovation Act of 1980 (15 U.S.C. 3722) shall be allocated for assistance in persistent poverty counties: *Provided*, That for purposes of this section, the term “persistent poverty counties” means any county that has had 20 percent or more of its population living in poverty over the past 30 years, as measured by the 1993 Small Area Income and Poverty Estimates, the 2000 decennial census, and the most recent Small Area Income and Poverty Estimates, or any Territory or possession of the United States.

SEC. 534. (a) Not later than 180 days after the date of enactment of this Act, the Director of the Federal Bureau of Investigation shall work with the Administrator of the General Services Administration to transmit to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Environment and Public Works of the Senate, a report on the construction of a new headquarters for the Federal Bureau of Investigation in the National Capital Region.

(b) The report transmitted under subsection (a) shall be consistent with the requirements of section 3307(b) of title 40, United States Code, and include a summary of the material provisions of the construction and full consolidation of the Federal Bureau of Investigation in a new headquarters facility, including all the costs associated with site acquisition, design, management, and inspection, and a description of all buildings and infrastructure needed to complete the project.

SEC. 535. (a) Notwithstanding any other provision of law or treaty, none of the funds appropriated or otherwise made available under this Act or any other Act may be expended or obligated by a department, agency, or instrumentality of the United States to pay administrative expenses or to compensate an officer or employee of the United States in connection with requiring an export license for the export to Canada of components, parts, accessories or attachments for firearms listed in Category I, section 121.1 of title 22, Code of Federal Regulations (International Trafficking in Arms Regulations (ITAR), part 121, as it existed on April 1, 2005) with a total value not exceeding \$500 wholesale in any transaction, provided that the conditions of subsection (b) of this section are met by the exporting party for such articles.

(b) The foregoing exemption from obtaining an export license—

(1) does not exempt an exporter from filing any Shipper's Export Declaration or notification letter required by law, or from being otherwise eligible under the laws of the United States to possess, ship, transport, or export the articles enumerated in subsection (a); and

(2) does not permit the export without a license of—

(A) fully automatic firearms and components and parts for such firearms, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada;

(B) barrels, cylinders, receivers (frames) or complete breech mechanisms for any firearm listed in Category I, other than for end use by the Federal Government, or a Provincial or Municipal Government of Canada; or

(C) articles for export from Canada to another foreign destination.

(c) In accordance with this section, the District Directors of Customs and postmasters shall permit the permanent or temporary export without a license of any unclassified articles specified in subsection (a) to Canada for end use in Canada or return to the United States, or temporary import of Canadian-origin items from Canada for end use in the United States or return to Canada for a Canadian citizen.

(d) The President may require export licenses under this section on a temporary basis if the President determines, upon publication first in the Federal Register, that the Government of Canada has implemented or maintained inadequate import controls for the articles specified in subsection (a), such that a significant diversion of such articles has and continues to take place for use in international terrorism or in the escalation of a conflict in another nation. The President shall terminate the requirements of a license when reasons for the temporary requirements have ceased.

SEC. 536. Notwithstanding any other provision of law, no department, agency, or instrumentality of the United States receiving appropriated funds under this Act or any other Act shall obligate or expend in any way such funds to pay administrative expenses or the compensation of any officer or employee of the United States to deny any application submitted pursuant to 22 U.S.C. 2778(b)(1)(B) and qualified pursuant to 27 CFR section 478.112 or .113, for a permit to import United States origin "curios or relics" firearms, parts, or ammunition.

SEC. 537. None of the funds made available by this Act may be used to pay the salaries or expenses of personnel to deny, or fail to act on, an application for the importation of any model of shotgun if—

(1) all other requirements of law with respect to the proposed importation are met; and

(2) no application for the importation of such model of shotgun, in the same configuration, had been denied by the Attorney General prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

SEC. 538. None of the funds made available by this Act may be obligated or expended to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

SEC. 539. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at the United States Naval Station, Guantanamo Bay, Cuba, by the Department of Defense.

SEC. 540. (a) None of the funds appropriated or otherwise made available in this or any other Act may be used to construct, acquire, or modify any facility in the United States, its territories, or possessions to house any individual described in subsection (c) for the purposes of detention or imprisonment in the custody or under the effective control of the Department of Defense.

(b) The prohibition in subsection (a) shall not apply to any modification of facilities at United States Naval Station, Guantanamo Bay, Cuba.

(c) An individual described in this subsection is any individual who, as of June 24, 2009, is located at United States Naval Station, Guantanamo Bay, Cuba, and who—

(1) is not a citizen of the United States or a member of the Armed Forces of the United States; and

(2) is—

(A) in the custody or under the effective control of the Department of Defense; or

(B) otherwise under detention at United States Naval Station, Guantanamo Bay, Cuba.

SEC. 541. The matter preceding the first proviso under the heading “Department of Commerce—National Telecommunications and Information Administration—Broadband Connectivity Fund” in title II of division J of Public Law 117–58 is amended by striking “for grants for the Tribal Broadband Connectivity Program, as authorized under section 905(c) of division N of the Consolidated Appropriations Act, 2021 (Public Law 116–260), as amended by section 60201 of division F this Act” and inserting “for purposes of the Tribal Broadband Connectivity Program, as authorized under section 905(c) of division N of the Consolidated Appropriations Act, 2021 (Public Law 116–260), as amended by section 60201 of division F of this Act, of which up to two percent shall be for administrative costs”: *Provided*, That amounts repurposed pursuant to this section that were previously designated by the Congress as an emergency requirement pursuant to section 4112(a) of H. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

SEC. 544. Funds made available to the Department of Commerce and under the heading “Department of Justice—Federal Bureau of Investigation—Salaries and Expenses” in this Act and any remaining unobligated balances of funds made available to the Department of Commerce and under the heading “Department of Justice—Federal Bureau of Investigation—Salaries and Expenses” in prior year Acts, other than amounts designated by the Congress as being for an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985, shall be available to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020 (22 U.S.C. 2680b(i)(2)): *Provided*, That payments made pursuant to the matter preceding this proviso may not exceed \$2,000,000 for the Department of Commerce and \$5,000,000 for the Federal Bureau of Investigation.

This division may be cited as the “Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022”.

[CLERK’S NOTE.—Reproduced below is the material relating to division B contained in the Explanatory Statement regarding H.R. 2471, the Consolidated Appropriations Act, 2022.¹]

**DIVISION B—COMMERCE, JUSTICE, SCIENCE, AND
RELATED AGENCIES APPROPRIATIONS ACT, 2022**

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–97 (“the House report”) carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement or the Act. The explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein. In cases where the House report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations (“the Committees”).

Each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying explanatory statement and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this Act; unobligated balances from previous appropriations Acts that are available for obligation or expenditure in fiscal year 2022; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2022. These procedures are specified in section 505 of this Act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project, or activity cited in this explanatory statement, or in the House report and not changed by this Act, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, any department or agency funded in this Act that plans a reduction-in-force shall notify the Committees by letter no later than 30 days in advance of the date of any such planned personnel action.

When a department or agency submits a reprogramming or transfer request to the Committees and does not receive identical responses, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved. Departments and agencies shall

not submit reprogramming notifications after July 1, 2022, except in extraordinary circumstances. Any such notification shall include a description of the extraordinary circumstances.

In compliance with section 528 of this Act, each department and agency funded in this Act shall submit spending plans, signed by the respective department or agency head, for the Committees' review not later than 45 days after enactment of this Act.

For fiscal year 2022, all agencies and departments funded in this Act are directed to follow prior year direction adopted in Public Law 116–93, on the following topics for this fiscal year: “Fighting Waste, Fraud, and Abuse,” “Federal Vehicle Fleet Management,” “Reducing Duplication and Improving Efficiencies,” “Reprogrammings, Reorganizations, and Relocations,” “Congressional Budget Justifications,” “Reporting Requirements,” and “Reductions-in-Force.”

TITLE I

DEPARTMENT OF COMMERCE

INTERNATIONAL TRADE ADMINISTRATION

OPERATIONS AND ADMINISTRATION

The agreement includes \$570,000,000 in total resources for the International Trade Administration (ITA). This amount is offset by \$11,000,000 in estimated fee collections, resulting in a direct appropriation of \$559,000,000. The increased funding level is intended to support programmatic increases including up to \$1,000,000 for the Survey of International Air Travelers (SIAT), up to \$3,000,000 to increase support for the review of requests for exclusion from steel and aluminum tariffs applied under section 232 of the Trade Expansion Act of 1962 (19 U.S.C. 1862), and up to \$3,000,000 for the establishment of a ninth Anti-Dumping and Countervailing Duty (AD/CVD) enforcement office. Further, the agreement provides no less than the fiscal year 2021 enacted level for ITA to continue to support the U.S. Section of the Secretariat within the Department of Commerce as authorized under section 105 of the U.S.-Mexico-Canada Agreement Implementation Act (Public Law 116–113). For fiscal year 2022, ITA is directed to follow prior year directive adopted in Public Law 116–260, on “General Data Protection Regulation.”

Enforcement and Compliance.—The agreement provides no less than \$105,500,000 for Enforcement and Compliance (E&C). Within the amounts provided, the agreement includes up to \$1,300,000 for staffing and other necessary expenses to support enhancement and administration of the Aluminum Import Monitoring system.

Global Markets.—The agreement provides no less than the fiscal year 2021 enacted level for Global Markets. Further, the agreement modifies direction in the House report and directs ITA to submit to the Committees, no later than 120 days after enactment of this Act, a report outlining the Department's recommendations and estimated costs to increase U.S. trade and investment opportunities, including the expansion of the U.S. Commercial Service, in Africa and regions of international strategic significance for the

United States such as Latin America, the Caribbean, and the Pacific.

International Commercial Engagement.—In addition to the House report directives on U.S. Export Assistance Centers, the agreement supports ITA's efforts to increase its international commercial engagement efforts, to include hiring additional staff, and to establish new international offices in countries that are of strategic and economic importance to the United States. Prior to the establishment of any new international office, ITA is directed to provide the Committees with a detailed spend plan no later than 30 days prior to the obligation of funds to establish the office.

Quad Strategic Partnership.—The agreement encourages ITA to promote and strengthen the economic ties within the Quad strategic partnership among the United States, India, Japan, and Australia.

BUREAU OF INDUSTRY AND SECURITY

OPERATIONS AND ADMINISTRATION

The agreement includes \$141,000,000 for the Bureau of Industry and Security (BIS), an increase of \$8,000,000 above the fiscal year 2021 enacted level. Within the funds provided, BIS is directed to support efforts as described under "Human Rights Violations" in the House report. For fiscal year 2022, BIS is directed to follow the prior year directive adopted in Public Law 116–260, on "Export Control Regulatory Compliance Assistance."

Section 232 Exclusion Process.—The agreement clarifies that the report regarding how the Department will promote transparency and consistency in its process of granting and denying exclusion requests directed by the House report shall be submitted not later than 120 days after the enactment of this Act.

Information and Communications Technology and Services Supply Chain.—Within the funds provided, the agreement provides funding to support BIS's responsibilities related to the implementation of Executive Order 13873, "Securing the Information and Communications Technology and Services Supply Chain." The agreement expects BIS will be the bureau responsible for executing this initiative within the Department.

ECONOMIC DEVELOPMENT ADMINISTRATION

The agreement includes \$373,500,000 for the programs and administrative expenses of the Economic Development Administration (EDA).

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

The agreement includes \$330,000,000 for Economic Development Assistance Programs (EDAP). Funds are to be distributed as follows; any deviation of funds shall be subject to the procedures set forth in section 505 of this Act:

ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

(In thousands of dollars) 1Program

Amount	
Public Works	\$120,500
Partnership Planning	34,500
Technical Assistance	12,500
Research and Evaluation	2,000
Trade Adjustment Assistance	13,500
Economic Adjustment Assistance	37,500
Assistance to Energy Transition Communities	62,500
Regional Innovation Program Grants	45,000
STEM Apprenticeships	2,000
Total Economic Development Assistance Programs	\$330,000

Rural Economic Development.—EDA is directed to coordinate with regional development organizations to support rural economic development by addressing pressing rural issues, including the opioid epidemic, inequities in broadband access, and the need for innovation in legacy industries, including in the use and value-added manufacturing of forest products. The agreement notes that EDA can support rural economic development by advancing technologies, including precision agriculture, through public-private partnerships, collaborative research and development incubators.

EDA is further directed to consider geographic equity in making all award decisions and to ensure that rural projects are adequately represented among those selected for funding. Additionally, EDA shall continue to follow prior year direction, contained in the explanatory statement accompanying Division B of Public Law 116–260, on the following topics: “Economic Adjustment Assistance” and “New Forest Products.”

Broadband Infrastructure.—The agreement encourages EDA to prioritize broadband infrastructure projects in underserved areas and to support projects that address challenges facing rural communities, including lack of access to affordable, high-speed broadband.

Aeronautics.—The agreement encourages EDA to support communities looking to expand the presence of aeronautics-related industries.

Regional Innovation Program (RIP).—The agreement provides \$45,000,000 for RIP grants, also referred to as Build to Scale (B2S). Of this amount, no less than \$38,000,000 shall be for the i6 Challenge and no less than \$7,000,000 shall be for Seed Fund Support. EDA shall continue to ensure that RIP awards go to multiple grantees in diverse geographic areas and increase its focus on organizations and States that have not previously received funding from the program. Within funds provided for RIP, EDA shall award not less than 40 percent of grants to support rural communities.

Assistance to Energy Transition Communities.—Within the funds provided for Assistance to Energy Transition Communities, the agreement provides \$41,500,000 for assistance to coal communities, an increase of \$8,000,000 above the fiscal year 2021 enacted level and adopts the House language on this topic. Also within Assistance to Energy Transition Communities, the agreement further provides \$16,500,000 for assistance to nuclear power plant closure

communities and \$4,500,000 for assistance to biomass power plant closure communities.

Persistent Poverty.—The agreement modifies the House definition of the term “high-poverty area” to mean any census tract with a poverty rate of at least 20 percent as measured by the most recent 5-year data series available from the American Community Survey of the Census Bureau, or which is otherwise identified through the use of publicly available modeled data which support improved estimates at the lower geographic levels.

The agreement further directs EDA, and encourages other bureaus within the Department, to increase the share of investments in persistent poverty counties, high-poverty areas, and any other impoverished communities identified by the Department.

The House direction to provide a report regarding Persistent Poverty communities is not adopted. Rather, the agreement directs the Department, no later than 180 days after the enactment of this Act, to submit to the Committees a report that includes a description of efforts to improve economic conditions in persistent poverty counties and high-poverty areas, including an assessment of the economic impact of such efforts, to the extent practicable. In the case of any EDA program for which at least 10 percent of the funds allocated in fiscal year 2021 were not allocated to persistent poverty counties, such report shall explain why such benchmark was unable to be met and what steps are being taken to meet it in fiscal year 2022.

Public-Private Partnerships.—EDA is encouraged to invest in public-private partnerships that target distressed communities seeking to diversify their local workforce.

Essential Health Services.—EDA is encouraged to support economic development projects that address disparities in essential health services in rural and economically distressed communities.

Technical Assistance.—EDA is encouraged to provide technical assistance to applicants from communities affected by the decline of the manufacturing economy.

Travel and Tourism.—The tourism industry was disproportionately affected by the COVID-19 pandemic, and the agreement notes that applicants may request EDA funds for certain travel promotion activities.

Program Duplication.—EDA is directed to ensure, to the greatest extent practicable, that its grant programs avoid duplication and overlap with any other Federal grant programs.

SALARIES AND EXPENSES

The agreement includes \$43,500,000 for EDA salaries and expenses.

MINORITY BUSINESS DEVELOPMENT AGENCY

MINORITY BUSINESS DEVELOPMENT

The agreement includes \$55,000,000 for the Minority Business Development Agency (MBDA), an increase of \$7,000,000 above the fiscal year 2021 level. The agreement directs MBDA to allocate \$37,000,000 of its total appropriation toward cooperative agreements, external awards, and grants. The agreement provides

\$10,000,000 for the Broad Agency Announcements (BAA) program. MBDA is directed to focus awards on innovation and entrepreneurship, formerly incarcerated persons, global women's empowerment, virtual business development, and access to finance. Further, of the funds provided for the BAA program, \$3,000,000 shall be to continue the entrepreneurship pilot with Historically Black Colleges and Universities, Hispanic Serving Institutions, Alaska Native Serving Institutions, Native Hawaiian Serving Institutions, and Tribal Colleges and Universities initiated in fiscal year 2021.

Hiring.—The agreement notes MBDA's high vacancy rate and directs the agency to expedite its efforts to fill all outstanding vacancies.

Business Centers.—The agreement provides not less than \$21,000,000 to continue MBDA's traditional Business Center program and Specialty Project Center program.

Native American Business Development.—The agreement provides not less than \$3,000,000 for MBDA to award grants to Tribes and American Indian, Alaska Native, and Native Hawaiian populations to address barriers to economic development and directs MBDA to coordinate with the Department's Office of Native American Business Development on these efforts.

ECONOMIC AND STATISTICAL ANALYSIS

SALARIES AND EXPENSES

The agreement includes \$116,000,000 for Economic and Statistical Analysis (ESA). The increased funding level is intended to support up to \$1,000,000 to meet requirements of the Foundations for Evidence-Based Policymaking Act of 2018 (Public Law 115–435).

The agreement provides not less than \$1,500,000 to continue implementing the Outdoor Recreation Jobs and Economic Impact Act of 2016 (Public Law 114–249). For fiscal year 2022, ESA is directed to follow prior year direction adopted in Public Law 116–260, on “Outdoor Recreation Satellite Account.”

BUREAU OF THE CENSUS

The agreement includes \$1,354,000,000 for the Bureau of the Census (“Census Bureau”).

Expanded Population Data Collection.—In lieu of language in the House report, the agreement directs the Census Bureau to follow all administrative rules and procedures with respect to adding or modifying existing survey content, and to keep the Committees apprised of these efforts.

CURRENT SURVEYS AND PROGRAMS

The bill provides \$300,000,000 for the Current Surveys and Programs account. Within the funds provided, the agreement supports the establishment of the High Frequency Data Program.

Survey of Income and Program Participation (SIPP).—The agreement provides no less than the fiscal year 2021 enacted level for SIPP.

PERIODIC CENSUSES AND PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$1,054,000,000 in direct appropriations for the Periodic Censuses and Programs account. For fiscal year 2022, the Census Bureau is directed to follow prior year directives adopted in Public Law 116–260, on “Ensuring the Integrity and Security of Surveys and Data,” “Utilizing Libraries and Community Partners for Census Surveys,” and “American Community Survey.”

NATIONAL TELECOMMUNICATIONS AND INFORMATION
ADMINISTRATION

SALARIES AND EXPENSES

The agreement includes \$50,000,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA). The allocation of funding provided in the table in the House report is not adopted. Instead, the agreement provides up to \$7,500,000 for broadband mapping in coordination with the Federal Communications Commission (FCC) and no less than \$12,006,000 for Advanced Communications Research. The agreement retains language from previous years for reimbursements for the coordination of spectrum management, analysis, and operations, and directs NTIA to submit a report to the Committees no later than June 1, 2022, detailing the collection of reimbursements from other agencies. The agreement encourages NTIA, in coordination with the FCC and other appropriate stakeholders, to continue ensuring spectrum access for scientific activities, and directs NTIA to provide a report to the Committees no later than 180 days of enactment of this Act on the coordination efforts underway.

Federal Advanced Communications Test Site (FACTS).—In lieu of House language on Advanced Communications, the agreement notes the importance of the FACTS project to the goal of expanding research and development in radio frequency spectrum management. The agreement encourages NTIA to submit proposals regarding this project in future budget requests.

Next Generation Broadband in Rural Areas.—NTIA is encouraged to coordinate with other relevant Federal agencies to identify and pursue policies that enable effective and efficient broadband deployment nationwide while advancing next-generation technologies and to avoid efforts that could duplicate existing networks. NTIA is further encouraged to ensure that deployment of last-mile broadband infrastructure is targeted to areas that are currently unserved or underserved, and to utilize public-private partnerships and projects where Federal funding will not exceed 50 percent of the project’s total cost where practicable.

Policy and Technical Training.—The agreement provides up to \$289,000 for NTIA to work with the FCC and the Department of State to provide support for activities authorized under section 7 of Public Law 98–549. As part of these activities, NTIA may provide assistance and guidance in policy and technical training to impart best practices to information technology professionals from developing countries.

National Broadband Map Augmentation.—The agreement directs NTIA to continue to follow the directives related to rural Tribal broadband availability, access in unserved and underserved communities, and standardized data collection contained in the explanatory statement accompanying Division B of Public Law 116–260 under the heading “National Broadband Map Augmentation.”

Federal Spectrum Management.—The agreement directs NTIA to continue to evaluate options for repurposing spectrum for broadband in support of making 500 megahertz (MHz) of spectrum available for wireless broadband use and provide an annual update on the progress in making 500 MHz of spectrum available for commercial mobile use.

Domain Name Registration.—NTIA is directed, through its position within the Governmental Advisory Committee, to work with the Internet Corporation for Assigned Names and Numbers (ICANN) to expedite the establishment of a global access model that provides law enforcement, intellectual property rights holders, and third parties with timely access to accurate domain name registration information for legitimate purposes. NTIA is encouraged, as appropriate, to require registrars and registries based in the United States to collect and make public accurate domain name registration information.

UNITED STATES PATENT AND TRADEMARK OFFICE

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes language making available to the United States Patent and Trademark Office (USPTO) \$4,058,410,000, to be derived from offsetting fee collections estimated for fiscal year 2022 by the Congressional Budget Office. The new appropriation methodology proposed in fiscal year 2022 is roundly rejected. The agreement expects future USPTO budget requests will reflect the long-standing practice of providing USPTO with complete and unfettered access to the amount equal to the estimated patent and trademark fee collections for a given fiscal year.

Intellectual Property Attachés.—USPTO shall continue to follow the directives contained in the explanatory statement accompanying Division B of Public Law 116–260 regarding USPTO’s intellectual property attachés.

NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY

The agreement includes \$1,230,063,000 for the National Institute of Standards and Technology (NIST).

SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$850,000,000 for NIST’s Scientific and Technical Research and Services (STRS) account. House funding levels for programs in STRS are not adopted, rather the agreement provides not less than the fiscal year 2021 enacted level for: (1) Advanced Communications Research and Standards; (2) Next-Genera-

tion Semiconductor Research and Standards; (3) Greenhouse Gas Program and Urban Dome Initiative; and (4) Disaster Resilience Research Grants. The agreement further adopts: (1) House direction on Quantum Information Science and provides no less than \$49,000,000; and (2) House direction on Malcolm Baldrige Performance Excellence Program and provides no less than \$2,500,000. The agreement accepts the proposed reorganization of units within the Associate Director Laboratory Programs included in the budget request.

NIST Center for Neutron Research (NCNR) Restart.—The agreement provides sufficient funding to address costs associated with the cleanup, restart, and corrective actions related to the restart of the NCNR. NIST is reminded that timely communication with the Committees is critical to address incidents of this nature that occur outside of the budget cycle. Given the lateness in the communication, no later than 45 days after the enactment of this Act, NIST shall provide the Committees with a spending plan detailing where and which programs and/or which budgetary accounts NIST proposes to obligate, reprogram, or transfer from to pay for these costs. NIST is directed to examine all unobligated balances and prior-year recoveries first prior to proposing reductions to programmatic efforts. As the NCNR reactor is more than 50 years old and its current U.S. Nuclear Regulatory Commission license will expire in 2029, NIST is encouraged to engage with the academic and research community on an assessment of future needs.

Climate and Energy Measurement, Tools, and Testbeds.—The agreement includes an increase of no less than \$2,500,000 above the fiscal year 2021 enacted level to support the request for Climate and Energy Measurement, Tools, and Testbeds. Within these funds, NIST is encouraged to expand its work on direct air capture and carbon dioxide removal and sequestration research.

Forward-Looking Building Standards.—Within the increase provided for Climate and Energy Measurement, Tools, and Testbeds, NIST is directed to continue to coordinate work with NOAA and other appropriate Federal agencies and interested non-Federal parties, as needed, to identify a consistent and authoritative set of climate information that emphasizes forward-looking climate data and projections that should be utilized in the standard-setting process. These data shall include projections of both chronic climate impacts, such as sea level rise, and extreme weather events, such as hurricanes, floods, and droughts. This effort shall serve to aid both Federal and non-Federal bodies to develop standards, building codes, and voluntary standards that take into account increasingly extreme weather events and other climate change challenges.

Wildfires and the Wildland-Urban Interface.—The agreement adopts House direction on Wildfires and the Wildland-Urban Interface and provides an increase of up to \$1,000,000 above the fiscal year 2021 enacted level for this purpose from within the increase provided for Climate and Energy Measurement, Tools, and Testbeds.

Artificial Intelligence (AI).—The agreement provides no less than \$31,000,000 for NIST's AI research and measurement science efforts. NIST is directed to develop resources for government, corporate, and academic uses of AI to train and test systems, model

AI behavior, and compare systems. Within funding provided, NIST is encouraged to meet growing demand for the Facial Recognition Vendor Test and to improve the test as outlined in Senate Report 116–127 and adopted by Public Law 116–93.

Framework for Managing AI Risks.—NIST shall continue the multi-stakeholder process of developing a framework for managing risks related to the reliability, robustness, and trustworthiness of AI systems as directed in Public Law 116–260. No later than 180 days after the enactment of this Act, NIST shall report to the Committees on efforts to engage with stakeholders, its progress in developing a framework, and identify the timeline needed to finalize its first iteration.

Cybersecurity.—The agreement adopts House direction on Cybersecurity and provides an increase of no less than \$1,500,000 above the fiscal year 2021 enacted level, including an increase of no less than \$500,000 above the fiscal year 2021 enacted level for the National Initiative for Cybersecurity Education (NICE) Regional Alliances and Multi-stakeholder Partnerships to Stimulate (RAMPS) Cybersecurity and Workforce Development program. Additionally, NIST is encouraged to address the rapidly emerging threats to data privacy by furthering the development of new and needed cryptographic standards and technologies.

National Initiative for Improving Cybersecurity in Supply Chains.—NIST is encouraged to establish a National Initiative for Improving Cybersecurity in Supply Chains, in partnership with the private sector, to bolster the technology foundations and put in place the practical steps needed to ensure the security and integrity of the technology supply chain in accordance with Executive Order 14028.

Cybersecurity of Genomic Data.—The agreement provides up to \$2,000,000 for NIST and the National Cybersecurity Center of Excellence (NCCoE) to continue the cybersecurity of genomic data use case that was initiated in fiscal year 2021. NIST and NCCoE shall continue to partner with non-governmental entities who have existing capability to research and develop state-of-the-art cybersecurity technologies for the unique needs of genomic and biomedical-based systems.

Forensic Sciences.—The agreement provides \$20,500,000 for forensic science research, including no less than \$3,300,000 to support the Organization of Scientific Area Committees and no less than \$1,200,000 to support technical merit evaluations.

Circular Economy.—The agreement supports NIST’s work on the circular economy and provides no less than the fiscal year 2021 enacted level for these activities with plastics and other materials in the supply chain. The agreement provides up to \$1,000,000 to support further work on other classes of materials including electronics waste, battery and solar waste, and other waste streams. In addition, the agreement provides no less than the fiscal year 2021 enacted level for competitive external grants for academic institutions to investigate plastic and polymeric materials, as well as novel methods to characterize both known and newly developed materials. Such investigations should address ways to increase the strength of recycled plastics and better understand mechanical properties including tensile stress, compressive stress, thermal

properties, and nanostructure of polymeric materials that could serve as industry standards for recycled plastic products.

NIST Diversity, Equity, and Inclusion.—The agreement provides \$11,500,000 for NIST to support development of a diverse workforce and new pipelines for the next generation of innovative scientists and engineers, helping to improve diversity, inclusion, and equity in STEM careers as outlined in Executive Order 13985.

Pyrrhotite in Concrete Aggregate.—The agreement provides \$2,000,000 for NIST to continue working with academic institutions to study and develop a reliable and cost-effective standard for testing for the presence of excessive amounts of the mineral pyrrhotite in concrete used in residential, commercial, and municipal foundations and structures. NIST shall also develop a risk rating scale which quantifies the amount of pyrrhotite that causes the concrete or the concrete foundation to become structurally unsound. Specifically, the risk rating scale should provide guidance to homeowners, local, state, and federal governments, the private sector, and the general public as to what quantities of pyrrhotite may exist in the concrete without significantly weakening the material. NIST is also directed to work with academic partners to investigate mitigation strategies for concrete structures that may not yet have developed cracking but contain pyrrhotite. Mitigation research may include both laboratory research and/or research on properties in situ.

Regenerative Medicine Standards.—The agreement adopts House direction on Regenerative Medicine Standards and provides \$2,500,000.

Public Health Risk to First Responders.—The agreement includes \$3,000,000 for NIST to continue the study of new and unused personal protective equipment worn by firefighters to determine the prevalence and concentration of PFAS in the equipment, as well as the extent to which PFAS may be released from the gear during normal wear and under what conditions.

Composites.—NIST is encouraged to work with academic institutions, in collaboration with State and industry partners, to develop new composite technologies to solve problems in the manufacturing space and related materials industries. NIST is also encouraged to work with relevant Federal agencies to aggregate existing standards and test methods for the use of composites and other innovative materials in infrastructure, as well as to identify barriers to broader market adoption.

Unmanned Aerial Vehicle (UAV) Challenges and Credentialing.—The agreement provides no less than the fiscal year 2021 enacted level for NIST's UAV research challenges and credentialing program. Within the funding provided, NIST shall continue to partner with academic institutions to execute UAV prize-based challenges and to establish the measurements and standards infrastructure necessary for credentialing remote pilots.

Voluntary Voting System Guidelines.—The agreement commends NIST for the release of Voluntary Voting System Guidelines 2.0. NIST is encouraged to continue advanced research to ensure that voting machines are secure and accessible to all eligible voters.

NIST External Projects.—The agreement includes \$37,598,000 for NIST External Projects as detailed in the table below. NIST is di-

rected to provide the amounts listed in the table, and NIST shall perform the same level of oversight and due diligence as with any other external partners.

NIST EXTERNAL PROJECTS

Recipient	Project	Amount
CNY Defense Alliance	Smart Technology Lab Initiative	\$200,000
Colorado State University	Soil Carbon Sequestration Research Project	\$1,000,000
Emporia State University	Cyber Security Center	\$1,500,000
Mississippi State University	Training and Standards for UAS Certification	\$4,000,000
Pittsburg State University	Polymer and Plastic Research at the National Institute for Materials Advancement.	\$3,000,000
Plymouth State University	Technology and Equipment Upgrades	\$1,000,000
Rensselaer Polytechnic Institute	Nuclear Magnetic Resonance Facility Enhancement	\$984,000
Roux Institute at Northeastern University	Advanced and Additive Manufacturing Center Development.	\$1,000,000
The University of Mississippi	Core Testing Facility for Graphene and Graphene-Like Materials.	\$2,000,000
University at Buffalo	High-performance Computing Drug Discovery Initiative.	\$1,000,000
University of Charleston (WV)	Advanced Biomedical Instrumentation and Research Training.	\$385,000
University of Colorado	JILA Laboratory Equipment	\$950,000
University of Delaware	Biopharmaceutical Manufacturing Innovation Equipment.	\$3,000,000

INDUSTRIAL TECHNOLOGY SERVICES

The agreement includes \$174,500,000 for Industrial Technology Services, including \$158,000,000 for the Hollings Manufacturing Extension Partnership (MEP), an increase of \$8,000,000 above the fiscal year 2021 enacted level. The agreement further provides \$16,500,000 for the Manufacturing USA Program, of which up to \$1,000,000 may be used to support the U.S. Food and Drug Administration's participation in biomanufacturing innovation institutes and \$10,000,000 shall be used for the continuation of the existing NIST-funded institute. The agreement modifies House language on MEP Supply Chain Database to encourage NIST to support these activities from within available funds.

CONSTRUCTION OF RESEARCH FACILITIES

The agreement includes \$205,563,000 for Construction of Research Facilities.

NIST Extramural Construction.—The agreement includes \$125,563,000 for NIST Extramural Construction projects as detailed in the table below. NIST is directed to provide the amounts listed in the table, and NIST shall perform the same level of due diligence as with any other external partners.

NIST EXTRAMURAL CONSTRUCTION

Recipient	Project	Amount
Burlington Technical Center	Burlington Aviation Technology Center Facility	\$10,000,000
Fort Hays State University	Renovation of Forsyth Library	\$17,000,000
Kansas State University Salina Aerospace and Technology Campus.	Acquisition and Renovation of Aerospace Simulation Center.	\$4,750,000
Missouri State University	Ozarks Health and Life Science Center	\$20,000,000
University of Maine	Green Engineering and Materials Research Factory of the Future.	\$10,000,000
University of New Hampshire	Jackson Estuarine Lab Expansion and Renovation ...	\$3,813,000
University of South Alabama College of Medicine	Renovation and Expansion of Research Facilities	\$60,000,000

NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

Fire Weather.—House language on Fire Weather is modified to encourage NOAA to advance its work on fire weather across the agency within available funds. Further, any and all progress in understanding and modeling fire weather accomplished with supplemental funds provided in the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117–58) and the Disaster Relief Supplemental Appropriations Act, 2022 (Public Law 117–43), shall be incorporated into operational fire weather products as expeditiously as possible to protect life and property.

Enterprise Infrastructure Solutions (EIS).—The agreement provides the various requested increases for EIS.

NOAA Commissioned Officer Corps.—The agreement accepts the administration’s proposal to consolidate funding for the NOAA Commissioned Officer Corps and its supporting functions into a single Program, Project, or Activity (PPA) within the Office of Marine and Aviation Operations.

OPERATIONS, RESEARCH, AND FACILITIES

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes a total program level of \$4,423,843,000 under this account for NOAA’s coastal, fisheries, marine, weather, satellite, and other programs. This total funding level includes \$4,157,311,000 in direct appropriations, a transfer of \$243,532,000 from balances in the “Promote and Develop Fishery Products and Research Pertaining to American Fisheries” fund, and \$23,000,000 derived from recoveries of prior year obligations.

The following narrative descriptions and tables identify the specific activities and funding levels included in this Act.

National Ocean Service (NOS).—\$637,700,000 is for NOS Operations, Research, and Facilities.

NATIONAL OCEAN SERVICE

Total, National Ocean Service, Operations, Research, and Facilities	\$637,700

Navigation Response Teams.—The agreement provides full operational funding for NOAA's Navigation Response Teams within Navigation, Observations and Positioning.

Ocean Mapping and Coastal Charting.—The agreement provides no less than the fiscal year 2021 enacted level for NOS to continue coordinating and implementing an interagency mapping, exploration, and characterization strategy for the U.S. Exclusive Economic Zone, as well as the Arctic and sub-Arctic shoreline and nearshore of Alaska consistent with prior year direction adopted in Public Law 116–260. In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$5,000,000 for coastal and nearshore mapping of Alaska.

The agreement notes that the IIJA provides \$492,000,000 over five years for coastal and inland flood and inundation mapping and forecasting, among other purposes, some of which may be obligated for ocean mapping and charting.

Physical Oceanographic Real-Time System (PORTS) Program.—The agreement provides no less than the fiscal year 2021 enacted level for PORTS.

Precision Navigation.—The agreement adopts prior year direction on Precision Navigation, adopted by Public Law 116–260, encouraging NOAA to commence additional precision navigation projects.

Research and Technology Development.—The agreement supports the efforts of the Joint Hydrographic Center funded through Hydrographic Research and Technology Development and provides an additional \$1,000,000 above the fiscal year 2021 enacted level for additional mapping and charting research and development activities demonstrating the use of autonomous vessels for the collection of hydrographic data as well as for collaborative demonstration, testing, evaluation, and research-to-operations transition of new technology. In addition, the agreement provides \$2,000,000 for NOAA to continue supporting joint ocean and coastal mapping centers in

other areas of the country as authorized by the Omnibus Public Land Management Act of 2009 (Public Law 111–11).

Coastal Survey Data.—NOS shall submit a report to the Committees, no more than one year after enactment of this Act, on progress it has made toward conducting comprehensive coastal survey work in Alaska consistent with prior year direction adopted in Public Law 116–260.

Hydrographic Surveys and Contracts.—For fiscal year 2022, NOS shall follow prior year direction adopted in Public Law 116–260, on the following topics: “Hydrographic Surveys and Contracts,” “Hydrographic Charting in the Arctic,” and “Seafloor Mapping.”

Integrated Ocean Observing System (IOOS).—The agreement provides an increase of \$500,000 to IOOS, including no less than \$2,500,000 to continue the five IOOS Harmful Algal Bloom (HAB) pilot programs initiated in fiscal year 2020 and to continue to support the HAB monitoring and detection test bed in the Gulf of Mexico initiated in fiscal year 2021. NOS is encouraged to: (1) work to complete and operate the National High Frequency Radar System to close key gaps in the U.S. surface current mapping system; (2) expand the regional underwater profiling gliders program; and (3) increase support to maintain the buoy systems supported by IOOS and to continue to add additional buoys in regional priority areas.

The agreement notes that the IIJA provides \$100,000,000 in operations funding over five years for improved and enhanced coastal, ocean, and Great Lakes observing systems, some of which may be obligated for IOOS.

Coastal Science, Assessment, Response and Restoration.—The agreement provides no less than the fiscal year 2021 enacted level for operations and staffing of the Gulf of Mexico Disaster Response Center. Additionally, the recommendation includes \$1,000,000 above the fiscal year 2021 enacted level for the Disaster Preparedness Program.

National Centers for Coastal Ocean Science (NCCOS).—The agreement provides \$50,000,000 for NCCOS, an increase of \$3,000,000 above the fiscal year 2021 enacted level. House language on Sea Level Rise is modified to encourage NOAA to further these efforts across NOS, including within the increase for NCCOS.

NCCOS is encouraged to collaborate with the Hydrology and Water Resources Cooperative Institute (CI) funded by the National Weather Service on research priorities and activities. Therefore, the agreement does not accept the proposed transfer from Coastal Science, Assessment, Response and Restoration to Competitive Research.

Harmful Algal Blooms (HABs).—The agreement provides \$21,500,000 for Competitive Research, including not less than \$13,500,000 for HABs research, and adopts House direction for these funds. From within these funds, the agreement also provides up to \$2,000,000 to explore innovative methods to increase monitoring and detection of HABs in freshwater systems by partnering with a consortium of academic institutions with expertise in unmanned aircraft systems and to accelerate deployment of effective methods of intervention and mitigation to reduce the frequency, severity, and impact of HAB events in freshwater systems, including the Great Lakes ecosystem. NOS is encouraged to expand its col-

laboration with coastal States across the country to address HABs in the marine environment.

Blue Carbon.—House language on Blue Carbon is modified to encourage NOAA to undertake this research.

Marine Debris.—The IIJA provides \$150,000,000 over five years for marine debris assessment, prevention, mitigation, and removal, including \$30,000,000 in fiscal year 2022. In lieu of House language on Marine Debris, NOS is encouraged to prioritize funding for projects that support cleanup efforts within marine sanctuaries or marine national monuments, projects in rural and remote communities that lack infrastructure to address their marine debris problems, and projects that address the impact of marine debris in freshwater systems that are a source of drinking water. NOS is also encouraged to support the programs authorized in the Save our Seas 2.0 Act (Public Law 116–224).

Integrated Water Prediction (IWP).—Within funding provided for Coastal Zone Management and Services, the agreement provides no less than the fiscal year 2021 level for NOS to continue to collaborate on the development and operation of the IWP program with the National Weather Service, in addition to work funded in the IIJA.

Improving Coastal Resilience.—Within the increased funding for Coastal Zone Management and Services, NOAA is encouraged to increase engagement, service delivery, and training to equip coastal communities, especially those with underserved populations, with improved capacity to address coastal hazards. In addition, NOAA is encouraged to translate climate data and information into tools, services, and training that can be used for decision-making at a community level.

Digital Coast Act.—The agreement provides up to \$3,000,000 for implementation of the Digital Coast Act (Public Law 116–234) and activities to support it.

Regional Data Portals.—The agreement provides \$2,500,000 for the regional ocean partnerships (ROPs), or their equivalent, to enhance their capacity for sharing and integration of Federal and non-Federal data to support regional coastal, ocean, and Great Lakes management priorities. In addition, the IIJA provides \$56,000,000 over five years to enhance ROPs, or their equivalent, including \$11,200,000 in fiscal year 2022.

National Oceans and Coastal Security Fund (NOCSF).—The agreement provides \$34,000,000 for the NOCSF, also known as the National Coastal Resilience Fund. In addition, the IIJA provides \$492,000,000 over five years for the NOCSF, including \$98,400,000 in fiscal year 2022.

Coral Reef Program.—The agreement provides no less than the fiscal year 2021 enacted level for NOS to work with academic institutions and non-governmental research organizations to establish innovative restoration projects to restore degraded coral reefs, such as NOAA’s “Mission: Iconic Reef” initiative to restore coral reefs within the Florida Keys National Marine Sanctuary. In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$2,986,000 for four coral projects and notes that additional funding is available for these activities through the IIJA.

National Estuarine Research Reserve System (NERRS).—The agreement notes the recent expansion of NERRS to a 30th site and provides an increase of \$1,200,000 above the fiscal year 2021 enacted level. The agreement further encourages the continued expansion of the network.

National Marine Sanctuaries Designations.—The agreement provides an increase of \$4,500,000 for Sanctuaries and Marine Protected Areas and adopts the House direction on National Marine Sanctuaries Designations. Within the increase, NOS is encouraged to continue the expansion of the network of protected marine and Great Lakes areas.

National Marine Fisheries Service (NMFS).—\$1,015,955,000 is for NMFS Operations, Research, and Facilities.

For fiscal year 2022, NMFS shall follow prior year direction and, if applicable, funding levels adopted by Public Law 116–260 on the following topics: “Promote and Develop Fisheries Products and Research Funding Transfer,” “Saltonstall-Kennedy Grant Program,” “NMFS Staffing,” “Hawaiian Monk Seal and Sea Turtles,” “False Killer Whales,” “Electronic Monitoring and Reporting,” “Northwest Fisheries Ecosystem Monitoring System,” “American Lobster and Jonah Crab Research,” “Plankton Recorder Survey,” “Cooperative Research,” “International Fisheries Management Coordination,” “Bycatch Reduction,” and “Regional Pilots in Sustainable Aquaculture.” Further, the agreement provides no less than \$4,000,000 for the John H. Prescott Marine Mammal Rescue Assistance Grant Program and also adopts House language on “Foreign Fisheries” and provides \$750,000 for this purpose.

Offshore Wind Energy.—The agreement provides no less than \$6,250,000 for the requested initiatives to support the growth of offshore wind energy, including no less than: \$2,000,000 in Marine Mammals, Sea Turtles, and Other Species; \$3,000,000 in Fisheries and Ecosystem Science Programs and Services; and \$1,250,000 in Fisheries Management Programs and Services. Further, within the increase provided for Fish Data Collections, Surveys, and Assessments, NMFS shall prioritize efforts to mitigate impacts to scientific surveys of the development of offshore wind facilities.

Transition to Climate-Ready Fishery Management.—The agreement modifies House language on “Transition to Climate-Ready Fishery Management” to encourage NMFS to adapt its fishery management practices to the reality of the changing climate and to deliver the climate-informed advice needed for effective marine resource management in rapidly changing oceans.

NMFS Project Consultations.—The agreement provides no less than the fiscal year 2021 enacted level for NMFS to address the backlog of consultation requests under the Endangered Species Act (ESA) (Public Law 93–205), the Marine Mammal Protection Act (MMPA) (Public Law 92–522), and Essential Fish Habitat.

In addition, the IJA provides \$20,000,000 over five years for consultations and permitting related to the ESA, the MMPA, and Essential Fish Habitat, including \$4,000,000 in fiscal year 2022.

North Atlantic Right Whales (NARW).—The agreement provides \$16,000,000 above the fiscal year 2021 enacted level within Marine Mammals, Sea Turtles, and Other Species for NARW-related research, monitoring, and conservation efforts. In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$815,000 for two projects regarding lobster industry outreach about NARW protections. NOAA shall continue to support disentanglement, stranding response, and necropsy activities, and is encouraged to develop habitat and distribution models and long-term tagging methods. NOAA is directed to support monitoring efforts, including aerial surveys, vessel surveys, and passive acoustic monitoring in the waters of the Atlantic Ocean that is equivalent to or greater than the efforts supported by the fiscal year 2021 enacted level, particularly in the Gulf of Maine and other areas where there are data gaps on NARW habitat or increased risk from human activities, including vessel traffic. Within increased support provided, no less than \$1,000,000 above the fiscal year 2021 enacted level shall be to support pilot programs to develop, refine, and field test innovative lobster and other fishing gear technologies as described in Senate Report 116–127 and codified in Public Law 116–93.

Within increased funding provided, \$14,000,000 shall be provided to States through the Atlantic States Marine Fisheries Commission to cover costs incurred by the fishing industry to comply with the final 2021 rule to modify the Atlantic Large Whale Take Reduction Plan (ALWTRP) (FR–210827–0171), as well as additional uses outlined below. This assistance may be used by the relevant States to help defray the cost of compliance with new regulations, including for gear modification, configuration, and marking within the Northeast lobster and Jonah crab fisheries, both in Federal and State waters. Additional eligible uses of the funds may include imple-

menting electronic tracking requirements within the Northeast lobster fishery and research to inform future management actions, including in preparation for potential subsequent modifications to the ALWTRP. Funding to the States shall be proportional to the number of active federally permitted lobster trap harvesters in each State, and no State with at least 20 active federally permitted lobster trap harvesters shall receive less than 4 percent of the total funding.

NOAA shall continue to work with Canada to develop risk reduction measures that are comparable in effectiveness for both vessels and fisheries, and to incorporate Canadian fishery measures, Canadian vessel restrictions, and U.S. vessel restrictions into the evaluations under the Conservation Framework, as soon as possible. NOAA is also encouraged to improve regional management efforts by including pertinent States and interstate bodies in bilateral engagements with Canadian officials regarding coordinated efforts to enhance NARW recovery.

Seafood Industry Research and Assessment.—NMFS shall work with partners in the Northeast lobster industry, including all relevant States and the Atlantic States Marine Fisheries Commission, to closely monitor and assess economic trends within the industry subsequent to the final 2021 rule to modify the ALWTRP (FR-210827-0171). NOAA shall report its findings to the Committees, to include a cumulative estimate of any economic losses incurred by industry that are directly attributable to the final rule to modify the ALWTRP, not later than the end of fiscal year 2022.

Southern Resident Killer Whales.—The agreement provides not less than \$2,000,000 across NMFS to support the recovery of the Southern Resident killer whales.

Sea Turtle Stranding Response and Rehabilitation.—NOAA is encouraged to provide direct support to institutions and organizations permitted to provide sea turtle stranding response and/or rehabilitation, including through partnerships with capable university veterinary schools.

Sea Turtle Conservation.—NOAA is directed to maintain adequate capacity of the sea turtle stranding and rehabilitation program in existing NMFS facilities until the agency can confirm that these critical activities have been fully assumed by partner organizations.

Atlantic Salmon.—NOAA is directed to enable a broader use of funds for restoration of diadromous species and habitats that support salmon recovery by providing ecological functions critical to the Atlantic salmon lifecycle. NOAA is encouraged to partner with States to develop fish passage performance standards for sea-run species and prioritize project selection, funding and staff resources considering those benefits.

Northeast Groundfish Research.—Within funding provided for Fisheries and Ecosystem Science Programs and Services, the agreement provides \$2,500,000 for groundfish research for purposes consistent with prior year direction adopted by Public Law 116-260. Within funding provided, \$500,000 shall be obligated to continue ongoing work on implementing the recommendations set forth in the New England Fishery Management Council's Fishery Data for Stock Assessment Working Group Report, as directed in Public

Law 116–93, and to continue ongoing work on implementing the recommendations set forth in the 2020 report of the Groundfish Trawl Task Force, as directed in Public Law 116–260. This funding is intended to support new and innovative research, including by the Northeast Fisheries Science Center, separately by, or in collaboration with, outside partners such as higher education institutions or State agencies, and in cooperation with the fishing industry.

Fisheries Surveys.—NMFS is directed to take the necessary steps to ensure that historical levels of survey coverage are achieved in fiscal year 2022 and the agreement provides an additional \$8,000,000 above the fiscal year 2021 enacted level within Fisheries Data Collections, Surveys, and Assessments for this purpose. NMFS is directed to contract no fewer than six surveys for Alaskan bottom trawl surveys and cooperative research, including a survey to capture movement of fish populations out of historic survey areas, and no fewer than four vessels for West Coast groundfish surveys. This amount also fully funds both Northeast Area Monitoring and Assessment Program (NEAMAP) trawl surveys, including the Maine-New Hampshire Inshore Trawl Survey, as well as an acoustic pollock survey in the Bering Sea.

Fisheries Information Networks.—The agreement provides no less than the fiscal year 2021 enacted level for both Fisheries Information Networks and Fisheries Information Systems grants.

State Management for Recreational Red Snapper.—The agreement reiterates past direction that successful implementation of Reef Fish Amendment 50: State Management for Recreational Red Snapper shall be a top priority for NOAA and that such efforts should occur in coordination with the Gulf States. Within the amount provided for Fisheries Data Collections, Surveys, and Assessments, the agreement provides not less than \$5,000,000 for NMFS to continue to work with the Gulf States to ensure successful implementation of State management for red snapper. The agreement supports the actions of the Gulf of Mexico Fishery Management Council to (1) delay implementation of State specific calibration until 2023 and (2) request that NMFS contract with a non-governmental entity to assess whether the Marine Recreational Information Program or the catch data programs administered by the Gulf States provide the best estimates of recreational red snapper catch in the Gulf of Mexico, as directed in Public Law 116–260. The agreement supports full integration of the Great Red Snapper Count data and Gulf States catch data into the upcoming red snapper research track stock assessment to be completed in 2023 and in the operational assessment that will follow in 2024, so that the Gulf of Mexico Fishery Management Council can appropriately use this new abundance and more targeted catch data when making management decisions regarding red snapper.

Data Collection for Recreational Fisheries.—The agreement provides up to the fiscal year 2021 enacted level to support collaborative programs focused on improving recreational fishery data collection, as articulated in sections 102, 201, and 202 of the Modernizing Recreational Fisheries Management Act of 2018 (Public Law 115–405). This funding should focus on assisting States to establish, test, and implement more reliable recreational fishery data

collection tools, such as smartphone applications or text messaging supplements.

South Atlantic Reef Fish.—The agreement adopts House language on South Atlantic Reef Fish, including by providing no less than \$1,800,000 for this purpose. NOAA is directed to consider conducting a multiyear, agency-independent study to evaluate the selectivity and potential bias of different gears used to assess reef fish populations in the South Atlantic region.

Chesapeake Bay Atlantic Menhaden Abundance.—NMFS is encouraged to collect Atlantic menhaden abundance data in the Chesapeake Bay in partnership with the Atlantic States Marine Fisheries Commission and relevant States.

Northeast Multispecies Fishery.—The agreement rejects the proposed cut to Observers and Training and provides not less than \$5,500,000 for grants to the fishing industry to fully cover At-Sea Monitoring industry costs, including sector costs, in the New England groundfish fishery. Any additional At-Sea Monitoring costs, including shore side infrastructure, observer training, observer equipment and gear, electronic monitoring, and NOAA support costs shall, to the extent practicable, be included in subsequent budget requests, starting in fiscal year 2023. NOAA shall ensure the costs and benefits of At-Sea Monitoring are commensurate with the gross revenues of vessels in the fishery. Before obligating any of these funds, NOAA shall provide the Committees with a detailed spending plan.

North Pacific Observer Coverage.—Within Observers and Training, the agreement provides no less than \$7,500,000 for the North Pacific Observers Program. NOAA is encouraged to support the transition to electronic monitoring and reporting and to identify and implement any efficiencies that would mitigate the cost burden shouldered by small vessel operators in the fixed-gear fleet.

For-Hire Electronic Monitoring and Reporting Implementation.—The agreement provides no less than \$1,500,000 within Fisheries Management Programs and Services and \$1,500,000 within Enforcement to support the continued, timely implementation of electronic logbooks for the federally permitted charter-for-hire sector in the Gulf of Mexico.

Video Review of Electronic Monitoring Data.—House language on “Video Review of Electronic Monitoring Data” is modified to, within funding provided for Fisheries Management Programs and Services, provide no less than \$400,000 for the video review of the West Coast groundfish electronic monitoring data.

Gulf of Mexico Shrimp Fishing Effort.—NMFS is directed, in consultation with the Gulf of Mexico Fishery Management Council and shrimp industry stakeholders, to continue the development and implementation of the newly approved Electronic Logbook program (ELB) that archives vessel position and automatically transmits scientific shrimp fishing effort data via cellular service to NMFS. NMFS is further directed to submit a report to the Committees not more than 180 days after enactment of this Act outlining progress made to develop and implement the new ELB program.

Pacific Bluefin Tuna.—The agreement modifies House language on Pacific Bluefin Tuna to encourage this work within available resources.

Predator Control Pilot Program.—NOAA is encouraged to conduct a predator control pilot program on the Tuolumne River funded by the Modesto Irrigation District, the Turlock Irrigation District, and the San Francisco Public Utilities Commission. In implementing the program, NOAA should work with appropriate State agencies and consider and, as appropriate, adopt the implementation findings from the Stanislaus program.

Marine Aquaculture.—Within NMFS Aquaculture, the agreement provides \$500,000 above the fiscal year 2021 enacted level for NOAA to upgrade equipment and to increase the amount of staff focused on aquaculture at all NMFS fisheries science centers, including to return staffing levels to those in fiscal year 2010 at the Northeast and Northwest Fisheries Science Centers.

Oyster Aquaculture, Research, and Restoration.—The agreement provides up to \$10,000,000 agency-wide for ongoing research on shellfish as described in the House report. No less than the fiscal year 2021 enacted level is provided for ongoing research on off-bottom Eastern oyster production. NMFS is encouraged to support regional partnerships with coastal research institutions.

Salmon Management Activities.—The agreement provides no less than \$39,500,000 for Pacific Salmon Treaty (PST) activities. Before funding may be obligated, NOAA is directed to provide the Committees with a detailed spending plan consistent with prior year direction adopted in Public Law 116–260. Further, NOAA is encouraged to minimize, to the extent practicable, the amount of funds withheld for administrative expenses.

The agreement notes that projects supporting PST obligations may be eligible for support through the Pacific Coastal Salmon Recovery Fund, including the additional \$34,400,000 provided by the IIJA for fiscal year 2022.

The agreement also provides an increase of no less than \$1,000,000 above the fiscal year 2021 enacted level for Mitchell Act hatchery programs.

Little Port Walter Research Station and Salmon Hatchery.—The agreement provides no less than the fiscal year 2021 enacted level within Fisheries Management Programs and Services to continue Chinook salmon production at rearing rates consistent with those produced between 2016 and 2020 at the Little Port Walter Research Station.

Understanding Ocean Uses.—Upon adoption of the Draft Addendum XXIX to Amendment 3 to the Interstate Fishery Management Plan for American Lobster by the Atlantic States Marine Fisheries Commission, NMFS is encouraged to implement the addendum through the Atlantic Coastal Fisheries Cooperative Management Act (Public Law 103–206) before the start of the 2023 fishing year.

Illegal, Unregulated, and Unreported (IUU) Fishing.—The agreement modifies House language to provide no less than the fiscal year 2021 enacted level to combat IUU fishing. NMFS is encouraged to further test and evaluate the effectiveness of U.S. commercial space-based radio frequency data collection capabilities to track foreign vessels engaged in IUU fishing activities in the U.S. Exclusive Economic Zone and other remote maritime regions of economic, environmental, or national security significance.

Seafood Import Monitoring Program.—NOAA is encouraged to pursue the most efficient, effective, and sustainable mechanisms to determine a chain of custody for fish or fish products, and to improve systems used to identify and bar fish or fish products sourced using convict, child, forced, or indentured labor. NOAA is encouraged to consult with the Department of Homeland Security, the Department of Labor, and other relevant agencies to develop a strategic plan to develop, mature, and adopt artificial intelligence and machine learning technologies to detect imports of fish and fish products at risk of being associated with IUU fishing.

Cooperative Agreements with States.—The agreement provides not less than \$18,500,000 for cooperative enforcement agreements with States, including for execution of Joint Enforcement Agreements (JEAs), which are critical for proper surveillance and enforcement of our Nation's fisheries laws.

No less than 180 days after enactment of this Act, NOAA is directed to document and report to the Committees on the needs of its partner State and territorial law enforcement agencies, in particular with regard to shortages of trained personnel, maintaining maritime domain awareness, formal operational agreements with other Federal law enforcement agencies, access to advanced technological enforcement tools, and other issues as warranted.

Northeast Lobster Enforcement.—The agreement provides no less than the fiscal year 2021 enacted level for NMFS, in partnership with the relevant States, JEA partner agencies, and the Atlantic States Marine Fisheries Commission, to continue the pilot offshore lobster enforcement program.

Habitat Restoration.—The agreement provides \$12,244,000 through NOAA Community Project Funding/NOAA Special Projects for nine habitat restoration projects. Further, the agreement notes that the IIJA provides a total of \$891,000,000 for restoring marine, estuarine, coastal, or Great Lakes ecosystem habitat and restoring fish passage, including \$178,200,000 in fiscal year 2022.

Chesapeake Bay Oyster Restoration.—The agreement provides no less than the fiscal year 2021 enacted level within Habitat Conservation and Restoration to support oyster restoration in the Chesapeake Bay.

Seafood Inspection Program.—The agreement notes that the Seafood Inspection Program is intended to operate under a fee-for-service model. As such, it is expected that fee levels shall be set in a manner to ensure that they cover all NOAA's costs without any reliance on appropriated funds.

Office of Oceanic and Atmospheric Research (OAR).—\$599,448,000 is for OAR Operations, Research, and Facilities.

The agreement provides no less than the fiscal year 2021 enacted level for Arctic research funded under Climate Laboratories and Cooperative Institutes and Regional Climate Data and Information. House language regarding Deep Seabed Mining is not adopted. OAR is encouraged, within available resources, to increase its focus on methane emissions, consistent with House direction.

Climate Change Adaptation and Resilient Infrastructure.—The agreement adopts House language regarding Climate Change Adaptation and Resilient Infrastructure and includes \$10,000,000 to provide information and services to support the Nation's efforts to prepare for and adapt to the impacts of climate change. As part of this effort, NOAA shall initiate the development of a global-nested high-resolution atmospheric model which will allow for the delivery of more accurate and geographically focused climate services across all timescales.

In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$13,914,000 for climate science, adaptation, and resilience projects.

Atmospheric Baseline Observatories (ABOs).—The agreement adopts House direction regarding ABOs and provides an increase of \$2,000,000 above the fiscal year 2021 enacted level. Some ABOs and other Global Monitoring Laboratory sites are in locations vulnerable to natural hazards, therefore, NOAA is also encouraged to consider how to provide continuity of atmospheric observations in a cost-effective manner, and to submit its findings to the Committees, along with proposals to address the issue.

Changing Hydroclimatology of the Western United States.—As part of NOAA's focus on expanding climate services to inform climate adaptation efforts, NOAA, in collaboration with the Inter-

agency Integrated Water Cycle Group (IWCG) of the U.S. Global Change Research Program (USGCRP), including the National Aeronautics and Space Administration (NASA), the Department of the Interior, the U.S. Army Corps of Engineers, the Council on Environmental Quality, and other Federal agencies, as appropriate, shall conduct a study of hydroclimatological changes in the major river basins of the Western United States over the next 30 years.

Not later than 24 months after enactment of this Act, NOAA shall submit a report to the Committees on the results of the study, which shall include, to the extent possible, methodological evaluation and probabilistic modeling of future changes in the volumes of water naturally available and natural water cycle in the different regions of the West; taking into consideration the impacts of rising temperatures, changes to snowpack, hydrologic extremes, changes in the timing and quantity of runoff, and other factors, as deemed appropriate. The report shall also include a discussion of associated impacts on ecosystems, aquatic biology, and food production.

Further, not later than 270 days after the enactment of this Act, NOAA is directed, in collaboration with the Federal agencies listed above, to develop and deliver to the Committees a plan to establish a long-term research and monitoring program to improve the understanding of the hydroclimatological changes in the major river basins of the Western United States. This program shall be envisioned to publish updates to the study requested above at a cadence of 5-year intervals. The plan shall also identify sources of uncertainty in the hydroclimatological outlook for the Western United States and enumerate initiatives that associated Federal agencies might undertake to improve future studies.

To support this work on western water across timescales, as well as to advance the work on Sub-seasonal to Seasonal (S2S) weather prediction, the agreement provides an increase of \$2,000,000 above the fiscal year 2021 enacted level to Climate Competitive Research.

Earth's Radiation Budget.—The agreement provides no less than the fiscal year 2021 enacted level for continued modeling, assessments, and, as possible, initial observations and monitoring of stratospheric conditions and the Earth's radiation budget, including the impact of the introduction of material into the stratosphere from changes in natural systems, increased air and space traffic, and the assessment of solar climate interventions. NOAA is encouraged to develop an interagency program, in coordination with the Office of Science and Technology Policy (OSTP) and other relevant agencies, to manage near-term climate hazard risk and coordinate research in climate intervention and to coordinate with NASA for long-range manned and autonomous in-situ atmospheric observational capabilities. OAR is also directed, in coordination with NASA and the Department of Energy (DOE), as appropriate, to improve the understanding of the impact of atmospheric aerosols on radiative forcing, as well as on the formation of clouds, precipitation, and extreme weather.

NOAA is directed to support OSTP, in coordination with DOE and the National Science Foundation (NSF), to provide a five-year plan, not later than 180 days after enactment of this Act, with a scientific assessment of solar and other rapid climate interventions in the context of near-term climate risks and hazards. The report

shall include: (1) the definition of goals in relevant areas of scientific research; (2) capabilities required to model, analyze, observe, and monitor atmospheric composition; (3) climate impacts and the Earth's radiation budget; and (4) the coordination of Federal research and investments to deliver this assessment to manage near-term climate risk and research in climate intervention.

Climate Adaptation Partnerships.—The agreement provides \$2,500,000 above the fiscal year 2021 enacted level within Regional Climate Data and Information to greatly expand OAR's Climate Adaptation Partnerships (CAPs), formerly known as the Regional Integrated Sciences and Assessments program, to help communities plan for and build lasting and equitable climate resilience.

VORTEX-USA.—The agreement provides no less than \$7,500,000 for VORTEX-USA, including no less than \$7,000,000 for VORTEX-SE.

Earth Prediction Innovation Center (EPIC).—Within funding for the U.S. Weather Research Program, the agreement provides no less than the fiscal year 2021 enacted level for EPIC, as authorized by the NIDIS Reauthorization Act of 2018 (Public Law 115-423).

Next Generation Phased Array Weather Radars.—Within Tornado Severe Storm Research / Phased Array Radar, the agreement provides an increase of \$2,500,000 above the fiscal year 2021 enacted level, as requested, to develop advanced phased array weather radar systems and to strengthen NOAA's collaboration with current CI partners with expertise in this area. This investment should also work in parallel to provide complementary research and development to meet National Weather Service requirements and to reduce long-term operations and maintenance costs of the future national radar network. Further, no later than 270 days after enactment of this Act, NOAA is directed, through its intramural radar research center of excellence at the National Severe Storm Lab and its affiliated academic partner, to provide a report on the feasibility and capability for a single-face rotating phased array radar to improve NOAA's weather prediction.

National Sea Grant College Program.—The agreement provides \$76,000,000 for the National Sea Grant College Program, which includes an increase of no less than \$2,000,000 above the fiscal year 2021 enacted level for the base program that funds universities in States and Territories around the country.

In addition, the IIJA provides \$50,000,000 over five years for marine debris prevention and removal through the National Sea Grant College Program, including \$10,000,000 in fiscal year 2022.

Coastal Resilience.—Within funding provided for the Sea Grant program, NOAA is encouraged to increase coastal resilience activities across all State programs. This may include recruitment of resilience-focused staff and enhancing research, engagement, decision support, and project implementation. NOAA is encouraged to prioritize work to enhance the coastal resilience of remote communities most at-risk for natural disasters and chronic events, with a priority given to challenges faced by Tribal, indigenous, or economically disadvantaged communities.

American Lobster Research.—Within funding for the Sea Grant program, the agreement provides \$2,000,000 for partnerships among State agencies, academia, and industry to address American

lobster research priorities in the Gulf of Maine, Georges Bank, and southern New England. Research should focus on development of gear technologies, including subsea gear location field work and operationalizing technology to the scale of commercial fisheries, as well as other relevant topics necessary to help industry comply with the requirements set forth in the final 2021 rule to modify the ALWTRP (FR-210827-0171).

Contaminants of Emerging Concern.—The agreement provides \$1,000,000 within the Sea Grant program to partner with State agencies and academic institutions to research and monitor contaminants of emerging concern that may cause ecological or human health impacts, including PFAS, in coastal and estuarine waters.

Local and Regional Seafood Systems.—House language and funding for “Local and Regional Seafood Systems” is not adopted, instead this initiative is funded through a NOAA Community Project Funding/NOAA Special Project.

Highly Migratory Species (HMS).—House language regarding HMS is modified to encourage Sea Grant to collaborate with NMFS on HMS research within available funds, for Atlantic, Pacific, and Gulf of Mexico HMS.

Young Fishermen Training.—NOAA is encouraged to provide training, education, outreach, and technical assistance for young fishermen through the Sea Grant program as authorized under the Young Fishermen’s Development Act (Public Law 116–289).

Ocean Exploration and Research.—The agreement adopts the House direction for Ocean Exploration and Research and directs NOAA to spend funding within the U.S. Exclusive Economic Zone.

Ocean Acidification.—The agreement adopts House language regarding the Integrated Ocean Acidification Program and provides \$16,000,000, an increase of \$500,000 above the fiscal year 2021 enacted level for these efforts.

National Oceanographic Partnership Program (NOPP).—The agreement provides \$2,000,000 for NOPP to facilitate interagency and public-private partnerships to advance ocean science research, development, and education. Within the funding provided up to \$1,000,000 shall be used to support the establishment of an externally competed NOPP program office and the Ocean Research Advisory Panel as part of NOAA’s responsibility under Public Law 116–283.

National Weather Service (NWS).—\$1,174,470,000 is for NWS Operations, Research, and Facilities.

Total, National Weather Service, Operations, Research, and Facilities	\$1,174,470

NWS Staffing.—The agreement provides an increase of \$25,000,000 above the fiscal year 2021 enacted level for Analyze, Forecast and Support (AFS) to increase staffing at weather forecast offices and for the requested adjustments to base. For fiscal year 2022, NWS shall follow prior year direction regarding “NWS Staffing in Alaska” adopted in Public Law 116–260.

Programmatic Priorities.—In lieu of House language on “Sub-seasonal to Seasonal Decision Support Services,” the agreement notes the importance of the programmatic priorities identified in the budget request including, Sub-seasonal to Seasonal Predictions, Fire Weather Predictions, Flood Inundation Mapping, Space Weather Research to Operations, Seasonal Forecast System, Expanding Internship Opportunities, Expanded and Enhanced Services to Vulnerable and Underserved Communities and directs NOAA to report to the Committees how these priorities will be augmented with resources provided in the IIJA and the Disaster Relief Supplemental Appropriations Act, 2022 (Public Law 117–43).

National Mesonet Program.—The agreement provides no less than \$22,700,000 for the continuation and expansion of the National Mesonet Program. Of the funds provided, up to \$750,000 may be used for Meteorological Assimilation Data Ingest System activities, and up to \$500,000 may be used for costs associated with the National Mesonet Program Office. In addition, through NOAA Community Project Funding/NOAA Special Projects, the agreement provides \$1,821,000 to expand a State mesonet program.

National Data Buoy Center (NDBC).—The agreement adopts direction included in Public Law 116–260 regarding the NDBC, including the requirement to provide details in NOAA’s fiscal year 2022 spend plan.

Tsunami Warning Program.—The agreement provides no less than the fiscal year 2021 enacted level for the Tsunami Warning Program.

Automated Surface Observing System (ASOS).—NWS is directed to ensure that rural and remote communities who disproportionately rely on ASOS operability for continued reliable air service are provided with additional resources, such as trained human observers, to continue observing capabilities in the event of an ASOS outage.

Environmental Processes in the Arctic.—Within funding provided for AFS, NWS is encouraged to develop capacity for seasonal to multiannual timescale predictions of environmental processes in the Arctic.

Dissemination.—The agreement provides \$106,000,000 for Dissemination, which includes an additional \$12,000,000 above the fiscal year 2021 enacted level to optimize and upgrade the integrated dissemination program and the requested adjustments to base.

Office of Water Prediction (OWP).—The agreement provides no less than \$36,500,000 for the OWP. The agreement recognizes the need to improve modeling and forecasts for western water availability, while also facilitating more efficient transition of water resources prediction capabilities into operations to meet community needs in all regions. NOAA is encouraged to coordinate activities funded in the IIJA related to coastal and inland flood and inunda-

tion mapping and forecasting and water modeling through the National Water Center (NWC).

Hydrology and Water Resource Programs.—The agreement provides \$20,000,000 for NOAA to support the Hydrology and Water Resources CI, which is \$5,000,000 above the fiscal year 2021 enacted level. This amount includes \$19,000,000 within Science Technology and Integration (STI) and \$1,000,000 within NOS. NOAA is encouraged to leverage the CI to align maximum precipitation, coastal and inland inundation forecast, and water modeling activities with funds provided through Public Law 117–43 and the IIJA.

Consumer Option for an Alternative System To Allocate Losses (COASTAL) Act Implementation.—The agreement provides the requested amount within STI for continued development and implementation of the COASTAL Act (Public Law 112–141). NOAA is directed to continue to leverage existing Federal assets, expertise, and partnerships in carrying out COASTAL Act activities.

Atlas–14.—The agreement does not adopt House language regarding Atlas–14, but encourages NWS to continue to update these critical reports from other available funds, including those provided by the IIJA.

Oversight.—The agreement includes a transfer of \$750,000 from NWS to the Department of Commerce Office of Inspector General (OIG) for budgetary and programmatic oversight activities. NWS is directed to work collaboratively with the OIG.

National Environmental Satellite, Data and Information Service (NESDIS).—\$322,131,000 is for NESDIS Operations, Research, and Facilities.

NATIONAL ENVIRONMENTAL SATELLITE, DATA AND INFORMATION SERVICE
OPERATIONS, RESEARCH, AND FACILITIES
(In thousands of dollars)

Program	Amount
Environmental Satellite Observing Systems	
Office of Satellite and Product Operations	\$198,393

Office of Space Commerce	16,000
U.S. Group on Earth Observations	500
Environmental Satellite Observing Systems	256,131
National Centers for Environmental Information	66,000
Total, National Environmental Satellite, Data and Information Service, Operations, Research, and Facilities	\$322,131

Office of Satellite and Product Operations.—The agreement provides \$3,000,000 above the fiscal year 2021 enacted level for Satellite and Product Operations Deferred and Extended Maintenance, including for upgrades to ground systems and antenna systems at facilities such as those in Virginia, West Virginia, and Alaska, as requested.

Product Development, Readiness and Application.—The agreement provides \$12,000,000 above the fiscal year 2021 enacted level to Advance Core Activities and to support Ocean Remote Sensing. House language regarding Wildfire Demonstration Products is modified to encourage this work within available funds.

Office of Space Commerce (OSC).—The agreement provides \$16,000,000 for OSC, which is \$6,000,000 above the fiscal year 2021 enacted level. NOAA is directed to advance space traffic management and space situational awareness capabilities, in collaboration with industry and Federal partners. No later than 45 days after enactment of this Act, NOAA shall provide the Committees with a detailed spending plan for the funds provided to OSC. Further, no later than 90 days after enactment of this Act, NOAA shall provide the Committees a five-year strategic plan for OSC to achieve full operational capability, including out-year mission deliverables and expected budgetary requirements.

National Centers for Environmental Information.—The agreement provides no less than \$7,500,000 for Regional Climate Services, including no less than \$5,100,000 for Regional Climate Centers. The agreement provides \$5,500,000 for the Coastal Data Development program, which shall be considered as the central repository to manage data collections from NOAA uncrewed systems as authorized by the Commercial Engagement Through Ocean Technology (CENOTE) Act (Public Law 115–394).

NESDIS Regional Support.—NESDIS is encouraged to consider deploying more of its subject matter expertise regionally to demonstrate new uses of satellite data and integrated information systems to meet local and specific needs, educating and partnering with scientists and users in the community who can use and expand the applications of the data, and learning from those community users in the process.

Mission Support.—\$317,535,000 is for Mission Support Operations, Research, and Facilities.

Total, Mission Support, Operations, Research, and Facilities	\$317,535

Sexual Assault and Sexual Harassment.—NOAA is directed to continue implementing NOAA Administrative Order (NAO) 202–1106 on sexual assault and sexual harassment prevention and is provided an increase of \$900,000 above the fiscal year 2021 enacted level from within available funds across NOAA. NOAA shall con-

tinue to provide the Committees with a copy of the report required under Section 12.02 of NAO 202–1106.

Technical Transfer.—The agreement accepts the proposed transfer from the DOC Working Capital Fund to Mission Services and Management.

NOAA’s Open Data Dissemination (NODD).—The agreement supports the NODD initiative to improve public access to climate change data and to transition NOAA data to the cloud. NOAA shall deliver to the Committees, no later than 120 days after enactment of this Act, a report detailing these efforts.

Cybersecurity.—NOAA is directed to fully implement the recommendations in the OIG report “NOAA Inadequately Managed Its Active Directories That Support Critical Missions” (OIG–22–018–A) to prevent cyberattacks.

Facilities Maintenance.—The agreement provides \$6,250,000 for Facilities Maintenance to address the growing backlog of deferred maintenance needs at NOAA facilities. Before any of these funds may be obligated, NOAA is directed to provide the Committees with a detailed spending plan consistent with prior year direction adopted in Public Law 116–260. Within the funding provided, NOAA shall begin the business case analysis for a new center of excellence, as requested.

Providing Opportunities within the Ocean Sciences.—NOAA is encouraged to partner with an established consortium of higher education, industry, and non-profit organizations to offer access to a research vessel and to associated programming dedicated to increasing opportunities for underrepresented groups within the ocean sciences.

National Ocean Sciences Bowl (NOSB).—NOAA is directed to meet its obligations to fully fund the NOSB in fiscal year 2022, in partnership with other agencies and non-Federal entities.

Office of Marine and Aviation Operations (OMAO).—\$272,250,000 is for OMAO Operations, Research, and Facilities.

OFFICE OF MARINE AND AVIATION OPERATIONS
OPERATIONS, RESEARCH, AND FACILITIES
(In thousands of dollars)

Program	Amount
Office of Marine and Aviation Operations:

NOAA Commissioned Officer Corps	50,750
	\$272,250
Total, Office of Marine and Aviation Operations, Operations, Research, and Facilities	\$272,250

Office of Health Services.—The agreement supports the work of the Office of Health Services and encourages NOAA to expand the program throughout the agency within funds provided agency-wide.

Charter Vessels.—NOAA is encouraged to enter into charter agreements for the services of not less than two private sector vessels to supplement its charting and survey efforts to address the growing backlog of unfulfilled missions, particularly those in Arctic waters.

Monitoring of Atmospheric Rivers.—The agreement provides up to \$2,000,000 within Aviation Operations and Aircraft Services to observe and predict atmospheric rivers.

Airborne Phased Array Radar (APAR).—No later than 90 days after enactment of this Act, and in coordination with OAR, NWS, and external partners, OMAO is directed to develop and submit to the Committees a complete research-to-operations transition plan for APAR, in accordance with the requirements for agency transition plans set forth under NAO 216–105B, section 3.06.

Autonomous and Uncrewed Technology Operations (AUTO).—OMAO is reminded that AUTO was established and placed within OMAO to support and augment the operational and research requirements of NOAA’s line offices. Within the funds provided for AUTO, no less than \$5,000,000 shall be used to support extramural partnerships with universities and oceanographic institutions for uncrewed maritime systems (UMS) that can serve as a cost-effective augmentation for traditional crewed assets. Further, the agreement provides up to \$3,000,000 to continue funding agency-wide data acquisition from UMS, as defined within Public Law 115–394, as well as for acquisition of UMS that can serve as a cost-effective augmentation for relevant research missions and fisheries data collection surveys.

Furthermore, NOAA is encouraged to continue to use partnerships with universities, oceanographic institutions, and other Federal agencies, especially the Naval Meteorology and Oceanography Command and the Naval Undersea Warfare Center, to leverage UMS assets and facilities to support program development. OMAO is also encouraged to coordinate with IOOS regarding use of underwater gliders and surface vehicles when implementing the NOAA Unmanned Systems Strategy. NOAA is directed to utilize the NOAA Fleet Council to submit a prioritized, agency-wide list of research and operational missions that could be performed or augmented using UMS as part of NOAA’s fiscal year 2022 spending plan.

Aviation Accession Training.—The agreement provides no less than \$500,000 within NOAA Commissioned Officer Corps to support OMAO’s aviation accession training program, as authorized in section 105 of Public Law 116–259.

NOAA Community Project Funding/NOAA Special Projects.—NOAA is directed to provide the amounts listed in the table below of NOAA Community Project Funding/NOAA Special Projects consistent with NOAA’s existing authorities, jurisdictions, and procedures, as appropriate. NOAA shall perform the same level of oversight and due diligence regarding these projects as with any other external partners.

PROCUREMENT, ACQUISITION AND CONSTRUCTION

(INCLUDING TRANSFER OF FUNDS)

The agreement includes a total program level of \$1,685,689,000 in direct obligations for NOAA Procurement, Acquisition and Construction (PAC), of which \$1,672,689,000 is appropriated from the general fund and \$13,000,000 is derived from recoveries of prior year obligations. The following narrative and table identify the specific activities and funding levels included in this Act:

Judgment Fund Repayment.—The agreement does not provide funding for NOAA to make payments to the Department of the Treasury Judgment Fund.

Marine Sanctuaries Construction.—Within funding provided for Marine Sanctuaries Construction, NOAA is encouraged to prioritize recapitalization of National Marine Sanctuaries vessels.

Research Supercomputing.—The agreement provides an increase of \$5,000,000 for Research Supercomputing/CCRI. Within the increase, NOAA is encouraged to prioritize efforts to understand and predict sea level rise and coastal inundation and extreme weather. The agreement also includes \$15,000,000 to continue to develop a dedicated high performance computing facility consistent with prior year direction adopted in Public Law 116–260.

In addition, the IIJA provides \$80,000,000 for research supercomputing infrastructure used for weather and climate model development to improve drought, flood, and wildfire prediction, detec-

tion, and forecasting. Public Law 117–43 provided an additional \$50,000,000 for improvements to operational and research weather and climate supercomputing and other related systems.

Integrated Water Prediction (IWP).—The agreement provides no less than the fiscal year 2021 enacted level for Central Processing under NWS PAC, which includes not less than \$5,739,000 to procure operational high performance computing resources to enable modeling improvements associated with the IWP initiative, consistent with direction adopted in Public Law 116–260.

Weather Radar Maintenance.—Within funding provided for NWS Facilities Construction and Major Repairs, the agreement provides up to \$5,500,000 to support relocation and recapitalization of existing Doppler weather radars operated by NWS.

NESDIS Budget Reorganization.—The agreement partially adopts the proposal to reorganize the NESDIS PAC budget structure. New Low Earth Orbit (LEO) and Space Weather Next (SWNext) PPAs are created to complement the current, ongoing programs of record (i.e., Polar Weather Satellites and Space Weather Follow On, respectively) and to fund gap mitigation and risk reduction activities along with supporting continuity of observations from LEO and those observations that support NOAA’s space weather forecast operations. The agreement also includes a Common Ground Services PPA, formerly known as Satellite Ground Services. Within LEO, the agreement includes the requested amounts for Cooperative Data and Rescue Services and COSMIC—2/GNSS RO. However, the proposal to combine funding for next-generation satellite programs with current, ongoing programs of record that have lifecycle costs codified in this Act is not adopted.

The agreement provides the fiscal year 2022 requirements for the Geostationary Extended Observations (GeoXO) program, which will work towards completion of Phase A studies for the spacecraft and for the instruments (ocean color, lightning mapper, infrared sounder, day/night imagery, and atmospheric composition) identified in the architecture constellation.

No later than 180 days after enactment of this Act, NESDIS shall provide the Committees with a report about the user needs and requirements and estimated lifecycle costs of the next generation of NOAA flagship weather satellites, including GeoXO, LEO Weather Satellites, and SWNext.

Systems/Services Architecture and Engineering.—The agreement provides \$25,000,000 above the fiscal year 2021 enacted level for Joint Venture Partnerships with NASA and the commercial sector to continue to leverage emerging capabilities for NOAA’s operational use.

The agreement also provides \$17,000,000 for the Commercial Data Purchase and Commercial Weather Data Pilot programs. Within these funds and consistent with direction from the Promoting Research and Observations of Space Weather to Improve the Forecasting of Tomorrow (PROSWIFT) Act (Public Law 116–181), the agreement provides up to \$5,000,000 for a Commercial Space Weather Data Pilot for NOAA to collaborate with commercial companies for the testing and analysis of space weather data.

NOAA Construction.—The agreement provides \$59,000,000 for NOAA’s highest priority facilities construction, repair, and deferred

maintenance requirements. NOAA is directed to prioritize funding for infrastructure projects related to marine operations, including facilities to accommodate NOAA research vessels and to immediately inform the Committees if there are any significant schedule delays or project cost increases. Thirty days before obligating any funds, NOAA shall submit a report detailing how the funds will be expended and an explanation of why these projects were prioritized.

Within the funds provided for NOAA Construction, NOAA shall initiate the regional studies in the Northeast and Southeast and support the implementation of the Northwest Regional Footprint Study, as requested. As part of this work, NOAA is encouraged to accelerate the competitive solicitation process for proposals from academic, university, and nonprofit partners to co-locate NMFS laboratories as a means of leveraging research efforts and enhancing scientific capabilities.

NOAA Ship Ronald H. Brown.—The agreement provides \$63,000,000, as requested, to commence the mid-life repair period for the NOAA Ship Ronald H. Brown.

Aircraft Recapitalization.—Within funding for Aircraft Recapitalization and Construction, the agreement provides \$11,000,000 for NOAA's effort to replace its high altitude jet, \$5,000,000 to begin Service Depot Level Maintenance for NOAA's two turboprop Hurricane Hunter aircraft, and \$17,000,000 to procure a new King Air aircraft as called for in the NOAA Aircraft Plan delivered to Congress in October 2019. All future NOAA Aircraft Plans shall include a procurement plan for each identified aircraft, to include a current best estimate of the cost to procure such aircraft.

Hurricane Hunter Aircraft.—NOAA's two turboprop Hurricane Hunter aircraft are critical to accurate hurricane forecasting and predictions. As the aircraft are approaching 50 years old, it is imperative that NOAA plans for the eventual replacements. As such, OMAO is directed to continue its partnership with academia, government, and industry partners for the engineering, instrumentation, modification, and acquisition of the Hurricane Hunter replacements in fiscal year 2022.

Mission Requirement Costs.—NOAA shall, in all future budget submissions to Congress, detail any unfunded mission requirement costs, particularly those that are necessary to maintain the optimal operational tempo of NOAA's assets and posture of NOAA facilities.

PACIFIC COASTAL SALMON RECOVERY

The agreement includes \$65,000,000 for the Pacific Coastal Salmon Recovery Fund (PCSRF) and directs that funds will be available to Tribes without a matching requirement. NOAA is directed to report on how its current priorities meet the intent of the PCSRF to support the recovery and protection of all declining salmon stocks.

FISHERMEN'S CONTINGENCY FUND

The agreement includes \$349,000 for the Fishermen's Contingency Fund.

FISHERIES FINANCE PROGRAM ACCOUNT

The agreement includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$100,000,000 for traditional direct loans. NOAA is encouraged to facilitate new vessel construction, vessel replacement, and upgrades within the Fisheries Finance Program to the greatest extent practicable.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

The agreement includes \$80,000,000 for Departmental Management (DM) salaries and expenses. The increased funding level is intended to support current services, requested adjustments to base, including the restoration of positions that were reduced in fiscal year 2020, and programmatic changes highlighted herein. The agreement does not assume the funding for the implementation of Executive Order 13873, “Securing the Information and Communications Technology and Services Supply Chain” and fleet conversion to electric vehicles within DM salaries and expenses. However, the agreement expects these important initiatives will be carried out within and funded by the bureaus, as appropriate, and directs the Department to provide details on these programs, where applicable, in the respective bureaus’ fiscal year 2022 spend plans. Finally, the agreement supports the administrative savings identified in the fiscal year 2022 budget request.

For fiscal year 2022, the Department is directed to follow prior year directives, adopted in Public Law 116–260, under the headings “Staffing Report,” “Salary Lapse,” “Department of Commerce Working Capital Fund,” “Improving Trade Data Reporting,” and “Section 232 Exclusion Process.” Additionally, for fiscal year 2022 the Department is directed to follow prior year directives included in Senate Report 116–127 and adopted by Public Law 116–93, on “Working Capital Funds.”

RENOVATION AND MODERNIZATION

The agreement includes a total of \$1,100,000 for the Renovation and Modernization account. For fiscal year 2022, the Department is directed to follow prior year report language included in Senate Report 116–127 and adopted by Public Law 116–93 under this heading.

NONRECURRING EXPENSES FUND

The agreement includes \$30,000,000 for the Department of Commerce Nonrecurring Expenses Fund to support the business application system modernization and cybersecurity risk mitigation efforts at the Department. The agreement provides up to \$20,000,000 for the business application system modernization. The Department is directed to provide an updated 5-year budget profile for both programs as part of the fiscal year 2023 budget request.

In lieu of House report language directing the Department to review where the cybersecurity related expenses are best positioned within the Department, the agreement acknowledges the Depart-

ment's briefing on its Cyber Reserve Fund Proposal to the Committees on July 19, 2021.

OFFICE OF INSPECTOR GENERAL

The agreement includes a total of \$47,089,000 for the Office of Inspector General (OIG). This amount includes \$35,783,000 in direct appropriations, a \$2,000,000 transfer from USPTO, a transfer of \$3,556,000 from the Bureau of the Census, Periodic Censuses and Programs, and \$3,750,000 from NOAA for audits and reviews of those programs. In addition, \$2,000,000 is derived from the Public Safety Trust Fund for oversight of FirstNet.

The agreement directs the OIG to continue its oversight work on cybersecurity, NOAA satellite and vessel procurements, telework, patent quality, the decennial census, and the business application system modernization. The agreement directs the OIG to continue its assessment of all of the working capital funds within the Department as described in the joint explanatory statement accompanying Public Law 116–260.

GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Commerce:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest.

Section 102 makes appropriations for Department of Commerce salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15 days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides congressional notification requirements for NOAA satellite programs and includes life cycle cost estimates for certain weather satellite programs.

Section 105 provides for reimbursement for services within Department of Commerce buildings.

Section 106 clarifies that grant recipients under the Department of Commerce may deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 107 provides the NOAA Administrator with the authority to avail NOAA of resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 108 prohibits the National Technical Information Service from charging for certain services.

Section 109 allows NOAA to be reimbursed by Federal and non-Federal entities for performing certain activities.

Section 110 provides the Economics and Statistics Administration certain authority to enter into cooperative agreements.

Section 111 removes the requirement for matching funds for amounts provided in this Act through the Manufacturing Extension Partnership.

Section 112 allows the Secretary of Commerce to waive the cost sharing requirements for funds provided in this Act under sections 306, 306A, and 315 of the Coastal Zone Management Act of 1972.

TITLE II

DEPARTMENT OF JUSTICE

GENERAL ADMINISTRATION

SALARIES AND EXPENSES

The agreement includes \$127,794,000 for General Administration, Salaries and Expenses. In addition, the agreement provides funding for the Department's classified programs as described in the classified annex accompanying this explanatory statement.

For fiscal year 2022, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Trafficking in Persons,” “Domestic Trafficking Victims Fund Special Assessments,” “Human Trafficking Justice Coordinators,” “Constitutional Policing,” “Enforcement of Federal Hate Crimes Law,” “Combating Domestic Terrorism,” “Human Rights Crimes,” “Wildlife Trafficking,” and “Office of Legal Counsel (OLC) Opinions.” The Department shall submit updated reports consistent with the directives.

In lieu of House language on “Prosecutions Related to January 6”, the agreement provides support to DOJ components funded in this bill to ensure that all criminal activity associated with the events at the United States Capitol Complex on January 6, 2021, is investigated and prosecuted.

Domestic Extremism.—In lieu of language in the House Report on concerns about threats aimed at undermining efforts by law enforcement to address violent extremists, the Department is directed to report to the Committees on Appropriations and the Judiciary, within 90 days of the date of enactment of this Act, on the Department's assessment of the domestic terrorism threat, including extremists' efforts to undermine Federal, State, and local law enforcement agencies; and an analysis of incidents or attempted incidents of domestic terrorism that occurred in the United States during the preceding fiscal year.

Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016.—The agreement includes \$14,500,000 for DOJ component agencies to implement the Emmett Till Unsolved Civil Rights Crimes Reauthorization Act of 2016.

Task Force on Law Enforcement Oversight and Use of Force Database.—In lieu of House report language, the Attorney General is reminded that the joint explanatory statement accompanying Public Law 116–260 directed the Department to provide up to \$5,000,000 for the establishment and operation of a Task Force on Law Enforcement Oversight, and section 222 of that Act appropriated \$5,000,000 for the development and operation of a database

concerning substantiated instances of excessive use of force and officer misconduct. Those funds have not yet been obligated, nor have actions yet been taken to establish and operate the Task Force and the database as directed by and funded through that Act.

The Attorney General shall implement these efforts, and apply the funding, as directed in Public Law 116–260 and in the joint explanatory statement accompanying that Act, and report to the Committees not later than 30 days after the date of enactment of this Act on the status of efforts to fulfill those directions, the status of funding obligated for such purposes, and detailed plans for the work of the Task Force and the operations of the database for fiscal years 2022 and 2023. The Department shall provide updated briefings on these efforts to the Committees every quarter thereafter.

Strengthening Police-Community Relations.—The agreement provides \$201,000,000 for State and Local Law Enforcement Assistance and Community Oriented Policing Services (COPS) Office grant programs related to police-community relations. This is an increase of \$47,500,000, or 30.9 percent, above the fiscal year 2021 level. The Department shall include as part of its fiscal year 2022 spending plan details on its use of these resources and provide the Committees quarterly updates thereafter.

Responding to Opioids, Methamphetamine, Synthetic Drugs, and Substance Abuse in Our Communities.—The agreement includes a total of \$572,500,000 in dedicated grant program funding, an increase of \$31,000,000 above the fiscal year 2021 enacted level, to help communities and State and local law enforcement respond to substance abuse, including opioids, stimulants, and synthetic drugs. The Drug Enforcement Administration (DEA) is funded at \$2,421,522,000, an increase of \$85,259,000 above the fiscal year 2021 enacted level, to strengthen drug trafficking investigations, including those related to heroin, fentanyl, and methamphetamines. The agreement further supports the continuation of heroin enforcement teams, methamphetamine and fentanyl cleanup and container programs, and other interdiction and intervention efforts, including DEA’s 360 Strategy and Operation Engage.

Departmental Efforts to Combat Crimes Against Children.—The Department is directed to immediately submit the long-awaited National Strategy for Child Exploitation Prevention and Interdiction pursuant to 34 U.S.C. 21111(b) and publish it on the Department website. The report, which is required to be submitted to Congress every two years, has not been submitted since April 2016 and the Department has been directed to submit this report since fiscal year 2020. In addition, the Department shall comply with directions in the joint explanatory statement accompanying Public Law 116–260 and immediately submit a detailed staffing and funding report on the office of the National Coordinator for Child Exploitation Prevention and Interdiction as this information is long-overdue. The Department shall submit a crosscut budget presentation for Crimes against Children as part of its fiscal year 2023 budget submission and in subsequent budgets, and continue following directives and reporting requirements in fiscal year 2022 as specified in the aforesaid joint explanatory statement.

Cybersecurity.—The Department is directed to maintain a cybersecurity posture at no less than its fiscal year 2021 level. It is also urged to keep the public apprised of emerging threats, good cyber practices, and Departmental efforts to defend the United States from cyberattacks.

Missing and Murdered Indigenous Women.—In consultation with Tribal governments, the Department shall develop best practices for the investigation and prosecution of violence against Native American and Alaska Native women. DOJ shall undertake a complete review of the sufficiency and prioritization of its grant programs aimed at survivors of such violence, including temporary and transitional housing, education, and workforce development assistance, and shall include the results of this review, along with the plan to communicate such grant opportunities to Tribal governments and organizations, with the fiscal year 2022 spending plan.

Combating Violent Crime in Indian Country.—U.S. Attorneys are encouraged to prioritize efforts to investigate and prosecute violent crimes against Native Americans and Alaska Natives that occur in Indian Country, to maintain communication with victims and family members about the status of ongoing investigations and cases, and to provide as much information as possible on any declinations. The FBI is encouraged, in consultation with the Bureau of Indian Affairs and State, local, and Tribal law enforcement agencies, to increase resources, including additional FBI agents, to investigate, respond to, and prevent crimes against Native Americans and Alaska Natives in Indian Country.

Voting Rights.—The Attorney General is directed to prioritize resources to enforce the civil provisions of Federal laws that protect the right to vote, including the Voting Rights Act, the Uniformed and Overseas Citizens Absentee Voting Act, the National Voter Registration Act, the Help America Vote Act, and the Civil Rights Acts.

Federal Law Enforcement Officer and Federal Task Force Officer Cameras and Accountability.—In lieu of language in the House Report, the agreement strongly supports the adoption of rigorous and consistent standards for the use of camera technology used to record Federal police interaction with civilians, including during arrests, in pre-planned operations, and on Federal Task Forces around the Nation.

Training for Law Enforcement Officers.—The Department of Justice is expected to exercise leadership in law enforcement across the Federal government. Accordingly, in lieu of language in the House Report, the agreement directs the Attorney General to continue ensuring implementation of evidence-based training programs on de-escalation, the use-of-force, and the protection of civil rights that are broadly applicable and scalable to all Federal law enforcement agencies. Such programs should be developed in consultation with the DOJ law enforcement components, the Office of Justice Programs, the Community Oriented Policing Services Office, and the Civil Rights Division, with consideration given to establishing consistent standards and curricula. The Attorney General is further directed to continue consulting with the heads of each Federal law enforcement agency in furtherance of the adoption of these programs. Not later than 90 days after the date of en-

actment of this Act, and every 6 months thereafter, the Department shall submit an update (or report) on the implementation status of these training programs, including but not limited to training curriculum topics and availability and capacity of training facility space. Within one year of the date of the enactment of this Act, the Department shall submit an update (or report) on its consultations with each Federal law enforcement agency and provide a determination of whether each agency provides training consistent with the aforementioned programs.

National Instant Criminal Background Check System (NICS) Denials and Prohibited Persons.—The Attorney General shall continue to follow prior directions to notify State and local authorities when NICS detects when prohibited individuals fail a background check in an attempt to make an illegal firearms purchase, and to publish monthly data on denials and notifications by State, and by prohibition type, on DOJ's website.

The Department is directed to submit, within 180 days of the date of enactment of this Act, a report on NICS denials and prohibited persons. The report shall identify the number of notifications provided to each of (1) State law enforcement, and (2) local law enforcement, for each prohibited category; the number of denials for which the Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF) determined that the person denied was not prohibited by subsection (g) or (n) of section 922 of the Gun Control Act, or by State law, from receiving or possessing a firearm; the number of denials overturned through the appeals process and the reasons for overturning the denials; the number of denials with respect to which an investigation was opened by a field division of the ATF; the number of persons charged with a Federal criminal offense in connection with a denial; and the number of convictions obtained by Federal authorities in connection with a denial.

Financial Fraud.—Older Americans are increasingly targeted by criminals seeking to swindle them out of their hard-earned life savings through an ever-growing array of financial schemes and scams. The Department has taken commendable action to combat these crimes, including last year conducting the largest-ever coordinated sweep of senior fraud. The Attorney General, in setting resource priorities, shall give priority to investigating reports of financial fraud, including scams against senior citizens, and to bringing the perpetrators of these crimes to justice.

McGirt v. Oklahoma.—The agreement appropriately funds the U.S. Attorney's offices, United States Marshals Service, DEA, and FBI workload increases resulting from the *McGirt v. Oklahoma* decision for fiscal year 2022. These resources will allow Federal, Tribal, State, and local stakeholders to further enable cooperation, collaboration, and sharing of pertinent information to protect all victims and bring all those who commit a crime to justice.

Business Email Compromise Schemes (BEC).—The FBI has assessed that "BEC is one of the fastest growing, most financially damaging Internet-enabled crimes. It is a major threat to the global economy." The agreement acknowledges serious concerns with the threats posed by BEC and related scams, and strongly supports efforts by the Department and FBI to combat this pernicious crime. The Department is directed to explore ways to increase collabora-

tion and coordination with industry and other private sector partners, and the FBI is directed to release, within 30 days of the date of enactment of this Act, a public report on the threats from BEC and related scams.

Department of Justice Recusal Policies.—The Department is directed to submit, within 30 days of the enactment of this Act and on an annual basis thereafter, a report regarding the number of, and reasons for, the recusal of any officer or employee of any component of the Department of Justice since January 1, 2020. The report shall also include a description and summary of any instances where such officer or employee did not recuse in matters involving a former client or where recusal was recommended but the officer or employee was not recused. Such submissions should comply with Privacy Act (5 U.S.C. 552a) requirements and may be subject to redactions necessary to protect the fair and impartial administration of justice.

Whistleblower Protections.—The Department is directed to submit, within 180 days of the date of enactment of this Act, a report explaining how it will implement the unresolved recommendation in Management Advisory Memorandum 21–038 regarding the whistleblower rights of its contractors, subcontractors, grantees, and sub-grantees.

Office of Inspector General Referrals.—The Attorney General is directed to work with the Office of Inspector General (OIG) to improve transparency and to publicly report the number of OIG referrals declined for prosecution each quarter and, where possible, an explanation of why cases were declined for prosecution.

Prison Contracts.—In lieu of House report language under this heading, the Department is directed to brief the Committees on Appropriations not later than 90 days after the date of enactment of this Act on current policies and practices that ensure that any DOJ agency that enters into a contract or agreement with a nongovernmental organization, or a State or local government entity for the purpose of incarcerating or detaining Federal prisoners or detainees in non-Federal facilities has access to all relevant information related to such incarceration, detention, treatment or condition, to include costs, expenditures, or other performance data. The briefing should cover any factors that limit access to such information or affect the feasibility of gathering or accessing such information.

Timely Responses to Committee Inquiries and Meeting Report Deadlines.—The Department is directed to submit all reports and studies described in report or explanatory statement language by the required due date with all required information. In addition, any requests for information from the Chairs, Vice Chairs, Ranking Members, or Committee staff to the Attorney General and any Department component should be treated as a priority and responded to both courteously and expeditiously. The Department has multiple reports that remain outstanding from fiscal year 2021, as well as Questions for the Record from the Senate’s hearing on the Federal Bureau of Investigation Budget Request for Fiscal Year 2022, held on June 23, 2021, and these items need to be submitted immediately. The Department is directed to immediately submit these items.

Combatting Elder Abuse and Exploitation.—The agreement provides funding for the continued implementation of Elder Abuse Prevention and Prosecution Act, as well as for initiatives at the FBI, USAOs, and the litigating divisions to combat all forms of elder abuse and exploitation.

Federal Law Enforcement Training Center (FLETC).—The agreement urges the Department to ensure its law enforcement components that utilize FLETC continue consulting with FLETC annually to ensure it is able to provide training commensurate with each component’s needs and hiring goals, and directs the Department to update the Committees no later than 60 days after the date of enactment of this Act on these efforts.

House report language under the heading “Immigration Vetting” is not adopted.

JUSTICE INFORMATION SHARING TECHNOLOGY

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$38,000,000 for Justice Information Sharing Technology.

EXECUTIVE OFFICE FOR IMMIGRATION REVIEW

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$760,000,000 for the Executive Office for Immigration Review (EOIR), of which \$4,000,000 is a transfer from the U.S. Citizenship and Immigration Services Immigration Examinations Fee Account. For fiscal year 2022, EOIR is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Immigration Adjudication Performance and Reducing Case Backlog,” “Information Technology (IT) Modernization,” and “Video Teleconferencing (VTC).” EOIR shall submit updated reports consistent with the directives.

Immigration Judge Hiring.—The Attorney General shall ensure that immigration judges (IJs) hired in fiscal year 2022 will adjudicate cases as their primary function. The Department is directed to continue filling vacant IJ and Board of Immigration Appeals positions with highly qualified individuals who are trained to conduct fair and impartial adjudications, and to ensure that the selection of these individuals is from a diverse pool of candidates, including those with non-governmental, academic, and private bar experience, to conduct fair, impartial hearings consistent with due process. As part of the monthly reporting requirement, EOIR shall report on any IJs sent on a temporary basis to any court outside of their assigned location including the number of days designated for the temporary assignment, the location of the temporary assignment, and the IJs home location.

Immigration Judge Training.—EOIR is directed to review its training, to retrain all judges currently on a probationary period, and to increase the frequency and availability of training for immigration judges outside the probationary period. The Department is directed to ensure immigration judge training emphasizes due process, humanitarian protections, and cultural sensitivity and includes

diverse training faculty, including from the private bar, the NGO community, and academia.

Online Address Change System.—EOIR is urged to take steps to develop and pilot a centralized online mechanism that enables individuals going through immigration court proceedings to change their address online directly with EOIR and automatically provide service to Immigration and Customs Enforcement.

EOIR Working Group.—Not later than 60 days after the date of enactment of this Act, EOIR shall convene a working group, including non-governmental stakeholders, to consider improvements to the hearing notice process. EOIR is directed to submit a report, within 1 year of the date of enactment of this Act, that addresses the possibility of (1) updating the hearing notice form to be more easily understandable for non-lawyers and non-native English speakers; (2) translating hearing notices into respondents' preferred languages; (3) providing written notice to respondents in their preferred languages with information about immigration court hearings, how to use the online EOIR system and EOIR hotline, and how to change their addresses with the immigration courts; and (4) providing respondents with the option to receive automated reminders of upcoming court hearings by text message and/or e-mail.

Disposition of EOIR Adjudications.—EOIR is directed to coordinate with the Department of Homeland Security (DHS) to brief the Committees jointly, not later than 120 days after the date of enactment of this Act, about the steps that each agency takes to effectuate and enforce rulings made by EOIR immigration judges, once the case is considered final, and any challenges EOIR and DHS face in this process. EOIR is directed to provide to the Committees, within 90 days of the date of enactment of this Act and monthly thereafter, and in collaboration with DHS, a report that provides metrics on the number of final orders of removal issued by EOIR that have resulted in actual removals by DHS during the previous month. Such report shall separately identify any such order for which the law does not permit DHS to effectuate the removal within the period reported. The report shall describe instances where removals have not been effectuated due to external circumstances, such as recalcitrant countries or visa sanctions.

Legal Orientation Program (LOP).—The agreement includes \$24,000,000 for services provided by the LOP, of which \$3,500,000 is for the Immigration Court Helpdesk (ICH). In lieu of the language in the House report on "Legal Orientation Program (LOP)", the agreement adopts the relevant directives in the joint explanatory statement accompanying Public Law 116–260.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$118,000,000 for the Office of Inspector General.

UNITED STATES PAROLE COMMISSION

SALARIES AND EXPENSES

The agreement includes \$14,238,000 for the salaries and expenses of the United States Parole Commission.

LEGAL ACTIVITIES

SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$1,000,000,000 for General Legal Activities. Within the funding provided, up to \$10,000,000 shall be for the Civil Rights Division for additional expenses relating to the enforcement of 34 U.S.C. 12601; criminal enforcement under 18 U.S.C. 241–242; and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered into under such sections.

In addition to House report language on “Animal fighting,” the Attorney General is encouraged to enter into a memorandum of understanding with the Secretary of Agriculture to encourage greater collaboration on enforcement of animal welfare laws and to ensure that the Department of Justice has access to evidence needed to initiate cases.

Civil Rights Violations in State and Local Prisons and Jails.—Within funding provided, the Civil Rights Division shall enhance efforts to investigate and address violations of the Civil Rights of Institutionalized Persons Act (Public Law 96–247) in State and local prisons and jails.

VACCINE INJURY COMPENSATION TRUST FUND

The agreement includes a reimbursement of \$19,000,000 for DOJ expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99–660).

SALARIES AND EXPENSES, ANTITRUST DIVISION

The agreement includes \$192,776,000 for the Antitrust Division (ATR). This appropriation is offset by an estimated \$138,000,000 in pre-merger filing fee collections, resulting in a direct appropriation of \$54,776,000.

Competition in Commodity Markets.—In lieu of House report language on “Commodity Benchmark Merger”, the agreement directs ATR to brief the Committees, not later than 30 days after the date of enactment of this Act, on competition in the commodity markets.

SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

The agreement includes \$2,419,868,000 for the Executive Office for United States Attorneys and the 94 United States Attorneys’ offices, of which \$25,000,000 shall remain available until expended. Within the funding provided, up to \$10,000,000 shall be for additional expenses relating to the enforcement of 34 U.S.C. 12601; criminal enforcement under 18 U.S.C. 241–242; and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered into under such sections.

UNITED STATES TRUSTEE SYSTEM FUND

The agreement includes \$239,000,000 for the United States Trustee Program.

SALARIES AND EXPENSES, FOREIGN CLAIMS SETTLEMENT COMMISSION

The agreement includes \$2,434,000 for the Foreign Claims Settlement Commission.

FEES AND EXPENSES OF WITNESSES

The agreement includes \$270,000,000 for Fees and Expenses of Witnesses.

The Department is expected not to obligate funds for expert witness services, including the payment of fees and expenses of expert witnesses, from any other DOJ accounts other than Fees and Expenses of Witnesses.

SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$21,000,000 for the Community Relations Service. In lieu of House language on H.R. 1280, additional resources are provided for expanded conflict resolution, including mediation and conciliation.

ASSETS FORFEITURE FUND

The agreement includes \$20,514,000 for the Assets Forfeiture Fund.

UNITED STATES MARSHALS SERVICE

SALARIES AND EXPENSES

The agreement includes \$1,580,000,000 for the salaries and expenses of the United States Marshals Service (USMS). Within the funding provided, USMS is directed to give priority to hiring at the district level. For fiscal year 2022, USMS is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 for “International Operations.”

Judicial Security.—Within resources provided, USMS is directed to continue to enhance its judicial security program, including through additional district staffing, field operations, threat-based protective details and risk-based judicial security events, counter-surveillance and surveillance detection programs, and judicial security training.

Regional Fugitive Task Forces (RFTF).—The USMS is directed to follow the directive in the joint explanatory statement accompanying Public Law 116–260 for USMS to submit an updated report on the expansion of the RFTF program. In contemplating the establishment of new RFTFs, the USMS is directed to give consideration to regions of the United States that are not currently served by an RFTF, including the Midwest and New England.

CONSTRUCTION

The agreement includes \$15,000,000 for construction and related expenses in space controlled, occupied, or utilized by the USMS for prisoner holding and related support.

FEDERAL PRISONER DETENTION

The agreement includes \$2,123,015,000 for Federal Prisoner Detention (FPD).

The Department and USMS are expected to anticipate funding needs for the FPD account in order to avoid funding shortfalls and emergency reprogramming. USMS is directed to submit a monthly report on individuals in the detention system. The report should include information on the current and projected number of detained individuals, offense categories, the population change from the prior month to the current month, and from the prior year to the current month, and the associated annualized costs. The Department is directed to provide these reports on time. The agreement reiterates House language regarding Executive Order 14006 and acknowledges that the Department has the discretion to make exceptions where there is a lack of suitable government-operated detention space.

NATIONAL SECURITY DIVISION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$120,681,000 for the salaries and expenses of the National Security Division.

Modernizing the Foreign Agents Registration Act (FARA) Process.—The Attorney General is directed to review the Department's implementation of FARA and provide a report within 180 days of the date of enactment of this Act that evaluates the feasibility of requiring all filings by foreign agents to be made in an electronic, structured data format where the information is in a machine-processable digital format and for publication of information in a structured data format so it can be searched, sorted, and downloaded by the public, including documentation required when a registrant terminates a relationship with a foreign client.

INTERAGENCY LAW ENFORCEMENT

INTERAGENCY CRIME AND DRUG ENFORCEMENT

The agreement includes \$550,458,000 for the Organized Crime and Drug Enforcement Task Forces (OCDETF), of which \$381,513,000 is for investigations and \$168,945,000 is for prosecutions.

FEDERAL BUREAU OF INVESTIGATION

SALARIES AND EXPENSES

The agreement includes \$10,136,295,000 for the salaries and expenses of the FBI, including \$1,886,120,000 for Intelligence, \$4,113,580,000 for Counterterrorism and Counterintelligence, \$3,516,748,000 for Criminal Enterprises and Federal Crimes, and \$619,847,000 for Criminal Justice Services. Within the funding provided, the agreement includes additional resources for counterterrorism, including to counter domestic terrorism; addressing cyberthreats; and FBI cybersecurity. Within the funding provided,

up to \$5,000,000 shall be for additional expenses relating to the enforcement of 34 U.S.C. 12601; criminal enforcement under 18 U.S.C. 241–242; and administrative enforcement by the Department of Justice, including compliance with consent decrees or judgments entered into under such sections. Within the funding provided, the agreement includes not less than \$169,961,631, including \$58,961,631 from section 542 of division B of Public Law 116–260, to continue to increase the capacity and efficiency of NICS.

For fiscal year 2022, the FBI is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “National Use-of-Force Data Collection,” “Human Rights Violations,” “Hate Crimes Reporting,” “NICS Protocols and Procedures,” and “FBI Police.” The FBI shall submit updated reports consistent with the directives.

National Bioforensic Analysis Center (NBFAC).—Within the funding provided, the FBI is supported at \$21,840,000 for their role at the NBFAC.

Domestic Violent Extremism.—The FBI is further directed to submit a report with fiscal year 2020 and 2021 performance measures for each category and subcategory of domestic violent extremism (DVE). The report shall describe the number of special agents and the number of trainings devoted to each; the number of investigations and enterprise investigations opened in each; the number of investigations closed without arrest and the number closed without Federal charges in each; the number of charged cases dismissed without a conviction entered in each; and the number of undercover investigations and confidential informants targeting each. The report is to be submitted within 180 days of the date of enactment of this Act. In addition, the FBI shall include details in its fiscal year 2022 and future year expenditure plans on domestic terrorism threats and resources planned to pursue them, as specified in the House report.

Domestic Terrorism Threat Assessments.—In lieu of language in the House Report on “Ranking Domestic Terrorism Threats,” the FBI is directed to provide the Committees on Appropriations with terrorism threat category descriptions and assessments as part of the normal budget review process, as well as when requested or as new threat scenarios develop, to ensure the Committees have the necessary insight into the alignment of threats and resource allocation. The agreement supports the FBI’s ongoing practice of conducting annual training to ensure compliance with civil rights and civil liberties laws and regulations.

Combatting Modern Slavery and Human Trafficking.—The agreement supports the FBI’s efforts to combat modern slavery and human trafficking and recognizes that additional resources are necessary to enhance FBI field offices’ ability to investigate and prosecute these heinous crimes. The FBI is directed, in consultation with each field office’s Human Trafficking Program Coordinator, to allocate resources to those field offices in areas of greatest need, including rural areas and States with the highest rates of modern slavery and human trafficking. The FBI is further directed to report, within 90 days of the date of enactment of this Act, on the status of these consultations and the allocation of resources.

Agent Retention.—The FBI is directed to work with the Office of Personnel Management and committees of authorizing jurisdiction to find solutions, to include pay scale change and cost of living adjustments, to retain agents in the face of cost of living increases.

Whistleblower Protection.—The FBI is directed to submit, within 90 days of the date of enactment of this Act, a report describing how it will implement the unresolved recommendation in GAO's January 2015 report entitled *Whistleblower Protection: Additional Actions Needed to Improve DOJ's Handling of FBI Retaliation Complaints* (GAO-15-112).

Directed Energy Attacks.—The FBI is directed to brief the Committees on Appropriations no later than 90 days after the date of enactment of this Act on the Bureau's efforts to investigate alleged overseas and domestic attacks and to coordinate with interagency initiatives to protect U.S. Government employees from future attacks.

Counter—Unmanned Aerial System (C-UAS) and Law Enforcement.—The joint explanatory statement accompanying the Public Law 116-260 directed the FBI to submit a report on the feasibility of establishing a C-UAS training program for State, local, and Tribal law enforcement. The FBI is actively consulting with the Federal Aviation Administration (FAA), FAA-designated UAS test sites, and other key partners on this matter. The agreement supports such consultations, and the development of a concept of operations for State, local, and Tribal law enforcement organizations to identify malicious unmanned aircraft, consistent with existing Federal statutes. The concept of operations should include a five-year roadmap that provides an assessment and evaluation of the required training, equipment, technology, coordination, and processes necessary to achieve this objective.

Terrorist Explosive Device Analytical Center (TEDAC), Hazardous Device School (HDS), and New Facilities.—The agreement strongly supports the FBI's efforts to create a campus for collocating FBI explosives and counter-IED programs and activities; advanced and specialized training capacities and capabilities to address requirements that cannot be satisfied at other FBI facilities; and options for FBI executive management to proactively meet future operational and facilities requirements. The agreement provides no less than the fiscal year 2021 level for the operations of TEDAC and HDS. Furthermore, the agreement provides fully for the operations of new, collocated facilities expected to open in 2022, including the Operations Building, the Technology Building, and the TEDAC Explosive Technical Lab.

Cyber Information Sharing.—The agreement supports the FBI's efforts, in partnership with the National Defense Cyber Alliance, to help shape and lead information sharing pilot programs, including for the electricity sector and the academic research institution sector. Such pilot programs will improve the security of our Nation's sensitive networks by establishing and enhancing two-way information sharing between cleared sector partners and the U.S. Government.

Counter-Improvised Explosive Device (IED) Research.—The agreement supports the development of state-of-the-art capabilities for researchers to study a range of test articles under various load-

ing conditions, and potentially bridge critical science and technology gaps in support of domestic and international explosive investigations, as the threat from ground-based and airborne explosive devices will continue to be a complex security issue for the foreseeable future.

Advanced Threat Analysis and Data Analytics.—The agreement supports the FBI's efforts to develop enterprise technical tools, modernize its network infrastructure, and improve its data analytics capabilities. Within the funds provided, the FBI is encouraged to collaborate with universities on advanced threat analysis and advanced data analytic solutions that are tailored to the needs of FBI investigators.

CONSTRUCTION

The agreement includes \$632,000,000 for FBI construction, which provides funding above the requested level for the FBI to address its highest priorities outside of the immediate national capital area, in addition to resources dedicated to secure work environment projects. The agreement does not include any funding for headquarters construction. The agreement continues support for the FBI's long-term vision for collocating complementary mission operations while balancing the eventual transition into a new headquarters building with changing footprints at Quantico, Clarksburg, Huntsville, and Pocatello facilities. The delay in the new FBI headquarters project only increases the need to secure viable space for supporting a variety of mission, workforce, and land requirements. The agreement provides funding at no less than the fiscal year 2021 enacted level to further support the FBI's 21st Century Facility plans, including plans for technological requirements, and the FBI is encouraged to transition from interim facilities to full operating capabilities. As part of this 21st Century Facility planning, the FBI should continue to research the feasibility of using public-private partnership opportunities, provided that the annual lease and operating costs are reasonable and that facilities can be securely constructed and maintained at a level that meets the FBI's requirements.

DRUG ENFORCEMENT ADMINISTRATION

SALARIES AND EXPENSES

The agreement includes a direct appropriation of \$2,421,522,000 for the salaries and expenses of the DEA. In addition, DEA expects to derive \$511,659,000 from fees deposited in the Diversion Control Fee Account to carry out the Diversion Control Program, resulting in \$2,933,181,000 in total spending authority for DEA. The agreement includes \$10,000,000 to assist State, local, and Tribal law enforcement agencies in efforts to remove and dispose of hazardous materials at methamphetamine and fentanyl labs and processing operations. The agreement supports DEA expansion of its partnerships through Operation Engage. Within funding provided, the agreement supports DEA efforts to reverse the decline in staffing levels and continue the phased replacement and enhancement of DEA's aircraft fleet. DEA is encouraged to assign special agents to

the areas most affected by methamphetamines and opioid trafficking.

For fiscal year 2022, the agreement reiterates directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Hemp Testing Technology” and “Remote Prescribing of Substances.” DEA shall submit updated reports consistent with the directives.

Fentanyl and Fentanyl Precursors Trafficked from China.—Given the worsening opioid epidemic, DEA is encouraged to continue its efforts to stem the flow of illicit fentanyl and fentanyl precursors from China. DEA is directed to brief the Committees on Appropriations no later than 90 days after the date of enactment of this Act on these efforts.

BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

SALARIES AND EXPENSES

The agreement includes \$1,531,071,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives. For fiscal year 2022, the ATF is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Crime Gun Intelligence Centers (CGICs),” “United States-Mexico Firearm Trafficking,” and “Notification of Local Authorities.” The ATF shall submit updated reports consistent with the directives.

National Integrated Ballistic Information Network (NIBIN).—The agreement supports efforts to expand the use of NIBIN and to ensure all law enforcement agencies have access to NIBIN’s correlation services. ATF is encouraged to continue to build on these investments and consider additional service models to offer departments of varying sizes access to NIBIN. The agreement further supports efforts to develop a comprehensive ballistics strategy, which would offer end-to-end capabilities for both cartridge casings and bullets in the NIBIN program. In light of recent interest from institutions of higher education to use NIBIN as part of their criminal justice training programs, ATF is encouraged to promote NIBIN as a critical forensic science tool and to identify opportunities to build partnerships with criminal justice training programs.

Tobacco Enforcement.—ATF is directed to submit a report, within 60 days of the enactment of this Act, assessing investments in tobacco initiatives in each fiscal year since 2017 and identifying the amounts proposed to be invested in such programs in fiscal year 2022. ATF is urged to increase tobacco-related investigations and cases and to increase its focus on tobacco-related training and staff retention at every level.

ATF Laboratories.—ATF is directed to submit a report, within 30 days of the enactment of this Act, assessing ATF’s existing laboratory infrastructure, to include staffing and operating costs, and the merit of aligning ATF laboratory facilities in areas that can accommodate strong forensics and ballistics partnerships with institutions of higher education.

House report language under “Firearms Trafficking Report” and “Privately Made Firearms” is not adopted.

FEDERAL PRISON SYSTEM

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$7,865,000,000 for the salaries and expenses of the Federal Prison System. The agreement fully funds the requested \$409,483,000 for programs and activities authorized by the First Step Act of 2018 (FSA), including medication-assisted treatment, FSA programming staff, and Special Education instructors at each Bureau of Prisons (BOP) facility. The agreement provides \$194,607,000 above the request to sustain and increase BOP hiring efforts.

For fiscal year 2022, BOP is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “First Step Act (FSA) Implementation,” “Additional Requirements of the FSA,” “Residential Reentry Centers,” “Hiring, Staffing, and Inmate-to-Officer Ratios,” “Vacancies,” “Medication Assisted Treatment (MAT),” “Home Confinement,” and “Inmate Mental Health and Restrictive Housing”. BOP shall submit updated reports consistent with the directives. DOJ and BOP are reminded of the requirement to submit all reports to the Committees on time, including those required quarterly.

Augmentation.—BOP is expected to hire additional full-time correctional officers in order to reduce the overreliance on augmentation and improve staffing beyond mission-critical levels in custodial and all other departments, including medical, counseling, and educational positions. BOP shall provide quarterly reports to the Committees on the use of augmentation broken out by region, institution, and security level for each time such practice is employed. The reports shall also include the number of hours, and associated additional cost, of overtime recorded at each institution.

In addition, BOP shall include with its fiscal year 2023 budget submission, and each year thereafter, a detailed report for each Federal correctional facility at which two or more Federal inmates have died in one calendar year, describing each incident and the role augmentation may have played in exacerbating the inherent dangers present at those locations.

Correctional Officer Pay.—BOP, in consultation with the DOJ Justice Management Division, is directed to review current pay scales for its correctional officers in comparison to comparable employees in DOJ law enforcement components and State and local agencies, to include assessing the potential opportunity to raise the pay band and any associated resource requirements. The results of the review shall be shared with the Committees not later than 180 days after the date of enactment of this Act.

Overtime Pay Rate.—BOP shall report to the Committees not later than 90 days after the date of enactment of this Act on its application of the Fair Labor Standards Act (FLSA) in determining the rate of overtime pay for BOP employees. The report should break out how many employees, on an annual basis, are paid at a non-FLSA rate; the rationale for making such distinctions; and the

potential, along with any cost implications, of compensating all employee overtime at a full FLSA overtime rate.

Faith-based Recidivism Reduction Programming.—The First Step Act directs the Attorney General to “develop policies for the warden of each prison of the Bureau of Prisons to enter into partnerships,” including partnerships with “nonprofit and other private organizations, including faith-based, art, and community-based organizations that will deliver recidivism reduction programming on a paid or volunteer basis.” Further, “the Attorney General shall direct the Bureau of Prisons regarding the ability for faith-based organizations to function as a provider of educational evidence-based programs outside of the religious classes and services provided through the Chaplaincy.” BOP is directed to immediately take steps to ensure compliance with FSA requirements, and to ensure that all those incarcerated in BOP facilities have access to robust programming opportunities, including third-party faith-based programs. BOP is further directed to submit a report, within 30 days of the enactment of this Act, on such efforts.

Open GAO Recommendations.—BOP is directed to submit to the Committees, within 180 days of the date of enactment of this Act, a report identifying all BOP-related recommendations issued by GAO over the last decade that remain open. This report shall further describe the steps BOP is taking to implement all recommended actions and close-out each open recommendation.

Medical Services.—BOP is directed to submit a report to the Committees not later than 120 days after the date of enactment of this Act on its cost estimate and a strategic savings plan if BOP were to set a standard reimbursement rate for medical care of inmates at the Medicare benchmark rate.

Contraband Cell Phones in BOP Facilities.—BOP is directed to report to the Committees, not later than 90 days after the date of enactment of this Act, on the deployment of micro-jamming and managed access technology systems at BOP facilities. The report should describe the number of contraband devices confiscated through each type of technology at each facility; the comparative efficacy and cost effectiveness of such technologies in detecting and capturing devices and mitigating illicit communications; and, for those technologies found to be effective, the resources that would be required to expand or further deploy such technologies.

Camera and Radio Systems in BOP Facilities.—BOP is directed to submit to the Committees, not later than 90 days after the date of enactment of this Act, a three-year plan to upgrade its security camera, land mobile radio (LMR) communications, and public address (PA) systems at all BOP correctional facilities. The plan shall address current system deficiencies, including lack of functioning systems, blind spots, or radios lacking a “man down” function; the need for and cost of planned system maintenance and upgrades, to include analog to digital system conversion; upgrades to ensure storage, logging, preservation, and accessibility of records for investigators or courts; and any other enterprise-wide considerations for such technology and systems. The plan must incorporate a cost projection and prioritization of facilities for security camera, LMR, and PA system upgrades. Following submission of the initial plan, annual updates shall be provided, beginning one year from the date

of enactment of this Act, with a final report in three years detailing the status of BOP progress in upgrading these systems.

BUILDINGS AND FACILITIES

The agreement includes \$235,000,000 for the construction, acquisition, modernization, maintenance, and repair of prison and detention facilities housing Federal inmates. BOP shall proceed with ongoing planned and associated new construction efforts to meet projected capacity requirements, as identified in its monthly status of construction reports to the Committees. BOP is directed to continue to provide such reports monthly, along with notifications and explanations of any deviation from construction and activation schedules, and any planned adjustments or corrective actions.

Modernization and Repair (M&R) of Existing Facilities.—In lieu of direction in the House report, BOP is expected to apply the funding to reduce its longstanding M&R backlog and is directed to prioritize funding for repairs that protect life and safety. BOP shall continue to provide monthly status of construction reports and notify the Committees of any changes reflected in those reports.

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

The agreement includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

STATE AND LOCAL LAW ENFORCEMENT ACTIVITIES

In total, the agreement includes \$3,881,744,000 for State and local law enforcement and crime prevention programs. This amount includes \$3,184,744,000 in discretionary budget authority and \$575,000,000 derived by transfer from the Crime Victims Fund. This amount also includes \$122,000,000 scored as mandatory for Public Safety Officer Benefits.

For fiscal year 2022, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Management and Administration Expenses,” “Grant Funding Set-Asides,” “DOJ Grant Oversight,” “Grant Funds for Rural Areas,” “Science Advisory Board,” “Post-Conviction Relief for Trafficking Victims,” and “Consent Decrees and Grant Assistance.” The Department shall submit updated reports consistent with the directives. The Department is further directed to submit an annual report on grant programs that have not received a sufficient number of qualified applicants.

Submission of Officer Training Information.—The Department is directed to submit an updated report containing the information required in Senate Report 114–66, adopted by Public Law 114–113, to cover data for fiscal years 2020 and 2021 within 180 days of the date of enactment of this Act.

Tribal Grants and Victim Assistance.—The agreement provides a total of \$107,000,000 in discretionary grant funding for Tribes as follows: \$50,000,000 within OJP for Tribal assistance; \$14,000,000 for a Tribal youth program within the Office of Juvenile Justice and Delinquency Prevention (OJJDP); \$31,500,000 for Tribal re-

sources and \$3,000,000 for a Tribal Access Program within the COPS Office; and \$5,500,000 for a special domestic violence criminal jurisdiction program and \$3,000,000 for a Special Assistant U.S. Attorney on Tribal land program within the OVW. In addition, a total of \$130,000,000 is provided to Tribal governments and Tribal coalitions as part of Crime Victims Fund set-asides as authorized by this Act. For fiscal year 2022, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 for “Tribal Grants and Victim Assistance.”

Promoting Data-Sharing and Sex Offender Monitoring.—The Department’s grant-making offices are urged to support initiatives and technical systems that promote statewide and national data-sharing among court systems, correctional facilities, and law enforcement agencies. Such support may be provided through the Department’s discretionary grant funds and through efforts to promote the use of Byrne-JAG funds for these purposes.

VOCA Fix to Sustain the Crime Victims Fund Act of 2021.—OVC is directed to provide guidance and technical assistance to State Administering Agencies regarding changes to program requirements made under the VOCA Fix to Sustain the Crime Victims Fund Act of 2021 (Public Law 117–27). In particular, OVC is directed to fully explain the changes to matching requirements under section 3 of the Act, including national emergency waivers.

Sexual Abuse Services in Detention Hotline.—In lieu of House report language, DOJ is directed to explore opportunities for releasing existing grant funding, including through OVC’s discretionary grant program, for efforts that would create a hotline to provide sexual abuse and rape crisis counseling services to incarcerated individuals across the country.

National Deaf Services Line.—The Department is directed to examine OVC’s discretionary grant program to determine if this funding is available for a new National Deaf Services Line program and make funds available for this purpose if possible.

STOP School Violence Act.—In addition to House report language on “Stop School Violence Act,” the agreement notes that funds are included for continued support for the National Center for School Safety to provide evidence-based best practices, guidance, training, and technical assistance to all States, Tribes, and schools. The Department is directed to work with other Federal agencies to notify States, localities, Tribes, and school districts of funding availability upon release; to increase training and technical assistance for school district applicants; and to provide microgrants for school districts, including rural, Tribal, and low-resourced schools. The Department is also directed to clearly describe memorandum of understanding requirements in the grant solicitation for these programs with discretion given to schools or school districts as to the involvement of law enforcement agencies and rules relating to anonymous reporting systems to ensure manageability and inclusiveness of existing state programs. The Department is further directed to consider the size of school districts and States when requiring letters of support as part of the grant process. The Department is encouraged to cap the letters of support for the number of

school districts at 50 for large statewide programs and to 25 per cent of the number of school districts served.

OFFICE ON VIOLENCE AGAINST WOMEN

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$575,000,000 for the Office on Violence Against Women. These funds are distributed as follows:

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

(In thousands of dollars)

Indian Country—Sexual Assault Clearinghouse	500
Tribal Special Domestic Violence Criminal Jurisdiction	5,500
Rape Survivor Child Custody Act	1,500
Restorative Justice Responses and Evaluations	11,000
Culturally Specific Programs	10,000
Tribal Special Assistant U.S. Attorneys	3,000
Total, Violence Against Women Prevention and Prosecution Programs	\$575,000

To minimize fraud, waste, and abuse in these programs, OVW is encouraged to implement any open recommendations of the Department's OIG with respect to the recipients of grants under these programs.

For fiscal year 2022, OVW is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 regarding the Improving Criminal Justice Responses program.

Statutory Set-Asides.—The underlying statutes for several grant programs, including STOP Grants and Sexual Assault Services Program grants, outline set-asides for Tribal governments and coalitions, culturally specific community-based organizations, and organizations providing services to underserved populations. These set-asides provide a total of \$75,104,969 for fiscal year 2022, with \$55,864,969 for Tribal governments and coalitions, \$13,800,000 for culturally specific organizations, and \$5,440,000 to meet the needs of underserved populations. OVW shall ensure that the full

amounts provided for in the authorizing statutes are awarded expeditiously.

Grant Program to Support Restorative Justice Responses.—The agreement provides \$11,000,000 to support competitive grants focused on addressing the harm of domestic and sexual violence, either outside or alongside criminal justice processes. The Department is directed to collaborate with the National Center on Restorative Justice and other stakeholders to review research on restorative justice and current practices in the field to inform its approach. Grants under this program shall be for eligible entities to develop and implement a program, or to assess best practices, for (1) restorative practices to prevent or address domestic violence, dating violence, sexual assault, or stalking; (2) training by eligible entities, or for eligible entities, courts, or prosecutors, on restorative practices and program implementation; and (3) evaluations of restorative practices. Restorative practices performed with funds awarded under this program are not intended to function as a replacement for criminal justice intervention for a specific harm.

Grants shall support restorative practices that (1) are community-based and unaffiliated with any civil or criminal legal process; (2) are initiated by a victim of the harm; (3) involve—on a voluntary basis and without any evidence of coercion or intimidation of one or more victims of the harm by one or more individuals who committed the harm or anyone associated with any such individual—any individual who committed the harm, any victim of the harm, and the community affected by the harm through one or more representatives of the community; (4) include and has the goal of collectively seeking accountability from one or more individuals who committed the harm; developing a written process whereby one or more individuals who committed the harm will take responsibility for the actions that caused harm to one or more victims of the harm; and developing a written course of action plan that is responsive to the needs of one or more victims of the harm and upon which one or more victims, one or more individuals who committed the harm, and the community can agree; and (5) are conducted in a victim services framework that protects the safety and supports the autonomy of one or more victims of the harm and the community. The individuals described in matter (3) shall be considered a person receiving services under section 40002(b)(2) of the Violence Against Women Act of 1994 (34 U.S.C. 12291).

The Department is directed to limit eligible entities to States; units of local government; Tribal governments; Tribal organizations; victim service providers; institutions of higher education; private or public nonprofit organizations, including Tribal nonprofit organizations and faith-based nonprofit organizations. Eligible entities shall demonstrate a history of comprehensive training and experience in working with victims of domestic violence, dating violence, sexual assault, or stalking. Eligible entities shall include entities that submit proposals that meaningfully address the needs of culturally specific or underserved populations.

The Department is directed to ensure that eligible entities have set practices and procedures for screening the suitability of any individual who committed a harm, based on (1) the history of civil and criminal complaints against the individual involving domestic

violence, sexual assault, dating violence, or stalking; (2) parole or probation violations of the individual or whether active parole or probation supervision of the individual is being conducted for prior offenses involving domestic violence, sexual assault, dating violence, or stalking; (3) the risk to the safety of any victim of the harm based on an evidence-based risk assessment; (4) the risk to public safety, including an evidence-based risk assessment of the danger to the public; and (5) past participation of any individual who committed the harm in restorative practice programing. With respect to the risk assessment described in matter (3), if the eligible entity or a subgrantee of an eligible entity determines that a victim or a dependent of a victim are at significant risk of subsequent serious injury, sexual assault, or death, the eligible entity or subgrantee shall refer the victim or dependent to other victim services, instead of restorative practices.

The Department is further directed to ensure that eligible entities deny eligibility to participate in the program for any individual who committed a harm against whom there is (1) a pending felony or misdemeanor prosecution for an offense against any victim of the harm or a dependent of any such victim; (2) a restraining order or a protection order (as defined in section 2266 of title 18, United States Code) that protects any victim of the harm or a dependent of any such victim, unless there is an exception in the restraining order or protective order allowing for participation in a restorative practices program; (3) a pending criminal charge involving or relating to sexual assault, including rape, human trafficking, or child abuse, including child sexual abuse; or (4) a conviction for child sexual abuse against the victim or a sibling of the victim if the victim or sibling of the victim is currently a minor.

OFFICE OF JUSTICE PROGRAMS

RESEARCH, EVALUATION AND STATISTICS

The agreement provides \$70,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

RESEARCH, EVALUATION AND STATISTICS

(In thousands of dollars)

Program	Amount
Bureau of Justice Statistics	\$40,000
National Institute of Justice	30,000
Feasibility Study to Monitor Abuse in Youth Serving Organizations	(1,500)
Total, Research, Evaluation and Statistics	\$70,000

For fiscal year 2022, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116-260 regarding “Spending Plans” and “Understanding the Effects of Human Trafficking.” The agreement revises House report language regarding the collection of solitary confinement data and directs the National Institute of Justice (NIJ), instead of the Bureau of Justice Statistics (BJS), to collect this data and report back to the Committees not later than 180 days after the date of enactment of this Act.

House report language regarding the “Law Enforcement Study Addressing Delayed Responses to Questions” is not adopted.

Data on Police Suicide.—Within 120 days of the date of enactment of this Act, BJS is directed to provide a status update of the progress of this data collection, information obtained from other Federal agencies, and an updated timeline for final publication.

Researching School Violence.—Within the funds provided, up to \$1,000,000 may be used by NIJ to continue to develop a model and best practices for comprehensive school safety, including identifying the root causes of violence in schools. NIJ is directed to continue to publish an annual report on its website on the effectiveness of STOP School Violence Initiative grants.

Correctional Education Evaluation.—As directed in the joint explanatory statement accompanying Public Law 116–260, NIJ is directed to establish a public-private partnership with research and correctional institutions to collect and evaluate data and continue to advance the research on the impact of correctional education on recidivism. The NIJ is directed to report on the status of this project within 60 days of the date of enactment of this Act.

Feasibility Study to Track Abuse in Youth Serving Organizations.—The agreement provides \$1,500,000 for NIJ to administer a competitive grant to an accredited research university for a feasibility study on the establishment of a Federal system to count and track substantiated cases of sexual abuse and other forms of maltreatment in youth serving organizations, to include organized sports, schools, and camps. This study will assist DOJ in determining the viability of creating a system to identify the gaps that currently exist in law enforcement and child welfare coordination strategies to better address the challenge of identifying child abuse in organizations that serve youth.

National Survey of Children Exposed to Violence.—The Department is directed to continue the National Survey of Children Exposed to Violence and DOJ is encouraged to utilize the best existing methodology to conduct the survey in the near term, given the need to examine the extent of violence against children that occurred during the COVID–19 public health emergency. As appropriate, NIJ is encouraged to collaborate with Departmental components, including OJJDP and BJS, as well as with other Federal agencies, to complete this survey.

Campus Climate Survey.—Within the funds provided, up to \$5,000,000 shall be made available for the continued development and testing of the Department’s pilot campus climate survey on sexual harassment and sexual assault. The proposed research is expected to yield findings from a multi-campus climate survey and a set of methodological tools that are cost-effective, standardized, methodologically rigorous, and capable of being scaled nationwide.

First Step Act Research and Studies.—Within the amount provided for NIJ, no less than \$4,000,000 is available to evaluate, research, and study First Step Act programs and activities.

Community-Based Public Safety Strategies.—In lieu of language in the House Report, the agreement directs the Department to conduct a study on the efficacy of non-carceral, non-punitive approaches to addressing and reducing community violence.

Domestic Radicalization Research.—In lieu of language in the House Report, the agreement recognizes that NIJ plays a critical role in examining the drivers of domestic radicalization and defining the role of State and local law enforcement in breaking the radicalization and recruitment cycle that sustains violence. Within funds provided, no less than \$6,000,000 is available for NIJ to continue its research on domestic radicalization.

National Model for Reducing Incarceration Rates for Minor Parole Violations.—NIJ is directed to re-release the solicitation for opportunity number O–NIJ–2021–99001 within 30 days of the date of enactment of this Act.

Clearinghouse for Online Extremism.—The NIJ shall conduct a study into the feasibility, costs, and civil liberties implications of, as well as the public support and need for, a government-funded, privately operated clearinghouse for online extremist content. The agreement directs that up to \$500,000 be provided for this effort.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$2,213,000,000 for State and Local Law Enforcement Assistance programs. These funds are distributed as follows:

Total, State and Local Law Enforcement Assistance	\$2,213,000

For fiscal year 2022, the Department is directed to continue following the directives in the joint explanatory statement accompanying Public Law 116–260 on the following topics: “Capital Litigation Improvement and Wrongful Conviction Review,” “Project Safe Neighborhoods,” “Group Violence Intervention,” “Grants to Combat Human Trafficking,” “Patrick Leahy Bulletproof Vest Partnership Grant Program,” “Sexual Assault Kit Initiative,” “Keep Young Athletes Safe Act,” “Ashanti Alert Implementation,” “Family-Based Alternative Sentencing Pilot Programs,” “Child Advocacy Training,” “Rural Violent Crime Initiative,” “Drug Detection Canines,” “Internet of Things Device Capabilities,” “Paul Coverdell Forensic Science,” “Project HOPE Institute,” “Comprehensive Addiction and Recovery Act (CARA) Programs,” “Body-Worn Camera Partnership Program,” and “Justice Reinvestment Initiative.” The Department shall submit updated reports consistent with the directives.

Uses of Byrne-JAG Funds.—Novel equipment and technologies can improve public safety and public trust in criminal justice institutions. OJP is urged to promote awareness, through statements on the OJP website, in “FAQs” and seminars, and in solicitation documents, that Byrne-JAG funds may be used for managed access systems and other cell phone mitigation technologies; fentanyl and methamphetamine detection equipment, including handheld instruments; opioid overdose reversal agents; virtual reality de-escalation training; humane remote restraint devices that enable law enforcement to restrain an uncooperative subject without requiring the infliction of pain; and gunfire detection technology. The agreement

reiterates language in the House report on other allowable uses of Byrne-JAG funds.

The Department is expected to ensure State, local, and Tribal governments use Byrne-JAG awards to target funding to programs and activities that conform with evidence-based strategic plans developed through broad stakeholder involvement, as required by law. The Department is directed to continue to make technical assistance available to State, local, and Tribal governments for the development and update of such plans, for the planning and implementation of promising practices funded with Byrne-JAG, and for meeting the obligations established by the Sixth Amendment to the Constitution of the United States. The Department should continue funding this technical assistance at the level authorized in Public Law 114–324.

Officer Training on Responding to People with Mental Illness or Disabilities.—The agreement provides \$10,000,000 for a competitive grant program to provide awards to State and local law enforcement and correctional facilities to educate, train, and prepare officers so that they are equipped to appropriately interact with mentally ill or disabled individuals in the course of completing their job responsibilities. This training should be developed in conjunction with healthcare professionals to provide crisis intervention training, which shall focus on understanding mental and behavioral health, developing empathy, navigating community resources, de-escalation skills, and practical application training for all first responders. OJP is directed to track the results of this grant program to better establish best practices for law enforcement agencies. Law enforcement agencies are encouraged to improve officer response through innovative technologies, including the use of telemedicine-capable devices, to connect individuals directly with mental or behavioral health experts.

Prison Rape Elimination Act Audit Quality Initiative.—Facility audits are a key component in helping agencies move their sexual abuse prevention and response policies from written documents to everyday practices. The Bureau of Justice Assistance (BJA) has outlined a meaningful Quality Improvement Initiative and the agreement supports the Department providing the necessary resources to carry out this work.

Capital Litigation Improvement and Wrongful Conviction Review.—The agreement directs that at least 50 percent of the \$12,000,000 provided for Capital Litigation Improvement and Wrongful Conviction Review grant programs shall be used to support Wrongful Conviction Review grantees providing high quality and efficient post-conviction representation for defendants in post-conviction claims of innocence. Wrongful Conviction Review grantees shall be nonprofit organizations, institutions of higher education, and/or State or local public defender offices that have inhouse post-conviction representation programs that show demonstrable experience and competence in litigating post-conviction claims of innocence. To avoid any possible conflicts of interest, the Department shall not require grantees to participate in partnerships between a State or local prosecutor's office and an organization or entity dedicated to ensuring just convictions and/or acquittals. Grant funds shall support grantee provision of post-conviction

legal representation of innocence claims; case review, evaluation, and management; experts; potentially exonerative forensic testing; and investigation services related to supporting these post-conviction innocence claims.

National Center on Restorative Justice.—Of the \$3,000,000 provided for this program, no less than \$2,500,000 shall be used to continue a partnership with an accredited institution of higher education and/or law school for the purposes of supporting a National Center on Restorative Justice to educate and train the next generation of justice leaders. The Center shall also continue to support research focusing on how best to provide direct services to address social inequities, such as simultaneous access to substance abuse treatment and higher education. Further, the Center will expand educational opportunities for those under sentence and in a court-supervised substance abuse program, and, through research and evaluation, the Center will disseminate reports on the impact of attitudes, recidivism, and costs of the educational initiatives. Up to \$500,000 may be used to support microgrants to innovative restorative justice projects in communities across the country.

Jennifer's Law and the Missing Persons and Unidentified Remains Act of 2019.—The agreement provides \$5,000,000 for this newly authorized grant program. These grants will assist State and local governments, laboratories, and nonprofit organizations in the transportation, processing, identification, and reporting of missing persons and unidentified remains, including migrants. The Department is directed to describe how it plans to administer this program as part of its fiscal year 2022 spend plan.

DNA Initiative.—The agreement provides a total of \$151,000,000 for DNA-related and forensics programs. Within the funds provided, \$4,000,000 is for Sexual Assault Forensic Exam Program grants, for the purposes authorized under 34 U.S.C. 40723. OJP is expected to make funding for DNA analysis and capacity enhancement a priority in order to meet the purposes of the Debbie Smith DNA Backlog Grant Program. The Department is directed to submit, as part of its spending plan for State and Local Law Enforcement Activities, a detailed description of funds appropriated for DNA-related and forensic programs, including the alignment of appropriated funds with the authorized purposes of the Debbie Smith DNA Backlog Grant Program. Allocations should comply with all relevant requirements, including the Justice for All Reauthorization Act of 2016 (Public Law 114–235), the Justice Served Act of 2018 (Public Law 115–257), and relevant appropriations directives. OJP is directed to provide a briefing, within 30 days of the date of enactment of this Act and in advance of the submission of the Department's spending plan, on how it will apply relevant statutory requirements and appropriations directives to the amounts made available for DNA-related and forensics programs.

Expansion of Central Data Repositories (CDRs) to Combat the Opioid Crisis.—BJA has supported the establishment and operation of statewide data repositories that promote the collection, analysis, and dissemination of information critical to our Nation's efforts to combat the intractable and tragic surge in opioid overdose deaths. Recognizing the opioid crisis does not follow state lines, the agreement provides \$4,000,000 for a competitive grant to an ac-

credited institution of higher education, to support the expansion of an existing statewide CDR into a regional hub for drug data collection, analysis, and dissemination.

Forensic Ballistics and Higher Education.—Subject to approval from ATF, educational institutions can join NIBIN in collaboration with local law enforcement agencies. Through the use of ballistics identification equipment, these NIBIN initiatives can provide students with hands-on training in the processing of firearms evidence used to generate actionable crime gun intelligence. The agreement provides \$1,500,000 for a competitive grant program for universities and technical colleges, to acquire ballistics identification equipment and support forensic ballistics programs.

Second Chance Act.—The directives and reporting requirements addressed in the joint explanatory statement accompanying Public Law 116–260 shall continue to be followed by the Department. In addition, the agreement provides \$10,000,000 for the purposes of the Crisis Stabilization and Community Reentry Act of 2020 (Public Law 116–281), which also addresses the mental health and substance use disorder needs of individuals who are recently released from correctional facilities.

Community-Based Approaches to Advancing Justice.—The agreement provides \$5,000,000 for a grant program that supports community-based organizations and civil rights groups with implementing and facilitating educational classes and community services that address hate crimes and provide support for victims in their communities. The Department is directed to submit a plan for implementing this program as part of the fiscal year 2022 spend plan.

Jabara-Heyer NO HATE Crime Act Grants.—The agreement provides \$5,000,000 for this newly authorized grant program. These grants will assist State and local governments with providing data into the National Incident-Based Reporting System, which will improve the quality of hate crimes data collected by the FBI; establishing hate crime reporting hotlines; and developing and adopting policies on identifying, investigating, and reporting hate crimes. The Department is directed to describe how it plans to administer this program as part of its fiscal year 2022 spend plan.

Community Based Violence Intervention and Prevention Initiative (CVIPI).—The agreement provides \$50,000,000 for a grant program that supports communities in developing comprehensive, evidence-based violence intervention and prevention programs, including efforts to address gang and gun violence, based on partnerships between community residents, law enforcement, local government agencies, and other community stakeholders. Awards should be prioritized for communities with the highest number of homicides and the highest number of homicides per capita. Funding may be used for youth-based programs. Efforts supported by the Byrne Criminal Justice Innovation program in fiscal year 2021 may also be used for CVIPI.

The Department is directed to submit a plan for implementing this program as part of the fiscal year 2022 spend plan. The Department is directed to prioritize that these grants be made to community-based violence intervention programs to the fullest extent possible and also track and publish information on this funding, in-

cluding the number of awards made, a description of the use of funding for each project, and the number of grant applications received.

Byrne Discretionary Community Project Grants/Byrne Discretionary Grants (“projects”).—The agreement provides \$184,707,000 for projects to prevent crime, improve the criminal justice system, provide victim services, and for other related activities. The accompanying table details funding for project activities, which are incorporated by reference in this Act:

For fiscal year 2022, the Department is directed to continue following the directives and reporting requirements in the joint ex-

planatory statement accompanying Public Law 116–260 regarding “Part B: State Formula Grants,” “Implementation of the Juvenile Justice Reform Act of 2018,” “Juvenile Diversion Programs,” “Youth Mentoring Grants,” “Victims of Child Abuse Act,” and “Children Exposed to Violence.”

Statutes of Limitations on Crimes Against Children.—Statutes of limitations have prevented survivors of child sexual abuse, child exploitation, and child sex trafficking from seeking justice when their trauma causes them to delay disclosure of their abuse until later in life. In lieu of House language regarding the prioritization of grants for Victims of Child Abuse programs, the agreement directs the Department to continue implementing the program as authorized under the Victims of Child Abuse Act (Public Law 101–647) and encourages the Department to explore ways of encouraging States to review and revise statutes of limitations and avenues for reviving time-barred civil claims for child sexual abuse, child exploitation, and child sex trafficking for adults who were children when they were victimized.

Girls in the Juvenile Justice System.—The agreement provides \$4,500,000 for the Reducing Risk for Girls in the Juvenile Justice System grant program, which will enable organizations, including nonprofit entities, with a successful track record of administering prevention and early intervention programs for girls who are most likely to end up in the juvenile justice system, at a local or State level, to replicate these programs at a national level. Funding for this program will further support prevention and early intervention strategies and curricula throughout the country, and place vulnerable girls on a path toward success, stability, and long-term contribution to society.

Children Exposed to Violence.—The agreement provides \$8,000,000 for grants to help children exposed to violence, through supportive services for the children and their families, training and awareness to communities, and technical assistance for child and family-serving organizations to help them better recognize and help families at risk for violence.

Protecting Vulnerable and At-risk Youth.—The agreement provides \$5,000,000 to support the establishment of a pilot demonstration program, through which at least four community-based organizations, to include those in underserved rural communities, can apply for funding to develop, implement, and build replicable treatment models for residential-based innovative care, treatment, and services. The primary population served by such pilot programs shall include adolescents and youth transitioning out of foster care who have experienced a history of foster care involvement, child poverty, child abuse or neglect, human trafficking, juvenile justice involvement, substance abuse disorder, or gang involvement. Community-based programs providing crisis stabilization, emergency shelter, and addiction treatment for adolescents and transitional age residential programs with reputable outcomes shall be accorded priority in funding under this program.

Missing and Exploited Children Programs.—The agreement includes \$99,000,000 for Missing and Exploited Children programs. The Department is directed to distribute the increased amount proportionally among such programs, excluding research and technical

assistance activities. Furthermore, OJP is directed to provide a detailed plan for the use of these funds as part of the Department's spending plan for fiscal year 2022.

For fiscal year 2022, the Department is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding the AMBER Alert program, the continued development of IT solutions to address both duplicative tips and law enforcement deconfliction, and the provision of no less than \$3,000,000 for a competitive grant program to increase the technological investigative capacity, and associated training of law enforcement, to support the development, refinement, and advancement of widely used investigative tools, methods and technologies that address child sexual abuse material (CSAM), exploitation, and sex trafficking.

Advanced Skills Training for Internet Crimes Against Children (ICAC) Officers.—Within the funds provided, no less than \$1,000,000 is to maintain, strengthen, and enhance the ICAC Child Online Protection System (ICACCOPS) investigative tools that address CSAM, exploitation, and sex trafficking. This funding will enable a significant upgrade of hardware, software, and other critical infrastructure components, which will increase investigative capacity and effectiveness. Within 90 days of the date of enactment of this Act, OJJDP is directed to submit a report on specific, long-term objectives associated with this funding.

ICACCOPS Training.—The Department is directed to prioritize expanded training on and use of ICACCOPS across Federal, State, local, Tribal, and military law enforcement agencies. The Department is further directed to coordinate with the Department of Defense on the implementation of section 550D of Public Law 116–92.

ICAC Structure.—The Department is directed to immediately submit the report directed in the joint explanatory statement accompanying Public Law 116–260 regarding the ICAC program and structure. The deadline for this report was April 26, 2021. The Department is further directed to submit an updated report, not later than 9 months after the date of enactment of this Act.

National Center for Missing and Exploited Children (NCMEC) Transparency.—The agreement clarifies that the report requested in House language under the heading “National Center for Missing and Exploited Children (NCMEC) Transparency” shall include the following information: (1) the number of reports submitted to the CyberTipline by Electronic Service Providers containing suspected CSAM disaggregated by how many images and videos are deemed to be unique using hash-matching technology; (2) the number of reports submitted to the CyberTipline by Electronic Service Providers containing suspected CSAM with unique images and videos after deconfliction or deduplication of visually similar imagery; (3) the number of unique image and video files reviewed by the Child Victim Identification Program (CVIP); (4) the total number of unique image and video files reviewed by the CVIP disaggregated by whether there was a known or suspected relationship between the suspected offender and the victim, including disaggregation by the type of relationship; and (5) the number of CSAM series containing unidentified minor victims added to the NCMEC's CVIP database of victims for the first time.

Alternatives to Youth Incarceration.—The Department is encouraged to share with the Committees its strategic plan to develop and implement the Alternatives to Youth Incarceration program in future years.

Arts in Juvenile Justice.—The Department is directed to establish, with advice and consultation from the National Endowment for the Arts and arts stakeholders, an Arts in Juvenile Justice demonstration program to provide competitive grants to partnerships among arts organizations and juvenile justice systems, programs, and nonprofit organizations, to pilot promising and effective art-based and art therapy models for youth engaged, or at risk of being engaged, with the juvenile justice system.

PUBLIC SAFETY OFFICER BENEFITS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$152,000,000 for the Public Safety Officer Benefits program for fiscal year 2022.

COMMUNITY ORIENTED POLICING SERVICES

COMMUNITY ORIENTED POLICING SERVICES PROGRAMS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$511,744,000 for Community Oriented Policing Services (COPS) programs, as follows:

COMMUNITY ORIENTED POLICING SERVICES

(In thousands of dollars)

Program	Amount
COPS Hiring Grants	\$246,000

Diversity and Anti-Bias Training	(2,000)
Community Oriented Policing Services, Technology and Equipment	111,744
Community Projects/COPS Law Enforcement Technology and Equipment	
Total, Community Oriented Policing Services	\$511,744

For fiscal year 2022, the COPS Office is directed to continue following the directives and reporting requirements in the joint explanatory statement accompanying Public Law 116–260 regarding “Anti-Methamphetamine Task Forces,” “Anti-Heroin Task Forces,” “Law Enforcement Mental Health and Wellness Grants,” and “School Resource Officers.”

COPS Hiring.—The directive regarding additional consideration for applicants that commit to recruiting officers from the communities in which they will serve, described in the joint explanatory statement accompanying Public Law 116–260, is to be continued for fiscal year 2022. Within 30 days of the enactment of this Act, the COPS Office is directed to submit a report on the application of this criterion in COPS Hiring Program awards.

Community Policing Development (CPD), Training and Technical Assistance.—The agreement provides \$40,000,000 for CPD, which is directed to be provided in competitive grants, including directly to law enforcement agencies, in the following manner: \$10,000,000 is to expand the use of crisis intervention teams in order to embed mental and behavioral health services with law enforcement, including funding for specialized training; \$15,000,000 is for officer training in de-escalation, implicit bias, and duty to intervene techniques, of which no less than \$2,000,000 is for grants to regional de-escalation training centers that are administered by accredited institutions of higher education and offer de-escalation training certified by a national certification program; \$8,000,000 is for assisting agencies with gaining accreditation to ensure compliance with national and international standards covering all aspects of law enforcement policies, procedures, practices, and operations of which no less than \$2,000,000 is to be provided for small and rural law enforcement agencies for this purpose; \$5,000,000 is for the continuation of the CPD Microgrants program that provides funding for demonstration and pilot projects that offer creative ideas to advance crime fighting, community engagement, problem solving, or organizational changes to support community policing; and \$2,000,000 is for grants to support tolerance, diversity, and anti-bias training programs offered by organizations with well-established experience training law enforcement personnel and criminal justice professionals. The COPS Office is directed to report within 30 days of the date of enactment of this Act on how the direction for CPD grants is being followed as well as timelines for grant deadlines and distribution.

Within the CPD Microgrants program, the COPS Office is urged to support law enforcement agencies' and Tribes' engagement with their communities, including nonprofit organizations, institutions of higher education, community groups, youth groups, and faith-based organizations. This engagement will facilitate organized dialogues that bring together community members and law enforcement officers and promote the development of shared goals that will enhance the collective safety of the community.

Collaborative Reform Model.—The agreement provides \$5,000,000 for the restoration of the Collaborative Reform Model, which assists local law enforcement agencies in identifying problems and developing solutions to some of the most critical issues facing law enforcement today, such as use of force, fair and impartial policing, and improved accountability. Grant funding is to only be used to assist law enforcement agencies who choose to engage in the collaborative reform process with the Department.

Community Oriented Policing Services, Technology and Equipment Community Projects/COPS Law Enforcement Technology and Equipment ("projects").—In lieu of language included in House Re-

port 117–97, the agreement provides \$111,744,000 for grants to State, local, Tribal, territorial, and other entities to develop and acquire effective equipment, technologies, and interoperable communications that assist in responding to and preventing crime. The agreement notes that the projects included in this statement should help improve police effectiveness and the flow of information among law enforcement agencies, local government service providers, and the communities they serve. Equipment funded under this program should meet any applicable requirements of the National Institute of Standards and Technology's Office of Law Enforcement Standards. The accompanying table details funding for congressionally designated activities, which are incorporated by reference in this Act:

GENERAL PROVISION—DEPARTMENT OF JUSTICE

(INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions for the Department of Justice:

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or incest, or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes that the Director of the Bureau of Prisons (BOP) is obliged to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

Section 207 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious, or educational purposes.

Section 208 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 209 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts speci-

fied in this title or the reuse of specified deobligated funds provided in previous years.

Section 210 prohibits the use of funds for A—76 competitions for work performed by employees of BOP or Federal Prison Industries, Inc.

Section 211 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 212 permits up to 2 percent of grant and reimbursement program funds made available to the OJP to be used for training and technical assistance and permits up to 2 percent of grant funds made available to that office to be used for criminal justice research, evaluation and statistics by the National Institute of Justice and the Bureau of Justice Statistics.

Section 213 provides cost-share waivers for certain DOJ grant programs.

Section 214 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 215 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facilitate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 216 places limitations on the obligation of funds from certain Department of Justice accounts and funding sources.

Section 217 allows certain funding to be made available for use in Performance Partnership Pilots.

Section 218 establishes reporting requirements for certain Department of Justice Funds.

TITLE III

SCIENCE

OFFICE OF SCIENCE AND TECHNOLOGY POLICY

The agreement includes \$6,652,000 for the Office of Science and Technology Policy (OSTP).

Climate Change Adaptation.—The agreement adopts House language on Climate Change Adaptation and directs OSTP to undertake this work from within available funds.

Emerging Contaminants.—OSTP submitted the “Update to the Plan for Addressing Critical Research Gaps Related to Emerging Contaminants in Drinking Water” in January 2022, which includes an updated cross-agency Federal research strategy for addressing critical research gaps related to detecting and assessing exposure to emerging contaminants in drinking water through the National Emerging Contaminant Research Initiative. No later than 180 days after the enactment of this Act, OSTP shall update the Committees on program, policy, or budgetary resources included in the fiscal year 2023 budget request, by agency, to support the implementation of the Federal research strategy, as well as anticipated needs for fiscal year 2024. As part of this update, OSTP is directed to in-

clude the status of the National Emerging Contaminant Research Initiative.

Sustainable Chemistry.—OSTP is encouraged to support the timely and full implementation of subtitle E of title II of William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116—283), including the establishment of an interagency working group led by OSTP to coordinate Federal programs and activities in support of sustainable chemistry.

Solar Geoengineering.—OSTP is directed to develop an interagency working group, in coordination with NOAA, NASA, DOE, and other relevant agencies, to manage near-term climate hazard risk and coordinate research in climate intervention. In parallel, the interagency working group should also establish a research governance framework to provide guidance on transparency, engagement, and risk management for publicly funded work in solar geoengineering research.

Industries of the Future.—No later than 30 days after enactment of this Act, OSTP shall provide the Committees the report required in the Industries of the Future Act of 2020 (Public Law 116—283) that includes an assessment and recommendation related to the Federal Government's investments in research and development in critical areas, such as artificial intelligence, quantum computing, advanced manufacturing, and biotechnology.

NATIONAL SPACE COUNCIL

The agreement includes \$1,965,000 for the activities of the National Space Council.

Quarterly Briefings.—The National Space Council is directed to continue quarterly briefings as described in the explanatory statement accompanying Division B of Public Law 116—260.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

The agreement includes \$24,041,300,000 for the National Aeronautics and Space Administration (NASA). NASA shall continue to follow directives contained in the explanatory statement accompanying Division B of Public Law 116—260 under the headings “Quarterly Launch Schedule” and “Oversight and Accountability.”

SCIENCE

The agreement includes \$7,614,400,000 for Science and directs NASA to provide funding as described in the table above and text below. NASA shall continue its progress toward implementing the recommendations within the Earth Science, Heliophysics, Planetary Science, Astrophysics, and Biological and Physical Sciences decadal surveys. The Science Mission Directorate's efforts to promote diversity and inclusion among principal investigators (PIs) are noted and appreciated.

Earth Science.—In lieu of the funds designated in the House report for Earth Science, the agreement provides up to the request level for Earth Science Research and Analysis; Decadal Survey and Future Missions; Plankton, Aerosol, Cloud, ocean Ecosystem (PACE); Carbon Monitoring System; Earth Venture Class Missions; NASA-ISRO Synthetic Aperture Radar; and the Geostationary Carbon Cycle Observatory (GeoCARB). NASA is directed to provide no less than the request level for the Climate Absolute Radiance and Refractivity Observatory Pathfinder (CLARREO) and the Geosynchronous Littoral Imaging and Monitoring Radiometer (GLIMR).

University Small Satellite Missions.—Of the funds provided for Science, NASA is directed to allocate not less than \$30,000,000 for university small satellite missions.

Commercial Launch Industry.—The agreement affirms House report language regarding the use of small satellite missions and directs NASA to ensure its merit review processes encourage PIs to use these services where appropriate.

Robotically Assembled Earth Science Platform.—NASA is encouraged to support, in partnership with industry, the development and deployment of capabilities using NASA-supported robotic assembly and on-orbit structure manufacturing technologies to enable operation of multiple modular Earth remote sensing instruments.

Lunar Discovery.—The agreement includes up to \$497,300,000 for Lunar Discovery and Exploration, including up to the request level for Commercial Lunar Payload Services (CLPS), not less than \$22,100,000 for the Lunar Reconnaissance Orbiter, and not less than \$107,200,000 for the Volatiles Investigating Polar Exploration Rover (VIPER).

Venus Technology.—In lieu of the House language, the agreement provides up to the request level for Venus Technology.

Dragonfly.—In lieu of the House language on New Frontiers, the agreement provides \$201,100,000 for Dragonfly.

Mars Sample Return.—In lieu of the House language on Mars Sample Return, the agreement provides no less than the request level and strongly supports NASA's highest priority planetary mission.

Small Innovative Missions for Planetary Exploration (SIMPLEX).—The agreement affirms House report language regarding SIMPLEX and urges NASA to consider developing plans to increase SIMPLEX solicitations to further accelerate and enhance overall planetary science mission objectives.

Icy Satellites Surface Technology.—The agreement directs that not less than \$14,200,000 shall be for Icy Satellites Surface Technology. NASA may use current and prior-year resources to meet this funding level.

Roman Telescope.—The agreement includes \$501,600,000 for the Nancy Grace Roman Space Telescope. NASA is expected to use a firm \$3,500,000,000 development cost cap in its future execution of the mission.

Science Mission Directorate (SMD) Education.—The agreement provides no less than \$50,600,000 for education and outreach efforts. The agreement further supports the recommendation that the Astrophysics program continue to administer this SMD-wide education funding. The agreement encourages SMD-funded investigators to be directly involved in outreach and education efforts and support citizen science. NASA should continue to prioritize funding for ongoing education efforts linked directly to its science missions.

Astrophysics Decadal Survey.—The Astrophysics decadal survey, *Pathways to Discovery in Astronomy and Astrophysics for the 2020s* (Astro2020), was issued in November 2021. It recommended the establishment of a technology development program to mature science and technologies needed for the recommended missions beginning with those needed for a large telescope to observe habitable exoplanets. Congress has previously supported such efforts through Search for Life Technologies. As part of its preparations for implementing the Astro2020 recommendations, NASA is expected to include appropriate funding for technology maturation in its fiscal year 2023 budget request to ensure continued Astrophysics mission success.

Stratospheric Observatory for Infrared Astronomy (SOFIA).—The agreement notes all recommendations of Astro2020. The agreement includes \$85,200,000 from within current and prior year resources to continue SOFIA operations in fiscal year 2022.

James Webb Space Telescope (JWST).—The agreement includes \$175,400,000 for the JWST.

Heliophysics Technology.—The agreement provides up to the request level for Heliophysics Technology.

Solar Terrestrial Probes.—The agreement provides up to the request level for Solar Terrestrial Probes, including no less than the fiscal year 2021 level from within current and prior year resources to continue Magnetospheric Multiscale mission operations in fiscal year 2022.

Heliophysics Explorers.—The agreement provides \$189,200,000 for Heliophysics Explorers.

Heliophysics Research Range.—The agreement provides the requested level for Research Range.

Space Weather.—The agreement provides no less than \$25,000,000 for Space Weather Science and Applications (SWSA), including no less than \$1,000,000 to initiate the implementation of a center-based mechanism to support multidisciplinary space weather research, advance new capabilities, and foster collaboration among university, government, and industry participants aimed at improving research-to-operations and operations-to-research. The SWSA program should focus on research and technology that enables other agencies to improve operational space weather forecasts and assets, including ground-based assets such as the Daniel K. Inouye Solar Telescope.

Biological and Physical Science.—The agreement includes \$82,500,000 for Biological and Physical Science.

AERONAUTICS

The agreement includes \$880,700,000 for Aeronautics, including up to \$311,700,000 for the Integrated Aviation Systems Program.

Hypersonics Technology.—The agreement includes not less than \$50,000,000 for Hypersonics Technology, of which \$15,000,000 shall be prioritized for collaborative work between academia and industry, including for carbon/carbon material testing and characterization as well as reusable vehicle technologies and hypersonic propulsion systems.

High-Rate Composite Aircraft Manufacturing (HiCAM).—The agreement provides no less than \$32,000,000 to enable HiCAM to select large-scale ground tests of both fuselage and wing to accelerate industry's development of this critical technology to help ensure the global competitiveness of the U.S. aerospace industry. NASA is encouraged to leverage existing academic and industry expertise to help demonstrate efficient design, development, and certification requirements associated with this program and to utilize no less than 75 percent of these funds to support public-private partnerships with at least a 50 percent government cost share.

Advanced Materials Research.—The agreement provides up to \$7,000,000 above the request to advance university-led aeronautics materials research. NASA is encouraged to partner with academic institutions that have strong capabilities in aviation, aerospace structures, and materials testing and evaluation.

Low-Boom Flight Demonstrator (LBFD) Over Land Supersonic Testing.—NASA has identified a comprehensive set of atmospheric environments that its low sonic boom aircraft will encounter in flights over land in anticipation of initial test flights of the LBFD experimental aircraft beginning in 2022. NASA is directed to in-

clude established non-military supersonic test corridors for the LBFD flight tests.

Unmanned Traffic Management (UTM).—NASA is encouraged to continue work with the FAA and other Federal agencies, States, counties, cities, and Tribal jurisdictions on research toward the development of a UTM system, technologies, and applications for enhanced UTM air domain awareness.

Aviation Supply Chain.—The agreement directs NASA to assess the existing aviation supply chain from materials suppliers to structures manufacturing, including modeling existing and potential future supply chain gaps. In conducting the assessment, NASA should consult with industry and other relevant Federal agencies to identify future technology and research needs impacted by supply chain disruptions.

SPACE TECHNOLOGY

The agreement includes \$1,100,000,000 for Space Technology and reaffirms support for the independence of the mission directorate. In lieu of the House language, the agreement provides up to the request level for On-Orbit Servicing, Assembly, and Manufacturing-2 (OSAM-2), Fission Surface Power, Solar Electric Propulsion, and the Lunar Surface Innovation Initiative. The agreement also encourages NASA to support active debris removal technology development.

Regional Economic Development Initiative.—The agreement provides up to \$8,000,000 for the Regional Economic Development Initiative.

Restore-L/SPace Infrastructure DEXterous Robot (SPIDER).—The agreement provides \$227,000,000 for the Restore-L Project. NASA should continue to work with private sector and university partners to facilitate commercialization of the technologies developed within the program. NASA is directed to submit with its fiscal year 2023 budget request a report on current efforts underway to encourage commercialization of technology within the Restore-L program, with a focus on how intellectual property will be handled. The agreement also directs NASA to keep the program on track for launch no later than 2025 and encourages NASA to make Restore-L's capabilities available to other government agencies.

Nuclear Thermal Propulsion.—The agreement provides not less than \$110,000,000 for the development of nuclear thermal propulsion, of which not less than \$80,000,000 shall be for the design of test articles that will enable a flight demonstration. Within 180 days of enactment of this Act, NASA, in conjunction with other relevant Federal departments and agencies, shall submit a multi-year plan that enables technology development leading to an in-space propulsion-system demonstration and describes future missions and propulsion and power systems enabled by this capability.

Flight Opportunities Program.—The agreement includes no less than \$27,000,000 for the Flight Opportunities Program, including \$5,000,000 to support payload development and flight of K-12 and collegiate educational payloads. NASA shall continue to follow directives contained in the explanatory statement accompanying Division B of Public Law 116-260 under the heading "Flight Opportunities Program."

Innovative Nanomaterials.—The agreement provides up to \$5,000,000 to advance large scale production and use of innovative nanomaterials, including carbon nanotubes and carbon/carbon composites.

Nuclear Electric Propulsion (NEP).—In lieu of the House language on Nuclear Electric Propulsion, the agreement directs NASA to identify areas of alignment between NEP research and Fission Surface Power research. The agreement also maintains the House direction regarding a response to the National Academies of Science study on nuclear propulsion and a report on a multi-year plan for an in-space propulsion-system demonstration for NEP.

Moon-to-Mars.—To support Moon-to-Mars specific technologies, crosscutting applications for the commercial space economy, as well as the scientific and robotic exploration of planetary bodies and other destinations, the agreement directs NASA, within available resources, to support investments in demonstration efforts to allow for competitive public-private partnership opportunities focused on high-level, NASA-defined objectives. The agreement directs NASA to provide a report within 180 days of enactment of this Act on existing Tipping Point projects and planned Announcement of Collaborative Opportunities solicitations.

On-surface Manufacturing Capabilities.—The agreement provides no less than the fiscal year 2021 enacted level for On-Surface Manufacturing and directs NASA, through partnerships with universities, to leverage efforts that complement ongoing work on the development of advanced materials with a focus on point-of-need and in-place generated materials, energy capture and power storage, recycling, commercialization, and workforce development.

Small Business Innovation Research (SBIR).—NASA shall continue to fulfill statutory obligations for SBIR funding and place an increased focus on awarding SBIR awards to firms with fewer than 50 employees.

EXPLORATION

The agreement includes \$6,791,700,000 for Exploration.

Orion Multi-Purpose Crew Vehicle.—The agreement includes \$1,406,700,000 for the Orion Multi-Purpose Crew Vehicle.

Space Launch System (SLS).—The agreement provides \$2,600,000,000 for SLS, of which \$600,000,000 is for concurrent SLS Block 1B Development, including Exploration Upper Stage development and associated stage adapter work. The agreement reaffirms House report language regarding SLS and Block 1B Development, is supportive of fully developing the capabilities of SLS, and directs NASA to continue the simultaneous development of activities as authorized under sections 302(c)(1)(a) and (b) of Public Law 111–267. Further, as NASA continues to refine its strategy for a sustainable presence and exploration of the lunar surface, the agreement encourages NASA to continue its exploration of a cargo variant of SLS for use in the Artemis program and for other purposes.

Exploration Ground Systems (EGS).—In lieu of the House language on EGS, the agreement provides not less than \$590,000,000 for EGS, including up to \$165,300,000 for the Mobile Launch Platform–2 (MLP–2). The extraordinary projected cost increase for

MLP-2 is concerning. However, it is understood that the MLP-2's emergent cost needs may put a strain on EGS activities, and thus the agreement provides NASA with one-time additional flexibility regarding transfer authority into EGS.

Exploration Research and Development.—In lieu of House funding for Exploration Research and Development, the agreement includes \$2,195,000,000, of which not less than \$1,195,000,000 is for the Human Landing System.

Human Landing System (HLS).—The agreement provides not less than \$1,195,000,000 for HLS, including no less than the requested amount for the Lunar Lander office. With these funds, in addition to enabling a human landing during the Artemis III mission, NASA is expected to make real investments in development that promote competition for the sustainable lander phase rather than additional studies. The agreement urges NASA to enable a routine cadence of human transportation services to and from the Moon with multiple providers, as practicable. Within 30 days of enactment of this Act, NASA is directed to deliver a publicly available plan explaining how it will ensure safety, redundancy, sustainability, and competition in the HLS program within the resources provided by this Act and included in the fiscal year 2023 budget request. NASA shall also provide to the Committees a description of all resources needed in fiscal years 2023 through 2026 to accomplish these goals.

Artemis Element Transition.—NASA has requested authority to begin transitioning production and operations contracts from Exploration to Space Operations. However, a formal budget request that outlines the planned transition of Artemis elements from Exploration to Operations is needed before making any change in the accounts that fund ongoing programs, especially as the Artemis program has yet to see the system's integrated first flight. The agreement therefore does not include language allowing a portion of Orion funding to be transferred to Space Operations in fiscal year 2022, though NASA is not precluded from including operational funding in the appropriate account in its fiscal year 2023 budget request. Such request should delineate any requested transition, along with a plan to ensure integrated reporting and a continued focus on safety as the agency prepares for crewed launches and eventually a human Moon landing. As Artemis program elements move from development to operations it is important that costs be reduced in order to free up funds to develop additional capabilities for lunar and Mars exploration.

Priority of Use Missions.—NASA is directed to continue reporting to the Committees any activities that cause NASA to invoke its "Priority of Use" clause, including identifying the conflicting activities between NASA and non-Federal activities, and how the conflict was resolved, 15 days prior to any activity taking place. NASA shall ensure that any non-Federal activities do not interfere with the progress of, and schedule for, the Artemis missions.

Streamlining Exploration.—As SLS, Orion, EGS, and other elements of the Artemis architecture transition from development to production and operations, the long-term cost effectiveness of Artemis will depend on NASA appropriately aligning its own work-

force during this transition to drive affordability and eliminate work products that are not required.

Artemis Multi-year Plan.—The agreement directs NASA not to obligate in excess of 40 percent of the amounts made available in this Act for the Gateway; Advanced Cislunar and Surface Capabilities; Commercial LEO Development; Human Landing System; and Lunar Discovery and Exploration, excluding the Lunar Reconnaissance Orbiter, until the Administrator submits a multi-year plan to the Committees that identifies estimated dates, by fiscal year, for Space Launch System flights to build the Gateway; the commencement of partnerships with commercial entities for additional LEO missions to land humans and rovers on the Moon; and conducting additional scientific activities on the Moon. The multi-year plan shall include key milestones to be met by fiscal year to achieve goals for each of the lunar programs described in the previous sentence and funding required by fiscal year to achieve such milestones, as well as funding provided in fiscal year 2022 and previous years.

SPACE OPERATIONS

The agreement provides \$4,041,300,000 for Space Operations.

Human Research Program.—As requested by NASA, the agreement moves the Human Research Program to the Space Operations Mission Directorate.

21st Century Launch Complex Program.—In lieu of House language on the 21st Century Launch Complex Program, within the amounts provided for Space Operations, the agreement includes up to the fiscal year 2021 levels for the 21st Century Launch Complex Program. The agreement urges NASA to continue to consider the full potential of all NASA-owned launch complexes in awarding funds made available through this program.

Space Communications.—While commercial service providers have the potential to meet some NASA needs, the agency will need to plan and budget for the replacement of essential services if commercial services are unable to meet NASA's needed capabilities when Tracking and Data Relay Satellites reach the end of their service lives. In addition to the direction in the House report, NASA shall provide a timeline for sustainment of the existing Deep Space Network and infrastructure upgrades, including those identified in the "Road to Green" study, in the fiscal year 2023 budget request and brief the Committees on these plans within 30 days after the date of the submission of the fiscal year 2023 budget request. The agreement also supports up to the full request for the Communications Services Program.

Commercial LEO Development.—The agreement provides up to \$101,100,000 for LEO commercialization to grow promising research across all scientific disciplines and industries. NASA shall continue to follow directives contained in the explanatory statement accompanying Division B of Public Law 116–260 under the heading "Commercial LEO Development."

SCIENCE, TECHNOLOGY, ENGINEERING, AND MATHEMATICS
ENGAGEMENT

The agreement includes \$137,000,000 for Science, Technology, Engineering, and Mathematics Engagement.

Space Grant Program.—The agreement includes \$54,500,000 for the Space Grant Program; directs that these amounts be allocated to State consortia for competitively awarded grants in support of local, regional, and national STEM needs; and directs that all 52 participating jurisdictions be supported at no less than \$860,000 each.

Established Program to Stimulate Competitive Research (EPSCoR).—The agreement includes \$26,000,000 for EPSCoR.

Minority University Research and Education Project (MUREP).—The agreement includes \$43,000,000 for MUREP and continues direction contained in the explanatory statement accompanying Division B of Public Law 116–260.

STEM Education and Accountability Projects (SEAP).—The agreement includes \$13,500,000 for SEAP. The agreement also reflects strong support for the Competitive Program for Science, Museums, Planetariums, and NASA Visitors Centers known as “Teams Engaging Affiliate Museums and Informal Institutions program (TEAM II).”

SAFETY, SECURITY AND MISSION SERVICES

The agreement includes \$3,020,600,000 for Safety, Security and Mission Services.

Information Technology.—The agreement provides up to \$612,200,000 for information technology.

Accounting System.—The agreement maintains the prohibition described in the explanatory statement accompanying Division B of Public Law 116–260 with regard to NASA’s accounting system.

Community Projects/Special Projects.—Within the appropriation for Safety, Security and Mission Services, the agreement provides funds for the following projects:

NASA COMMUNITY PROJECTS/NASA SPECIAL PROJECTS

Recipient	Project	Amount
Atchison Amelia Earhart Foundation.	Development of New Programs at the Amelia Earhart Hangar Museum and Memorial.	\$1,000,000
Bowie State University	Hydroponics Research Laboratory Initiative	\$1,000,000
Boys & Girls Club of Hawai'i	STEM Education Initiative Expansion	\$80,000
Educate Maine	Satellite Chipset Computer Science Learning Module	\$400,000
Lincoln University	Food for Human Spaceflight Sustainability	\$160,000
Louisiana State University, National Center for Advanced Manufacturing.	Aerospace Systems and Technology Development	\$5,000,000
McAuliffe-Shepard Discovery Center	McAuliffe-Shepard Discovery Center Planetarium Enhancements	\$348,000
Montgomery County Community College.	STEM Learning Center Installation	\$70,000
Norwich University	NASA Research and Technology Development for Cyber Architecture ..	\$250,000
Ohio Aerospace Institute	Research Center Partnership Initiative	\$1,500,000
Oklahoma State University	6G Innovations	\$1,000,000
Oklahoma State University	Rapid Assured Fully Transparent Integrated Circuit Platform Project ..	\$1,200,000
Rancho Cucamonga Public Library	Second Story and Beyond Project	\$1,000,000
Rush University Medical Center	REACH for Information Technology Training	\$696,000
Springfield Museums Corporation ..	Springfield Science Museum Upgrades	\$750,000

NASA COMMUNITY PROJECTS/NASA SPECIAL PROJECTS—Continued

Recipient	Project	Amount
University of Connecticut	University of Connecticut Ecological Modeling Institute	\$2,000,000
University of Delaware/Delaware State University.	The Delaware Space Observation Center Enhancement	\$900,000
University of Hawai'i	'Imiloa Astronomy Center Expansion and Upgrades	\$1,000,000
University of New Hampshire	University of New Hampshire Magnetometer Research and Education Facility.	\$501,000
West Virginia University	Spacecraft Development Facility	\$800,000
Wheeling University Challenger Learning Center.	Update Technology at the Challenger Learning Center and Support Seasonal Educational Programming.	\$3,000,000

CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

The agreement includes \$410,300,000 for Construction and Environmental Compliance and Restoration (CECR). The agreement also includes the request for Construction of Facilities for Science, Exploration, and Space Operations.

Unmet Construction Needs.—The gulf between the amount NASA requested for construction activities and the cost of the projects NASA has identified as shovel-ready and needed continues to be vast and disappointing. NASA is directed to brief the Committees within 180 days of the date of enactment of this Act on implementation of the recommendations in the September 2021 Inspector General's report, "NASA Construction of Facilities." NASA is further directed to include, in priority order, no fewer than the top 10 construction projects that are needed but unfunded in its fiscal year 2023 budget request, along with any unmet repairs that result from damage from wildfires, hurricanes, or other natural disasters.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$45,300,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

NASA is directed to provide any notification under section 20144(h)(4) of title 52, United States Code, to the Committees.

The agreement permits various transfers of funds.

Not more than 20 percent or \$50,000,000, whichever is less, of the amounts made available in the current-year CECR appropriation may be applied to CECR projects funded under previous years' appropriation acts. Use of current-year funds under this provision shall be treated as a reprogramming of funds under section 505 of this Act and such funds shall not be available for obligation except in compliance with the procedures set forth in that section.

The agreement also includes a provision providing NASA the authority to combine amounts from one or more of its Science, Aeronautics, Space Technology, Exploration, and Space Operations appropriations with amounts from the STEM Engagement appropriation to jointly fund discrete projects or activities, through contracts, grants, or cooperative agreements, that serve these purposes. NASA is directed to provide notification of the Agency's intent to award a contract, grant, or cooperative agreement that would be

jointly funded under this authority, no less than 15 days prior to award.

NATIONAL SCIENCE FOUNDATION

The agreement includes \$8,838,000,000 for the National Science Foundation (NSF). The agreement does not adopt the amounts provided in the prefatory matter of the House report and instead provides further direction regarding program levels cited within the appropriate NSF Divisions including Research and Related Activities, Major Research Equipment and Facilities Construction, Education and Human Resources, Agency Operations and Award Management, National Science Board, and Office of Inspector General.

Broadening Participation.—The agreement includes increases that are aimed to support Broadening Participation in STEM programs. Global leadership requires diverse ideas and NSF is encouraged to ensure the Foundation partners with communities with significant populations of underrepresented groups within STEM research and education as well as the STEM workforce.

Graduate Research Fellowship Program (GRFP).—In lieu of House language regarding the consolidation of GRFP, the bill includes language allowing the transfer of up to \$148,000,000 from Research and Related Activities to Education and Human Resources to permit NSF to consolidate the GRFP. The agreement also provides \$148,000,000 for GRFP within Education and Human Resources.

RESEARCH AND RELATED ACTIVITIES

The agreement includes \$7,159,400,000 for Research and Related Activities (R&RA).

Technology, Innovation, and Partnerships.—The agreement supports the new Directorate for Technology, Innovation, and Partnerships (TIP) within R&RA that builds upon and consolidates existing NSF programs. TIP serves as a cross-cutting platform to advance science and engineering research leading to breakthrough technologies, to find solutions to national and societal challenges, to strengthen U.S. global competitiveness, and to provide training opportunities for the development of a diverse STEM workforce. NSF is encouraged to remember when funding projects within TIP that good ideas and high-quality research are not bound to certain geographical areas but exist across the country.

Climate Science and Sustainability Research.—The agreement provides no less than \$900,000,000 for climate science and sustainability research through the U.S. Global Change Research Program and Clean Energy Technology.

Artificial Intelligence (AI).—The agreement provides no less than \$636,000,000 for AI research. NSF is encouraged to increase the pipeline of students graduating with AI and data literacy through partnerships and cooperative agreements. In addition, the agreement reiterates House language to encourage NSF to continue its efforts in workforce development for AI and other emerging technologies, with focused outreach to community colleges, Historically Black Colleges and Universities, Hispanic Serving Institutions,

Tribal Colleges and Universities, and other Minority Serving Institutions.

Quantum Information Science.—The agreement includes \$220,000,000 for quantum information science research, including \$170,000,000 for activities authorized under section 301 of the National Quantum Initiative Act (Public Law 115–368) and \$50,000,000 for National Quantum Information Science Research Centers, as authorized in section 302 of Public Law 115–368.

Historically Black Colleges and Universities Excellence in Research (HBCU–EiR).—The agreement provides no less than \$22,000,000 for the HBCU–EiR program.

Infrastructure Investments.—With NSF’s 10 Big Ideas as a focusing tool, the funding for the fundamental scientific disciplines should be maintained. Unless otherwise noted, within amounts provided, NSF is directed to allocate no less than the fiscal year 2021 enacted levels to maintain its core research levels, including support for existing scientific research laboratories, observational networks, and other research infrastructure assets, such as the astronomy assets, the current academic research fleet, federally-funded research and development centers, and the national high performance computing centers.

Scientific Facilities and Instrumentation.—The agreement supports the continuation of operations at the Daniel K. Inouye Solar Telescope (DKI–ST), the Gemini Observatory, the Very Long Baseline Array (VLBA) receivers, and the Center for High Energy X-Ray Science (CHEXS), and provides no less than the fiscal year 2021 enacted funding levels for these facilities.

Green Bank Observatory (GBO).—The agreement supports NSF’s effort to develop multi-agency plans at GBO and provides no less than the requested level to support operations and maintenance at GBO through multi-agency plans, or directly through the Foundation.

Established Program to Stimulate Competitive Research (EPSCoR).—The agreement provides no less than \$215,000,000 for the EPSCoR States Program. Within the amount provided, no more than 5 percent shall be used for administration and other overhead costs. EPSCoR is designed to spur innovation and strengthen the research capabilities of institutions that are historically underserved by Federal research and development funding.

Geography of Innovation.—NSF is encouraged to review its large funding initiatives and center mechanisms to assess what tools need to be put in place to ensure emerging research institutions, institutions in EPSCoR States, and Minority Serving Institutions are not only participants, but leading these large NSF investments, in line with NSF’s commitment to a “Geography of Innovation.” NSF is directed to report to the Committees within 45 days of enactment of this Act on how the Foundation will assist these institutions to lead large funding initiatives and centers, including: Science and Technology Centers, Engineering Research Centers, Mid-Scale Research Infrastructure awards, Artificial Intelligence Centers, and other recurring or new center-level opportunities.

Innovation Corps.—The agreement provides no less than \$40,000,000 for the Innovation Corps program to build on the successes of its innovative public-private partnership model. NSF is

encouraged to facilitate greater participation in the program from academic institutions in States that have not previously received awards.

Regional Innovation Accelerators (RIA).—The agreement supports the creation of the RIA program, and NSF is encouraged to award at least one RIA in fiscal year 2022. RIAs will be transformative for many communities across the country, especially for communities within EPSCoR States.

Mid-scale Research Infrastructure.—The agreement provides no less than the fiscal year 2021 enacted level for the mid-scale research instrumentation program. NSF is encouraged to make no fewer than two mid-scale awards to EPSCoR States.

Harmful Algal Blooms.—The agreement includes no less than the fiscal year 2021 level for harmful algal bloom research activities as described in the House report.

Domestic Manufacturing.—In lieu of House report language regarding Industrial Innovation and Partnerships, NSF is encouraged to continue to support meritorious research on the U.S. steel industry, including through TIP programs.

International Ocean Discovery Program.—The agreement provides \$48,000,000 for the International Ocean Discovery Program, equal to the fiscal year 2021 enacted level.

Cybersecurity Workforce.—NSF is encouraged to undertake a study to identify, compile, and analyze existing nationwide data and conduct survey research as necessary to better understand the national cyber workforce to build on to the NAS report titled, “Information Technology and the U.S. Workforce.”

Online Influence.—NSF is encouraged to consider additional research efforts that will help counter influence from foreign adversaries on the Internet and social media platforms designed to influence U.S. perspectives, sow discord during times of pandemic and other emergencies, and undermine confidence in U.S. elections and institutions. To the extent practicable, NSF should foster collaboration among scientists from disparate scientific fields and engage other Federal agencies and NAS to help identify areas of research that will provide insight that can mitigate adversarial online influence, including by helping the public become more resilient to undue influence.

Astronomy.—The agreement recognizes the recent release by the National Academies of Sciences, Engineering, and Medicine (NAS) of the 2020 Decadal Survey in Astronomy and Astrophysics, “Pathways to Discovery in Astronomy and Astrophysics for the 2020s.” The agreement notes that NSF is currently assessing how to best implement the recommendations included in the 2020 Decadal Survey. NSF is expected to include the appropriate levels of support for recommended current and future world-class scientific research facilities and instrumentation in subsequent budget requests. NSF is also expected to support a balanced portfolio of astronomy research grants by scientists and students engaged in ground-breaking research.

Navigating the New Arctic.—As NSF continues the Navigating the New Arctic program, the Foundation is encouraged to formulate research programs leveraging expertise from regions accustomed to adapting to changing marine ecosystems. NSF is encour-

aged to address Arctic change through dedicated research grants and coordination activities, expanded observation networks and other research infrastructure, and workforce training.

Sustainable Chemistry Research.—The agreement provides up to \$2,500,000 to establish the Sustainable Chemistry Basic Research program authorized under section 509 of the America COMPETES Reauthorization Act of 2010 (Public Law 111–358). In lieu of House report language, NSF shall report to the Committees within 90 days after the enactment of this Act on its implementation plan for this program. Additionally, NSF is encouraged to coordinate with OSTP to implement provisions in subtitle E of title II of Public Law 116–283.

Spectrum Innovation Initiative.—The agreement supports continued investment in the Spectrum Innovation Initiative.

Understanding Rules of Life.—The agreement supports NSF's focus on the Understanding Rules of Life research, including in plant genomics, and directs NSF to continue to advance the ongoing plant genomics research program, to further its work in crop-based genomics research, and to maintain a focus on research related to crops of economic importance.

Verification of the Origins of Rotation in Tornadoes Experiment-Southeast (VORTEX-SE).—NSF is encouraged to continue its cooperation with NOAA for the VORTEX-SE field campaign in the southeastern United States. NSF should look beyond its traditional research disciplines to develop programs, identify co-funding opportunities, and utilize collaborative research to better understand the fundamental natural processes of tornadoes and to improve models of these seasonal extreme events.

Intense, Ultrafast Lasers.—NSF is encouraged to continue planning and making the early stage investments needed to advance ultrafast and high power laser technologies to maintain U.S. leadership and implement the recommendations from the Brightest Light Initiative Workshop report in 2019 and associated NAS study.

Re-Engineering Plastic Textiles.—NSF is encouraged to take a comprehensive and coordinated approach to support research in plastics, microplastics, and microfibers to address the significant challenges on the aquatic environment, to human health, and in the transport and migration of materials, waste management, and development of alternative materials.

Deepfakes.—NSF is directed to implement the requirements included within the Identifying Outputs of Generative Adversarial Networks Act (Public Law 116–258).

Disaster Research.—The agreement supports research that enhances understanding of the fundamental processes underlying natural hazards and extreme events. NSF is encouraged to fund grants for meritorious research in fulfillment of the National Landslide Preparedness Act (Public Law 116–323).

MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

The agreement provides \$249,000,000 for Major Research Equipment and Facilities Construction (MREFC), including the requested levels for the continued construction of the Vera C. Rubin Observatory (previously known as the Large Synoptic Survey Tele-

scope), the Antarctic Infrastructure Recapitalization (previously known as the Antarctic Infrastructure Modernization for Science), Regional Class Research Vessels, and the High Luminosity-Large Hadron Collider Upgrade. The Government Accountability Office is directed to continue its annual reviews and semiannual updates of programs funded within MREFC and shall report to Congress on the status of large-scale NSF projects and activities based on its review of this information.

Mid-scale Research Infrastructure.—The agreement includes \$76,250,000 for Mid-scale Research Infrastructure. NSF is encouraged to award at least one Mid-scale Research Infrastructure project led by an institution in an EPSCoR State.

Infrastructure Planning.—There is concern about the impact of current construction delays on NSF's planning for the construction and development of the next generation of competitive large-scale facilities to support NSF-funded science disciplines. As part of the planning process, NSF and the National Science Board are encouraged to develop a comprehensive and prioritized list of the next generation large-scale facilities requested by NSF-supported science disciplines to ensure that the United States maintains its scientific leadership.

EDUCATION AND HUMAN RESOURCES

The agreement includes \$1,006,000,000 for Education and Human Resources, including no less than: \$51,500,000 for Louis Stokes Alliance for Minority Participation; \$75,000,000 for the Advanced Technological Education program; \$90,000,000 for the Improving Undergraduate STEM Education (IUSE) Program; \$38,000,000 for the Historically Black Colleges and Universities Undergraduate Program; \$17,500,000 for the Tribal Colleges and Universities Program; \$48,500,000 for the IUSE Hispanic Serving Institutions program; \$65,000,000 for Advancing Informal STEM Learning; \$8,500,000 for the Alliance for Graduate Education and the Professoriate; \$25,000,000 for Centers for Research Excellence in Science and Technology; \$67,000,000 for the Robert Noyce Scholarship Program; \$21,500,000 for the NSF INCLUDES program; and \$18,500,000 for Advancement of Women in Academic Science and Engineering Careers.

CyberCorps: Scholarships for Service.—The agreement includes no less than \$63,000,000 for the CyberCorps: Scholarships for Service program, of which up to \$6,500,000 should be used to continue work with community colleges that have been designated as a Center of Academic Excellence in Information Assurance 2-Year Education (CAE2Y) by the National Security Agency and the Department of Homeland Security, including through providing scholarships to students at CAE2Y institutions who will not transfer into a 4-year program, such as career-changers who possess 4-year degrees and veterans of the Armed Forces.

Cybersecurity Research.—In addition to the partnership efforts called for in the House report under this heading, NSF is urged to collaborate with National Initiative for Cybersecurity Education at NIST on efforts to develop cybersecurity skills in the workforce, especially in support of nontraditional or technical degree qualifications.

Hands-on and Experiential Learning Opportunities.—Developing a robust, talented, and diverse homegrown workforce, particularly in the fields of STEM, is critical to the success of the U.S. innovation economy. NSF is encouraged to provide grants to support the development of hands-on learning opportunities in STEM education, including via afterschool activities and innovative learning opportunities such as robotics competitions.

Transformational Education Innovation and Translation.—NSF is encouraged to collaborate with the Department of Education on transformational education innovation and translation, including interventions grounded in scientific understanding to improve student outcomes and achievement. This may include instrumenting large-scale digital learning platforms to create a research infrastructure that drives continuous improvement in the use of the learning sciences. NSF should consider how to help address the learning loss associated with the COVID-19 pandemic, foster the benefits of distance learning and consider the learning needs of under-resourced and underrepresented students such as those in urban or rural communities.

AGENCY OPERATIONS AND AWARD MANAGEMENT

The agreement includes \$400,000,000 for Agency Operations and Award Management (AOAM).

Full Administration Costs.—In previous years, NSF has relied on transfer authority to cover the full cost of conducting its mission to advance basic science through research. In doing so, the true cost of agency administration was not readily apparent within each budget request. As the new TIP Directorate is being established, NSF has requested the opportunity to completely capture its administrative and workforce costs into a single location, without reliance on transfers. In support of this effort, the agreement provides a significant increase in AOAM funding to enable NSF to reduce its reliance on transfers during fiscal year 2022. NSF is encouraged to request sufficient AOAM funding in future budgets to further reduce its use of transfers for administrative purposes.

OFFICE OF THE NATIONAL SCIENCE BOARD

The agreement includes \$4,600,000 for the National Science Board.

OFFICE OF INSPECTOR GENERAL

The agreement includes \$19,000,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes three administrative provisions. Two allow limited transfers of funds among accounts, including a one-time transfer to consolidate the GRFP. One requires notification for the disposal of certain assets.

TITLE IV

RELATED AGENCIES

COMMISSION ON CIVIL RIGHTS

SALARIES AND EXPENSES

The agreement includes \$13,000,000 for the Commission on Civil Rights, of which \$1,000,000 is to be used separately to fund the Commission on Black Men and Boys. The agreement reiterates previous instruction for the Commission to provide a detailed spending plan for the funding provided for the Commission on Black Men and Boys within 45 days of enactment of this Act. In addition, the Commission shall include the Commission on Black Men and Boys as a separate line item in future fiscal year budget requests.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

SALARIES AND EXPENSES

The agreement includes \$420,000,000 for the Equal Employment Opportunity Commission (EEOC).

Summary of Equal Pay Data and Report.—EEOC is directed to provide the results of its study analyzing summary pay information collected through the revised EEO I form for 2017 and 2018 immediately. EEOC is directed to publish a publicly available report describing the methodology and results of the analysis, identifying whether any operational needs would be created by a future pay data collection effort, and describing steps the agency plans to take to ensure that any pay data is kept confidential and secure. EEOC is further directed to submit a report to the Committees setting forth a timeline and process for analyzing the summary pay information collected through the revised EEO I form within 120 days of the enactment of this Act. Any proposed changes to the collection and analyzing of EEO I data shall be published in the Federal Register for a public comment period of no less than 30 days.

Charge Reporting.—EEOC is directed to do the following within 30 days of enactment of this Act: (1) report to the Committees on the number of A, B, and C charges for each of the last 5 fiscal years, and (2) post such data on its public website.

Public Comment on EEOC Guidance.—If requested by at least two Commissioners, the EEOC shall make any new guidance available for public comment in the Federal Register for not less than 30 days prior to taking any potential action on proposed guidance.

Inventory Backlog Reduction.—EEOC is directed to prioritize its staffing and resources toward reducing the number of current and outstanding unresolved private sector pending charges and public sector hearings.

INTERNATIONAL TRADE COMMISSION

SALARIES AND EXPENSES

The agreement includes \$110,000,000 for the International Trade Commission (ITC). Within the funds provided, the agreement sup-

ports an increase towards the ITC's information technology requirements.

Trade Enforcement Analysis.—ITC is directed to conduct an investigation and retrospective economic analysis of any section 232 or 301 tariff that is active as of the date of enactment of this Act. Within a year of enactment of this Act, ITC shall provide a report to the Committees with detailed information, to the extent practicable, on U.S. trade, production, and prices in the industries directly and most affected by active tariffs under section 232 of the Trade Expansion Act of 1962 (19 U.S.C. 1862) and section 301 of the Trade Act of 1974 (19 U.S.C. 2232).

LEGAL SERVICES CORPORATION

PAYMENT TO THE LEGAL SERVICES CORPORATION

The agreement includes \$489,000,000 for the Legal Services Corporation (LSC).

MARINE MAMMAL COMMISSION

SALARIES AND EXPENSES

The agreement includes \$4,200,000 for the Marine Mammal Commission.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

The agreement includes a total of \$71,000,000 for the Office of the U.S. Trade Representative (USTR).

For fiscal year 2022, USTR is directed to follow prior year report language, included in Senate Report 116–127 and adopted in Public Law 116–93, on the following topics: “Trade and Agricultural Exports,” “Trade Enforcement,” and “Travel.” In addition, USTR is directed to follow prior year report language regarding “De Minimis Thresholds” included in the explanatory statement accompanying Public Law 116–93, and “China Trade Deal Costs” included in the explanatory statement accompanying Public Law 116–260.

SALARIES AND EXPENSES

The agreement includes \$56,000,000 for the salaries and expenses of USTR.

Section 301 Exclusion Processes.—USTR is reminded of the long-standing direction that any tariffs imposed on goods from China under section 301 of the Trade Act of 1974 (Public Law 93–618) shall be accompanied by an exclusion process. USTR is directed to immediately establish and administer an exclusion process for U.S. businesses seeking relief from section 301 tariffs that are active as of the date of enactment of this Act. Further, any tariffs imposed in fiscal year 2022 on goods from China under section 301 of the Trade Act of 1974 shall also be accompanied by an exclusion process administered by USTR. USTR is encouraged to increase transparency and consistency in its section 301 exclusion process and to make the process less cumbersome to navigate, especially for small- and medium-sized businesses.

United States-Canada Softwood Lumber Dispute.—USTR and the Department of Commerce are encouraged to work toward a resolution to the U.S.-Canada softwood lumber dispute that supports U.S. industry, workers, and consumers.

Quad Strategic Partnership.—USTR is encouraged to further promote and strengthen the economic ties with the Quad strategic partnership among the United States, India, Japan, and Australia.

Rare Earth Minerals.—USTR shall report to the Committees, within 120 days of enactment of this Act, on its work to address the threat posed by China's control of the global supply of rare earth minerals, including (1) USTR's plan to produce a more reliable and secure global supply chain of critical minerals, and (2) a summary of any engagements with strategic allies to promote shared investment and development of rare earth minerals.

Parity for American Exports.—The agreement directs the USTR to seek parity for American exports, which have been targeted and unduly harmed by retaliatory tariffs resulting from ongoing international trade disputes.

TRADE ENFORCEMENT TRUST FUND

(INCLUDING TRANSFER OF FUNDS)

The agreement includes \$15,000,000, which is to be derived from the Trade Enforcement Trust Fund, for trade enforcement activities and transfers authorized by the Trade Facilitation and Trade Enforcement Act of 2015.

STATE JUSTICE INSTITUTE

SALARIES AND EXPENSES

The agreement includes \$7,200,000 for the State Justice Institute (SJI).

Fines, Fees, and Bail Practices.—SJI is encouraged to continue prioritizing its investments in fines, fees, and bail practices so that State courts can continue taking a leadership role in reviewing these practices.

Emergency Preparedness and Cybersecurity.—SJI is encouraged to continue its ongoing emergency preparedness and cybersecurity funding priority, which supports projects that address innovative approaches to ensuring courts are prepared to respond to disasters, pandemics, attacks on electronic systems, and other threats.

State Court Behavioral Health Collaborative.—SJI is encouraged to document and promote innovative court-based programs that address substance abuse and mental illness and develop a sustainable community of practice to share the programs and practices on a national level.

Disparities in Justice.—SJI is encouraged to continue its investments to address disparities in justice so that State courts can ensure equal justice under the law.

COMMISSION ON THE STATE OF U.S. OLYMPICS AND PARALYMPICS

SALARIES AND EXPENSES

The agreement includes \$2,000,000 for the Commission on the State of U.S. Olympics and Paralympics, as authorized by section 11 of the Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020 (Public Law 116–189), to perform the statutory duties of the Commission. The Commission is directed to provide the report required by Public Law 116–189 no later than September 30, 2023.

TITLE V

GENERAL PROVISIONS

(INCLUDING RESCISSIONS)

(INCLUDING TRANSFER OF FUNDS)

The agreement includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this Act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in this Act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive order issued pursuant to existing law.

Section 504 provides that if any provision of this Act or the application of such provision to any person or circumstance shall be held invalid, the remainder of this Act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project, or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs, or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects, or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, projects, or activities as approved by Congress; unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds.

Section 506 provides that if it is determined that any person intentionally affixes a “Made in America” label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this

Act. The section further provides that to the extent practicable, with respect to purchases of promotional items, funds made available under this Act shall be used to purchase items manufactured, produced, or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions in this Act, or, for the Department of Commerce, from actions taken for the care and protection of loan collateral or grant property, shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this Act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 stipulates the obligations of certain receipts deposited into the Crime Victims Fund.

Section 511 prohibits the use of Department of Justice funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in this agreement to any department, agency, or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this agreement or any other appropriations Act.

Section 513 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this Act.

Section 514 prohibits funds for acquisition of certain information systems unless the acquiring department or agency has reviewed and assessed certain risks. Any acquisition of such an information system is contingent upon the development of a risk mitigation strategy and a determination that the acquisition is in the national interest. Each department or agency covered under section 514 shall submit a quarterly report to the Committees on Appropriations describing reviews and assessments of risk made pursuant to this section and any associated findings or determinations.

Section 515 prohibits the use of funds in this Act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 516 prohibits the use of funds to include certain language in trade agreements.

Section 517 prohibits the use of funds in this Act to authorize or issue a National Security Letter (NSL) in contravention of certain laws authorizing the Federal Bureau of Investigation to issue NSLs.

Section 518 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation, or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of 10 percent or more.

Section 519 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2022.

Section 520 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the Internal Revenue Code of 1986, and has no unpaid Federal tax assessment.

(RESCISSIONS)

Section 521 provides for rescissions of unobligated balances. Subsection (d) requires the Departments of Commerce and Justice to submit a report on the amount of each rescission. These reports shall include the distribution of such rescissions among decision units, or, in the case of rescissions from grant accounts, the distribution of such rescissions among specific grant programs, and whether such rescissions were taken from recoveries and deobligations, or from funds that were never obligated. Rescissions shall be applied to discretionary budget authority balances that were not appropriated with emergency or disaster relief designations. The Department of Justice shall ensure that amounts for Joint Law Enforcement operations are preserved at no less than the fiscal year 2021 level and that those amounts and amounts for victim compensation are prioritized.

Section 522 prohibits the use of funds in this Act for the purchase of first class or premium air travel in contravention of the Code of Federal Regulations.

Section 523 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees, who are stationed in the United States, at any single conference outside the United States, unless the conference is:

- (1) a law enforcement training or operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States; or
- (2) a scientific conference for which the department or agency head has notified the House and Senate Committees on Appropriations that such attendance is in the national interest, along with the basis for such determination.

Section 524 requires any department, agency, or instrumentality of the United States Government receiving funds appropriated under this Act to track and report on undisbursed balances in expired grant accounts.

Section 525 requires, when practicable, the use of funds in this Act to purchase light bulbs that have the “Energy Star” or “Federal Energy Management Program” designation.

Section 526 prohibits the use of funds by NASA, OSTP, or the National Space Council (NSC) to engage in bilateral activities with China or a Chinese-owned company or effectuate the hosting of official Chinese visitors at certain facilities unless the activities are authorized by subsequent legislation or NASA, OSTP, or NSC have made a certification pursuant to subsections (c) and (d) of this section.

Section 527 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement and victim assistance purposes.

Section 528 requires the departments and agencies funded in this Act to submit spending plans.

Section 529 prohibits funds to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 530 prohibits the use of funds by the Department of Justice or the Drug Enforcement Administration in contravention of a certain section of the Agricultural Act of 2014.

Section 531 prohibits the Department of Justice from preventing certain States from implementing State laws regarding the use of medical marijuana.

Section 532 requires quarterly reports from the Department of Commerce, the National Aeronautics and Space Administration, and the National Science Foundation of travel to China.

Section 533 requires 10 percent of the funds for certain programs be allocated for assistance in persistent poverty counties.

Section 534 requires a report regarding construction of a new headquarters for the FBI.

Section 535 prohibits the use of funds in this Act to require certain export licenses.

Section 536 prohibits the use of funds in this Act to deny certain import applications regarding “curios or relics” firearms, parts, or ammunition.

Section 537 prohibits funds from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 538 prohibits the use of funds to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

Section 539 includes language regarding detainees held at Guantanamo Bay.

Section 540 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Sections 541, 542, and 543 make technical corrections to the Infrastructure Investment and Jobs Act (Public Law 117–58).

Section 544 provides that the Department of Commerce and Federal Bureau of Investigation may utilize funding to provide payments pursuant to section 901(i)(2) of title IX of division J of the Further Consolidated Appropriations Act, 2020.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED
SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

TITLE VIII

GENERAL PROVISIONS

SEC. 8001. No part of any appropriation contained in this Act shall be used for publicity or propaganda purposes not authorized by the Congress.

SEC. 8002. During the current fiscal year, provisions of law prohibiting the payment of compensation to, or employment of, any person not a citizen of the United States shall not apply to personnel of the Department of Defense: *Provided*, That salary increases granted to direct and indirect hire foreign national employees of the Department of Defense funded by this Act shall not be at a rate in excess of the percentage increase authorized by law for civilian employees of the Department of Defense whose pay is computed under the provisions of section 5332 of title 5, United States Code, or at a rate in excess of the percentage increase provided by the appropriate host nation to its own employees, whichever is higher: *Provided further*, That this section shall not apply to Department of Defense foreign service national employees serving at United States diplomatic missions whose pay is set by the Department of State under the Foreign Service Act of 1980: *Provided further*, That the limitations of this provision shall not apply to foreign national employees of the Department of Defense in the Republic of Turkey.

SEC. 8003. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year, unless expressly so provided herein.

SEC. 8004. No more than 20 percent of the appropriations in this Act which are limited for obligation during the current fiscal year shall be obligated during the last 2 months of the fiscal year: *Provided*, That this section shall not apply to obligations for support of active duty training of reserve components or summer camp training of the Reserve Officers' Training Corps.

(TRANSFER OF FUNDS)

SEC. 8005. Upon determination by the Secretary of Defense that such action is necessary in the national interest, the Secretary may, with the approval of the Office of Management and Budget, transfer not to exceed \$6,000,000,000 of working capital funds of the Department of Defense or funds made available in this Act to the Department of Defense for military functions (except military construction) between such appropriations or funds or any subdivision thereof, to be merged with and to be available for the same purposes, and for the same time period, as the appropriation or fund to which transferred: *Provided*, That such authority to transfer may not be used unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: *Provided further*, That the Secretary of Defense shall notify the Congress promptly of all transfers made pursuant to this authority or any other authority in this Act: *Provided further*, That no part of the funds in this Act shall be available to prepare or present a request to the Committees on Appropriations of the House of Representatives and the Senate for reprogramming of funds, unless for higher priority items, based on unforeseen military requirements, than those for which originally appropriated and in no case where the item for which reprogramming is requested has been denied by the Congress: *Provided further*, That a request for multiple reprogrammings of funds using authority provided in this section shall be made prior to June 30, 2022: *Provided further*, That transfers among military personnel appropriations shall not be taken into account for purposes of the limitation on the amount of funds that may be transferred under this section.

SEC. 8006. (a) With regard to the list of specific programs, projects, and activities (and the dollar amounts and adjustments to budget activities corresponding to such programs, projects, and activities) contained in the tables titled Explanation of Project Level Adjustments in the explanatory statement regarding this Act and the tables contained in the classified annex accompanying this Act, the obligation and expenditure of amounts appropriated or otherwise made available in this Act for those programs, projects, and activities for which the amounts appropriated exceed the amounts requested are hereby required by law to be carried out in the manner provided by such tables to the same extent as if the tables were included in the text of this Act.

(b) Amounts specified in the referenced tables described in subsection (a) shall not be treated as subdivisions of appropriations for purposes of section 8005 of this Act: *Provided*, That section 8005 shall apply when transfers of the amounts described in subsection (a) occur between appropriation accounts.

SEC. 8007. (a) Not later than 60 days after the date of the enactment of this Act, the Department of Defense shall submit a report to the congressional defense committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2022: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation both by budget activity and program, project, and activity as detailed in the Budget Appendix; and

(3) an identification of items of special congressional interest.

(b) Notwithstanding section 8005 of this Act, none of the funds provided in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional defense committees, unless the Secretary of Defense certifies in writing to the congressional defense committees that such reprogramming or transfer is necessary as an emergency requirement: *Provided*, That this subsection shall not apply to transfers from the following appropriations accounts:

(1) "Environmental Restoration, Army";

(2) "Environmental Restoration, Navy";

(3) "Environmental Restoration, Air Force";

(4) "Environmental Restoration, Defense-Wide";

(5) "Environmental Restoration, Formerly Used Defense Sites"; and

(6) "Drug Interdiction and Counter-drug Activities, Defense".

(TRANSFER OF FUNDS)

SEC. 8008. During the current fiscal year, cash balances in working capital funds of the Department of Defense established pursuant to section 2208 of title 10, United States Code, may be maintained in only such amounts as are necessary at any time for cash disbursements to be made from such funds: *Provided*, That transfers may be made between such funds: *Provided further*, That transfers may be made between working capital funds and the "Foreign Currency Fluctuations, Defense" appropriation and the "Operation and Maintenance" appropriation accounts in such amounts as may be determined by the Secretary of Defense, with the approval of the Office of Management and Budget, except that such transfers may not be made unless the Secretary of Defense has notified the Congress of the proposed transfer: *Provided further*, That except in amounts equal to the amounts appropriated to working capital funds in this Act, no obligations may be made against a working capital fund to procure or increase the value of war reserve material inventory, unless the Secretary of Defense has notified the Congress prior to any such obligation.

SEC. 8009. Funds appropriated by this Act may not be used to initiate a special access program without prior notification 30 calendar days in advance to the congressional defense committees.

SEC. 8010. None of the funds provided in this Act shall be available to initiate: (1) a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year of the contract or that includes an unfunded contingent liability in excess of \$20,000,000; or (2) a contract for advance procurement leading to a multiyear contract that employs economic order quantity procurement in excess of \$20,000,000 in any one year, unless the congressional defense committees have been notified at

least 30 days in advance of the proposed contract award: *Provided*, That no part of any appropriation contained in this Act shall be available to initiate a multiyear contract for which the economic order quantity advance procurement is not funded at least to the limits of the Government's liability: *Provided further*, That no part of any appropriation contained in this Act shall be available to initiate multiyear procurement contracts for any systems or component thereof if the value of the multiyear contract would exceed \$500,000,000 unless specifically provided in this Act: *Provided further*, That no multiyear procurement contract can be terminated without 30-day prior notification to the congressional defense committees: *Provided further*, That the execution of multiyear authority shall require the use of a present value analysis to determine lowest cost compared to an annual procurement: *Provided further*, That none of the funds provided in this Act may be used for a multiyear contract executed after the date of the enactment of this Act unless in the case of any such contract—

(1) the Secretary of Defense has submitted to Congress a budget request for full funding of units to be procured through the contract and, in the case of a contract for procurement of aircraft, that includes, for any aircraft unit to be procured through the contract for which procurement funds are requested in that budget request for production beyond advance procurement activities in the fiscal year covered by the budget, full funding of procurement of such unit in that fiscal year;

(2) cancellation provisions in the contract do not include consideration of recurring manufacturing costs of the contractor associated with the production of unfunded units to be delivered under the contract;

(3) the contract provides that payments to the contractor under the contract shall not be made in advance of incurred costs on funded units; and

(4) the contract does not provide for a price adjustment based on a failure to award a follow-on contract.

Funds appropriated in title III of this Act may be used for multiyear procurement contracts for the UH/HH-60M Black Hawk helicopter and the AH-64E Apache helicopter.

SEC. 8011. Within the funds appropriated for the operation and maintenance of the Armed Forces, funds are hereby appropriated pursuant to section 401 of title 10, United States Code, for humanitarian and civic assistance costs under chapter 20 of title 10, United States Code. Such funds may also be obligated for humanitarian and civic assistance costs incidental to authorized operations and pursuant to authority granted in section 401 of title 10, United States Code, and these obligations shall be reported as required by section 401(d) of title 10, United States Code: *Provided*, That funds available for operation and maintenance shall be available for providing humanitarian and similar assistance by using Civic Action Teams in the Trust Territories of the Pacific Islands and freely associated states of Micronesia, pursuant to the Compact of Free Association as authorized by Public Law 99-239: *Provided further*, That upon a determination by the Secretary of the Army that such action is beneficial for graduate medical education programs conducted at Army medical facilities located in Hawaii, the Secretary

of the Army may authorize the provision of medical services at such facilities and transportation to such facilities, on a nonreimbursable basis, for civilian patients from American Samoa, the Commonwealth of the Northern Mariana Islands, the Marshall Islands, the Federated States of Micronesia, Palau, and Guam.

SEC. 8012. (a) During the current fiscal year, the civilian personnel of the Department of Defense may not be managed on the basis of any constraint or limitation in terms of man years, end strength, full-time equivalent positions, or maximum number of employees, but are to be managed solely on the basis of, and in a manner consistent with—

(1) the total force management policies and procedures established under section 129a of title 10, United States Code;

(2) the workload required to carry out the functions and activities of the Department; and

(3) the funds made available to the Department for such fiscal year.

(b) None of the funds appropriated by this Act may be used to reduce the civilian workforce programmed full time equivalent levels absent the appropriate analysis of the impacts of these reductions on workload, military force structure, lethality, readiness, operational effectiveness, stress on the military force, and fully burdened costs.

(c) A projection of the number of full-time equivalent positions shall not be considered a constraint or limitation for purposes of subsection (a) and reducing funding for under-execution of such a projection shall not be considered managing based on a constraint or limitation for purposes of such subsection.

(d) The fiscal year 2023 budget request for the Department of Defense, and any justification material and other documentation supporting such request, shall be prepared and submitted to Congress as if subsections (a) and (b) were effective with respect to such fiscal year.

(e) Nothing in this section shall be construed to apply to military (civilian) technicians.

SEC. 8013. None of the funds made available by this Act shall be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before the Congress.

SEC. 8014. None of the funds appropriated by this Act shall be available for the basic pay and allowances of any member of the Army participating as a full-time student and receiving benefits paid by the Secretary of Veterans Affairs from the Department of Defense Education Benefits Fund when time spent as a full-time student is credited toward completion of a service commitment: *Provided*, That this section shall not apply to those members who have reenlisted with this option prior to October 1, 1987: *Provided further*, That this section applies only to active components of the Army.

(TRANSFER OF FUNDS)

SEC. 8015. (a) Funds appropriated in title III of this Act for the Department of Defense Pilot Mentor-Protégé Program may be transferred to any other appropriation contained in this Act solely

for the purpose of implementing a Mentor-Protégé Program developmental assistance agreement pursuant to section 831 of the National Defense Authorization Act for Fiscal Year 1991 (Public Law 101-510; 10 U.S.C. 2302 note), as amended, under the authority of this provision or any other transfer authority contained in this Act.

(b) The Secretary of Defense shall include with the budget justification documents in support of the budget for fiscal year 2023 (as submitted to Congress pursuant to section 1105 of title 31, United States Code) a description of each transfer under this section that occurred during the last fiscal year before the fiscal year in which such budget is submitted.

SEC. 8016. None of the funds in this Act may be available for the purchase by the Department of Defense (and its departments and agencies) of welded shipboard anchor and mooring chain unless the anchor and mooring chain are manufactured in the United States from components which are substantially manufactured in the United States: *Provided*, That for the purpose of this section, the term "manufactured" shall include cutting, heat treating, quality control, testing of chain and welding (including the forging and shot blasting process): *Provided further*, That for the purpose of this section substantially all of the components of anchor and mooring chain shall be considered to be produced or manufactured in the United States if the aggregate cost of the components produced or manufactured in the United States exceeds the aggregate cost of the components produced or manufactured outside the United States: *Provided further*, That when adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis, the Secretary of the Service responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that such an acquisition must be made in order to acquire capability for national security purposes.

SEC. 8017. None of the funds appropriated by this Act shall be used for the support of any nonappropriated funds activity of the Department of Defense that procures malt beverages and wine with nonappropriated funds for resale (including such alcoholic beverages sold by the drink) on a military installation located in the United States unless such malt beverages and wine are procured within that State, or in the case of the District of Columbia, within the District of Columbia, in which the military installation is located: *Provided*, That, in a case in which the military installation is located in more than one State, purchases may be made in any State in which the installation is located: *Provided further*, That such local procurement requirements for malt beverages and wine shall apply to all alcoholic beverages only for military installations in States which are not contiguous with another State: *Provided further*, That alcoholic beverages other than wine and malt beverages, in contiguous States and the District of Columbia shall be procured from the most competitive source, price and other factors considered.

SEC. 8018. None of the funds available to the Department of Defense may be used to demilitarize or dispose of M-1 Carbines, M-1 Garand rifles, M-14 rifles, .22 caliber rifles, .30 caliber rifles, or

M-1911 pistols, or to demilitarize or destroy small arms ammunition or ammunition components that are not otherwise prohibited from commercial sale under Federal law, unless the small arms ammunition or ammunition components are certified by the Secretary of the Army or designee as unserviceable or unsafe for further use.

SEC. 8019. No more than \$500,000 of the funds appropriated or made available in this Act shall be used during a single fiscal year for any single relocation of an organization, unit, activity or function of the Department of Defense into or within the National Capital Region: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the congressional defense committees that such a relocation is required in the best interest of the Government.

SEC. 8020. In addition to the funds provided elsewhere in this Act, \$25,000,000 is appropriated only for incentive payments authorized by section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544): *Provided*, That a prime contractor or a subcontractor at any tier that makes a subcontract award to any subcontractor or supplier as defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code, shall be considered a contractor for the purposes of being allowed additional compensation under section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544) whenever the prime contract or subcontract amount is over \$500,000 and involves the expenditure of funds appropriated by an Act making appropriations for the Department of Defense with respect to any fiscal year: *Provided further*, That notwithstanding section 1906 of title 41, United States Code, this section shall be applicable to any Department of Defense acquisition of supplies or services, including any contract and any subcontract at any tier for acquisition of commercial items produced or manufactured, in whole or in part, by any subcontractor or supplier defined in section 1544 of title 25, United States Code, or a small business owned and controlled by an individual or individuals defined under section 4221(9) of title 25, United States Code.

SEC. 8021. (a) Notwithstanding any other provision of law, the Secretary of the Air Force may convey at no cost to the Air Force, without consideration, to Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, Minnesota, and Washington relocatable military housing units located at Grand Forks Air Force Base, Malmstrom Air Force Base, Mountain Home Air Force Base, Ellsworth Air Force Base, and Minot Air Force Base that are excess to the needs of the Air Force.

(b) The Secretary of the Air Force shall convey, at no cost to the Air Force, military housing units under subsection (a) in accordance with the request for such units that are submitted to the Secretary by the Operation Walking Shield Program on behalf of Indian tribes located in the States of Nevada, Idaho, North Dakota, South Dakota, Montana, Oregon, Minnesota, and Washington. Any such conveyance shall be subject to the condition that the housing units shall be removed within a reasonable period of time, as determined by the Secretary.

(c) The Operation Walking Shield Program shall resolve any conflicts among requests of Indian tribes for housing units under subsection (a) before submitting requests to the Secretary of the Air Force under subsection (b).

(d) In this section, the term “Indian tribe” means any recognized Indian tribe included on the current list published by the Secretary of the Interior under section 104 of the Federally Recognized Indian Tribe Act of 1994 (Public Law 103–454; 108 Stat. 4792; 25 U.S.C. 5131).

SEC. 8022. Of the funds appropriated to the Department of Defense under the heading “Operation and Maintenance, Defense-Wide”, not less than \$12,000,000 shall be made available only for the mitigation of environmental impacts, including training and technical assistance to tribes, related administrative support, the gathering of information, documenting of environmental damage, and developing a system for prioritization of mitigation and cost to complete estimates for mitigation, on Indian lands resulting from Department of Defense activities.

SEC. 8023. Funds appropriated by this Act for the Defense Media Activity shall not be used for any national or international political or psychological activities.

SEC. 8024. None of the funds available in this Act to the Department of Defense, other than appropriations made for necessary or routine refurbishments, upgrades or maintenance activities, shall be used to reduce or to prepare to reduce the number of deployed and non-deployed strategic delivery vehicles and launchers below the levels set forth in the report submitted to Congress in accordance with section 1042 of the National Defense Authorization Act for Fiscal Year 2012.

SEC. 8025. Of the amounts appropriated for “Working Capital Fund, Army”, \$115,000,000 shall be available to maintain competitive rates at the arsenals.

SEC. 8026. (a) Of the funds made available in this Act, not less than \$60,500,000 shall be available for the Civil Air Patrol Corporation, of which—

(1) \$47,300,000 shall be available from “Operation and Maintenance, Air Force” to support Civil Air Patrol Corporation operation and maintenance, readiness, counter-drug activities, and drug demand reduction activities involving youth programs;

(2) \$11,400,000 shall be available from “Aircraft Procurement, Air Force”; and

(3) \$1,800,000 shall be available from “Other Procurement, Air Force” for vehicle procurement.

(b) The Secretary of the Air Force should waive reimbursement for any funds used by the Civil Air Patrol for counter-drug activities in support of Federal, State, and local government agencies.

SEC. 8027. (a) None of the funds appropriated in this Act are available to establish a new Department of Defense (department) federally funded research and development center (FFRDC), either as a new entity, or as a separate entity administrated by an organization managing another FFRDC, or as a nonprofit membership corporation consisting of a consortium of other FFRDCs and other nonprofit entities.

(b) No member of a Board of Directors, Trustees, Overseers, Advisory Group, Special Issues Panel, Visiting Committee, or any similar entity of a defense FFRDC, and no paid consultant to any defense FFRDC, except when acting in a technical advisory capacity, may be compensated for his or her services as a member of such entity, or as a paid consultant by more than one FFRDC in a fiscal year: *Provided*, That a member of any such entity referred to previously in this subsection shall be allowed travel expenses and per diem as authorized under the Federal Joint Travel Regulations, when engaged in the performance of membership duties.

(c) Notwithstanding any other provision of law, none of the funds available to the department from any source during the current fiscal year may be used by a defense FFRDC, through a fee or other payment mechanism, for construction of new buildings not located on a military installation, for payment of cost sharing for projects funded by Government grants, for absorption of contract overruns, or for certain charitable contributions, not to include employee participation in community service and/or development.

(d) Notwithstanding any other provision of law, of the funds available to the department during fiscal year 2022, not more than 6,119 staff years of technical effort (staff years) may be funded for defense FFRDCs: *Provided*, That within such funds for 6,119 staff years, funds shall be available only for 1,148 staff years for the defense studies and analysis FFRDCs: *Provided further*, That this subsection shall not apply to staff years funded in the National Intelligence Program and the Military Intelligence Program: *Provided further*, That the limit on staff years in the matter preceding the first proviso in this subsection may be increased to 6,184, from within funds available to the Department during fiscal year 2022, no sooner than 60 days after the Secretary of Defense submits in writing to the congressional defense committees—

- (1) a complete breakdown of actual staff years by program and primary sponsor for fiscal years 2020 and 2021;
- (2) a complete breakdown of the estimated 6,184 staff years by program and primary sponsor for fiscal year 2022;
- (3) a list of corrective actions planned and implemented following the 2019 Under Secretary of Defense (Research and Engineering)-led FFRDC management review regarding the implementation of a strategic management process and continued independence of defense FFRDCs; and
- (4) a plan to commission a near-term independent review and assessment of current FFRDC and potentially competitive non-FFRDC entities' core competencies as compared to new or emerging requirements:

Provided further, That the Secretary of Defense shall provide a plan to commission a near-term independent review of current Department of Defense and military service workforce core competencies as compared to new or emerging requirements, to include a review of current and proposed workforce development, talent management, and professional military education initiatives and career options by June 15, 2022.

(e) The Secretary of Defense shall, with the submission of the department's fiscal year 2023 budget request, submit a report presenting the specific amounts of staff years of technical effort to be

allocated for each defense FFRDC by program during that fiscal year and the associated budget estimates.

(f) Notwithstanding any other provision of this Act, the total amount appropriated in this Act for FFRDCs is hereby reduced by \$63,840,000: *Provided*, That this subsection shall not apply to appropriations for the National Intelligence Program and Military Intelligence Program.

SEC. 8028. For the purposes of this Act, the term “congressional defense committees” means the Armed Services Committee of the House of Representatives, the Armed Services Committee of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the Senate, and the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives.

SEC. 8029. For the purposes of this Act, the term “congressional intelligence committees” means the Permanent Select Committee on Intelligence of the House of Representatives, the Select Committee on Intelligence of the Senate, the Subcommittee on Defense of the Committee on Appropriations of the House of Representatives, and the Subcommittee on Defense of the Committee on Appropriations of the Senate.

SEC. 8030. During the current fiscal year, the Department of Defense may acquire the modification, depot maintenance and repair of aircraft, vehicles and vessels as well as the production of components and other Defense-related articles, through competition between Department of Defense depot maintenance activities and private firms: *Provided*, That the Senior Acquisition Executive of the military department or Defense Agency concerned, with power of delegation, shall certify that successful bids include comparable estimates of all direct and indirect costs for both public and private bids: *Provided further*, That Office of Management and Budget Circular A-76 shall not apply to competitions conducted under this section.

SEC. 8031. (a) None of the funds appropriated in this Act may be expended by an entity of the Department of Defense unless the entity, in expending the funds, complies with the Buy American Act. For purposes of this subsection, the term “Buy American Act” means chapter 83 of title 41, United States Code.

(b) If the Secretary of Defense determines that a person has been convicted of intentionally affixing a label bearing a “Made in America” inscription to any product sold in or shipped to the United States that is not made in America, the Secretary shall determine, in accordance with section 2410f of title 10, United States Code, whether the person should be debarred from contracting with the Department of Defense.

(c) In the case of any equipment or products purchased with appropriations provided under this Act, it is the sense of the Congress that any entity of the Department of Defense, in expending the appropriation, purchase only American-made equipment and products, provided that American-made equipment and products are cost-competitive, quality competitive, and available in a timely fashion.

SEC. 8032. None of the funds appropriated or made available in this Act shall be used to procure carbon, alloy, or armor steel plate for use in any Government-owned facility or property under the

control of the Department of Defense which were not melted and rolled in the United States or Canada: *Provided*, That these procurement restrictions shall apply to any and all Federal Supply Class 9515, American Society of Testing and Materials (ASTM) or American Iron and Steel Institute (AISI) specifications of carbon, alloy or armor steel plate: *Provided further*, That the Secretary of the military department responsible for the procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: *Provided further*, That these restrictions shall not apply to contracts which are in being as of the date of the enactment of this Act.

SEC. 8033. (a)(1) If the Secretary of Defense, after consultation with the United States Trade Representative, determines that a foreign country which is party to an agreement described in paragraph (2) has violated the terms of the agreement by discriminating against certain types of products produced in the United States that are covered by the agreement, the Secretary of Defense shall rescind the Secretary's blanket waiver of the Buy American Act with respect to such types of products produced in that foreign country.

(2) An agreement referred to in paragraph (1) is any reciprocal defense procurement memorandum of understanding, between the United States and a foreign country pursuant to which the Secretary of Defense has prospectively waived the Buy American Act for certain products in that country.

(b) The Secretary of Defense shall submit to the Congress a report on the amount of Department of Defense purchases from foreign entities in fiscal year 2022. Such report shall separately indicate the dollar value of items for which the Buy American Act was waived pursuant to any agreement described in subsection (a)(2), the Trade Agreements Act of 1979 (19 U.S.C. 2501 et seq.), or any international agreement to which the United States is a party.

(c) For purposes of this section, the term "Buy American Act" means chapter 83 of title 41, United States Code.

SEC. 8034. None of the funds appropriated by this Act may be used for the procurement of ball and roller bearings other than those produced by a domestic source and of domestic origin: *Provided*, That the Secretary of the military department responsible for such procurement may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate, that adequate domestic supplies are not available to meet Department of Defense requirements on a timely basis and that such an acquisition must be made in order to acquire capability for national security purposes: *Provided further*, That this restriction shall not apply to the purchase of "commercial products", as defined by section 103 of title 41, United States Code, except that the restriction shall apply to ball or roller bearings purchased as end items.

SEC. 8035. In addition to any other funds made available for such purposes, including pursuant to section 98h of title 50, United

States Code, or elsewhere in this Act, there is appropriated \$125,000,000, for an additional amount for “National Defense Stockpile Transaction Fund”, to remain available until September 30, 2024, which shall only be used for the acquisition and retention of certain materials, as specified in the classified annex accompanying this Act: *Provided*, That none of the funds provided under this section may be obligated or expended until 90 days after the Secretary of Defense provides the congressional defense committees a detailed execution plan for these funds.

SEC. 8036. None of the funds in this Act may be used to purchase any supercomputer which is not manufactured in the United States, unless the Secretary of Defense certifies to the congressional defense committees that such an acquisition must be made in order to acquire capability for national security purposes that is not available from United States manufacturers.

SEC. 8037. (a) The Secretary of Defense may, on a case-by-case basis, waive with respect to a foreign country each limitation on the procurement of defense items from foreign sources provided in law if the Secretary determines that the application of the limitation with respect to that country would invalidate cooperative programs entered into between the Department of Defense and the foreign country, or would invalidate reciprocal trade agreements for the procurement of defense items entered into under section 2531 of title 10, United States Code, and the country does not discriminate against the same or similar defense items produced in the United States for that country.

(b) Subsection (a) applies with respect to—

(1) contracts and subcontracts entered into on or after the date of the enactment of this Act; and

(2) options for the procurement of items that are exercised after such date under contracts that are entered into before such date if the option prices are adjusted for any reason other than the application of a waiver granted under subsection (a).

(c) Subsection (a) does not apply to a limitation regarding construction of public vessels, ball and roller bearings, food, and clothing or textile materials as defined by section XI (chapters 50–65) of the Harmonized Tariff Schedule of the United States and products classified under headings 4010, 4202, 4203, 6401 through 6406, 6505, 7019, 7218 through 7229, 7304.41 through 7304.49, 7306.40, 7502 through 7508, 8105, 8108, 8109, 8211, 8215, and 9404.

SEC. 8038. None of the funds made available in this Act, or any subsequent Act making appropriations for the Department of Defense, may be used for the purchase or manufacture of a flag of the United States unless such flags are treated as covered items under section 2533a(b) of title 10, United States Code.

SEC. 8039. During the current fiscal year, amounts contained in the Department of Defense Overseas Military Facility Investment Recovery Account shall be available until expended for the payments specified by section 2687a(b)(2) of title 10, United States Code.

SEC. 8040. During the current fiscal year, appropriations which are available to the Department of Defense for operation and maintenance may be used to purchase items having an investment item

unit cost of not more than \$250,000: *Provided*, That upon determination by the Secretary of Defense that such action is necessary to meet the operational requirements of a Commander of a Combatant Command engaged in a named contingency operation overseas, such funds may be used to purchase items having an investment item unit cost of not more than \$500,000.

SEC. 8041. Amounts appropriated or otherwise made available to the Department of Defense in this Act, may not be obligated or expended for the retirement or divestiture of the RQ-4 Global Hawk Block 40 aircraft: *Provided*, That the Secretary of the Air Force is prohibited from deactivating the corresponding squadrons responsible for the operations of the aforementioned aircraft.

SEC. 8042. Up to \$11,120,000 of the funds appropriated under the heading "Operation and Maintenance, Navy" may be made available for the Asia Pacific Regional Initiative Program for the purpose of enabling the United States Indo-Pacific Command to execute Theater Security Cooperation activities such as humanitarian assistance, and payment of incremental and personnel costs of training and exercising with foreign security forces: *Provided*, That funds made available for this purpose may be used, notwithstanding any other funding authorities for humanitarian assistance, security assistance or combined exercise expenses: *Provided further*, That funds may not be obligated to provide assistance to any foreign country that is otherwise prohibited from receiving such type of assistance under any other provision of law.

SEC. 8043. The Secretary of Defense shall issue regulations to prohibit the sale of any tobacco or tobacco-related products in military resale outlets in the United States, its territories and possessions at a price below the most competitive price in the local community: *Provided*, That such regulations shall direct that the prices of tobacco or tobacco-related products in overseas military retail outlets shall be within the range of prices established for military retail system stores located in the United States.

SEC. 8044. (a) During the current fiscal year, none of the appropriations or funds available to the Department of Defense Working Capital Funds shall be used for the purchase of an investment item for the purpose of acquiring a new inventory item for sale or anticipated sale during the current fiscal year or a subsequent fiscal year to customers of the Department of Defense Working Capital Funds if such an item would not have been chargeable to the Department of Defense Business Operations Fund during fiscal year 1994 and if the purchase of such an investment item would be chargeable during the current fiscal year to appropriations made to the Department of Defense for procurement.

(b) The fiscal year 2023 budget request for the Department of Defense as well as all justification material and other documentation supporting the fiscal year 2023 Department of Defense budget shall be prepared and submitted to the Congress on the basis that any equipment which was classified as an end item and funded in a procurement appropriation contained in this Act shall be budgeted for in a proposed fiscal year 2023 procurement appropriation and not in the supply management business area or any other area or category of the Department of Defense Working Capital Funds.

SEC. 8045. None of the funds appropriated by this Act for programs of the Central Intelligence Agency shall remain available for obligation beyond the current fiscal year, except for funds appropriated for the Reserve for Contingencies, which shall remain available until September 30, 2023: *Provided*, That funds appropriated, transferred, or otherwise credited to the Central Intelligence Agency Central Services Working Capital Fund during this or any prior or subsequent fiscal year shall remain available until expended: *Provided further*, That any funds appropriated or transferred to the Central Intelligence Agency for advanced research and development acquisition, for agent operations, and for covert action programs authorized by the President under section 503 of the National Security Act of 1947 (50 U.S.C. 3093) shall remain available until September 30, 2023: *Provided further*, That any funds appropriated or transferred to the Central Intelligence Agency for the construction, improvement, or alteration of facilities, including leased facilities, to be used primarily by personnel of the intelligence community shall remain available until September 30, 2024.

SEC. 8046. (a) Except as provided in subsections (b) and (c), none of the funds made available by this Act may be used—

(1) to establish a field operating agency; or

(2) to pay the basic pay of a member of the Armed Forces or civilian employee of the department who is transferred or reassigned from a headquarters activity if the member or employee's place of duty remains at the location of that headquarters.

(b) The Secretary of Defense or Secretary of a military department may waive the limitations in subsection (a), on a case-by-case basis, if the Secretary determines, and certifies to the Committees on Appropriations of the House of Representatives and the Senate that the granting of the waiver will reduce the personnel requirements or the financial requirements of the department.

(c) This section does not apply to—

(1) field operating agencies funded within the National Intelligence Program;

(2) an Army field operating agency established to eliminate, mitigate, or counter the effects of improvised explosive devices, and, as determined by the Secretary of the Army, other similar threats;

(3) an Army field operating agency established to improve the effectiveness and efficiencies of biometric activities and to integrate common biometric technologies throughout the Department of Defense; or

(4) an Air Force field operating agency established to administer the Air Force Mortuary Affairs Program and Mortuary Operations for the Department of Defense and authorized Federal entities.

SEC. 8047. (a) None of the funds appropriated by this Act shall be available to convert to contractor performance an activity or function of the Department of Defense that, on or after the date of the enactment of this Act, is performed by Department of Defense civilian employees unless—

(1) the conversion is based on the result of a public-private competition that includes a most efficient and cost effective organization plan developed by such activity or function;

(2) the Competitive Sourcing Official determines that, over all performance periods stated in the solicitation of offers for performance of the activity or function, the cost of performance of the activity or function by a contractor would be less costly to the Department of Defense by an amount that equals or exceeds the lesser of—

(A) 10 percent of the most efficient organization's personnel-related costs for performance of that activity or function by Federal employees; or

(B) \$10,000,000; and

(3) the contractor does not receive an advantage for a proposal that would reduce costs for the Department of Defense by—

(A) not making an employer-sponsored health insurance plan available to the workers who are to be employed in the performance of that activity or function under the contract; or

(B) offering to such workers an employer-sponsored health benefits plan that requires the employer to contribute less towards the premium or subscription share than the amount that is paid by the Department of Defense for health benefits for civilian employees under chapter 89 of title 5, United States Code.

(b)(1) The Department of Defense, without regard to subsection (a) of this section or subsection (a), (b), or (c) of section 2461 of title 10, United States Code, and notwithstanding any administrative regulation, requirement, or policy to the contrary shall have full authority to enter into a contract for the performance of any commercial or industrial type function of the Department of Defense that—

(A) is included on the procurement list established pursuant to section 2 of the Javits-Wagner-O'Day Act (section 8503 of title 41, United States Code);

(B) is planned to be converted to performance by a qualified nonprofit agency for the blind or by a qualified nonprofit agency for other severely handicapped individuals in accordance with that Act; or

(C) is planned to be converted to performance by a qualified firm under at least 51 percent ownership by an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)), or a Native Hawaiian Organization, as defined in section 8(a)(15) of the Small Business Act (15 U.S.C. 637(a)(15)).

(2) This section shall not apply to depot contracts or contracts for depot maintenance as provided in sections 2469 and 2474 of title 10, United States Code.

(c) The conversion of any activity or function of the Department of Defense under the authority provided by this section shall be credited toward any competitive or outsourcing goal, target, or measurement that may be established by statute, regulation, or policy and is deemed to be awarded under the authority of, and in

compliance with, subsection (h) of section 2304 of title 10, United States Code, for the competition or outsourcing of commercial activities.

(RESCISSIONS)

SEC. 8049. None of the funds available in this Act may be used to reduce the authorized positions for military technicians (dual status) of the Army National Guard, Air National Guard, Army Reserve and Air Force Reserve for the purpose of applying any administratively imposed civilian personnel ceiling, freeze, or reduction on military technicians (dual status), unless such reductions are a direct result of a reduction in military force structure.

SEC. 8050. None of the funds appropriated or otherwise made available in this Act may be obligated or expended for assistance to the Democratic People’s Republic of Korea unless specifically appropriated for that purpose: *Provided*, That this restriction shall not apply to any activities incidental to the Defense POW/MIA Accounting Agency mission to recover and identify the remains of United States Armed Forces personnel from the Democratic People’s Republic of Korea.

SEC. 8051. Funds appropriated in this Act for operation and maintenance of the Military Departments, Combatant Commands and Defense Agencies shall be available for reimbursement of pay, allowances and other expenses which would otherwise be incurred against appropriations for the National Guard and Reserve when members of the National Guard and Reserve provide intelligence or counterintelligence support to Combatant Commands, Defense Agencies and Joint Intelligence Activities, including the activities and programs included within the National Intelligence Program and the Military Intelligence Program: *Provided*, That nothing in this section authorizes deviation from established Reserve and National Guard personnel and training procedures.

SEC. 8052. (a) None of the funds available to the Department of Defense for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

(b) None of the funds available to the Central Intelligence Agency for any fiscal year for drug interdiction or counter-drug activities may be transferred to any other department or agency of the United States except as specifically provided in an appropriations law.

SEC. 8053. In addition to the amounts appropriated or otherwise made available elsewhere in this Act, \$49,000,000 is hereby appropriated to the Department of Defense: *Provided*, That upon the determination of the Secretary of Defense that it shall serve the national interest, the Secretary shall make grants in the amounts specified as follows: \$24,000,000 to the United Service Organizations and \$25,000,000 to the Red Cross.

SEC. 8054. Notwithstanding any other provision in this Act, the Small Business Innovation Research program and the Small Business Technology Transfer program set-asides shall be taken proportionally from all programs, projects, or activities to the extent they contribute to the extramural budget. The Secretary of each military department, the Director of each Defense Agency, and the head of each other relevant component of the Department of Defense shall submit to the congressional defense committees, concurrent with

submission of the budget justification documents to Congress pursuant to section 1105 of title 31, United States Code, a report with a detailed accounting of the Small Business Innovation Research program and the Small Business Technology Transfer program set-asides taken from programs, projects, or activities within such department, agency, or component during the most recently completed fiscal year.

SEC. 8055. None of the funds available to the Department of Defense under this Act shall be obligated or expended to pay a contractor under a contract with the Department of Defense for costs of any amount paid by the contractor to an employee when—

- (1) such costs are for a bonus or otherwise in excess of the normal salary paid by the contractor to the employee; and
- (2) such bonus is part of restructuring costs associated with a business combination.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8056. During the current fiscal year, no more than \$30,000,000 of appropriations made in this Act under the heading “Operation and Maintenance, Defense-Wide” may be transferred to appropriations available for the pay of military personnel, to be merged with, and to be available for the same time period as the appropriations to which transferred, to be used in support of such personnel in connection with support and services for eligible organizations and activities outside the Department of Defense pursuant to section 2012 of title 10, United States Code.

SEC. 8057. During the current fiscal year, in the case of an appropriation account of the Department of Defense for which the period of availability for obligation has expired or which has closed under the provisions of section 1552 of title 31, United States Code, and which has a negative unliquidated or unexpended balance, an obligation or an adjustment of an obligation may be charged to any current appropriation account for the same purpose as the expired or closed account if—

- (1) the obligation would have been properly chargeable (except as to amount) to the expired or closed account before the end of the period of availability or closing of that account;

- (2) the obligation is not otherwise properly chargeable to any current appropriation account of the Department of Defense; and

- (3) in the case of an expired account, the obligation is not chargeable to a current appropriation of the Department of Defense under the provisions of section 1405(b)(8) of the National Defense Authorization Act for Fiscal Year 1991, Public Law 101–510, as amended (31 U.S.C. 1551 note): *Provided*, That in the case of an expired account, if subsequent review or investigation discloses that there was not in fact a negative unliquidated or unexpended balance in the account, any charge to a current account under the authority of this section shall be reversed and recorded against the expired account: *Provided further*, That the total amount charged to a current appropriation under this section may not exceed an amount equal to 1 percent of the total appropriation for that account:

Provided, That the Under Secretary of Defense (Comptroller) shall include with the budget of the President for fiscal year 2023 (as submitted to Congress pursuant to section 1105 of title 31, United States Code) a statement describing each instance if any, during each of the fiscal years 2016 through 2022 in which the authority in this section was exercised.

SEC. 8058. (a) Notwithstanding any other provision of law, the Chief of the National Guard Bureau may permit the use of equipment of the National Guard Distance Learning Project by any person or entity on a space-available, reimbursable basis. The Chief of the National Guard Bureau shall establish the amount of reimbursement for such use on a case-by-case basis.

(b) Amounts collected under subsection (a) shall be credited to funds available for the National Guard Distance Learning Project and be available to defray the costs associated with the use of equipment of the project under that subsection. Such funds shall be available for such purposes without fiscal year limitation.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8059. Of the funds appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", \$47,000,000 shall be for continued implementation and expansion of the Sexual Assault Special Victims' Counsel Program: *Provided*, That the funds are made available for transfer to the Department of the Army, the Department of the Navy, and the Department of the Air Force: *Provided further*, That funds transferred shall be merged with and available for the same purposes and for the same time period as the appropriations to which the funds are transferred: *Provided further*, That this transfer authority is in addition to any other transfer authority provided in this Act.

SEC. 8060. None of the funds appropriated in title IV of this Act may be used to procure end-items for delivery to military forces for operational training, operational use or inventory requirements: *Provided*, That this restriction does not apply to end-items used in development, prototyping, and test activities preceding and leading to acceptance for operational use: *Provided further*, That this restriction does not apply to programs funded within the National Intelligence Program: *Provided further*, That the Secretary of Defense shall, at the time of the submittal to Congress of the budget of the President for fiscal year 2023 pursuant to section 1105 of title 31, United States Code, submit to the congressional defense committees a report detailing the use of funds requested in research, development, test and evaluation accounts for end-items used in development, prototyping and test activities preceding and leading to acceptance for operational use: *Provided further*, That the report shall set forth, for each end-item covered by the preceding proviso, a detailed list of the statutory authorities under which amounts in the accounts described in that proviso were used for such item: *Provided further*, That the Secretary of Defense shall, at the time of the submittal to Congress of the budget of the President for fiscal year 2023 pursuant to section 1105 of title 31, United States Code, submit to the congressional defense committees a certification that funds requested for fiscal year 2023 in research, development, test and evaluation are in compliance with this section:

Provided further, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying in writing to the Committees on Appropriations of the House of Representatives and the Senate that it is in the national security interest to do so.

SEC. 8061. None of the funds appropriated or otherwise made available by this or other Department of Defense Appropriations Acts may be obligated or expended for the purpose of performing repairs or maintenance to military family housing units of the Department of Defense, including areas in such military family housing units that may be used for the purpose of conducting official Department of Defense business.

SEC. 8062. Notwithstanding any other provision of law, funds appropriated in this Act under the heading “Research, Development, Test and Evaluation, Defense-Wide” for any new start advanced concept technology demonstration project or joint capability demonstration project may only be obligated 45 days after a report, including a description of the project, the planned acquisition and transition strategy and its estimated annual and total cost, has been provided in writing to the congressional defense committees: *Provided*, That the Secretary of Defense may waive this restriction on a case-by-case basis by certifying to the congressional defense committees that it is in the national interest to do so.

SEC. 8063. The Secretary of Defense shall continue to provide a classified quarterly report to the Committees on Appropriations of the House of Representatives and the Senate, Subcommittees on Defense on certain matters as directed in the classified annex accompanying this Act.

SEC. 8064. Notwithstanding section 12310(b) of title 10, United States Code, a Reserve who is a member of the National Guard serving on full-time National Guard duty under section 502(f) of title 32, United States Code, may perform duties in support of the ground-based elements of the National Ballistic Missile Defense System.

SEC. 8065. None of the funds provided in this Act may be used to transfer to any nongovernmental entity ammunition held by the Department of Defense that has a center-fire cartridge and a United States military nomenclature designation of “armor penetrator”, “armor piercing (AP)”, “armor piercing incendiary (API)”, or “armor-piercing incendiary tracer (API-T)”, except to an entity performing demilitarization services for the Department of Defense under a contract that requires the entity to demonstrate to the satisfaction of the Department of Defense that armor piercing projectiles are either: (1) rendered incapable of reuse by the demilitarization process; or (2) used to manufacture ammunition pursuant to a contract with the Department of Defense or the manufacture of ammunition for export pursuant to a License for Permanent Export of Unclassified Military Articles issued by the Department of State.

SEC. 8066. Notwithstanding any other provision of law, the Chief of the National Guard Bureau, or his designee, may waive payment of all or part of the consideration that otherwise would be required under section 2667 of title 10, United States Code, in the case of a lease of personal property for a period not in excess of 1 year to any organization specified in section 508(d) of title 32, United States Code, or any other youth, social, or fraternal nonprofit orga-

nization as may be approved by the Chief of the National Guard Bureau, or his designee, on a case-by-case basis.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8067. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Army", \$152,925,875 shall remain available until expended: *Provided*, That, notwithstanding any other provision of law, the Secretary of Defense is authorized to transfer such funds to other activities of the Federal Government: *Provided further*, That the Secretary of Defense is authorized to enter into and carry out contracts for the acquisition of real property, construction, personal services, and operations related to projects carrying out the purposes of this section: *Provided further*, That contracts entered into under the authority of this section may provide for such indemnification as the Secretary determines to be necessary: *Provided further*, That projects authorized by this section shall comply with applicable Federal, State, and local law to the maximum extent consistent with the national security, as determined by the Secretary of Defense.

SEC. 8068. (a) None of the funds appropriated in this or any other Act may be used to take any action to modify—

- (1) the appropriations account structure for the National Intelligence Program budget, including through the creation of a new appropriation or new appropriation account;
- (2) how the National Intelligence Program budget request is presented in the unclassified P-1, R-1, and O-1 documents supporting the Department of Defense budget request;
- (3) the process by which the National Intelligence Program appropriations are apportioned to the executing agencies; or
- (4) the process by which the National Intelligence Program appropriations are allotted, obligated and disbursed.

(b) Nothing in subsection (a) shall be construed to prohibit the merger of programs or changes to the National Intelligence Program budget at or below the Expenditure Center level, provided such change is otherwise in accordance with paragraphs (1)–(3) of subsection (a).

(c) The Director of National Intelligence and the Secretary of Defense may jointly, only for the purposes of achieving auditable financial statements and improving fiscal reporting, study and develop detailed proposals for alternative financial management processes. Such study shall include a comprehensive counterintelligence risk assessment to ensure that none of the alternative processes will adversely affect counterintelligence.

(d) Upon development of the detailed proposals defined under subsection (c), the Director of National Intelligence and the Secretary of Defense shall—

- (1) provide the proposed alternatives to all affected agencies;
- (2) receive certification from all affected agencies attesting that the proposed alternatives will help achieve auditability, improve fiscal reporting, and will not adversely affect counterintelligence; and
- (3) not later than 30 days after receiving all necessary certifications under paragraph (2), present the proposed alter-

natives and certifications to the congressional defense and intelligence committees.

SEC. 8069. In addition to amounts provided elsewhere in this Act, \$5,000,000 is hereby appropriated to the Department of Defense, to remain available for obligation until expended: *Provided*, That notwithstanding any other provision of law, that upon the determination of the Secretary of Defense that it shall serve the national interest, these funds shall be available only for a grant to the Fisher House Foundation, Inc., only for the construction and furnishing of additional Fisher Houses to meet the needs of military family members when confronted with the illness or hospitalization of an eligible military beneficiary.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8070. In addition to amounts made available elsewhere in this Act, \$200,000,000 is hereby appropriated to the Department of Defense and made available for transfer to the operation and maintenance accounts and research, development, test and evaluation accounts of the Army, Navy, Marine Corps, Air Force, and Space Force for purposes of improving tactical artificial intelligence at the Combatant Commands: *Provided*, That none of the funds provided under this section may be obligated or expended until 90 days after the Secretary of Defense provides to the congressional defense committees an execution plan: *Provided further*, That not less than 30 days prior to any transfer of funds, the Secretary of Defense shall notify the congressional defense committees of the details of any such transfer: *Provided further*, That upon transfer, the funds shall be merged with and available for the same purposes, and for the same time period, as the appropriation to which transferred: *Provided further*, That the transfer authority provided under this section is in addition to any other transfer authority provided elsewhere in this Act.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8071. During the current fiscal year, not to exceed \$11,000,000 from each of the appropriations made in title II of this Act for "Operation and Maintenance, Army", "Operation and Maintenance, Navy", and "Operation and Maintenance, Air Force" may be transferred by the military department concerned to its central fund established for Fisher Houses and Suites pursuant to section 2493(d) of title 10, United States Code.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8072. Of the amounts appropriated for "Operation and Maintenance, Navy", up to \$1,000,000 shall be available for transfer to the John C. Stennis Center for Public Service Development Trust Fund established under section 116 of the John C. Stennis Center for Public Service Training and Development Act (2 U.S.C. 1105).

SEC. 8073. None of the funds available to the Department of Defense may be obligated to modify command and control relationships to give Fleet Forces Command operational and administrative control of United States Navy forces assigned to the Pacific

fleet: *Provided*, That the command and control relationships which existed on October 1, 2004, shall remain in force until a written modification has been proposed to the Committees on Appropriations of the House of Representatives and the Senate: *Provided further*, That the proposed modification may be implemented 30 days after the notification unless an objection is received from either the House or Senate Appropriations Committees: *Provided further*, That any proposed modification shall not preclude the ability of the commander of United States Indo-Pacific Command to meet operational requirements.

SEC. 8074. Any notice that is required to be submitted to the Committees on Appropriations of the House of Representatives and the Senate under section 806(c)(4) of the Bob Stump National Defense Authorization Act for Fiscal Year 2003 (10 U.S.C. 2302 note) after the date of the enactment of this Act shall be submitted pursuant to that requirement concurrently to the Subcommittees on Defense of the Committees on Appropriations of the House of Representatives and the Senate.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8077. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094) during fiscal year 2022 until the enactment of the Intelligence Authorization Act for Fiscal Year 2022.

SEC. 8078. None of the funds provided in this Act shall be available for obligation or expenditure through a reprogramming of funds that creates or initiates a new program, project, or activity unless such program, project, or activity must be undertaken immediately in the interest of national security and only after written prior notification to the congressional defense committees.

SEC. 8079. The budget of the President for fiscal year 2023 submitted to the Congress pursuant to section 1105 of title 31, United States Code, shall include separate budget justification documents for costs of United States Armed Forces’ participation in contingency operations for the Military Personnel accounts, the Operation and Maintenance accounts, the Procurement accounts, and the Research, Development, Test and Evaluation accounts: *Provided*, That these documents shall include a description of the funding requested for each contingency operation, for each military service, to include all Active and Reserve components, and for each appropriations account: *Provided further*, That these documents shall include estimated costs for each element of expense or object class, a reconciliation of increases and decreases for each contingency operation, and programmatic data including, but not limited to, troop strength for each Active and Reserve component, and estimates of the major weapons systems deployed in support of each contingency: *Provided further*, That these documents shall include budget exhibits OP–5 and OP–32 (as defined in the Department of Defense Financial Management Regulation) for all contingency operations for the budget year and the two preceding fiscal years.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8080. In addition to amounts made available elsewhere in this Act, \$50,000,000 is hereby appropriated to the Department of Defense and made available for transfer to the Department of Defense Acquisition Workforce Development Account and the operation and maintenance accounts of the Army, Navy, Marine Corps, Air Force, and Space Force for purposes of recruiting and training

the Department of Defense artificial intelligence-literate acquisition workforce: *Provided*, That none of the funds provided under this section may be obligated or expended until 90 days after the Secretary of Defense provides to the congressional defense committees an execution plan: *Provided further*, That not less than 30 days prior to any transfer of funds, the Secretary of Defense shall notify the congressional defense committees of the details of any such transfer: *Provided further*, That upon transfer, the funds shall be merged with and be available for the same purposes, and for the same time period, as the appropriation to which transferred: *Provided further*, That the transfer authority provided under this section is in addition to any other transfer authority provided elsewhere in this Act.

SEC. 8081. None of the funds in this Act may be used for research, development, test, evaluation, procurement or deployment of nuclear armed interceptors of a missile defense system.

SEC. 8082. The Secretary of Defense may use up to \$650,000,000 of the amounts appropriated or otherwise made available in this Act to the Department of Defense for the rapid acquisition and deployment of supplies and associated support services pursuant to section 806 of the Bob Stump National Defense Authorization Act for Fiscal Year 2003 (Public Law 107–314; 10 U.S.C. 2302 note), but only for the purposes specified in clauses (i), (ii), (iii), and (iv) of subsection (c)(3)(B) of such section and subject to the applicable limits specified in clauses (i), (ii), and (iii) of such subsection and, in the case of clause (iv) of such subsection, subject to a limit of \$50,000,000: *Provided*, That the Secretary of Defense shall notify the congressional defense committees promptly of all uses of this authority.

SEC. 8083. None of the funds appropriated or made available in this Act shall be used to reduce or disestablish the operation of the 53rd Weather Reconnaissance Squadron of the Air Force Reserve, if such action would reduce the WC–130 Weather Reconnaissance mission below the levels funded in this Act: *Provided*, That the Air Force shall allow the 53rd Weather Reconnaissance Squadron to perform other missions in support of national defense requirements during the non-hurricane season.

SEC. 8084. None of the funds provided in this Act shall be available for integration of foreign intelligence information unless the information has been lawfully collected and processed during the conduct of authorized foreign intelligence activities: *Provided*, That information pertaining to United States persons shall only be handled in accordance with protections provided in the Fourth Amendment of the United States Constitution as implemented through Executive Order No. 12333.

SEC. 8085. (a) None of the funds appropriated by this Act may be used to transfer research and development, acquisition, or other program authority relating to current tactical unmanned aerial vehicles (TUAVs) from the Army.

(b) The Army shall retain responsibility for and operational control of the MQ–1C Gray Eagle Unmanned Aerial Vehicle (UAV) in order to support the Secretary of Defense in matters relating to the employment of unmanned aerial vehicles.

SEC. 8086. None of the funds appropriated by this Act for programs of the Office of the Director of National Intelligence shall remain available for obligation beyond the current fiscal year, except for funds appropriated for research and technology, which shall remain available until September 30, 2023, and except for funds appropriated for the purchase of real property, which shall remain available until September 30, 2024.

SEC. 8087. For purposes of section 1553(b) of title 31, United States Code, any subdivision of appropriations made in this Act under the heading “Shipbuilding and Conversion, Navy” shall be considered to be for the same purpose as any subdivision under the heading “Shipbuilding and Conversion, Navy” appropriations in any prior fiscal year, and the 1 percent limitation shall apply to the total amount of the appropriation.

SEC. 8088. (a) Not later than 60 days after the date of the enactment of this Act, the Director of National Intelligence shall submit a report to the congressional intelligence committees to establish the baseline for application of reprogramming and transfer authorities for fiscal year 2022: *Provided*, That the report shall include—

(1) a table for each appropriation with a separate column to display the President’s budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level;

(2) a delineation in the table for each appropriation by Expenditure Center and project; and

(3) an identification of items of special congressional interest.

(b) None of the funds provided for the National Intelligence Program in this Act shall be available for reprogramming or transfer until the report identified in subsection (a) is submitted to the congressional intelligence committees, unless the Director of National Intelligence certifies in writing to the congressional intelligence committees that such reprogramming or transfer is necessary as an emergency requirement.

SEC. 8089. Any transfer of amounts appropriated to the Department of Defense Acquisition Workforce Development Account in or for fiscal year 2022 to a military department or Defense Agency pursuant to section 1705(e)(1) of title 10, United States Code, shall be covered by and subject to section 8005 of this Act.

SEC. 8090. (a) None of the funds provided for the National Intelligence Program in this or any prior appropriations Act shall be available for obligation or expenditure through a reprogramming or transfer of funds in accordance with section 102A(d) of the National Security Act of 1947 (50 U.S.C. 3024(d)) that—

(1) creates a new start effort;

(2) terminates a program with appropriated funding of \$10,000,000 or more;

(3) transfers funding into or out of the National Intelligence Program; or

(4) transfers funding between appropriations, unless the congressional intelligence committees are notified 30 days in advance of such reprogramming of funds; this notification period may be reduced for urgent national security requirements.

(b) None of the funds provided for the National Intelligence Program in this or any prior appropriations Act shall be available for

obligation or expenditure through a reprogramming or transfer of funds in accordance with section 102A(d) of the National Security Act of 1947 (50 U.S.C. 3024(d)) that results in a cumulative increase or decrease of the levels specified in the classified annex accompanying the Act unless the congressional intelligence committees are notified 30 days in advance of such reprogramming of funds; this notification period may be reduced for urgent national security requirements.

SEC. 8091. (a) Any agency receiving funds made available in this Act, shall, subject to subsections (b) and (c), post on the public Web site of that agency any report required to be submitted by the Congress in this or any other Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

(1) the public posting of the report compromises national security; or

(2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the requesting Committee or Committees of Congress for no less than 45 days.

SEC. 8092. (a) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract for an amount in excess of \$1,000,000, unless the contractor agrees not to—

(1) enter into any agreement with any of its employees or independent contractors that requires, as a condition of employment, that the employee or independent contractor agree to resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention; or

(2) take any action to enforce any provision of an existing agreement with an employee or independent contractor that mandates that the employee or independent contractor resolve through arbitration any claim under title VII of the Civil Rights Act of 1964 or any tort related to or arising out of sexual assault or harassment, including assault and battery, intentional infliction of emotional distress, false imprisonment, or negligent hiring, supervision, or retention.

(b) None of the funds appropriated or otherwise made available by this Act may be expended for any Federal contract unless the contractor certifies that it requires each covered subcontractor to agree not to enter into, and not to take any action to enforce any provision of, any agreement as described in paragraphs (1) and (2) of subsection (a), with respect to any employee or independent contractor performing work related to such subcontract. For purposes of this subsection, a “covered subcontractor” is an entity that has a subcontract in excess of \$1,000,000 on a contract subject to subsection (a).

(c) The prohibitions in this section do not apply with respect to a contractor’s or subcontractor’s agreements with employees or independent contractors that may not be enforced in a court of the United States.

(d) The Secretary of Defense may waive the application of subsection (a) or (b) to a particular contractor or subcontractor for the purposes of a particular contract or subcontract if the Secretary or the Deputy Secretary personally determines that the waiver is necessary to avoid harm to national security interests of the United States, and that the term of the contract or subcontract is not longer than necessary to avoid such harm. The determination shall set forth with specificity the grounds for the waiver and for the contract or subcontract term selected, and shall state any alternatives considered in lieu of a waiver and the reasons each such alternative would not avoid harm to national security interests of the United States. The Secretary of Defense shall transmit to Congress, and simultaneously make public, any determination under this subsection not less than 15 business days before the contract or subcontract addressed in the determination may be awarded.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8093. From within the funds appropriated for operation and maintenance for the Defense Health Program in this Act, up to \$137,000,000, shall be available for transfer to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund in accordance with the provisions of section 1704 of the National Defense Authorization Act for Fiscal Year 2010, Public Law 111-84: *Provided*, That for purposes of section 1704(b), the facility operations funded are operations of the integrated Captain James A. Lovell Federal Health Care Center, consisting of the North Chicago Veterans Affairs Medical Center, the Navy Ambulatory Care Center, and supporting facilities designated as a combined Federal medical facility as described by section 706 of Public Law 110-417: *Provided further*, That additional funds may be transferred from funds appropriated for operation and maintenance for the Defense Health Program to the Joint Department of Defense-Department of Veterans Affairs Medical Facility Demonstration Fund upon written notification by the Secretary of Defense to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 8094. None of the funds appropriated or otherwise made available by this Act may be used by the Department of Defense or a component thereof in contravention of the provisions of section 130h of title 10, United States Code.

SEC. 8095. Appropriations available to the Department of Defense may be used for the purchase of heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$450,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

(INCLUDING TRANSFER OF FUNDS)

SEC. 8096. Upon a determination by the Director of National Intelligence that such action is necessary and in the national interest, the Director may, with the approval of the Office of Management and Budget, transfer not to exceed \$1,500,000,000 of the funds made available in this Act for the National Intelligence Pro-

gram: *Provided*, That such authority to transfer may not be used unless for higher priority items, based on unforeseen intelligence requirements, than those for which originally appropriated and in no case where the item for which funds are requested has been denied by the Congress: *Provided further*, That a request for multiple reprogrammings of funds using authority provided in this section shall be made prior to June 30, 2022.

SEC. 8097. Of the amounts appropriated in this Act for “Shipbuilding and Conversion, Navy”, \$299,900,000, to remain available for obligation until September 30, 2026, may be used for the purchase of five used sealift vessels for the National Defense Reserve Fleet, established under section 11 of the Merchant Ship Sales Act of 1946 (46 U.S.C. 57100): *Provided*, That such amounts are available for reimbursements to the Ready Reserve Force, Maritime Administration account of the United States Department of Transportation for programs, projects, activities, and expenses related to the National Defense Reserve Fleet: *Provided further*, That notwithstanding section 2218 of title 10, United States Code, none of these funds shall be transferred to the National Defense Sealift Fund for execution.

SEC. 8098. The Secretary of Defense shall post grant awards on a public website in a searchable format.

SEC. 8099. None of the funds made available by this Act may be used by the National Security Agency to—

(1) conduct an acquisition pursuant to section 702 of the Foreign Intelligence Surveillance Act of 1978 for the purpose of targeting a United States person; or

(2) acquire, monitor, or store the contents (as such term is defined in section 2510(8) of title 18, United States Code) of any electronic communication of a United States person from a provider of electronic communication services to the public pursuant to section 501 of the Foreign Intelligence Surveillance Act of 1978.

SEC. 8100. None of the funds made available in this or any other Act may be used to pay the salary of any officer or employee of any agency funded by this Act who approves or implements the transfer of administrative responsibilities or budgetary resources of any program, project, or activity financed by this Act to the jurisdiction of another Federal agency not financed by this Act without the express authorization of Congress: *Provided*, That this limitation shall not apply to transfers of funds expressly provided for in Defense Appropriations Acts, or provisions of Acts providing supplemental appropriations for the Department of Defense.

SEC. 8101. Of the amounts appropriated in this Act for “Operation and Maintenance, Navy”, \$435,032,000, to remain available until expended, may be used for any purposes related to the National Defense Reserve Fleet established under section 11 of the Merchant Ship Sales Act of 1946 (46 U.S.C. 57100): *Provided*, That such amounts are available for reimbursements to the Ready Reserve Force, Maritime Administration account of the United States Department of Transportation for programs, projects, activities, and expenses related to the National Defense Reserve Fleet.

SEC. 8102. None of the funds made available in this Act may be obligated for activities authorized under section 1208 of the Ronald

W. Reagan National Defense Authorization Act for Fiscal Year 2005 (Public Law 112–81; 125 Stat. 1621) to initiate support for, or expand support to, foreign forces, irregular forces, groups, or individuals unless the congressional defense committees are notified in accordance with the direction contained in the classified annex accompanying this Act, not less than 15 days before initiating such support: *Provided*, That none of the funds made available in this Act may be used under section 1208 for any activity that is not in support of an ongoing military operation being conducted by United States Special Operations Forces to combat terrorism: *Provided further*, That the Secretary of Defense may waive the prohibitions in this section if the Secretary determines that such waiver is required by extraordinary circumstances and, by not later than 72 hours after making such waiver, notifies the congressional defense committees of such waiver.

SEC. 8103. (a) None of the funds provided in this Act for the TAO Fleet Oiler program shall be used to award a new contract that provides for the acquisition of the following components unless those components are manufactured in the United States: Auxiliary equipment (including pumps) for shipboard services; propulsion equipment (including engines, reduction gears, and propellers); shipboard cranes; spreaders for shipboard cranes; and anchor chains specifically for the seventh and subsequent ships of the fleet.

(b) None of the funds provided in this Act for the FFG(X) Frigate program shall be used to award a new contract that provides for the acquisition of the following components unless those components are manufactured in the United States: Air circuit breakers; gyrocompasses; electronic navigation chart systems; steering controls; pumps; propulsion and machinery control systems; totally enclosed lifeboats; auxiliary equipment pumps; shipboard cranes; auxiliary chill water systems; and propulsion propellers: *Provided*, That the Secretary of the Navy shall incorporate United States manufactured propulsion engines and propulsion reduction gears into the FFG(X) Frigate program beginning not later than with the eleventh ship of the program.

SEC. 8104. None of the funds provided in this Act for requirements development, performance specification development, concept design and development, ship configuration development, systems engineering, naval architecture, marine engineering, operations research analysis, industry studies, preliminary design, development of the Detailed Design and Construction Request for Proposals solicitation package, or related activities for the T-ARC(X) Cable Laying and Repair Ship or the T-AGOS(X) Oceanographic Surveillance Ship may be used to award a new contract for such activities unless these contracts include specifications that all auxiliary equipment, including pumps and propulsion shafts, are manufactured in the United States.

SEC. 8105. None of the funds made available by this Act may be obligated or expended for the purpose of decommissioning the USS *Fort Worth*, the USS *Detroit*, or the USS *Little Rock*.

SEC. 8106. No amounts credited or otherwise made available in this or any other Act to the Department of Defense Acquisition Workforce Development Account may be transferred to:

(1) the Rapid Prototyping Fund established under section 804(d) of the National Defense Authorization Act for Fiscal Year 2016 (10 U.S.C. 2302 note); or

(2) credited to a military-department specific fund established under section 804(d)(2) of the National Defense Authorization Act for Fiscal Year 2016 (as amended by section 897 of the National Defense Authorization Act for Fiscal Year 2017).

SEC. 8107. None of the funds made available by this Act may be used for Government Travel Charge Card expenses by military or civilian personnel of the Department of Defense for gaming, or for entertainment that includes topless or nude entertainers or participants, as prohibited by Department of Defense FMR, Volume 9, Chapter 3 and Department of Defense Instruction 1015.10 (enclosure 3, 14a and 14b).

SEC. 8108. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network is designed to block access to pornography websites.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities, or for any activity necessary for the national defense, including intelligence activities.

SEC. 8109. In addition to amounts provided elsewhere in this Act, there is appropriated \$516,233,000, for an additional amount for "Operation and Maintenance, Defense-Wide", to remain available until expended: *Provided*, That such funds shall only be available to the Secretary of Defense, acting through the Office of Local Defense Community Cooperation of the Department of Defense, or for transfer to the Secretary of Education, notwithstanding any other provision of law, to make grants, conclude cooperative agreements, or supplement other Federal funds to construct, renovate, repair, or expand elementary and secondary public schools on military installations in order to address capacity or facility condition deficiencies at such schools: *Provided further*, That in making such funds available, the Office of Local Defense Community Cooperation or the Secretary of Education shall give priority consideration to those military installations with schools having the most serious capacity or facility condition deficiencies as determined by the Secretary of Defense: *Provided further*, That as a condition of receiving funds under this section a local educational agency or State shall provide a matching share as described in the notice titled "Department of Defense Program for Construction, Renovation, Repair or Expansion of Public Schools Located on Military Installations" published by the Department of Defense in the Federal Register on September 9, 2011 (76 Fed. Reg. 55883 et seq.): *Provided further*, That these provisions apply to funds provided under this section, and to funds previously provided by Congress to construct, renovate, repair, or expand elementary and secondary public schools on military installations in order to address capacity or facility condition deficiencies at such schools to the extent such funds remain unobligated on the date of enactment of this section.

SEC. 8110. In carrying out the program described in the memorandum on the subject of "Policy for Assisted Reproductive Services for the Benefit of Seriously or Severely Ill/Injured (Category II or

III) Active Duty Service Members” issued by the Assistant Secretary of Defense for Health Affairs on April 3, 2012, and the guidance issued to implement such memorandum, the Secretary of Defense shall apply such policy and guidance, except that—

(1) the limitation on periods regarding embryo cryopreservation and storage set forth in part III(G) and in part IV(H) of such memorandum shall not apply; and

(2) the term “assisted reproductive technology” shall include embryo cryopreservation and storage without limitation on the duration of such cryopreservation and storage.

SEC. 8111. None of the funds provided for, or otherwise made available, in this or any other Act, may be obligated or expended by the Secretary of Defense to provide motorized vehicles, aviation platforms, munitions other than small arms and munitions appropriate for customary ceremonial honors, operational military units, or operational military platforms if the Secretary determines that providing such units, platforms, or equipment would undermine the readiness of such units, platforms, or equipment.

SEC. 8112. The Secretary of Defense may obligate and expend funds made available under this Act for procurement or for research, development, test and evaluation for the F-35 Joint Strike Fighter to modify up to six F-35 aircraft, including up to two F-35 aircraft of each variant, to a test configuration: *Provided*, That the Secretary of Defense shall, with the concurrence of the Secretary of the Air Force and the Secretary of the Navy, notify the congressional defense committees not fewer than 30 days prior to obligating and expending funds under this section: *Provided further*, That any transfer of funds pursuant to the authority provided in this section shall be made in accordance with section 8005 of this Act: *Provided further*, That aircraft referred to previously in this section are not additional to aircraft referred to in section 8135 of the Department of Defense Appropriations Act, 2019, section 8126 of the Department of Defense Appropriations Act, 2020, and section 8122 of the Department of Defense Appropriations Act, 2021.

SEC. 8113. (a) None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting such tax liability, provided that the applicable Federal agency is aware of the unpaid Federal tax liability.

(b) Subsection (a) shall not apply if the applicable Federal agency has considered suspension or debarment of the corporation described in such subsection and has made a determination that such suspension or debarment is not necessary to protect the interests of the Federal Government.

SEC. 8114. None of the funds appropriated or otherwise made available by this Act may be used to transfer the National Reconnaissance Office to the Space Force: *Provided*, That nothing in this Act shall be construed to limit or prohibit cooperation, collabora-

tion, and coordination between the National Reconnaissance Office and the Space Force or any other elements of the Department of Defense.

SEC. 8115. None of the funds appropriated or otherwise made available by this Act may be used to transfer any element of the Department of the Army, the Department of the Navy, or a Department of Defense agency to the Space Force unless, concurrent with the fiscal year 2023 budget submission (as submitted to Congress pursuant to section 1105 of title 31, United States Code), the Secretary of Defense, not to be delegated, provides a report to the Committees on Appropriations of the House of Representatives and the Senate, detailing any plans to transfer appropriate space elements of the Department of the Army, the Department of the Navy, or a Department of Defense agency to the Space Force and certifies in writing to the Committees on Appropriations of the House of Representatives and the Senate that such transfer is consistent with the mission of the Space Force and will not have an adverse impact on the Department or agency from which such element is being transferred: *Provided*, That such report shall include fiscal year 2023 budget and future years defense program adjustments associated with such planned transfers.

SEC. 8116. None of the funds appropriated or otherwise made available by this Act may be used to establish a field operating agency of the Space Force.

SEC. 8117. During fiscal year 2022, the monetary limitation imposed by section 2208(l)(3) of title 10, United States Code may be exceeded by up to \$1,000,000,000.

SEC. 8118. Funds appropriated in title I of this Act under headings for “Military Personnel” may be used for expenses described therein for members of the Space Force on active duty: *Provided*, That amounts appropriated under such headings may be used for payments pursuant to section 156 of Public Law 97–377, as amended (42 U.S.C. 402 note), and to the Department of Defense Military Retirement Fund.

SEC. 8119. (a) Amounts appropriated under title IV of this Act, as detailed in budget activity eight of the tables in the explanatory statement regarding this Act, may be used for expenses for the agile research, development, test and evaluation, procurement, production, modification, and operation and maintenance, only for the following Software and Digital Technology Pilot programs—

- (1) Defensive Cyber—Software Prototype Development (PE 0608041A);
- (2) Risk Management Information (PE 0608013N);
- (3) Maritime Tactical Command Control (PE 0608231N);
- (4) JSpOC Mission System (PE 1203614SF);
- (5) National Background Investigation Services (PE 0608197V);
- (6) Global Command and Control System-Joint (PE 0308150K);
- (7) Algorithmic Warfare Cross Functional Team (PE 0308588D8Z); and
- (8) Acquisition Visibility (PE 0608648D8Z).

(b) None of the funds appropriated by this or prior Department of Defense Appropriations Acts may be obligated or expended to

initiate additional Software and Digital Technology Pilot Programs in fiscal year 2022.

SEC. 8120. Of the amounts appropriated in this Act under the heading “Operation and Maintenance, Defense-Wide”, \$75,000,000, to remain available until September 30, 2025: *Provided*, That such funds shall only be available to the Secretary of Defense, acting through the Office of Local Defense Community Cooperation of the Department of Defense, to make grants to communities impacted by military aviation noise for the purpose of installing noise mitigating insulation at covered facilities: *Provided further*, That \$56,250,000 shall be allocated to address programs at or near active military installations: *Provided further*, That \$18,750,000 shall be allocated for programs at or near reserve component installations, of which \$5,000,000 shall be for grants to communities for which a nearby military installation has transitioned to a new type or model of aircraft after January 1, 2019: *Provided further*, That, to be eligible to receive a grant under the program, a community must enter into an agreement with the Secretary under which the community prioritizes the use of funds for the installation of noise mitigation at covered facilities in the community: *Provided further*, That as a condition of receiving funds under this section a State or local entity shall provide a matching share of ten percent: *Provided further*, That grants under the program may be used to meet the Federal match requirement under the airport improvement program established under subchapter I of chapter 471 and subchapter I of chapter 475 of title 49, United States Code: *Provided further*, That, in carrying out the program, the Secretary of Defense shall coordinate with the Secretary of Transportation to minimize duplication of efforts with any other noise mitigation program compliant with part 150 of title 14, Code of Federal Regulations: *Provided further*, That, in this section, the term “covered facilities” means hospitals, daycare facilities, schools, facilities serving senior citizens, and private residences that are located within one mile or a day-night average sound level of 65 or greater of a military installation or another location at which military aircraft are stationed or are located in an area impacted by military aviation noise within one mile or a day-night average sound level of 65 or greater, as determined by the Department of Defense or Federal Aviation Administration noise modeling programs.

SEC. 8121. None of the funds made available in this Act may be used in contravention of the following laws enacted or regulations promulgated to implement the United Nations Convention Against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment (done at New York on December 10, 1984):

(1) Section 2340A of title 18, United States Code.

(2) Section 2242 of the Foreign Affairs Reform and Restructuring Act of 1998 (division G of Public Law 105–277; 112 Stat. 2681–822; 8 U.S.C. 1231 note) and regulations prescribed thereto, including regulations under part 208 of title 8, Code of Federal Regulations, and part 95 of title 22, Code of Federal Regulations.

(3) Sections 1002 and 1003 of the Department of Defense, Emergency Supplemental Appropriations to Address Hurri-

canes in the Gulf of Mexico, and Pandemic Influenza Act, 2006 (Public Law 109–148).

SEC. 8122. During the current fiscal year, the Department of Defense is authorized to incur obligations of not to exceed \$350,000,000 for purposes specified in section 2350j(c) of title 10, United States Code, in anticipation of receipt of contributions, only from the Government of Kuwait, under that section: *Provided*, That, upon receipt, such contributions from the Government of Kuwait shall be credited to the appropriations or fund which incurred such obligations.

SEC. 8123. The Secretary of Defense shall notify the congressional defense committees in writing not more than 30 days after the receipt of any contribution of funds received from the government of a foreign country for any purpose relating to the stationing or operations of the United States Armed Forces: *Provided*, That such notification shall include the amount of the contribution; the purpose for which such contribution was made; and the authority under which such contribution was accepted by the Secretary of Defense: *Provided further*, That not fewer than 15 days prior to obligating such funds, the Secretary of Defense shall submit to the congressional defense committees in writing a notification of the planned use of such contributions, including whether such contributions would support existing or new stationing or operations of the United States Armed Forces.

SEC. 8124. From funds made available in title II of this Act, the Secretary of Defense may purchase for use by military and civilian employees of the Department of Defense in the United States Central Command area of responsibility: (1) passenger motor vehicles up to a limit of \$75,000 per vehicle; and (2) heavy and light armored vehicles for the physical security of personnel or for force protection purposes up to a limit of \$450,000 per vehicle, notwithstanding price or other limitations applicable to the purchase of passenger carrying vehicles.

SEC. 8125. None of the funds made available by this Act may be used in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.).

SEC. 8126. None of the funds made available by this Act may be used with respect to Iraq in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.), including for the introduction of United States Armed Forces into hostilities in Iraq, into situations in Iraq where imminent involvement in hostilities is clearly indicated by the circumstances, or into Iraqi territory, airspace, or waters while equipped for combat, in contravention of the congressional consultation and reporting requirements of sections 3 and 4 of such Resolution (50 U.S.C. 1542 and 1543).

SEC. 8127. None of the funds made available by this Act may be used with respect to Syria in contravention of the War Powers Resolution (50 U.S.C. 1541 et seq.), including for the introduction of United States armed or military forces into hostilities in Syria, into situations in Syria where imminent involvement in hostilities is clearly indicated by the circumstances, or into Syrian territory, airspace, or waters while equipped for combat, in contravention of the congressional consultation and reporting requirements of sections 3 and 4 of that law (50 U.S.C. 1542 and 1543).

SEC. 8128. Nothing in this Act may be construed as authorizing the use of force against Iran or the Democratic People's Republic of Korea.

SEC. 8129. None of the funds appropriated or otherwise made available by this or any other Act shall be obligated or expended by the United States Government for a purpose as follows:

(1) To establish any military installation or base for the purpose of providing for the permanent stationing of United States Armed Forces in Iraq.

(2) To exercise United States control over any oil resource of Iraq or Syria.

SEC. 8130. None of the funds made available by this Act under the heading "Counter-ISIS Train and Equip Fund", and under the heading "Operation and Maintenance, Defense-Wide" for Department of Defense security cooperation grant programs, may be used to procure or transfer man-portable air defense systems.

SEC. 8131. None of the funds made available by this Act for excess defense articles, assistance under section 333 of title 10, United States Code, or peacekeeping operations for the countries designated annually to be in violation of the standards of the Child Soldiers Prevention Act of 2008 (Public Law 110-457; 22 U.S.C. 2370c-1) may be used to support any military training or operation that includes child soldiers, as defined by the Child Soldiers Prevention Act of 2008, unless such assistance is otherwise permitted under section 404 of the Child Soldiers Prevention Act of 2008.

SEC. 8132. None of the funds made available by this Act may be made available for any member of the Taliban.

SEC. 8133. Notwithstanding any other provision of law, any transfer of funds, appropriated or otherwise made available by this Act, for support to friendly foreign countries in connection with the conduct of operations in which the United States is not participating, pursuant to section 331(d) of title 10, United States Code, shall be made in accordance with section 8005 of this Act.

SEC. 8134. Funds appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", for the Defense Security Cooperation Agency, may be used, notwithstanding any other provision of law, to provide supplies, services, transportation, including airlift and sealift, and other logistical support to coalition forces to counter the Islamic State of Iraq and Syria: *Provided*, That the Secretary of Defense shall provide quarterly reports to the congressional defense committees regarding support provided under this section.

SEC. 8135. Of the amounts appropriated in this Act under the heading "Operation and Maintenance, Defense-Wide", for the Defense Security Cooperation Agency, \$1,299,386,000, to remain available until September 30, 2023, shall be available for International Security Cooperation Programs and other programs to provide support and assistance to foreign security forces or other groups or individuals to conduct, support or facilitate counterterrorism, crisis response, or building partner capacity programs: *Provided*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section, notify the congressional defense committees in writing of the details of any planned obligation: *Provided further*, That the Secretary of Defense

shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8136. Of the amounts appropriated in this Act under the heading “Operation and Maintenance, Defense-Wide”, for the Defense Security Cooperation Agency, \$50,000,000, to remain available until September 30, 2023, shall be for payments to reimburse key cooperating nations for logistical, military, and other support, including access, provided to United States military and stability operations in Afghanistan and to counter the Islamic State of Iraq and Syria: *Provided*, That such reimbursement payments may be made in such amounts as the Secretary of Defense, with the concurrence of the Secretary of State, and in consultation with the Director of the Office of Management and Budget, may determine, based on documentation determined by the Secretary of Defense to adequately account for the support provided, and such determination is final and conclusive upon the accounting officers of the United States, and 15 days following written notification to the appropriate congressional committees: *Provided further*, That these funds may be used for the purpose of providing specialized training and procuring supplies and specialized equipment and providing such supplies and loaning such equipment on a non-reimbursable basis to coalition forces supporting United States military and stability operations in Afghanistan and to counter the Islamic State of Iraq and Syria, and 15 days following written notification to the appropriate congressional committees: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8137. Of the amounts appropriated in this Act under the heading “Operation and Maintenance, Defense-Wide”, for the Defense Security Cooperation Agency, \$370,000,000, to remain available until September 30, 2023, shall be available to reimburse Jordan, Lebanon, Egypt, Tunisia, and Oman under section 1226 of the National Defense Authorization Act for Fiscal Year 2016 (22 U.S.C. 2151 note), for enhanced border security, of which not less than \$150,000,000 shall be for Jordan: *Provided*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section, notify the congressional defense committees in writing of the details of any planned obligation and the nature of the expenses incurred: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the Committees on Appropriations of the House of Representatives and the Senate on the use and status of funds made available in this section.

SEC. 8138. Up to \$500,000,000 of funds appropriated by this Act for the Defense Security Cooperation Agency in “Operation and Maintenance, Defense-Wide” may be used to provide assistance to the Government of Jordan to support the armed forces of Jordan and to enhance security along its borders.

SEC. 8139. Of the amounts appropriated in this Act under the heading “Operation and Maintenance, Defense-Wide”, for the Defense Security Cooperation Agency, \$300,000,000, to remain available until September 30, 2023, shall be for the Ukraine Security

Assistance Initiative: *Provided*, That such funds shall be available to the Secretary of Defense, with the concurrence of the Secretary of State, to provide assistance, including training; equipment; lethal assistance; logistics support, supplies and services; salaries and stipends; sustainment; and intelligence support to the military and national security forces of Ukraine, and to other forces or groups recognized by and under the authority of the Government of Ukraine, including governmental entities within Ukraine, engaged in resisting Russian aggression against Ukraine, for replacement of any weapons or articles provided to the Government of Ukraine from the inventory of the United States, and to recover or dispose of equipment procured using funds made available in this section in this or prior Acts: *Provided further*, That such funds may be obligated and expended notwithstanding section 1250 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114-92): *Provided further*, That the Secretary of Defense shall, not less than 15 days prior to obligating funds made available in this section (or if the Secretary of Defense determines, on a case-by-case basis, that extraordinary circumstances exist that impact the national security of the United States, as far in advance as is practicable) notify the congressional defense committees in writing of the details of any such obligation: *Provided further*, That the Secretary of Defense shall, not more than 60 days after such notification is made, inform such committees if such funds have not been obligated and the reasons therefor: *Provided further*, That the Secretary of Defense shall consult with such committees in advance of the provision of support provided to other forces or groups recognized by and under the authority of the Government of Ukraine: *Provided further*, That the United States may accept equipment procured using funds made available in this section in this or prior Acts transferred to the security forces of Ukraine and returned by such forces to the United States: *Provided further*, That equipment procured using funds made available in this section in this or prior Acts, and not yet transferred to the military or national security forces of Ukraine or to other assisted entities, or returned by such forces or other assisted entities to the United States, may be treated as stocks of the Department of Defense upon written notification to the congressional defense committees: *Provided further*, That the Secretary of Defense shall provide quarterly reports to the congressional defense committees on the use and status of funds made available in this section.

SEC. 8140. (a) None of the funds appropriated or otherwise made available by this or any other Act may be used by the Secretary of Defense, or any other official or officer of the Department of Defense, to enter into a contract, memorandum of understanding, or cooperative agreement with, or make a grant to, or provide a loan or loan guarantee to Rosoboronexport or any subsidiary of Rosoboronexport.

(b) The Secretary of Defense may waive the limitation in subsection (a) if the Secretary, in consultation with the Secretary of State and the Director of National Intelligence, determines that it is in the vital national security interest of the United States to do so, and certifies in writing to the congressional defense committees that—

(1) Rosoboronexport has ceased the transfer of lethal military equipment to, and the maintenance of existing lethal military equipment for, the Government of the Syrian Arab Republic;

(2) the armed forces of the Russian Federation have withdrawn from Crimea, other than armed forces present on military bases subject to agreements in force between the Government of the Russian Federation and the Government of Ukraine; and

(3) agents of the Russian Federation have ceased taking active measures to destabilize the control of the Government of Ukraine over eastern Ukraine.

(c) The Inspector General of the Department of Defense shall conduct a review of any action involving Rosoboronexport with respect to a waiver issued by the Secretary of Defense pursuant to subsection (b), and not later than 90 days after the date on which such a waiver is issued by the Secretary of Defense, the Inspector General shall submit to the congressional defense committees a report containing the results of the review conducted with respect to such waiver.

SEC. 8141. None of the funds made available by this Act may be used to provide arms, training, or other assistance to the Azov Battalion.

SEC. 8142. In addition to amounts provided elsewhere in this Act, there is appropriated \$1,000,000,000, for an additional amount for “Procurement, Defense-Wide”, to remain available until September 30, 2024, which shall be for the Secretary of Defense to provide to the Government of Israel for the procurement of the Iron Dome defense system to counter short-range rocket threats: *Provided*, That such funds shall be transferred pursuant to an exchange of letters and are in addition to funds provided pursuant to the U.S.-Israel Iron Dome Procurement Agreement, as amended: *Provided further*, That nothing in the preceding proviso shall be construed to apply to appropriations in this or prior Acts for the procurement of the Iron Dome defense system.

SEC. 8143. None of the funds appropriated or otherwise made available by this Act may be used in contravention of the First Amendment of the Constitution.

SEC. 8144. None of the funds appropriated or made available in this Act shall be used to support any activity conducted by, or associated with, the Wuhan Institute of Virology.

SEC. 8145. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at United States Naval Station, Guantánamo Bay, Cuba, by the Department of Defense.

SEC. 8146. None of the funds appropriated or otherwise made available in this Act may be used to transfer any individual detained at United States Naval Station Guantánamo Bay, Cuba, to the custody or control of the individual’s country of origin, any

other foreign country, or any other foreign entity except in accordance with section 1034 of the National Defense Authorization Act for Fiscal Year 2016 (Public Law 114–92) and section 1035 of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Public Law 115–232).

SEC. 8147. (a) None of the funds appropriated or otherwise made available in this or any other Act may be used to construct, acquire, or modify any facility in the United States, its territories, or possessions to house any individual described in subsection (c) for the purposes of detention or imprisonment in the custody or under the effective control of the Department of Defense.

(b) The prohibition in subsection (a) shall not apply to any modification of facilities at United States Naval Station, Guantánamo Bay, Cuba.

(c) An individual described in this subsection is any individual who, as of June 24, 2009, is located at United States Naval Station, Guantánamo Bay, Cuba, and who—

(1) is not a citizen of the United States or a member of the Armed Forces of the United States; and

(2) is—

(A) in the custody or under the effective control of the Department of Defense; or

(B) otherwise under detention at United States Naval Station, Guantánamo Bay, Cuba.

SEC. 8148. None of the funds made available by this Act may be used to carry out the closure or realignment of the United States Naval Station, Guantánamo Bay, Cuba.

SEC. 8149. Section 165 of the Continuing Appropriations Act, 2022 (division A of Public Law 117–43) shall be amended by striking “\$53,000,000” and inserting “\$85,250,000”.

SEC. 8150. In addition to amounts otherwise made available, there is appropriated \$100,000,000 to the Department of Defense, to remain available until expended, for the same purposes and under the same authorities and conditions as amounts made available in section 165(c) of the Continuing Appropriations Act, 2022 (division A of Public Law 117–43).

SEC. 8151. (a) COMMISSION ON PLANNING, PROGRAMMING, BUDGETING, AND EXECUTION REFORM.—Section 1004 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 135 Stat. 1884) is amended—

(1) in subsection (a)(2), by striking “not later”; and

(2) in subsection (b)—

(A) in paragraph (3), by striking “30” and inserting “45”; and

(B) in paragraph (4), by striking “subsection (a)(2)” and inserting “paragraph (3)”.

(b) AFGHANISTAN WAR COMMISSION.—Section 1094 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 135 Stat. 1942) is amended—

(1) in subsection (c)(2)(D)(i), by striking “60” and inserting “90”; and

(2) in subsection (f)(5)(B)(ii), by striking “subsection (g)(1)” and inserting “clause (i)”.

(c) CONGRESSIONAL COMMISSION ON THE STRATEGIC POSTURE OF THE UNITED STATES.—Section 1687 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81; 135 Stat. 2126) is amended—

(1) in subsection (b)—

(A) in paragraph (2)(A)(ii), by inserting “(other than experts or consultants the services of which are procured under section 3109 of title 5, United States Code)” after “Federal Government”; and

(B) in paragraph (3)(A), by striking “45 days after the date of the enactment of this Act” and inserting “April 11, 2022”; and

(2) in subsection (d)(1), by striking “December 31, 2022” and inserting “February 28, 2023”.

This division may be cited as the “Department of Defense Appropriations Act, 2022”.

**DIVISION C—DEPARTMENT OF DEFENSE
APPROPRIATIONS ACT, 2022**

The following is an explanation of the effects of this Act, which makes appropriations for the Department of Defense for fiscal year 2022. The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–88 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

DEFINITION OF PROGRAM, PROJECT, AND ACTIVITY

For the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177), as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100–119), and by the Budget Enforcement Act of 1990 (Public Law 101–508), the terms “program, project, and activity” for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act, 2022, the related classified annexes and explanatory statements, and the P–1 and R–1 budget justification documents as subsequently modified by congressional action.

The following exception to the above definition shall apply: the military personnel and the operation and maintenance accounts, for which the term “program, project, and activity” is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

At the time the President submits the budget request for fiscal year 2023, the Secretary of Defense is directed to transmit to the congressional defense committees budget justification documents to be known as the “M–1” and the “O–1” which shall identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and operation and maintenance in any budget request, or amended budget request, for fiscal year 2023.

¹This Explanatory Statement was submitted for printing in the Congressional Record on March 9, 2022 by Ms. DeLauro of Connecticut, Chair of the House Committee on Appropriations. The Statement appears on page H1866 of Book III.

REPROGRAMMING GUIDANCE

The Secretary of Defense is directed to continue to follow the reprogramming guidance for acquisition accounts as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110–279). The dollar threshold for reprogramming funds shall be \$10,000,000 for military personnel; operation and maintenance; procurement; and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees annual DD Form 1416 reports for titles I and II and quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a military personnel (M–1); an operation and maintenance (O–1); a procurement (P–1); or a research, development, test and evaluation (R–1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables.

COMMUNITY PROJECT FUNDING

The agreement directs the Secretary of Defense to ensure that all Community Project Funding is awarded to its intended recipients.

COMPETITION FOR CONGRESSIONAL INCREASES

Funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables titled Explanation of Project Level Adjustments. Except for projects contained in the table titled Community Project Funding Items, funding increases shall be competitively awarded, or provided to programs that have received competitive awards in the past.

CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or items for which funding is specifically reduced as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” are congressional special interest items for the purpose of the Base for

Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

DESIGNATED CONGRESSIONAL SPECIAL INTEREST ITEMS

In the explanatory statement accompanying the Department of Defense Appropriations Act, 2021, the Secretary of Defense was directed to limit Department of Defense overhead costs on all congressional program increases. The Army developed a system for tracking overhead costs on congressional program increases, and the agreement notes that all of the Services and defense agencies should similarly track these costs to ensure that the overwhelming amount of each congressional program increase is used to further the intended program and not simply supplement or supplant established overhead budgets.

The agreement again directs the Secretary of Defense to limit Department overhead and operating costs on congressional program increases to not more than ten percent of the funding level provided. The Service Secretaries and the Deputy Secretary of Defense or their designee may request a waiver to this requirement by submitting a prior approval request in writing to the House and Senate Appropriations Committees.

CONGRESSIONAL INITIATIVES

It is noted that progress has been made in recent years in aligning resources to military requirements as a result of the 2018 National Defense Strategy and that the fiscal year 2022 President's budget request presented to Congress continues these important efforts by increasing the adoption of advanced technologies. The congressional defense committees' oversight efforts discovered numerous opportunities to accelerate the pace of change, especially with respect to security and deterrence in the Indo-Pacific region, space and cyber capabilities, artificial intelligence, and infrastructure and public shipyard improvements. Therefore, the agreement includes significant additional appropriations for these four areas. The agreement also includes increases to select high-priority items identified on the unfunded priority lists of the service chiefs and combatant commands that address capability gaps in the areas listed above. Further, the agreement includes additional funding for certain issues which the Department of Defense is not well positioned to address without additional appropriations, such as funding to address per- and polyfluoroalkyl substances (PFAS) pollution related to military installations. These funds are intended to accelerate efforts beyond assessments of PFAS contamination, to the remediation of hazards. Finally, the agreement includes \$125,000,000 for the National Defense Stockpile Transaction Fund to improve American supply chain resilience related to strategic materials.

The Secretary of Defense is directed to provide an execution plan to the congressional defense committees for these priority initiatives, as well as other increases which improve the readiness and capabilities of the Armed Forces, not later than 60 days after the enactment of this Act.

DEPARTMENT OF DEFENSE TEST INFRASTRUCTURE INVESTMENTS

It is noted that recent investments in next-generation weapons such as hypersonics, directed energy, and space technologies have not been accompanied by investments in the associated test infrastructure to demonstrate these capabilities under operationally relevant conditions against realistic threats. Therefore, the agreement includes additional appropriations of \$422,728,000, as detailed in the tables of Explanation of Project Level Adjustments under the headings for Research, Development, Test and Evaluation, Navy; Research, Development, Test and Evaluation, Defense-Wide; and Operational Test and Evaluation, Defense, only for lab and test range upgrades for the following: Space, electromagnetic spectrum, hypersonics, directed energy, and targets. Further, there is an opportunity to accelerate infrastructure improvements at the Nevada Test and Training Range, Point Mugu Sea Range, China Lake, and Joint Pacific Alaska Range Complex to provide peer-representative threat environments for 5th generation aircraft. Therefore, the agreement includes additional appropriations of \$375,400,000, as detailed in the tables of Explanation of Project Level Adjustments under the headings for Research, Development, Test and Evaluation, Defense-Wide, only for the acquisition or modification of radar emulators and decoy systems.

It is directed that none of these funds may be obligated or expended until 30 days after the Director for Operational Test and Evaluation, in coordination with the Director of the Test Resource Management Center, provides a detailed spend plan to the congressional defense committees regarding obligation plans of these funds, to include any changes from previously identified funding requirements and outyear funding requirements. Further, these additional appropriations for test range infrastructure are designated as congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414).

APPROPRIATIONS FOR DEPARTMENT OF DEFENSE-IDENTIFIED
UNFUNDED REQUIREMENTS

In accordance with 10 U.S.C. 222(a), the military Services and combatant commands submitted to the congressional defense committees unfunded mission requirements in excess of \$19,000,000,000 with submission of the fiscal year 2022 President's budget request. As in previous years, these requests, their underlying requirements, costs, and schedules have been reviewed, and additional appropriations are recommended in fiscal year 2022 to address these shortfalls, as identified in the tables of Explanation of Project Level Adjustments in this joint explanatory statement.

As previously stated, there are concerns about instances where appropriations for unfunded requirements remained unobligated until proposed for realignment. While it is understandable that requirements evolve and associated funding requirements change during execution of the budget, such unexecuted appropriations suggest that additional details regarding the execution of appropriations provided specifically for unfunded requirements identified by the Department of Defense is warranted.

Therefore, direction included in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2021 is reiterated. In addition, it is directed that any submission of unfunded requirements by the military services, defense agencies, and combatant commands with the fiscal year 2023 President's budget request be accompanied by updated requirements, and programmatic and execution plans for unfunded requirements that received appropriations in fiscal year 2022. Further, the Assistant Secretaries (Financial Management and Comptroller) for the Air Force, Navy, and Army are directed to incorporate in the congressional budget brief templates distinct programmatic and execution data for appropriations provided in the previous three fiscal years for unfunded requirements pertaining to the program/effort.

CLASSIFIED ANNEX

Adjustments to classified programs are addressed in the accompanying classified annex.

NEW BUDGET EXHIBIT CAPTURING SAVINGS FROM PROPOSED FORCE STRUCTURE CHANGES

The Assistant Secretaries (Financial Management and Comptroller) for the Army, Navy, and Air Force are directed to submit a budget exhibit that will display the savings built into the budget for force structure retirements and divestitures to be submitted with each President's budget request. The agreement directs that all Service components (active, reserve and Guard) be engaged in the formulation of the budget exhibit in order to fully align all savings proposals by appropriation. This new exhibit shall be included in the justification materials with the fiscal year 2023 President's budget request and shall include, but not be limited to, the following information (columns in the display):

- Divestment title (item proposed for divestiture/retirement);
- Quantity (if applicable, showing how many of a particular item is being proposed for divestiture or retirement);
- Appropriation;
- Line Item;
- Budget Year savings (dollars in thousands);
- Budget Year +1 savings (dollars in thousands);
- Budget Year +2 savings (dollars in thousands);
- Budget Year +3 savings (dollars in thousands);
- Budget Year +4 savings (dollars in thousands);
- Total future years defense program (FYDP) savings (dollars in thousands);
- Justification and Explanation of Changes (This section shall include a brief description and an impact statement of the decision to divest each platform. It shall also include an explanation of changes when comparing the current President's budget request savings estimates to prior President's budget request savings estimates and the factors that drove any changes to previous projections.);
- Insert row showing the total savings for each fiscal year and the FYDP by divestment title; and

—Include a row at the bottom of this exhibit showing the grand total dollar savings for all divestitures/retirements by fiscal year and the FYDP for each military service.

QUARTERLY REPORTS ON DEPLOYMENTS OF UNITED STATES ARMED FORCES

The Secretary of Defense shall provide quarterly reports to the congressional defense committees on the deployment of United States Armed Forces by each geographic combatant command, including the number of members of the Armed Forces, civilian employees of the Department of Defense, and contract personnel, as well as the country and named operation, if applicable, to which such personnel are assigned.

FOREIGN BASE NOTIFICATION

Not later than 15 days after the date on which any foreign base that involves the stationing or operations of the United States Armed Forces, including a temporary base, permanent base, or base owned and operated by a foreign country, is opened or closed, the Secretary of Defense shall notify the congressional defense committees in writing of the opening or closing of such base. Such notification shall also include information on any personnel changes, costs, and savings associated with the opening or closing of such base.

DEPARTMENT OF DEFENSE ACQUISITION WORKFORCE

The agreement ensures that the Department of Defense acquisition workforce has the capacity, in both personnel and skills, needed to properly perform its mission and provides funding, as requested, in the Services' operation and maintenance and research, development, test and evaluation accounts; as well as in the Department of Defense Acquisition Workforce Account and Defense Working Capital Funds. With the submission of the fiscal year 2023 President's budget request, the Service Acquisition Executives of the Army, Navy, Air Force, and Space Force are directed to provide a report to the congressional defense committees identifying their acquisition workforce requirements in support of the acquisition programs included in the fiscal year 2023 future years defense program. Further, the Military Department Financial Managers and Comptrollers of the Army, Navy, and Air Force are directed to certify, with submission of the fiscal year 2023 President's budget request, to the congressional defense committees, that these acquisition workforce requirements are fully funded in the fiscal year 2023 President's budget request. Finally, in order to maintain visibility into and oversight of funding for the defense acquisition workforce, these funds are designated as congressional special interest items for the purpose of the Base for Reprogramming, DD Form 1414.

INTEGRATED VISUAL AUGMENTATION SYSTEM

The agreement supports the continued development and operational test of the Army's Integrated Visual Augmentation System (IVAS). In light of recent developmental challenges and increased

testing requirements, the agreement recommends a transfer of \$55,000,000 from the Other Procurement, Army account to the Research, Development, Test and Evaluation, Army account for continued design, development, and testing activities. The agreement also provides a total of \$405,140,000 to maintain contractual production requirements. The Program Executive Officer, Soldier (PEO Soldier), not later than 30 days after the enactment of this Act, is directed to submit a revised IVAS development plan, including the associated resourcing requirements, to the House and Senate Appropriations Committees. Further, the agreement places fiscal year 2022 IVAS procurement funding in the amount of \$349,543,000 on hold until the program completes initial operational test and evaluation and PEO Soldier provides a briefing to the House and Senate Appropriations Committees.

BUDGETING FOR NAVY MODERNIZATION

It is noted that in the fiscal year 2022 budget request, the Navy proposed to break the multi-year procurement contract (MYP) for the DDG-51 Destroyer, while simultaneously requesting that Congress appropriate the necessary additional funds for that Destroyer in the amount of \$1,659,200,000 by listing it as its top unfunded priority. It is further noted that this five-year MYP was authorized by the congressional defense committees in fiscal year 2018 at the request of the Navy, as certified by the Under Secretary of Defense for Acquisition and Sustainment, and with cost estimates provided by the Director of Cost Assessment and Program Evaluation (CAPE). Failure to fully budget for this MYP, therefore, implies a lack of understanding of the full five-year funding requirements, and creates an unnecessary risk to the predictable and stable funding required for this MYP.

It is concerning that this continues a trend by the Navy to submit budgets to the Congress that deliberately underfund programs deemed by the Navy to be critical, with the expectation that the congressional appropriations committees will restore funds for these programs within the budget allocation for the Department of Defense. For instance, in fiscal year 2021, the Navy's budget request underfunded the MYP for the VIRGINIA Class submarine that had been authorized by the Congress in fiscal year 2018, requiring the congressional appropriations committees to provide approximately \$2,600,000,000 in additional funds for this MYP. As a result of these repeated budgetary maneuvers, it is questionable whether the Navy's budget requests accurately reflect the Service's most important priorities. This is particularly concerning given the Navy's plans to initiate and ramp up several major acquisition programs in the near-term, including the COLUMBIA Class submarine, the Next Generation Air Dominance Family of Systems, the DDG(X) Destroyer, FFG, and SSN(X). At the same time, the Navy is struggling to manage cost on several major acquisition programs, including the COLUMBIA Class submarine, certain subsea and seabed warfare programs, and the TAO fleet oiler, revealing significant cost increases for each of these programs in the fiscal year 2022 budget submission.

The Comptroller General is directed to review the Department of the Navy's and the CAPE's processes for identifying and budgeting

funds required to fully fund MYPs during the Department's programming, planning, and budgeting processes and to report to the congressional defense committees not later than 90 days after the enactment of this Act. This report shall include an analysis of the treatment of MYP funds for Navy programs in the fiscal year 2021 and fiscal year 2022 President's budget submissions.

MISSION PARTNER ENVIRONMENT

The agreement directs the Secretary of the Air Force to submit a report on Mission Partnership Environment (MPE) implementation to the congressional defense committees not later than 180 days after the enactment of this Act. The report shall include, but not be limited to:

- Enacted MPE funding levels by appropriation and fiscal year covering fiscal year 2019 to fiscal year 2022, including a breakout of any funding within the request or provided through a congressional increase;

- For each fiscal year, by program element code and appropriation, the amounts obligated, which MPE capabilities they supported, what was purchased (such as hardware, software, and external labor), and the organization supported (combatant command, military service, or defense agency);

- A spend plan for fiscal year 2022 in detail as required above;

- An explanation of the factors driving any differences between the enacted and actual funding levels by fiscal year, program element code, and appropriation; and

- An overarching program schedule and funding profile by fiscal year for MPE implementation across the future years defense program. This section should be coordinated with other stakeholders such as the Joint Staff, the Department of Defense Chief Information Officer, the Under Secretary of Defense for Intelligence and Security, and the Under Secretary of Defense for Policy.

To ensure completeness and accuracy, the Secretaries of the Army and Navy, Commanders of the combatant commands, and Directors of the combat support agencies are directed to provide the Secretary of the Air Force with the data listed above not later than 90 days after the enactment of this Act.

F-35 CONTINUOUS CAPABILITY DEVELOPMENT AND DELIVERY

The fiscal year 2022 President's budget request includes \$1,983,112,000 in Air Force, Navy, and Marine Corps research and development funding for F-35 continuous capability development and delivery (C2D2), an increase of \$565,858,000 over amounts appropriated in fiscal year 2021. It is noted that per previous congressional direction, C2D2 efforts are delineated into no less than ten distinct projects to provide greater transparency of funds execution, and continued adherence to this budget structure is directed.

Concerns remain regarding the budgeting, contracting and contract performance for C2D2. Therefore, the Program Executive Officer, F-35 Joint Program Office, is directed to submit to the congressional defense committees, beginning not later than with submission of the fiscal year 2023 President's budget request, and bi-monthly thereafter, the following data: contract performance,

verification results reporting, quality metrics, technical performance metrics, and process efficiency metrics.

This data shall include detailed explanations of deviations from contracted plans and the President's budget request, to include impact on spend plans for development efforts and award fees.

ENHANCED BUDGET CONTROL FOR UNITED STATES CYBER COMMAND

The agreement supports the Department's efforts to provide U.S. Cyber Command with control over specific budget responsibilities starting with fiscal year 2024. The agreement directs the Commander, U.S. Cyber Command, to keep the House and Senate Appropriations Committees fully informed on its progress.

SPACE ACQUISITIONS

The agreement recognizes the previous work done by the Department to establish the initial Service transfers to the United States Space Force (USSF), however it notes that the Services continue to invest in space related capabilities to include satellite command and control, proliferated low-earth orbit architectures, and alternative navigation options that may be better suited for management by the USSF. Therefore, the agreement directs the Secretary of Defense, not to be delegated, and in coordination with the Secretaries of the military departments to submit a report to the congressional defense committees, not later than 90 days after the enactment of this Act, which identifies the space-related development and acquisition programs across the military Services. This report shall include a list of programs for each military Service and the executing program office; a brief description of the capability provided; a determination of whether the program should be transferred to the Space Force or not; a proposed timeline for any transfers; and an explanation of the rationale leading to the transfer decision. In addition, the report shall contain an addendum that includes a table detailing the future years defense program resource profile by fiscal year for each program. The addendum shall also include each program broken out by appropriation, budget line number, and the program element or budget line item. A classified annex shall accompany the unclassified report to capture the development and acquisition programs.

MISSILE DEFENSE AGENCY PRIORITIES AND UNFUNDED REQUIREMENTS

The agreement includes \$10,330,701,000 for Missile Defense Agency (MDA) activities in this bill for fiscal year 2022, an increase of \$1,417,696,000 above the request. The Director of MDA is directed to provide to the congressional defense committees, not later than 30 days after the enactment of this Act, updated acquisition and spend plans for adjusted acquisition programs.

MISSILE DEFENSE AGENCY ACQUISITION AUTHORITIES

No adjustments may be made to the Missile Defense Agency's (MDA) acquisition authorities until 120 days after the Deputy Secretary of Defense, acting directly through the Director of MDA, briefs the congressional defense committees on any such proposed adjustments.

LAUNCH STRATEGY FOR HYPERSONIC AND BALLISTIC TRACKING SPACE SENSOR

The fiscal year 2022 President's budget request includes \$268,811,000 for the Missile Defense Agency (MDA) in Research, Development, Test and Evaluation, Defense-Wide to continue the development of a Hypersonic and Ballistic Tracking Space Sensor (HBTSS), including \$110,000,000 for MDA to launch 2 HBTSS satellites on a single launch vehicle in 2023. It is noted that this launch strategy is inconsistent with MDA's previous plans of launching HBTSS payloads into orbit aboard the Space Development Agency's (SDA) Tranche 0 satellites in 2022/2023, which did not require additional funds for a separate launch by MDA. The MDA and SDA each launching their own satellites reveals a lack of coordination and cooperation between SDA and MDA, poor oversight on the part of the Department of Defense's space acquisition enterprise, and waste of taxpayer dollars. It is directed that no funds available to the Department of Defense may be obligated or expended for an HBTSS Phase IIb modification for additional payloads or space vehicles, or a Phase IIc or a Phase III program in fiscal year 2022. Additional concerns regarding duplication and overlap of space programs are detailed under the heading "Space Acquisitions" in the general overview of this joint explanatory statement.

FUNDING FOR MISSILE DEFENSE AGENCY TEST EVENTS

Regular and realistic testing of the missile defense system, to include persistent cyber operations—as coordinated with the Director of Operational Test and Evaluation—to prove out missile defense capabilities, increase engagement capability and capacity, and build warfighter confidence, is supported. However, the repeated volatility of the Missile Defense Agency's (MDA) annual test plans that consistently result in schedule adjustments, test delays, and the cancellation of previously planned and budgeted flight tests in the year of execution is concerning.

The agreement provides funding for MDA's fiscal year 2022 test events at the funding levels identified in the supplemental test event budget briefing materials provided to the congressional defense committees, as modified by the table of Explanation of Project Level Adjustments accompanying the Research, Development, Test and Evaluation, Defense-Wide account in this joint explanatory statement. The Director of MDA is directed to notify the congressional defense committees prior to executing changes to MDA's fiscal year 2022 test baseline as established by this agreement.

DEFENSE OF GUAM

The fiscal year 2022 President's budget request includes \$78,300,000 in Research, Development, Test and Evaluation, Defense-Wide (RDTE,DW) and \$40,000,000 in Procurement, Defense-Wide (P,DW) to develop key system-agnostic enablers that would provide a baseline of capability to support a range of material solutions while the Department of Defense determines an architecture for the Defense of Guam. It is noted that key information regarding the architecture and associated material solutions for a Defense of

Guam were not submitted to the congressional defense committees despite repeated inquiries. Therefore, the budget request is reduced by \$5,900,000. The agreement provides an additional \$40,000,000 in RDTE,DW and \$40,000,000 in P,DW only to accelerate the development of such key enablers pending selection of a specific material solution for the Defense of Guam. None of these additional funds may be obligated or expended until 30 days after the Deputy Secretary of Defense, or her designee, briefs the congressional defense committees on a proposed spend plan and architecture for Defense of Guam.

HOMELAND DEFENSE RADAR—HAWAII

While a discrimination radar on Hawaii continues to be an important part of the architecture for U.S. homeland defense, the President's budget request for fiscal year 2022 did not include funding for the radar, and the Department of Defense has not recommended to the congressional defense committees an adequate or acceptable solution for the defense of Hawaii. Therefore, the agreement provides \$75,000,000 for the Homeland Defense Radar—Hawaii (HDR-H) program for fiscal year 2022 and directs the Director of the Missile Defense Agency, in consultation with the Commander of U.S. Indo-Pacific Command and the Director of Cost Assessment and Program Evaluation, to provide to the congressional defense committees, with submission of the fiscal year 2023 President's budget request, an updated briefing on current and evolving threats, the capability HDR-H provides against these threats, and other realistic solutions to defend Hawaii from current and evolving ballistic missile threats.

ARMY GUARD MULTI DOMAIN OPERATIONS

The Army has not validated any of their division formations as Multi-Domain Operation (MDO) capable, including the eight Army National Guard (ARNG) divisions. The Secretary of the Army is directed to provide a report to the House and Senate Appropriations Committees not later than 30 days after the enactment of this Act and every six months thereafter on which MDO capabilities, either enduring or future, can be incorporated into the ARNG, what further equipment divestitures the Army might require of the ARNG, and the timeframe for the backfill of those divestitures with deployable assets.

ANOMALOUS HEALTH INCIDENTS/HAVANA SYNDROME

The agreement directs the Secretary of Defense, in coordination with appropriate stakeholders across the interagency, to ensure that all intelligence and health information related to anomalous health incidents is shared and appropriately disseminated within proper channels in a timely manner, and to provide a briefing to the congressional defense and intelligence committees on a quarterly basis on the status of the executive branch's activities related to treating anomalous health incidents, including medical treatment, investigation of their origins, and any new incidents reported across any agency. The report directed under this heading in House

Report 117–88 is still required to be provided not later than 30 days after the enactment of this Act.

INCENTIVE FEES AND CONTRACTOR PERFORMANCE

The agreement directs the Under Secretary of Defense for Acquisition and Sustainment to deliver to the congressional defense committees, not later than 180 days after enactment of this Act, a report on the Department's payment of fees and bonuses to contractors with documented performance issues. The report shall cover the previous two fiscal years for each military Service and defense agency including at a minimum: an analysis of the number of contracts that have paid awards or bonuses to a contractor documented to be delivering unsatisfactory performance; the amount of awards or bonuses that have paid out under such circumstances; the total percentage of such awards and bonuses paid out, as a portion of total awards and bonuses over the same timeframe; an analysis of the Department's policy governing payment of awards and bonuses under such circumstances; and recommendations for any changes to authorities or policy that would eliminate payments under such circumstances to implement any recommendations.

RED HILL BULK FUEL STORAGE FACILITY

The agreement includes \$686,429,000 to continue supporting displaced servicemembers, civilians and their families, addressing drinking water contamination, and to conduct activities in compliance with the State of Hawaii Department of Health Order 21–UST–EA–02. It is noted that the Department of Defense has failed to provide to the people of Hawaii and the Congress actionable information regarding the courses of action under consideration to ensure safe operation of the Red Hill Bulk Fuel Storage Facility going forward, and associated resource requirements.

The Secretary of Defense is directed to provide the congressional defense committees no later than 90 days after enactment of this Act a report detailing all options under consideration by the Department of Defense both to mitigate issues with fuel storage at the Red Hill Bulk Fuel Storage Facility, as well as future plans for the site and Department of Defense fuel storage requirements. The report shall, at a minimum, include: the cost of remediating current harms to people, the water supply, and the environment; the cost of repairing the facility to ensure safe defueling; the costs related to defueling the facility; costs of future plans under consideration for the facility; as well as the timeline for each such activity.

FEDERAL LAW ENFORCEMENT

The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Train-

ing Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

TITLE I—MILITARY PERSONNEL

The agreement provides \$166,715,907,000 in Title I, Military Personnel, in addition to \$157,360,000 provided in P.L. 117–86.

MILITARY PERSONNEL OVERVIEW

The agreement provides the resources required for 1,348,040 active forces and 799,500 selected reserve forces in order to meet operational needs for fiscal year 2022. The agreement also provides the funding necessary to support a 2.7 percent pay raise for all military personnel, effective January 1, 2022.

REPROGRAMMING GUIDANCE FOR MILITARY PERSONNEL ACCOUNTS

The Secretary of Defense is directed to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2022 appropriations accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services'

military personnel accounts between budget activities in excess of \$10,000,000.

MILITARY PERSONNEL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in the joint explanatory statement. Below threshold reprogrammings may not be used to either restore or reduce funding from congressional special interest items as identified on the DD Form 1414.

STRENGTH REPORTING

The Service Secretaries are directed to provide monthly strength reports for all components to the House and Senate Appropriations Committees beginning not later than 30 days after enactment of this Act. The first report shall provide actual baseline end strength for officer, enlisted and cadet personnel, and the total component. The second report shall provide the monthly end of year projection for average strength for officer, enlisted, and cadet personnel using the formula in the Department of Defense Financial Management Regulation Volume 2A, Chapter Two. For the active components, this report shall break out average strength data by base and direct war and enduring costs; and differentiate between the active and reserve components.

RESERVE COMPONENT BUDGET REPORTING

The Secretary of Defense is directed to provide a semi-annual detailed report to the congressional defense committees which shows transfers between sub-activities within the military personnel appropriation. Reports shall be submitted not later than 30 days after the end of the second quarter and not later than 30 days after the end of the fiscal year.

FOOD INSECURITY

The Secretary of Defense is directed to provide two reports relating to food insecurity. The first report shall detail the prevalence of servicemembers and families who report experiencing food insecurity. The report shall include the use of food assistance programs to include Federal nutrition programs like the Supplemental Nutrition Assistance Program, free and reduced lunches for dependents, as well as local food banks; the barriers that exist for low-income servicemembers in qualifying for Federal nutrition programs; the conditions causing food insecurity among servicemembers; the impact of food insecurity on military readiness and military retention; and Department of Defense programs in place to address food insecurity. Concurrently in a second report, the Secretary of Defense shall analyze the potential for a future large-scale crisis, such as a pandemic, to exacerbate food insecurity among servicemembers and military families. The report shall detail the actions the Sec-

retary of Defense can undertake in such a crisis to mitigate those impacts by surging additional assistance through entities of the Department of Defense, including the commissary system. The Secretary of Defense is directed to provide these reports to the House and Senate Appropriations Committees not later than 180 days after enactment of this Act.

EXTREMISM IN THE MILITARY

In lieu of House language on extremism in the military, the agreement directs the Secretary of Defense to, not later than 120 days after the enactment of this Act, provide the congressional defense committees with an update to the report on military personnel and extremist or criminal groups. The report shall describe new policy and personnel actions taken since the preceding report and provide additional information on the types of extremist or criminal groups involved in such personnel actions. Details may be provided by a classified appendix, if required.

REPROGRAMMING GUIDANCE FOR OPERATION AND MAINTENANCE
ACCOUNTS

The Secretary of Defense is directed to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2022 appropriation accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Defense Appropriations Subcommittees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' operation and maintenance accounts between O-1 budget activities, or between sub-activity groups in the case of Operation and Maintenance, Defense-Wide, in excess of \$10,000,000. In addition, the Secretary of Defense shall follow prior approval reprogramming procedures for transfers in excess of \$10,000,000 out of the following readiness sub-activity groups:

Army:

- Maneuver units
- Modular support brigades
- Land forces operations support
- Aviation assets
- Force readiness operations support
- Land forces depot maintenance
- Base operations support
- Facilities sustainment, restoration, and modernization
- Specialized skill training
- Flight training

Navy:

- Mission and other flight operations
- Fleet air training
- Aircraft depot maintenance
- Mission and other ship operations
- Ship depot maintenance
- Combat Support Forces
- Facilities sustainment, restoration, and modernization
- Base Operating Support

Marine Corps:

- Operational forces
- Field logistics
- Depot maintenance
- Facilities sustainment, restoration, and modernization

Air Force:

- Primary combat forces
- Combat enhancement forces
- Depot purchase equipment maintenance
- Facilities sustainment, restoration, and modernization
- Contractor logistics support and system support
- Flying hour program

Space Force:

- Contractor logistics support and system support
- Administration

Air Force Reserve:

Primary combat forces

Air National Guard:

Aircraft operations

Additionally, the Secretary of Defense is directed to use normal prior approval reprogramming procedures when implementing transfers in excess of \$10,000,000 into the following budget sub-activities:

Air Force:

Base support

Operation and Maintenance, Army National Guard:

Base operations support

Facilities sustainment, restoration, and modernization

Operation and Maintenance, Air National Guard:

Aircraft operations

Contractor logistics support and systems support

OPERATION AND MAINTENANCE SPECIAL INTEREST ITEMS

Items for which additional funds have been provided or have been specifically reduced as shown in the project level tables or in paragraphs using the phrase “only for” or “only to” in the explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount as specifically addressed in the explanatory statement. Below threshold reprogrammings may not be used to either restore or reduce funding from congressional special interest items as identified on the DD Form 1414.

OPERATION AND MAINTENANCE BUDGET EXECUTION DATA

The Secretary of Defense is directed to continue to provide the congressional defense committees with quarterly budget execution data. Such data should be provided not later than 45 days after the close of each quarter of the fiscal year and should be provided for each O-1 budget activity, activity group, and sub-activity group for each of the active, defense-wide, reserve, and National Guard components. For each O-1 budget activity, activity group, and sub-activity group, these reports should include the budget request and actual obligation amount, the distribution of unallocated congressional adjustments to the budget request, all adjustments made by the Department in establishing the Base for Reprogramming (DD Form 1414) report, all adjustments resulting from below threshold reprogrammings, and all adjustments resulting from prior approval reprogramming requests.

REPROGRAMMING GUIDANCE FOR SPECIAL OPERATIONS COMMAND

The agreement directs the Secretary of Defense to submit a baseline report that shows the Special Operations Command's operation and maintenance funding by sub-activity group for the fiscal year 2022 appropriation not later than 60 days after the enactment of this Act. The Secretary of Defense is further directed to submit quarterly execution reports to the congressional defense committees not later than 45 days after the end of each fiscal quarter that ad-

addresses the rationale for the realignment of any funds within and between budget sub-activities. Finally, the Secretary of Defense is directed to notify the congressional defense committees 30 days prior to the realignment of funds in excess of \$10,000,000 between sub-activity groups.

ASSISTANT SECRETARY OF DEFENSE FOR SPECIAL OPERATIONS AND
LOW INTENSITY CONFLICT

The fiscal year 2022 budget request includes an additional \$9,420,000 and 15 civilian full-time equivalents (FTE) for the Secretariat of Special Operations within the Office of the Assistant Secretary of Defense for Special Operations and Low-Intensity Conflict. The agreement transfers five FTE from the Secretariat for Special Operations to the Office of Information Operations Policy.

INFORMATION OPERATIONS

The agreement includes \$4,000,000 for U.S. Special Operations Command (USSOCOM) Information Operations and directs the Commander of USSOCOM to submit a detailed spend plan to the House and Senate Appropriations Committees not later than 30 days prior to the obligation of the funds.

MILITARY TUITION ASSISTANCE PROGRAM

The agreement recognizes that servicemembers can use the Military Tuition Assistance Programs (MilTA) to enroll in civilian education programs and commends the Marine Corps and the Air Force for augmenting these programs in their fiscal year 2022 budget requests. However, there is concern that the current academic and career advising programs do not provide structured guidance that aligns military and civilian workforce requirements with MilTA education programs and courses. The agreement directs the Under Secretary of Defense for Personnel and Readiness and the Service Secretaries to submit a report to the congressional defense committees not later than 120 days after the enactment of this Act with recommendations to augment the Services' academic and career advising programs to provide servicemembers with structured guidance for MilTA education programs and courses, as if they were to attend a military education program. The recommendations should also include guidance for servicemembers who wish to transition to a hard-to-fill career in their respective Service. The report should also create an annual survey to align academic and career counseling and structured guidance with servicemembers' career goals in the military or civilian workforce.

MINIMUM WAGE

The agreement does not include language referenced in House Report 117–88 requiring the Secretary of Defense to provide details of minimum wage costs for non-appropriated funded employees due to the implementation of Executive Order 14003 by the Office of Personnel Management on January 21, 2022.

DRINKING WATER CONTAMINATION

The agreement provides an additional \$236,480,000 for the Department of Defense and military Services to remediate contaminated drinking water caused by per- and polyfluoroalkyl substances. The Service Secretaries are directed to provide a spend plan to the House and Senate Appropriations Committees for these additional funds not later than 60 days after enactment of this Act.

ADDRESSING SEXUAL ASSAULT

The agreement provides an additional \$96,980,000 for the Department of Defense to implement the Independent Review Commission on Sexual Assault in the Military's recommendations. The Secretary of Defense is directed to provide a spend plan for the additional funds to the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act.

SUPPORT FOR INTERNATIONAL NATURAL RESOURCES MANAGEMENT
AND SECURITY

The agreement includes an additional \$35,000,000 for the combatant commands to partner with the United States Forest Service in support of international programs that support national security priorities related to the destabilizing effects of extreme weather conditions.

DOMESTIC SUPPLY CHAIN RESILIENCY MATRIX

The agreement recognizes that a diverse and distributed network of domestic production and service capabilities can improve the performance of warfighting assets and U.S. competitiveness while reducing commercial reliance on other nations. A critical component in achieving this objective is to have current and relevant information on existing companies and capabilities within the U.S. at the local, state and national level through the development of a national domestic supply chain matrix. The agreement provides an additional \$5,000,000 and directs the Office of the Under Secretary of Defense for Acquisition and Sustainment to partner with commercial entities in support of developing such a domestic supply chain matrix. This matrix should include identification of current supply base capabilities by region, state, and city, as focus on strengthening and diversifying underserved areas of the supply chain including small and minority led businesses.

NAVAL SHIPYARD APPRENTICE PROGRAM

The Secretary of the Navy is directed to induct classes of not fewer than 100 apprentices at each of the respective naval shipyards and to include the costs of the class of apprentices in the fiscal year 2023 budget request.

UNITED STATES COAST GUARD

The agreement directs that funds appropriated under Operation and Maintenance, Navy may be used to pay overhead costs incurred by a naval shipyard when drydocking United States Coast Guard ships.

BARBERS POINT ELECTRICAL INFRASTRUCTURE

The agreement directs the Secretary of the Navy to provide a briefing to the congressional defense committees, not later than June 1, 2022, on any upgrades to the electrical utility system on Barbers Point that would be necessary to facilitate its divestiture and transfer from the Navy to the local utility provider on Oahu, Hawaii. The briefing shall identify the funding requirements by appropriation for the design costs and electrical utility infrastructure upgrades, as well as customer connections to the new lines. The Secretary shall also provide any statutory authority required to support this project.

RQ-21A

The agreement directs the Secretary of the Navy to report to the congressional defense committees not later than 120 days after enactment of this Act to provide a report on the status of the RQ-21A fleet and its possible replacement. The report shall include the analysis of intelligence, surveillance, and reconnaissance requirements within the new roles, missions, and concepts of operations for the Marine Corps described in the Commandant's Planning Guidance and Force Design 2030 that was used to inform the decision; the requirements changes that necessitate the divestiture; and the timeline for divestiture of the RQ-21A fleet. The report shall also include an update on the costs of alternative platforms to replace the RQ-21A and associated cost to upgrade the current fleet to meet the requirements.

OVENS

There are concerns that the Navy is not prioritizing certain quality of life issues in its carrier fleet, specifically the degradation of ovens on the USS George H. W. Bush. The agreement directs the Secretary of the Navy to expedite the repair or replacement of these ovens and to conduct a review of the material condition of all surface ship galleys. This report, which should be submitted to the congressional defense committees not later than 90 days after enactment of this Act, should identify the costs for repairing all galley equipment of concern, if funds are included in the fiscal year 2022 or fiscal year 2023 ship maintenance budget and what, if any, potential barriers there may exist to their repair.

OPERATION AND MAINTENANCE, MARINE CORPS

The agreement provides \$9,185,430,000 for Operation and Maintenance, Marine Corps, as follows:

OPERATIONAL SUPPORT AIRLIFT

The agreement directs the Secretary of the Air Force to conduct a review prior to making any final divestment decision on the C-40 program, and submit a report to the congressional defense committees not later than 90 days after the enactment of this Act that includes the number of C-40 missions flown over the past five fiscal years, to include detailed information on the purpose of each such mission; the types of missions and passengers; and where each mission originated and terminated. The report shall also include an assessment of the demand for C-40 missions over the next five fiscal years, how a reduction in the number of available aircraft will impact the missions, and the alternative modes of transportation the Air Force is considering to fulfill these types of requirements.

PILOT SHORTAGE

Despite support from Congress, the Air Force continues to fail to meet its annual pilot training goals. The fiscal year 2022 budget request does not provide adequate resources to meet proposed goals for pilot production, and there is continued concern that the Air Force will not meet its stated goals. In addition, the Service-identified barriers to pilot production, such as the ability to hire simulator instructors, have not been addressed by Air Force senior leaders. Therefore, the agreement directs the Secretary of the Air Force, or his designee, to brief the House and Senate Appropriations Committees not less than 45 days after enactment of this Act, on plans to align its future year budgets to resolve the pilot shortfall within the next five fiscal years. Further, the agreement directs the Commander of Air Education and Training Command to provide quarterly updates to the House and Senate Appropriations Committees beginning not later than 45 days after the enactment of this Act.

REPORT ON DIVESTMENT

The Secretary of the Air Force is directed to provide a report to the congressional defense committees, not later than 30 days after submission of the President's budget for fiscal year 2023, on any proposed divestments of the A-10 aircraft during the future years defense plan. The report shall describe any proposed divestments by fiscal year and location, anticipated mission and personnel impacts, proposed mitigations of mission, personnel, or force structure impacts, and the budget implications of such plan.

OPERATION AND MAINTENANCE, SPACE FORCE

PRIVATE SECTOR EMPLOYMENT VERIFICATION

While the Department of Defense utilizes existing systems to provide verifications of the employment status and income of civilian and military personnel and retirees, concerns remain about their efficiency and responsiveness. There are private sector solutions that are currently used by many other government agencies that provide more timely verifications, which are vital to economic activities of employees and servicemembers. Therefore, the agreement directs the Directors of the Defense Manpower Data Center and the Defense Civilian Personnel Advisory Service to utilize private sector technology solutions to provide verifications of the employment status and income of civilian and military personnel and retirees as permitted under the Fair Credit Reporting Act.

ENHANCING THE CAPABILITY OF MILITARY CRIMINAL INVESTIGATIVE ORGANIZATIONS TO PREVENT AND COMBAT CHILD SEXUAL EXPLOITATION

The Secretary of Defense is directed to provide a report to the House and Senate Appropriations Committees, not later than 30 days after the enactment of this Act, regarding the initiative established under Section 550D of the National Defense Authorization Act for fiscal year 2020 (Public Law 116–92). The report shall also address opportunities within the following subject matters: establishing cooperative agreements and co-training with the relevant federal, state, local, and other law enforcement agencies; integrating child protective Services and organizations into the initiative; and implementing recommendations made in the Government Accountability Office’s report titled “Increased Guidance and Collaboration Needed to Improve DoD’s Tracking and Response to Child Abuse” (GAO 20–110).

DEFENSE LANGUAGE AND NATIONAL SECURITY EDUCATION OFFICE

The agreement designates the funding included in the fiscal year 2022 President’s budget request for the Language Training Centers as a congressional special interest item and directs that the funding profiles for the Language Training Centers and the Language Flagship Program for the prior year, current year, and budget year be included in the Performance Criteria section of the Defense Human Resources Activity OP–5 budget exhibit in future budget submissions.

DEFENSE COMMUNITY INFRASTRUCTURE PROGRAM

The agreement directs the Director of the Office of Local Defense Community Cooperation to provide a report to the House and Senate Appropriations Committees that details the Department of Defense’s priorities for allocating the limited resources within the Defense Community Infrastructure Program prior to the award of fiscal year 2022 grant awards and with submission of the fiscal year 2023 President’s budget request. Further, the Director of the Office of Local Defense Community Cooperation is directed to brief the House and Senate Appropriations Committees on the report and the Department’s methodology for prioritization not later than 30 days after the release of the report.

LEGACY RESOURCE MANAGEMENT

The agreement does not include the additional funds allocated for the Readiness and Environmental Protection Initiative program identified in the House Report 117–88.

The agreement includes an additional \$5,000,000 for the Department of Defense Legacy Resource Management Program to continue the work begun in project 17–836 to continue to identify habitat conservation opportunities that will benefit both the species and military readiness by avoiding or reducing regulatory constraints on military testing and training.

NOISE MITIGATION

The agreement includes a new provision under the noise mitigation program, which divides the amount of funds for the mitigation program between active and reserve components. This is to ensure that reserve components will be guaranteed a portion of the funds each year to address their communities' needs.

QUARTERLY REPORTS ON GUANTANAMO BAY DETENTION FACILITY

In lieu of House language on the Guantanamo Bay Detention Facility, the agreement directs the Secretary of Defense to submit a report to the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act, and quarterly thereafter, on the current number of detainees at the Guantanamo Bay detention facility; their legal status; a description of all Department of Defense costs associated with the facility during the last two fiscal years by program, account, and activity; and the status of funds for the current fiscal year.

DEFENSE SECURITY COOPERATION AGENCY SPEND PLAN

The Secretary of Defense shall, not later than 30 days after the enactment of this Act, submit to the House and Senate Appropriations Committees a detailed spend plan for amounts made available for the Defense Security Cooperation Agency. The Secretary of Defense shall also notify such Committees in writing not less than 15 days prior to obligating funds in a manner that would deviate from the plan. The plan shall include amounts planned for each program listed in the budget justification documents and, for International Security Cooperation Programs, amounts provided in the prior two fiscal years and planned for fiscal year 2022 by combatant command, country, and authority. Amounts in the plan shall only reflect amounts requested in the fiscal year 2022 budget justification materials as modified by this Act. A similar document with requested amounts shall be provided to the House and Senate Appropriations Committees concurrent with the fiscal year 2023 budget submission.

DEFENSE SECURITY COOPERATION AGENCY QUARTERLY REPORTS

The agreement requires the Secretary of Defense to provide quarterly reports to the House and Senate Appropriations Committees on the use and status of funds. Such reports shall be submitted not later than 30 days after the last day of each quarter of the fiscal year and detail commitment, obligation, and expenditure data by

sub-activity group for Operation and Maintenance, Defense-Wide, Defense Security Cooperation Agency.

INTEGRATED SECURITY COOPERATION STRATEGIES

The agreement supports increased measures to ensure that security cooperation programs supported by this Act are strategic, address clearly defined goals and objectives, and are integrated with other programs. Accordingly, not later than 90 days after the enactment of this Act, the Secretary of Defense, in coordination with the Secretary of State, shall submit to the congressional defense committees an integrated security cooperation strategy for Colombia, Jordan, Mexico, the Philippines, Tunisia, and Ukraine. Each strategy shall include an overview of the security relationship between the United States and the country; a description of the goals, objectives, and milestones of security cooperation programs and initiatives supported by the Department of Defense and the Department of State; a description of how programs complement rather than duplicate one another; funding by account and program for fiscal year 2022 and the prior two fiscal years; and a description of host country capabilities and financial contributions towards shared security goals. The Secretary of Defense shall consult with the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days after the enactment of this Act.

EL MOZOTE MASSACRE

The Secretary of Defense, in coordination with the Secretary of State, shall provide all remaining information and documents to the appropriate judicial authorities in El Salvador, investigating the December 1981 massacre in El Mozote. Not later than 30 days after the enactment of this Act, the Secretary of Defense shall submit a final report to the House and Senate Appropriations Committees describing the information and documents provided to date and the judicial authorities that received them.

DEFENSE SECURITY COOPERATION AGENCY

The agreement does not include the directive under this heading in House Report 117–88 regarding Army security force assistance brigade deployments.

COALITION SUPPORT FUNDS

The agreement provides \$50,000,000 for Coalition Support Funds to reimburse key cooperating nations for their support of United States military and stability operations in Afghanistan and to counter the Islamic State of Iraq and Syria. The agreement supports the Department of Defense in making any final payments to coalition nations who supported operations in Afghanistan and directs the Secretary of Defense to complete these payments by the end of fiscal year 2023.

CIVILIAN HARM MITIGATION AND RESPONSE

The agreement supports Department of Defense reforms to avoid, mitigate, and respond to civilian harm. The agreement also sup-

ports the January 27, 2022, Memorandum from the Secretary of Defense directing a Civilian Harm Mitigation and Response Action Plan. The Secretary of Defense is directed to provide a briefing to the congressional defense committees not later than 15 days following the release of the plan outlining the details and any additional authorities and funding necessary to implement the plan, including costs planned for fiscal year 2022 and requested for fiscal year 2023, by program, account, and activity. The agreement provides sufficient funds under Operation and Maintenance, Defense-Wide for payments made to redress injury and loss pursuant to section 1213 of the National Defense Authorization Act for Fiscal Year 2020 (Public Law 116–92), including for families of the victims of the August 29, 2021, air strike in Kabul, Afghanistan.

CLIMATE CHANGE REPORT AND ADAPTATION ROADMAP, GREENHOUSE GAS EMISSIONS REPORT, AND FOSSIL FUELS

In lieu of related items directed in House Report 117–88, the agreement directs the Secretary of Defense to provide a briefing to the congressional defense committees on the outcome of the assessments directed by section 335 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81) and the plans that are developed therefrom within 90 days of their completion. Furthermore, the agreement directs the Secretary of Defense to provide to the House and Senate Appropriations Committees the briefing directed by section 323 of the National Defense Authorization Act for Fiscal Year 2022 (Public Law 117–81).

AFGHANISTAN SECURITY FORCES FUND

The agreement does not include an appropriation for Afghanistan Security Forces Fund.

The Secretary of Defense shall brief the House and Senate Appropriations Committees not later than 30 days after the enactment of this Act on plans to establish over-the-horizon platforms, including the number of United States personnel necessary to carry out these missions; basing agreements and arrangements with host countries; a description of the authorities used to conduct these operations; and costs during fiscal year 2021 and planned for fiscal year 2022, by program, account, and activity. This language replaces the directives under this heading in House Report 117–88.

COUNTER-ISIS TRAIN AND EQUIP FUND

The agreement provides \$500,000,000 for Counter-ISIS Train and Equip Fund, as follows:

EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Final bill
Iraq Train and Equip	345,000	345,000
Syria Train and Equip	177,000	155,000
Program decrease		– 22,000
Total, Counter-ISIS Train and Equip Fund	522,000	500,000

COUNTER ISIS TRAIN AND EQUIP FUND

The agreement continues support under this heading for the Iraqi Security Forces, Kurdish Peshmerga, and the Syrian Democratic Forces (SDF) to participate in activities to counter the Islamic State of Iraq and Syria (ISIS). The agreement also continues the requirement that the Secretary of Defense ensure elements are appropriately vetted and receiving commitments from them to promote respect for human rights and the rule of law.

The agreement directs that congressional notifications for funds provided under this heading include a description of the amount, type, and purpose of assistance to be funded, and the recipient of the assistance; the budget and implementation timeline, with anticipated delivery schedule for assistance; and a description of any material misuse of assistance since the last notification was submitted, along with a description of any remedies taken.

The agreement also directs the Secretary of Defense to consult with the House and Senate Appropriations Committees prior to submitting any notification that includes detention facility fortification or construction and prohibits the use of funds under this heading for any other construction activity. The liberation of ISIS controlled territory has left the SDF holding thousands of hardened foreign fighters and their families under challenging conditions. Accordingly, the agreement directs the Secretary of Defense to continue to engage with the SDF on these matters, including to ensure that detainees are afforded all protections due under the Geneva Conventions.

DEPARTMENT OF DEFENSE ACQUISITION WORKFORCE REPORTING
REQUIREMENTS

The Under Secretary of Defense for Acquisition and Sustainment is directed to provide the Department of Defense Acquisition Workforce Development Account annual report to the congressional defense committees not later than 30 days after submission of the fiscal year 2023 President's budget request. Further, as in previous years, the Under Secretary of Defense for Acquisition and Sustainment is directed to provide the congressional defense committees, with the fiscal year 2023 President's budget request, addi-

tional details regarding total funding for the acquisition workforce by funding category and specific appropriations accounts in the future years defense program, to include an explanation of changes from prior years' submissions.

DEPARTMENT OF DEFENSE ACQUISITION WORKFORCE DEVELOPMENT
ACCOUNT REPROGRAMMING REQUIREMENTS

The Secretary of Defense is directed to follow reprogramming guidance for the Department of Defense Acquisition Workforce Development Account (DAWDA) consistent with reprogramming guidance for acquisition accounts detailed elsewhere in this joint explanatory statement. The dollar threshold for reprogramming DAWDA funds remains \$10,000,000.

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110 279). Specifically, the dollar threshold for reprogramming funds shall be \$10,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this explanatory statement.

PROCUREMENT SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase "only for" or "only to" in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in the joint explanatory statement.

ARMY ORGANIC INDUSTRIAL BASE

The Secretary of the Army is directed to provide 45-day written notification to the congressional defense committees prior to approving civilian reductions in force that will result in an employment loss of 50 or more full-time employees at any Army organic industrial base facility. The notification shall include the impact that the proposed reduction in force will have on the ability to maintain the organic industrial base critical manufacturing capabilities as delineated in the Army Organic Industrial Base Strategy Report, a detailed accounting of the costs of implementing the re-

duction in force, and an assessment of the cost of, and time necessary, for restoration of any lost capability to meet future organic wartime manufacturing needs.

AGILE PROCUREMENT TRANSITION PILOT

The agreement appropriates \$100,000,000 to establish the Agile Procurement Transition Pilot under the management of the Deputy Secretary of Defense in collaboration with the Vice Chairman of the Joint Staff and the Service Acquisition Officials, with the goal to aid the warfighter, to transition technologies from pilot programs, prototype projects, and research projects to scale to capability, software, or service acquisitions. Awards made pursuant to this fund shall be limited to between \$10,000,000 to \$50,000,000 per fiscal year and for no more than three years. Participants in the fund shall have a total present contract value of \$500,000,000 or less in cumulative revenue from the Department of Defense to be eligible for funding. The agreement also directs the Deputy Secretary of Defense to submit a report to the congressional defense committees not later than March 1 and September 1 of each fiscal year in which the funding is appropriated to provide an overview on the capabilities being tested and the proposed path to scale innovative technologies, including successes and failures to date.

CONVENTIONAL AMMUNITION DEMILITARIZATION MISSION AWARD
DELAYS

The agreement directs the Secretary of the Army to provide a report to the congressional defense committees, not later than 90 days after the enactment of this Act, that will address the Army allocation of the conventional demilitarization budget across the industrial base; the strategy for government-owned, government-operated; government-owned, contractor-operated; and contractor-owned, contractor-operated allocations that focus on efficiency and environmental compliance; any recent cost-benefit analyses and cost trends; the percentage of open burn/open detonation across all industrial base locations and efforts to minimize the activity; and whether Environmental Protection Agency compliance for clean air standards is an allocation factor for demilitarization requirements.

ALIGNING THE MUNITIONS REQUIREMENTS PROCESS WITH
ACQUISITION

The agreement directs the Secretary of the Army to study the sequencing of the Munitions Requirement Process in relation to the development of its annual budget request and to submit a report to the congressional defense committees on its findings and recommendations not later than 90 days after the enactment of this Act.

OTHER PROCUREMENT, ARMY

The agreement provides \$9,453,524,000 for Other Procurement, Army, as follows:

NAVY ADVERSARY AIRCRAFT FOR TRAINING PURPOSES

The agreement directs the Secretary of the Navy to submit a report to the congressional defense committees not later than 90 days after the enactment of this Act which provides a description of the current air aggressor fleet, an identification of any risk incurred by the continued use of legacy aircraft, and a plan to complete the transition of all Navy Reserve aggressor squadrons to a more capable aircraft fleet over a ten-year period.

NAVY RESERVE AVIATION MODERNIZATION

The agreement directs the Secretary of the Navy to provide a plan to modernize Navy Reserve aviation squadrons with F/A-18E/F or other modern aircraft, such as F-35Cs, and to brief the plan, to include the anticipated costs to implement the plan, along with impacts on personnel and manning levels at each squadron, to the congressional defense committees not later than 90 days after the enactment of this Act.

WEAPONS PROCUREMENT, NAVY

SUBMARINE INDUSTRIAL BASE INVESTMENTS

The agreement provides \$35,000,000 for submarine industrial base investments in order to support facilities infrastructure at submarine production shipyards. Further, it is understood that the Navy and the shipbuilders are committed to jointly resourcing the capital investments necessary to meet the Navy's goal of building two VIRGINIA Class submarines per year during construction of COLUMBIA Class submarines.

The Secretary of the Navy is directed to provide a report to the congressional defense committees with the submission of the fiscal year 2023 President's budget request, on the execution plan, inclusive of outyear cost share arrangements, for the facilities supported by this funding. Further, the Secretary of the Navy is directed to provide to the congressional defense committees details on additionally planned Navy and shipyard investments for submarine industrial base shipyards in the Future Years Defense Program accompanying the fiscal year 2023 President's budget request.

CONSTELLATION CLASS FRIGATE

The agreement notes that the detail design and construction contract for FFG-62 USS CONSTELLATION, the first ship of the class, CONSTELLATION Class Frigate (CCF), was awarded in April 2021. While the CCF is based on a proven hull design and mature shipboard technologies, it remains a new class and the Navy and the shipbuilding industrial base have had past production challenges in managing costs, technical concurrency, design changes and schedule of lead ships of a class. There is concern that prematurely adding a second CCF shipyard before the first shipyard has identified and corrected technical and production issues will inject unneeded risk and complexity into the program. Therefore, prior to award of a contract for second CCF shipyard, the agreement directs the Navy to prioritize the following objectives: technology maturation and risk reduction for critical shipboard components; major systems integration; full ship technical data package creation; and successful operationally realistic testing for the first ship. The agreement further directs the Secretary of the Navy to submit a report 90 days prior to awarding a contract for the second CCF shipyard to the congressional defense committees outlining the acquisition strategy for achieving the full Frigate Program of Record and meeting these technology maturation and risk reduction objectives.

COLUMBIA CLASS SUBMARINES

The agreement notes that the fiscal year 2022 President's budget request includes \$4,646,980,000 for the incrementally funded procurement of the first COLUMBIA Class submarine (CLB) and advance procurement (AP) of eleven additional hulls of the COLUMBIA Class. Included in the fiscal year 2022 President's budget request for AP is \$247,960,000 to implement Integrated Enterprise Plan (IEP) initiatives that were not identified in prior year budget submissions. The fiscal year 2022 President's budget justification material did not include the future year funding amounts required to implement the IEP initiatives requested in fiscal year 2022. The

agreement further notes that the budget submission did not provide sufficient details regarding the future year funding requirements for the IEP initiatives requested in the fiscal year 2022 budget submission and is concerned about a similar lack of transparency for such initiatives requested in future budget submissions. Therefore, the Assistant Secretary of the Navy (Research, Development and Acquisition) is directed to submit to the congressional defense committees the Navy's fully funded IEP initiative strategy, by fiscal year, with the submission of any future President's budget request that includes funding for IEP initiatives.

C-130 DIMINISHING MANUFACTURING SOURCES

The agreement recognizes the importance of maintaining a viable C-130 production line which requires significant investments in diminishing manufacturing sources (DMS) through fiscal year 2026. The agreement includes DMS resources within current and prior year Aircraft Procurement, Air Force appropriations to satisfy the Air Force's list of unfunded C-130J DMS requirements. For fiscal year 2022, this includes \$68,000,000 within the congressional increase for Air National Guard aircraft, \$26,310,000 through a congressional increase specifically for DMS, and \$113,300,000 included in the President's budget request. Additionally, fiscal year 2021 resources available to fund DMS requirements include \$26,700,000 from previous congressional increases for aircraft, \$29,600,000 previously allocated for DMS from MC-130 funding, and \$68,300,000 remaining within the MC-130 program following the rescission of excess funds.

The Secretary of the Air Force is directed to submit an updated list of C-130J DMS requirements with the total estimated costs by effort for each fiscal year to the House and Senate Appropriations Committees with the fiscal year 2023 President's budget request. This list shall also include current resources applied to DMS efforts, as well as any additional resources allocated to those efforts within the fiscal year 2023 future years defense program, including the current year and prior year.

NATIONAL SECURITY SPACE LAUNCH

The agreement notes the tremendous success of the National Security Space Launch (NSSL) program in reliably delivering critical national security satellites to orbit. However, the agreement notes with concern that failure to properly budget for NSSL launches should not be accepted as a rationale to seek launches outside of the space launch enterprise. Therefore, the agreement directs the Secretary of Defense and the Director of National Intelligence to utilize the Space Force launch enterprise for NSSL-class missions unless the Secretary of Defense or the Director of National Intelligence certify, as appropriate, to the congressional defense and intelligence committees that an alternative launch procurement approach for a designated mission is in the national security interest of the government, and provide a rationale for such a determination.

HYPERSONIC ENGINE INDUSTRIAL BASE

The agreement includes \$38,000,000, as requested, in Defense Production Act Purchases for investments in the hypersonic engine industrial base. Consistent with the Department's goals to ensure a vibrant, competitive, and diverse defense industrial base, the Under Secretary of Defense for Acquisition and Sustainment is encouraged to prioritize investments in sub-tier suppliers in support of the Services' hypersonics program requirements.

RARE EARTH PROCESSING

The Secretary of Defense is directed to submit a report to the congressional defense committees not later than 90 days after the enactment of this Act which assesses the feasibility of assigning responsibilities for the light rare earth (LRE) processing activities to the Department of the Army in order to synchronize LRE and heavy rare earth initiatives. The report shall include any impacts on the industrial base and potential cost efficiencies.

NATIONAL GUARD AND RESERVE EQUIPMENT

The agreement provides \$950,000,000 for National Guard and Reserve Equipment. Of that amount \$285,000,000 is designated for the Army National Guard; \$285,000,000 for the Air National Guard; \$155,000,000 for the Army Reserve; \$52,500,000 for the Navy Reserve; \$17,500,000 for the Marine Corps Reserve; and \$155,000,000 for the Air Force Reserve.

This funding will allow the reserve components to procure high priority equipment that may be used for combat and domestic response missions. Current reserve component equipping levels are among the highest in recent history, and the funding provided by the agreement will help ensure component interoperability and sustained reserve component modernization. The agreement directs the component commanders of the Army Reserve, Marine Forces Reserve, Air Force Reserve, Army National Guard and Air National Guard to submit to the congressional defense committees a detailed assessment of their component's modernization priorities, not later than 30 days after the enactment of this Act.

The agreement also directs the Secretary of Defense to provide the report identified in 10U.S.C. 10541 to the congressional defense committees, not later than May 30, 2022, for the fiscal year 2023 budget.

The Secretary of Defense is directed to ensure that the account is executed by the Chiefs of the National Guard and reserve components with priority consideration given to the following items: acoustic hailing devices; airborne and ground detect and avoid systems; aviation status dashboard; controlled humidity preservation; counter-UAS systems; crashworthy, ballistically tolerant auxiliary fuel systems; containerized ice making systems; cybersecurity for critical base infrastructure; gamma radiation protection; helmet-mounted display system; hospital pods; hypervisor-based cross domain access solution; KC-135 aircraft forward area refueling/defueling stations; land surveying systems; laser ablation system; mobile solar power units/systems; modular small arms ranges and small arms training simulators and tools; pilot physiological monitoring systems; radiological screening portals; training systems and simulators; UH-60 internal auxiliary fuel tanks; UH-72A/B S&S mission equipment modernization; upgraded commercial-off-the-shelf ground mapping for C-130 aircraft; vehicle-mounted and man-portable radiological nuclear detection systems; Tactical Combat Training System; and virtual language training systems.

REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The Secretary of Defense is directed to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the Department of Defense Appropriations bill for Fiscal Year 2008 (House Report 110-279). Specifically, the dollar threshold for reprogramming funds shall be \$10,000,000 for procurement and research, development, test and evaluation.

Also, the Under Secretary of Defense (Comptroller) is directed to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for Service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the Base for Reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Secretary of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

FUNDING INCREASES

The funding increases outlined in these tables shall be provided only for the specific purposes indicated in the tables. Additional guidance is provided in the overview of this explanatory statement.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION SPECIAL INTEREST ITEMS

Items for which additional funds have been recommended or items for which funding is specifically reduced as shown in the project level tables detailing recommended adjustments or in paragraphs using the phrase “only for” or “only to” in the joint explanatory statement are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed elsewhere in the joint explanatory statement.

OTHER TRANSACTION AUTHORITY

The agreement directs the Under Secretary of Defense for Acquisition and Sustainment to continue the previously established reporting requirements on the use of Other Transaction Authority (OTA) while working with the congressional defense committees to establish improved procedures for execution of OTAs across the Department and plans to enhance the data collection process. Not later than 60 days after enactment of this Act, the Under Secretary of Defense for Acquisition and Sustainment shall brief the congress-

sional defense committees on courses of action to improve the data collection process across the Department, to include alternatives to the Federal Procurement Data System-Next Generation or modifications to the system that provides greater transparency and accountability and makes such data available to the public to the maximum extent practicable.

SOFTWARE AND DIGITAL TECHNOLOGY PILOT PROGRAMS

The agreement encourages the Secretary of Defense to execute the recommended pilot programs through fiscal year 2022, while performing detailed analysis of the Department's accounting and financial management process for such pilot programs compared to traditional software and digital technology programs. As detailed in the reporting requirements outlined in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2021 (Public Law 116–260), the Secretary of Defense shall submit quarterly reports to the congressional defense committees, detailing the Department's assessment for each of the programs recommended in the general provision. This report shall include, at a minimum: quantitative and qualitative metrics; an assessment of eight similar programs, with representations from each Service, funded through traditional appropriation legislation for comparison; an assessment of each pilot program against their own historical performance when funded through traditional appropriation legislation; as well as an assessment of prior year Budget Activity 08 execution by program compared to planned execution in the respective budget request.

TRANSITION OF PROGRAMS FROM THE STRATEGIC CAPABILITIES OFFICE

It is concerning that for programs planned for transition from the Strategic Capabilities Office (SCO) to the Services, detailed cost, schedule, and budget data are not routinely included with SCO's and the Services' budget justification materials despite previous congressional direction. It is further noted that SCO and the Services frequently use different program names when describing the same effort, which complicates the traceability of programs and funding and hampers congressional oversight. Therefore, the Director, SCO, in coordination with the Service acquisition executives, is directed to provide to the congressional defense committees, with submission of the fiscal year 2023 President's budget request, a matrix identifying SCO programs with their SCO and respective transition partners' detailed program schedules, and future years defense program profiles by fiscal year, appropriations account, and program element.

REPORTING ON MIDDLE-TIER ACQUISITION AND RAPID PROTOTYPING PROGRAMS

As stated in the joint explanatory statement accompanying the Department of Defense Appropriations Act, 2021 (Public Law 116–260), the spectrum of programs using rapid development, rapid prototyping, rapid acquisition, accelerated acquisition, and middle-tier acquisition ("section 804") authorities range from small programs that have already deployed prototypes to programs that, by

virtue of their scope and cost, would otherwise be subject to reporting requirements and acquisition regulations applicable to traditional major defense acquisition category I programs. The Department of Defense's continued use of such acquisition authorities is noted. However, the lack of standard acquisition information provided to the congressional defense committees for such programs with the budget request, to include independent cost estimates, technology and manufacturing readiness assessments, and test and evaluation master plans, is concerning. In addition, it is concerning that the Services' growing trend toward procuring de facto end-items via prototyping acquisitions may limit the Services' ability to successfully manage their acquisition programs in the long term by eliminating the complete understanding of full program costs up front, unnecessarily narrowing the industrial base early in the acquisition process, and eliminating opportunities for future innovation by reducing competition over the life of the acquisition. Further, it is concerning that budgeting for these de facto end-items incrementally with research and development appropriations instead of fully funding them with procurement appropriations obfuscates costs and limits transparency and visibility into Services' procurement efforts.

It is noted that the Department did not, with submission of the fiscal year 2022 President's budget request, comply with direction contained in section 8058 of the Department of Defense Appropriations Act, 2021 (Public Law 116-260), which was intended to provide more insight into the use of legislative authorities and research, development, test and evaluation funds for these purposes. This direction is repeated for fiscal year 2022. The Under Secretaries of Defense for Research and Engineering and Acquisition and Sustainment, in coordination with the Service acquisition executives for the Army, Navy, and Air Force, are directed to provide to the congressional defense committees with submission of the fiscal year 2023 President's budget request a complete list of approved acquisition programs, and programs pending approval in fiscal year 2023, utilizing prototyping or accelerated acquisition authorities, along with the rationale for each selected acquisition strategy, as well as a cost estimate and contracting strategy for each such program. Further, the Under Secretary of Defense (Comptroller) and the respective Financial Manager and Comptrollers for the Army, Navy, and Air Force, are directed to certify full funding of the acquisition strategies for each of these programs in the fiscal year 2023 President's budget request, including their test strategies. Finally, the Director of Operational Test and Evaluation, is directed to certify to the congressional defense committees the appropriateness of the Services' planned test strategies for such programs, to include a risk assessment. To the extent that the respective Service acquisition executives, Service Financial Manager and Comptrollers, and Director of Operational Test and Evaluation, provide the information requested above with submission of the fiscal year 2022 President's budget, any variations therefrom should be included with the fiscal year 2023 submission. In addition, the Services' Financial Manager and Comptrollers are directed to identify the full costs for prototyping units by individual item in the re-

search, development, test and evaluation budget exhibits for the budget year as well as the future years defense program.

ANTIMICROBIAL TEXTILES

The agreement directs the Assistant Secretary of Defense for Sustainment, not later than 180 days after the enactment of this Act, to provide a report to the congressional defense committees on the current efforts, effectiveness, and feasibility of including antimicrobial and antiviral technology in the manufacturing of Service-issued clothing and individual equipment. The report shall include an analysis of the technical maturity of available antimicrobial and antiviral textile-based solutions and a strategy for incorporating any technically mature solutions into Service issued clothing or personal equipment. The report shall also include a review of the ability of the industrial base to support the manufacturing of these products and identify any resources or capability gaps that exist within the industrial base to meet the demand.

STRATEGIC LONG RANGE CANNON

The Strategic Long Range Cannon (SLRC) is one of the Army's 35 modernization priorities. However, the fiscal year 2022 budget request does not explicitly identify funding for SLRC, despite requests in the previous two budgets. The Army has indicated to the congressional defense committees that the program is still viable and intends to continue to make progress towards fielding SLRC, including the use of fiscal year 2022 appropriated funding. Without a request for funding or a plan to further mature the system in fiscal year 2022, the agreement does not recommend funding for SLRC. Therefore, if the Army intends to resource SLRC in fiscal year 2022, the Secretary of the Army is directed to submit to the House and Senate Appropriations Committees, not later than 30 days prior to obligation of funds, a comprehensive funding plan across the future years defense program and a detailed schedule of activities.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY

The agreement provides \$22,139,080,000 for Research, Development, Test and Evaluation, Navy, as follows:

SOFTWARE FACTORIES

The fiscal year 2022 President's budget request includes \$72,760,000 to establish no less than three "software factories" that would provide a software pipeline for continuous development, integration, deployment, and upgrades of software into multiple unmanned and manned undersea and surface Navy programs. It is believed that establishing such a capability is necessary. However, the lack of coordination and potential for duplication of efforts among various elements of the Navy's acquisition enterprise, as well as the Navy's apparent over-reliance on commercial industry for certain oversight and program management functions, is concerning.

The Assistant Secretary of the Navy (Research, Development and Acquisition) is directed to review the Navy's plans for software factories across the enterprise. Further, with submission of the fiscal year 2023 President's budget request, the Assistant Secretary of the Navy (Research, Development and Acquisition) is directed to provide to the congressional defense committees an analysis and recommendation of inherently governmental versus commercial industry roles with regard to software and autonomous intelligence development, integration, and operation for Navy programs; as well as an assessment of the current Navy workforce and, if required, a strategy for developing and retaining the required Navy workforce.

SELF-DEFENSE TEST SHIP

The fiscal year 2022 President's budget request includes \$15,061,000 in program element 0605863N primarily to operate and maintain the Ex-PAUL F. FOSTER, the Navy's Self-Defense Test Ship (SDTS). It is noted that the Navy has operated a SDTS since 1996 to conduct operationally realistic testing that is otherwise prohibited on manned ships. Further, it is understood that the current SDTS is projected to no longer be in a ready state beyond fiscal year 2025, and that the Navy is evaluating several courses of action to meet the requirement for an SDTS going forward, including the conversion of a decommissioned Navy asset. The Director of Navy Innovation, Technology Requirements, and Test and Evaluation is directed to submit to the congressional defense committees, with submission of the fiscal year 2023 President's budget request, the Navy's strategy for the SDTS beyond fiscal year 2025, to include an evaluation of different courses of action under consideration and their associated funding requirements by fiscal year across the future years defense program.

Further, the Director of Operational Test and Evaluation (DOTE) is directed to provide DOTE's assessment of the Navy's strategy with respect to impacts on approved Test and Evaluation Master Plans and test strategies for Navy acquisition program to the congressional defense committees not later than 30 days after submission of the fiscal year 2023 President's budget request.

LARGE DISPLACEMENT UNMANNED UNDERSEA VEHICLE

The fiscal year 2022 President's budget request includes \$29,080,000 for Phase II of the Large Displacement Unmanned Un-

dersea Vehicle (LDUUV), which is the planned transition to industry of the previously funded Phase I design for the fabrication of no less than one additional LDUUV. It is noted that, with submission of the fiscal year 2022 President's budget request, the Navy terminated the Payload Handling System, which was intended to launch LDUUV from a VIRGINIA Class submarine, thereby limiting LDUUV deployment opportunities. It is further noted that the Navy has delayed the Phase II contract award from fiscal year 2021 into fiscal year 2022, and that the Navy is reconsidering the LDUUV program. Therefore, unobligated fiscal year 2021 funds appropriated for LDUUV, as well as fiscal year 2022 Phase I and Phase II funds are designated as congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414).

EXTRA LARGE UNMANNED UNDERSEA VEHICLE

The fiscal year 2022 President's budget request includes \$58,173,000 to continue manufacturing and testing of five Extra Large Unmanned Undersea Vehicles (XLUUV). With submission of the budget request, the Navy informed the congressional defense committees of schedule delays of no less than two fiscal quarters in addition to an 18-month delay revealed with the fiscal year 2021 President's budget request. Further, the Navy notified that the program is being restructured. It is concerning therefore, that, with the fiscal year 2022 request, the Navy requested funds for additional XLUUV requirements such as an increased payload capacity and a new payload module, when the baseline program is performing poorly. The agreement includes no funds to increase payload capacity or for the universal payload in fiscal year 2022, a reduction of \$8,908,000 and \$7,190,000 to the request, respectively.

It is noted that the XLUUV program was awarded in response to a Joint Emergent Operational Need using rapid acquisition authorities. Given the urgency of the requirement, the Navy's analytical and engineering rigor conducted prior to program initiation is questioned. The Comptroller General is directed to review the Navy's adherence to acquisition best practices for the XLUUV program, as adapted for rapid acquisition programs, and report to the congressional defense committees not later than 90 days after enactment of this Act.

BASING OF UNMANNED UNDERSEA VEHICLES

The Secretary of the Navy is directed to provide to the congressional defense committees, with submission of the fiscal year 2023 President's budget request, a report detailing the Navy's plans for basing Navy unmanned undersea vehicles (UUVs), to include the infrastructure, personnel, and logistical requirements for testing, evaluation, docking, and maintenance of UUVs.

CH-53K SYSTEM DEMONSTRATION TEST ARTICLE AIRCRAFT

The Assistant Secretary of the Navy (Research, Development and Acquisition) and the Assistant Secretary of the Navy (Financial Management and Comptroller) are directed to continue to comply with the direction contained in Senate Report 116-103 regarding

System Demonstration Test Article aircraft for the CH-53K program.

ACADEMIC PARTNERSHIPS FOR INNOVATIVE SUBMARINE AND
UNDERSEA VEHICLE RESEARCH

The agreement includes \$25,000,000 to build stronger partnerships between Navy research labs, warfighters, academia, and industry. The Assistant Secretary of the Navy (Research, Development and Acquisition) is directed to coordinate this effort with the Navy's industrial base partners to ensure that funded academic research projects are relevant to specific research, engineering, and manufacturing needs, as well as defined systems capabilities. The Assistant Secretary of the Navy (Research, Development, and Acquisition) is further directed to ensure that partnerships with academia focus on the specific submarine and autonomous undersea vehicle research needs, undersea technology acceleration and transition, and workforce development to ensure a sustainable undersea industrial base. Projects funded under this initiative should also focus on leveraging investments across the public and private sectors in dual use technology areas through collaborative efforts aligning the undersea ecosystem.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR
FORCE

The agreement provides \$41,592,913,000 for Research, Development, Test and Evaluation, Air Force, as follows:

TECHNOLOGY TRANSFER

The agreement directs the Secretary of the Air Force to submit to the congressional defense committees, not later than 90 days after the enactment of this Act, a report on the funding required and budgeted across the future years defense program for Air Force technology transfer along with an analysis of the current use of partnership intermediary agreements within the Department of Defense laboratory system for technology transfer with the Air Force.

HYPERSONICS PROTOTYPING

The agreement provides \$318,687,000 for the Air-Launched Rapid Response Weapon (ARRW) and \$190,116,000 for the Hypersonic Attack Cruise Missile. The budget request combined funding for these prototyping efforts into a single line. The agreement provides funds for each effort in a separate line to increase transparency and oversight. Due to recent failures and delays in testing that have extended the ARRW program schedule and put a first production lot contract at risk for award in fiscal year 2022, no procurement funds are provided in this Act for ARRW. In consultation with the Air Force, the agreement transfers \$80,425,000 requested in Missile Procurement, Air Force to this account to support an extension of the testing program and mitigate a projected funding shortfall for the ARRW prototyping effort within this account. This language replaces the language under this heading in House Report 117–88.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION,
SPACE FORCE

The agreement provides \$11,597,405,000 for Research, Development, Test and Evaluation, Space Force, as follows:

SPACE FORCE ACQUISITION

The agreement provides the full amount requested for the Space Warfighting Analysis Center (SWAC) and is supportive of the work the SWAC is doing to inform architecture and acquisition decisions. However, concerns persist that the analytical and decision-making process within the Space Force is overly complex and convoluted and that responsibilities and authorities below the Secretary level are unclear and sometimes contradictory. Therefore, the agreement directs the Secretary of the Air Force, not to be delegated, to submit to the congressional defense committees, not later than 60 days after the enactment of this Act, a report that includes a draft mission directive; clarification of the roles and responsibilities of senior civilian and uniformed leaders with space responsibilities; organizational alignment of the acquisition units of the Space Force, to include the SWAC, Space Development Agency, Space Rapid Capabilities Office, and space programs in the Department of the Air Force Rapid Capabilities Office; and a plan to ensure the Assistant Secretary of the Air Force for Space Acquisition and Integration has the resources, responsibilities, and authorities necessary for success.

NEXT GENERATION OVERHEAD PERSISTENT INFRARED

The agreement directs the Secretary of the Air Force to submit the fiscal year 2023 budget submission with distinct budget lines and program elements for the Geosynchronous Earth Orbit, Polar, and Ground efforts. The agreement recognizes that the Space Force is considering alternative architecture plans for a more resilient and more capable missile warning and missile tracking system but notes that the Department of Defense and the Administration have not reached a consensus on whether or how quickly to pursue a new path. Therefore, the agreement directs the Secretary of the Air Force to promptly notify the congressional defense committees of any significant change to the current architecture and program plans prior to obligating any funds or taking contract actions for such change. Last, the agreement continues previous direction for the Secretary of the Air Force to provide quarterly briefings to the congressional defense committees on the status of the program.

SPACE FORCE UNIQUE SCIENCE AND TECHNOLOGY

The agreement recognizes that science and technology programs can have shared goals and leverage advancements in research areas that cut across both the air and space domains. While there are clear benefits to cross-domain multi-disciplinary investments, it can result in an increased level of complexity in allocating resources to the appropriate Service appropriations accounts for technology discovery and application efforts early in the research and development (R&D) phase. The agreement notes that space unique capabilities and those programs executed out of the Space Vehicles Directorate at the Air Force Research Lab, are more appropriately budgeted in the Research, Development, Test and Evaluation, Space Force account. Therefore, the Secretary of the Air Force is directed to provide a comprehensive proposal to the congressional defense committees to establish an objective, transparent, and ef-

fective means to align the Department of the Air Force's science and technology resources across the R&D continuum, not later than 90 days after the enactment of this Act.

COMMERCIAL TECHNOLOGIES

Existing and emerging commercial solutions have the potential to meet certain mission sets of the United States Space Force (USSF), including communications, space domain awareness, and intelligence, surveillance, and reconnaissance. The USSF and other space organizations within the Department have publicly championed a hybrid space architecture that includes a combination of government and commercial space vehicles and Services. However, the agreement notes that the USSF is slow to prioritize commercial offerings into its enterprise architecture and dedicate sufficient resources to continue advancements in enabling technologies, such as encryption technologies necessary for a ubiquitous hybrid architecture. Therefore, the agreement directs the Commander of Space Systems Command, not later than 90 days after the enactment of this Act, to provide the congressional defense committees a report detailing the strategy to integrate commercial satellites across its mission sets and a future years defense program resource profile by appropriation and line item dedicated to these efforts. The report shall address the tools needed to advance the operational integration of commercial systems into a hybrid enterprise management system and address what acquisition models will be used to facilitate cost effective and efficient purchase of commercial systems and Services.

TACTICALLY RESPONSIVE SPACE

The Department of Defense Appropriations Act, 2021 (Public Law 116-260) appropriated \$15,000,000 for investments in tactically responsive space launch capabilities. Further, section 1609 of the National Defense Authorization Act for Fiscal Year 2021 (Public Law 116-283) directed the Secretary of the Air Force to establish a Tactically Responsive Space Launch program within the future years defense program. However, the fiscal year 2022 President's budget request does not include any resources to establish the program this fiscal year despite a need to counter adversarial launches of disruptive technologies in a tactically relevant timeline. Therefore, the agreement provides \$50,000,000 for Tactically Responsive Launch efforts. Further, the agreement directs the Secretary of the Air Force, in consultation with the Chief of Space Operations, not later than 90 days after the enactment of this Act, to provide the congressional defense committees with an acquisition strategy that operationalizes a tactically responsive space capability, including satellites, launch vehicles, control systems, and concept of operations, as well as the resource profile associated with the strategy across the future years defense program.

NUCLEAR PROPULSION TECHNOLOGY

Traditional solar array technologies for space vehicle power generation provide limited power sourcing and degrade over time. The agreement notes that nuclear propulsion technology has the poten-

tial to increase the lifespan, range, and communications capabilities of space vehicles enabling the Space Force to develop new space architectures, as well as modified tactics, techniques, and procedures for operation within existing architectures. Therefore, the agreement directs the Secretary of the Air Force, in coordination with the Chief of Space Operations, not later than 90 days after the enactment of this Act, to provide a report to the congressional defense committees on the technical maturity, cost, benefits, and risks associated with nuclear propulsion technology in space.

RAPID DEFENSE EXPERIMENTATION RESERVE

It is understood that the Secretary of Defense plans to request funds under a new “Rapid Defense Experimentation Reserve” (RDER) budget line in the Research, Development, Test and Evaluation, Defense-Wide (RDTE,DW) account in future budget submissions for prototyping and experimentation as part of a campaign of learning, and to close the “valley of death”. Projects funded under the RDER program would facilitate exploration and transition of technologies to full adoption by the Services and enable more rapid modernization.

The agreement supports this concept in principle. However, it is noted that the RDTE,DW account already contains several budget lines for programs intended for such purposes, to include programs to bridge the valley of death; support high-priority, mission-aligned prototyping; address joint warfighting operational gaps; and transition technologies. Further, it is noted that these budget lines contain significant funding flexibility in the year of execution. Therefore, the establishment of the new RDER program should be accompanied by a critical review of these programs and projects, including, but not limited to, the Defense Modernization and Prototyping Program, the Joint Capability Technology Program, and the Rapid Prototyping Program, to ensure that funds support direct warfighter needs.

The agreement realigns some such duplicate funding only for the RDER program in fiscal year 2022, as detailed in the table of Explanation of Project Level Adjustments accompanying this section. The Deputy Secretary of Defense is directed to review the scope and purpose of existing prototyping, experimentation, and demonstration programs funded within RDTE,DW to avoid redundancy and overlap with RDER, and to recommend adjustments to funding streams and management structures with the fiscal year 2023 President’s budget request.

COMMERCIAL SATELLITE IMAGERY

The availability and value of high-quality commercial satellite imagery to support a wide range of national security applications, including intelligence, military operations, disaster relief and response, and scientific research is increasing rapidly. However, there is concern that the federal government is not adequately leveraging its buying power to ensure the best value and is not minimizing the redundancy and duplication of purchases across all departments, agencies, and offices, including government-sponsored activities at non-profit organizations and academic institutions.

Therefore, the agreement directs the Comptroller General to provide a report to the congressional defense committees, not later than 180 days after the enactment of this Act, with an inventory of contracts for commercial imagery products and Services across the national security community; a determination of the effectiveness of coordination on procurements for these products and Services; an identification of any areas where there is duplication or redundant procurements; and recommendations on actions to improve the coordination, efficiency, and effectiveness of procurements for commercial satellite imagery and related Services.

SUPPLY CHAIN RISK MANAGEMENT

Sections 845 and 847 of the National Defense Authorization Act for fiscal year 2020 require the Department of Defense to use technology and analytic tools to expand its efforts to identify, mitigate, and monitor supply chain risks, including foreign ownership, control, and influence (FOCI) across the classified and unclassified defense industrial base. The Defense Counterintelligence and Security Agency's (DCSA's) Critical Technology Protection Directorate supports the Department's efforts to comply with these new requirements for protecting supply chains aimed at further reducing defense industrial base risks.

In addition, the agreement directs the Under Secretary of Defense for Intelligence and Security to provide a report to the House and Senate Appropriations Committees not later than 60 days after the enactment of this Act that enumerates and discusses the distinct analytic tools and innovative technological enhancements in which the DCSA is investing to assess, mitigate, and continuously monitor FOCI in Department of Defense contracts and sub-contracts.

SPACE DEVELOPMENT AGENCY UNITED STATES INDO-PACIFIC
COMMAND MISSILE TRACKING DEMONSTRATION

The fiscal year 2022 President's budget request includes \$882,887,000 in the Research, Development, Test and Evaluation, Defense-Wide and Procurement, Defense-Wide accounts to develop, integrate, test, and launch 28 transport and tracking satellites as part of the Space Development Agency's (SDA) Tranche 0 capability acquisition. Further, the budget request includes funds to initiate development of SDA's Tranche 1 capability to begin filling out the proliferated National Defense Space Architecture (NDSA). It is noted that subsequent to the budget submission, SDA changed the launch strategy for Tranche 1 from a "delivery on orbit" to using the National Security Space Launch (NSSL) Phase 2 contract. This revised approach is supported and adjustments are recommended only to reflect that revised launch strategy for Tranche 1 consistent with previous congressional direction, as detailed in the table of Explanation of Project Level adjustments accompanying this section. It is noted that any change to this revised launch strategy for Tranche 1 is subject to the criteria contained under the heading "National Security Space Launch" included in the "Procurement, Space Force" section of this joint explanatory statement.

It is understood that the U.S. Indo-Pacific Command (USINDOPACOM) has a need for additional wide and medium field of view satellites (W/MFOV) that are not included in Tranche 0 or Tranche 1 of the NDSA. These satellites provide intelligence and warning, tracking, and targeting of missile threats. The agreement includes \$550,000,000 only for such a satellite demonstration for USINDOPACOM, to be managed and executed only by SDA. The Director, SDA is directed to provide to the congressional defense committees an updated cost estimate to address USINDOPACOM's W/MFOV requirements, to include an acquisition and contract strategy not later than 30 days after the enactment of this Act. Direction regarding the procurement of launch Services included else-

where in this statement under the heading “National Security Space Launch” shall also apply to these funds.

DEFENSE ADVANCED RESEARCH PROJECTS AGENCY ASSAULT BREAKER
II

The fiscal year 2022 President’s budget request includes \$51,154,000 for DARPA’s Assault Breaker II (AB II) initiative. The agreement includes an additional \$50,000,000 only to accelerate AB II development in the U.S. Indo-Pacific Command, increase the pace of experiments, and enhance the modeling and simulation environment. Further direction with respect to AB II is included the classified annex accompanying this Act.

DARPA HYPERSONICS AND SPACE RISK REDUCTION

The fiscal year 2022 President’s budget request includes \$121,067,000 for DARPA to continue risk reduction, development, and testing of hypersonics weapons and space capabilities, to include the Hypersonic Air-Breathing Weapon Concept, Tactical Boost Glide, Blackjack, and Robotic Servicing of Geosynchronous Satellites. The agreement includes an additional \$100,000,000, only for these programs in Research, Development, Test and Evaluation, Defense-Wide program elements 0603286E and 0603287E. It is directed that none of these additional funds may be obligated or expended until 60 days after the Director of DARPA, in coordination with the respective transition service leads, briefs the congressional defense committees on a spend plan and schedule for these funds, to include partner funding and transition plans.

DARPA ELECTRONICS RESURGENCE INITIATIVE 2.0

The fiscal year 2022 President’s budget request includes \$330,500,000 for DARPA’s Electronics Resurgence Initiative 2.0 (ERI 2.0). ERI 1.0 aimed to forge forward-looking collaborations among the commercial electronics community, the defense industrial base, university researchers, and the Department of Defense to ensure far-reaching improvements in electronics performance. It is understood that under ERI 2.0, DARPA will build on these efforts and continue investment in dual-use research, adding new areas relevant to manufacturing and national security. The agreement includes an additional \$80,000,000 to accelerate ERI 2.0. It is directed that none of the additional funds may be obligated or expended until 60 days after the Director of DARPA, briefs the congressional defense committees on a strategy for ERI 2.0, to include an update on collaborations established under ERI and DARPA’s role within the Department of Defense microelectronics enterprise and strategy.

RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE
PROGRAM ELEMENT STRUCTURE

The fiscal year 2022 President’s budget request proposes the consolidation of several smaller budget lines/projects into larger budget lines, and proposes substantial growth for several budget lines that contain significant internal funding execution flexibility. It is noted that this particularly impacts the Defense Threat Reduction

Agency and Chemical Biological Defense Program budget lines. Given the critical nature of these agencies' missions, these respective budget requests are supported in the agreement. However, the Under Secretary of Defense (Comptroller) and the Director of Cost Assessment and Program Evaluation are directed to review the program element structure of the Research, Development, Test and Evaluation, Defense-Wide appropriations account to inform the fiscal year 2023 President's budget request.

CYBER EDUCATION DIVERSITY INITIATIVE

The Secretary of Defense is directed to provide to the congressional defense committees with submission of the fiscal year 2023 President's budget request, a report on the scope, scale, and impact of the Cyber Education Diversity Initiative. The report should detail the number and nature of participating institutions, funds expended in support of the initiative, and an initial evaluation of the impact on cyber education.

SCIENCE, TECHNOLOGY, ENGINEERING AND MATH (STEM) PROGRAMS

The agreement includes an additional \$14,000,000 for STEM programs. The Secretary of Defense is encouraged to partner with organizations with an established history of providing scholarships to students pursuing an education in these fields.

CIVIL SOCIETY

The agreement includes \$15,000,000 for civil society programs. The Secretary of Defense is directed to work with universities with ethics and public affairs programs to promote civil society education and outreach, including among military and non-military communities.

HYPERSONIC TESTING FACILITY REACTIVATION

The agreement provides \$29,500,000 in Research, Development, Test and Evaluation, Defense-Wide for hypersonic test facilities to carry out the activities necessary for the reactivation of previously decommissioned synthetic air hypersonic propulsion test facilities, including expenses necessary for the relocation of affected NASA capabilities or facilities.

BIOINDUSTRIAL CAPABILITIES AND MANUFACTURING TECHNOLOGIES

There continues to be need for U.S. biotechnology innovation and securing the domestic bioindustrial base. A Bioindustrial Manufacturing Innovation Institute has been established to provide a reliable American source of bioindustrial capabilities and manufacturing technologies. It is noted that the Department remains committed to this effort and that Congress has reaffirmed support for the effort to accelerate biotechnology modernization by providing funding for the institute. The agreement encourages the Under Secretary of Defense (Research and Engineering) to work closely with the partners involved and provide a briefing to the House and Senate Appropriations Committees, Subcommittees on Defense not later than 45 days after enactment of this Act with details of spe-

cific capabilities envisioned for the institute, along with a timeline and cost projection in order to deliver those capabilities.

OPERATIONAL TEST AND EVALUATION, DEFENSE

The agreement provides \$276,591,000 for Operational Test and Evaluation, Defense, as follows:

CERTIFICATION OF FUNDING FOR TEST INFRASTRUCTURE AND TEST EVENT RESOURCES

It is concerning that funding required for test and evaluation infrastructure, assets, and personnel is routinely placed at risk by the Department of Defense and the Services during the budget planning and formulation process. Therefore, the Director of Operational Test and Evaluation, is directed to assess and certify to the congressional defense committees with submission of the fiscal year 2023 President's budget request that the Department of Defense's and Services' test infrastructure, assets, and personnel are fully funded in the budget year and the future years defense program to support agreed-upon Test and Evaluation Master Plans for major defense acquisition programs and test assessments for prototyping programs. Further, the Director of Operational Test and Evaluation, is directed to identify—where applicable—shortfalls by service and program.

TITLE V—REVOLVING AND MANAGEMENT FUNDS

The agreement provides \$2,017,000,000 in Title V, Revolving and Management Funds.

ADVANCE BILLING LIMITATION FOR WORKING CAPITAL FUNDS

The agreement includes a general provision that doubles the allowable amount of advance billing of a customer of a working capital fund for fiscal year 2022 only. The Secretary of Defense is encouraged to work with the congressional defense committees to seek an exception to the dollar limitation imposed by section 2208(1)(3) of title 10 in the event of a declaration of a national emergency by the President.

REPROGRAMMING GUIDANCE FOR THE DEFENSE HEALTH PROGRAM

The agreement directs that the In-House Care and Private Sector Care budget sub-activities remain designated as congressional special interest items. Any transfer of funds into or out of these sub-activities requires the Secretary of Defense to follow prior approval reprogramming procedures. The Secretary of Defense is further directed to provide a report to the congressional defense committees not later than 30 days after the enactment of this Act that delineates transfers of funds and the dates they occurred from the Private Sector Care budget sub-activity to any other budget sub-activity in fiscal year 2021.

The Assistant Secretary of Defense for Health Affairs is directed to provide quarterly reports and briefings to the congressional defense committees on budget execution data for all of the Defense Health Program budget activities not later than 30 days after the end of each fiscal quarter and to adequately reflect changes to the budget activities requested by the Services in future budget submissions.

CARRYOVER

The agreement provides one percent carryover authority for the Operation and Maintenance account of the Defense Health Program. The Assistant Secretary of Defense for Health Affairs is directed to submit a detailed spend plan for any fiscal year 2021 designated carryover funds to the congressional defense committees not less than 30 days prior to executing the carryover funds.

PEER-REVIEWED CANCER RESEARCH PROGRAM

The agreement provides \$130,000,000 for the peer-reviewed cancer research program to research cancers not addressed in the breast, pancreatic, prostate, ovarian, kidney, lung, melanoma, and rare cancer research programs.

The funds provided in the peer-reviewed cancer research program are directed to be used to conduct research in the following areas: bladder cancer; blood cancers; brain cancer; colorectal cancer; endometrial cancer; esophageal cancer; germ cell cancers; head and neck cancer; liver cancer; lymphoma; mesothelioma; metastatic cancers; myeloma; neuroblastoma; pediatric brain tumors; pediatric, adolescent, and young adult cancers; sarcoma; stomach cancer; thyroid cancer; and Von Hippel-Lindau syndrome malignancies (excluding cancers of the kidney and pancreas).

The peer-reviewed cancer research program shall be used only for the purposes listed above. The inclusion of the individual rare cancer research program shall not prohibit the peer-reviewed cancer research program from funding the above-mentioned cancers or cancer subtypes that may be rare by definition. The report directed under this heading in House Report 117-88 is still required to be provided not later than 12 months after the enactment of this Act.

PEER-REVIEWED MEDICAL RESEARCH PROGRAM

The agreement provides \$370,000,000 for a peer-reviewed medical research program. The Secretary of Defense, in conjunction with the Service Surgeons General, is directed to select medical re-

search projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are restricted to: arthritis, cardiomyopathy, congenital heart disease, diabetes, dystonia, eating disorders, viral diseases, endometriosis, epidermolysis bullosa, familial hypercholesterolemia, fibrous dysplasia, focal segmental glomerulosclerosis, food allergies, Fragile X, frontotemporal degeneration, Guillain-Barre syndrome, hemorrhage control, hepatitis B, hydrocephalus, hypercholesterolemia, hypertension, inflammatory bowel diseases, interstitial cystitis, malaria, mitochondrial disease, myalgic encephalomyelitis/chronic fatigue syndrome, myotonic dystrophy, nephrotic syndrome, non-opioid therapy for pain management, nutrition optimization, pathogen-inactivated blood products, peripheral neuropathy, plant-based vaccines, platelet like cell production, polycystic kidney disease, pressure ulcers, pulmonary fibrosis, respiratory health, Rett syndrome, rheumatoid arthritis, sleep disorders and restriction, suicide prevention, sustained release drug delivery, trauma, vascular malformations, women's heart disease, Ehlers-Danlos syndrome, pancreatitis, musculoskeletal disorders related to acute and chronic bone conditions and injuries, and Friedreich's ataxia. The additional funding provided under the peer-reviewed medical research program shall be devoted only to the purposes listed above.

ELECTRONIC HEALTH RECORDS

The agreement directs the Secretary of Defense to provide a report to the congressional defense committees not later than 90 days after the enactment of this Act on the status of the installation of all remaining information technology and related infrastructure required to complete the deployment of the electronic health record system, including the timeline to complete installation and costs associated, if the Department accelerated the deployment timeline.

The agreement directs the Comptroller General to continue quarterly performance reviews of the deployment of MHS GENESIS with a focus on whether the program is meeting expected cost, schedule, scope, quality, and risk mitigation expectations. It is expected that the Program Executive Officer of Defense Healthcare Management Systems (PEO DHMS) will facilitate quarterly performance reviews by providing the Comptroller General with regular and in-depth access to the program.

The agreement directs the PEO DHMS to provide monthly reports not later than 15 days after the end of each month to the congressional defense committees on the status of all open incident reports, as well as the 46 high priority incident reports, in order to better track the progress of resolving the issues identified in the initial deployment of MHS GENESIS. The PEO DHMS, in conjunction with the Director of the Interagency Program Office and the Director of the Defense Health Agency, is directed to provide quarterly reports not later than 30 days after the end of each fiscal quarter to the congressional defense committees and the Government Accountability Office on the cost of the program, including indirect costs being funded outside of the DHMS Modernization Electronic Health Record program and schedule of the program, to include milestones, knowledge points, and acquisition timelines, as well as quarterly obligation reports.

The Director of the Interagency Program Office is directed to provide quarterly reports to the House and Senate Appropriations Committees, Subcommittees on Defense and Military Construction, Veterans Affairs, and Related Agencies on the progress of interoperability between the two Departments.

JOINT WARFIGHTER MEDICAL RESEARCH PROGRAM

The Assistant Secretary of Defense for Health Affairs is directed to submit a report, not later than 12 months after the enactment of this Act, to the congressional defense committees that lists the projects that receive funding under the Joint Warfighter Medical Research Program. The report shall include the funding amount awarded to each project, a thorough description of each project's research, and the benefit the research will provide to the Department of Defense.

TRAUMATIC BRAIN INJURY/PSYCHOLOGICAL HEALTH

The Assistant Secretary of Defense for Health Affairs is directed to submit a report to the congressional defense committees not later than 18 months after the enactment of this Act on expenditure and obligation data of additional funding added by Congress for psychological health and traumatic brain injury.

ORTHOTICS AND PROSTHETICS OUTCOMES RESEARCH

The Assistant Secretary of Defense for Health Affairs is directed to provide a report, not later than 18 months after the enactment of this Act, to the congressional defense committees on the peer-reviewed projects that receive funding under the Orthotics and Prosthetics Outcomes research funding line. The report shall include the funding amount awarded to each project and the anticipated effect on patient care.

CHRONIC PAIN MANAGEMENT RESEARCH

The funds provided in the chronic pain management research program shall be used to conduct research on the effects of using prescription opioids to manage chronic pain and for researching alternatives, namely non-opioid or non-addictive methods to treat and manage chronic pain, with a focus on issues related to military populations.

DEPARTMENT OF DEFENSE CONTROLLED ACCESS TO HEALTH INFORMATION

The Assistant Secretary of Defense for Health Affairs is directed to provide a report, not later than 180 days after the enactment of this Act, to the congressional defense committees, detailing the implementation of Office of Inspector General (OIG) recommendations related to effectively controlling access to health information of Department of Defense personnel. The report shall include any additional cybersecurity measures taken as a result of the OIG's findings.

MILITARY TREATMENT FACILITY TRANSITION

The agreement notes that the military departments continue to have a significant role in the administration of the military treatment facilities (MTF), especially the transition of more than 40 functional capabilities identified in the Defense Health Agency's (DHA) implementation plan that are wide-ranging, including capabilities like military personnel management, acquisitions, religious support services, clinical operations, and clinical quality. The agreement directs the Comptroller General to provide the congressional defense committees a report not later than 90 days after the enactment of this Act on the status of the transition of MTFs to the DHA. The report shall include (1) a review of functions at facilities that have already transitioned, including DHA's role or management and the administration support that the Services are providing and a timeline for that support to cease; (2) cost implications of the transition, including the Department's plan for maximizing efficiencies and reducing duplication; (3) the current and planned DHA staffing model; and (4) how the DHA will ensure that the Services' medical requirements are considered and met. The agreement further directs the Department to continue to provide any updates regarding the MTF transition directly to the congressional defense committees in a timely manner in order to facilitate appropriate congressional oversight.

REDUCTION OF MILITARY BILLETS

The agreement does not include funding requested in the fiscal year 2022 President's budget request for a reduction in military medical providers in order to increase the number of operational billets required for lethality. The Section 719 Report to Congress on Military Medical Reductions to Meet Operational Requirements was submitted in August 2021, and the agreement finds that questions and concerns remain, especially related to analysis of military medical manpower requirements, market adequacy assumptions, and the ability to hire civilian or contract replacements. The agreement directs the Assistant Secretary of Defense for Health Affairs to brief the congressional defense committees not later than 60 days after the enactment of this Act on the Department's efforts to respond to reports about the quality and availability of civilian providers, along with other concerns raised in the May 2020 Government Accountability Office evaluation regarding the restructuring plan of military treatment facilities.

PEER-REVIEWED TOXIC EXPOSURES RESEARCH PROGRAM

The agreement notes the number of known and unknown potentially harmful substances that servicemembers are exposed to as part of their military service. Research linked to exposures through various congressionally directed medical research programs, including the Peer-Reviewed Neurotoxin Exposure Treatment Parkinson's Research Program, started in 1997 with a focus on dopaminergic neurons that result in Parkinson's disease. Since 2006, the Peer-Reviewed Gulf War Illness Research Program has also received congressionally directed funding to study the health impacts caused by deployment of warfighters during the Persian Gulf War.

The agreement remains committed to helping veterans affected by Parkinson's disease, Gulf War illness, and others exposed to potentially toxic substances which result in multiple, diverse symptoms and health abnormalities.

Transitioning related research to a new, broader program, including neurotoxin exposure treatment research, research on Gulf War illness, exposures to burn pits, and other service-related exposures to potentially toxic chemicals and materials will allow the research community to improve scientific understanding and pathobiology from exposure, more efficiently assess comorbidities, and speed the development of treatments, cures, and preventions. Therefore, the agreement recommends \$30,000,000 for a peer-reviewed toxic exposures research program. The funds provided in this program are directed to be used to conduct research of clear scientific merit and direct relevance to neurotoxin exposure; Gulf War illness and its treatment; airborne hazards and burn pits; as well as toxic military exposures in general, including prophylactic medications, pesticides, organophosphates, toxic industrial chemicals, materials, metals, and minerals. The agreement directs the Director of Congressionally Directed Medical Research Programs, to ensure that the program is conducted using competitive selection and peer-review for the identification of research with the highest technical merit and military benefit. Further, the agreement directs that this program be coordinated with similar activities in the Department of Veterans Affairs. Collaborations between researchers at military or veteran institutions and non-military research institutions are encouraged to leverage the knowledge, infrastructure, and access to military and veteran populations. The inclusion of the toxic exposures research program shall not prohibit research in any other congressionally directed research program that may be associated with conditions or health abnormalities which may have been the result of toxic exposures.

CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE

The agreement provides \$1,094,352,000 for Chemical Agents and Munitions Destruction, Defense, as follows:

MENT AND RELATED AGENCIES APPROPRIA-
TIONS ACT, 2022**

**DIVISION D—ENERGY AND WATER DEVELOPMENT AND
RELATED AGENCIES APPROPRIATIONS ACT, 2022**

TITLE I

CORPS OF ENGINEERS—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The following appropriations shall be expended under the direction of the Secretary of the Army and the supervision of the Chief of Engineers for authorized civil functions of the Department of the Army pertaining to river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related efforts.

INVESTIGATIONS

For expenses necessary where authorized by law for the collection and study of basic information pertaining to river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related needs; for surveys and detailed studies, and plans and specifications of proposed river and harbor, flood and storm damage reduction, shore protection, and aquatic ecosystem restoration projects, and related efforts prior to construction; for restudy of authorized projects; and for miscellaneous investigations, and, when authorized by law, surveys and detailed studies, and plans and specifications of projects prior to construction, \$143,000,000, to remain available until expended: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

CONSTRUCTION

For expenses necessary for the construction of river and harbor, flood and storm damage reduction, shore protection, aquatic ecosystem restoration, and related projects authorized by law; for conducting detailed studies, and plans and specifications, of such projects (including those involving participation by States, local governments, or private groups) authorized or made eligible for selection by law (but such detailed studies, and plans and specifications, shall not constitute a commitment of the Government to construction); \$2,492,800,000, to remain available until expended; of which \$97,539,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of construction costs for facilities under the Dredged Material Disposal Facilities program; and of which such sums as are necessary to cover 35 per-

cent of the costs of construction, replacement, rehabilitation, and expansion of inland waterways projects shall be derived from the Inland Waterways Trust Fund, except as otherwise specifically provided for in law: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

MISSISSIPPI RIVER AND TRIBUTARIES

For expenses necessary for flood damage reduction projects and related efforts in the Mississippi River alluvial valley below Cape Girardeau, Missouri, as authorized by law, \$370,000,000, to remain available until expended, of which \$10,312,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operation and maintenance costs for inland harbors: *Provided*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress.

OPERATION AND MAINTENANCE

For expenses necessary for the operation, maintenance, and care of existing river and harbor, flood and storm damage reduction, aquatic ecosystem restoration, and related projects authorized by law; providing security for infrastructure owned or operated by the Corps, including administrative buildings and laboratories; maintaining harbor channels provided by a State, municipality, or other public agency that serve essential navigation needs of general commerce, where authorized by law; surveying and charting northern and northwestern lakes and connecting waters; clearing and straightening channels; and removing obstructions to navigation, \$4,570,000,000, to remain available until expended, of which \$1,941,442,000, to be derived from the Harbor Maintenance Trust Fund, shall be to cover the Federal share of eligible operations and maintenance costs for coastal harbors and channels, and for inland harbors; of which such sums as become available from the special account for the Corps of Engineers established by the Land and Water Conservation Fund Act of 1965 shall be derived from that account for resource protection, research, interpretation, and maintenance activities related to resource protection in the areas at which outdoor recreation is available; of which such sums as become available from fees collected under section 217 of Public Law 104–303 shall be used to cover the cost of operation and maintenance of the dredged material disposal facilities for which such fees have been collected; and of which \$50,000,000, to be derived from the general fund of the Treasury, shall be to carry out subsection (c) of section 2106 of the Water Resources Reform and Development Act of 2014 (33 U.S.C. 2238c) and shall be designated as being for such purpose pursuant to paragraph (2)(B) of section 14003 of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136): *Provided*, That 1 percent of the total amount of funds provided for each of the programs, projects, or activities funded under this heading shall not be allocated to a field operating activity prior to the beginning of the fourth quarter of the fiscal year and shall be available for use by the Chief of Engineers

to fund such emergency activities as the Chief of Engineers determines to be necessary and appropriate, and that the Chief of Engineers shall allocate during the fourth quarter any remaining funds which have not been used for emergency activities proportionally in accordance with the amounts provided for the programs, projects, or activities: *Provided further*, That the Secretary shall not deviate from the work plan, once the plan has been submitted to the Committees on Appropriations of both Houses of Congress: *Provided further*, That none of the funds provided under this heading in this Act may be used for the projects specified in the table referenced in the succeeding proviso: *Provided further*, That in addition to any amounts otherwise available for necessary expenses to dredge Federal navigation projects in response to, and repair damages to Corps of Engineers Federal projects caused by, natural disasters, available amounts provided under the heading "Operation and Maintenance" in title IV of the Disaster Relief Supplemental Appropriations Act, 2022 shall be used for such purposes in the amounts specified and for the projects specified in the table titled "Corps of Engineers—Damage Repairs" in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): *Provided further*, That expenditures made or obligations incurred under the heading "Corps of Engineers—Civil—Operation and Maintenance" pursuant to the Continuing Appropriations Act, 2022 for necessary expenses to dredge Federal navigation projects in response to, and repair damages to Corps of Engineers Federal projects caused by, natural disasters shall be charged to available amounts provided under the heading "Operation and Maintenance" in title IV of the Disaster Relief Supplemental Appropriations Act, 2022, consistent with the preceding proviso: *Provided further*, That each amount repurposed under this heading in this Act that was previously designated by the Congress as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 or a concurrent resolution on the budget is designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

REGULATORY PROGRAM

For expenses necessary for administration of laws pertaining to regulation of navigable waters and wetlands, \$212,000,000, to remain available until September 30, 2023.

FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM

For expenses necessary to clean up contamination from sites in the United States resulting from work performed as part of the Nation's early atomic energy program, \$300,000,000, to remain available until expended.

FLOOD CONTROL AND COASTAL EMERGENCIES

For expenses necessary to prepare for flood, hurricane, and other natural disasters and support emergency operations, repairs, and

other activities in response to such disasters as authorized by law, \$35,000,000, to remain available until expended.

EXPENSES

For expenses necessary for the supervision and general administration of the civil works program in the headquarters of the Corps of Engineers and the offices of the Division Engineers; and for costs of management and operation of the Humphreys Engineer Center Support Activity, the Institute for Water Resources, the United States Army Engineer Research and Development Center, and the United States Army Corps of Engineers Finance Center allocable to the civil works program, \$208,000,000, to remain available until September 30, 2023, of which not to exceed \$5,000 may be used for official reception and representation purposes and only during the current fiscal year: *Provided*, That no part of any other appropriation provided in this title shall be available to fund the civil works activities of the Office of the Chief of Engineers or the civil works executive direction and management activities of the division offices: *Provided further*, That any Flood Control and Coastal Emergencies appropriation may be used to fund the supervision and general administration of emergency operations, repairs, and other activities in response to any flood, hurricane, or other natural disaster.

OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

For the Office of the Assistant Secretary of the Army for Civil Works as authorized by 10 U.S.C. 3016(b)(3), \$5,000,000, to remain available until September 30, 2023: *Provided*, That not more than 75 percent of such amount may be obligated or expended until the Assistant Secretary submits to the Committees on Appropriations of both Houses of Congress the report required under section 101(d) of this Act and a work plan that allocates at least 95 percent of the additional funding provided under each heading in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), to specific programs, projects, or activities.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM ACCOUNT

For the cost of direct loans and for the cost of guaranteed loans, as authorized by the Water Infrastructure Finance and Innovation Act of 2014, \$5,000,000, to remain available until expended, for safety projects to maintain, upgrade, and repair dams identified in the National Inventory of Dams with a primary owner type of state, local government, public utility, or private: *Provided*, That no project may be funded with amounts provided under this heading for a dam that is identified as jointly owned in the National Inventory of Dams and where one of those joint owners is the Federal Government: *Provided further*, That such costs, including the cost of modifying such loans, shall be as defined in section 502 of the Congressional Budget Act of 1974: *Provided further*, That these funds are available to subsidize gross obligations for the principal amount of direct loans, including capitalized interest, and total

loan principal, including capitalized interest, any part of which is to be guaranteed, not to exceed \$500,000,000: *Provided further*, That within 30 days of enactment of this Act, the Secretary, in consultation with the Office of Management and Budget, shall transmit a report to the Committees on Appropriations of the House of Representatives and the Senate that provides: (1) an analysis of how subsidy rates will be determined for loans financed by appropriations provided under this heading in this Act; (2) a comparison of the factors that will be considered in estimating subsidy rates for loans financed under this heading in this Act with factors that will be considered in estimates of subsidy rates for other projects authorized by the Water Infrastructure Finance and Innovation Act of 2014, including an analysis of how both sets of rates will be determined; and (3) an analysis of the process for developing draft regulations for the Water Infrastructure Finance and Innovation program, including a crosswalk from the statutory requirements for such program, and a timetable for publishing such regulations: *Provided further*, That the use of direct loans or loan guarantee authority under this heading for direct loans or commitments to guarantee loans for any project shall be in accordance with the criteria published in the Federal Register on June 30, 2020 (85 FR 39189) pursuant to the fourth proviso under the heading “Water Infrastructure Finance and Innovation Program Account” in division D of the Further Consolidated Appropriations Act, 2020 (Public Law 116–94): *Provided further*, That none of the direct loans or loan guarantee authority made available under this heading shall be available for any project unless the Secretary and the Director of the Office of Management and Budget have certified in advance in writing that the direct loan or loan guarantee, as applicable, and the project comply with the criteria referenced in the previous proviso: *Provided further*, That any references to the Environmental Protection Agency (EPA) or the Administrator in the criteria referenced in the previous two provisos shall be deemed to be references to the Army Corps of Engineers or the Secretary of the Army, respectively, for purposes of the direct loans or loan guarantee authority made available under this heading: *Provided further*, That for the purposes of carrying out the Congressional Budget Act of 1974, the Director of the Congressional Budget Office may request, and the Secretary shall promptly provide, documentation and information relating to a project identified in a Letter of Interest submitted to the Secretary pursuant to a Notice of Funding Availability for applications for credit assistance under the Water Infrastructure Finance and Innovation Act Program, including with respect to a project that was initiated or completed before the date of enactment of this Act.

In addition, fees authorized to be collected pursuant to sections 5029 and 5030 of the Water Infrastructure Finance and Innovation Act of 2014 shall be deposited in this account, to remain available until expended.

In addition, for administrative expenses to carry out the direct and guaranteed loan programs, \$2,200,000, to remain available until September 30, 2023.

GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL

(INCLUDING TRANSFER OF FUNDS)

SEC. 101. (a) None of the funds provided in title I of this Act, or provided by previous appropriations Acts to the agencies or entities funded in title I of this Act that remain available for obligation or expenditure in fiscal year 2022, shall be available for obligation or expenditure through a reprogramming of funds that:

- (1) creates or initiates a new program, project, or activity;
- (2) eliminates a program, project, or activity;
- (3) increases funds or personnel for any program, project, or activity for which funds have been denied or restricted by this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (4) proposes to use funds directed for a specific activity for a different purpose, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (5) augments or reduces existing programs, projects, or activities in excess of the amounts contained in paragraphs (6) through (10), unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (6) INVESTIGATIONS.—For a base level over \$100,000, reprogramming of 25 percent of the base amount up to a limit of \$150,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$100,000, the reprogramming limit is \$25,000: *Provided further*, That up to \$25,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;
- (7) CONSTRUCTION.—For a base level over \$2,000,000, reprogramming of 15 percent of the base amount up to a limit of \$3,000,000 per project, study or activity is allowed: *Provided*, That for a base level less than \$2,000,000, the reprogramming limit is \$300,000: *Provided further*, That up to \$3,000,000 may be reprogrammed for settled contractor claims, changed conditions, or real estate deficiency judgments: *Provided further*, That up to \$300,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation for existing obligations and concomitant administrative expenses;
- (8) OPERATION AND MAINTENANCE.—Unlimited reprogramming authority is granted for the Corps to be able to respond to emergencies: *Provided*, That the Chief of Engineers shall notify the Committees on Appropriations of both Houses of Congress of these emergency actions as soon thereafter as practicable: *Provided further*, That for a base level over \$1,000,000, reprogramming of 15 percent of the base amount up to a limit of \$5,000,000 per project, study, or activity is allowed: *Provided further*, That for a base level less than \$1,000,000, the reprogramming limit is \$150,000: *Provided further*, That \$150,000 may be reprogrammed into any continuing study or activity that did not receive an appropriation;

(9) MISSISSIPPI RIVER AND TRIBUTARIES.—The reprogramming guidelines in paragraphs (6), (7), and (8) shall apply to the Investigations, Construction, and Operation and Maintenance

portions of the Mississippi River and Tributaries Account, respectively; and

(10) FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM.—Reprogramming of up to 15 percent of the base of the receiving project is permitted.

(b) DE MINIMUS REPROGRAMMINGS.—In no case should a reprogramming for less than \$50,000 be submitted to the Committees on Appropriations of both Houses of Congress.

(c) CONTINUING AUTHORITIES PROGRAM.—Subsection (a)(1) shall not apply to any project or activity funded under the continuing authorities program.

(d) Not later than 60 days after the date of enactment of this Act, the Secretary shall submit a report to the Committees on Appropriations of both Houses of Congress to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year which shall include:

(1) A table for each appropriation with a separate column to display the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if applicable, and the fiscal year enacted level; and

(2) A delineation in the table for each appropriation both by object class and program, project and activity as detailed in the budget appendix for the respective appropriations; and

(3) An identification of items of special congressional interest.

SEC. 102. The Secretary shall allocate funds made available in this Act solely in accordance with the provisions of this Act and in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

SEC. 103. None of the funds made available in this title may be used to award or modify any contract that commits funds beyond the amounts appropriated for that program, project, or activity that remain unobligated, except that such amounts may include any funds that have been made available through reprogramming pursuant to section 101.

SEC. 104. The Secretary of the Army may transfer to the Fish and Wildlife Service, and the Fish and Wildlife Service may accept and expend, up to \$5,400,000 of funds provided in this title under the heading "Operation and Maintenance" to mitigate for fisheries lost due to Corps of Engineers projects.

SEC. 105. None of the funds in this Act shall be used for an open lake placement alternative for dredged material, after evaluating the least costly, environmentally acceptable manner for the disposal or management of dredged material originating from Lake Erie or tributaries thereto, unless it is approved under a State water quality certification pursuant to section 401 of the Federal Water Pollution Control Act (33 U.S.C. 1341): *Provided*, That until an open lake placement alternative for dredged material is approved under a State water quality certification, the Corps of Engineers shall continue upland placement of such dredged material consistent with the requirements of section 101 of the Water Resources Development Act of 1986 (33 U.S.C. 2211).

SEC. 106. None of the funds made available by this Act may be used to carry out any water supply reallocation study under the

Wolf Creek Dam, Lake Cumberland, Kentucky, project authorized under the Act of July 24, 1946 (60 Stat. 636, ch. 595).

SEC. 107. None of the funds made available by this Act or any other Act may be used to reorganize or to transfer the Civil Works functions or authority of the Corps of Engineers or the Secretary of the Army to another department or agency.

SEC. 108. Additional funding provided in this Act shall be allocated only to projects determined to be eligible by the Chief of Engineers.

TITLE II

DEPARTMENT OF THE INTERIOR

CENTRAL UTAH PROJECT

CENTRAL UTAH PROJECT COMPLETION ACCOUNT

For carrying out activities authorized by the Central Utah Project Completion Act, \$23,000,000, to remain available until expended, of which \$5,000,000 shall be deposited into the Utah Reclamation Mitigation and Conservation Account for use by the Utah Reclamation Mitigation and Conservation Commission: *Provided*, That of the amount provided under this heading, \$1,550,000 shall be available until September 30, 2023, for expenses necessary in carrying out related responsibilities of the Secretary of the Interior: *Provided further*, That for fiscal year 2022, of the amount made available to the Commission under this Act or any other Act, the Commission may use an amount not to exceed \$1,850,000 for administrative expenses.

BUREAU OF RECLAMATION

The following appropriations shall be expended to execute authorized functions of the Bureau of Reclamation:

WATER AND RELATED RESOURCES

(INCLUDING TRANSFERS OF FUNDS)

For management, development, and restoration of water and related natural resources and for related activities, including the operation, maintenance, and rehabilitation of reclamation and other facilities, participation in fulfilling related Federal responsibilities to Native Americans, and related grants to, and cooperative and other agreements with, State and local governments, federally recognized Indian Tribes, and others, \$1,747,101,000, to remain available until expended, of which \$71,217,000 shall be available for transfer to the Upper Colorado River Basin Fund and \$19,606,000 shall be available for transfer to the Lower Colorado River Basin Development Fund; of which such amounts as may be necessary may be advanced to the Colorado River Dam Fund: *Provided*, That \$40,000,000 shall be available for transfer into the Blackfeet Water Settlement Implementation Fund established by section 3717 of Public Law 114-322: *Provided further*, That \$100,000 shall be available for transfer into the Aging Infrastructure Account established by section 9603(d)(1) of the Omnibus Public Land Manage-

ment Act of 2009, as amended (43 U.S.C. 510b(d)(1)): *Provided further*, That such transfers, except for the transfer authorized by the preceding proviso, may be increased or decreased within the overall appropriation under this heading: *Provided further*, That of the total appropriated, the amount for program activities that can be financed by the Reclamation Fund, the Water Storage Enhancement Receipts account established by section 4011(e) of Public Law 114–322, or the Bureau of Reclamation special fee account established by 16 U.S.C. 6806 shall be derived from that Fund or account: *Provided further*, That funds contributed under 43 U.S.C. 395 are available until expended for the purposes for which the funds were contributed: *Provided further*, That funds advanced under 43 U.S.C. 397a shall be credited to this account and are available until expended for the same purposes as the sums appropriated under this heading: *Provided further*, That of the amounts made available under this heading, \$10,000,000 shall be deposited in the San Gabriel Basin Restoration Fund established by section 110 of title I of division B of appendix D of Public Law 106–554: *Provided further*, That of the amounts provided herein, funds may be used for high-priority projects which shall be carried out by the Youth Conservation Corps, as authorized by 16 U.S.C. 1706: *Provided further*, That within available funds, \$250,000 shall be for grants and financial assistance for educational activities.

CENTRAL VALLEY PROJECT RESTORATION FUND

For carrying out the programs, projects, plans, habitat restoration, improvement, and acquisition provisions of the Central Valley Project Improvement Act, \$56,499,000, to be derived from such sums as may be collected in the Central Valley Project Restoration Fund pursuant to sections 3407(d), 3404(c)(3), and 3405(f) of Public Law 102–575, to remain available until expended: *Provided*, That the Bureau of Reclamation is directed to assess and collect the full amount of the additional mitigation and restoration payments authorized by section 3407(d) of Public Law 102–575: *Provided further*, That none of the funds made available under this heading may be used for the acquisition or leasing of water for in-stream purposes if the water is already committed to in-stream purposes by a court adopted decree or order.

CALIFORNIA BAY-DELTA RESTORATION

(INCLUDING TRANSFERS OF FUNDS)

For carrying out activities authorized by the Water Supply, Reliability, and Environmental Improvement Act, consistent with plans to be approved by the Secretary of the Interior, \$33,000,000, to remain available until expended, of which such amounts as may be necessary to carry out such activities may be transferred to appropriate accounts of other participating Federal agencies to carry out authorized purposes: *Provided*, That funds appropriated herein may be used for the Federal share of the costs of CALFED Program management: *Provided further*, That CALFED implementation shall be carried out in a balanced manner with clear performance

measures demonstrating concurrent progress in achieving the goals and objectives of the Program.

POLICY AND ADMINISTRATION

For expenses necessary for policy, administration, and related functions in the Office of the Commissioner, the Denver office, and offices in the six regions of the Bureau of Reclamation, to remain available until September 30, 2023, \$64,400,000, to be derived from the Reclamation Fund and be nonreimbursable as provided in 43 U.S.C. 377: *Provided*, That no part of any other appropriation in this Act shall be available for activities or functions budgeted as policy and administration expenses.

ADMINISTRATIVE PROVISION

Appropriations for the Bureau of Reclamation shall be available for purchase and replacement of not to exceed 30 motor vehicles, which are for replacement only.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

SEC. 201. (a) None of the funds provided in title II of this Act for Water and Related Resources, or provided by previous or subsequent appropriations Acts to the agencies or entities funded in title II of this Act for Water and Related Resources that remain available for obligation or expenditure in fiscal year 2022, shall be available for obligation or expenditure through a reprogramming of funds that—

- (1) initiates or creates a new program, project, or activity;
- (2) eliminates a program, project, or activity;
- (3) increases funds for any program, project, or activity for which funds have been denied or restricted by this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (4) restarts or resumes any program, project or activity for which funds are not provided in this Act, unless prior approval is received from the Committees on Appropriations of both Houses of Congress;
- (5) transfers funds in excess of the following limits, unless prior approval is received from the Committees on Appropriations of both Houses of Congress:
 - (A) 15 percent for any program, project or activity for which \$2,000,000 or more is available at the beginning of the fiscal year; or
 - (B) \$400,000 for any program, project or activity for which less than \$2,000,000 is available at the beginning of the fiscal year;
- (6) transfers more than \$500,000 from either the Facilities Operation, Maintenance, and Rehabilitation category or the Resources Management and Development category to any program, project, or activity in the other category, unless prior approval is received from the Committees on Appropriations of both Houses of Congress; or
- (7) transfers, where necessary to discharge legal obligations of the Bureau of Reclamation, more than \$5,000,000 to provide

adequate funds for settled contractor claims, increased contractor earnings due to accelerated rates of operations, and real estate deficiency judgments, unless prior approval is received from the Committees on Appropriations of both Houses of Congress.

(b) Subsection (a)(5) shall not apply to any transfer of funds within the Facilities Operation, Maintenance, and Rehabilitation category.

(c) For purposes of this section, the term “transfer” means any movement of funds into or out of a program, project, or activity.

(d) Except as provided in subsections (a) and (b), the amounts made available in this title under the heading “Bureau of Reclamation—Water and Related Resources” shall be expended for the programs, projects, and activities specified in the “Final Bill” columns in the “Water and Related Resources” table included under the heading “Title II—Department of the Interior” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The Bureau of Reclamation shall submit reports on a quarterly basis to the Committees on Appropriations of both Houses of Congress detailing all the funds reprogrammed between programs, projects, activities, or categories of funding. The first quarterly report shall be submitted not later than 60 days after the date of enactment of this Act.

SEC. 202. (a) None of the funds appropriated or otherwise made available by this Act may be used to determine the final point of discharge for the interceptor drain for the San Luis Unit until development by the Secretary of the Interior and the State of California of a plan, which shall conform to the water quality standards of the State of California as approved by the Administrator of the Environmental Protection Agency, to minimize any detrimental effect of the San Luis drainage waters.

(b) The costs of the Kesterson Reservoir Cleanup Program and the costs of the San Joaquin Valley Drainage Program shall be classified by the Secretary of the Interior as reimbursable or nonreimbursable and collected until fully repaid pursuant to the “Cleanup Program—Alternative Repayment Plan” and the “SJVDP—Alternative Repayment Plan” described in the report entitled “Repayment Report, Kesterson Reservoir Cleanup Program and San Joaquin Valley Drainage Program, February 1995”, prepared by the Department of the Interior, Bureau of Reclamation. Any future obligations of funds by the United States relating to, or providing for, drainage service or drainage studies for the San Luis Unit shall be fully reimbursable by San Luis Unit beneficiaries of such service or studies pursuant to Federal reclamation law.

SEC. 203. Section 9504(e) of the Omnibus Public Land Management Act of 2009 (42 U.S.C. 10364(e)) is amended by striking “\$610,000,000” and inserting “\$750,000,000”.

SEC. 204. Title I of Public Law 108–361 (the CALFED Bay-Delta Authorization Act) (118 Stat. 1681), as amended by section 204 of division D of Public Law 116–260, is amended by striking “2021” each place it appears and inserting “2022”.

SEC. 205. Section 9106(g)(2) of Public Law 111–11 (Omnibus Public Land Management Act of 2009) is amended by striking “2021” and inserting “2022”.

SEC. 206. (a) Section 104(c) of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2214(c)) is amended by striking “2021” and inserting “2022”.

(b) Section 301 of the Reclamation States Emergency Drought Relief Act of 1991 (43 U.S.C. 2241) is amended by striking “2021” and inserting “2022”.

SEC. 207. Section 1101(d) of the Reclamation Projects Authorization and Adjustment Act of 1992 (Public Law 102–575) is amended by striking “\$10,000,000” and inserting “\$13,000,000”.

SEC. 208. None of the funds made available by this Act may be used for pre-construction or construction activities for any project recommended after enactment of the Energy and Water Development and Related Agencies Appropriations Act, 2020 and prior to enactment of this Act by the Secretary of the Interior and transmitted to the appropriate committees of Congress pursuant to section 4007 of the Water Infrastructure Improvements for the Nation Act (Public Law 114–322) if such project is not named in this Act, Public Law 116–260, or Public Law 117–43.

TITLE III

DEPARTMENT OF ENERGY

ENERGY PROGRAMS

ENERGY EFFICIENCY AND RENEWABLE ENERGY

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for energy efficiency and renewable energy activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$3,200,000,000, to remain available until expended: *Provided*, That of such amount, \$209,453,000 shall be available until September 30, 2023, for program direction: *Provided further*, That of the amount appropriated in this paragraph, \$77,047,000 shall be used for projects specified in the table that appears under the heading “Congressionally Directed Spending Energy Efficiency and Renewable Energy Projects” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act): *Provided further*, That section 366(e) of the Energy Policy and Conservation Act (42 U.S.C. 6326(e)) shall not apply to Federal financial assistance provided under part D of title III of the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq.) from amounts made available under this heading in this Act.

CYBERSECURITY, ENERGY SECURITY, AND EMERGENCY RESPONSE

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for energy sector cybersecurity, energy security,

and emergency response activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$185,804,000, to remain available until expended: *Provided*, That of such amount, \$16,000,000 shall be available until September 30, 2023, for program direction: *Provided further*, That of the amount appropriated in this paragraph, \$3,000,000 shall be used for projects specified in the table that appears under the heading “Congressionally Directed Spending Cybersecurity, Energy Security, and Emergency Response Projects” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

ELECTRICITY

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for electricity activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$277,000,000, to remain available until expended: *Provided*, That of such amount, \$20,000,000 shall be available until September 30, 2023, for program direction: *Provided further*, That of the amount appropriated in this paragraph, \$2,850,000 shall be used for projects specified in the table that appears under the heading “Congressionally Directed Spending Electricity Projects” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

NUCLEAR ENERGY

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for nuclear energy activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$1,654,800,000, to remain available until expended: *Provided*, That of such amount, \$80,000,000 shall be available until September 30, 2023, for program direction: *Provided further*, That for the purpose of section 954(a)(6) of the Energy Policy Act of 2005, as amended, the only amount available shall be from the amount specified as including that purpose in the “Final Bill” column in the “Department of Energy” table included under the heading “Title III—Department of Energy” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

FOSSIL ENERGY AND CARBON MANAGEMENT

For Department of Energy expenses necessary in carrying out fossil energy and carbon management research and development activities, under the authority of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition of in-

terest, including defeasible and equitable interests in any real property or any facility or for plant or facility acquisition or expansion, and for conducting inquiries, technological investigations and research concerning the extraction, processing, use, and disposal of mineral substances without objectionable social and environmental costs (30 U.S.C. 3, 1602, and 1603), \$825,000,000, to remain available until expended: *Provided*, That of such amount \$66,800,000 shall be available until September 30, 2023, for program direction: *Provided further*, That of the amount appropriated in this paragraph, \$20,199,000 shall be used for projects specified in the table that appears under the heading “Congressionally Directed Spending Fossil Energy and Carbon Management Projects” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

NAVAL PETROLEUM AND OIL SHALE RESERVES

For Department of Energy expenses necessary to carry out naval petroleum and oil shale reserve activities, \$13,650,000, to remain available until expended: *Provided*, That notwithstanding any other provision of law, unobligated funds remaining from prior years shall be available for all naval petroleum and oil shale reserve activities.

STRATEGIC PETROLEUM RESERVE

For Department of Energy expenses necessary for Strategic Petroleum Reserve facility development and operations and program management activities pursuant to the Energy Policy and Conservation Act (42 U.S.C. 6201 et seq.), \$219,000,000, to remain available until expended.

SPR PETROLEUM ACCOUNT

For the acquisition, transportation, and injection of petroleum products, and for other necessary expenses pursuant to the Energy Policy and Conservation Act of 1975, as amended (42 U.S.C. 6201 et seq.), sections 403 and 404 of the Bipartisan Budget Act of 2015 (42 U.S.C. 6241, 6239 note), and section 5010 of the 21st Century Cures Act (Public Law 114-255), \$7,350,000, to remain available until expended.

NORTHEAST HOME HEATING OIL RESERVE

For Department of Energy expenses necessary for Northeast Home Heating Oil Reserve storage, operation, and management activities pursuant to the Energy Policy and Conservation Act (42 U.S.C. 6201 et seq.), \$6,500,000, to remain available until expended.

ENERGY INFORMATION ADMINISTRATION

For Department of Energy expenses necessary in carrying out the activities of the Energy Information Administration, \$129,087,000, to remain available until expended.

NON-DEFENSE ENVIRONMENTAL CLEANUP

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses necessary for non-defense environmental cleanup activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$333,863,000, to remain available until expended: *Provided*, That, in addition, fees collected pursuant to subsection (b)(1) of section 6939f of title 42, United States Code, and deposited under this heading in fiscal year 2022 pursuant to section 309 of title III of division C of Public Law 116-94 are appropriated, to remain available until expended, for mercury storage costs.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

For Department of Energy expenses necessary in carrying out uranium enrichment facility decontamination and decommissioning, remedial actions, and other activities of title II of the Atomic Energy Act of 1954, and title X, subtitle A, of the Energy Policy Act of 1992, \$860,000,000, to be derived from the Uranium Enrichment Decontamination and Decommissioning Fund, to remain available until expended, of which \$16,155,000 shall be available in accordance with title X, subtitle A, of the Energy Policy Act of 1992.

SCIENCE

For Department of Energy expenses including the purchase, construction, and acquisition of plant and capital equipment, and other expenses necessary for science activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, and purchase of not more than 35 passenger motor vehicles, including one ambulance, for replacement only, \$7,475,000,000, to remain available until expended: *Provided*, That of such amount, \$202,000,000 shall be available until September 30, 2023, for program direction.

NUCLEAR WASTE DISPOSAL

For Department of Energy expenses necessary for nuclear waste disposal activities to carry out the purposes of the Nuclear Waste Policy Act of 1982, Public Law 97-425, as amended, including interim storage activities, \$27,500,000, to remain available until expended, of which \$7,500,000 shall be derived from the Nuclear Waste Fund.

TECHNOLOGY TRANSITIONS

For Department of Energy expenses necessary for carrying out the activities of technology transitions, \$19,470,000, to remain available until expended: *Provided*, That of such amount,

\$8,375,000 shall be available until September 30, 2023, for program direction.

CLEAN ENERGY DEMONSTRATIONS

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses necessary for clean energy demonstrations in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$20,000,000, to remain available until expended: *Provided*, That of such amount, \$8,000,000 shall be available until September 30, 2023, for program direction.

ADVANCED RESEARCH PROJECTS AGENCY—ENERGY

For Department of Energy expenses necessary in carrying out the activities authorized by section 5012 of the America COMPETES Act (Public Law 110–69), \$450,000,000, to remain available until expended: *Provided*, That of such amount, \$36,000,000 shall be available until September 30, 2023, for program direction.

TITLE 17 INNOVATIVE TECHNOLOGY LOAN GUARANTEE PROGRAM

Such sums as are derived from amounts received from borrowers pursuant to section 1702(b) of the Energy Policy Act of 2005 under this heading in prior Acts, shall be collected in accordance with section 502(7) of the Congressional Budget Act of 1974: *Provided*, That for necessary administrative expenses of the Title 17 Innovative Technology Loan Guarantee Program, as authorized, \$32,000,000 is appropriated, to remain available until September 30, 2023: *Provided further*, That up to \$32,000,000 of fees collected in fiscal year 2022 pursuant to section 1702(h) of the Energy Policy Act of 2005 shall be credited as offsetting collections under this heading and used for necessary administrative expenses in this appropriation and shall remain available until September 30, 2023: *Provided further*, That to the extent that fees collected in fiscal year 2022 exceed \$32,000,000, those excess amounts shall be credited as offsetting collections under this heading and available in future fiscal years only to the extent provided in advance in appropriations Acts: *Provided further*, That the sum herein appropriated from the general fund shall be reduced (1) as such fees are received during fiscal year 2022 (estimated at \$3,000,000) and (2) to the extent that any remaining general fund appropriations can be derived from fees collected in previous fiscal years that are not otherwise appropriated, so as to result in a final fiscal year 2022 appropriation from the general fund estimated at \$0: *Provided further*, That the Department of Energy shall not subordinate any loan obligation to other financing in violation of section 1702 of the Energy Policy Act of 2005 or subordinate any Guaranteed Obligation to any loan or other debt obligations in violation of section 609.10 of title 10, Code of Federal Regulations.

ADVANCED TECHNOLOGY VEHICLES MANUFACTURING LOAN PROGRAM

For Department of Energy administrative expenses necessary in carrying out the Advanced Technology Vehicles Manufacturing Loan Program, \$5,000,000, to remain available until September 30, 2023.

TRIBAL ENERGY LOAN GUARANTEE PROGRAM

For Department of Energy administrative expenses necessary in carrying out the Tribal Energy Loan Guarantee Program, \$2,000,000, to remain available until September 30, 2023: *Provided*, That under section 2602(c) of the Energy Policy Act of 1992 (25 U.S.C. 3502(c)), the Secretary of Energy may also provide direct loans, as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a): *Provided further*, That such direct loans shall be made through the Federal Financing Bank, with the full faith and credit of the United States Government on the principal and interest: *Provided further*, That any funds previously appropriated for the cost of loan guarantees under section 2602(c) of the Energy Policy Act of 1992 (25 U.S.C. 3502(c)) may also be used for the cost of direct loans provided under such section of such Act.

INDIAN ENERGY POLICY AND PROGRAMS

For necessary expenses for Indian Energy activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), \$58,000,000, to remain available until expended: *Provided*, That of the amount appropriated under this heading, \$5,523,000 shall be available until September 30, 2023, for program direction.

DEPARTMENTAL ADMINISTRATION

For salaries and expenses of the Department of Energy necessary for departmental administration in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), \$340,578,000, to remain available until September 30, 2023, including the hire of passenger motor vehicles and official reception and representation expenses not to exceed \$30,000, plus such additional amounts as necessary to cover increases in the estimated amount of cost of work for others notwithstanding the provisions of the Anti-Deficiency Act (31 U.S.C. 1511 et seq.): *Provided*, That such increases in cost of work are offset by revenue increases of the same or greater amount: *Provided further*, That moneys received by the Department for miscellaneous revenues estimated to total \$100,578,000 in fiscal year 2022 may be retained and used for operating expenses within this account, as authorized by section 201 of Public Law 95-238, notwithstanding the provisions of 31 U.S.C. 3302: *Provided further*, That the sum herein appropriated shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2022 appropriation from the general fund estimated at not more than \$240,000,000.

OFFICE OF THE INSPECTOR GENERAL

For expenses necessary for the Office of the Inspector General in carrying out the provisions of the Inspector General Act of 1978, \$78,000,000, to remain available until September 30, 2023.

ATOMIC ENERGY DEFENSE ACTIVITIES

NATIONAL NUCLEAR SECURITY ADMINISTRATION

WEAPONS ACTIVITIES

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for atomic energy defense weapons activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, and the purchase of not to exceed one ambulance, for replacement only, \$15,920,000,000, to remain available until expended: *Provided*, That of such amount, \$117,060,000 shall be available until September 30, 2023, for program direction.

DEFENSE NUCLEAR NONPROLIFERATION

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other incidental expenses necessary for defense nuclear nonproliferation activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$2,354,000,000, to remain available until expended.

NAVAL REACTORS

(INCLUDING TRANSFER OF FUNDS)

For Department of Energy expenses necessary for naval reactors activities to carry out the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition (by purchase, condemnation, construction, or otherwise) of real property, plant, and capital equipment, facilities, and facility expansion, \$1,918,000,000, to remain available until expended, of which, \$92,747,000 shall be transferred to “Department of Energy—Energy Programs—Nuclear Energy”, for the Advanced Test Reactor: *Provided*, That of such amount, \$55,579,000 shall be available until September 30, 2023, for program direction.

FEDERAL SALARIES AND EXPENSES

For expenses necessary for Federal Salaries and Expenses in the National Nuclear Security Administration, \$464,000,000, to remain available until September 30, 2023, including official reception and representation expenses not to exceed \$17,000.

ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

DEFENSE ENVIRONMENTAL CLEANUP

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses necessary for atomic energy defense environmental cleanup activities in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, and the purchase of not to exceed one passenger minivan for replacement only, \$6,710,000,000, to remain available until expended: *Provided*, That of such amount, \$305,207,000 shall be available until September 30, 2023, for program direction.

DEFENSE URANIUM ENRICHMENT DECONTAMINATION AND
DECOMMISSIONING

(INCLUDING TRANSFER OF FUNDS)

For an additional amount for atomic energy defense environmental cleanup activities for Department of Energy contributions for uranium enrichment decontamination and decommissioning activities, \$573,333,000, to be deposited into the Defense Environmental Cleanup account, which shall be transferred to the “Uranium Enrichment Decontamination and Decommissioning Fund”.

OTHER DEFENSE ACTIVITIES

For Department of Energy expenses, including the purchase, construction, and acquisition of plant and capital equipment and other expenses, necessary for atomic energy defense, other defense activities, and classified activities, in carrying out the purposes of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including the acquisition or condemnation of any real property or any facility or for plant or facility acquisition, construction, or expansion, \$985,000,000, to remain available until expended: *Provided*, That of such amount, \$337,636,000 shall be available until September 30, 2023, for program direction.

POWER MARKETING ADMINISTRATIONS

BONNEVILLE POWER ADMINISTRATION FUND

Expenditures from the Bonneville Power Administration Fund, established pursuant to Public Law 93–454, are approved for the Umatilla Hatchery Facility project and, in addition, for official reception and representation expenses in an amount not to exceed \$5,000: *Provided*, That during fiscal year 2022, no new direct loan obligations may be made.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER
ADMINISTRATION

For expenses necessary for operation and maintenance of power transmission facilities and for marketing electric power and energy,

including transmission wheeling and ancillary services, pursuant to section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the southeastern power area, \$7,184,000, including official reception and representation expenses in an amount not to exceed \$1,500, to remain available until expended: *Provided*, That notwithstanding 31 U.S.C. 3302 and section 5 of the Flood Control Act of 1944, up to \$7,184,000 collected by the Southeastern Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended for the sole purpose of funding the annual expenses of the Southeastern Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2022 appropriation estimated at not more than \$0: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$53,000,000 collected by the Southeastern Power Administration pursuant to the Flood Control Act of 1944 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred (excluding purchase power and wheeling expenses).

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER ADMINISTRATION

For expenses necessary for operation and maintenance of power transmission facilities and for marketing electric power and energy, for construction and acquisition of transmission lines, substations and appurtenant facilities, and for administrative expenses, including official reception and representation expenses in an amount not to exceed \$1,500 in carrying out section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), as applied to the Southwestern Power Administration, \$48,324,000, to remain available until expended: *Provided*, That notwithstanding 31 U.S.C. 3302 and section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), up to \$37,924,000 collected by the Southwestern Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended, for the sole purpose of funding the annual expenses of the Southwestern Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2022 appropriation estimated at not more than \$10,400,000: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$39,000,000 collected by the Southwestern Power Administration pursuant to the Flood Control Act of 1944 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recov-

ered in the same year that they are incurred (excluding purchase power and wheeling expenses).

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE,
WESTERN AREA POWER ADMINISTRATION

For carrying out the functions authorized by title III, section 302(a)(1)(E) of the Act of August 4, 1977 (42 U.S.C. 7152), and other related activities including conservation and renewable resources programs as authorized, \$285,237,000, including official reception and representation expenses in an amount not to exceed \$1,500, to remain available until expended, of which \$285,237,000 shall be derived from the Department of the Interior Reclamation Fund: *Provided*, That notwithstanding 31 U.S.C. 3302, section 5 of the Flood Control Act of 1944 (16 U.S.C. 825s), and section 1 of the Interior Department Appropriation Act, 1939 (43 U.S.C. 392a), up to \$194,465,000 collected by the Western Area Power Administration from the sale of power and related services shall be credited to this account as discretionary offsetting collections, to remain available until expended, for the sole purpose of funding the annual expenses of the Western Area Power Administration: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2022 appropriation estimated at not more than \$90,772,000, of which \$90,772,000 is derived from the Reclamation Fund: *Provided further*, That notwithstanding 31 U.S.C. 3302, up to \$170,000,000 collected by the Western Area Power Administration pursuant to the Flood Control Act of 1944 and the Reclamation Project Act of 1939 to recover purchase power and wheeling expenses shall be credited to this account as offsetting collections, to remain available until expended for the sole purpose of making purchase power and wheeling expenditures: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred (excluding purchase power and wheeling expenses).

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

For operation, maintenance, and emergency costs for the hydroelectric facilities at the Falcon and Amistad Dams, \$5,808,000, to remain available until expended, and to be derived from the Falcon and Amistad Operating and Maintenance Fund of the Western Area Power Administration, as provided in section 2 of the Act of June 18, 1954 (68 Stat. 255): *Provided*, That notwithstanding the provisions of that Act and of 31 U.S.C. 3302, up to \$5,580,000 collected by the Western Area Power Administration from the sale of power and related services from the Falcon and Amistad Dams shall be credited to this account as discretionary offsetting collections, to remain available until expended for the sole purpose of funding the annual expenses of the hydroelectric facilities of these Dams and associated Western Area Power Administration activities: *Provided further*, That the sum herein appropriated for annual expenses shall be reduced as collections are received during the fiscal year so as to result in a final fiscal year 2022 appropriation es-

timated at not more than \$228,000: *Provided further*, That for purposes of this appropriation, annual expenses means expenditures that are generally recovered in the same year that they are incurred: *Provided further*, That for fiscal year 2022, the Administrator of the Western Area Power Administration may accept up to \$1,737,000 in funds contributed by United States power customers of the Falcon and Amistad Dams for deposit into the Falcon and Amistad Operating and Maintenance Fund, and such funds shall be available for the purpose for which contributed in like manner as if said sums had been specifically appropriated for such purpose: *Provided further*, That any such funds shall be available without further appropriation and without fiscal year limitation for use by the Commissioner of the United States Section of the International Boundary and Water Commission for the sole purpose of operating, maintaining, repairing, rehabilitating, replacing, or upgrading the hydroelectric facilities at these Dams in accordance with agreements reached between the Administrator, Commissioner, and the power customers.

FEDERAL ENERGY REGULATORY COMMISSION

SALARIES AND EXPENSES

For expenses necessary for the Federal Energy Regulatory Commission to carry out the provisions of the Department of Energy Organization Act (42 U.S.C. 7101 et seq.), including services as authorized by 5 U.S.C. 3109, official reception and representation expenses not to exceed \$3,000, and the hire of passenger motor vehicles, \$466,426,000, to remain available until expended: *Provided*, That notwithstanding any other provision of law, not to exceed \$466,426,000 of revenues from fees and annual charges, and other services and collections in fiscal year 2022 shall be retained and used for expenses necessary in this account, and shall remain available until expended: *Provided further*, That the sum herein appropriated from the general fund shall be reduced as revenues are received during fiscal year 2022 so as to result in a final fiscal year 2022 appropriation from the general fund estimated at not more than \$0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

SEC. 301. (a) No appropriation, funds, or authority made available by this title for the Department of Energy shall be used to initiate or resume any program, project, or activity or to prepare or initiate Requests For Proposals or similar arrangements (including Requests for Quotations, Requests for Information, and Funding Opportunity Announcements) for a program, project, or activity if the program, project, or activity has not been funded by Congress.

(b)(1) Unless the Secretary of Energy notifies the Committees on Appropriations of both Houses of Congress at least 3 full business days in advance, none of the funds made available in this title may be used to—

(A) make a grant allocation or discretionary grant award totaling \$1,000,000 or more;

(B) make a discretionary contract award or Other Transaction Agreement totaling \$1,000,000 or more, including a contract covered by the Federal Acquisition Regulation;

(C) issue a letter of intent to make an allocation, award, or Agreement in excess of the limits in subparagraph (A) or (B); or

(D) announce publicly the intention to make an allocation, award, or Agreement in excess of the limits in subparagraph (A) or (B).

(2) The Secretary of Energy shall submit to the Committees on Appropriations of both Houses of Congress within 15 days of the conclusion of each quarter a report detailing each grant allocation or discretionary grant award totaling less than \$1,000,000 provided during the previous quarter.

(3) The notification required by paragraph (1) and the report required by paragraph (2) shall include the recipient of the award, the amount of the award, the fiscal year for which the funds for the award were appropriated, the account and program, project, or activity from which the funds are being drawn, the title of the award, and a brief description of the activity for which the award is made.

(c) The Department of Energy may not, with respect to any program, project, or activity that uses budget authority made available in this title under the heading “Department of Energy—Energy Programs”, enter into a multiyear contract, award a multiyear grant, or enter into a multiyear cooperative agreement unless—

(1) the contract, grant, or cooperative agreement is funded for the full period of performance as anticipated at the time of award; or

(2) the contract, grant, or cooperative agreement includes a clause conditioning the Federal Government’s obligation on the availability of future year budget authority and the Secretary notifies the Committees on Appropriations of both Houses of Congress at least 3 days in advance.

(d) Except as provided in subsections (e), (f), and (g), the amounts made available by this title shall be expended as authorized by law for the programs, projects, and activities specified in the “Final Bill” column in the “Department of Energy” table included under the heading “Title III—Department of Energy” in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(e) The amounts made available by this title may be reprogrammed for any program, project, or activity, and the Department shall notify, and obtain the prior approval of, the Committees on Appropriations of both Houses of Congress at least 30 days prior to the use of any proposed reprogramming that would cause any program, project, or activity funding level to increase or decrease by more than \$5,000,000 or 10 percent, whichever is less, during the time period covered by this Act.

(f) None of the funds provided in this title shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates, initiates, or eliminates a program, project, or activity;

(2) increases funds or personnel for any program, project, or activity for which funds are denied or restricted by this Act; or

(3) reduces funds that are directed to be used for a specific program, project, or activity by this Act.

(g)(1) The Secretary of Energy may waive any requirement or restriction in this section that applies to the use of funds made available for the Department of Energy if compliance with such requirement or restriction would pose a substantial risk to human health, the environment, welfare, or national security.

(2) The Secretary of Energy shall notify the Committees on Appropriations of both Houses of Congress of any waiver under paragraph (1) as soon as practicable, but not later than 3 days after the date of the activity to which a requirement or restriction would otherwise have applied. Such notice shall include an explanation of the substantial risk under paragraph (1) that permitted such waiver.

(h) The unexpended balances of prior appropriations provided for activities in this Act may be available to the same appropriation accounts for such activities established pursuant to this title. Available balances may be merged with funds in the applicable established accounts and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 302. Funds appropriated by this or any other Act, or made available by the transfer of funds in this Act, for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 3094) during fiscal year 2022 until the enactment of the Intelligence Authorization Act for fiscal year 2022.

SEC. 303. None of the funds made available in this title shall be used for the construction of facilities classified as high-hazard nuclear facilities under 10 CFR Part 830 unless independent oversight is conducted by the Office of Enterprise Assessments to ensure the project is in compliance with nuclear safety requirements.

SEC. 304. None of the funds made available in this title may be used to approve critical decision-2 or critical decision-3 under Department of Energy Order 413.3B, or any successive departmental guidance, for construction projects where the total project cost exceeds \$100,000,000, until a separate independent cost estimate has been developed for the project for that critical decision.

SEC. 305. Notwithstanding section 161 of the Energy Policy and Conservation Act (42 U.S.C. 6241), upon a determination by the President in this fiscal year that a regional supply shortage of refined petroleum product of significant scope and duration exists, that a severe increase in the price of refined petroleum product will likely result from such shortage, and that a draw down and sale of refined petroleum product would assist directly and significantly in reducing the adverse impact of such shortage, the Secretary of Energy may draw down and sell refined petroleum product from the Strategic Petroleum Reserve. Proceeds from a sale under this section shall be deposited into the SPR Petroleum Account established in section 167 of the Energy Policy and Conservation Act (42 U.S.C. 6247), and such amounts shall be available for obligation, without fiscal year limitation, consistent with that section.

SEC. 306. No funds shall be transferred directly from “Department of Energy—Power Marketing Administration—Colorado River Basins Power Marketing Fund, Western Area Power Administration” to the general fund of the Treasury in the current fiscal year.

SEC. 307. (a) Of the unobligated balances available to the Department of Energy from amounts appropriated in prior Acts, the following funds are hereby rescinded from the following accounts and programs in the specified amounts—

- (1) “Defense Nuclear Nonproliferation” for the construction project “99–D–143”, \$282,133,000; and
- (2) “Naval Reactors”, \$6,000,000.

(b) No amounts may be rescinded under subsection (a) from amounts that were previously designated by the Congress as an emergency requirement pursuant to a concurrent resolution on the budget or the Balanced Budget and Emergency Deficit Control Act of 1985.

SEC. 308. Of the unavailable collections currently in the United States Enrichment Corporation Fund, \$841,000,000 shall be transferred to and merged with the Uranium Enrichment Decontamination and Decommissioning Fund and shall be available only to the extent provided in advance in appropriations Acts.

TITLE IV

INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

For expenses necessary to carry out the programs authorized by the Appalachian Regional Development Act of 1965, as amended, notwithstanding 40 U.S.C. 14704, and for expenses necessary for the Federal Co-Chairman and the Alternate on the Appalachian Regional Commission, for payment of the Federal share of the administrative expenses of the Commission, including services as authorized by 5 U.S.C. 3109, and hire of passenger motor vehicles, \$195,000,000, to remain available until expended.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

SALARIES AND EXPENSES

For expenses necessary for the Defense Nuclear Facilities Safety Board in carrying out activities authorized by the Atomic Energy Act of 1954, as amended by Public Law 100–456, section 1441, \$36,000,000, to remain available until September 30, 2023.

DELTA REGIONAL AUTHORITY

SALARIES AND EXPENSES

For expenses necessary for the Delta Regional Authority and to carry out its activities, as authorized by the Delta Regional Authority Act of 2000, notwithstanding sections 382F(d), 382M, and 382N of said Act, \$30,100,000, to remain available until expended.

DENALI COMMISSION

For expenses necessary for the Denali Commission including the purchase, construction, and acquisition of plant and capital equipment as necessary and other expenses, \$15,100,000, to remain available until expended, notwithstanding the limitations contained in section 306(g) of the Denali Commission Act of 1998: *Provided*, That funds shall be available for construction projects for which the Denali Commission is the sole or primary funding source in an amount not to exceed 80 percent of total project cost for distressed communities, as defined by section 307 of the Denali Commission Act of 1998 (division C, title III, Public Law 105–277), as amended by section 701 of appendix D, title VII, Public Law 106–113 (113 Stat. 1501A–280), and an amount not to exceed 50 percent for non-distressed communities: *Provided further*, That notwithstanding any other provision of law regarding payment of a non-Federal share in connection with a grant-in-aid program, amounts under this heading shall be available for the payment of such a non-Federal share for any project for which the Denali Commission is not the sole or primary funding source, provided that such project is consistent with the purposes of the Commission.

NORTHERN BORDER REGIONAL COMMISSION

For expenses necessary for the Northern Border Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$35,000,000, to remain available until expended: *Provided*, That such amounts shall be available for administrative expenses, notwithstanding section 15751(b) of title 40, United States Code.

SOUTHEAST CRESCENT REGIONAL COMMISSION

For expenses necessary for the Southeast Crescent Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$5,000,000, to remain available until expended.

SOUTHWEST BORDER REGIONAL COMMISSION

For expenses necessary for the Southwest Border Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$2,500,000, to remain available until expended.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

For expenses necessary for the Commission in carrying out the purposes of the Energy Reorganization Act of 1974 and the Atomic Energy Act of 1954, \$873,901,000, including official representation expenses not to exceed \$25,000, to remain available until expended: *Provided*, That of the amount appropriated herein, not more than \$9,500,000 may be made available for salaries, travel, and other support costs for the Office of the Commission, to remain available until September 30, 2023: *Provided further*, That revenues from li-

censing fees, inspection services, and other services and collections estimated at \$745,258,000 in fiscal year 2022 shall be retained and used for necessary salaries and expenses in this account, notwithstanding 31 U.S.C. 3302, and shall remain available until expended: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2022 so as to result in a final fiscal year 2022 appropriation estimated at not more than \$128,643,000.

OFFICE OF INSPECTOR GENERAL

For expenses necessary for the Office of Inspector General in carrying out the provisions of the Inspector General Act of 1978, \$13,799,000, to remain available until September 30, 2023: *Provided*, That revenues from licensing fees, inspection services, and other services and collections estimated at \$11,442,000 in fiscal year 2022 shall be retained and be available until September 30, 2023, for necessary salaries and expenses in this account, notwithstanding section 3302 of title 31, United States Code: *Provided further*, That the sum herein appropriated shall be reduced by the amount of revenues received during fiscal year 2022 so as to result in a final fiscal year 2022 appropriation estimated at not more than \$2,357,000: *Provided further*, That of the amounts appropriated under this heading, \$1,146,000 shall be for Inspector General services for the Defense Nuclear Facilities Safety Board.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

SALARIES AND EXPENSES

For expenses necessary for the Nuclear Waste Technical Review Board, as authorized by Public Law 100–203, section 5051, \$3,800,000, to be derived from the Nuclear Waste Fund, to remain available until September 30, 2023.

GENERAL PROVISIONS—INDEPENDENT AGENCIES

SEC. 401. The Nuclear Regulatory Commission shall comply with the July 5, 2011, version of Chapter VI of its Internal Commission Procedures when responding to Congressional requests for information, consistent with Department of Justice guidance for all Federal agencies.

SEC. 402. (a) The amounts made available by this title for the Nuclear Regulatory Commission may be reprogrammed for any program, project, or activity, and the Commission shall notify the Committees on Appropriations of both Houses of Congress at least 30 days prior to the use of any proposed reprogramming that would cause any program funding level to increase or decrease by more than \$500,000 or 10 percent, whichever is less, during the time period covered by this Act.

(b)(1) The Nuclear Regulatory Commission may waive the notification requirement in subsection (a) if compliance with such requirement would pose a substantial risk to human health, the environment, welfare, or national security.

(2) The Nuclear Regulatory Commission shall notify the Committees on Appropriations of both Houses of Congress of any waiver

under paragraph (1) as soon as practicable, but not later than 3 days after the date of the activity to which a requirement or restriction would otherwise have applied. Such notice shall include an explanation of the substantial risk under paragraph (1) that permitted such waiver and shall provide a detailed report to the Committees of such waiver and changes to funding levels to programs, projects, or activities.

(c) Except as provided in subsections (a), (b), and (d), the amounts made available by this title for “Nuclear Regulatory Commission—Salaries and Expenses” shall be expended as directed in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act).

(d) None of the funds provided for the Nuclear Regulatory Commission shall be available for obligation or expenditure through a reprogramming of funds that increases funds or personnel for any program, project, or activity for which funds are denied or restricted by this Act.

(e) The Commission shall provide a monthly report to the Committees on Appropriations of both Houses of Congress, which includes the following for each program, project, or activity, including any prior year appropriations—

- (1) total budget authority;
- (2) total unobligated balances; and
- (3) total unliquidated obligations.

TITLE V

GENERAL PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

SEC. 501. None of the funds appropriated by this Act may be used in any way, directly or indirectly, to influence congressional action on any legislation or appropriation matters pending before Congress, other than to communicate to Members of Congress as described in 18 U.S.C. 1913.

SEC. 502. (a) None of the funds made available in title III of this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by or transfer authority provided in this Act or any other appropriations Act for any fiscal year, transfer authority referenced in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), or any authority whereby a department, agency, or instrumentality of the United States Government may provide goods or services to another department, agency, or instrumentality.

(b) None of the funds made available for any department, agency, or instrumentality of the United States Government may be transferred to accounts funded in title III of this Act, except pursuant to a transfer made by or transfer authority provided in this Act or any other appropriations Act for any fiscal year, transfer authority referenced in the explanatory statement described in section 4 (in the matter preceding division A of this consolidated Act), or any authority whereby a department, agency, or instrumentality of the

United States Government may provide goods or services to another department, agency, or instrumentality.

(c) The head of any relevant department or agency funded in this Act utilizing any transfer authority shall submit to the Committees on Appropriations of both Houses of Congress a semiannual report detailing the transfer authorities, except for any authority whereby a department, agency, or instrumentality of the United States Government may provide goods or services to another department, agency, or instrumentality, used in the previous 6 months and in the year-to-date. This report shall include the amounts transferred and the purposes for which they were transferred, and shall not replace or modify existing notification requirements for each authority.

SEC. 503. None of the funds made available by this Act may be used in contravention of Executive Order No. 12898 of February 11, 1994 (Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations).

SEC. 504. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, Tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 505. The nineteenth proviso under the heading “Fossil Energy and Carbon Management” in title III of division J of Public Law 117–58 is amended by striking “(b)” each place it appears and inserting “(h)”: *Provided*, That amounts repurposed pursuant to this section that were previously designated by the Congress as an emergency requirement pursuant to section 4112(a) of H. Con. Res. 71 (115th Congress), the concurrent resolution on the budget for fiscal year 2018, and to section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985 are designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

This division may be cited as the “Energy and Water Development and Related Agencies Appropriations Act, 2022”.

[CLERK’S NOTE.—Reproduced below is the material relating to division D contained in the Explanatory Statement regarding H.R. 2471, the Consolidated Appropriations Act, 2022.¹]

**DIVISION D—ENERGY AND WATER DEVELOPMENT AND
RELATED AGENCIES APPROPRIATIONS ACT, 2022**

The following statement to the House of Representatives and the Senate is submitted in explanation of the agreed upon Act making appropriations for energy and water development for the fiscal year ending September 30, 2022, and for other purposes.

The explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, the language set forth in House Report 117–98 and Senate Report 117–36 carries the same weight as the language included in this explanatory statement and should be complied with unless specifically addressed to the contrary in this explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein. Additionally, where this explanatory statement states that the “agreement only includes” or “the following is the only” direction, any direction included in the House or Senate report on that matter shall be considered as replaced with the direction provided within this explanatory statement. In cases where the House, the Senate, or this explanatory statement has directed a briefing or the submission of a report, such briefing or report is to be submitted to the Committees on Appropriations of both Houses of Congress, hereinafter referred to as the Committees. House or Senate reporting requirements with deadlines prior to or within 15 days of enactment of this Act shall be submitted not later than 60 days after enactment of this Act. All other reporting deadlines not changed by this explanatory statement are to be met.

Funds for the individual programs and activities within the accounts in this Act are displayed in the detailed table at the end of the explanatory statement for this Act. Funding levels that are not displayed in the detailed table are identified in this explanatory statement.

In fiscal year 2022, for purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99–177), the following information provides the definition of the term “program, project, or activity” for departments and agencies under the jurisdiction of the Energy and Water Development and Related Agencies Appropriations Act. The term “program, project, or activity” shall include the most specific level of budget items identified in the Energy and Water Development and Related Agencies Appro-

priations Act, 2022 and the explanatory statement accompanying this Act.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on their efforts relating to such implementation not later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees not later than 180 days after enactment of this Act on their efforts to so participate.

TITLE I—CORPS OF ENGINEERS—CIVIL

DEPARTMENT OF THE ARMY

CORPS OF ENGINEERS—CIVIL

The summary tables included in this title set forth the dispositions with respect to the individual appropriations, projects, and activities of the Corps of Engineers (Corps). Additional items of this Act are discussed below.

Advanced Funds Agreements.—The agreement reiterates Senate direction.

Apportionment Under a Continuing Resolution.—The change in apportionment policy is rejected and the Administration is directed to follow the previous policy during any continuing resolutions that may occur in this or any future fiscal years.

Budget Structure Changes.—The fiscal year 2022 budget request for the Corps proposed numerous structural changes, including the creation of two new accounts, Harbor Maintenance Trust Fund (HMTF) and Inland Waterways Trust Fund (IWTF); the shifting of various studies and projects among accounts and business lines; and the consolidation of certain remaining items. The agreement rejects all such proposed changes and instead funds all activities in the accounts in which funding has traditionally been provided. Unless expressly noted, all projects and studies remain at the levels proposed in the budget request but may be funded in different accounts. In particular:

- Projects proposed for funding in the HMTF account in the budget request are funded in the Construction, Mississippi River

and Tributaries, and Operation and Maintenance accounts, as appropriate;

- Projects requested in the IWTF account are shown in the Construction account;
- Dredge Material Management Plans, requested in the Investigations account, are funded in the Operation and Maintenance account;
- Sand mitigation projects, proposed in the HMTF account in the budget request, are funded in the Construction account;
- Disposition studies will continue to be funded under the Disposition of Completed Projects remaining item in the Investigations account;
- Tribal Partnership projects will continue to be funded under the Tribal Partnership Program remaining item in the Investigations account as well as in the remaining item in the Construction account, and these amounts may be used to cover necessary administrative expenses prior to agreement execution;
- Inspection of Completed Works, Project Condition Surveys, Scheduling of Reservoir Operations and Surveillance of Northern Boundary Waters will continue to be funded under states instead of consolidated into national programs as requested in the Operation and Maintenance account and the HMTF account; and
- Inspection of Completed Works will continue to be funded under the individual states instead of consolidated into a national program as requested in the Mississippi River and Tributaries account.

For any fiscal year, if the Corps proposes budget structure changes, the budget proposal shall be accompanied by a display of the funding request in the traditional budget structure.

Continuing Contracts.—The Corps is authorized by section 621 of title 33, United States Code, to execute its Civil Works projects through the use of a Special Continuing Contract Clause or Incremental Funding Clause as described in Engineering Circulars 11–2–221 and 11–2–222. The Administration is directed to resume using its existing continuing contract authorities in accordance with the general provisions in this Act as an efficient approach to managing large, multi-year projects.

Deep Draft Navigation.—The agreement provides an estimated \$2,049,292,000 for HMTF eligible activities in accordance with the changes in the CARES Act (Public Law 116–136) and the Water Resources Development Act (WRDA) of 2020 (Public Law 116–260). The agreement provides \$50,000,000 for the program authorized by section 2106 of the Water Resources and Reform Development Act (WRRDA) of 2014 (Public Law 113–121).

Inland Navigation.—The following is the only direction with regard to the availability of additional funds for IWTF cost-shared projects. The agreement provides funds from the IWTF for new and ongoing construction projects.

Invasive Carp.—The Corps is undertaking multiple efforts to stop invasive carp from reaching the Great Lakes. Last year, the Corps sent Congress an approved Chief's Report for a plan to build a comprehensive suite of measures to counter invasive carp at the Brandon Road Lock and Dam, critical to keeping invasive carp out of the Chicago Area Waterways System, which is the only continuous

connection between the Great Lakes and Mississippi River basins. There is appreciation that the project received a positive recommendation in the Report of the Chief of Engineers and that funding is included in the fiscal year 2022 budget request to continue work on preconstruction engineering and design (PED).

As the Corps prioritizes projects, it shall consider critical projects to prevent the spread of invasive species. The Corps is directed to provide to the Committees quarterly updates on the progress and status of efforts to prevent the further spread of invasive carp, including the Brandon Road Recommended Plan and the second array at the Chicago Sanitary and Ship Canal; the location and density of carp populations; the use of emergency procedures previously authorized by Congress; the development, consideration, and implementation of new technological and structural countermeasures; and progress on PED work.

The Corps shall continue to collaborate at levels commensurate with previous years with the U.S. Coast Guard, the U.S. Fish and Wildlife Service, the State of Illinois, and members of the Invasive Carp Regional Coordinating Committee, including identifying navigation protocols that would be beneficial or effective in reducing the risk of vessels inadvertently carrying aquatic invasive species, including invasive carp, through the Brandon Road Lock and Dam in Joliet, Illinois. Any findings of such an evaluation shall be included in the quarterly briefings to the Committees. The Corps is further directed to implement navigation protocols shown to be effective at reducing the risk of entrainment without jeopardizing the safety of vessels and crews. The Corps and other federal and state agencies are conducting ongoing research on additional potential invasive carp solutions. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on such navigation protocols and potential solutions.

Reporting Requirement.—The Corps is directed to provide to the Committees a quarterly report that shall include the total budget authority and unobligated balances by year for each program, project, or activity, including any prior year appropriations. The Assistant Secretary of the Army for Civil Works is directed to provide to the Committees a quarterly report that includes the total budget authority and unobligated balances by year for each activity funded in the Office of the Assistant Secretary of the Army for Civil Works account, including any prior year appropriations.

ADDITIONAL FUNDING

The agreement includes funding above the budget request to ensure continued improvements to our national economy, public safety, and environmental health that result from water resources projects. This funding is for additional work that either was not included in the budget request or was inadequately budgeted. The bill contains a provision requiring the Corps to allocate funds in accordance with only the direction in this agreement. In lieu of all House and Senate direction—under any heading—regarding additional funding, new starts, and the fiscal year 2022 work plan, the Corps shall follow the direction included in this explanatory statement.

The executive branch retains complete discretion over project-specific allocation decisions within the additional funds provided, subject to only the direction here and under the heading “Additional Funding” or “Additional Funding for Ongoing Work” within each of the Investigations, Construction, Mississippi River and Tributaries, and Operation and Maintenance accounts. A study or project may not be excluded from evaluation for being “inconsistent with Administration policy.” Voluntary funding in excess of legally-required cost shares for studies and projects is acceptable, but shall not be used as a criterion for allocating the additional funding provided or for the selection of new starts.

The Administration is reminded that these funds are in addition to the budget request, and Administration budget metrics shall not be a reason to disqualify a study or project from being funded. It is expected that all of the additional funding provided will be allocated to specific programs, projects, or activities. The focus of the allocation process shall favor the obligation, rather than expenditure, of funds. Additionally, the Administration shall consider the extent to which the Corps is able to obligate funds as it allocates the additional funding.

The Corps shall evaluate all studies and projects only within accounts and categories consistent with previous congressional funding. When allocating the additional funding provided in this Act, the Corps shall consider eligibility and implementation decisions under Public Law 115–123, Public Law 116–20, Public Law 117–43, and Public Law 117–58 so as to maximize the reduction of risk to public safety and infrastructure and the reduction of future damages from floods and storms nationwide.

A project or study shall be eligible for additional funding within the Investigations, Construction, and Mississippi River and Tributaries accounts if: (1) it has received funding, other than through a reprogramming, in at least one of the previous three fiscal years; or (2) it was previously funded and could reach a significant milestone, complete a discrete element of work, or produce significant outputs in fiscal year 2022. None of the additional funding in any account may be used for any item where funding was specifically denied or for projects in the Continuing Authorities Program (CAP). Funds shall be allocated consistent with statutory cost share requirements.

The Corps is reminded that the flood and storm damage reduction mission area can include instances where non-federal sponsors are seeking assistance with flood control and unauthorized discharges from permitted wastewater treatment facilities and that the navigation mission area includes work in remote and subsistence harbor areas. In addition to the priority factors used to allocate all additional funding provided in the Construction account, the Corps also shall consider the non-federal sponsor’s ability and willingness to promptly provide the required cash contribution, if any, as well as required lands, easements, rights-of-way, relocations, and disposal areas.

Work Plan.—The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act a work plan including the following information: (1) a detailed description of the process and criteria used to evaluate studies and projects; (2) delin-

eation of how these funds are to be allocated; (3) a summary of the work to be accomplished with each allocation, including phase of work and the study or project's remaining cost to complete (excluding Operation and Maintenance); and (4) a list of all studies and projects that were considered eligible for funding but did not receive funding, including an explanation of whether the study or project could have used funds in fiscal year 2022 and the specific reasons each study or project was considered as being less competitive for an allocation of funds.

New Starts.—The agreement includes funding for a limited number of new projects, including those proposed in the budget request. No further new starts are provided for in this Act.

There continues to be confusion regarding the executive branch's policies and guidelines regarding which studies and projects require new start designations. Therefore, the Corps is directed to notify the Committees at least seven days prior to execution of an agreement for construction of any project except environmental infrastructure projects and projects under the CAP. Additionally, the agreement reiterates and clarifies previous congressional direction as follows. Neither study nor construction activities related to individual projects authorized under section 1037 of the WRRDA of 2014 shall require a new start or new investment decision; these activities shall be considered ongoing work. No new start or new investment decision shall be required when moving from feasibility to PED. The initiation of construction of an individually authorized project funded within a programmatic line item may not require a new start designation provided that some amount of construction funding under such programmatic line item was appropriated and expended during the previous fiscal year. No new start or new investment decision shall be required to initiate work on a separable element of a project when construction of one or more separable elements of that project was initiated previously; it shall be considered ongoing work. A new construction start shall not be required for work undertaken to correct a design deficiency on an existing federal project; it shall be considered ongoing work. The Corps is reminded that resumptions are just that—resumption of previously-initiated studies or projects and, as such, do not require new start designations.

^Funded in a remaining item in another account.

~Funded in remaining items.

*Includes funds requested in Projects Listed Under States within this account.

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding.—The Corps is expected to allocate the additional funding provided in this account primarily to specific feasibility and PED phases, rather than to remaining items as has been the case in previous work plans.

When allocating the additional funding provided in this account, the Corps shall consider giving priority to completing or accelerating ongoing studies that will enhance the nation's economic development, job growth, and international competitiveness; for projects located in areas that have suffered recent natural disasters; for projects that protect life and property, including reducing flood risks to vulnerable communities or projects that have been authorized based on their ability to reduce life safety risks; for projects that have been classified by the Corps as having a high risk of levee failure and life loss in the last five fiscal years; for projects whose failure would cause a release of hazardous material from a Superfund site; or for projects to address legal requirements. The Corps is urged to consider any national security benefits a project may have when allocating this funding. The Corps shall use these funds for additional work in both the feasibility and PED phases. The Administration is reminded that a project study is not complete until the PED phase is complete and that no new start or new investment decision shall be required when moving from feasibility to PED.

Coastal Field Data Collection.—The agreement includes an additional \$1,500,000 above the budget request amount of \$1,500,000 to continue data collection and research on the impact of extreme storms in coastal regions.

Coordination with Other Water Resource Agencies.—Additional funds are included for continued collaboration with other federal agencies and stakeholders on invasive species challenges.

Disposition of Completed Projects.—The Corps is directed to provide to the Committees copies of disposition studies upon completion. The agreement rejects the budget request proposal to fund a disposition study of the Arkansas Red River Chloride Control project. The Corps is directed to brief the Committees not later than 60 days after enactment of this Act on the status of the project.

Flood Policy in Urban Areas.—The agreement reiterates Senate direction.

McClellan-Kerr Arkansas River Navigation System (MKARNS), Arkansas and Oklahoma.—The agreement reiterates Senate direction.

New York-New Jersey Harbor and Tributaries Study.—The Corps is expected to vigorously engage community groups and incorporate impacts of low-frequency precipitation and impacts of sea level rise in the study. The Corps is directed to provide to the Committees not later than 45 days after enactment of this Act a briefing on the status of this study.

Non-Contiguous Regional Sediment Study.—The Corps shall, within available funds in the National Shoreline Management Study remaining item, conduct a study and provide to the Commit-

tees not later than one year after enactment of this Act a report on how beneficial uses of dredged material for non-contiguous states and territories can be applied to mitigate rising sea levels, including impacts on sensitive shoreline areas.

Planning Assistance to States.—The agreement notes the important role the Corps plays in managing flood risk and threats from coastal hazards and that the Planning Assistance to States program provides in assisting with comprehensive plans and technical assistance to eligible state, tribal, or U.S. territory partners. Accordingly, the agreement provides \$9,000,000 for the program. Within the funds provided, the Corps is directed to prioritize providing planning-level technical assistance to coastal federally recognized tribal communities that are actively working to relocate homes and other critical infrastructure to higher ground to mitigate the impacts of climate change. The Corps is directed to provide to the Committees not later than 45 days after enactment of this Act a briefing on its efforts to comply with this directive, how the Corps' existing authorities can provide assistance to coastal federally recognized tribal communities actively working to relocate their homes, and how these authorities could be modernized to better assist these communities.

Puget Sound Nearshore Study, Washington.—The Corps is encouraged to proceed with the tiered implementation strategy using all existing authorities as outlined in the Puget Sound Nearshore Ecosystem Restoration Project Feasibility Study, Completion Strategy Guidance dated June 2015. The Corps is directed to recognize the Puget Sound Nearshore Study as the feasibility component for the purposes of section 544 of WRDA 2000 (Public Law 106–541). The agreement notes that the Water Infrastructure Improvements for the Nation (WIIN) Act (Public Law 114–322) authorized construction of the Puget Sound Nearshore Ecosystem Restoration Project. The Corps is reminded that consistent with the direction in this agreement no new start, new investment decision, or new phase decision shall be required to continue this project in PED.

Research and Development.—The agreement encourages the Corps to engage in monitored field trials of coastal restoration optimized for blue carbon CO₂ sequestration. The Corps is directed to provide to the Committees not later than 180 days after enactment of this Act a briefing on such efforts and how the Corps collaborates with other federal and state agencies on these issues. The Corps is also encouraged to collaborate with university partners to improve the capabilities for improving the integrity and performance of the nation's levee systems. The agreement provides \$4,000,000 to modernize existing Corps coastal and hydraulics models and integrate them to make them accessible for use by other agencies, universities, and the public. The Corps is directed to investigate the presence, geochemistry, and potential recovery of rare earth elements in dredged materials. The Corps is reminded that activities related to innovative materials, as required under section 1208 of America's Water Infrastructure Act (AWIA) of 2018, are eligible for funding under the Research and Development remaining item.

Research and Development, Biopolymers.—The agreement provides \$6,000,000 to continue research activities. With continued

funding, it is understood that this effort will be completed in two years.

Research and Development, Ecohydraulics.—The Corps is encouraged to consider advancement and implementation of capabilities regarding ecohydraulic data and models to support project planning and engineering models for decision making and advance ecohydraulics tools.

Research and Development, Flood and Coastal Systems.—The agreement provides \$5,000,000 to utilize partnerships to research and develop advanced technology to automate assessment and inspection of flood control systems. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a proposal for this effort, including a detailed scope of work with a breakdown of research activities, work to be performed by the Corps and academia, specific deliverables, and schedule and funding requirements. This work shall be for the purpose of identifying levee deficiencies, such as slope instability, settlement and seepage, and ensuring the safety of the surrounding areas and communities.

Research and Development, Freshwater Intrusions.—There is recognition of the need to develop tools to assess, forecast, and proactively manage the hydrodynamic and environmental impacts of large-scale freshwater intrusion into the Mississippi Sound and surrounding waters. These consistent freshwater intrusions have been detrimental to the Mississippi Sound and the U.S. blue economy. The Corps is encouraged to partner with academia with expertise in coastal processes and ocean and hydrodynamic modeling to develop these tools.

Research and Development, Future Work.—The value of research topics currently being addressed by the Army Engineer Research and Development Center (ERDC) toward advancing the Civil Works missions of the Corps is valued and recognized. It is understood that the ERDC and the Corps have identified a series of critical research categories that will advance the efficient implementation of the Civil Works mission and provide value to the nation. It is understood that responding to these research needs can benefit the Corps by leveraging the expertise of universities through partnerships. The ERDC is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on future research needs (including multi-year funding requirements) and potential university partnerships related to its strategic goals.

Research and Development, Managing Emerging Threats and Resilience for Flood Control Structures.—The Corps is encouraged to research, test, and refine the use of rapid, repeatable, and remote methods for long-term monitoring of critical water infrastructure and to partner with academia to research and manage emerging threats and attain resilience for flood control structures.

Research and Development, Modeling.—The agreement provides \$4,000,000 to support ongoing research into geochemical, geophysical, and sedimentological analysis and modeling. It is understood that with continued funding this effort will be completed in three years.

Research and Development, Oyster Reef Restoration.—The importance of sustainable oyster reefs for maintaining healthy eco-

systems, protecting coastal infrastructure, and supporting commercial fisheries is recognized. Recent restoration efforts have not achieved the intended success for U.S. oyster populations, and the identification of effective restoration strategies remains a critical gap. The agreement provides \$3,000,000 for these activities. It is understood this effort will be completed in fiscal year 2022. The Corps is encouraged to develop partnerships with research universities to leverage their expertise to enhance these activities.

Research and Development, Polymer Composites.—The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a proposal for investigating the value of incorporating polymer composites into infrastructure application in navigable waterways. The proposal shall include a detailed scope of work, a breakdown of research activities, work to be performed by the Corps and academia, specific deliverables, and schedule and funding requirements.

Research and Development, Subsurface Drains.—The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on research and development opportunities of subsurface drain systems pursuant to section 227 of WRDA 2020.

Research and Development, Urban Flood Damage Reduction.—The agreement includes \$3,000,000 for the Corps to continue its focus on the management of water resources infrastructure and projects that promote public safety, reduce risk, improve operational efficiencies, reduce flood damage, and sustain the environment. Work should focus on unique western U.S. issues like wildfire, rain-on-snow, atmospheric rivers effects on flood risk management, and bridging the connection between climate change science and engineering application for flood risk management, emergency management, and ecosystem management. The tools and technologies developed under this program should also be applicable to other parts of the country. It is understood that with continued funding this effort will be completed in three years.

Tenkiller Ferry Lake.—The agreement reiterates Senate language.

Additional Funding.—The agreement includes additional funds for projects and activities to enhance the nation's economic development, job growth, and international competitiveness.

Of the additional funding provided in this account for environmental restoration or compliance and other authorized project purposes, the Corps shall allocate not less than \$14,282,000 for execution of comprehensive restoration plans developed by the Corps for major bodies of water.

Of the additional funds provided in this account for flood and storm damage reduction, navigation, and other authorized project purposes, the Corps shall allocate not less than \$15,000,000 to authorized reimbursements for projects with executed project partnership agreements and that have completed construction or where non-federal sponsors intend to use the funds for additional water resource development activities.

Public Law 115—123, Public Law 116—20, Public Law 117—43, and Public Law 117—58 included funding within the Flood Control and Coastal Emergencies account to restore authorized shore protection projects to full project profile. That funding is expected to address most of the current year capability. Therefore, to ensure funding is not directed to where it cannot be used, the agreement includes \$19,833,000 for construction of shore protection projects. The Corps is reminded that if additional work can be done, these projects are also eligible to compete for additional funding for flood and storm damage reduction.

The agreement includes \$13,000,000 in additional funding for environmental infrastructure projects and no further direction.

When allocating the additional funding provided in this account, the Corps is encouraged to evaluate authorized reimbursements in the same manner as if the projects were being evaluated for new or ongoing construction. The Corps shall not condition these funds, or any funds appropriated in this Act, on a non-federal interest paying more than its required share in any phase of a project. When allocating the additional funding provided in this account, the Corps shall consider giving priority to the following:

1. benefits of the funded work to the national economy;
2. extent to which the work will enhance national, regional, or local economic development;
3. number of jobs created directly and supported in the supply chain by the funded activity;
4. significance to national security, including the strategic significance of commodities;
5. ability to obligate the funds allocated within the calendar year, including consideration of the ability of the non-federal sponsor to provide any required cost share;
6. ability to complete the project, separable element, or project phase with the funds allocated;
7. legal requirements, including responsibilities to tribes;
8. effect on alleviating water supply issues in areas that have been afflicted by severe droughts in the past four fiscal years, including projects focused on the treatment of brackish water;

9. for flood and storm damage reduction projects (including authorized nonstructural measures and periodic beach renourishments):

- a. population, safety of life, economic activity, or public infrastructure at risk, as appropriate;
- b. the severity of risk of flooding or the frequency with which an area has experienced flooding; and
- c. preservation of historically significant communities, culture, and heritage;

10. for shore protection projects, projects in areas that have suffered severe beach erosion requiring additional sand placement outside of the normal beach renourishment cycle or in which the normal beach renourishment cycle has been delayed, and projects in areas where there is risk to life and public health and safety and risk of environmental contamination;

11. for mitigation projects, projects with the purpose to address the safety concerns of coastal communities impacted by federal flood control, navigation, and defense projects;

12. for navigation projects, the number of jobs or level of economic activity to be supported by completion of the project, separable element, or project phase;

13. for other authorized project purposes and environmental restoration or compliance projects, to include the beneficial use of dredged material; and

14. for environmental infrastructure, projects with the greater economic impact, projects in rural communities, projects in communities with significant shoreline and instances of runoff, projects in or that benefit counties or parishes with high poverty rates, projects owed past reimbursements, projects in financially-distressed municipalities, projects that improve stormwater capture capabilities, projects that provide backup raw water supply in the event of an emergency, and projects that will provide substantial benefits to water quality improvements.

Aquatic Plant Control Program.—Of the additional funding provided for the Aquatic Plant Control Program, \$17,000,000 shall be for watercraft inspection stations and rapid response, as authorized in section 104 of the River and Harbor Act of 1958, equally distributed to carry out subsections (d)(1)(A)(i), (d)(1)(A)(ii), and (d)(1)(A)(iii), and \$3,000,000 shall be for related monitoring as authorized by section 1170 of the AWIA. The agreement provides \$1,000,000 for activities for monitoring, surveys, and control of flowering rush and hydrilla. Additionally, \$7,000,000 shall be for nationwide research and development to address invasive aquatic plants, within which the Corps is encouraged to support cost-shared aquatic plant management programs. Particularly, the Corps is encouraged to evaluate and address prevention of new infestations of hydrilla in the Connecticut River Basin. The agreement also provides \$150,000 to commence activities authorized under section 509 of WRDA 2020, and the Corps is directed to provide to the Committees prior to the obligation of any funds for this purpose a briefing on how it will implement this program. The agreement provides additional funding for activities authorized by section 505 of WRDA 2020, and the Corps is directed to provide to

the Committees prior to the obligation of any funds for this purpose a briefing on how it will implement this program.

Beneficial Use of Dredged Material Pilot Program.—The agreement provides \$2,044,000 to continue the pilot projects to demonstrate the economic benefits and impacts of environmentally sustainable maintenance dredging methods that provide for ecosystem restoration and resilient protective measures. Cost sharing for these projects shall be in accordance with subsection (e) of section 1122 of the WIIN Act of 2016 (Public Law 114–322). The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on the lessons learned from the pilot program, including the economic effects, environmental impacts and effects, alternative dredged material disposal locations and the use of alternative dredging equipment. The Corps is further directed to provide to the Committees prior to any effort to solicit or select any additional pilot projects a briefing on the status of the program.

Bipartisan Budget Act of 2018.—Significant concerns persist about the implementation of funding provided in the Bipartisan Budget Act of 2018 (BBA18) (Public Law 115–123) for completing high-priority flood control construction projects. Notably, the decision to publish a list of projects to be funded using outdated cost estimates and an inadequate risk reserve for these projects has led to serious challenges in execution and unnecessary delays in advancing project construction. The executive branch is reminded that the intent of the direction to complete projects using BBA18 funds was to avoid starting more projects than could be finished using those funds. The Administration should consider all available opportunities to advance projects, including discrete elements, that already received BBA18 allocations. To do otherwise would be penalizing local communities for the fundamental mistakes of the executive branch.

The Corps shall provide quarterly reports on the obligation of funds as required by law. The lack of transparency and progress is unacceptable. The Corps is directed to provide to the Committees not later than 30 days after enactment of this Act, and monthly thereafter, a briefing on the status of the program and the plan for completion of projects.

Camp Ellis Beach, Saco, Maine.—The agreement reiterates Senate direction.

Chesapeake Bay Comprehensive Water Resources and Restoration Plan and Oyster Recovery Program.—The Corps is reminded that the Chesapeake Bay Comprehensive Water Resources and Restoration Plan and the Chesapeake Bay Oyster Recovery Program are eligible to compete for the additional funding provided in this account, and the Corps is encouraged to provide appropriate funding in future budget requests.

Columbia River Treaty.—The agreement reiterates Senate direction.

Construction Funding Schedules.—The agreement reiterates Senate direction.

Continuing Authorities Program (CAP).—Funding is provided for eight CAP sections at a total of \$53,000,000. The management of

CAP should continue consistent with direction provided in previous fiscal years.

The Corps shall allow for the advancement of flood control projects in combination with ecological benefits using natural and nature-based solutions alone, or in combination with, built infrastructure where appropriate for reliable risk reduction during the development of projects under CAP 205.

Howard Hanson Dam, Washington.—The Corps is directed to work expeditiously on this project in order to meet the 2030 deadline established in the Biological Opinion. The Corps is encouraged to continue efforts to fully implement the jeopardy Biological Opinion determining the impact of ongoing operations of Howard Hanson Dam and specifically the ongoing work to construct a downstream fish passage facility.

Kentucky Lock and Dam, Kentucky.—There is concern about major delays on construction projects, particularly the Kentucky Lock and Dam, which was provided funding by the Infrastructure Investment and Jobs Act (Public Law 117–58) that the Administration states will physically complete and fiscally close out the project. The Corps is strongly urged to prioritize completing this project per the scheduled completion date of 2025.

Matagorda Ship Channel, Texas.—The non-federal sponsor has proposed a plan for expediting the continued construction and expansion of the Matagorda Ship Channel. Completion of this project is critical to remedying original project design deficiencies, decreasing accidents, and adequately accommodating existing fully loaded vessels. Furthermore, completed expansion has the potential to provide major economic growth for the region and is to be commended for its unique public-private partnership to complete. The Administration is urged to review the proposed plan as expeditiously as possible so construction can proceed.

South Florida Ecosystem Restoration (SFER), Florida.—As in previous years, the agreement provides funding for all study and construction authorities related to Everglades restoration under the line item titled “South Florida Ecosystem Restoration, Florida.” This single line item allows the Corps flexibility in implementing the numerous activities underway in any given fiscal year. For fiscal year 2022, the Corps is directed to make publicly available a comprehensive snapshot of all SFER cost share accounting down to the project level and to ensure the accuracy of all budget justification sheets that inform SFER Integrated Financial Plan documents by September 30, 2022.

MISSISSIPPI RIVER AND TRIBUTARIES

The agreement includes \$370,000,000 for Mississippi River and Tributaries.

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding.—When allocating the additional funding provided in this account, the Corps shall consider giving priority to completing or accelerating ongoing work that will enhance the nation's economic development, job growth, and international competitiveness or for studies or projects located in areas that have suffered recent natural disasters. While this funding is shown under remaining items, the Corps shall use these funds in investigations, construction, and operation and maintenance, as applicable. When allocating additional funds recommended in this account, the Corps is directed to give adequate consideration to cooperative projects addressing watershed erosion, sedimentation, flooding, and environmental degradation.

Lower Mississippi River Main Stem.—The budget request proposes to consolidate several activities across multiple states into one line item. The agreement does not support this change and instead continues to fund these activities as separate line items.

Mississippi River Commission.—No funding is provided for this new line item. The Corps is directed to continue funding the costs of the commission from within the funds provided for activities within the Mississippi River and Tributaries project.

Yazoo Basin, Yazoo Backwater Area, Mississippi.—For mitigation of previously constructed features.

*Includes funds requested in other accounts.

^Funded under projects listed under states.

~Requested in remaining items.

Updated Capabilities.—The agreement adjusts some project-specific allocations downward based on updated technical information from the Corps.

Additional Funding for Ongoing Work.—Of the additional funding provided in this account, the Corps shall allocate not less than \$7,500,000 to complete water control manual updates at projects identified on the comprehensive list developed by the Corps and referenced in this account under the headings “Water Control Manuals”, including in regions impacted by atmospheric rivers and where enhanced forecasting can improve water operations.

Of the additional funding provided in this account for other authorized project purposes, the Corps shall allocate not less than \$2,000,000 for efforts to combat invasive mussels at Corps-owned reservoirs.

When allocating the additional funding provided in this account, the Corps shall consider giving priority to the following:

1. ability to complete ongoing work maintaining authorized depths and widths of harbors and shipping channels (including small, remote, or subsistence harbors), including where contaminated sediments are present;
2. ability to address critical maintenance backlog;
3. presence of the U.S. Coast Guard;
4. extent to which the work will enhance national, regional, or local economic development, including domestic manufacturing capacity;
5. extent to which the work will promote job growth or international competitiveness;
6. number of jobs created directly by the funded activity;
7. ability to obligate the funds allocated within the calendar year;
8. ability to complete the project, separable element, project phase, or useful increment of work within the funds allocated;
9. ability to address hazardous barriers to navigation due to shallow channels;
10. dredging projects that would provide supplementary benefits to tributaries and waterways in close proximity to ongoing island replenishment projects;
11. risk of imminent failure or closure of the facility;
12. extent to which the work will promote recreation-based benefits, including those created by recreational boating;
13. improvements to federal breakwaters and jetties where additional work will improve the safety of navigation and stabilize infrastructure to prevent continued deterioration;
14. for harbor maintenance activities:
 - a. total tonnage handled;
 - b. total exports;
 - c. total imports;
 - d. dollar value of cargo handled;
 - e. energy infrastructure and national security needs served;
 - f. designation as strategic seaports;
 - g. maintenance of dredge disposal activities;
 - h. lack of alternative means of freight movement;
 - i. savings over alternative means of freight movement; and

j. improvements to dredge disposal facilities that will result in long-term savings, including a reduction in regular maintenance costs.

Aquatic Nuisance Control Research Program.—The agreement provides \$8,000,000 to supplement activities related to harmful algal bloom research and control and directs the Corps to target freshwater ecosystems. There is awareness of the need to develop next generation ecological models to maintain inland and intra-coastal waterways and the agreement provides \$5,600,000 for this purpose.

The agreement provides \$4,000,000 to establish the Harmful Algal Bloom Demonstration Program, as authorized by WRDA 2020, and the Corps is directed to provide to the Committees prior to the obligation of any funds for this purpose a briefing on how it will implement this program.

Additional funding recommended in this remaining item is to supplement and advance Corps activities to address HABs including: early detection, prevention, and management techniques and procedures to reduce the occurrence and impacts of harmful algal blooms in our nation's water resources; work with university partners to develop prediction, avoidance, and remediation measures focused on environmental triggers in riverine ecosystems; and to advance state-of-the-art Unmanned Aerial Systems based detection, monitoring, and mapping of invasive aquatic plant species in conjunction with university partners.

The agreement provides \$500,000 for the Corps, in partnership with other federal partners, to begin planning, design, initial engineering, and project management for construction of carp barriers in the Mississippi River Basin and the Tennessee-Tombigbee waterway.

Asset Management/Facilities and Equipment Maintenance.—The agreement provides \$2,000,000 for research on novel approaches to repair and maintenance practices that will increase civil infrastructure intelligence and resilience. A review of the Corps inventory, in accordance with section 6002 of the WRRDA of 2014, should be completed with funds on hand. The Corps is directed to provide to the Committees not later than 60 days after enactment of this Act an interim progress report.

Beneficial Use of Dredged Material.—The agreement reiterates House direction.

Coastal Inlets Research Program.—The agreement includes additional funding for the Corps-led, multi-university effort to identify engineering frameworks to address coastal resilience needs; to develop adaptive pathways that lead to coastal resilience; that measure the coastal forces that lead to infrastructure damage and erosion during extreme storm events; and to improve coupling of terrestrial and coastal models. Additional funding is also provided for the Corps to continue work with the National Oceanic and Atmospheric Administration's National Water Center on protecting the nation's water resources.

Dredging Operations Technical Support Program, Integrated Navigation Analysis and Systems Enhancements.—The agreement provides additional funds in the remaining item Dredging Data and

Lock Performance Monitoring System and in the remaining item Dredging Operations Technical Support Program to continue work.

Dredging Operations Technical Support Program, Integrated Navigation Analysis and Visualization.—Additional funding is included for the further development of the Integrated Navigation Analysis and Visualization platform related to the operation and maintenance of the U.S. Marine Transportation System.

Electric Vehicle Fleet and Charging Infrastructure.—The Corps is directed to provide to the Committees not later than 120 days after enactment of this Act a briefing on the status of this initiative.

Emerging Harbor Projects.—The agreement includes funding for individual projects defined as emerging harbor projects in section 210(f)(2) of the WRDA 1986 that exceeds the funding levels envisioned in sections 210(c)(3) and 210(d)(1)(B)(ii) of the WRDA 1986.

Engineering With Nature.—The agreement provides \$16,250,000 for the Engineering with Nature (EWN) initiative. Of the funding provided in this remaining item, up to \$5,000,000 is provided to employ nature-based tools and principles to support civil works flood control and ecosystem management planning objectives and operations in the Chesapeake Bay.

Funding under this line item is intended for EWN activities having a national or regional scope or that benefit the Corps' broader execution of its mission areas. It is not intended to replace or preclude the appropriate use of EWN practices at districts using project-specific funding or work performed across other Corps programs that might involve EWN.

Of the funding provided in this remaining item, \$5,000,000 is to support ongoing research and advance work with university partners to develop standards, design guidance, and testing protocols to improve and standardize nature-based and hybrid infrastructure solutions.

Federal Breakwaters and Jetties.—The agreement reiterates House direction.

Flood and Earthquake Modeling.—Additional funds are recommended in the Earthquake Hazards Reduction Program to develop a plan for leveraging existing knowledge related to potential seismic concerns relevant to levees.

Forecast-Informed Reservoir Operations.—The agreement reiterates Senate direction.

Harmful Algal Bloom and Hypoxia Research and Control Act.—The agreement reiterates House direction.

Levee Safety.—In fiscal year 2020, Congress provided \$15,000,000 to implement levee safety initiatives to meet the requirements under section 3016 of WRRDA. These funds are expected to be sufficient to complete Phase II activities. The Corps is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on its efforts to implement the National (Levee) Flood Inventory and Inspection of Completed Federal Flood Control Projects as well as a report detailing how it will comply with section 131 of WRDA 2020.

Monitoring of Completed Navigation Projects, Fisheries.—Within available funds for ongoing work, the Corps is directed to continue this research at not less than the fiscal year 2021 level.

Monitoring of Completed Navigation Projects, Structural Health Monitoring.—The agreement provides \$4,000,000 to support the structural health monitoring program.

National Coastal Mapping Program.—The agreement includes \$5,000,000 for Arctic coastal mapping needs. Additionally, the agreement reiterates Senate direction on the notification requirement.

Performance Based Budgeting Support Program.—Of the funding provided for this remaining item, \$2,500,000 shall be used to support performance-based methods that enable robust budgeting of the hydropower program.

Recreational Facilities.—The agreement reiterates House direction.

Regional Sediment Management.—The agreement provides \$5,000,000 to continue Corps research and development into enhanced forecasting capabilities. Funds are also provided to support cooperative efforts between the Corps and academia to address compound flooding issues.

Small, Remote, or Subsistence Harbors.—The agreement emphasizes the importance of ensuring that our country's small and low-use ports remain functional. The Corps is encouraged to consider expediting scheduled maintenance at small and low use ports that have experienced unexpected levels of deterioration since their last dredging.

Tuttle Creek Lake, KS.—The additional funding provided is for Water Injection Dredging efforts.

Upper St. Anthony Falls, Minnesota.—WRDA 2020 encouraged the Corps to continue to operate and maintain the Upper St. Anthony Falls Lock and Dam. The Corps is further reminded that the Upper St. Anthony Falls project remains an authorized federal project that requires routine maintenance and is eligible to compete for additional funding provided in this account.

Water Control Manuals.—The agreement reiterates House direction.

Water Control Manuals, Section 7 Dams.—The Corps is reminded that updates to water control manuals for non-Corps owned high hazard dams are eligible for additional funding provided in the agreement where: (1) the Corps has a responsibility for flood control operations under section 7 of the Flood Control Act of 1944; (2) the dam requires coordination of water releases with one or more other high-hazard dams for flood control purposes; and (3) the dam owner is actively investigating the feasibility of applying forecast-informed reservoir operations technology.

Water Operations Technical Support (WOTS).—The agreement provides \$5,000,000 in addition to the budget request to continue research into atmospheric rivers and for improved weather forecasting for Corps reservoir and waterway projects.

Damage Repairs to Corps Projects.—The Administration is reminded that traditionally, funding for disaster response has been provided in supplemental appropriations legislation, including recently in 2018 (Public Law 115–123), 2019 (Public Law 116–20), and 2021 (Public Law 117–43 and Public Law 117–58) and that amounts necessary to address damages at Corps projects in response to natural disasters can be significant.

Accordingly, the agreement directs the Administration to fund repairs to projects damaged by natural disasters that were included in the fiscal year 2022 budget request with available previously appropriated emergency supplemental funds. The following table shows the project name and funding amount requested for each project:

REGULATORY PROGRAM

The agreement includes \$212,000,000 for the Regulatory Program.

Permit Application Backlogs.—The agreement reiterates House direction.

FORMERLY UTILIZED SITES REMEDIAL ACTION PROGRAM

The agreement includes \$300,000,000 for the Formerly Utilized Sites Remedial Action Program.

FLOOD CONTROL AND COASTAL EMERGENCIES

The agreement includes \$35,000,000 for Flood Control and Coastal Emergencies. As the nation experiences severe weather events more frequently, there is appreciation for the work the Corps undertakes with this funding. The Administration is reminded that traditionally, funding for disaster response has been provided in supplemental appropriations legislation, including recently in 2018 (Public Law 115–123), 2019 (Public Law 116–20), and 2021 (Public Law 117–43 and Public Law 117–58) and that amounts necessary to address damages at Corps projects in response to natural disasters can be significant. The Administration is again reminded that it has been deficient in providing to the Committee statutorily-required detailed estimates of damages to Corps projects as required by Public Law 115–123 and such reports shall be submitted to the Committees not later than 15 days after enactment of this Act and monthly thereafter.

EXPENSES

The agreement includes \$208,000,000 for Expenses.

Additional funds recommended in this account shall be used only to support implementation of the Corps' Civil Works program, including hiring additional full-time equivalents.

OFFICE OF THE ASSISTANT SECRETARY OF THE ARMY FOR CIVIL WORKS

The agreement includes \$5,000,000 for the Office of the Assistant Secretary of the Army for Civil Works. The agreement includes legislative language that restricts the availability of 25 percent of the funding provided in this account until such time as at least 95 percent of the additional funding provided in each account has been allocated to specific programs, projects, or activities. This restriction shall not affect the roles and responsibilities established in previous fiscal years of the Office of the Assistant Secretary of the Army for Civil Works, the Corps headquarters, the Corps field operating agencies, or any other executive branch agency.

A timely and accessible executive branch in the course of fulfilling its constitutional role in the appropriations process is essential. The requesting and receiving of basic, factual information, such as budget justification materials, is vital in order to maintain a transparent and open governing process. The agreement recognizes that some discussions internal to the executive branch are pre-decisional in nature and, therefore, not subject to disclosure. However, the access to facts, figures, and statistics that inform these decisions are not subject to this same sensitivity and are crit-

ical to the budget process. The Administration shall ensure timely and complete responses to these inquiries.

Administrative Costs.—To support additional transparency in project costs, the Secretary is directed to ensure that future budget requests specify the amount of anticipated administrative costs for individual projects.

WATER INFRASTRUCTURE FINANCE AND INNOVATION PROGRAM
ACCOUNT

The agreement provides \$7,200,000 for the Water Infrastructure Finance and Innovation Program Account.

The agreement makes \$2,200,000 available to the Secretary for program development, administration, and oversight, including but not limited to publishing the final fee and program rules, criteria for project eligibility, and Notice of Funding Availability. The agreement includes \$5,000,000 for the financial assistance authorized by Water Infrastructure Finance and Innovation Act (Public Law 113–121) program. The fiscal year 2021 Act provided funds to publish the final fee and program rules and Notice of Funding Availability. The Administration is reminded that the publication of these rules is necessary to move forward with the program and is directed to expeditiously publish the rules.

GENERAL PROVISIONS—CORPS OF ENGINEERS—CIVIL

(INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision relating to reprogramming.

The agreement includes a provision regarding the allocation of funds.

The agreement includes a provision prohibiting the use of funds to carry out any contract that commits funds beyond the amounts appropriated for that program, project, or activity.

The agreement includes a provision funding transfers to the Fish and Wildlife Service.

The agreement includes a provision regarding certain dredged material disposal activities. The Corps is directed to brief the Committees not later than 90 days after enactment of this Act on dredged material disposal issues.

The agreement includes a provision regarding reallocations at a project.

The agreement includes a provision prohibiting the use of funds in this Act for reorganization of the Civil Works program. Nothing in this Act prohibits the Corps from contracting with the National Academy of Sciences to carry out the study authorized by section 1102 of the AWIA (Public Law 115–270).

The agreement includes a provision regarding eligibility for additional funding. Whether a project is eligible for funding under a particular provision of additional funding is a function of the technical details of the project; it is not a policy decision. The Chief of Engineers is the federal government's technical expert responsible for execution of the Civil Works program and for offering professional advice on its development. Therefore, the provision in this agreement clarifies that a project's eligibility for additional funding

shall be solely the professional determination of the Chief of Engineers.

TITLE II—DEPARTMENT OF THE INTERIOR

CENTRAL UTAH PROJECT

CENTRAL UTAH PROJECT COMPLETION ACCOUNT

The agreement includes a total of \$23,000,000 for the Central Utah Project Completion Account, which includes \$16,450,000 for Central Utah Project construction, \$5,000,000 for transfer to the Utah Reclamation Mitigation and Conservation Account for use by the Utah Reclamation Mitigation and Conservation Commission, and \$1,550,000 for necessary expenses of the Secretary of the Interior.

BUREAU OF RECLAMATION

In lieu of all House and Senate direction regarding additional funding and the fiscal year 2022 work plan, the agreement includes direction under the heading “Additional Funding for Ongoing Work” in the Water and Related Resources account.

WATER AND RELATED RESOURCES

(INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$1,747,101,000 for Water and Related Resources.

The agreement for Water and Related Resources is shown in the following table:

Additional Funding for Ongoing Work.—The agreement includes funds above the budget request for Water and Related Resources studies, projects, and activities. This funding is for additional work that either was not included in the budget request or was inadequately budgeted. Priority in allocating these funds should be given to advance and complete ongoing work, including preconstruction activities and where environmental compliance has been completed; improve water supply reliability; improve water deliveries; enhance national, regional, or local economic development; promote job growth; advance tribal and nontribal water settlement studies and activities; or address critical backlog maintenance and rehabilitation activities.

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$117,250,000 shall be for water storage projects as authorized in section 4007 of the WIIN Act (Public Law 114–322).

Of the additional funding provided under the heading “Water Conservation and Delivery”, \$25,000,000 shall be for implementing the Drought Contingency Plan in the Lower Colorado River Basin to create or conserve recurring Colorado River water that contributes to supplies in Lake Mead and other Colorado River water reservoirs in the Lower Colorado River Basin or projects to improve the long-term efficiency of operations in the Lower Colorado River Basin, consistent with the Secretary’s obligations under the Colorado River Drought Contingency Plan Authorization Act (Public Law 116–14) and related agreements. None of these funds shall be used for the operation of the Yuma Desalting Plant and nothing in this section shall be construed as limiting existing or future opportunities to augment the water supplies of the Colorado River.

Of the additional funding provided under the heading “Water Conservation and Delivery”, not less than \$5,000,000 shall be for construction activities related to projects found to be feasible by the Secretary and that are ready to initiate for the repair of critical Reclamation canals where operational conveyance capacity has been seriously impaired by factors such as age or land subsidence, especially those that would imminently jeopardize Reclamation’s ability to meet water delivery obligations.

Of the additional funding provided under the heading “Environmental Restoration or Compliance”, not less than \$10,000,000 shall be for activities authorized under sections 4001 and 4010 of the WIIN Act (Public Law 114–322) or as set forth in federal-state plans for restoring threatened and endangered fish species affected by the operation of Reclamation’s water projects.

Of the additional funding provided under the heading “Fish Passage and Fish Screens”, \$6,000,000 shall be for the Anadromous Fish Screen Program.

Reclamation is directed to provide to the Committees not later than 45 days after enactment of this Act a report delineating how these funds are to be distributed, in which phase the work is to be accomplished, and an explanation of the criteria and rankings used to justify each allocation.

Reclamation is reminded that the following activities are eligible to compete for funding under the appropriate heading: activities authorized under Indian Water Rights Settlements; aquifer re-

charging efforts to address the ongoing backlog of related projects; all authorized rural water projects, including those with tribal components, those with non-tribal components, and those with both; conjunctive use projects and other projects to maximize groundwater storage and beneficial use; ongoing work, including preconstruction activities, on projects that provide new or existing water supplies through additional infrastructure; and activities authorized under section 206 of Public Law 113–235.

Aquifer Recharge.—Of the funds provided in this account above the budget request, \$18,000,000 shall be for Aquifer Storage and Recovery projects focused on ensuring sustainable water supply and protecting water quality of aquifers in the Great Plains Region with shared or multi-use aquifers, for municipal, agricultural irrigation, industrial, recreation, and domestic users.

Boulder Canyon Project, Dam Fund.—The agreement reiterates Senate direction.

Klamath Basin Project.—Reclamation is encouraged to continue collaborative agreements with state agencies to support ground water monitoring in the Klamath Basin. Further, Reclamation is directed to consider restoring agreements with Klamath Basin tribes to support surface monitoring efforts and to provide to the Committees not later than 90 days after enactment of this Act a briefing on the status of such agreements.

Research and Development: Desalination and Water Purification Program.—Of the funding provided for this program, \$10,500,000 shall be for desalination projects as authorized in section 4009(a) of Public Law 114–322.

Research and Development: Science and Technology Program: Airborne Snow Observatory Program.—The agreement provides an additional \$2,000,000 for this program, which advances snow and water supply forecasting.

Research and Development: Science and Technology Program: Snow Modeling Data Processing.—The agreement provides an additional \$1,500,000 to support Reclamation's efforts to support the U.S. Department of Agriculture and National Oceanic and Atmospheric Administration efforts to improve real-time and derived snow water equivalent information such that it can be immediately used for water resources decision-making.

Rural Water Projects.—Reclamation is reminded that voluntary funding in excess of legally required cost shares for rural water projects is acceptable, but shall not be used by Reclamation as a criterion for allocating additional funding provided in this agreement or for budgeting in future years.

Salton Sea.—Reclamation is directed to provide to the Committees not later than 90 days after enactment of this Act a briefing on Reclamation's plan for managing the air quality impacts of the estimated 8.75 square miles of lands it owns that will emerge from the receding Sea over the next decade.

San Joaquin River Restoration.—Permanent appropriations, newly available for the program in fiscal year 2020, should not supplant continued annual appropriations. Reclamation is encouraged to include adequate funding in future budget requests.

Upper Rio Grande Basin Study.—The agreement reiterates House and Senate direction.

Verde River Basin.—The agreement reiterates House direction.
WaterSMART Program: Title XVI Water Reclamation & Reuse Program.—Of the additional funding provided for this program, \$17,500,000 shall be for water recycling and reuse projects as authorized in section 4009(c) of Public Law 114–322.

CENTRAL VALLEY PROJECT RESTORATION FUND

The agreement provides \$56,499,000 for the Central Valley Project Restoration Fund.

CALIFORNIA BAY DELTA RESTORATION (INCLUDING TRANSFERS OF FUNDS)

The agreement provides \$33,000,000 for the California Bay-Delta Restoration Program.

POLICY AND ADMINISTRATION

The agreement provides \$64,400,000 for Policy and Administration.

ADMINISTRATIVE PROVISION

The agreement includes a provision limiting Reclamation to purchase not more than thirty passenger vehicles for replacement only.

GENERAL PROVISIONS—DEPARTMENT OF THE INTERIOR

The agreement includes a provision outlining the circumstances under which the Bureau of Reclamation may reprogram funds.

The agreement includes a provision regarding the San Luis Unit and Kesterson Reservoir in California.

The agreement includes a provision regarding section 9504(e) of the Omnibus Public Land Management Act of 2009.

The agreement includes a provision regarding the CALFED Bay-Delta Authorization Act.

The agreement includes a provision regarding section 9106(g)(2) of the Omnibus Public Land Management Act of 2009.

The agreement includes a provision regarding the Reclamation States Emergency Drought Relief Act of 1991.

The agreement includes a provision regarding the Reclamation Projects Authorization and Adjustment Act of 1992.

The agreement includes a provision prohibiting the use of funds in this Act for certain activities.

TITLE III—DEPARTMENT OF ENERGY

The agreement provides \$44,855,624,000 for the Department of Energy to fund programs in its primary mission areas of science, energy, environment, and national security.

CONGRESSIONAL DIRECTION

The Committees count on a timely and accessible executive branch in the course of fulfilling its constitutional role in the appropriations process. Requesting and receiving basic, factual information, including budget justification materials and responses to

inquiries, is vital in order to ensure transparency and accountability. While some discussions internal to the executive branch may be pre-decisional in nature and therefore not subject to release, the Committees' access to the facts, figures, and statistics that inform the decisions of the executive branch are not subject to those same sensitivities. The Committees shall have ready and timely access to information from the Department, Federally Funded Research and Development Centers, and any recipient of funding from this Act. Further, the Committees appreciate the ability for open and direct communication with all recipients of funding from this Act, and the Department shall not interfere with such communication and shall not penalize recipients of funding from this Act for such communication.

REPROGRAMMING REQUIREMENTS

The agreement carries the Department's reprogramming authority in statute to ensure that the Department carries out its programs consistent with congressional direction. The Department shall, when possible, submit consolidated, cumulative notifications to the Committees.

Definition.—A reprogramming includes the reallocation of funds from one program, project, or activity to another within an appropriation. For construction projects, a reprogramming constitutes the reallocation of funds from one construction project to another project or a change of \$2,000,000 or 10 percent, whichever is less, in the scope of an approved project.

FINANCIAL REPORTING AND MANAGEMENT

The Department is still not in compliance with its statutory requirement to submit to Congress, at the time that the budget request is submitted, a future-years energy program that covers the fiscal year of the budget request and the four succeeding years, as directed in the fiscal year 2012 Act. In addition, the Department has an outstanding requirement to submit a plan to become fully compliant with this requirement. The Department is directed to provide these requirements not later than 30 days after enactment of this Act. The Department may not obligate more than 95 percent of amounts provided to the Chief Financial Officer until the Department provides to the Committees a briefing on a plan to become fully compliant with this requirement.

Working Capital Fund.—The agreement reiterates House direction on this topic.

Congressional Reporting Requirements.—The Department is directed to provide quarterly updates to the Committees on this issue. Further, the Department is directed to provide all Congressionally required reports digitally in addition to traditional correspondence.

SBIR and STTR Programs.—The agreement reiterates House direction on this topic.

Mortgaging Future-Year Awards.—The agreement reiterates House direction on this topic.

General Plant Projects.—The agreement reiterates House direction on this topic.

Competitive Procedures.—The agreement reiterates House direction on this topic.

Workforce Development.—The agreement reiterates House direction on this topic.

CROSSCUTTING INITIATIVES

Energy Storage.—The Department is directed to carry out these activities in accordance with sections 3201 and 3202 of the Energy Act of 2020. The agreement provides not less than \$500,000,000 for energy storage, including not less than \$347,000,000 from the Office of Energy Efficiency and Renewable Energy (EERE), not less than \$120,000,000 from the Office of Electricity (OE), not less than \$5,000,000 from the Office of Fossil Energy and Carbon Management (FECM), not less than \$4,000,000 from the Office of Nuclear Energy (NE), and not less than \$24,000,000 from the Office of Science. The agreement reiterates Senate direction related to periodic updates on the Energy Storage Grand Challenge (ESGC) and ESGC roadmap.

Critical Minerals.—The agreement provides not less than \$167,000,000 for research, development, demonstration, and commercialization activities on the development of alternatives to, recycling of, and efficient production and use of critical minerals, including not less than \$100,000,000 from EERE, not less than \$50,000,000 from FECM, and not less than \$17,000,000 from the Office of Science.

Industrial Decarbonization.—The agreement provides not less than \$510,000,000 for industrial decarbonization activities, including not less than \$240,000,000 from EERE, not less than \$250,000,000 from FECM, and not less than \$20,000,000 from the Office of Science. The agreement provides not less than \$25,000,000 for low-carbon feedstocks in the steel, cement, concrete, and other heavy industrial sectors and not less than \$25,000,000 for clean heat alternatives for industrial processes.

Grid Modernization.—The agreement reiterates House and Senate direction on Grid Modernization and the Grid Modernization Lab Consortium.

Carbon Dioxide Removal.—The agreement provides not less than \$104,000,000 for research, development, and demonstration of carbon dioxide removal technologies, including not less than \$20,000,000 from EERE, not less than \$49,000,000 from FECM, and not less than \$35,000,000 from the Office of Science. Within available funds for carbon dioxide removal, the agreement provides not less than \$75,000,000 for direct air capture. The Department is directed to coordinate these activities among EERE, FECM, and the Office of Science.

Hydrogen Energy and Fuel Cell Coordination.—The Department is directed to coordinate its efforts in hydrogen energy and fuel cell technologies across its various departments and offices in order to maximize the effectiveness of investments in hydrogen-related activities. This coordination shall include EERE, FECM, NE, OE, the Office of Science, and the Advanced Research Projects Agency—Energy.

Harmful Algal Blooms.—The agreement reiterates House direction on this topic.

DOE and USDA Interagency Working Group.—The agreement reiterates House direction on this topic.

Landfill Emissions.—The agreement reiterates House direction on this topic.

COVID—19 Research Delays.—The agreement reiterates House and Senate direction on this topic.

Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization.—The Department is directed to include an itemization of funding for these activities in future budget requests.

Sexual Harassment.—The agreement reiterates Senate direction on this topic.

The agreement provides no direction on Equity and Justice.

The agreement provides no direction on the Civilian Climate Corps.

ENERGY PROGRAMS

ENERGY EFFICIENCY AND RENEWABLE ENERGY

The agreement provides \$3,200,000,000 for Energy Efficiency and Renewable Energy.

The agreement provides not less than \$10,000,000 for the Energy Transitions Initiative.

The agreement provides up to \$5,000,000 for university-led research in order to increase recycling rates for polyethylene plastics and develop conversion of waste polyethylene to more recyclable and biodegradable plastics.

The agreement provides \$10,000,000 for a consortium of universities in the United States that has established agreements with universities in Canada and Mexico to conduct research on a broad array of energy sources and topics.

SUSTAINABLE TRANSPORTATION

The Vehicle Technologies, Bioenergy Technologies, and Hydrogen and Fuel Cell Technologies offices are directed to work closely with the Department of Agriculture and the private sector to develop common metrics to evaluate and compare the impact of the emerging clean hydrogen industry on the ethanol and biodiesel industries.

Within available funds, the agreement provides not less than \$30,000,000 to continue the SuperTruck III program.

Vehicle Technologies.—The agreement provides not less than \$200,000,000 for Battery and Electrification Technologies.

The agreement provides up to \$15,000,000 to advance energy efficiency and low emissions technologies for off-road application vehicles, including commercial, of which up to \$5,000,000 is for fluid power systems.

The agreement provides up to \$10,000,000 to support research and development relevant to two-stroke opposed-piston engines.

The agreement provides not less than \$80,000,000 for Technology Integration, previously called Outreach, Deployment, and Analysis. Within available funds, the agreement provides not less than \$50,000,000 for deployment through the Clean Cities program, including not less than \$30,000,000 for competitive grants.

The agreement provides not less than \$40,000,000 for Energy Efficient Mobility Systems.

The agreement provides not less than \$5,000,000 for electric vehicle workforce development activities and reiterates House direction on the related report and roadmap.

The agreement reiterates House direction on the assessment and briefing related to electric vehicle charging infrastructure in underserved or disadvantaged communities.

The agreement provides up to \$5,000,000 for research on direct injection, engine technology, and the use of dimethyl ether as fuel.

The agreement provides up to \$10,000,000 to address technical barriers to the increased use of natural gas vehicles, including for applications in on-road vehicles, off-road vehicles, maritime, or rail.

Bioenergy Technologies.—The agreement provides not less than \$42,000,000 for Feedstock Technologies and the Biomass Feedstock National User Facility.

The agreement provides not less than \$40,000,000 for advanced algal systems to sustain the investment in development of algal biofuels.

The agreement provides \$3,000,000 for research, at commercially relevant processing scales, into affordable wood chip fractionation technologies and other processing improvements relevant to biorefineries in order to enable economic production of cellulose nanomaterials and economic upgrading of hemicelluloses and lignin.

Within available funds for Conversion Technologies, the agreement provides not less than \$23,000,000 for the Agile BioFoundry, including not less than \$3,000,000 to continue developing methods and technologies to advance biological engineering, to support expanded focus on artificial intelligence and machine learning and software development, to improve the predictive design of organisms and pathways, to build tools accessible to the wider scientific community, and for the purchase of state-of-the-art instrumentation that will enable better and more expansive collaborations. Within available funds for Conversion Technologies, the agreement provides \$5,000,000 to demonstrate the use of and improve the efficiency of community-scale digesters with priority given for projects in states and tribal areas that have adopted statutory requirements for the diversion of a high percentage of food material from municipal waste streams.

The agreement provides up to \$5,000,000 for continued support of the development and testing of new domestic manufactured low-emission, high-efficiency, residential wood heaters that supply easily accessed and affordable renewable energy and have the potential to reduce the national costs associated with thermal energy.

Hydrogen and Fuel Cell Technologies.—The agreement provides \$157,500,000 for Hydrogen and Fuel Cell Technologies to maintain a diverse program which focuses on early-, mid-, and late-stage research and development and technology acceleration including market transformation.

The agreement provides not less than \$60,000,000 for technologies to advance hydrogen use for heavy-duty transportation and industrial applications.

The agreement provides \$2,500,000 for research that tightly couples advanced modeling, characterization, and controlled synthesis

to elucidate the key mechanisms in this technology. This research should include participation by a university with demonstrated expertise with perovskite materials.

The agreement provides not less than \$15,000,000 to cost share the Office of Nuclear Energy hydrogen demonstration project, including for high temperature electrolysis research and development at a national laboratory. The agreement provides up to \$14,000,000 to support ongoing efforts for high- and low-temperature electrolyzer development.

The agreement provides not less than \$10,000,000 for solar fuels research and development.

The agreement provides not less than \$40,000,000 for System Development and Integration, including not less than \$10,000,000 for Safety, Codes, and Standards.

The agreement provides not less than \$45,000,000 for Hydrogen Technologies.

The Department shall continue research on novel onboard hydrogen tank systems, as well as trailer delivery systems to reduce costs of delivered hydrogen.

RENEWABLE ENERGY

Solar Energy Technologies.—The agreement provides not less than \$50,000,000 for Systems Integration and not less than \$75,000,000 for Photovoltaic Technologies.

The agreement provides not less than \$25,000,000 for additional investments in Cadmium Telluride to implement goals of a technology roadmap developed by the consortium. The agreement provides not less than \$25,000,000 for perovskites.

The agreement provides not less than \$20,000,000 for the Department to expand work to lower barriers to solar adoption for low-income households, renters, multifamily homes, and racially diverse communities.

The agreement provides not less than \$40,000,000 for Balance of System Soft Costs efforts focused on reducing the time and costs for planning, siting, permitting, inspecting, and interconnecting distributed and large-scale solar or storage projects through standardized requirements, online application systems, technical assistance, and grant awards to localities that voluntarily adopt the Solar Automated Permit Processing platform. Within available funds for Balance of Systems Soft Costs, \$5,000,000 is for the National Community Solar Partnership program.

Wind Energy Technologies.—The agreement provides not less than \$10,000,000 for distributed wind technologies.

The agreement provides not less than \$10,000,000 to support additional project development and pre-construction activities for offshore wind demonstration projects to help ensure success. The Department is directed to support innovative offshore wind demonstration projects to optimize their development, design, construction methods, testing plans, and economic value proposition. The Department is directed to support the advancement of innovative technologies for offshore wind development including freshwater, deep water, shallow water, and transitional depth installations.

The agreement provides up to \$6,000,000 for Centers of Excellence focused on offshore wind energy engineering, infrastructure,

supply chain, transmission, and other pertinent issues required to support offshore wind in the United States.

The agreement provides direction related to advanced manufacturing of wind blades and components within Advanced Manufacturing.

The agreement provides up to \$5,000,000 for the Wind Energy Technologies Office and the Water Power Technologies Office to support university-led research projects related to resource characterization, site planning, feasibility assessments, community outreach, and planning for long-term environmental monitoring for applications of marine energy and floating offshore wind technologies to support sustainable offshore energy deployment and scalable aquaculture production.

The agreement provides up to \$30,000,000 for research and development that can lead to demonstration of onsite manufacturing of turbine system components to enable turbine construction with blade length greater than 75 meters.

The agreement provides not less than \$30,000,000 for the National Wind Technology Center and up to \$5,000,000 for research and operations of the Integrated Energy System at Scale.

The agreement provides not less than \$30,000,000 for the Department to prioritize early-stage research on materials and manufacturing methods and advanced components that will enable high quality wind resources to compete in the marketplace without the need for subsidies, and on activities that will accelerate fundamental offshore-specific research and development such as those that target technology and deployment challenges unique to U.S. waters.

Water Power Technologies.—The agreement provides not less than \$47,000,000 for Hydropower Technologies and not less than \$112,000,000 for Marine and Hydrokinetic Technologies.

The agreement provides \$5,000,000 to continue industry-led research, development, demonstration, and deployment efforts of innovative technologies for fish passage and invasive fish species removal at hydropower facilities, as well as analysis of hydrologic climate science and water basin data to understand the impact of climate change on hydropower.

The agreement provides up to \$10,000,000 for the purposes of sections 242 and 243 of the Energy Policy Act of 2005.

The agreement provides not less than \$24,000,000 for the Powering the Blue Economy initiative.

The agreement provides up to \$20,000,000 to address infrastructure needs at marine energy technology testing sites, including general plant projects, and to support for planning activities for the staged development of an ocean current test facility. The agreement provides up to \$5,000,000 for the Department to continue its support of operations at the Atlantic Marine Energy Center to accelerate the transition of wave and tidal energy technologies to market.

The agreement reiterates House and Senate direction on industry-led competitive solicitations to increase energy capture; foundational research activities led by universities and other research institutions affiliated with the National Marine Energy Centers; the continued development and construction of an open water,

fully energetic, grid connected wave energy test facility; and the continuation of the Testing Expertise and Access for Marine Energy Research initiative.

The Department is directed to continue to coordinate with the U.S. Navy and other federal agencies on marine energy technology development for national security and other applications.

The agreement provides \$5,000,000 for the environmental analyses and engineering of potential run-of-river hydrokinetic facilities at two sites with high electricity costs and diesel use, as determined by the Secretary.

Geothermal Technologies.—The agreement provides up to \$75,000,000 for enhanced geothermal system demonstrations and next-generation geothermal demonstration projects in diverse geographic areas. The agreement provides not less than \$10,000,000 for research, development, and demonstration efforts relevant to super-hot rock geothermal technology. The agreement provides not less than \$17,000,000 for Low Temperature and Coproduced Resources. The Department is directed to continue its efforts to identify and characterize geothermal resources in areas with no obvious surface expressions.

Renewable Energy Grid Integration.—The agreement includes a new control point and provides \$40,000,000 for activities to facilitate the integration of grid activities among renewable energy technologies. Further, within available funds, the agreement provides \$10,000,000 for development and demonstration of an “energyshed” management system that addresses a discrete geographic area in which renewable sources currently provide a large portion of electric energy needs, where grid capacity constraints result in curtailment of renewable generation, and with very substantial existing deployment of interactive smart meters. The “energyshed” design should achieve a high level of integration, resilience, and reliability among all energy uses, including both on-demand and long-time energy scales, transmission, and distribution of electricity.

ENERGY EFFICIENCY

Advanced Manufacturing.—The agreement provides \$25,000,000 for the Energy-Water Desalination Hub and provides up to \$10,000,000 to be used to issue a competitive solicitation for university and industry-led teams to improve the efficiency of industrial drying processes.

The agreement provides \$5,000,000 to expand the technical assistance provided for water and wastewater treatment and reiterates House direction on the related briefing. The Department is directed to summarize its efforts to work with key stakeholders in this area, including wastewater and drinking water providers, to maximize the investment of these dollars to high priority targets. The agreement provides \$20,000,000 for research and development on technologies to achieve energy efficiency of water and wastewater treatment plants, including the deployment of alternative energy sources, as appropriate.

The agreement provides \$10,000,000 for the development of advanced tooling for lightweight automotive components to lead the transition to electric vehicle and mobility solutions to meet the national urgency for market adoption.

The agreement provides up to \$20,000,000 to continue the development of additive manufacturing involving nanocellulosic feedstock materials made from forest products to overcome challenges to the cost and deployment of building, transportation, and energy technologies.

The Department is directed to further foster the partnership between the national laboratories, universities, and industry to use bio-based thermoplastics composites, such as micro- and nanocellulosic materials, and large-area 3-D printing to overcome challenges to the cost and deployment of building, transportation, and energy technologies.

The agreement provides up to \$20,000,000 for the Advanced Manufacturing Office to work in coordination with the Hydrogen and Fuel Cell Technologies Office to support high-impact activities for the development and deployment of hydrogen and fuel cell technologies, including on the economic use of low-carbon hydrogen for industrial processes.

The agreement provides \$25,000,000 for the Manufacturing Demonstration Facility (MDF) and the Carbon Fiber Technology Facility. Within available funds for MDF, the agreement provides \$5,000,000 for the development of processes for materials solutions.

The Department is directed to support activities for conversion and retooling of manufacturing industrial facilities to support the domestic auto industry and to retain American competitiveness in building the vehicles of the future.

The agreement provides \$20,000,000 for process-informed science, design, and engineering materials and devices in harsh environments, including nuclear environments, and to demonstrate integrated energy systems applied to decarbonized steel making and refractory materials, including net zero or high-temperature hydrogen-based decarbonization. The agreement provides \$10,000,000 for continued research for dynamic catalyst science coupled with data analytics.

The agreement provides not less than \$20,000,000 for electric vehicle battery manufacturing. The Department is directed to prioritize funding to partnerships and consortiums that include private industry, universities, and nonprofit organizations with expertise in electric vehicle manufacturing, electric vehicle workforce development, and regional innovation development.

The agreement provides \$10,000,000 for research, development, and demonstration activities that will enable U.S. manufacturers to increase the recovery, recycling, reuse, and remanufacturing of plastics, metals, electronic waste, and fibers.

The agreement provides no direction related to environmental product declarations.

The agreement provides up to \$20,000,000 for the Industrial Assessment Center (IAC) program and reiterates Senate direction. Within the funds provided for the IACs, the agreement provides up to \$4,000,000 for applied technical assistance and the purchase and pilot testing of innovative technology and reiterates Senate direction.

The agreement provides not less than \$13,000,000 to provide ongoing support for the Combined Heat and Power (CHP) Technical Assistance Partnerships (TAPs) and related CHP Technical Part-

nership activities, including not less than \$5,000,000 for the TAPs and not less than \$7,000,000 for related CHP activities. The Department is directed to collaborate with industry on the potential energy efficiency and energy security gains to be realized with district energy systems.

The agreement provides up to \$10,000,000 for the issuance of a competitive solicitation for industry-led teams to improve the efficiency and sustainability of metal extraction through artificial intelligence and machine learning, giving priority to gold and silver extraction activities.

The Department is directed to carry out activities in accordance with title VI of the Energy Act of 2020.

The agreement provides \$5,000,000 to support sustainable chemistry research and development.

The agreement provides \$4,000,000 to support additive manufacturing work on large wind blades that will allow for rapid prototyping, tooling, fabrication, and testing; \$7,000,000 for additive manufacturing of wind turbine components; and \$18,000,000 for advanced wind turbine blade manufacturing research, including additive composite tip technology, automation, and sustainability.

The agreement provides not less than \$7,000,000 to continue technology development to convert lithium chloride from geothermal brine into lithium hydroxide that will inform the design of a commercial-scale facility that will both extract lithium from geothermal brine and convert the lithium in geothermal brine into the lithium hydroxide.

The agreement provides \$5,000,000 to continue to develop and industrialize low-cost polymer infiltration processes for the fabrication of ceramic matrix composites for high-temperature components, giving priority to silicon carbide components.

The agreement provides not less than \$5,000,000 to apply the Office of Science's leadership computing facility expertise in machine learning to increase efficiencies in large scale, high rate, aerostructures manufacturing.

Building Technologies.—The agreement provides not less than \$55,000,000 for the Commercial Building Integration program for core research and development of more cost-effective integration techniques and technologies that could help the transition toward deep retrofits. The agreement provides not less than \$45,000,000 for Residential Building Integration (RBI) and reiterates Senate directions related to RBI.

The agreement provides not less than \$58,000,000 for Equipment and Building Standards, including not less than \$12,000,000 for Building Energy Codes.

The agreement provides not less than \$30,000,000 for Buildings-to-Grid integration research and development consistent with a transactive energy system and in coordination with the Office of Electricity's transactive energy systems program to accelerate grid-enabled buildings and reduce barriers to dynamic, responsive building energy use that can meet customers' needs and support a reliable electric grid.

The agreement provides up to \$30,000,000 for solid-state lighting. If the Secretary finds solid-state lighting technology eligible for the Twenty-First Century Lamp prize, specified under section 655

of the Energy Independence and Security Act of 2007, up to \$5,000,000 shall be made available to fund the prize or additional projects for solid-state lighting research and development.

The agreement provides up to \$5,000,000 for the establishment of a Heat Pump Consortium to integrate and deploy heat pump technologies in a joint industry partnership.

Significant research and development gaps remain to transition to lower-carbon and zero-carbon fuels in buildings. The Department is encouraged to continue to explore research and development that can advance systems and appliances, driven by delivered fuels including renewable fuels and hydrogen, to meet consumer demand for high efficiency and environmentally friendly products in residential and commercial building applications, including heat pumps with power generation and water heating, increased utilization of renewable fuels and hydrogen, appliance venting, hybrid fuel-fired and electrically-driven systems, distributed carbon capture, mitigation of behind-the-meter methane emissions, and on-site (micro) combined heat and power to include cooling and integration with renewables.

The agreement reiterates House direction on a briefing outlining the opportunities and challenges in deploying energy efficient building technologies to public buildings and buildings that host providers, such as food banks, serving community needs.

Within available funds for Emerging Technologies, the Department is encouraged to make funding available for Heating, Ventilation, and Air Conditioning (HVAC) and Refrigeration research, development and deployment, including heat pumps, heat pump water heaters, and boilers. The Department shall focus its efforts to address whole building energy performance and cost issues to inform efforts to advance beneficial electrification and greenhouse gas mitigation without compromising building energy performance.

The agreement provides up to \$50,000,000 for advanced HVAC and dehumidification manufacturing scale-up projects.

The agreement reiterates Senate direction related to the Grid-interactive Efficient Buildings (GEB) program.

Federal Energy Management Program.—The agreement reiterates House and Senate direction related to energy performance contracts management.

Weatherization and Intergovernmental Program.—Within available funds for the State Energy Program, the agreement provides \$500,000 for technical assistance to continue the Sustainable Wastewater Infrastructure of the Future Accelerator.

Within available funds for the Weatherization Assistance Program (WAP), the agreement provides \$3,000,000 to support community-scale weatherization and reiterates House direction for this activity.

The agreement provides \$1,000,000 be made available to WAP grant recipients that have previously worked with the Department via the Weatherization Innovation Pilot Program, for the purpose of developing and implementing state and regional programs to treat harmful substances, including vermiculite.

Energy Future Grants.—The agreement provides funds to support state-, local-, and tribal-level approaches to meeting energy needs at the local level, including through financial and technical

assistance to eligible entities for energy system planning and analysis and conducting stakeholder engagement. Eligible entities shall include states, local governments, communities, U.S. territories, and tribes. The Department is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on its implementation plan for this program.

Congressionally Directed Spending.—The agreement provides \$77,047,000 for the following list of projects that provide for research, development, and demonstration for Energy Efficiency and Renewable Energy activities or programs. Recipients are reminded that statutory cost sharing requirements may apply to these projects.

CYBERSECURITY, ENERGY SECURITY, AND EMERGENCY RESPONSE

The agreement provides \$185,804,000 for Cybersecurity, Energy Security, and Emergency Response (CESER).

The Department is directed to include an itemization of funding levels below the control point in future budget requests. Given concerns about the longstanding lack of clarity on the Department's cyber research and development responsibilities, CESER is directed to coordinate with the Office of Electricity and relevant applied energy offices in clearly defining these program activities. The Department is directed to provide the Committees quarterly updates on these topics.

The agreement provides not less than \$2,000,000 for digital twin projects to enable essential collaborator participation and their integration into the effort.

The agreement provides up to \$20,000,000 for the Cyber Testing for Resilient Industrial Control System (CyTRICS) program.

Risk Management Technology and Tools.—The agreement provides up to \$10,000,000 for consequence-driven cyber-informed engineering and up to \$4,000,000 for university-based research and development of scalable cyber-physical platforms for resilient and secure electric power systems that are flexible, modular, self-healing, and autonomous. The agreement provides not less than \$5,000,000 to conduct a demonstration program of innovative technologies, such as technologies for monitoring vegetation management, to improve grid resiliency from wildfires. The agreement includes not less than \$2,000,000 to continue the establishment of a network of university-based, regional energy cybersecurity centers.

Congressionally Directed Spending.—The agreement provides \$3,000,000 for the following list of projects that provide for research, development, and demonstration for CESER activities or programs. Recipients are reminded that statutory cost sharing requirements may apply to these projects.

ELECTRICITY

The agreement provides \$277,000,000 for Electricity. The Department is directed to include an itemization of funding levels below the control point in future budget requests. Given concerns about the longstanding lack of clarity on the Department's cyber research and development responsibilities, Electricity is directed to coordinate with the Office of Cybersecurity, Energy Security, and Emergency Response (CESER) and other relevant offices in clearly defining these program activities. The Department is expected to integrate cybersecurity, where relevant, throughout all of Electricity's research, development, demonstration, and deployment activities.

Energy Delivery Grid Operations Technology.—The agreement provides \$10,000,000 for the DarkNet project and \$5,000,000 to support research on silicon carbide semiconductors.

Resilient Distribution Systems.—The agreement provides up to \$10,000,000 for the COMMANDER National Test Bed.

The agreement reiterates House and Senate direction related to the integration of sensors into distribution systems, microgrid controllers and systems, and transactive energy concepts.

The agreement provides not less than \$10,000,000 for demonstration projects with the Grid Sensors and Sensor Analytics program. The agreement reiterates House and Senate direction on focus areas for these demonstration projects, including activities that may include post-weather or fire event assessments and activities utilizing utility data from advanced metering infrastructure.

The agreement reiterates Senate direction related to barriers impeding grid integration of distributed energy systems.

The agreement provides up to \$10,000,000 for coordinated research and development of microgrid-related technologies, with a focus on underserved and Indigenous communities.

Energy Storage.—The agreement provides not less than \$20,000,000 for a competitive pilot demonstration grant program, as authorized in section 3201 of the Energy Act of 2020, for energy storage projects that are U.S.-controlled, U.S.-made, and North American sourced and supplied. The Department is directed to include in this program large scale commercial development and deployment of long cycle life, lithium-grid scale batteries and their components.

The agreement provides \$5,000,000 for battery storage demonstration projects that are located in areas where grid capacity constraints result in curtailment of renewable generation; improve grid resilience for a public utility that is regularly affected by weather-related natural disasters; and provide rate reduction and renewable energy benefits to businesses, farms, and residents in economically-stressed rural areas. Direct storage from solar generation may also be incorporated.

Cyber R&D.—The agreement provides up to \$5,000,000 for university-based research and development of scalable cyber-physical platforms for resilient and secure electric power systems that are flexible, modular, self-healing, and autonomous, in coordination with CESER.

Transformer Resilience and Advanced Components.—The agreement provides up to \$5,000,000 for the Grid Research Integration

and Demonstration Center and up to \$2,500,000 to further assess composite utility poles in controlled and field tests. The Department is directed to support research and development to advance safe and effective alternatives to SF6, including in circuit breakers, reclosers, sectionalizers, load break switches, switchgear, and gas insulated lines.

Transmission Permitting and Technical Assistance.—The agreement reiterates Senate direction on collaboration with relevant state entities to have access to grid, economic, and emissions modeling.

Congressionally Directed Spending.—The agreement provides \$2,850,000 for the following list of projects that provide for research, development, and demonstration for Electricity activities or programs. Recipients are reminded that statutory cost sharing requirements may apply to these projects.

Congressionally Directed Spending Electricity Projects

Project Name	Amount Provided
Cuyahoga County Utility Microgrid Design Project, OH	300
Electrical transmission and distribution infrastructure for PUD No 1 of Lewis County, WA	2,500
Village of Old Brookville Village Hall expansion: 52 kW standby backup generator, NY	50

NUCLEAR ENERGY

The agreement provides \$1,654,800,000 for Nuclear Energy.

The Department is directed to provide to the Committees a briefing and regular updates prior to any proposed contractual and engineering design changes for advanced reactor projects currently being funded. Further, the Department is directed to provide to the Committees not later than 90 days after enactment of this Act a detailed multi-year funding plan for the advanced reactor designs currently being pursued by the Department.

The agreement reiterates House direction related to a report on thorium molten-salt reactors.

Nuclear Energy University Program (NEUP).—Since 2009, the Department has allocated up to 20 percent of funds appropriated to Nuclear Energy research and development programs to fund university-led R&D and university infrastructure projects through an open, competitive solicitation process using formally certified peer reviewers. The agreement provides a separate control point to fund NEUP and other crosscutting program responsibilities (SBIR, STTR, and TCF) in order to provide greater transparency and flexibility for this program. The Department is directed to provide to the Committees prior to the obligation of these funds a detailed spending and execution plan for NEUP activities. The Department is directed to provide to the Committees not later 90 days after enactment of this Act and quarterly thereafter briefings on the implementation of NEUP. The Department is directed to provide to the Committees not later than 180 days after enactment of this Act, and prior to taking any actions, a briefing on proposals to address concerns and implement improvements recommended by the Nuclear Engineering Department Heads Organization. The agreement does not provide any funds to initiate the construction of new university nuclear reactors.

NUCLEAR ENERGY ENABLING TECHNOLOGIES

The agreement provides \$3,000,000 to complete the preliminary engineering and design, contingent on Departmental approval, of a secure, separate, and shielded beamline at the NSLS II at Brookhaven National Laboratory to examine radioactive materials. This beamline shall complement and be compatible with irradiation tests and infrastructure for materials characterization and sample preparation at Idaho National Laboratory.

Crosscutting Technology Development.—The agreement provides \$5,000,000 to support and expand research collaborations, which may include a consortium, between research universities and national laboratories utilizing existing capabilities and infrastructure focused on the benefits, as well as vulnerabilities, of digital instrumentation for existing and future nuclear reactors, including the use of new approaches, such as predictive analytics, machine learning, and artificial intelligence, to improve reactor safety and performance and address cybersecurity issues. The agreement provides not less than \$5,000,000 to continue activities related to materials development, including through public-private partnerships, to develop new materials the nuclear industry will need in the future. The agreement provides \$10,000,000 for integrated energy systems

and \$3,000,000 for Nuclear Materials Discovery and Qualification. The agreement includes no direction on the Gateway for Accelerated Innovation in Nuclear (GAIN) program.

Nuclear Science User Facilities.—The agreement provides not less than \$10,000,000 for computational support.

New Materials Development.—The agreement provides funding for this activity in Crosscutting Technology Development.

FUEL CYCLE RESEARCH AND DEVELOPMENT

To support availability of high-assay low-enriched uranium (HALEU) and other advanced nuclear fuels, consistent with section 2001 of the Energy Act of 2020, the agreement includes \$72,000,000, including \$2,000,000 for Mining, Shipping, and Transportation; \$45,000,000 for Advanced Nuclear Fuel Availability; and not less than \$25,000,000 within Material Recovery and Waste Form Development.

Advanced Nuclear Fuel Availability.—The Department is directed to conduct these activities in a manner that will encourage, rather than discourage, the private sector commercialization of HALEU production. The fiscal year 2020 Act directed the Department to provide an evaluation on the anticipated demand for HALEU, the timing of that demand, and options for meeting that demand. Section 2001(b)(2) of the Energy Act of 2020 requires the Department to submit to Congress a report on a program to support the availability of HALEU for civilian domestic demonstration and commercial use. The Department is directed to submit these reports to the Committees not later than 30 days after enactment of this Act and not less than 60 days prior to the obligation of more than 90 percent of these funds.

Material Recovery and Waste Form Development.—The agreement provides not less than \$15,000,000 for EBR II Processing of HALEU and \$10,000,000 to continue work on the ZIRCEX process.

Accident Tolerant Fuels.—The agreement provides not less than \$10,000,000 for further development of silicon carbide ceramic matrix composite fuel cladding for light water reactors. The agreement reiterates House and Senate direction regarding information and briefing requirements for the Accident Tolerant Fuels program.

Triso Fuel and Graphite Qualification.—The agreement provides up to \$10,000,000 to continue the transition of TRISO fuel to a multiple-producer market, ensuring that more than one industry source would be available to the commercial and government markets.

Used Nuclear Fuel Disposition R&D.—The agreement provides \$5,000,000 for advanced reactor used fuel disposition to address used fuel from TRISO-fueled and metal-fueled advanced reactors.

Integrated Waste Management System.—The Department is directed to continue site preparation activities at stranded sites, to evaluate the re-initiation of regional transport, and to undertake transportation coordination efforts.

REACTOR CONCEPTS RESEARCH AND DEVELOPMENT

Advanced Small Modular Reactor RD&D.—The agreement provides \$150,000,000 for ongoing demonstration activities.

Light Water Reactor Sustainability.—The agreement provides not less than \$10,000,000 to support new or previously awarded hydrogen demonstration projects.

Advanced Reactor Technologies.—The agreement provides not less than \$13,000,000 for Advanced Reactor Concepts Industry Awards; up to \$5,000,000 for continued work on Supercritical Transformational Electric Power (STEP) research and development; and not less than \$25,000,000 for MW-scale reactor research and development, including not less than \$9,000,000 for MARVEL. The agreement provides up to \$5,000,000 for the research and development of advanced isotope separation processes for Molten Salt Reactors.

ADVANCED REACTOR DEMONSTRATION PROGRAM

The Department is directed to continue to ensure the program moves forward expeditiously and within original scope and budget. The Department is directed to continue to focus resources on partners capable of project delivery within five to seven years of award.

National Reactor Innovation Center.—The agreement provides up to \$48,000,000 for capital design and construction activities for demonstration reactor test bed preparation at Idaho National Laboratory supporting reactor demonstration activities. The Department shall submit a Construction Project Data Sheet for each such applicable project that is expected to exceed the minor construction threshold.

FOSSIL ENERGY AND CARBON MANAGEMENT

The agreement provides \$825,000,000 for Fossil Energy and Carbon Management.

Consistent with section 961(a)(3) of the Energy Policy Act of 2005, in carrying out the objectives described in subparagraphs (F) through (K) of paragraph (2) of section 961(a), the Secretary shall prioritize activities and strategies that have the potential to significantly reduce emissions for each technology relevant to the applicable objective and the international commitments of the United States.

The agreement provides no funds to plan, develop, implement, or pursue the consolidation or closure of any of the National Energy Technology Laboratory (NETL) sites.

The agreement provides not less than \$5,000,000 for integrated energy systems and \$500,000 to support feasibility and operational planning for large-scale biomass production for the purposes of bioenergy with carbon capture and storage.

The agreement provides \$10,000,000 for a laboratory demonstration project for carbon-neutral methanol synthesis from direct air capture and carbon-free hydrogen production.

Solid Oxide Fuel Cell Systems & Hydrogen.—The agreement provides not less than \$105,000,000 for the research, development, and demonstration of solid oxide fuel cell systems and hydrogen production, transport, storage, and use systems.

National Carbon Capture Center.—The agreement supports funding for the National Carbon Capture Center consistent with the cooperative agreement.

CCUS AND POWER SYSTEMS

The Department is directed to conduct CCUS activities, including front-end engineering and design studies, large pilot projects, and demonstration projects that capture and securely store commercial volumes of carbon dioxide from fossil energy power plants, industrial facilities, or directly from the air, consistent with the objectives of title IV of the Energy Act of 2020.

The Department is directed to establish a program to support research and development of novel, proof-of-principle carbon containment projects with the goal of finding and de-risking methods and locations to remove atmospheric carbon dioxide that are effective, safe, low cost, and scalable. The agreement provides up to \$50,000,000 to support work at multiple sites, including within significant basalt formations, to pursue research, development, and deployment of carbon containment technologies and proximate carbon dioxide capturing systems that also meet regional economic and ecological restoration policy goals such as catastrophic wildfire mitigation and job creation.

Carbon Capture.—The agreement provides up to \$50,000,000 to support front-end engineering and design studies, large pilot projects, and demonstration projects, including for the development of a first-of-its-kind carbon capture project at an existing natural gas combined cycle plant. The agreement provides not less than \$10,000,000 for research and optimization of carbon capture technologies at industrial facilities and not less than \$12,000,000 for research and optimization of carbon capture technologies for natural gas power systems. The agreement provides up to \$10,000,000 to assist communities in the design and construction of pilot-scale equipment and systems necessary to demonstrate carbon capture, utilization, and storage at waste to energy plants.

Carbon Dioxide Removal.—The agreement provides \$5,000,000 for a competitive solicitation for a study of the development of a direct air capture facility co-located with a geothermal energy resource. The agreement provides \$5,000,000 for research, development, and demonstration activities related to the indirect sequestration of carbon dioxide from ocean waters.

Carbon Utilization.—The agreement provides not less than \$8,000,000 for a competitive solicitation to conduct tests of technologies for carbon dioxide absorption integrated with algae systems for capturing and reusing or utilizing carbon dioxide to produce useful fuels and chemicals, giving priority for teams with university participants.

Carbon Storage.—The agreement provides not less than \$35,000,000 for CarbonSAFE and not less than \$20,000,000 for the Regional Carbon Sequestration Partnerships. The agreement includes no direction for Storage Infrastructure. The only direction for carbon containment technologies and proximate carbon dioxide capturing systems is located in the front matter of CCUS and Power Systems.

Advanced Energy and Hydrogen Systems.—The agreement provides not less than \$30,000,000 for Advanced Turbines to carry out research, development, and technology demonstration to improve the efficiency of gas turbines used in power generation systems,

aviation, and other applications. The agreement provides up to \$50,000,000 for materials research and development. The Department is directed to support the development of ceramic matrix composite (CMC) materials in accordance with the CMC Manufacturing Roadmap and section 4005 of the Energy Act of 2020.

Crosscutting Research.—The agreement provides \$1,000,000 for research, development, and commercialization of value-added natural gas technologies consistent with Senate direction.

Minerals Sustainability.—The agreement provides not less than \$23,000,000 for research and development activities to develop advanced separation technologies for the extraction and recovery of rare earth elements and other critical materials from coal and coal byproducts, as well as mitigate any potential environmental and public health impacts of such activities. The Department is directed to continue the Carbon Ore, Rare Earths, and Critical Minerals (CORE-CM) Program. The agreement provides up to \$6,000,000 for the Department, in collaboration with the Department of Commerce and U.S. Geological Survey, to pilot a research and development project to enhance the security and stability of the rare earth element supply chain. Research shall include approaches to mining of domestic rare earth elements that are critical to U.S. technology development and manufacturing, as well as emphasize environmentally responsible mining practices.

*Supercritical Transformational Electric Power (STEP) Generation*1.—The agreement supports efforts, consistent with the current cooperative agreement, to complete the necessary design and construction of the 10-MW pilot and to conduct the necessary testing for the facility. The Department is directed to brief the Committees prior to any change to scope or cost profile of the project. The agreement provides additional funds for competitively awarded research and development activities.

RESOURCE TECHNOLOGIES AND SUSTAINABILITY

The agreement provides not less than \$20,000,000 for Emissions Mitigation from Midstream Infrastructure, including \$5,000,000 to develop and demonstrate an easily implementable, maintainable, and low-cost integrated methane monitoring platform consistent with Senate direction.

The agreement provides not less than \$10,000,000 for Emissions Quantification from Natural Gas Infrastructure, including \$1,500,000 to accelerate development and deployment of high-temperature harsh-environment sensors, sensor packaging, and wireless sensor hardware for power generation.

The agreement provides not less than \$12,000,000 for Environmentally Prudent Development, including up to \$6,000,000 to continue the Risk Based Data Management System.

The agreement provides not less than \$20,000,000 for natural gas utilization, hydrogen, sustainable fuels, and chemicals. The agreement provides up to \$5,000,000 for a demonstration project focused on producing hydrogen from the processing of produced water and mineral substances and on transporting hydrogen using existing energy infrastructure.

The agreement provides \$10,000,000 for further research on multipronged approaches for characterizing the constituents of and

managing the cleaning of water produced during the extraction of oil and natural gas, of which \$8,000,000 is available to partner with research universities engaged in the study of characterizing, cleaning, treating, and managing produced water and who are willing to engage through public private partnerships with the energy industry to develop and assess commercially viable technology to achieve the same.

The agreement provides \$10,000,000 for university research and field investigations in the Gulf of Mexico to confirm the nature, regional context, and hydrocarbon system behavior of gas hydrate deposits.

The agreement provides not less than \$19,000,000 for Unconventional Field Test Sites. The Department is directed to maintain robust efforts in enhanced recovery technologies.

NETL INFRASTRUCTURE

Within available funds for NETL Infrastructure, the Department is directed to prioritize funds for Joule, the Center for Artificial Intelligence and Machine Learning, site-wide upgrades for safety, and addressing and avoiding deferred maintenance. The agreement provides up to \$25,000,000 to establish a direct air capture facility.

Congressionally Directed Spending.—The agreement provides \$20,199,000 for the following list of projects that provide for research, development, and demonstration for Fossil Energy and Carbon Management activities or programs. Recipients are reminded that statutory cost sharing requirements may apply to these projects.

Congressionally Directed Spending Fossil Energy and Carbon Management Projects
(Amounts in Thousands)

Project Name	Amount Provided
Coal Communities Regional Innovation Cluster, WV	4,000
Coal Mine Methane Solutions, CO	1,200

NAVAL PETROLEUM AND OIL SHALE RESERVES

The agreement provides \$13,650,000 for the operation of the Naval Petroleum and Oil Shale Reserves.

STRATEGIC PETROLEUM RESERVE

The agreement includes \$219,000,000 for the Strategic Petroleum Reserve, of which \$22,000,000 is for the Northeast Gasoline Supply Reserve.

No funding is requested for the establishment of a new regional petroleum product reserve, and no funding is provided for this purpose. Further, the Department may not establish any new regional petroleum product reserves unless funding for such a proposed regional petroleum product reserve is explicitly requested in advance in an annual budget request and approved by Congress in an appropriations Act.

SPR PETROLEUM ACCOUNT

The agreement provides \$7,350,000 for the SPR Petroleum Account.

NORTHEAST HOME HEATING OIL RESERVE

The agreement provides \$6,500,000 for the Northeast Home Heating Oil Reserve.

ENERGY INFORMATION ADMINISTRATION

The agreement provides \$129,087,000 for the Energy Information Administration.

NON-DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$333,863,000 for Non-Defense Environmental Cleanup.

Small Sites.—The agreement provides \$119,340,000 for Small Sites cleanup. Within this amount, \$21,340,000 is for the Energy Technology Engineering Center, \$11,000,000 is for Idaho National Laboratory, \$5,000,000 is to continue work at Lawrence Berkeley National Laboratory, \$67,000,000 is for Moab, and \$15,000,000 is for excess Office of Science facilities.

Gaseous Diffusion Plants.—The agreement provides \$121,203,000 for cleanup activities at the Gaseous Diffusion Plants, including an additional \$5,000,000 above the budget request for treatment and shipping of cylinders.

URANIUM ENRICHMENT DECONTAMINATION AND DECOMMISSIONING FUND

The agreement provides \$860,000,000 for activities funded from the Uranium Enrichment Decontamination and Decommissioning Fund.

Portsmouth Site.—Within funds available for Pensions and Community and Regulatory Support, the agreement provides an additional \$500,000 above the budget request for the Department to establish a community liaison and to provide technical and regu-

latory assistance to the local community and surrounding counties. The agreement reiterates House direction on air and ground water monitoring and reporting, land use planning, and Committee briefings following additional environmental sampling.

SCIENCE

The agreement provides \$7,475,000,000 for Science.

The agreement provides not less than \$120,000,000 for Artificial Intelligence and Machine Learning capabilities across the Office of Science programs.

The agreement provides not less than \$2,000,000 for collaboration with the National Institutes of Health within the Department's data and computational mission space.

The agreement provides not less than \$245,000,000 for quantum information science, including not less than \$120,000,000 for research and \$125,000,000 for the five National Quantum Information Science Research Centers.

The agreement reiterates House direction on traineeships.

The Department is directed to provide to the Committees not later than 90 days after enactment of this Act and annually thereafter briefings on implementation of the new workforce initiative.

The Department is directed to award up to 10 Lawrence Awards with an honorarium of not less than \$20,000 per awardee.

ADVANCED SCIENTIFIC COMPUTING RESEARCH

The agreement provides not less than \$160,000,000 for the Argonne Leadership Computing Facility, \$250,000,000 for the Oak Ridge Leadership Computing Facility, not less than \$120,000,000 for the National Energy Research Scientific Computing Center at Lawrence Berkeley National Laboratory, and not less than \$90,000,000 for ESnet.

The agreement provides not less than \$260,000,000 for Mathematical, Computational, and Computer Sciences Research, including not less than \$15,000,000 for computational sciences workforce programs.

The agreement provides not less than \$15,000,000 and up to \$40,000,000 for the development of AI-optimized emerging memory technology for AI-specialized hardware allowing for new computing capabilities tailored to the demands of artificial intelligence systems.

BASIC ENERGY SCIENCES

The agreement provides not less than \$130,000,000 for the Energy Frontier Research Centers, \$25,000,000 for EPSCoR, \$25,000,000 for the Batteries and Energy Storage Innovation Hub, and not less than \$20,000,000 for the Fuels from Sunlight Innovation Hub.

The agreement provides not less than \$538,000,000 for facilities operations of the nation's light sources, not less than \$294,000,000 for facilities operations of the high-flux neutron sources, and not less than \$142,000,000 for facilities operations and recapitalization of the Nanoscale Science Research Centers (NSRC).

The agreement provides not less than \$14,300,000 for other project costs, including \$4,300,000 for Linac Coherent Light Source-II, \$5,000,000 for Advanced Photon Source Upgrade, \$3,000,000 for Linac Coherent Light Source-II HE, and \$2,000,000 for Cryomodule Repair & Maintenance Facility. The agreement provides \$15,000,000 for NSRC Recapitalization and not less than \$15,000,000 for NSLS II Experimental Tools-II. The agreement reiterates House and Senate direction regarding the importance of additional beamlines at NSLS II and the development of a related plan.

BIOLOGICAL AND ENVIRONMENTAL RESEARCH

The agreement provides not less than \$395,000,000 for Biological Systems Science and not less than \$410,000,000 for Earth and Environmental Systems Sciences.

Within available funds, the agreement provides up to \$8,000,000 to develop and test novel sensor technologies, procure second generation EcoPOD units, and create the computational and experimental infrastructures necessary to dissect field observations at atomic and molecular levels in fabricated ecosystems.

The agreement provides not less than \$100,000,000 for the Bioenergy Research Centers.

The agreement provides not less than \$109,000,000 for Foundational Genomics Research and not less than \$82,500,000 for the Joint Genome Institute.

The agreement provides not less than \$45,000,000 for Biomolecular Characterization and Imaging Science, including up to \$15,000,000 to continue the development of a multi-scale genes-to ecosystems approach that supports a predictive understanding of gene functions and how they scale with complex biological and environmental systems.

The agreement provides not less than \$8,000,000 for the low-dose radiation research program and reiterates House direction related to developing a plan for low-dose radiation research.

The agreement provides not less than \$15,000,000 and up to \$30,000,000 to build upon cloud aerosol effects research. Within those available funds, the Department is directed to support the modernization and acceleration of the Energy, Exascale, and Earth System Model program to improve earth system prediction and climate risk management in the service of U.S. public safety, security, and economic interests, including, in coordination with the Department of Homeland Security, evaluation of the modernization and adaptation of capabilities from the National Infrastructure Simulation and Analysis Center to support climate impacts on infrastructure and communities.

The agreement provides \$2,000,000 in funding for academia to examine and perform independent evaluations of climate models using existing data sets and peer-reviewed publications of climate-scale processes to validate various models' ability to reproduce the actual climate.

The agreement provides not less than \$105,000,000 for Environmental System Science. The Department is directed to continue to support NGEE Arctic, NGEE Tropics, the SPRUCE field site, the

Watershed Function and Mercury Science Focus Areas, and the AmeriFLUX project.

The agreement provides not less than \$30,000,000 to continue the development of observational assets and support associated research on the nation's major land-water interfaces, including the Great Lakes and the Puget Sound, that leverages national laboratories' assets as well as local infrastructure and expertise at universities and other research institutions. The agreement reiterates House direction on developing a ten-year research plan.

The Department is directed to give priority to optimizing the operation of BER user facilities.

FUSION ENERGY SCIENCES

The Department is directed to follow and embrace the recommendations of the Fusion Energy Sciences Advisory Committee's "Powering the Future: Fusion and Plasmas" report; the agreement reiterates House direction on the related briefing.

The agreement provides not less than \$20,000,000 for the High-Energy-Density Laboratory Plasmas program to advance cutting-edge research in extreme states of matter; expand the capabilities of the LaserNetUS facilities; and provide initial investments in new intense, ultrafast laser technologies needed to retain U.S. leadership in these fields.

The agreement provides not less than \$59,000,000 for NSTX-U Operations, not less than \$33,000,000 for NSTX-U Research, and not less than \$25,000,000 for the Material Plasma Exposure eXperiment.

The agreement reiterates House direction on the Milestone-Based Development Program and the stellarator facility.

The agreement provides \$242,000,000 for the U.S. contribution to the ITER project, of which not less than \$60,000,000 is for in-cash contributions. The agreement reiterates House direction on an updated baseline for Subproject 1 and a baseline for Subproject 2.

HIGH ENERGY PHYSICS

The agreement provides not less than \$30,000,000 for the Sanford Underground Research Facility, up to \$20,000,000 for Cosmic Microwave Background-Stage 4, and not less than \$40,000,000 for the HL-LHC Upgrade projects.

The agreement supports activities for the LuSEE Night project.

The agreement provides up to \$13,000,000 for other project costs for the Long Baseline Neutrino Facility/Deep Underground Neutrino Experiment. Further, if the Department deems it necessary to provide further funding for this project, it is encouraged to seek a reprogramming, but these funds shall come from other research activities and projects currently funded at Fermi National Laboratory.

NUCLEAR PHYSICS

The Department is directed to give priority to optimizing operations for all Nuclear Physics user facilities.

The agreement provides for the completion of sPHENIX, up to \$15,800,000 for the Gamma-Ray Energy Tracking Array, up to

\$16,200,000 for MOLLER, up to \$1,400,000 for Ton-Scale Neutrinoless Double Beta Decay, and up to \$13,000,000 for the High Rigidity Spectrometer.

ISOTOPES R&D AND PRODUCTION

The agreement supports the FRIB Isotope Harvesting projects.

WORKFORCE DEVELOPMENT FOR TEACHERS AND SCIENTISTS

The agreement reiterates House and Senate direction on a five-year educational and workforce development plan. The agreement reiterates Senate direction on the curriculum working group.

SCIENCE LABORATORIES INFRASTRUCTURE

The Department is directed to provide to the Committees not later 90 days after enactment of this Act a briefing on the funding levels required for operations and maintenance of the Oak Ridge National Laboratory nuclear facilities. This is the only direction related to the Oak Ridge National Laboratory nuclear facilities.

NUCLEAR WASTE DISPOSAL

The agreement provides \$27,500,000 for Nuclear Waste Disposal, of which \$20,000,000 is for interim storage and \$7,500,000 is for Nuclear Waste Fund oversight activities.

TECHNOLOGY TRANSITIONS

The agreement provides \$19,470,000 for Technology Transitions. The agreement provides not less than \$5,000,000 for a competitive funding opportunity for incubators supporting energy innovation clusters.

CLEAN ENERGY DEMONSTRATIONS

The agreement provides \$20,000,000 for Clean Energy Demonstrations.

Pursuant to the budget request, the Office of Clean Energy Demonstrations (OCED) is intended to be a technology neutral office with expertise in large-scale energy project management and finance. It is expected that the Department avoid the practice of making awards dependent on funding from future years' appropriations. The Department is directed to provide to the Committees not later than 30 days after enactment of this Act a briefing on how OCED will conduct administrative and project management responsibilities.

ADVANCED RESEARCH PROJECTS AGENCY—ENERGY

The agreement provides \$450,000,000 for the Advanced Research Projects Agency—Energy (ARPA-E). The Department is directed to consider activities proposed under ARPA-C that are consistent with ARPA-E's mission and authorization in addition to its other current and proposed activities.

TITLE 17 INNOVATIVE TECHNOLOGY LOAN GUARANTEE PROGRAM

The agreement provides a net appropriation of \$29,000,000 in administrative expenses for the Title 17 Innovative Technology Loan Guarantee Program.

ADVANCED TECHNOLOGY VEHICLES MANUFACTURING LOAN PROGRAM

The agreement provides \$5,000,000 for the Advanced Technology Vehicles Manufacturing Loan Program.

TRIBAL ENERGY LOAN GUARANTEE PROGRAM

The agreement provides \$2,000,000 for the Tribal Energy Loan Guarantee Program.

INDIAN ENERGY POLICY AND PROGRAMS

The agreement provides \$58,000,000 for Indian Energy Policy and Programs. The agreement provides not less than \$20,000,000 to advance technical assistance, demonstration, and deployment of clean energy technologies, including solar and energy storage, for households and communities in tribal nations to improve reliability, resilience, and alleviate energy poverty.

DEPARTMENTAL ADMINISTRATION

The agreement provides \$240,000,000 for Departmental Administration.

The agreement reiterates House direction on the report related to critical minerals assets.

Control Points.—The agreement includes eight reprogramming control points in this account to provide flexibility in the management of support functions. The Other Departmental Administration activities include Management, Project Management Oversight and Assessments, Chief Human Capital Officer, Office of Small and Disadvantaged Business Utilization, General Counsel, Office of Policy, and Public Affairs. The Department is directed to continue to submit a budget request that proposes a separate funding level for each of these activities.

Chief Information Officer.—The agreement provides not less than \$71,800,000 for cybersecurity and secure information. In addition, the agreement provides not less than \$55,000,000 to address the impacts of the SolarWinds incident across the Department.

International Affairs.—The agreement provides \$2,000,000 for the Israel Binational Industrial Research and Development (BIRD) Foundation and \$4,000,000 to continue the U.S. Israel Center of Excellence in Energy Engineering and Water Technology.

Other Departmental Administration.—The agreement provides not less than \$28,000,000 for the Chief Human Capital Officer, up to \$38,000,000 for the General Counsel, not less than \$13,000,000 for Project Management Oversight and Assessments, not less than \$3,500,000 for the Office of Small and Disadvantaged Business Utilization, and not less than \$4,000,000 for Public Affairs.

U.S. Energy and Employment Report.—The agreement provides up to \$2,000,000 for the Department to continue to complete an an-

nual U.S. energy employment report that includes a comprehensive statistical survey to collect data, publish the data, and provide a summary report, with requirements as outlined in the House report. The Department is directed to produce and release this report annually.

The agreement reiterates Senate direction related to the CIO Business Operations Support Services (CBOSS) program.

OFFICE OF THE INSPECTOR GENERAL

The agreement provides \$78,000,000 for the Office of the Inspector General. The following is the only direction for the Office of the Inspector General.

There continues to be concerns about how the new independent audit strategy will be implemented. As such, the Inspector General is directed to provide to the Committees not later than 15 days after enactment of this Act, and monthly thereafter, a briefing on the implementation of the independent audit strategy.

ATOMIC ENERGY DEFENSE ACTIVITIES

NATIONAL NUCLEAR SECURITY ADMINISTRATION

The agreement provides \$20,656,000,000 for the National Nuclear Security Administration (NNSA).

WEAPONS ACTIVITIES

The agreement provides \$15,920,000,000 for Weapons Activities.

Integrated Priorities Report.—The fiscal year 2021 Act directed NNSA to provide with its budget request an Integrated Priorities Report (IPR). The report NNSA submitted does not meet the direction set by the fiscal year 2021 Act and was identified by NNSA as not a final integrated priority report. The agreement reiterates House direction regarding NNSA's submission of an IPR with the annual budget request.

Stockpile Management.—In lieu of House and Senate direction, the agreement includes funding consistent with the budget request as Congress awaits the upcoming Nuclear Posture Review (NPR). NNSA is directed to brief the Congressional Defense Committees on any departures from the fiscal year 2022 budget request in the NPR.

Plutonium Pit Production Modernization.—GAO is engaged in an ongoing review of NNSA's integrated master schedule (IMS) that includes all pit production-related project and program activities. NNSA is directed to provide to the Committees not later than 30 days after enactment of this Act, and not less than quarterly thereafter, a briefing on progress on meeting the pit production cost and schedule milestones in the IMS.

Additionally, concerns remain about contingency planning for pit production given the timeline for achieving 80 pits per year will stretch beyond 2030. The contingency plan NNSA provided the Committees includes only minimal detail on meeting the needs of the nuclear deterrent that do not solely rely on the statutory milestones for pit production. NNSA is directed to provide to the Committees not later than 60 days after enactment of this Act an up-

date detailing actionable plans based on current pit production timelines and coordinated with the Department of Defense. NNSA is further reminded that the contingency plan shall be updated and submitted annually with the budget request.

University Collaboration.—The agreement reiterates House direction regarding a Center of Excellence.

Academic Programs.—Within amounts for Academic Programs, the agreement provides \$40,000,000 for the Minority Serving Institution Partnership Program and \$10,000,000 for the Tribal Colleges and Universities Partnership Program. The agreement reiterates Senate direction regarding the distribution of funds.

Inertial Confinement Fusion (ICF) and High Yield.—Within available funds, the agreement provides not less than \$350,000,000 for the National Ignition Facility (NIF), not less than \$83,000,000 for OMEGA, not less than \$66,900,000 for the Z Facility, and not less than \$6,000,000 for the NIKE Laser at the Naval Research Laboratory. A predictable and sustained availability of targets is essential to the operations of NNSA's laser facilities, and the agreement provides not less than \$33,000,000 for target research, development, and fabrication to cost-effectively operate the NIF, Z, and OMEGA facilities.

Advanced Simulation and Computing.—Within funds provided for Advanced Simulation and Computing (ASC), the agreement provides \$25,000,000 for research in, and leading to the development of, memory technologies that will drive 40X performance gains beyond that achieved by exascale computing systems for critical mission applications. Within funds provided for ASC, the agreement provides \$15,000,000 for scalable computational NVMe over fabrics for exascale computing applications at Los Alamos National Laboratory.

Stockpile Responsiveness Program.—The agreement reiterates House direction regarding an annual report and periodic updates.

Contractor Pensions.—The agreement provides \$78,656,000 for payments into the legacy University of California contractor employee defined benefit pension plans, the Requa settlement reached in 2019, and the pension plan at the Savannah River Site.

DEFENSE NUCLEAR NONPROLIFERATION

The agreement provides \$2,354,000,000 for Defense Nuclear Nonproliferation.

Global Material Security.—The agreement provides not less than \$38,000,000 for the Green Border Security Initiative within the Nuclear Smuggling Detection and Deterrence program. Within available funds, not less than \$25,000,000 is for the Cesium Irradiator Replacement Program.

DNN R&D.—The agreement provides \$20,000,000 for the University Consortia for Nonproliferation Research.

Contractor Pensions.—The agreement provides \$38,800,000 for payments into the legacy University of California contractor employee defined benefit pension plans, the Requa settlement reached in 2019, and the pension plan at the Savannah River Site.

NAVAL REACTORS

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$1,918,000,000 for Naval Reactors.

Spent Fuel Handling Facility.—The agreement provides funds above the budget request to address project cost increases and to mitigate the risk of schedule delays.

FEDERAL SALARIES AND EXPENSES

The agreement provides \$464,000,000 for Federal Salaries and Expenses.

The agreement recognizes the importance of recruiting and retaining the highly skilled personnel needed to meet NNSA's important mission. NNSA is directed to only hire within authorized personnel numbers provided for a given fiscal year, and if NNSA exceeds this authorized amount, then the Administrator must submit to the Committees within 30 days of the exceedance a report justifying the excess. The NNSA is directed to continue providing monthly updates on the status of hiring and retention.

ENVIRONMENTAL AND OTHER DEFENSE ACTIVITIES

DEFENSE ENVIRONMENTAL CLEANUP

The agreement provides \$6,710,000,000 for Defense Environmental Cleanup.

Richland.—The Department is directed to carry out maintenance and public safety efforts at historical sites, including the B Reactor. This includes facility improvements needed to expand public access and interpretive programs. Specifically, within available funds, the agreement provides \$10,000,000 for B Reactor roof replacement and other work to preserve the facility. The Department is directed to request any additional funding needed to complete the identified other work to preserve the facility starting with the fiscal year 2023 budget.

None of the Richland Operations funds shall be used to carry out activities with the Office of River Protection's tank farms.

Office of River Protection.—The agreement reiterates House direction regarding low level waste offsite disposal.

The agreement provides funds for full engineering, procurement, and construction work on the High-Level Waste Treatment Facility, for design and engineering of the Pre-Treatment Facility, to ensure compliance with the 2016 Consent Decree and Tri-Party Agreement milestones, and to continue tank waste retrievals.

Savannah River Site.—The agreement reiterates House direction regarding funding Savannah River National Laboratory radiological facilities.

DEFENSE URANIUM ENRICHMENT DECONTAMINATION AND
DECOMMISSIONING

(INCLUDING TRANSFER OF FUNDS)

The agreement provides \$573,333,000 for Defense Uranium Enrichment Decontamination and Decommissioning.

OTHER DEFENSE ACTIVITIES

The agreement provides \$985,000,000 for Other Defense Activities. The agreement includes \$12,000,000 above the budget request for targeted investments to defend the U.S. energy sector against the evolving threat of cyber and other attacks in support of the resiliency of the nation's electric grid and energy infrastructure.

POWER MARKETING ADMINISTRATIONS

BONNEVILLE POWER ADMINISTRATION FUND

The agreement provides no appropriation for the Bonneville Power Administration, which derives its funding from revenues deposited into the Bonneville Power Administration Fund.

OPERATION AND MAINTENANCE, SOUTHEASTERN POWER
ADMINISTRATION

The agreement provides a net appropriation of \$0 for the Southeastern Power Administration.

OPERATION AND MAINTENANCE, SOUTHWESTERN POWER
ADMINISTRATION

The agreement provides a net appropriation of \$10,400,000 for the Southwestern Power Administration. To ensure sufficient authority to meet purchase power and wheeling needs, the agreement includes \$21,000,000 above the level credited as offsetting collections by the Congressional Budget Office.

CONSTRUCTION, REHABILITATION, OPERATION AND MAINTENANCE,
WESTERN AREA POWER ADMINISTRATION

The agreement provides a net appropriation of \$90,772,000 for the Western Area Power Administration.

FALCON AND AMISTAD OPERATING AND MAINTENANCE FUND

The agreement provides a net appropriation of \$228,000 for the Falcon and Amistad Operating and Maintenance Fund.

FEDERAL ENERGY REGULATORY COMMISSION

SALARIES AND EXPENSES

The agreement provides \$466,426,000 for the Federal Energy Regulatory Commission (FERC). Revenues for FERC are set to an amount equal to the budget authority, resulting in a net appropriation of \$0.

GENERAL PROVISIONS—DEPARTMENT OF ENERGY

(INCLUDING TRANSFERS AND RECISSIONS OF FUNDS)

The agreement includes a provision prohibiting the use of funds provided in this title to initiate requests for proposals, other solicitations, or arrangements for new programs or activities that have not yet been approved and funded by Congress; requires notification or a report for certain funding actions; prohibits funds to be

used for certain multi-year “Energy Programs” activities without notification; and prohibits the obligation or expenditure of funds provided in this title through a reprogramming of funds except in certain circumstances. The notification requirements in the provision also apply to the modification of any grant, contract, or Other Transaction Agreement where funds are allocated for new programs, projects, or activities not covered by a previous notification.

The agreement includes a provision authorizing intelligence activities of the Department of Energy for purposes of section 504 of the National Security Act of 1947.

The agreement includes a provision prohibiting the use of funds in this title for capital construction of high hazard nuclear facilities, unless certain independent oversight is conducted.

The agreement includes a provision prohibiting the use of funds in this title to approve critical decision-2 or critical decision-3 for certain construction projects, unless a separate independent cost estimate has been developed for that critical decision.

The agreement includes a provision regarding authority to release refined petroleum product from the Strategic Petroleum Reserve.

The agreement includes a provision to prohibit certain payments.

The agreement includes a provision that rescinds certain funds from prior year appropriations.

The agreement includes a provision transferring certain funds.

TITLE IV—INDEPENDENT AGENCIES

APPALACHIAN REGIONAL COMMISSION

The agreement provides \$195,000,000 for the Appalachian Regional Commission (ARC). The following is the only direction for the Appalachian Regional Commission.

The agreement includes \$13,000,000 to address the substance abuse crisis that disproportionately affects Appalachia.

Within available funds, \$8,000,000 is for Local Development Districts.

Within available funds, not less than \$15,000,000 is for counties within the Northern Appalachian region to support economic development, manufacturing, and entrepreneurship.

Within available funds, \$65,000,000 is for the POWER Plan.

Within available funds, \$10,000,000 is provided to continue the program of high-speed broadband deployment in distressed counties within the Central Appalachian region that have been most negatively impacted by the downturn in the coal industry.

Within available funds, \$15,000,000 is provided to continue a program of high-speed broadband deployment in economically distressed counties within the North Central and Northern Appalachian regions.

Within available funds, not less than \$16,000,000 is provided for a program of industrial site and workforce development in Southern and South Central Appalachia, focused primarily on the automotive supplier sector and the aviation sector. Up to \$13,500,000 of that amount is for activities in Southern Appalachia. The funds shall be distributed to states that have distressed counties in Southern and South Central Appalachia using the ARC Area Development Formula.

Within available funds, \$16,000,000 is provided for a program of basic infrastructure improvements in distressed counties in Central Appalachia. Funds shall be distributed according to ARC's distressed counties formula and shall be in addition to the regular allocation to distressed counties.

The agreement reiterates House direction regarding high-poverty areas.

The agreement reiterates House direction regarding clean energy activities.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

SALARIES AND EXPENSES

The agreement provides \$36,000,000 for the Defense Nuclear Facilities Safety Board.

DELTA REGIONAL AUTHORITY

SALARIES AND EXPENSES

The agreement provides \$30,100,000 for the Delta Regional Authority.

Within available funds, the agreement includes not less than \$15,000,000 for flood control, basic public infrastructure develop-

ment, and transportation improvements, which shall be allocated separate from the state formula funding method.

The agreement reiterates House direction regarding high-poverty areas.

The agreement reiterates House direction regarding clean energy activities.

DENALI COMMISSION

The agreement provides \$15,100,000 for the Denali Commission.

The agreement reiterates House direction regarding high-poverty areas.

The agreement reiterates House direction regarding clean energy activities.

NORTHERN BORDER REGIONAL COMMISSION

The agreement provides \$35,000,000 for the Northern Border Regional Commission.

Within available funds, not less than \$4,000,000 is for initiatives that seek to address the decline in forest-based economies throughout the region, \$1,000,000 is for the State Capacity Building Grant Program, and \$5,000,000 is for broadband initiatives.

The agreement reiterates House direction regarding high-poverty areas.

The agreement reiterates House direction regarding clean energy activities.

The agreement reiterates Senate direction regarding projects that demonstrate evidence of planning for climate resiliency.

SOUTHEAST CRESCENT REGIONAL COMMISSION

For expenses necessary for the Southeast Crescent Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$5,000,000 to remain available until expended. The recent appointment and confirmation of a Federal Co-Chair is welcome news, and the agreement supports expeditiously moving forward to start up and establish the Commission.

SOUTHWEST BORDER REGIONAL COMMISSION

For expenses necessary for the Southwest Border Regional Commission in carrying out activities authorized by subtitle V of title 40, United States Code, \$2,500,000 to remain available until expended. The Administration is encouraged to promptly appoint a Federal Co-Chair in order to establish key partnerships with local communities and improve economic conditions and travel along the southwest border.

NUCLEAR REGULATORY COMMISSION

SALARIES AND EXPENSES

The agreement provides \$873,901,000 for the Nuclear Regulatory Commission. This amount is offset by estimated revenues of \$745,258,000, resulting in a net appropriation of \$128,643,000.

Integrated University Program.—The Commission is directed to use \$16,000,000 of prior year, unobligated balances for the Integrated University Program, including for grants to support research projects that do not align with programmatic missions but are critical to maintaining the discipline of nuclear science and engineering. Because the Commission has already collected fees corresponding to these activities in prior years, the agreement does not include these funds within the fee base calculation for determining authorized revenues and does not provide authority to collect additional offsetting receipts for their use.

Advanced Nuclear Reactor Regulatory Infrastructure.—The agreement includes \$23,000,000 for the development of regulatory infrastructure for advanced nuclear technologies, which is not subject to the Commission's general fee recovery collection requirements.

OFFICE OF INSPECTOR GENERAL

The agreement provides \$13,799,000 for the Office of Inspector General in the Nuclear Regulatory Commission. This amount is offset by revenues of \$11,442,000, resulting in a net appropriation of \$2,357,000.

The agreement provides \$1,146,000 to provide inspector general services for the Defense Nuclear Facilities Safety Board.

NUCLEAR WASTE TECHNICAL REVIEW BOARD

SALARIES AND EXPENSES

The agreement provides \$3,800,000 for the Nuclear Waste Technical Review Board.

GENERAL PROVISIONS—INDEPENDENT AGENCIES

The agreement includes a provision instructing the Nuclear Regulatory Commission on responding to congressional requests for information.

The agreement includes a provision relating to reprogramming.

TITLE V—GENERAL PROVISIONS

(INCLUDING TRANSFER OF FUNDS)

The agreement includes a provision relating to lobbying restrictions.

The agreement includes a provision relating to transfer authority. No additional transfer authority is implied or conveyed by this provision. For the purposes of this provision, the term “transfer”

shall mean the shifting of all or part of the budget authority in one account to another. In addition to transfers provided in this Act or other appropriations Acts, and existing authorities, such as the Economy Act (31 U.S.C. 1535), by which one part of the United States Government may provide goods or services to another part, this Act allows transfers using section 4705 of the Atomic Energy Defense Act (50 U.S.C. 2745) and 15 U.S.C. 638 regarding SBIR/STTR.

The agreement includes a provision prohibiting funds to be used in contravention of the executive order entitled "Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations."

The agreement includes a provision prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The agreement includes a provision making a technical correction to Public Law 117–58.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

SEC. 113. Not to exceed 2 percent of any appropriations in this title made available under the headings "Departmental Offices—Salaries and Expenses", "Office of Inspector General", "Special Inspector General for the Troubled Asset Relief Program", "Financial Crimes Enforcement Network", "Bureau of the Fiscal Service", and "Alcohol and Tobacco Tax and Trade Bureau" may be transferred between such appropriations upon the advance approval of the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That no transfer under this section may increase or decrease any such appropriation by more than 2 percent.

SEC. 114. Not to exceed 2 percent of any appropriation made available in this Act to the Internal Revenue Service may be transferred to the Treasury Inspector General for Tax Administration's appropriation upon the advance approval of the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That no transfer may increase or decrease any such appropriation by more than 2 percent.

SEC. 115. None of the funds appropriated in this Act or otherwise available to the Department of the Treasury or the Bureau of Engraving and Printing may be used to redesign the \$1 Federal Reserve note.

SEC. 116. The Secretary of the Treasury may transfer funds from the “Bureau of the Fiscal Service—Salaries and Expenses” to the Debt Collection Fund as necessary to cover the costs of debt collection: *Provided*, That such amounts shall be reimbursed to such salaries and expenses account from debt collections received in the Debt Collection Fund.

SEC. 117. None of the funds appropriated or otherwise made available by this or any other Act may be used by the United States Mint to construct or operate any museum without the explicit approval of the Committees on Appropriations of the House of Representatives and the Senate, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs.

SEC. 118. None of the funds appropriated or otherwise made available by this or any other Act or source to the Department of the Treasury, the Bureau of Engraving and Printing, and the United States Mint, individually or collectively, may be used to consolidate any or all functions of the Bureau of Engraving and Printing and the United States Mint without the explicit approval of the House Committee on Financial Services; the Senate Committee on Banking, Housing, and Urban Affairs; and the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 119. Funds appropriated by this Act, or made available by the transfer of funds in this Act, for the Department of the Treasury’s intelligence or intelligence related activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2022 until the enactment of the Intelligence Authorization Act for Fiscal Year 2022.

SEC. 120. Not to exceed \$5,000 shall be made available from the Bureau of Engraving and Printing’s Industrial Revolving Fund for necessary official reception and representation expenses.

SEC. 121. The Secretary of the Treasury shall submit a Capital Investment Plan to the Committees on Appropriations of the House of Representatives and the Senate not later than 30 days following the submission of the annual budget submitted by the President: *Provided*, That such Capital Investment Plan shall include capital investment spending from all accounts within the Department of the Treasury, including but not limited to the Department-wide Systems and Capital Investment Programs account, Treasury Franchise Fund account, and the Treasury Forfeiture Fund account: *Provided further*, That such Capital Investment Plan shall include expenditures occurring in previous fiscal years for each capital investment project that has not been fully completed.

SEC. 122. Within 45 days after the date of enactment of this Act, the Secretary of the Treasury shall submit an itemized report to the Committees on Appropriations of the House of Representatives and the Senate on the amount of total funds charged to each office by the Franchise Fund including the amount charged for each service provided by the Franchise Fund to each office, a detailed description of the services, a detailed explanation of how each charge for each service is calculated, and a description of the role customers have in governing in the Franchise Fund.

SEC. 123. During fiscal year 2022—

(1) none of the funds made available in this or any other Act may be used by the Department of the Treasury, including the Internal Revenue Service, to issue, revise, or finalize any regulation, revenue ruling, or other guidance not limited to a particular taxpayer relating to the standard which is used to determine whether an organization is operated exclusively for the promotion of social welfare for purposes of section 501(c)(4) of the Internal Revenue Code of 1986 (including the proposed regulations published at 78 Fed. Reg. 71535 (November 29, 2013)); and

(2) the standard and definitions as in effect on January 1, 2010, which are used to make such determinations shall apply after the date of the enactment of this Act for purposes of determining status under section 501(c)(4) of such Code of organizations created on, before, or after such date.

SEC. 124. (a) Not later than 60 days after the end of each quarter, the Office of Financial Stability and the Office of Financial Research shall submit reports on their activities to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Financial Services of the House of Representatives and the Senate Committee on Banking, Housing, and Urban Affairs.

(b) The reports required under subsection (a) shall include—

(1) the obligations made during the previous quarter by object class, office, and activity;

(2) the estimated obligations for the remainder of the fiscal year by object class, office, and activity;

(3) the number of full-time equivalents within each office during the previous quarter;

(4) the estimated number of full-time equivalents within each office for the remainder of the fiscal year; and

(5) actions taken to achieve the goals, objectives, and performance measures of each office.

(c) At the request of any such Committees specified in subsection (a), the Office of Financial Stability and the Office of Financial Research shall make officials available to testify on the contents of the reports required under subsection (a).

SEC. 125. In addition to amounts otherwise available, there is appropriated to the Special Inspector General for Pandemic Recovery, \$8,000,000, to remain available until expended, for necessary expenses in carrying out section 4018 of the Coronavirus Aid, Relief, and Economic Security Act of 2020 (Public Law 116–136).

ADMINISTRATIVE PROVISIONS—EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS APPROPRIATED TO THE PRESIDENT

(INCLUDING TRANSFER OF FUNDS)

SEC. 201. From funds made available in this Act under the headings “The White House”, “Executive Residence at the White House”, “White House Repair and Restoration”, “Council of Economic Advisers”, “National Security Council and Homeland Security Council”, “Office of Administration”, “Special Assistance to the President”, and “Official Residence of the Vice President”, the Director of the Office of Management and Budget (or such other officer as the President may designate in writing), may, with advance approval of the Committees on Appropriations of the House of Representatives and the Senate, transfer not to exceed 10 percent of any such appropriation to any other such appropriation, to be merged with and available for the same time and for the same pur-

poses as the appropriation to which transferred: *Provided*, That the amount of an appropriation shall not be increased by more than 50 percent by such transfers: *Provided further*, That no amount shall be transferred from “Special Assistance to the President” or “Official Residence of the Vice President” without the approval of the Vice President.

SEC. 202. (a) During fiscal year 2022, any Executive order or Presidential memorandum issued or revoked by the President shall be accompanied by a written statement from the Director of the Office of Management and Budget on the budgetary impact, including costs, benefits, and revenues, of such order or memorandum.

(b) Any such statement shall include—

(1) a narrative summary of the budgetary impact of such order or memorandum on the Federal Government;

(2) the impact on mandatory and discretionary obligations and outlays as the result of such order or memorandum, listed by Federal agency, for each year in the 5-fiscal-year period beginning in fiscal year 2022; and

(3) the impact on revenues of the Federal Government as the result of such order or memorandum over the 5-fiscal-year period beginning in fiscal year 2022.

(c) If an Executive order or Presidential memorandum is issued during fiscal year 2022 due to a national emergency, the Director of the Office of Management and Budget may issue the statement required by subsection (a) not later than 15 days after the date that such order or memorandum is issued.

(d) The requirement for cost estimates for Presidential memoranda shall only apply for Presidential memoranda estimated to have a regulatory cost in excess of \$100,000,000.

SEC. 203. Not later than 30 days after the date of enactment of this Act, the Director of the Office of Management and Budget shall issue a memorandum to all Federal departments, agencies, and corporations directing compliance with the provisions in title VII of this Act.

SEC. 204. (a) Beginning not later than 10 days after the date of enactment of this Act and until the requirements of subsection (b) are completed, the Office of Management and Budget shall provide to the Committees on Appropriations and the Budget of the House of Representatives and the Senate each document apportioning an appropriation, pursuant to section 1513(b) of title 31, United States Code, approved by the Office of Management and Budget, including any associated footnotes, not later than 2 business days after the date of approval of such apportionment by the Office of Management and Budget.

(b) Not later than 120 days after the date of enactment of this Act, the Office of Management and Budget shall complete implementation of an automated system to post each document apportioning an appropriation, pursuant to section 1513(b) of title 31, United States Code, including any associated footnotes, in a format that qualifies each such document as an Open Government Data Asset (as defined in section 3502 of title 44, United States Code), not later than 2 business days after the date of approval of such apportionment, and shall place on such website each document apportioning an appropriation, pursuant to such section 1513(b), in-

cluding any associated footnotes, already approved the current fiscal year, and shall report the date of completion of such requirements to the Committees on Appropriations and the Budget of the House of Representatives and Senate.

(c) Each document apportioning an appropriation pursuant to section 1513(b) of title 31, United States Code, that is posted on a publicly accessible website pursuant to such section shall also include a written explanation by the official approving each such apportionment stating the rationale for any footnotes for apportioned amounts: *Provided*, That the Office of Management and Budget or the applicable department or agency shall make available classified documentation referenced in any apportionment at the request of the chair or ranking member of any appropriate congressional committee or subcommittee.

(d)(1) Not later than 15 days after the date of enactment of this Act, any delegation of apportionment authority pursuant to section 1513(b) of title 31, United States Code, that is in effect as of such date shall be submitted for publication in the Federal Register: *Provided*, That any delegation of such apportionment authority after the date of enactment of this section shall, on the date of such delegation, be submitted for publication in the Federal Register: *Provided further*, That the Office of Management and Budget shall publish such delegations in a format that qualifies such publications as an Open Government Data Asset (as defined in section 3502 of title 44, United States Code) on a public Internet website, which shall be continuously updated with the position of each Federal officer or employee to whom apportionment authority has been delegated.

(2) Not later than 5 days after any change in the position of the approving official with respect to such delegated apportionment authority for any account is made, the Office shall submit a report to the appropriate congressional committees explaining why such change was made.

This title may be cited as the “Executive Office of the President Appropriations Act, 2022”.

ADMINISTRATIVE PROVISIONS—THE JUDICIARY

(INCLUDING TRANSFER OF FUNDS)

SEC. 301. Appropriations and authorizations made in this title which are available for salaries and expenses shall be available for services as authorized by 5 U.S.C. 3109.

SEC. 302. Not to exceed 5 percent of any appropriation made available for the current fiscal year for the Judiciary in this Act may be transferred between such appropriations, but no such appropriation, except “Courts of Appeals, District Courts, and Other Judicial Services, Defender Services” and “Courts of Appeals, District Courts, and Other Judicial Services, Fees of Jurors and Commissioners”, shall be increased by more than 10 percent by any such transfers: *Provided*, That any transfer pursuant to this section shall be treated as a reprogramming of funds under sections 604 and 608 of this Act and shall not be available for obligation or expenditure except in compliance with the procedures set forth in section 608.

SEC. 303. Notwithstanding any other provision of law, the salaries and expenses appropriation for “Courts of Appeals, District Courts, and Other Judicial Services” shall be available for official reception and representation expenses of the Judicial Conference of the United States: *Provided*, That such available funds shall not exceed \$11,000 and shall be administered by the Director of the Administrative Office of the United States Courts in the capacity as Secretary of the Judicial Conference.

SEC. 304. Section 3315(a) of title 40, United States Code, shall be applied by substituting “Federal” for “executive” each place it appears.

SEC. 305. In accordance with 28 U.S.C. 561–569, and notwithstanding any other provision of law, the United States Marshals Service shall provide, for such courthouses as its Director may designate in consultation with the Director of the Administrative Office of the United States Courts, for purposes of a pilot program, the security services that 40 U.S.C. 1315 authorizes the Department of Homeland Security to provide, except for the services specified in 40 U.S.C. 1315(b)(2)(E). For building-specific security services at these courthouses, the Director of the Administrative Office of the United States Courts shall reimburse the United States Marshals Service rather than the Department of Homeland Security.

SEC. 306. (a) Section 203(c) of the Judicial Improvements Act of 1990 (Public Law 101–650; 28 U.S.C. 133 note), is amended in the matter following paragraph 12—

(1) in the second sentence (relating to the District of Kansas), by striking “30 years and 6 months” and inserting “31 years and 6 months”; and

(2) in the sixth sentence (relating to the District of Hawaii), by striking “27 years and 6 months” and inserting “28 years and 6 months”.

(b) Section 406 of the Transportation, Treasury, Housing and Urban Development, the Judiciary, the District of Columbia, and Independent Agencies Appropriations Act, 2006 (Public Law 109–115; 119 Stat. 2470; 28 U.S.C. 133 note) is amended in the second sentence (relating to the eastern District of Missouri) by striking “28 years and 6 months” and inserting “29 years and 6 months”.

Funds in the Federal Buildings Fund made available for fiscal year 2022 for Federal Buildings Fund activities may be transferred between such activities only to the extent necessary to meet program requirements: *Provided*, That any proposed transfers shall be approved in advance by the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 522. Except as otherwise provided in this title, funds made available by this Act shall be used to transmit a fiscal year 2023 request for United States Courthouse construction only if the request: (1) meets the design guide standards for construction as established and approved by the General Services Administration, the Judicial Conference of the United States, and the Office of Management and Budget; (2) reflects the priorities of the Judicial Conference of the United States as set out in its approved Courtroom Project Priorities plan; and (3) includes a standardized courtroom utilization study of each facility to be constructed, replaced, or expanded.

SEC. 523. None of the funds provided in this Act may be used to increase the amount of occupiable square feet, provide cleaning services, security enhancements, or any other service usually provided through the Federal Buildings Fund, to any agency that does not pay the rate per square foot assessment for space and services as determined by the General Services Administration in consideration of the Public Buildings Amendments Act of 1972 (Public Law 92-313).

SEC. 524. From funds made available under the heading "Federal Buildings Fund, Limitations on Availability of Revenue", claims against the Government of less than \$250,000 arising from direct construction projects and acquisition of buildings may be liquidated from savings effected in other construction projects with prior notification to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 525. In any case in which the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate adopt a resolution granting lease authority pursuant to a prospectus transmitted to Congress by the Administrator of the General Services Administration under 40 U.S.C. 3307, the Administrator shall ensure that the delineated area of procurement is identical to the delineated area included in the prospectus for all lease agreements, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to each of such committees and the Committees on Appropriations of the House of Representatives and the Senate prior to exercising any lease authority provided in the resolution.

SEC. 526. With respect to E-Government projects funded under the heading "Federal Citizen Services Fund", the Administrator of General Services shall submit a spending plan and explanation for each project to be undertaken to the Committees on Appropriations of the House of Representatives and the Senate not later than 60 days after the date of enactment of this Act.

SEC. 527. Section 323 of title 40, United States Code, is amended by adding at the end a new subsection:

"(f) The Administrator may enter into agreements with federal agencies to provide services through the Fund on a fully reimbursable basis."

SEC. 528. Section 3173(d)(1) of title 40, United States Code, is amended by inserting before the period the following: "or for agency-wide acquisition of equipment or systems or the acquisition of services in lieu thereof, as necessary to implement the Act".

SEC. 529. Section 3173(b)(1) of title 40, United States Code, is amended by inserting ", including advance payments," after "Amounts received".

SEC. 530. (a) The Administrator of the General Services Administration shall select a site from one of the three listed in the General Services Administration Fiscal Year 2017 PNCR-FBI-NCR17 prospectus for a new fully consolidated Federal Bureau of Investigations (FBI) headquarters. Such decision shall be made in as expeditious manner as possible.

(b) Within 180 days of selecting a site, the General Services Administrator shall transmit to the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Transportation and Infrastructure of the House of Representatives, and the Committee on Environment and Public Works of the Senate, a report on the construction of a new headquarters for the FBI in the National Capital Region.

(c) The report transmitted under subsection (b) shall be consistent with the requirements of section 3307(b) of title 40, United States Code, and include a summary of the material provisions of the construction and consolidation of the FBI in a new headquarters facility, including all the costs associated design, management, and inspection, and a description of all buildings and infrastructure needed to complete the project.

TITLE VI

GENERAL PROVISIONS—THIS ACT

(INCLUDING RESCISSION OF FUNDS)

SEC. 601. None of the funds in this Act shall be used for the planning or execution of any program to pay the expenses of, or otherwise compensate, non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

SEC. 602. None of the funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, unless expressly so provided herein.

SEC. 603. The expenditure of any appropriation under this Act for any consulting service through procurement contract pursuant to 5 U.S.C. 3109, shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law, or under existing Executive order issued pursuant to existing law.

SEC. 604. None of the funds made available in this Act may be transferred to any department, agency, or instrumentality of the United States Government, except pursuant to a transfer made by, or transfer authority provided in, this Act or any other appropriations Act.

SEC. 605. None of the funds made available by this Act shall be available for any activity or for paying the salary of any Government employee where funding an activity or paying a salary to a Government employee would result in a decision, determination, rule, regulation, or policy that would prohibit the enforcement of section 307 of the Tariff Act of 1930 (19 U.S.C. 1307).

SEC. 606. No funds appropriated pursuant to this Act may be expended by an entity unless the entity agrees that in expending the assistance the entity will comply with chapter 83 of title 41, United States Code.

SEC. 607. No funds appropriated or otherwise made available under this Act shall be made available to any person or entity that has been convicted of violating chapter 83 of title 41, United States Code.

SEC. 608. Except as otherwise provided in this Act, none of the funds provided in this Act, provided by previous appropriations Acts to the agencies or entities funded in this Act that remain available for obligation or expenditure in fiscal year 2022, or provided from any accounts in the Treasury derived by the collection of fees and available to the agencies funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that: (1) creates a new program; (2) eliminates a program, project, or activity; (3) increases funds or personnel for any program, project, or activity for which funds have been denied or restricted by the Congress; (4) proposes to use funds directed for a

specific activity by the Committee on Appropriations of either the House of Representatives or the Senate for a different purpose; (5) augments existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less; (6) reduces existing programs, projects, or activities by \$5,000,000 or 10 percent, whichever is less; or (7) creates or reorganizes offices, programs, or activities unless prior approval is received from the Committees on Appropriations of the House of Representatives and the Senate: *Provided*, That prior to any significant reorganization, restructuring, relocation, or closing of offices, programs, or activities, each agency or entity funded in this Act shall consult with the Committees on Appropriations of the House of Representatives and the Senate: *Provided further*, That not later than 60 days after the date of enactment of this Act, each agency funded by this Act shall submit a report to the Committees on Appropriations of the House of Representatives and the Senate to establish the baseline for application of reprogramming and transfer authorities for the current fiscal year: *Provided further*, That at a minimum the report shall include: (1) a table for each appropriation, detailing both full-time employee equivalents and budget authority, with separate columns to display the prior year enacted level, the President's budget request, adjustments made by Congress, adjustments due to enacted rescissions, if appropriate, and the fiscal year enacted level; (2) a delineation in the table for each appropriation and its respective prior year enacted level by object class and program, project, and activity as detailed in this Act, in the accompanying report, or in the budget appendix for the respective appropriation, whichever is more detailed, and which shall apply to all items for which a dollar amount is specified and to all programs for which new budget authority is provided, as well as to discretionary grants and discretionary grant allocations; and (3) an identification of items of special congressional interest: *Provided further*, That the amount appropriated or limited for salaries and expenses for an agency shall be reduced by \$100,000 per day for each day after the required date that the report has not been submitted to the Congress.

SEC. 609. Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2022 from appropriations made available for salaries and expenses for fiscal year 2022 in this Act, shall remain available through September 30, 2023, for each such account for the purposes authorized: *Provided*, That a request shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate for approval prior to the expenditure of such funds: *Provided further*, That these requests shall be made in compliance with reprogramming guidelines.

SEC. 610. (a) None of the funds made available in this Act may be used by the Executive Office of the President to request—

- (1) any official background investigation report on any individual from the Federal Bureau of Investigation; or
- (2) a determination with respect to the treatment of an organization as described in section 501(c) of the Internal Revenue Code of 1986 and exempt from taxation under section 501(a) of such Code from the Department of the Treasury or the Internal Revenue Service.

(b) Subsection (a) shall not apply—

(1) in the case of an official background investigation report, if such individual has given express written consent for such request not more than 6 months prior to the date of such request and during the same presidential administration; or

(2) if such request is required due to extraordinary circumstances involving national security.

SEC. 611. The cost accounting standards promulgated under chapter 15 of title 41, United States Code shall not apply with respect to a contract under the Federal Employees Health Benefits Program established under chapter 89 of title 5, United States Code.

SEC. 612. For the purpose of resolving litigation and implementing any settlement agreements regarding the nonforeign area cost-of-living allowance program, the Office of Personnel Management may accept and utilize (without regard to any restriction on unanticipated travel expenses imposed in an Appropriations Act) funds made available to the Office of Personnel Management pursuant to court approval.

SEC. 613. No funds appropriated by this Act shall be available to pay for an abortion, or the administrative expenses in connection with any health plan under the Federal employees health benefits program which provides any benefits or coverage for abortions.

SEC. 614. The provision of section 613 shall not apply where the life of the mother would be endangered if the fetus were carried to term, or the pregnancy is the result of an act of rape or incest.

SEC. 615. In order to promote Government access to commercial information technology, the restriction on purchasing nondomestic articles, materials, and supplies set forth in chapter 83 of title 41, United States Code (popularly known as the Buy American Act), shall not apply to the acquisition by the Federal Government of information technology (as defined in section 11101 of title 40, United States Code), that is a commercial item (as defined in section 103 of title 41, United States Code).

SEC. 616. Notwithstanding section 1353 of title 31, United States Code, no officer or employee of any regulatory agency or commission funded by this Act may accept on behalf of that agency, nor may such agency or commission accept, payment or reimbursement from a non-Federal entity for travel, subsistence, or related expenses for the purpose of enabling an officer or employee to attend and participate in any meeting or similar function relating to the official duties of the officer or employee when the entity offering payment or reimbursement is a person or entity subject to regulation by such agency or commission, or represents a person or entity subject to regulation by such agency or commission, unless the person or entity is an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such Code.

SEC. 617. (a)(1) Notwithstanding any other provision of law, an Executive agency covered by this Act otherwise authorized to enter into contracts for either leases or the construction or alteration of real property for office, meeting, storage, or other space must consult with the General Services Administration before issuing a solicitation for offers of new leases or construction contracts, and in

the case of succeeding leases, before entering into negotiations with the current lessor.

(2) Any such agency with authority to enter into an emergency lease may do so during any period declared by the President to require emergency leasing authority with respect to such agency.

(b) For purposes of this section, the term “Executive agency covered by this Act” means any Executive agency provided funds by this Act, but does not include the General Services Administration or the United States Postal Service.

SEC. 618. (a) There are appropriated for the following activities the amounts required under current law:

(1) Compensation of the President (3 U.S.C. 102).

(2) Payments to—

(A) the Judicial Officers’ Retirement Fund (28 U.S.C. 377(o));

(B) the Judicial Survivors’ Annuities Fund (28 U.S.C. 376(c)); and

(C) the United States Court of Federal Claims Judges’ Retirement Fund (28 U.S.C. 178(l)).

(3) Payment of Government contributions—

(A) with respect to the health benefits of retired employees, as authorized by chapter 89 of title 5, United States Code, and the Retired Federal Employees Health Benefits Act (74 Stat. 849); and

(B) with respect to the life insurance benefits for employees retiring after December 31, 1989 (5 U.S.C. ch. 87).

(4) Payment to finance the unfunded liability of new and increased annuity benefits under the Civil Service Retirement and Disability Fund (5 U.S.C. 8348).

(5) Payment of annuities authorized to be paid from the Civil Service Retirement and Disability Fund by statutory provisions other than subchapter III of chapter 83 or chapter 84 of title 5, United States Code.

(b) Nothing in this section may be construed to exempt any amount appropriated by this section from any otherwise applicable limitation on the use of funds contained in this Act.

SEC. 619. None of the funds made available in this Act may be used by the Federal Trade Commission to complete the draft report entitled “Interagency Working Group on Food Marketed to Children: Preliminary Proposed Nutrition Principles to Guide Industry Self-Regulatory Efforts” unless the Interagency Working Group on Food Marketed to Children complies with Executive Order No. 13563.

SEC. 620. (a) The head of each executive branch agency funded by this Act shall ensure that the Chief Information Officer of the agency has the authority to participate in decisions regarding the budget planning process related to information technology.

(b) Amounts appropriated for any executive branch agency funded by this Act that are available for information technology shall be allocated within the agency, consistent with the provisions of appropriations Acts and budget guidelines and recommendations from the Director of the Office of Management and Budget, in such manner as specified by, or approved by, the Chief Information Officer

of the agency in consultation with the Chief Financial Officer of the agency and budget officials.

SEC. 621. None of the funds made available in this Act may be used in contravention of chapter 29, 31, or 33 of title 44, United States Code.

SEC. 622. None of the funds made available in this Act may be used by a governmental entity to require the disclosure by a provider of electronic communication service to the public or remote computing service of the contents of a wire or electronic communication that is in electronic storage with the provider (as such terms are defined in sections 2510 and 2711 of title 18, United States Code) in a manner that violates the Fourth Amendment to the Constitution of the United States.

SEC. 623. None of the funds appropriated by this Act may be used by the Federal Communications Commission to modify, amend, or change the rules or regulations of the Commission for universal service high-cost support for competitive eligible telecommunications carriers in a way that is inconsistent with paragraph (e)(5) or (e)(6) of section 54.307 of title 47, Code of Federal Regulations, as in effect on July 15, 2015: *Provided*, That this section shall not prohibit the Commission from considering, developing, or adopting other support mechanisms as an alternative to Mobility Fund Phase II: *Provided further*, That any such alternative mechanism shall maintain existing high-cost support to competitive eligible telecommunications carriers until support under such mechanism commences.

SEC. 624. No funds provided in this Act shall be used to deny an Inspector General funded under this Act timely access to any records, documents, or other materials available to the department or agency over which that Inspector General has responsibilities under the Inspector General Act of 1978, or to prevent or impede that Inspector General's access to such records, documents, or other materials, under any provision of law, except a provision of law that expressly refers to the Inspector General and expressly limits the Inspector General's right of access. A department or agency covered by this section shall provide its Inspector General with access to all such records, documents, and other materials in a timely manner. Each Inspector General shall ensure compliance with statutory limitations on disclosure relevant to the information provided by the establishment over which that Inspector General has responsibilities under the Inspector General Act of 1978. Each Inspector General covered by this section shall report to the Committees on Appropriations of the House of Representatives and the Senate within 5 calendar days any failures to comply with this requirement.

SEC. 625. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, adjudication activities, or other law enforcement- or victim assistance-related activity.

SEC. 626. None of the funds appropriated or other-wise made available by this Act may be used to pay award or incentive fees for contractors whose performance has been judged to be below satisfactory, behind schedule, over budget, or has failed to meet the basic requirements of a contract, unless the Agency determines that any such deviations are due to unforeseeable events, government-driven scope changes, or are not significant within the overall scope of the project and/or program and unless such awards or incentive fees are consistent with 16.401(e)(2) of the Federal Acquisition Regulation.

SEC. 627. (a) None of the funds made available under this Act may be used to pay for travel and conference activities that result in a total cost to an Executive branch department, agency, board or commission funded by this Act of more than \$500,000 at any single conference unless the agency or entity determines that such attendance is in the national interest and advance notice is transmitted to the Committees on Appropriations of the House of Representatives and the Senate that includes the basis of that determination.

(b) None of the funds made available under this Act may be used to pay for the travel to or attendance of more than 50 employees, who are stationed in the United States, at any single conference occurring outside the United States unless the agency or entity determines that such attendance is in the national interest and advance notice is transmitted to the Committees on Appropriations of the House of Representatives and the Senate that includes the basis of that determination.

SEC. 628. None of the funds made available by this Act may be used for first-class or business-class travel by the employees of executive branch agencies funded by this Act in contravention of sections 301–10.122 through 301–10.125 of title 41, Code of Federal Regulations.

SEC. 629. In addition to any amounts appropriated or otherwise made available for expenses related to enhancements to www.oversight.gov, \$850,000, to remain available until expended, shall be provided for an additional amount for such purpose to the Inspectors General Council Fund established pursuant to section 11(c)(3)(B) of the Inspector General Act of 1978 (5 U.S.C. App.): *Provided*, That these amounts shall be in addition to any amounts or any authority available to the Council of the Inspectors General on Integrity and Efficiency under section 11 of the Inspector General Act of 1978 (5 U.S.C. App.).

SEC. 630. None of the funds made available by this Act may be obligated on contracts in excess of \$5,000 for public relations, as that term is defined in Office and Management and Budget Circular A–87 (revised May 10, 2004), unless advance notice of such an obligation is transmitted to the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 631. Federal agencies funded under this Act shall clearly state within the text, audio, or video used for advertising or educational purposes, including emails or Internet postings, that the communication is printed, published, or produced and disseminated at U.S. taxpayer expense. The funds used by a Federal agency to carry out this requirement shall be derived from amounts made

available to the agency for advertising or other communications regarding the programs and activities of the agency.

SEC. 632. When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all grantees receiving Federal funds included in this Act, shall clearly state—

- (1) the percentage of the total costs of the program or project which will be financed with Federal money;
- (2) the dollar amount of Federal funds for the project or program; and
- (3) percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

SEC. 633. None of the funds made available by this Act shall be used by the Securities and Exchange Commission to finalize, issue, or implement any rule, regulation, or order regarding the disclosure of political contributions, contributions to tax exempt organizations, or dues paid to trade associations.

SEC. 634. Not later than 45 days after the last day of each quarter, each agency funded in this Act shall submit to the Committees on Appropriations of the Senate and the House of Representatives a quarterly budget report that includes total obligations of the Agency for that quarter for each appropriation, by the source year of the appropriation.

SEC. 635. Of the unobligated balances available in the Department of the Treasury, Treasury Forfeiture Fund, established by section 9703 of title 31, United States Code, \$175,000,000 shall be permanently rescinded not later than September 30, 2022.

SEC. 636. (a) DESIGNATION.—The Federal building and courthouse located at 2005 University Boulevard in Tuscaloosa, Alabama, shall be known and designated as the “Richard Shelby Federal Building and Courthouse”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the Federal building and courthouse referred to in subsection (a) shall be deemed to be a reference to the “Richard Shelby Federal Building and Courthouse”.

TITLE VII

GENERAL PROVISIONS—GOVERNMENT-WIDE

DEPARTMENTS, AGENCIES, AND CORPORATIONS

(INCLUDING TRANSFER OF FUNDS)

SEC. 701. No department, agency, or instrumentality of the United States receiving appropriated funds under this or any other Act for fiscal year 2022 shall obligate or expend any such funds, unless such department, agency, or instrumentality has in place, and will continue to administer in good faith, a written policy designed to ensure that all of its workplaces are free from the illegal use, possession, or distribution of controlled substances (as defined

in the Controlled Substances Act (21 U.S.C. 802)) by the officers and employees of such department, agency, or instrumentality.

SEC. 702. Unless otherwise specifically provided, the maximum amount allowable during the current fiscal year in accordance with subsection 1343(c) of title 31, United States Code, for the purchase of any passenger motor vehicle (exclusive of buses, ambulances, law enforcement vehicles, protective vehicles, and undercover surveillance vehicles), is hereby fixed at \$19,947 except station wagons for which the maximum shall be \$19,997: *Provided*, That these limits may be exceeded by not to exceed \$7,250 for police-type vehicles: *Provided further*, That the limits set forth in this section may not be exceeded by more than 5 percent for electric or hybrid vehicles purchased for demonstration under the provisions of the Electric and Hybrid Vehicle Research, Development, and Demonstration Act of 1976: *Provided further*, That the limits set forth in this section may be exceeded by the incremental cost of clean alternative fuels vehicles acquired pursuant to Public Law 101-549 over the cost of comparable conventionally fueled vehicles: *Provided further*, That the limits set forth in this section shall not apply to any vehicle that is a commercial item and which operates on alternative fuel, including but not limited to electric, plug-in hybrid electric, and hydrogen fuel cell vehicles.

SEC. 703. Appropriations of the executive departments and independent establishments for the current fiscal year available for expenses of travel, or for the expenses of the activity concerned, are hereby made available for quarters allowances and cost-of-living allowances, in accordance with 5 U.S.C. 5922-5924.

SEC. 704. Unless otherwise specified in law during the current fiscal year, no part of any appropriation contained in this or any other Act shall be used to pay the compensation of any officer or employee of the Government of the United States (including any agency the majority of the stock of which is owned by the Government of the United States) whose post of duty is in the continental United States unless such person: (1) is a citizen of the United States; (2) is a person who is lawfully admitted for permanent residence and is seeking citizenship as outlined in 8 U.S.C. 1324b(a)(3)(B); (3) is a person who is admitted as a refugee under 8 U.S.C. 1157 or is granted asylum under 8 U.S.C. 1158 and has filed a declaration of intention to become a lawful permanent resident and then a citizen when eligible; or (4) is a person who owes allegiance to the United States: *Provided*, That for purposes of this section, affidavits signed by any such person shall be considered prima facie evidence that the requirements of this section with respect to his or her status are being complied with: *Provided further*, That for purposes of subsections (2) and (3) such affidavits shall be submitted prior to employment and updated thereafter as necessary: *Provided further*, That any person making a false affidavit shall be guilty of a felony, and upon conviction, shall be fined no more than \$4,000 or imprisoned for not more than 1 year, or both: *Provided further*, That the above penal clause shall be in addition to, and not in substitution for, any other provisions of existing law: *Provided further*, That any payment made to any officer or employee contrary to the provisions of this section shall be recoverable in action by the Federal Government: *Provided further*, That this

section shall not apply to any person who is an officer or employee of the Government of the United States on the date of enactment of this Act, or to international broadcasters employed by the Broadcasting Board of Governors, or to temporary employment of translators, or to temporary employment in the field service (not to exceed 60 days) as a result of emergencies: *Provided further*, That this section does not apply to the employment as Wildland firefighters for not more than 120 days of nonresident aliens employed by the Department of the Interior or the USDA Forest Service pursuant to an agreement with another country.

SEC. 705. Appropriations available to any department or agency during the current fiscal year for necessary expenses, including maintenance or operating expenses, shall also be available for payment to the General Services Administration for charges for space and services and those expenses of renovation and alteration of buildings and facilities which constitute public improvements performed in accordance with the Public Buildings Act of 1959 (73 Stat. 479), the Public Buildings Amendments of 1972 (86 Stat. 216), or other applicable law.

SEC. 706. In addition to funds provided in this or any other Act, all Federal agencies are authorized to receive and use funds resulting from the sale of materials, including Federal records disposed of pursuant to a records schedule recovered through recycling or waste prevention programs. Such funds shall be available until expended for the following purposes:

- (1) Acquisition, waste reduction and prevention, and recycling programs as described in Executive Order No. 13834 (May 17, 2018), including any such programs adopted prior to the effective date of the Executive order.

- (2) Other Federal agency environmental management programs, including, but not limited to, the development and implementation of hazardous waste management and pollution prevention programs.

- (3) Other employee programs as authorized by law or as deemed appropriate by the head of the Federal agency.

SEC. 707. Funds made available by this or any other Act for administrative expenses in the current fiscal year of the corporations and agencies subject to chapter 91 of title 31, United States Code, shall be available, in addition to objects for which such funds are otherwise available, for rent in the District of Columbia; services in accordance with 5 U.S.C. 3109; and the objects specified under this head, all the provisions of which shall be applicable to the expenditure of such funds unless otherwise specified in the Act by which they are made available: *Provided*, That in the event any functions budgeted as administrative expenses are subsequently transferred to or paid from other funds, the limitations on administrative expenses shall be correspondingly reduced.

SEC. 708. No part of any appropriation contained in this or any other Act shall be available for interagency financing of boards (except Federal Executive Boards), commissions, councils, committees, or similar groups (whether or not they are interagency entities) which do not have a prior and specific statutory approval to receive financial support from more than one agency or instrumentality.

SEC. 709. None of the funds made available pursuant to the provisions of this or any other Act shall be used to implement, administer, or enforce any regulation which has been disapproved pursuant to a joint resolution duly adopted in accordance with the applicable law of the United States.

SEC. 710. During the period in which the head of any department or agency, or any other officer or civilian employee of the Federal Government appointed by the President of the United States, holds office, no funds may be obligated or expended in excess of \$5,000 to furnish or redecorate the office of such department head, agency head, officer, or employee, or to purchase furniture or make improvements for any such office, unless advance notice of such furnishing or redecoration is transmitted to the Committees on Appropriations of the House of Representatives and the Senate. For the purposes of this section, the term "office" shall include the entire suite of offices assigned to the individual, as well as any other space used primarily by the individual or the use of which is directly controlled by the individual.

SEC. 711. Notwithstanding 31 U.S.C. 1346, or section 708 of this Act, funds made available for the current fiscal year by this or any other Act shall be available for the interagency funding of national security and emergency preparedness telecommunications initiatives which benefit multiple Federal departments, agencies, or entities, as provided by Executive Order No. 13618 (July 6, 2012).

SEC. 712. (a) None of the funds made available by this or any other Act may be obligated or expended by any department, agency, or other instrumentality of the Federal Government to pay the salaries or expenses of any individual appointed to a position of a confidential or policy-determining character that is excepted from the competitive service under section 3302 of title 5, United States Code, (pursuant to schedule C of subpart C of part 213 of title 5 of the Code of Federal Regulations) unless the head of the applicable department, agency, or other instrumentality employing such schedule C individual certifies to the Director of the Office of Personnel Management that the schedule C position occupied by the individual was not created solely or primarily in order to detail the individual to the White House.

(b) The provisions of this section shall not apply to Federal employees or members of the armed forces detailed to or from an element of the intelligence community (as that term is defined under section 3(4) of the National Security Act of 1947 (50 U.S.C. 3003(4))).

SEC. 713. No part of any appropriation contained in this or any other Act shall be available for the payment of the salary of any officer or employee of the Federal Government, who—

(1) prohibits or prevents, or attempts or threatens to prohibit or prevent, any other officer or employee of the Federal Government from having any direct oral or written communication or contact with any Member, committee, or subcommittee of the Congress in connection with any matter pertaining to the employment of such other officer or employee or pertaining to the department or agency of such other officer or employee in any way, irrespective of whether such communication or contact is at the initiative of such other officer or employee or in

response to the request or inquiry of such Member, committee, or subcommittee; or

(2) removes, suspends from duty without pay, demotes, reduces in rank, seniority, status, pay, or performance or efficiency rating, denies promotion to, relocates, reassigns, transfers, disciplines, or discriminates in regard to any employment right, entitlement, or benefit, or any term or condition of employment of, any other officer or employee of the Federal Government, or attempts or threatens to commit any of the foregoing actions with respect to such other officer or employee, by reason of any communication or contact of such other officer or employee with any Member, committee, or subcommittee of the Congress as described in paragraph (1).

SEC. 714. (a) None of the funds made available in this or any other Act may be obligated or expended for any employee training that—

(1) does not meet identified needs for knowledge, skills, and abilities bearing directly upon the performance of official duties;

(2) contains elements likely to induce high levels of emotional response or psychological stress in some participants;

(3) does not require prior employee notification of the content and methods to be used in the training and written end of course evaluation;

(4) contains any methods or content associated with religious or quasi-religious belief systems or “new age” belief systems as defined in Equal Employment Opportunity Commission Notice N-915.022, dated September 2, 1988; or

(5) is offensive to, or designed to change, participants’ personal values or lifestyle outside the workplace.

(b) Nothing in this section shall prohibit, restrict, or otherwise preclude an agency from conducting training bearing directly upon the performance of official duties.

SEC. 715. No part of any funds appropriated in this or any other Act shall be used by an agency of the executive branch, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, and for the preparation, distribution or use of any kit, pamphlet, booklet, publication, radio, television, or film presentation designed to support or defeat legislation pending before the Congress, except in presentation to the Congress itself.

SEC. 716. None of the funds appropriated by this or any other Act may be used by an agency to provide a Federal employee’s home address to any labor organization except when the employee has authorized such disclosure or when such disclosure has been ordered by a court of competent jurisdiction.

SEC. 717. None of the funds made available in this or any other Act may be used to provide any non-public information such as mailing, telephone, or electronic mailing lists to any person or any organization outside of the Federal Government without the approval of the Committees on Appropriations of the House of Representatives and the Senate.

SEC. 718. No part of any appropriation contained in this or any other Act shall be used directly or indirectly, including by private

contractor, for publicity or propaganda purposes within the United States not heretofore authorized by Congress.

SEC. 719. (a) In this section, the term “agency”—

(1) means an Executive agency, as defined under 5 U.S.C. 105; and

(2) includes a military department, as defined under section 102 of such title, the United States Postal Service, and the Postal Regulatory Commission.

(b) Unless authorized in accordance with law or regulations to use such time for other purposes, an employee of an agency shall use official time in an honest effort to perform official duties. An employee not under a leave system, including a Presidential appointee exempted under 5 U.S.C. 6301(2), has an obligation to expend an honest effort and a reasonable proportion of such employee’s time in the performance of official duties.

SEC. 720. Notwithstanding 31 U.S.C. 1346 and section 708 of this Act, funds made available for the current fiscal year by this or any other Act to any department or agency, which is a member of the Federal Accounting Standards Advisory Board (FASAB), shall be available to finance an appropriate share of FASAB administrative costs.

SEC. 721. Notwithstanding 31 U.S.C. 1346 and section 708 of this Act, the head of each Executive department and agency is hereby authorized to transfer to or reimburse “General Services Administration, Government-wide Policy” with the approval of the Director of the Office of Management and Budget, funds made available for the current fiscal year by this or any other Act, including rebates from charge card and other contracts: *Provided*, That these funds shall be administered by the Administrator of General Services to support Government-wide and other multi-agency financial, information technology, procurement, and other management innovations, initiatives, and activities, including improving coordination and reducing duplication, as approved by the Director of the Office of Management and Budget, in consultation with the appropriate interagency and multi-agency groups designated by the Director (including the President’s Management Council for overall management improvement initiatives, the Chief Financial Officers Council for financial management initiatives, the Chief Information Officers Council for information technology initiatives, the Chief Human Capital Officers Council for human capital initiatives, the Chief Acquisition Officers Council for procurement initiatives, and the Performance Improvement Council for performance improvement initiatives): *Provided further*, That the total funds transferred or reimbursed shall not exceed \$15,000,000 to improve coordination, reduce duplication, and for other activities related to Federal Government Priority Goals established by 31 U.S.C. 1120, and not to exceed \$17,000,000 for Government-wide innovations, initiatives, and activities: *Provided further*, That the funds transferred to or for reimbursement of “General Services Administration, Government-wide Policy” during fiscal year 2022 shall remain available for obligation through September 30, 2023: *Provided further*, That such transfers or reimbursements may only be made after 15 days following notification of the Committees on Appropriations of the

House of Representatives and the Senate by the Director of the Office of Management and Budget.

SEC. 722. Notwithstanding any other provision of law, a woman may breastfeed her child at any location in a Federal building or on Federal property, if the woman and her child are otherwise authorized to be present at the location.

SEC. 723. Notwithstanding 31 U.S.C. 1346 , or section 708 of this Act, funds made available for the current fiscal year by this or any other Act shall be available for the interagency funding of specific projects, workshops, studies, and similar efforts to carry out the purposes of the National Science and Technology Council (authorized by Executive Order No. 12881), which benefit multiple Federal departments, agencies, or entities: *Provided*, That the Office of Management and Budget shall provide a report describing the budget of and resources connected with the National Science and Technology Council to the Committees on Appropriations, the House Committee on Science, Space, and Technology, and the Senate Committee on Commerce, Science, and Transportation 90 days after enactment of this Act.

SEC. 724. Any request for proposals, solicitation, grant application, form, notification, press release, or other publications involving the distribution of Federal funds shall comply with any relevant requirements in part 200 of title 2, Code of Federal Regulations: *Provided*, That this section shall apply to direct payments, formula funds, and grants received by a State receiving Federal funds.

SEC. 725. (a) PROHIBITION OF FEDERAL AGENCY MONITORING OF INDIVIDUALS' INTERNET USE.—None of the funds made available in this or any other Act may be used by any Federal agency—

(1) to collect, review, or create any aggregation of data, derived from any means, that includes any personally identifiable information relating to an individual's access to or use of any Federal Government Internet site of the agency; or

(2) to enter into any agreement with a third party (including another government agency) to collect, review, or obtain any aggregation of data, derived from any means, that includes any personally identifiable information relating to an individual's access to or use of any nongovernmental Internet site.

(b) EXCEPTIONS.—The limitations established in subsection (a) shall not apply to—

(1) any record of aggregate data that does not identify particular persons;

(2) any voluntary submission of personally identifiable information;

(3) any action taken for law enforcement, regulatory, or supervisory purposes, in accordance with applicable law; or

(4) any action described in subsection (a)(1) that is a system security action taken by the operator of an Internet site and is necessarily incident to providing the Internet site services or to protecting the rights or property of the provider of the Internet site.

(c) DEFINITIONS.—For the purposes of this section:

(1) The term “regulatory” means agency actions to implement, interpret or enforce authorities provided in law.

(2) The term “supervisory” means examinations of the agency’s supervised institutions, including assessing safety and soundness, overall financial condition, management practices and policies and compliance with applicable standards as provided in law.

SEC. 726. (a) None of the funds appropriated by this Act may be used to enter into or renew a contract which includes a provision providing prescription drug coverage, except where the contract also includes a provision for contraceptive coverage.

(b) Nothing in this section shall apply to a contract with—

(1) any of the following religious plans:

(A) Personal Care’s HMO; and

(B) OSF HealthPlans, Inc.; and

(2) any existing or future plan, if the carrier for the plan objects to such coverage on the basis of religious beliefs.

(c) In implementing this section, any plan that enters into or renews a contract under this section may not subject any individual to discrimination on the basis that the individual refuses to prescribe or otherwise provide for contraceptives because such activities would be contrary to the individual’s religious beliefs or moral convictions.

(d) Nothing in this section shall be construed to require coverage of abortion or abortion-related services.

SEC. 727. The United States is committed to ensuring the health of its Olympic, Pan American, and Paralympic athletes, and supports the strict adherence to anti-doping in sport through testing, adjudication, education, and research as performed by nationally recognized oversight authorities.

SEC. 728. Notwithstanding any other provision of law, funds appropriated for official travel to Federal departments and agencies may be used by such departments and agencies, if consistent with Office of Management and Budget Circular A–126 regarding official travel for Government personnel, to participate in the fractional aircraft ownership pilot program.

SEC. 729. Notwithstanding any other provision of law, none of the funds appropriated or made available under this or any other appropriations Act may be used to implement or enforce restrictions or limitations on the Coast Guard Congressional Fellowship Program, or to implement the proposed regulations of the Office of Personnel Management to add sections 300.311 through 300.316 to part 300 of title 5 of the Code of Federal Regulations, published in the Federal Register, volume 68, number 174, on September 9, 2003 (relating to the detail of executive branch employees to the legislative branch).

SEC. 730. Notwithstanding any other provision of law, no executive branch agency shall purchase, construct, or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without the advance approval of the Committees on Appropriations of the House of Representatives and the Senate, except that the Federal Law Enforcement Training Centers is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training which cannot be accommodated in existing Centers facilities.

SEC. 731. Unless otherwise authorized by existing law, none of the funds provided in this or any other Act may be used by an executive branch agency to produce any prepackaged news story intended for broadcast or distribution in the United States, unless the story includes a clear notification within the text or audio of the prepackaged news story that the prepackaged news story was prepared or funded by that executive branch agency.

SEC. 732. None of the funds made available in this Act may be used in contravention of section 552a of title 5, United States Code (popularly known as the Privacy Act), and regulations implementing that section.

SEC. 733. (a) IN GENERAL.—None of the funds appropriated or otherwise made available by this or any other Act may be used for any Federal Government contract with any foreign incorporated entity which is treated as an inverted domestic corporation under section 835(b) of the Homeland Security Act of 2002 (6 U.S.C. 395(b)) or any subsidiary of such an entity.

(b) WAIVERS.—

(1) IN GENERAL.—Any Secretary shall waive subsection (a) with respect to any Federal Government contract under the authority of such Secretary if the Secretary determines that the waiver is required in the interest of national security.

(2) REPORT TO CONGRESS.—Any Secretary issuing a waiver under paragraph (1) shall report such issuance to Congress.

(c) EXCEPTION.—This section shall not apply to any Federal Government contract entered into before the date of the enactment of this Act, or to any task order issued pursuant to such contract.

SEC. 734. During fiscal year 2022, for each employee who—

(1) retires under section 8336(d)(2) or 8414(b)(1)(B) of title 5, United States Code; or

(2) retires under any other provision of subchapter III of chapter 83 or chapter 84 of such title 5 and receives a payment as an incentive to separate, the separating agency shall remit to the Civil Service Retirement and Disability Fund an amount equal to the Office of Personnel Management's average unit cost of processing a retirement claim for the preceding fiscal year. Such amounts shall be available until expended to the Office of Personnel Management and shall be deemed to be an administrative expense under section 8348(a)(1)(B) of title 5, United States Code.

SEC. 735. (a) None of the funds made available in this or any other Act may be used to recommend or require any entity submitting an offer for a Federal contract to disclose any of the following information as a condition of submitting the offer:

(1) Any payment consisting of a contribution, expenditure, independent expenditure, or disbursement for an electioneering communication that is made by the entity, its officers or directors, or any of its affiliates or subsidiaries to a candidate for election for Federal office or to a political committee, or that is otherwise made with respect to any election for Federal office.

(2) Any disbursement of funds (other than a payment described in paragraph (1)) made by the entity, its officers or directors, or any of its affiliates or subsidiaries to any person

with the intent or the reasonable expectation that the person will use the funds to make a payment described in paragraph (1).

(b) In this section, each of the terms “contribution”, “expenditure”, “independent expenditure”, “electioneering communication”, “candidate”, “election”, and “Federal office” has the meaning given such term in the Federal Election Campaign Act of 1971 (52 U.S.C. 30101 et seq.).

SEC. 736. None of the funds made available in this or any other Act may be used to pay for the painting of a portrait of an officer or employee of the Federal Government, including the President, the Vice President, a member of Congress (including a Delegate or a Resident Commissioner to Congress), the head of an executive branch agency (as defined in section 133 of title 41, United States Code), or the head of an office of the legislative branch.

SEC. 737. (a)(1) Notwithstanding any other provision of law, and except as otherwise provided in this section, no part of any of the funds appropriated for fiscal year 2022, by this or any other Act, may be used to pay any prevailing rate employee described in section 5342(a)(2)(A) of title 5, United States Code—

(A) during the period from the date of expiration of the limitation imposed by the comparable section for the previous fiscal years until the normal effective date of the applicable wage survey adjustment that is to take effect in fiscal year 2022, in an amount that exceeds the rate payable for the applicable grade and step of the applicable wage schedule in accordance with such section; and

(B) during the period consisting of the remainder of fiscal year 2022, in an amount that exceeds, as a result of a wage survey adjustment, the rate payable under subparagraph (A) by more than the sum of—

(i) the percentage adjustment taking effect in fiscal year 2022 under section 5303 of title 5, United States Code, in the rates of pay under the General Schedule; and

(ii) the difference between the overall average percentage of the locality-based comparability payments taking effect in fiscal year 2022 under section 5304 of such title (whether by adjustment or otherwise), and the overall average percentage of such payments which was effective in the previous fiscal year under such section.

(2) Notwithstanding any other provision of law, no prevailing rate employee described in subparagraph (B) or (C) of section 5342(a)(2) of title 5, United States Code, and no employee covered by section 5348 of such title, may be paid during the periods for which paragraph (1) is in effect at a rate that exceeds the rates that would be payable under paragraph (1) were paragraph (1) applicable to such employee.

(3) For the purposes of this subsection, the rates payable to an employee who is covered by this subsection and who is paid from a schedule not in existence on September 30, 2021, shall be determined under regulations prescribed by the Office of Personnel Management.

(4) Notwithstanding any other provision of law, rates of premium pay for employees subject to this subsection may not be changed

from the rates in effect on September 30, 2021, except to the extent determined by the Office of Personnel Management to be consistent with the purpose of this subsection.

(5) This subsection shall apply with respect to pay for service performed after September 30, 2021.

(6) For the purpose of administering any provision of law (including any rule or regulation that provides premium pay, retirement, life insurance, or any other employee benefit) that requires any deduction or contribution, or that imposes any requirement or limitation on the basis of a rate of salary or basic pay, the rate of salary or basic pay payable after the application of this subsection shall be treated as the rate of salary or basic pay.

(7) Nothing in this subsection shall be considered to permit or require the payment to any employee covered by this subsection at a rate in excess of the rate that would be payable were this subsection not in effect.

(8) The Office of Personnel Management may provide for exceptions to the limitations imposed by this subsection if the Office determines that such exceptions are necessary to ensure the recruitment or retention of qualified employees.

(b) Notwithstanding subsection (a), the adjustment in rates of basic pay for the statutory pay systems that take place in fiscal year 2022 under sections 5344 and 5348 of title 5, United States Code, shall be—

(1) not less than the percentage received by employees in the same location whose rates of basic pay are adjusted pursuant to the statutory pay systems under sections 5303 and 5304 of title 5, United States Code: *Provided*, That prevailing rate employees at locations where there are no employees whose pay is increased pursuant to sections 5303 and 5304 of title 5, United States Code, and prevailing rate employees described in section 5343(a)(5) of title 5, United States Code, shall be considered to be located in the pay locality designated as “Rest of United States” pursuant to section 5304 of title 5, United States Code, for purposes of this subsection; and

(2) effective as of the first day of the first applicable pay period beginning after September 30, 2021.

SEC. 738. (a) The head of any Executive branch department, agency, board, commission, or office funded by this or any other appropriations Act shall submit annual reports to the Inspector General or senior ethics official for any entity without an Inspector General, regarding the costs and contracting procedures related to each conference held by any such department, agency, board, commission, or office during fiscal year 2022 for which the cost to the United States Government was more than \$100,000.

(b) Each report submitted shall include, for each conference described in subsection (a) held during the applicable period—

(1) a description of its purpose;

(2) the number of participants attending;

(3) a detailed statement of the costs to the United States Government, including—

(A) the cost of any food or beverages;

(B) the cost of any audio-visual services;

- (C) the cost of employee or contractor travel to and from the conference; and
- (D) a discussion of the methodology used to determine which costs relate to the conference; and
- (4) a description of the contracting procedures used including—
 - (A) whether contracts were awarded on a competitive basis; and
 - (B) a discussion of any cost comparison conducted by the departmental component or office in evaluating potential contractors for the conference.

(c) Within 15 days after the end of a quarter, the head of any such department, agency, board, commission, or office shall notify the Inspector General or senior ethics official for any entity without an Inspector General, of the date, location, and number of employees attending a conference held by any Executive branch department, agency, board, commission, or office funded by this or any other appropriations Act during fiscal year 2022 for which the cost to the United States Government was more than \$20,000.

(d) A grant or contract funded by amounts appropriated by this or any other appropriations Act may not be used for the purpose of defraying the costs of a conference described in subsection (c) that is not directly and programmatically related to the purpose for which the grant or contract was awarded, such as a conference held in connection with planning, training, assessment, review, or other routine purposes related to a project funded by the grant or contract.

(e) None of the funds made available in this or any other appropriations Act may be used for travel and conference activities that are not in compliance with Office of Management and Budget Memorandum M-12-12 dated May 11, 2012 or any subsequent revisions to that memorandum.

SEC. 739. None of the funds made available in this or any other appropriations Act may be used to increase, eliminate, or reduce funding for a program, project, or activity as proposed in the President's budget request for a fiscal year until such proposed change is subsequently enacted in an appropriation Act, or unless such change is made pursuant to the reprogramming or transfer provisions of this or any other appropriations Act.

SEC. 740. None of the funds made available by this or any other Act may be used to implement, administer, enforce, or apply the rule entitled "Competitive Area" published by the Office of Personnel Management in the Federal Register on April 15, 2008 (73 Fed. Reg. 20180 et seq.).

SEC. 741. None of the funds appropriated or otherwise made available by this or any other Act may be used to begin or announce a study or public-private competition regarding the conversion to contractor performance of any function performed by Federal employees pursuant to Office of Management and Budget Circular A-76 or any other administrative regulation, directive, or policy.

SEC. 742. (a) None of the funds appropriated or otherwise made available by this or any other Act may be available for a contract, grant, or cooperative agreement with an entity that requires em-

employees or contractors of such entity seeking to report fraud, waste, or abuse to sign internal confidentiality agreements or statements prohibiting or otherwise restricting such employees or contractors from lawfully reporting such waste, fraud, or abuse to a designated investigative or law enforcement representative of a Federal department or agency authorized to receive such information.

(b) The limitation in subsection (a) shall not contravene requirements applicable to Standard Form 312, Form 4414, or any other form issued by a Federal department or agency governing the non-disclosure of classified information.

SEC. 743. (a) No funds appropriated in this or any other Act may be used to implement or enforce the agreements in Standard Forms 312 and 4414 of the Government or any other nondisclosure policy, form, or agreement if such policy, form, or agreement does not contain the following provisions: "These provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General or the Office of Special Counsel of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling." *Provided*, That notwithstanding the preceding provision of this section, a non-disclosure policy form or agreement that is to be executed by a person connected with the conduct of an intelligence or intelligence-related activity, other than an employee or officer of the United States Government, may contain provisions appropriate to the particular activity for which such document is to be used. Such form or agreement shall, at a minimum, require that the person will not disclose any classified information received in the course of such activity unless specifically authorized to do so by the United States Government. Such nondisclosure forms shall also make it clear that they do not bar disclosures to Congress, or to an authorized official of an executive agency or the Department of Justice, that are essential to reporting a substantial violation of law.

(b) A nondisclosure agreement may continue to be implemented and enforced notwithstanding subsection (a) if it complies with the requirements for such agreement that were in effect when the agreement was entered into.

(c) No funds appropriated in this or any other Act may be used to implement or enforce any agreement entered into during fiscal year 2014 which does not contain substantially similar language to that required in subsection (a).

SEC. 744. None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to

an agreement with the authority responsible for collecting the tax liability, where the awarding agency is aware of the unpaid tax liability, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

SEC. 745. None of the funds made available by this or any other Act may be used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, where the awarding agency is aware of the conviction, unless a Federal agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

SEC. 746. (a) During fiscal year 2022, on the date on which a request is made for a transfer of funds in accordance with section 1017 of Public Law 111–203, the Bureau of Consumer Financial Protection shall notify the Committees on Appropriations of the House of Representatives and the Senate, the Committee on Financial Services of the House of Representatives, and the Committee on Banking, Housing, and Urban Affairs of the Senate of such request.

(b) Any notification required by this section shall be made available on the Bureau’s public website.

SEC. 747. (a) Notwithstanding any official rate adjusted under section 104 of title 3, United States Code, the rate payable to the Vice President during calendar year 2022 shall be the rate payable to the Vice President on December 31, 2021, by operation of section 748 of division E of Public Law 116–260.

(b) Notwithstanding any official rate adjusted under section 5318 of title 5, United States Code, or any other provision of law, the payable rate during calendar year 2022 for an employee serving in an Executive Schedule position, or in a position for which the rate of pay is fixed by statute at an Executive Schedule rate, shall be the rate payable for the applicable Executive Schedule level on December 31, 2021, by operation of section 748 of division E of Public Law 116–260. Such an employee may not receive a rate increase during calendar year 2022, except as provided in subsection (i).

(c) Notwithstanding section 401 of the Foreign Service Act of 1980 (Public Law 96–465) or any other provision of law, a chief of mission or ambassador at large is subject to subsection (b) in the same manner as other employees who are paid at an Executive Schedule rate.

(d)(1) This subsection applies to—

(A) a noncareer appointee in the Senior Executive Service paid a rate of basic pay at or above the official rate for level IV of the Executive Schedule; or

(B) a limited term appointee or limited emergency appointee in the Senior Executive Service serving under a political appointment and paid a rate of basic pay at or above the official rate for level IV of the Executive Schedule.

(2) Notwithstanding sections 5382 and 5383 of title 5, United States Code, an employee described in paragraph (1) may not receive a pay rate increase during calendar year 2022, except as provided in subsection (i).

(e) Notwithstanding any other provision of law, any employee paid a rate of basic pay (including any locality-based payments under section 5304 of title 5, United States Code, or similar authority) at or above the official rate for level IV of the Executive Schedule who serves under a political appointment may not receive a pay rate increase during calendar year 2022, except as provided in subsection (i). This subsection does not apply to employees in the General Schedule pay system or the Foreign Service pay system, to employees appointed under section 3161 of title 5, United States Code, or to employees in another pay system whose position would be classified at GS-15 or below if chapter 51 of title 5, United States Code, applied to them.

(f) Nothing in subsections (b) through (e) shall prevent employees who do not serve under a political appointment from receiving pay increases as otherwise provided under applicable law.

(g) This section does not apply to an individual who makes an election to retain Senior Executive Service basic pay under section 3392(c) of title 5, United States Code, for such time as that election is in effect.

(h) This section does not apply to an individual who makes an election to retain Senior Foreign Service pay entitlements under section 302(b) of the Foreign Service Act of 1980 (Public Law 96-465) for such time as that election is in effect.

(i) Notwithstanding subsections (b) through (e), an employee in a covered position may receive a pay rate increase upon an authorized movement to a different covered position only if that new position has higher-level duties and a pre-established level or range of pay higher than the level or range for the position held immediately before the movement. Any such increase must be based on the rates of pay and applicable limitations on payable rates of pay in effect on December 31, 2021, by operation of section 748 of division E of Public Law 116-260.

(j) Notwithstanding any other provision of law, for an individual who is newly appointed to a covered position during the period of time subject to this section, the initial pay rate shall be based on the rates of pay and applicable limitations on payable rates of pay in effect on December 31, 2021, by operation of section 748 of division E of Public Law 116-260.

(k) If an employee affected by this section is subject to a biweekly pay period that begins in calendar year 2022 but ends in calendar year 2023, the bar on the employee's receipt of pay rate increases shall apply through the end of that pay period.

(l) For the purpose of this section, the term "covered position" means a position occupied by an employee whose pay is restricted under this section.

(m) This section takes effect on the first day of the first applicable pay period beginning on or after January 1, 2022.

SEC. 748. (a) Each department or agency of the executive branch of the United States Government shall notify the Committees on Appropriations and the Budget of the House of Representatives and

the Senate and any other appropriate congressional committees if—

(1) an apportionment is not made in the required time period provided in section 1513(b) of title 31, United States Code;

(2) an approved apportionment received by the department or agency conditions the availability of an appropriation on further action; or

(3) an approved apportionment received by the department or agency may hinder the prudent obligation of such appropriation or the execution of a program, project, or activity by such department or agency.

(b) Any notification submitted to a congressional committee pursuant to this section shall contain information identifying the bureau, account name, appropriation name, and Treasury Appropriation Fund Symbol or fund account.

SEC. 749. (a) Any non-Federal entity receiving funds provided in this or any other appropriations Act for fiscal year 2022 that are specified in the disclosure table submitted in compliance with clause 9 of rule XXI of the Rules of the House of Representatives or Rule XLIV of the Standing Rules of the Senate that is included in the report or explanatory statement accompanying any such Act shall be deemed to be a recipient of a Federal award with respect to such funds for purposes of the requirements of 2 C.F.R. 200.334, regarding records retention, and 2 C.F.R. 200.337, regarding access by the Comptroller General of the United States.

(b) Nothing in this section shall be construed to limit, amend, supersede, or restrict in any manner any requirements otherwise applicable to non-Federal entities described in paragraph (1) or any existing authority of the Comptroller General.

SEC. 750. Section 15010(a)(6) of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) is amended—

(1) in subparagraph (D), by striking “or”;

(2) in subparagraph (E), by striking “; and” and inserting “; or”; and

(3) by inserting after subparagraph (E), the following:

“(F) the American Rescue Plan Act of 2021 (Public Law 117–2); and”.

SEC. 751. Notwithstanding section 1346 of title 31, United States Code, or section 708 of this Act, funds made available by this or any other Act to any Federal agency may be used by that Federal agency for interagency funding for coordination with, participation in, or recommendations involving, activities of the U.S. Army Medical Research and Development Command, the Congressionally Directed Medical Research Programs and the National Institutes of Health research programs.

SEC. 752. Except as expressly provided otherwise, any reference to “this Act” contained in any title other than title IV or VIII shall not apply to such title IV or VIII.

TITLE VIII

GENERAL PROVISIONS—DISTRICT OF COLUMBIA

(INCLUDING TRANSFERS OF FUNDS)

SEC. 801. There are appropriated from the applicable funds of the District of Columbia such sums as may be necessary for making refunds and for the payment of legal settlements or judgments that have been entered against the District of Columbia government.

SEC. 802. None of the Federal funds provided in this Act shall be used for publicity or propaganda purposes or implementation of any policy including boycott designed to support or defeat legislation pending before Congress or any State legislature.

SEC. 803. (a) None of the Federal funds provided under this Act to the agencies funded by this Act, both Federal and District government agencies, that remain available for obligation or expenditure in fiscal year 2022, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the agencies funded by this Act, shall be available for obligation or expenditures for an agency through a reprogramming of funds which—

- (1) creates new programs;
- (2) eliminates a program, project, or responsibility center;
- (3) establishes or changes allocations specifically denied, limited or increased under this Act;
- (4) increases funds or personnel by any means for any program, project, or responsibility center for which funds have been denied or restricted;
- (5) re-establishes any program or project previously deferred through reprogramming;
- (6) augments any existing program, project, or responsibility center through a reprogramming of funds in excess of \$3,000,000 or 10 percent, whichever is less; or
- (7) increases by 20 percent or more personnel assigned to a specific program, project or responsibility center, unless prior approval is received from the Committees on Appropriations of the House of Representatives and the Senate.

(b) The District of Columbia government is authorized to approve and execute reprogramming and transfer requests of local funds under this title through November 7, 2022.

SEC. 804. None of the Federal funds provided in this Act may be used by the District of Columbia to provide for salaries, expenses, or other costs associated with the offices of United States Senator or United States Representative under section 4(d) of the District of Columbia Statehood Constitutional Convention Initiatives of 1979 (D.C. Law 3–171; D.C. Official Code, sec. 1–123).

SEC. 805. Except as otherwise provided in this section, none of the funds made available by this Act or by any other Act may be used to provide any officer or employee of the District of Columbia with an official vehicle unless the officer or employee uses the vehicle only in the performance of the officer's or employee's official duties. For purposes of this section, the term "official duties" does not

include travel between the officer's or employee's residence and workplace, except in the case of—

(1) an officer or employee of the Metropolitan Police Department who resides in the District of Columbia or is otherwise designated by the Chief of the Department;

(2) at the discretion of the Fire Chief, an officer or employee of the District of Columbia Fire and Emergency Medical Services Department who resides in the District of Columbia and is on call 24 hours a day;

(3) at the discretion of the Director of the Department of Corrections, an officer or employee of the District of Columbia Department of Corrections who resides in the District of Columbia and is on call 24 hours a day;

(4) at the discretion of the Chief Medical Examiner, an officer or employee of the Office of the Chief Medical Examiner who resides in the District of Columbia and is on call 24 hours a day;

(5) at the discretion of the Director of the Homeland Security and Emergency Management Agency, an officer or employee of the Homeland Security and Emergency Management Agency who resides in the District of Columbia and is on call 24 hours a day;

(6) the Mayor of the District of Columbia; and

(7) the Chairman of the Council of the District of Columbia.

SEC. 806. (a) None of the Federal funds contained in this Act may be used by the District of Columbia Attorney General or any other officer or entity of the District government to provide assistance for any petition drive or civil action which seeks to require Congress to provide for voting representation in Congress for the District of Columbia.

(b) Nothing in this section bars the District of Columbia Attorney General from reviewing or commenting on briefs in private lawsuits, or from consulting with officials of the District government regarding such lawsuits.

SEC. 807. None of the Federal funds contained in this Act may be used to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that has been determined by the local public health or local law enforcement authorities to be inappropriate for such distribution.

SEC. 808. Nothing in this Act may be construed to prevent the Council or Mayor of the District of Columbia from addressing the issue of the provision of contraceptive coverage by health insurance plans, but it is the intent of Congress that any legislation enacted on such issue should include a "conscience clause" which provides exceptions for religious beliefs and moral convictions.

SEC. 809. (a) None of the Federal funds contained in this Act may be used to enact or carry out any law, rule, or regulation to legalize or otherwise reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative.

(b) No funds available for obligation or expenditure by the District of Columbia government under any authority may be used to enact any law, rule, or regulation to legalize or otherwise reduce

penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act (21 U.S.C. 801 et seq.) or any tetrahydrocannabinols derivative for recreational purposes.

SEC. 810. No funds available for obligation or expenditure by the District of Columbia government under any authority shall be expended for any abortion except where the life of the mother would be endangered if the fetus were carried to term or where the pregnancy is the result of an act of rape or incest.

SEC. 811. (a) No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council of the District of Columbia, a revised appropriated funds operating budget in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1-204.42), for all agencies of the District of Columbia government for fiscal year 2022 that is in the total amount of the approved appropriation and that realigns all budgeted data for personal services and other-than-personal services, respectively, with anticipated actual expenditures.

(b) This section shall apply only to an agency for which the Chief Financial Officer for the District of Columbia certifies that a reallocation is required to address unanticipated changes in program requirements.

SEC. 812. No later than 30 calendar days after the date of the enactment of this Act, the Chief Financial Officer for the District of Columbia shall submit to the appropriate committees of Congress, the Mayor, and the Council for the District of Columbia, a revised appropriated funds operating budget for the District of Columbia Public Schools that aligns schools budgets to actual enrollment. The revised appropriated funds budget shall be in the format of the budget that the District of Columbia government submitted pursuant to section 442 of the District of Columbia Home Rule Act (D.C. Official Code, sec. 1-204.42).

SEC. 813. (a) Amounts appropriated in this Act as operating funds may be transferred to the District of Columbia's enterprise and capital funds and such amounts, once transferred, shall retain appropriation authority consistent with the provisions of this Act.

(b) The District of Columbia government is authorized to reprogram or transfer for operating expenses any local funds transferred or reprogrammed in this or the four prior fiscal years from operating funds to capital funds, and such amounts, once transferred or reprogrammed, shall retain appropriation authority consistent with the provisions of this Act.

(c) The District of Columbia government may not transfer or reprogram for operating expenses any funds derived from bonds, notes, or other obligations issued for capital projects.

SEC. 814. None of the Federal funds appropriated in this Act shall remain available for obligation beyond the current fiscal year, nor may any be transferred to other appropriations, unless expressly so provided herein.

SEC. 815. Except as otherwise specifically provided by law or under this Act, not to exceed 50 percent of unobligated balances re-

remaining available at the end of fiscal year 2022 from appropriations of Federal funds made available for salaries and expenses for fiscal year 2022 in this Act, shall remain available through September 30, 2023, for each such account for the purposes authorized: *Provided*, That a request shall be submitted to the Committees on Appropriations of the House of Representatives and the Senate for approval prior to the expenditure of such funds: *Provided further*, That these requests shall be made in compliance with reprogramming guidelines outlined in section 803 of this Act.

SEC. 816. (a)(1) During fiscal year 2023, during a period in which neither a District of Columbia continuing resolution or a regular District of Columbia appropriation bill is in effect, local funds are appropriated in the amount provided for any project or activity for which local funds are provided in the Act referred to in paragraph (2) (subject to any modifications enacted by the District of Columbia as of the beginning of the period during which this subsection is in effect) at the rate set forth by such Act.

(2) The Act referred to in this paragraph is the Act of the Council of the District of Columbia pursuant to which a proposed budget is approved for fiscal year 2023 which (subject to the requirements of the District of Columbia Home Rule Act) will constitute the local portion of the annual budget for the District of Columbia government for fiscal year 2023 for purposes of section 446 of the District of Columbia Home Rule Act (sec. 1–204.46, D.C. Official Code).

(b) Appropriations made by subsection (a) shall cease to be available—

(1) during any period in which a District of Columbia continuing resolution for fiscal year 2023 is in effect; or

(2) upon the enactment into law of the regular District of Columbia appropriation bill for fiscal year 2023.

(c) An appropriation made by subsection (a) is provided under the authority and conditions as provided under this Act and shall be available to the extent and in the manner that would be provided by this Act.

(d) An appropriation made by subsection (a) shall cover all obligations or expenditures incurred for such project or activity during the portion of fiscal year 2023 for which this section applies to such project or activity.

(e) This section shall not apply to a project or activity during any period of fiscal year 2023 if any other provision of law (other than an authorization of appropriations)—

(1) makes an appropriation, makes funds available, or grants authority for such project or activity to continue for such period; or

(2) specifically provides that no appropriation shall be made, no funds shall be made available, or no authority shall be granted for such project or activity to continue for such period.

(f) Nothing in this section shall be construed to affect obligations of the government of the District of Columbia mandated by other law.

SEC. 817. (a) Section 244 of the Revised Statutes of the United States relating to the District of Columbia (sec. 9–1201.03, D.C. Official Code) does not apply with respect to any railroads installed pursuant to the Long Bridge Project.

(b) In this section, the term “Long Bridge Project” means the project carried out by the District of Columbia and the Commonwealth of Virginia to construct a new Long Bridge adjacent to the existing Long Bridge over the Potomac River, including related infrastructure and other related projects, to expand commuter and regional passenger rail service and to provide bike and pedestrian access crossings over the Potomac River.

SEC. 818. Not later than 45 days after the last day of each quarter, each Federal and District government agency appropriated Federal funds in this Act shall submit to the Committees on Appropriations of the House of Representatives and the Senate a quarterly budget report that includes total obligations of the Agency for that quarter for each Federal funds appropriation provided in this Act, by the source year of the appropriation.

SEC. 819. Except as expressly provided otherwise, any reference to “this Act” contained in this title or in title IV shall be treated as referring only to the provisions of this title or of title IV.

This division may be cited as the “Financial Services and General Government Appropriations Act, 2022”.

[CLERK'S NOTE.—Reproduced below is the material relating to division E contained in the Explanatory Statement regarding H.R. 2471, the Consolidated Appropriations Act, 2022.¹]

DIVISION E—FINANCIAL SERVICES AND GENERAL GOVERNMENT APPROPRIATIONS ACT, 2022

The joint explanatory statement accompanying this division is approved and indicates Congressional intent. Unless otherwise noted, the language set forth in House Report 117–79 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

References in the joint explanatory statement to “the Committees” refer to the Committees on Appropriations of the House and Senate.

Reports.—Agencies funded by this Act that currently provide separate copies of periodic reports and correspondence to the chairs and ranking members of the House and Senate Appropriations Committees and Subcommittees on Financial Services and General Government are directed to use a single cover letter jointly addressed to the chairs and ranking members of the Committees and Subcommittees of both the House and the Senate. To the greatest extent feasible, agencies should include in the cover letter a reference or hyperlink to facilitate electronic access to the report and provide the documents by electronic mail delivery. These measures will help reduce costs, conserve paper, expedite agency processing, and ensure that consistent information is conveyed concurrently to the majority and minority committee offices of both chambers of Congress.

To help ensure the Committees’ ability to perform their responsibilities, the Committees insist on having direct, unobstructed, and timely access to the budget offices and expect to be able to receive forthright and complete responses from those offices and their employees.

The agreement directs all agencies to plan accordingly to satisfy Congressional reporting deadlines.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are

broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Antideficiency Act Violations.—The agreement directs any agency funded by this Act to concurrently transmit to the Committees a copy of any Antideficiency Act violation report submitted pursuant to 31 U.S.C. 1351 or 31 U.S.C. 1517(b).

Essential Personal Documents.—The agreement encourages the Comptroller General to conduct a study on options federal agencies could use to replace existing requirements for essential personal documents for use by persons experiencing homelessness or housing instability. The agreement encourages the Comptroller General to include agencies such as Health and Human Services, the Department of Veterans Affairs, as well as other agencies identified by the Comptroller General that issue essential personal documents.

PROGRAM
SALARIES AND EXPENSES

The bill provides \$16,000,000 for salaries and expenses of the Office of the Special Inspector General for the Troubled Asset Relief Program.

FINANCIAL CRIMES ENFORCEMENT NETWORK

SALARIES AND EXPENSES

The bill provides \$161,000,000 for salaries and expenses for the Financial Crimes Enforcement Network (FinCEN).

Beneficial Ownership Database.—The agreement includes funds for FinCEN to develop and maintain a national beneficial ownership database, and for staffing and support costs to implement and enforce the other new requirements of the Anti-Money Laundering Act of 2020, including the Corporate Transparency Act of 2020. In developing the beneficial ownership database, FinCEN is encouraged to include multilingual name-matching technology that uses phonetics and linguistics to identify the names of persons and entities written in different languages and original alphabetic characters in non-standardized domestic and international data systems.

Money Laundering in the U.S. Real Estate Market.—FinCEN is directed to provide regular updates on its efforts to address the vulnerabilities to money laundering that exist in the U.S. real estate market, including regulations for new recordkeeping and reporting requirements for non-financed real estate transactions.

BUREAU OF THE FISCAL SERVICE

SALARIES AND EXPENSES

The bill provides \$355,936,000 for salaries and expenses of the Bureau of the Fiscal Service.

The agreement supports the Bureau's Quality Service Management Office for financial management.

Improper Payments.—The Bureau is expected to continue implementation of the Payment Integrity Information Act (Public Law 116–117), which will allow the Bureau to work more closely with States and Federal agencies to efficiently curb improper payments. The Bureau is expected to remain in close communication with Congress and the Office of Management and Budget (OMB) regarding implementation of this Act and the Bureau's progress assisting in the reduction of improper payments.

ALCOHOL AND TOBACCO TAX AND TRADE BUREAU

SALARIES AND EXPENSES

The bill provides \$128,067,000 for salaries and expenses of the Alcohol and Tobacco Tax and Trade Bureau (TTB).

UNITED STATES MINT

UNITED STATES MINT PUBLIC ENTERPRISE FUND

The bill specifies that not more than \$50,000,000 in new liabilities and obligations may be incurred during fiscal year 2022 for

circulating coinage and protective service capital investments of the U.S. Mint.

COMMUNITY DEVELOPMENT FINANCIAL INSTITUTIONS FUND
PROGRAM ACCOUNT

The bill provides \$295,000,000 for the Community Development Financial Institutions (CDFI) Fund program. The bill limits the total loan principal for the Bond Guarantee program to \$500,000,000.

Program	(\$000)
Financial/Technical Assistance Grants	173,383
<i>(Disability Fund)</i>	(10,000)
<i>(Mobility Corps)</i>	(2,000)
Native Initiatives	21,500
Bank Enterprise Award Program	35,000
Healthy Food Financing Initiative	23,000
Small Dollar Loan Program	8,500
Administrative Expenses	33,617
Total, CDFI Fund Program Account	295,000

Impact of CDFI Awardees.—The agreement directs the Secretary to report to the Committees within 90 days of enactment of this Act on the impact the most recent CDFI Fund Awardees are having in the communities they serve, the overall risk the Fund's portfolio is exposed to, and a description of awardees that are at risk of non-compliance.

Economic Mobility Corps.—The agreement recommends not less than \$2,000,000 for the Economic Mobility Corps Program to continue the interagency agreement with the Corporation for National and Community Service to place national service members at certified CDFIs. The program strengthens the capacity of CDFIs to perform their activities relating to community and economic development, including but not limited to the following: financial literacy, financial planning, budgeting, saving, and other financial counseling activities; provision of financial products and services; homeownership counseling and financing; small business counseling and financing; and financing of affordable housing and community development facilities. Priority should be given to positions in rural areas and to veterans.

Minority Lending Institutions.—In lieu of the House report language on Minority Lending Institutions, the Department is directed to provide a briefing no later than 90 days after enactment of this Act to the Committees, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs on the Fund's support for minority lending institutions, including amounts and types of assistance and other support the Department provides to minority lending institutions.

Clean Technology.—No more than \$1,000,000 is available to provide technical assistance to CDFIs on projects that are eligible for investment under the Riegle Community Development and Regulatory Improvement Act of 1994 that provide sustainable homeownership, energy efficiency, and improved infrastructure in distressed and underserved communities.

INTERNAL REVENUE SERVICE

Modernizing Taxpayer Notices and Communications.—The IRS is encouraged to examine options during their modernization efforts that ensure taxpayers in rural areas will not face undue burdens following the conclusion of the modernization period.

Cybersecurity.—The IRS is urged to continue to implement recommendations from the Government Accountability Office (GAO), the Taxpayer Advocate, and TIGTA that address known security weaknesses.

The IRS is reminded of its obligations under sections 106 and 107 of this Act prohibiting consideration of religious beliefs, political affiliation, or any other activity protected by the first amendment in targeting an organization for regulatory scrutiny and in determining an organization's tax-exempt status.

TAXPAYER SERVICES

The bill provides \$2,780,606,000 for Taxpayer Services. Within the overall amount, not less than \$11,000,000 is for the Tax Counseling for the Elderly Program; not less than \$13,000,000 is for low-income taxpayer clinic grants; and not less than \$221,000,000 is for operating expenses of the IRS Taxpayer Advocate Service, of which not less than \$5,500,000 is for identity theft casework.

In addition, within the overall amount provided, not less than \$30,000,000 is available until September 30, 2023, for the Community Volunteer Income Tax Assistance Matching Grants Program.

Backlog of Returns and Correspondence.—The IRS is directed to brief the Committees no later than 30 days after enactment of this Act on the status of the returns and correspondence backlog, focusing on a timeframe for addressing and strategies to reduce the backlog. Millions of taxpayers have been inconvenienced by the historical filing return and correspondence backlog and struggle to reach an IRS customer service representative. To address this issue, the agreement increases funding for Taxpayer Services, allows for the transfer of funds from the Enforcement and Operations Support appropriations for the backlog, and provides direct hire authority for additional staff to address the backlog.

Identity Protection Personal Identification Number (IP PIN) Expansion.—The agreement continues the directive adopted in the explanatory statement accompanying division E of the Consolidated Appropriations Act, 2021 (Public Law 116–456) relating to the IP PIN pilot program.

Taxpayer Services in Alaska and Hawaii.—The agreement continues the directive adopted in the explanatory statement accompanying division E of the Consolidated Appropriations Act, 2021 (Public Law 116–456) relating to taxpayer advocate centers in Alaska and Hawaii.

ENFORCEMENT

The bill provides \$5,437,622,000 for Enforcement, of which up to \$21,000,000 is for investigative technology for the Criminal Investigation Division, to support their critical law enforcement mission, and not less than \$60,257,000 is for the Interagency Crime and Drug Enforcement program.

Reducing the Tax Gap.—In lieu of the House report directive on publishing distributional estimates of the tax gap, the IRS is directed to brief the Committees no later than 60 days after enactment of this Act on the composition of the tax gap, highlighting those groups who have neglected to pay their full tax obligation.

IRS Audit Rates.—In lieu of the House report directive on IRS Audit Rates, the IRS is directed to submit a report no later than 60 days after enactment of this Act on how the IRS determines its audit policies.

Preventing Misclassification of Contractors.—The IRS is directed to continue to notify the Committees, the House Ways and Means Committee, and the Senate Finance Committee prior to making any staffing reductions or reallocations within the SS-8 processing program.

OPERATIONS SUPPORT

The bill provides \$4,100,826,000 for Operations Support, of which \$10,000,000 is for a Federal contractor tax check system.

Federal Contractor Tax Check System.—The IRS is directed to provide the Committees with a quarterly update on the status of the tax check application.

BUSINESS SYSTEMS MODERNIZATION

The bill provides \$275,000,000 for Business Systems Modernization. The total includes funding for Customer Account Data Engine 2, Enterprise Case Management System, Web Applications, taxpayer assistance systems, cybersecurity, and data protection.

The agreement directs the Department to conduct a semi-annual review of the IRS' major IT investments. The agreement further directs GAO to review and provide an annual report to the Committees evaluating the cost, functionality, and schedule of major IRS IT investments.

ADMINISTRATIVE PROVISIONS—INTERNAL REVENUE SERVICE

(INCLUDING TRANSFER OF FUNDS)

The bill includes the following provisions:

Section 101 provides transfer authority.

Section 102 requires the IRS to maintain an employee training program on topics such as taxpayers' rights.

Section 103 requires the IRS to safeguard taxpayer information and to protect taxpayers against identity theft.

Section 104 permits funding for 1 800 help line services for taxpayers and directs the Commissioner to make improving phone service a priority and to enhance response times.

Section 105 requires the IRS to issue notices to employers of any address change request and to give special consideration to offers in compromise for taxpayers who have been victims of payroll tax preparer fraud.

Section 106 prohibits the use of funds by the IRS to target United States citizens for exercising any right guaranteed under the First Amendment to the Constitution.

Section 107 prohibits the use of funds by the IRS to target groups for regulatory scrutiny based on their ideological beliefs.

Section 108 requires the IRS to comply with procedures and policies on conference spending in accordance with IRS policies issued as a result of TIGTA recommendations.

Section 109 prohibits funds for giving bonuses to employees or hiring former employees without considering conduct and compliance with Federal tax law.

Section 110 prohibits the IRS from using funds made available by this Act to contravene a provision of the Internal Revenue Code of 1986 related to the confidentiality and disclosure of returns and return information.

Section 111 provides the IRS with direct hiring authorities for positions to process backlogged tax returns and return information.

ADMINISTRATIVE PROVISIONS—DEPARTMENT OF THE TREASURY

(INCLUDING TRANSFERS OF FUNDS)

Section 112 allows Treasury to use funds for certain specified expenses.

Section 113 allows for the transfer of up to 2 percent of funds among various Treasury bureaus and offices.

Section 114 allows for the transfer of up to 2 percent from the IRS accounts to TIGTA.

Section 115 prohibits funding to redesign the \$1 note.

Section 116 allows for the transfer of funds from the Bureau of the Fiscal Service—Salaries and Expenses to the Debt Collection Fund conditional on future reimbursement.

Section 117 prohibits funds to build a United States Mint museum without the approval of the Committees and the authorizing committees of jurisdiction.

Section 118 prohibits funding for consolidating the functions of the United States Mint and the Bureau of Engraving and Printing without the approval of the Committees and the authorizing committees of jurisdiction.

Section 119 specifies that funds for Treasury intelligence activities are deemed to be specifically authorized until enactment of the fiscal year 2022 Intelligence Authorization Act.

Section 120 permits the Bureau of Engraving and Printing to use up to \$5,000 from the Industrial Revolving Fund for reception and representation expenses.

Section 121 requires the Secretary to submit a Capital Investment Plan.

Section 122 requires a Franchise Fund report.

Section 123 prohibits the Department from finalizing any regulation related to the standards used to determine the tax-exempt status of a 501(c)(4) organization.

Section 124 requires the Office of Financial Research and Office of Financial Stability to submit quarterly reports.

Section 125 provides funding for the Special Inspector General for Pandemic Recovery.

TITLE II

EXECUTIVE OFFICE OF THE PRESIDENT AND FUNDS
APPROPRIATED TO THE PRESIDENT

THE WHITE HOUSE

SALARIES AND EXPENSES

The bill provides \$65,000,000 for the salaries and expenses of the White House.

American Grown Flowers.—The White House is encouraged to adopt an American-grown policy for cut flowers and greens displayed at the White House to support American farmers, retailers, wholesalers, florists, and their employees who rely on the American-grown cut flower industry.

EXECUTIVE RESIDENCE AT THE WHITE HOUSE

OPERATING EXPENSES

The bill provides \$14,050,000 for the Executive Residence at the White House.

WHITE HOUSE REPAIR AND RESTORATION

The bill provides \$2,500,000 for repair, alteration, and improvement of the Executive Residence at the White House.

COUNCIL OF ECONOMIC ADVISERS

SALARIES AND EXPENSES

The bill provides \$4,120,000 for salaries and expenses of the Council of Economic Advisers.

NATIONAL SECURITY COUNCIL AND HOMELAND SECURITY COUNCIL

SALARIES AND EXPENSES

The bill provides \$12,500,000 for salaries and expenses of the National Security Council and Homeland Security Council, of which not to exceed \$6,000 is available for official reception and representation expenses.

OFFICE OF ADMINISTRATION

SALARIES AND EXPENSES

The bill provides \$106,500,000 for salaries and expenses of the Office of Administration, of which not more than \$12,800,000 is for information technology modernization.

OFFICE OF MANAGEMENT AND BUDGET

SALARIES AND EXPENSES

The bill provides \$116,000,000 for salaries and expenses of the Office of Management and Budget (OMB).

Federal Government Hiring Process.—There is concern about the length of time it takes the Federal Government to hire qualified

employees and the difficulty talented individuals have in applying for and securing Federal employment. Many, if not all, of the agencies funded in this bill have raised concerns about the hiring process. Often, when agencies are finally able to offer employment to a qualified individual, it is too late, and the candidate has accepted other employment. Attracting the best talent to serve in the Federal Government is essential. OMB and the Office of Personnel Management (OPM) are directed to jointly brief the Committees no later than 90 days after the enactment of this Act on how they intend to address this issue.

Information Technology Strategic Plan.—Investment in Federal information technology infrastructure to help agencies transform the way they use technology is important, including investments in cybersecurity and investments that make it easier for the public to interact with the Federal Government. Congress has made significant investments in the Technology Modernization Fund and the Federal Citizens Services Fund at the General Services Administration (GSA), in the Information Technology Oversight and Reform Fund at OMB, and in the U.S. Digital Service. The Federal Government must maximize the impact of these funds by developing a strategic plan for use of the funds that will prevent duplication of efforts, direct the funds to their highest use, and guarantee coordination among agencies. OMB is directed to provide the Committees with a detailed strategic plan for use of the funds no later than 60 days after the enactment of this Act.

FBI Police.—The Federal Bureau of Investigation is encouraged to coordinate with the OPM and any other relevant agencies to assist with designating members of the FBI Police as law enforcement officers to make the rates of basic pay, salary schedule, pay provisions, and benefits for its members equivalent to the rates of basic pay, salary schedule, pay provisions, and benefits applicable to other similar law enforcement divisions.

White House Conference on Food, Nutrition, Hunger, and Health.—The agreement supports the White House Conference on Food, Nutrition, Hunger, and Health in 2022, which is being convened by the Department of Health and Human Services in partnership with the Executive Office of the President (EOP). The agreement does not adopt the House report directives on the hunger conference or hunger report but expects EOP cooperation with the associated directives contained in the explanatory statement accompanying the fiscal year 2022 Labor, Health and Human Services, Education, and Related Agencies funding bill.

Future of Federal Office Space.—OMB, in coordination with GSA, shall encourage agencies to consult with employees and stakeholders and provide updated real property requirements. Furthermore, OMB, in coordination with GSA, shall report to the Committees no later than 180 days after enactment of this Act on how the Federal Government can reduce its office space requirements based on lessons learned from the use of telework during the pandemic.

Service Contracts.—There is concern that many Federal agencies are failing to comply with requirements enacted in the Consolidated Appropriations Act of 2010 to report information on the use of service contracts, including how much is spent on service contracts and the number of contractors employed through those con-

tracts. OMB is directed to ensure that agencies comply with these provisions.

OMB is directed to report to the Committees, within 90 days of enactment of this Act, on whether the Federal government could incorporate into all contracts for all computing services new clauses to require reasonable efforts for vendors to identify, remove, and report images depicting violations of sections 2251, 2251A, 2252, 2252A, 2252B or 2260 of title 18 of the United States Code, with respect to child pornography.

Apportionment.—Funds appropriated by Congress may not be obligated by individual agencies until those agencies receive a signed apportionment from OMB. For purposes of oversight, it is imperative that the Congress be informed when apportionments are signed and, in particular, when apportionments are not signed in a timely manner or include restrictions on the obligation of funds. The Committee appreciates that the apportionment process is necessary to deter agencies from spending at a rate that would exhaust program resources before the end of the fiscal year; however, when Congress appropriates funds, it expects OMB to make those funds available for obligation subject to reasonable restrictions on timing. Therefore, the agreement includes a government-wide General Provision directing OMB to make all signed apportionments available for review on the agency's publicly available website within 24 hours of approval. In addition, OMB shall notify the Committees when any program specific restrictions are included in an apportionment or when a signed apportionment is significantly delayed.

INTELLECTUAL PROPERTY ENFORCEMENT COORDINATOR

The bill provides \$1,838,000 for the Intellectual Property Enforcement Coordinator.

OFFICE OF THE NATIONAL CYBER DIRECTOR

The Office of the National Cyber Director (ONCD) was created in the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116—283) to advise the President on cybersecurity and related emerging technology issues and to coordinate cybersecurity strategy and policy, including Executive Branch development of an integrated national cybersecurity.

The Infrastructure Investment and Jobs Act (Public Law 117—58) provided \$21,000,000 for ONCD's startup and first-year operational costs. The agreement expects that ONCD will be funded in annual appropriations bills beginning in fiscal year 2023.

ONCD is expected to comply with the briefing requirement included in House Report 117—79.

Cyber Workforce.—The agreement notes that ONCD plans to play a key role in helping to bolster the U.S. national cyber workforce. ONCD is expected to cooperate with the Cybersecurity and Infrastructure Security Agency and other relevant agencies on evaluating potential changes to Federal cybersecurity training and education programs in future budget requests or legislative proposals.

OFFICE OF NATIONAL DRUG CONTROL POLICY

SALARIES AND EXPENSES

The bill provides \$18,952,000 for salaries and expenses of the Office of National Drug Control Policy (ONDCP).

FEDERAL DRUG CONTROL PROGRAMS

HIGH INTENSITY DRUG TRAFFICKING AREAS PROGRAM

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$296,600,000 for the High Intensity Drug Trafficking Areas Program (HIDTA).

ONDCP is directed to consult with the HIDTAs in advance of deciding programmatic spending allocations for discretionary (supplemental) funding, taking particular note of areas with the highest rates of overdose deaths.

Opioid Crisis.—To ensure that areas that are hit hardest by the opioid crisis are equipped with the necessary resources to adequately coordinate law enforcement strategies, ONDCP is directed to prioritize eligible applicants whose communities are experiencing the highest overdose death rates per capita when deciding new designations. Further, ONDCP is directed to provide enhanced technical assistance to any applicants that have applied at any time during the past three award cycles that did not receive a designation.

OTHER FEDERAL DRUG CONTROL PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$133,617,000 for Other Federal Drug Control Programs. The agreement allocates funds among specific programs as follows:

Drug-Free Communities Program	\$106,000,000
(Training)	(2,500,000)
Drug court training and technical assistance	3,000,000
Anti-Doping activities	15,000,000
World Anti-Doping Agency (U.S. membership dues)	3,167,000
Model Acts Program	1,250,000
Community-based coalition enhancement grants (CARA Grants)	5,200,000

World Anti-Doping Agency (WADA) Governance.—The agreement supports ONDCP's ongoing efforts to improve WADA's effectiveness and urges ONDCP to continue working with domestic and international partners to protect athletic competition that is free from doping. ONDCP is directed to brief and submit a report to the Committees no later than 180 days after enactment of this Act on the status of implementation of WADA governance reforms necessary to enhance the role of athletes in WADA decision-making, increase the independence and transparency of its operations, and restore confidence in clean competition.

UNANTICIPATED NEEDS

The bill provides \$1,000,000 for unanticipated needs of the President.

INFORMATION TECHNOLOGY OVERSIGHT AND REFORM

The bill provides \$98,545,000 for salaries and expenses of the Administrative Office (AO) of the United States Courts.

Workplace Misconduct.—The Judiciary is directed to submit a report to the Committees no later than 180 days after enactment of this Act on the number of formal workplace misconduct complaints received, investigations conducted, types of misconduct alleged or found, and actions taken to address identified misconduct in each judicial circuit, separately reporting those complaints relating to claims of sexual harassment and other sexual misconduct. The report shall also provide comparable total statistics across national judicial branch agencies, including the AO, the Federal Judicial Center, and the Sentencing Commission.

Courthouse Priority Determinations.—In lieu of House report language on Courthouse Priority Determination, the AO is directed to provide a briefing to the Committees on the Asset Management Planning process.

Courthouse Design Guide.—Section 522 of the bill requires that requested construction projects meet design guide standards that are established and approved by GSA, the Judicial Conference, and OMB. The Judiciary is directed to report to the Committees on the design guide changes from 2007 and 2016 and the expected cost increases, as well as when courthouse projects would be constructed according to the new design guide no later than 90 days after enactment of this Act. Notice should be provided to the Committees ahead of future design guide changes, and efforts should be made to keep courthouse costs in check.

FEDERAL JUDICIAL CENTER

SALARIES AND EXPENSES

The bill provides \$29,885,000 for salaries and expenses of the Federal Judicial Center (FJC).

Civil Jury Trials.—The FJC is directed to submit a report to the Committees no later than one year after enactment of this Act identifying jurisdictions that have a high number of civil jury trials and analyze whether the litigation practices, local court rules, or other factors in those jurisdictions may contribute to a higher incidence of civil jury trials.

UNITED STATES SENTENCING COMMISSION

SALARIES AND EXPENSES

The bill provides \$20,564,000 for salaries and expenses of the United States Sentencing Commission.

ADMINISTRATIVE PROVISIONS—THE JUDICIARY

(INCLUDING TRANSFER OF FUNDS)

The bill includes the following administrative provisions:

Section 301 makes funds appropriated for salaries and expenses available for services authorized by 5 U.S.C. 3109.

Section 302 provides transfer authority among Judiciary appropriations.

Section 303 permits not more than \$11,000 to be used for official reception and representation expenses of the Judicial Conference.

Section 304 extends through fiscal year 2022 the delegation of authority to the Judiciary for contracts for repairs of less than \$100,000.

Section 305 continues a pilot program where the United States Marshals Service provides perimeter security services at selected courthouses.

Section 306 extends temporary judgeships in the eastern district of Missouri, Kansas, Arizona, the central district of California, the northern district of Alabama, the southern district of Florida, New Mexico, the western district of North Carolina, the eastern district of Texas, and Hawaii.

TITLE IV

DISTRICT OF COLUMBIA

FEDERAL FUNDS

Death with Dignity.—Congress has expressly forbidden the use of Federal funding for purposes related to assisted suicide under the Assisted Suicide Funding Restriction Act of 1997 (Public Law 105–12). There are concerns that the Death with Dignity Act of 2016 (D.C. Law 21–182) puts our Nation’s most vulnerable people who are elderly, disabled, or fighting mental illness at risk. As such, the Chief Financial Officer for the District of Columbia shall submit a report to the Committees to certify that no Federal funds are used to implement D.C. Law 21–182 in the District of Columbia in contravention of existing law. The District shall also report to the Committees on the number of lethal prescriptions prescribed during the fiscal year, the number of patients that actually consumed the medication and the cause of death that was listed on the death certificate.

FEDERAL PAYMENT FOR RESIDENT TUITION SUPPORT

The bill provides \$40,000,000 for District of Columbia resident tuition support.

FEDERAL PAYMENT FOR EMERGENCY PLANNING AND SECURITY COSTS IN THE DISTRICT OF COLUMBIA

The bill provides \$25,000,000 for emergency planning and security costs in the District of Columbia to remain available until expended.

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA COURTS

The bill provides \$257,591,000 for the District of Columbia courts, of which \$14,366,000 is for the D.C. Court of Appeals, \$133,829,000 is for the Superior Court, \$83,443,000 is for the D.C. Court System, and \$25,953,000 is for capital improvements to courthouse facilities.

FEDERAL PAYMENT FOR DEFENDER SERVICES IN DISTRICT OF
COLUMBIA COURTS

The bill provides \$46,005,000 for defender services in the District of Columbia.

FEDERAL PAYMENT TO THE COURT SERVICES AND OFFENDER
SUPERVISION AGENCY FOR THE DISTRICT OF COLUMBIA

The bill provides \$286,426,000 for court services and offender supervision in the District of Columbia.

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA PUBLIC DEFENDER
SERVICE

The bill provides \$52,598,000 for public defender services in the District of Columbia.

FEDERAL PAYMENT TO THE CRIMINAL JUSTICE COORDINATING
COUNCIL

The bill provides \$2,150,000 for the Criminal Justice Coordinating Council.

FEDERAL PAYMENT FOR JUDICIAL COMMISSIONS

The bill provides \$618,000 for Judicial Commissions. Within the amount provided, \$330,000 is for the Commission on Judicial Disabilities and Tenure and \$288,000 is for the Judicial Nomination Commission.

FEDERAL PAYMENT FOR SCHOOL IMPROVEMENT

The bill provides \$52,500,000 for school improvement in the District of Columbia to be distributed in accordance with the provisions of the Scholarships for Opportunity and Results Act (SOAR Act). The funds are to be allocated evenly between District of Columbia public schools, charter schools, and opportunity scholarships as authorized by law.

The agreement does not adopt the House report directives in Federal Payments For School Improvement.

FEDERAL PAYMENT FOR THE DISTRICT OF COLUMBIA NATIONAL GUARD

The bill provides \$600,000 for the Major General David F. Wherley, Jr. District of Columbia National Guard Retention and College Access Program.

FEDERAL PAYMENT FOR TESTING AND TREATMENT OF HIV/AIDS

The bill provides \$4,000,000 for HIV/AIDS testing and treatment.

FEDERAL PAYMENT TO THE DISTRICT OF COLUMBIA WATER AND
SEWER AUTHORITY

The bill provides \$8,000,000 for the District of Columbia Water and Sewer Authority.

DISTRICT OF COLUMBIA FUNDS

The bill provides authority for the District of Columbia to spend its local funds in accordance with the Fiscal Year 2022 Budget Request Act of 2021.

TITLE V

INDEPENDENT AGENCIES

ADMINISTRATIVE CONFERENCE OF THE UNITED STATES

SALARIES AND EXPENSES

The bill provides \$3,400,000 for the Administrative Conference of the United States.

CONSUMER PRODUCT SAFETY COMMISSION

SALARIES AND EXPENSES

The bill provides \$139,050,000 for the Consumer Product Safety Commission. Within the amount provided, \$2,000,000 is available until expended for the pool and spa safety grants program established by the Virginia Graeme Baker Pool and Spa Safety Act.

CPSC is urged to continue its important work on: safety standards for infant products, completion of work on rules to improve the safety of table saws and portable gas generators, improvement of the safety of products sold online, transparency of incident data, use of robust enforcement, such as civil penalties, and the effectiveness of recalls and other corrective actions.

CPSC is encouraged to revise the safety standards for storage units such as dressers, bureaus, or chests of drawers, and to ensure that these standards include testing for tip-overs, including increasing weight testing, and warning requirements for products sold within the U.S. market.

ADMINISTRATIVE PROVISION—CONSUMER PRODUCT SAFETY
COMMISSION

Section 501 prohibits the use of Federal funds in fiscal year 2022 for the adoption or implementation of the proposed rule on ROVs until a study by the National Academy of Sciences is completed.

ELECTION ASSISTANCE COMMISSION

SALARIES AND EXPENSES

The bill provides \$20,000,000 for the salaries and expenses of the Election Assistance Commission, of which \$1,500,000 shall be made available to the National Institute of Standards and Technology for election reform activities authorized under the Help America Vote Act of 2002 (HAVA).

The agreement does not adopt the House report language on Discriminatory Election Laws.

ELECTION SECURITY GRANTS

The bill provides \$75,000,000 to the Election Assistance Commission to make payments to states for activities to improve the administration of elections for Federal office, including to enhance election technology and make election security improvements, as authorized under sections 101, 103, and 104 of the Help America Vote Act (HAVA) of 2002 (P.L. 107–252).

FEDERAL COMMUNICATIONS COMMISSION

SALARIES AND EXPENSES

The bill provides \$381,950,000 for salaries and expenses of the Federal Communications Commission (FCC). The bill provides that \$381,950,000 be derived from offsetting collections, resulting in no net appropriation.

Implementation of Broadband DATA Act.—The FCC is encouraged to prioritize the establishment of a user-friendly challenge process to allow consumers, State, local, Tribal, and other entities and individuals to challenge the accuracy of coverage maps and any other information submitted by broadband service providers regarding the availability of service.

Contraband Cell Phones.—The agreement notes continued concerns regarding the exploitation of contraband cell phones in prisons and jails nationwide. The FCC is encouraged to continue to explore all available options to address this issue, including the use of geofencing, quiet zones, network-based solutions, and beacon technology. The FCC is directed to brief the Committees within 90 days of enactment of this Act on its findings and timeline for acting on the Second Notice of Proposed Rulemaking in FCC 21–82.

National Verifier.—The FCC is urged to continue its ongoing partnership with all stakeholders, including participating carriers, to conduct outreach to eligible participants in the Emergency Broadband Benefit Program or the Affordable Connectivity Program. The Universal Service Administrative Company and the FCC are requested to provide regular updates on efforts to address additional technical and resource challenges that have contributed to many potentially eligible applicants initiating, but not concluding, the application process, including hours-long wait time for applicants to receive an eligibility determination by the National Verifier or to receive customer support by phone.

Wireless Resiliency During Disasters.—There are continuing concerns about the resiliency of wireless phone service during national disasters, including wildfires. State public utility commissions have increasingly been concerned that people are unable to receive notifications, such as evacuation orders, in a timely manner.

Fifth Generation (5G) Wireless Infrastructure Workforce.—The agreement recognizes the importance of 5G wireless infrastructure and encourages the FCC, in conjunction with the Department of Labor, to continue to encourage investments in the development of the 5G workforce, including apprenticeships in the wireless sector.

Rural Broadband.—The agreement remains concerned that far too many Americans living in rural and economically disadvantaged areas lack access to broadband at speeds necessary to fully

participate in the Internet age. The agreement encourages the FCC to prioritize projects in unserved and underserved areas, where the infrastructure to be installed provides access at download and upload speeds comparable to those available to Americans in urban areas. The agreement encourages the FCC to avoid efforts that could duplicate existing networks and to support deployment of last-mile broadband infrastructure to underserved areas. Further, the agreement encourages the agency to prioritize projects financed through public-private partnerships.

Promoting Digital Expansion.—Far too many individuals residing in low-income areas and communities of color lack access to high-speed Internet service. The FCC is commended for its commitment to implement the Congressional mandate in the Infrastructure Investment and Jobs Act and is urged to act expeditiously on this issue. Further, the FCC is directed to brief the Committees no later than 120 days after enactment of this Act on the status of its efforts to promote universal access and further shrink the digital divide.

ADMINISTRATIVE PROVISIONS—FEDERAL COMMUNICATIONS COMMISSION

Section 510 extends an exemption from the Antideficiency Act for the Universal Service Fund.

Section 511 prohibits the FCC from changing rules governing the USF regarding single connection or primary line restrictions.

FEDERAL DEPOSIT INSURANCE CORPORATION OFFICE OF THE INSPECTOR GENERAL

The bill provides a transfer of \$46,500,000 to fund the Office of Inspector General (OIG) for the Federal Deposit Insurance Corporation. The OIG's appropriations are derived from the Deposit Insurance Fund and the Federal Savings and Loan Insurance Corporation Resolution Fund.

FEDERAL ELECTION COMMISSION SALARIES AND EXPENSES

The bill provides \$74,500,000 for salaries and expenses of the Federal Election Commission.

In lieu of the second House reporting requirement, FEC is directed to brief the Committees on the agency's management challenges.

FEDERAL LABOR RELATIONS AUTHORITY SALARIES AND EXPENSES

The bill provides \$27,398,000 for the Federal Labor Relations Authority.

FEDERAL PERMITTING IMPROVEMENT STEERING COUNCIL
ENVIRONMENTAL REVIEW IMPROVEMENT FUND

The bill provides \$10,000,000 for the Federal Permitting Improvement Steering Council's Environmental Review Improvement Fund.

FEDERAL TRADE COMMISSION
SALARIES AND EXPENSES

The bill provides \$376,530,000 for salaries and expenses of the Federal Trade Commission (FTC). This appropriation is partially offset by premerger filing and Telemarketing Sales Rule fees estimated at \$138,000,000 and \$20,000,000, respectively.

Section 13(b).—The Supreme Court recently ruled that Section 13(b) of the FTC Act permits the FTC to obtain only injunctions and not monetary redress for victims of violations of laws enforced by the FTC. Therefore, victimized consumers will have less of an opportunity via Section 13(b) to get their money back. The FTC is encouraged to work with Congress to address this issue.

Made in U.S.A.—There are continuing concerns that, for companies that brazenly violate the FTC Act's prohibition on deception by falsely labeling wholly imported products as "Made in U.S.A.," the FTC has often settled charges without requiring the company to disgorge its ill-gotten gains or admit liability. The agreement recommends that the FTC seek aggressive remedies for "Made in U.S.A." violators, including through tougher settlements and the use of its powers under both section 5(m) of the FTC Act and the FTC's recently finalized Made in USA Labeling Rule.

Imported Shrimp.—The FTC is strongly encouraged to continue to enforce its Section 5 reviews of deceptive practices tied to country-of-origin labeling for imported shrimp. Imported shrimp account for more than 90 percent of the shrimp consumed in the United States, yet there is widespread use of illegal veterinary drugs and overuse of antibiotics by foreign bad actors. The FTC is urged to coordinate its enforcement and proper origin requirements for the benefit of U.S. consumers with Customs and Border Protection, the Department of Agriculture, and the Food and Drug Administration to close any country-of-origin labeling gaps and prevent deceptive practices for imported shrimp.

Subscription Services.—Subscription services are a \$650,000,000,000 dollar industry that is rapidly growing. While automatic renewal contracts can be beneficial for consumers under certain circumstances, too often consumers unwittingly enter long-term contracts that they have difficulty cancelling. Additionally, companies sometimes use software and interfaces that make it harder for consumers to end these subscriptions and stop unwanted charges. Converting free trials into paid subscriptions should only be done with informed consent from consumers. The FTC is directed to provide a briefing to the Committees no later than 120 days after enactment of this Act on its authority and plans to address these issues.

Horseracing Integrity and Safety Act.—The agreement supports continued implementation of the Horseracing Integrity and Safety

Act (P.L. 116–260) to promote fairness and increase safety in the horseracing industry.

GENERAL SERVICES ADMINISTRATION

In lieu of the House report directive on Diversity in Federal Public Building Names, GSA is directed to submit to the Committees within 180 days of enactment of this Act a list of all unnamed GSA owned buildings with more than 10,000 gross square feet.

The National Archives at Seattle.—GSA is directed to provide a report to the Committees no later than 210 days after enactment of this Act detailing the costs associated with implementing each of the alternatives identified in the report NARA provided to the Committee pursuant to the report required by the Joint Explanatory Statement that accompanied the fiscal year 2021 Consolidated Appropriations Act (Public Law 116–260).

REAL PROPERTY ACTIVITIES

FEDERAL BUILDINGS FUND

LIMITATIONS ON AVAILABILITY OF REVENUE

(INCLUDING TRANSFERS OF FUNDS)

The bill provides resources from the GSA Federal Buildings Fund totaling \$9,342,205,000.

Social Cost of Carbon.—The agreement notes ongoing litigation relating to Executive Order 13990 and does not adopt the House report directive under Social Cost of Carbon.

Dirksen Courthouse.—The Dirksen Courthouse in Chicago is adjacent to vacant Federally-owned buildings that are in critical disrepair. GSA is encouraged to continue efforts to involve stakeholders in discussions to ensure that any potential disposal, demolition, or development of these properties does not result in increased security risks for Federal offices in the courthouse.

Leasing.—The agreement notes that GSA is expected to follow statutory requirements and implement its policies for leases, including compliance with the ENERGY STAR building certification lease policies and procedures in applicable projects. GSA is further encouraged to develop and implement mechanisms to improve landlord compliance with energy provisions of leases for Federal space.

HVAC Building Standards.—As building construction requirements (GSA PBS–P100) are revised, GSA is encouraged to evaluate and incorporate HVAC building standards (including, but not limited to, the Indoor Air Quality Procedure in ASHRAE Standard 62.1) that are not included in the GSA PBS–P100 and that are expected to increase energy efficiency.

White Oak Expansion.—The agreement notes that the Food and Drug Administration’s (FDA) growing staff will require leasing additional office locations until the 2018 Federal Research Center Master Plan for the White Oak Campus expansion can be fully implemented. When determining the delineated area, GSA should consider the effect of local travel on FDA staff productivity and the adjacency to existing FDA leases.

New Federal Bureau of Investigation Headquarters.—The General Services Administration shall brief the Committees on the via-

bility of the sites listed in the PNCR FBI–NCR17 within 90 days after the date of enactment of this Act.

Construction and Acquisition.—The bill provides \$299,476,000 for construction and acquisition. Funds are provided in the amounts indicated:

Consolidation		\$8,178,000
Fire Protection and Life Safety Program		\$10,000,000
Judicial Capital Security		\$19,800,000

Land Ports of Entry.—With the enactment of the Infrastructure Investment and Jobs Act (P.L. 117–58), which provided \$3,418,008,000 for land ports of entry, the agreement does not adopt the House report directives regarding Centers of Excellence and a GAO study.

Rental of Space.—The bill provides \$5,665,148,000 for rental of space.

Building Operations.—The bill provides \$2,796,000,000 for building operations.

GENERAL ACTIVITIES

GOVERNMENT-WIDE POLICY

The bill provides \$68,720,000 for GSA government-wide policy activities.

Supply Chain Security Pilot.—The agreement provides \$4,000,000 for this program as described in the House report.

Brooks Act.—GSA is directed to not award or facilitate the award of any contract for the provision of architectural, engineering, and related services in a manner inconsistent with the procedures in the Brooks Act (40 U.S.C. 1101 et seq.) and part 36.6 of the Federal Acquisition Regulation.

OPERATING EXPENSES

The bill provides \$52,540,000 for operating expenses. Of this amount, \$1,000,000 is provided for GSA to modernize its own motor vehicle fleet. Within the amount provided, \$28,122,000 is for Real and Personal Property Management and Disposal and \$24,418,000 is for the Office of the Administrator.

CIVILIAN BOARD OF CONTRACT APPEALS

The bill provides \$9,580,000 for the Civilian Board of Contract Appeals.

OFFICE OF INSPECTOR GENERAL

The bill provides \$69,000,000 for the Office of Inspector General.

ALLOWANCES AND OFFICE STAFF FOR FORMER PRESIDENTS

The bill provides \$5,000,000 for allowances and office staff for former Presidents.

FEDERAL CITIZEN SERVICES FUND

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$55,000,000 for deposit into the Federal Citizen Services Fund and authorizes use of appropriations, revenues, and collections in the Fund in an aggregate amount not to exceed \$150,000,000.

Foundations for Evidence-Based Policymaking Act.—The agreement includes up to \$5,000,000 for implementation of the Foundations for Evidence-Based Policymaking Act (Public Law 115–435). GSA is urged to develop guidance to ensure all relevant external stakeholders are provided the opportunity to comment. GSA is encouraged to work towards consolidating existing and leveraging new commercial technologies to implement Federal data initiatives and carry out pilot projects related to the implementation of the OPEN Government Data Act and to further expand the data.gov platform to implement these initiatives.

ASSET PROCEEDS AND SPACE MANAGEMENT FUND

The bill provides \$4,000,000 for the Asset Proceeds and Space Management Fund.

WORKING CAPITAL FUND

The bill provides \$4,000,000 for the Working Capital Fund for necessary costs to modernize e-rulemaking systems.

ADMINISTRATIVE PROVISIONS—GENERAL SERVICES ADMINISTRATION
(INCLUDING TRANSFER OF FUNDS)

Section 520 specifies that funds are available for hire of motor vehicles.

Section 521 authorizes transfers within the Federal Buildings Fund, with advance approval of the Committees.

Section 522 requires transmittal of a fiscal year 2023 request for courthouse construction that meets design guide standards, reflects the priorities in the Judicial Conference's 5-year construction plan, and includes a standardized courtroom utilization study.

Section 523 specifies that funds in this Act may not be used to increase the amount of occupiable space or provide services such as cleaning or security for any agency that does not pay the rental charges assessed by GSA.

Section 524 permits GSA to pay certain construction-related claims against the Federal Government from savings achieved in other projects.

Section 525 requires that the delineated area of procurement for leased space match the approved prospectus, unless the Administrator provides an explanatory statement to the appropriate Congressional committees.

Section 526 requires a spending plan for the Federal Citizen Services Fund.

Section 527 provides new authority to enter into new agreements with Federal agencies to provide services on a reimbursable basis.

Section 528 provides new authority to expand the definition of items that can be acquired to implement the Chief Financial Officer's Act of 1990.

Section 529 provides new authority to accept advance payments into the Working Capital Fund.

Section 530 includes language regarding a new Federal Bureau of Investigation headquarters.

The bill provides \$1,800,000 for payment to the Morris K. Udall and Stewart L. Udall Trust Fund.

ENVIRONMENTAL DISPUTE RESOLUTION FUND

The bill provides \$3,296,000 for payment to the Environmental Dispute Resolution Fund.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

OPERATING EXPENSES

The bill provides \$388,310,000 for the operating expenses of the National Archives and Records Administration (NARA). Of this amount, \$29,000,000 shall remain available until expended for improvements necessary to enhance the Federal Government's ability to electronically preserve, manage, and store Government records, and up to \$2,000,000 shall remain available until expended to implement the Civil Rights Cold Case Records Collection Act of 2018 (Public Law 115–426).

Alaskan Records.—In fiscal year 2021, NARA was directed to continue to consult with specific stakeholders to update its understanding of which records have been identified as priorities for access and the most effective methods of maintaining meaningful access to those records. While the pandemic has interfered with these consultations, NARA is expected to complete these consultations via in-person or virtual communications and to report to the Committees within 90 days of enactment of this Act detailing with whom consultations have occurred and the result of those consultations.

Sand Point.—NARA is expected to complete its digitization initiative and to post online in an easy-to-find, navigable, and searchable platform the Alaska records currently stored at the Sand Point facility in Washington, beginning with the records identified as priorities in earlier consultations with Alaska Native Tribes and Tribal Organizations. NARA is expected to keep its commitment to complete this work within 2 years of enactment of this Act. Digitized records from Sand Point, including those previously digitized by Family Search, should have descriptions and, absent privacy concerns, be posted online in an easily accessible and searchable format in both the NARA Catalog and on the Alaska Digitization Project website.

OFFICE OF INSPECTOR GENERAL

The bill provides \$4,968,000 for the Office of Inspector General.

REPAIRS AND RESTORATION

(INCLUDING TRANSFER OF FUNDS)

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF TRUST FUNDS)

The bill provides \$339,648,000 for salaries and expenses of OPM. Within the amount provided, \$164,934,000 is a direct appropriation and \$174,714,000 is a transfer from OPM trust funds.

Interns.—OPM is directed to increase the number of interns in the Federal Government over a three-year period in consultation with Federal agencies and organizations experienced at internship recruitment and professional development for the Executive Branch. It is expected that agencies will utilize existing hiring authorities for interns, including authorities that would allow for interns to convert to the permanent Federal workforce upon completion of the program's requirements. OPM is directed to brief the Committees on this effort no later than 180 days after enactment of this Act, providing information on recruitment practices, onboarding, professional development, off-boarding, and the amount required to pay intern stipends, as well as information on how the existing hiring authorities and programs for interns may be modified or improved to ensure agencies have the necessary tools to increase the employment of interns.

Transparency in Political Appointments.—In lieu of House report language on Transparency in Political Appointments, the agreement recommends that OPM include political appointee data in Fedscope.

Telework.—OPM is directed to include information on telework successes, best practices, and lessons learned during the COVID-19 pandemic, as well as recommendations and guidance for remote work post-pandemic, in its annual telework report.

IT Modernization.—OPM is directed to continue to provide quarterly briefings to the Committees on its IT transformation and cybersecurity strategy. In addition, OPM is expected to implement the recommendations of GAO and inspector general reports to improve information security.

Human Capital Strategy.—OPM is directed to develop a government-wide human capital strategy in consultation with other agencies on current and future STEM talent needs and to produce a publicly-available report to the Committees no later than one year after enactment of this Act. The strategy should include existing hiring authorities, recruitment and hiring practices, internships and fellowships, and the feasibility of streamlining or restructuring those authorities and pathways to improve recruitment and hiring of STEM talent.

Hiring Improvements.—The Veterans Health Administration has made great strides dramatically shortening hiring time of employees. OPM is directed to report to the Committees on process reforms used by the Veterans Administration and other agencies during the pandemic to reduce barriers to Federal employment, reduce delays in the hiring process, improve the overall Federal recruitment and hiring process, and to make recommendations on reforms that could be adopted and scaled government-wide.

Wildland Firefighter Classification and Pay.—OPM is encouraged to assess the need for special rates of pay under section 5305 of title 5, United States Code, for Federal wildland firefighters and to report to the Committees on its findings. This includes estimates of the cost of providing any proposed special rates and analysis of how pay for wildland and other firefighters employed by the Federal Government might be modified or reformed to address concerns about pay-related matters, such as classification and work hours.

Retirement Processing.—OPM is expected to continue to submit monthly reports on the pace of retirement processing.

Constituent Service Cases.—OPM is requested to provide quarterly updates to the Committees on its efforts to reduce the OPM constituent backlog, including statistics on open cases and response times.

State Achieving a Better Life Experience (ABLE) Act Savings Plans.—OPM is strongly encouraged to promote ABLE savings plans to all Federal agencies and is requested to provide an update on this effort no later than 120 days after enactment of this Act.

Information Technology Working Capital Fund.—The agreement includes requested language creating an Information Technology Working Capital Fund utilizing the authority provided to Federal agencies by the Modernizing Government Technology Act (40 U.S.C. 11301 note) to provide sustained funding to improve and replace OPM's legacy systems and enhance cybersecurity. OPM is strongly encouraged to address key recommendations in the Congressionally-mandated report by the National Academy of Public Administration issued in March 2021.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF TRUST FUNDS)

The bill provides \$33,233,000 for salaries and expenses of the Office of Inspector General. Within the amount provided, \$5,150,000 is a direct appropriation and \$28,083,000 is a transfer from OPM trust funds.

OFFICE OF SPECIAL COUNSEL

SALARIES AND EXPENSES

The bill includes \$30,385,000 for salaries and expenses of the Office of Special Counsel.

POSTAL REGULATORY COMMISSION

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$17,510,000 for the salaries and expenses of the Postal Regulatory Commission.

In preparing the report on market-dominant products included in House Report 117–79, the PRC is expected to consult with stakeholders.

PRIVACY AND CIVIL LIBERTIES OVERSIGHT BOARD

SALARIES AND EXPENSES

The bill provides \$9,800,000 for salaries and expenses of the Privacy and Civil Liberties Oversight Board.

PUBLIC BUILDINGS REFORM BOARD

SALARIES AND EXPENSES

The bill provides \$3,605,000 for salaries and expenses of the Public Buildings Reform Board (PBRB).

The agreement notes a decision issued by the U.S. District Court for the Western District of Washington that the PBRB failed to follow the requirements of the Federal Assets Sale and Transfer Act of 2016 (FASTA, Public Law 114–287) with regard to the proposed sale of the Federal Archives and Records Center at NARA’s Sand Point facility near Seattle. It is also noted that OMB withdrew its approval for the planned sale but left open the possibility that the PRRB may re-submit a request to move forward with the sale if the agency engaged in “meaningful and robust tribal consultation” and submitted a new factual record supporting a proposed sale that complies with FASTA’s procedural requirements. The Sand Point facility houses invaluable and significant Territorial, Native American, and Federal records for Alaska, Hawaii, Idaho, Oregon, Washington, and the outlying areas that the respective state agencies, Indian Tribes and Alaska Native organizations, higher education institutions, researchers, scientists, students, and individuals must be able to access. While NARA has committed to digitizing, describing, and posting these records online within two years, many records at the facility cannot be digitized. As a result, GSA and NARA should develop a plan for relocating the records within the Seattle area. Therefore, the PBRB is directed to refrain from recommending to OMB a sale or disposition of the Sand Point facility until GSA and NARA have completed their planning and obtained complete stakeholder concurrence, including tribal consultations as directed, on their proposed course of action relative to the above-referenced records.

SECURITIES AND EXCHANGE COMMISSION

SALARIES AND EXPENSES

The bill provides \$1,988,550,000 for the Securities and Exchange Commission (SEC). Of that amount, the bill allocates no less than \$17,649,400 for the Office of Inspector General. In addition, another \$6,746,000 and \$4,367,000 is provided for move, replication, and related costs associated with replacement leases for the Commission’s Fort Worth Regional Office facilities and the Commission’s San Francisco Regional Office facilities, respectively. All funds are derived from offsetting collections, resulting in no net appropriation.

Climate Change Risks to Municipal Bond Markets.—The agreement does not adopt the House report directive on State and local municipal bond markets.

Reserve Fund Notifications.—The SEC’s adherence to its obligation to notify Congress of the date, amount, and purpose of any obligation from the Reserve Fund within 10 days of such obligation is appreciated. The SEC is directed, in its written notifications to Congress required by 15 U.S.C. 78d(i)(3), to specify: (1) the balance in the fund remaining available after the obligation is deducted; (2) the estimated total cost of the project for which amounts are being deducted; (3) the total amount for all projects that have withdrawn funding from the fund since fiscal year 2012; and (4) the estimated amount, per project, that will be required to complete all ongoing projects which use funding derived from the fund. The SEC is also directed to submit, within 30 days of enactment of this Act, a detailed spending plan for the allocation of expenditures from the fund.

Holding Foreign Companies Accountable (HFCA) Act.—The HFCA Act requires certain issuers of securities to establish that they are not owned or controlled by a foreign government. The SEC is directed to provide a briefing no later than 90 days after enactment of this Act on implementation of the HFCA Act.

SEC Leasing.—The agreement notes concerns about the SEC’s past use of its independent leasing authority. The SEC is strongly encouraged to work closely with GSA on its real estate needs to ensure it is relying on the latest Federal real estate procurement expertise and to maximize value to the government.

SELECTIVE SERVICE SYSTEM

SALARIES AND EXPENSES

The bill provides \$29,200,000 for the salaries and expenses of the Selective Service System.

SMALL BUSINESS ADMINISTRATION

SALARIES AND EXPENSES

The bill provides \$278,378,000 for salaries and expenses of the Small Business Administration (SBA). The agreement includes at least \$12,000,000 for SBA’s Office of Credit Risk Management (OCRM) for lender oversight and risk-based reviews. Funding for the Office of General Counsel is provided separately from this amount. OCRM must play a key role in eliminating waste, fraud, and abuse in SBA lending programs and protecting taxpayer losses on loans by ensuring lenders comply with procedures that mitigate the risk of loss under SBA’s loan programs.

Fiscal Year 2023 Budget.—SBA is directed to provide to the Committees no later than 30 days after the release of the President’s budget a summary of the model subsidy assumptions or inputs that most significantly impact the model outputs for all SBA business loans.

Small Business Investment Company (SBIC) Collaboration.—SBA is directed to continue its collaborative effort with the SEC to ensure effective oversight of SBICs and the protection of SBIC investors.

Rural Small Business Access to Broadband.—GAO, in consultation with SBA, is directed to brief the Committees within 180 days

of enactment of this Act on digital and broadband challenges facing small businesses in rural communities. GAO should consult with technology stakeholders, trade associations, and small businesses throughout their analysis.

Nonprofit Child Care Support.—The agreement recognizes the critical role of child care providers in supporting the economy and workforce, and encourages the Administrator to consider allowing qualified nonprofit child care providers access to all SBA loan programs that for-profit child care providers may utilize.

Information Technology Modernization.—The agreement recognizes the importance of IT systems modernization and performance to fulfilling SBA's mission. The agreement notes SBA's authority to utilize a working capital fund to help SBA implement IT modernization projects that comply with the intent of Congress in the Federal Information Technology Acquisition Act to eliminate waste, fraud, and abuse in Federal IT enterprise programs.

Size Standards.—There are concerns about restrictive size standards for wildland firefighting and fuels management contracts. SBA is encouraged to work with the Department of the Interior and the Forest Service to address size standards for North American Industry Classification System Code 115310 to ensure that the standard reflects the increase in costs associated with forest firefighting.

Disaster Loan Assistance Portal.—SBA is encouraged to migrate the Disaster Loan Assistance Portal to the cloud to improve the user experience by making it more user-friendly, accessible, and intuitive.

ENTREPRENEURIAL DEVELOPMENT PROGRAMS

The bill provides \$290,150,000 for SBA Entrepreneurial Development Programs.

Program	(\$000)
7(j) Technical Assistance Program (Contracting Assistance)	3,500
Entrepreneurship Education	2,750
Federal and State Technology (FAST) Partnership Program	6,000
Growth Accelerators	3,000
HUBZone Program	3,000
Microloan Technical Assistance	37,000
National Women's Business Council	1,500
Native American Outreach	3,000
PRIME Technical Assistance	7,000
Regional Innovation Clusters	8,000
SCORE	14,000
Small Business Development Centers (SBDC)	138,000
State Trade Expansion Program (STEP)	20,000
Veterans Outreach	16,000
Women's Business Centers (WBC)	24,400
Cybersecurity for Small Business Pilot Program	3,000
Total, Entrepreneurial Development Programs	290,150

Grants Management System.—SBA is directed to provide a report within 30 days of enactment of this Act on the implementation of a new grants management system and the timeline for completion.

Federal and State Technology Partnership (FAST) Program.—The agreement notes the FAST program's efforts to reach innovative, technology-driven small businesses and to leverage the Small

Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs to stimulate economic development. The FAST program is particularly important in States that are seeking to build high technology industries but are underrepresented in the SBIR/STTR programs. Small Business and Technology Development Centers (SBTDCs) serve small businesses in these fields and are accredited to provide intellectual property and technology commercialization assistance to businesses in high technology industries. Of the amount provided for FAST, \$1,000,000 shall be for FAST awards to SBTDCs fully accredited for technology designation as of December 31, 2021.

Growth Accelerators.—Within amounts provided for growth accelerators, SBA shall prioritize funding to applications from rural areas that have not previously received an award.

Regional Innovation Clusters Eligibility.—The fiscal year 2020 request for proposal (RFP) for Regional Innovation Clusters Services included modifications to the eligibility criteria that excluded nonprofit organizations, including regional economic development organizations and institutions of higher education, from program eligibility. SBA is encouraged to reevaluate the eligibility criteria established in the fiscal year 2019 RFP. SBA is directed to brief the Committees on the eligibility criteria for the fiscal year 2022 RFP no less than 30 days prior to its publication.

Small Business Development Centers.—Subject to the availability of funds, the Administrator shall, to the extent practicable, ensure that a small business development center is appropriately reimbursed within the same fiscal year in which the expenses are submitted for reimbursement for any and all legitimate expenses incurred in carrying out activities under section 21(a)(1) et seq. of the Small Business Act (15 U.S.C. 648(a)(1) et seq.).

Cybersecurity for Small Businesses Pilot Program.—The agreement includes \$3,000,000 for a Cybersecurity Assistance Pilot Program that will competitively award up to three grants to States to provide new small businesses with access to cybersecurity tools during their formative and most vulnerable years.

OFFICE OF INSPECTOR GENERAL

The bill provides \$22,671,000 for the Office of Inspector General (OIG).

The OIG is encouraged to continue routine analysis and reporting on SBA's oversight of the 7(a) loan program, effective management of counseling and training services offered by partner organizations, and SBA's management of the Disaster Assistance Program.

OFFICE OF ADVOCACY

The bill provides \$9,466,000 for the Office of Advocacy.

BUSINESS LOANS PROGRAM ACCOUNT

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$169,000,000 for the Business Loans Program Account, of which \$6,000,000 is for loans subsidy for the Microloan

Program and \$163,000,000 is for the authorized expenses of administering the business loans programs.

DISASTER LOANS PROGRAM ACCOUNT
(INCLUDING TRANSFERS OF FUNDS)

The bill provides \$178,000,000 for the administrative costs of the Disaster Loans Program, of which \$143,000,000 is designated as being for disaster relief for major disasters and \$35,000,000 is provided for the authorized expenses of administering SBA-declared disasters.

Business Recovery Centers.—SBA is encouraged to continue its close collaboration with the Federal Emergency Management Agency (FEMA) during disaster recovery and consider additional co-location of Business Recovery Centers and Disaster Recovery Centers where economically practicable. SBA is directed to submit a report to the Committees within 120 days of enactment of this Act on the feasibility of additional co-location so that SBA and FEMA are not searching for, opening, and operating separate facilities in the aftermath of disasters.

SBA Disaster Loan Duplication of Assistance.—There is concern that some disaster victims are penalized with disaster benefit reductions if they apply for SBA disaster loans, but wind up not taking the loan when other Federal assistance is awarded. SBA is urged to issue guidance relating to the consideration of whether an applicant for assistance applied and was approved for but declined assistance to the major disaster from the Administration under section 7(b) of the Small Business Act.

ADMINISTRATIVE PROVISIONS—SMALL BUSINESS ADMINISTRATION
(INCLUDING TRANSFERS OF FUNDS)

Section 540 provides transfer authority and availability of funds.

Section 541 authorizes the transfer of funding available under the SBA “Salaries and Expenses” and “Business Loans Program Account” appropriations into the SBA Information Technology System Modernization and Working Capital Fund.

Section 542 provides funds for initiatives related to small business development and entrepreneurship, including programmatic and construction activities, to be awarded as follows:

UNITED STATES POSTAL SERVICE

PAYMENT TO THE POSTAL SERVICE FUND

The bill provides \$52,570,000 for a payment to the Postal Service Fund.

Postal Non-Banking Financial Services Modernization Pilot Program.—The agreement does not adopt the House report directives on a postal non-banking financial services modernization pilot program.

OFFICE OF INSPECTOR GENERAL

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The bill provides \$262,000,000 for the Office of Inspector General.

UNITED STATES TAX COURT

SALARIES AND EXPENSES

The bill provides \$57,783,000 for salaries and expenses of the United States Tax Court, of which not to exceed \$3,000 is available for official reception and representation expenses.

TITLE VI

GENERAL PROVISIONS—THIS ACT

(INCLUDING RESCISSION OF FUNDS)

Section 601 prohibits pay and other expenses of non-Federal parties intervening in regulatory or adjudicatory proceedings funded in this Act.

Section 602 prohibits obligations beyond the current fiscal year and prohibits transfers of funds unless expressly provided.

Section 603 limits expenditures for any consulting service through procurement contracts to those contracts where such expenditures are a matter of public record and available for public inspection.

Section 604 prohibits funds in this Act from being transferred without express authority.

Section 634 requires agencies funded in this Act to submit to the Committees quarterly budget reports on obligations.

Section 635 rescinds \$175,000,000 in unobligated balances from the Department of the Treasury, Treasury Forfeiture Fund.

Section 636 redesignates a Federal building and courthouse.

TITLE VII

GENERAL PROVISIONS—GOVERNMENT-WIDE

DEPARTMENTS, AGENCIES, AND CORPORATIONS

(INCLUDING TRANSFER OF FUNDS)

Section 701 requires agencies to administer a policy designed to ensure that its workplaces are free from the illegal use of controlled substances.

Section 702 sets specific limits on the cost of passenger vehicles purchased by the Federal Government with exceptions for police, heavy duty, electric hybrid, and clean fuels vehicles and with an exception for commercial vehicles that operate on emerging motor vehicle technology.

Section 703 allows funds made available to agencies for travel to also be used for quarters allowances and cost-of-living allowances.

Section 704 prohibits the Government, with certain specified exceptions, from employing non-U.S. citizens whose posts of duty would be in the continental United States.

Section 705 ensures that agencies will have authority to pay GSA for space renovation and other services.

Section 706 allows agencies to use receipts from the sale of materials for acquisition, waste reduction and prevention, environmental management programs, and other Federal employee programs.

Section 707 provides that funds for administrative expenses may be used to pay rent and other service costs in the District of Columbia.

Section 708 precludes interagency financing of groups absent prior statutory approval.

Section 709 prohibits the use of appropriated funds for enforcing regulations disapproved in accordance with the applicable law of the United States.

Section 710 limits the amount that can be used for redecoration of offices under certain circumstances.

Section 711 permits interagency funding of national security and emergency preparedness telecommunications initiatives that benefit multiple Federal departments, agencies, and entities.

Section 712 requires agencies to certify that a schedule C appointment was not created solely or primarily to detail the employee to the White House.

Section 713 prohibits the use of funds to prevent Federal employees from communicating with Congress or to take disciplinary or personnel actions against employees for such communication.

Section 714 prohibits Federal training not directly related to the performance of official duties.

Section 715 prohibits the use of appropriated funds for publicity or propaganda designed to support or defeat legislation pending before Congress.

Section 716 prohibits the use of appropriated funds by an agency to provide home addresses of Federal employees to labor organizations, absent employee authorization or court order.

Section 717 prohibits the use of appropriated funds to provide nonpublic information such as mailing or telephone lists to any person or organization outside of the Government without approval of the Committees.

Section 718 prohibits the use of appropriated funds for publicity or propaganda purposes within the United States not authorized by Congress.

Section 719 directs agencies' employees to use official time in an honest effort to perform official duties.

Section 720 authorizes the use of current fiscal year funds to finance an appropriate share of the Federal Accounting Standards Advisory Board administrative costs.

Section 721 authorizes the transfer of funds to GSA to finance an appropriate share of various Government-wide boards and councils under certain conditions.

Section 722 authorizes breastfeeding at any location in a Federal building or on Federal property.

Section 723 permits interagency funding of the National Science and Technology Council and requires OMB to report on the budget and resources of the Council.

Section 724 requires identification of the Federal agencies providing Federal funds and the amount provided for all proposals, solicitations, grant applications, forms, notifications, press releases, or other publications related to the distribution of funding to a State.

Section 725 prohibits the use of funds to monitor personal information relating to the use of Federal Internet sites.

Section 726 regards contraceptive coverage under the Federal Employees Health Benefits Plan.

Section 727 recognizes that the United States is committed to ensuring the health of Olympic, Pan American, and Paralympic ath-

letes, and supports strict adherence to anti-doping in sport activities.

Section 728 allows departments and agencies to use official travel funds to participate in the fractional aircraft ownership pilot programs.

Section 729 prohibits funds for implementation of OPM regulations limiting detailees to the legislative branch and placing certain limitations on the Coast Guard Congressional Fellowship program.

Section 730 restricts the use of funds for Federal law enforcement training facilities with an exception for the Federal Law Enforcement Training Centers.

Section 731 prohibits executive branch agencies from creating or funding prepackaged news stories that are broadcast or distributed in the United States unless specific notification conditions are met.

Section 732 prohibits funds used in contravention of the Privacy Act, section 552a of title 5, United States Code, or section 522.224 of title 48 of the Code of Federal Regulations.

Section 733 prohibits funds in this or any other Act from being used for Federal contracts with inverted domestic corporations or other corporations using similar inverted structures, unless the contract preceded this Act or the Secretary grants a waiver in the interest of national security.

Section 734 requires agencies to remit to the Civil Service Retirement and Disability Fund an amount equal to the OPM average unit cost of processing a retirement claim for the preceding fiscal year, to be available to OPM for the cost of processing retirements of employees who separate under Voluntary Early Retirement Authority or who receive Voluntary Separation Incentive Payments.

Section 735 prohibits funds to require any entity submitting an offer for a Federal contract to disclose political contributions.

Section 736 prohibits funds for the painting of a portrait of an employee of the Federal Government, including the President, the Vice President, a Member of Congress, the head of an executive branch agency, or the head of an office of the legislative branch.

Section 737 limits the pay increases of certain prevailing rate employees.

Section 738 requires reports to Inspectors General concerning expenditures for agency conferences.

Section 739 prohibits the use of funds to increase, eliminate, or reduce a program or project unless such change is made pursuant to reprogramming or transfer provisions.

Section 740 prohibits OPM or any other agency from using funds to implement regulations changing the competitive areas under reductions-in-force for Federal employees.

Section 741 prohibits the use of funds to begin or announce a study or a public-private competition regarding the conversion to contractor performance of any function performed by civilian Federal employees pursuant to OMB Circular A-76 or any other administrative regulation, directive, or policy.

Section 742 ensures that contractors are not prevented from reporting waste, fraud, or abuse by signing confidentiality agreements that would prohibit such disclosure.

Section 743 prohibits the expenditure of funds for the implementation of agreements in certain nondisclosure policies unless certain provisions are included in the policies.

Section 744 prohibits funds to any corporation with certain unpaid Federal tax liabilities unless an agency has considered suspension or debarment of the corporation and made a determination that this further action is not necessary to protect the interests of the Government.

Section 745 prohibits funds to any corporation that was convicted of a felony criminal violation within the preceding 24 months unless an agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the Government.

Section 746 relates to the Consumer Financial Protection Bureau (CFPB). Given the need for transparency and accountability in the Federal budgeting process, the CFPB is directed to provide an informal, nonpublic full briefing at least annually before the relevant Appropriations subcommittee on the CFPB's finances and expenditures.

Section 747 eliminates automatic statutory pay increases for the Vice President, political appointees paid under the executive schedule, ambassadors who are not career members of the Foreign Service, political appointed (noncareer) Senior Executive Service employees, and any other senior political appointee paid at or above level IV of the executive schedule.

Section 748 requires that any executive branch agency notify the Committees if an apportionment of an appropriation for such agency is not approved in a timely and appropriate manner.

Section 749 requires the retention of certain records pertaining to certain GAO audits.

Section 750 makes technical amendments related to the Pandemic Response Accountability Committee.

Section 751 addresses interagency funding for the United States Army Medical Research and Development Command, the Congressionally Directed Medical Research Programs and the National Institutes of Health research programs.

Section 752 declares the inapplicability of these general provisions to title IV and title VIII.

TITLE VIII

GENERAL PROVISIONS—DISTRICT OF COLUMBIA

(INCLUDING TRANSFERS OF FUNDS)

Section 801 allows the use of local funds for making refunds or paying judgments against the District of Columbia government.

Section 802 prohibits the use of Federal funds for publicity or propaganda designed to support or defeat legislation before Congress or any State legislature.

Section 803 establishes reprogramming procedures for Federal funds.

Section 804 prohibits the use of Federal funds for the salaries and expenses of a shadow U.S. Senator or U.S. Representative.

Section 805 places restrictions on the use of District of Columbia government vehicles.

Section 806 prohibits the use of Federal funds for a petition or civil action that seeks to require voting rights for the District of Columbia in Congress.

Section 807 prohibits the use of Federal funds in this Act to distribute, for the purpose of preventing the spread of bloodborne pathogens, sterile needles or syringes in any location that has been determined by local public health officials or local law enforcement authorities to be inappropriate for such distribution.

Section 808 concerns a “conscience clause” on legislation that pertains to contraceptive coverage by health insurance plans.

Section 809 prohibits Federal funds to enact or carry out any law, rule, or regulation to legalize or reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act or any tetrahydrocannabinols derivative. In addition, section 809 prohibits Federal and local funds to enact any law, rule, or regulation to legalize or reduce penalties associated with the possession, use, or distribution of any schedule I substance under the Controlled Substances Act or any tetrahydrocannabinols derivative for recreational purposes.

Section 810 prohibits the use of funds for abortion except in the cases of rape or incest or if necessary, to save the life of the mother.

Section 811 requires the CFO to submit a revised operating budget no later than 30 calendar days after the enactment of this Act for agencies the CFO certifies as requiring a reallocation to address unanticipated program needs.

Section 812 requires the CFO to submit a revised operating budget for the District of Columbia Public Schools, no later than 30 calendar days after the enactment of this Act, which aligns schools’ budgets to actual enrollment.

Section 813 allows for transfers of local funds between operating funds and capital and enterprise funds.

Section 814 prohibits the obligation of Federal funds beyond the current fiscal year and transfers of funds unless expressly provided herein.

Section 815 provides that not to exceed 50 percent of unobligated balances from Federal appropriations for salaries and expenses may remain available for certain purposes. This provision applies to the District of Columbia Courts, the Court Services and Offender Supervision Agency, and the District of Columbia Public Defender Service.

Section 816 appropriates local funds during fiscal year 2023 if there is an absence of a continuing resolution or regular appropriation for the District of Columbia. Funds are provided under the same authorities and conditions and in the same manner and extent as provided for in fiscal year 2022.

Section 817 provides the District of Columbia authority to transfer, receive, and acquire lands and funding it deems necessary for the construction and operation of interstate bridges over navigable waters, including related infrastructure, for a project to expand

commuter and regional passenger rail service and provide bike and pedestrian access crossings.

Section 818 is a new provision requiring each Federal and District government agency appropriated Federal funding in this Act to submit to the Committees quarterly budget reports on obligations.

Section 819 specifies that references to “this Act” in this title or title IV are treated as referring only to the provisions of this title and title IV.

This division may be cited as “Financial Services and General Government Appropriations Act, 2022.”

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member’s immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator’s immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.

ADMINISTRATIVE PROVISIONS

SEC. 101. (a) The Secretary of Homeland Security shall submit a report not later than October 15, 2022, to the Inspector General of the Department of Homeland Security listing all grants and contracts awarded by any means other than full and open competition during fiscal years 2021 or 2022.

(b) The Inspector General shall review the report required by subsection (a) to assess departmental compliance with applicable laws and regulations and report the results of that review to the Committees on Appropriations of the Senate and the House of Representatives not later than February 15, 2023.

SEC. 102. Not later than 30 days after the last day of each month, the Chief Financial Officer of the Department of Homeland Security shall submit to the Committees on Appropriations of the Senate and the House of Representatives a monthly budget and

staffing report that includes total obligations of the Department for that month and for the fiscal year at the appropriation and program, project, and activity levels, by the source year of the appropriation.

SEC. 103. The Secretary of Homeland Security shall require that all contracts of the Department of Homeland Security that provide award fees link such fees to successful acquisition outcomes, which shall be specified in terms of cost, schedule, and performance.

SEC. 104. (a) The Secretary of Homeland Security, in consultation with the Secretary of the Treasury, shall notify the Committees on Appropriations of the Senate and the House of Representatives of any proposed transfers of funds available under section 9705(g)(4)(B) of title 31, United States Code, from the Department of the Treasury Forfeiture Fund to any agency within the Department of Homeland Security.

(b) None of the funds identified for such a transfer may be obligated until the Committees on Appropriations of the Senate and the House of Representatives are notified of the proposed transfer.

SEC. 105. All official costs associated with the use of Government aircraft by Department of Homeland Security personnel to support official travel of the Secretary and the Deputy Secretary shall be paid from amounts made available for the Office of the Secretary.

SEC. 106. (a) The Under Secretary for Management shall brief the Committees on Appropriations of the Senate and the House of Representatives not later than 30 days after the end of each fiscal quarter on all Level 1 and Level 2 acquisition programs on the Master Acquisition Oversight list between Acquisition Decision Event 1 and Full Operational Capability, including programs that have been removed from such list during the preceding quarter.

(b) For each such program without a department-approved acquisition program baseline, the briefing described in subsection (a) shall include—

(1) a description of the purpose of the program, including the capabilities being acquired and the component(s) sponsoring the acquisition; and

(2) the Acquisition Review Board status, including—

(A) the current acquisition phase;

(B) the date and purpose of the most recent review; and

(C) whether the program has been paused or is in breach status.

(c) For each such program with a department-approved acquisition program baseline, the briefing described in subsection (a) shall include—

(1) a description of the purpose of the program, including the capabilities being acquired and the component(s) sponsoring the acquisition;

(2) the total number of units, as appropriate, to be acquired annually until procurement is complete under the current acquisition program baseline;

(3) the Acquisition Review Board status, including—

(A) the current acquisition phase by increment, as applicable;

(B) the date of the most recent review; and

- (C) whether the program has been paused or is in breach status;
 - (4) a comparison between the initial Department-approved acquisition program baseline cost, schedule, and performance thresholds and objectives and the program's current such thresholds and objectives, if applicable;
 - (5) the lifecycle cost estimate, including—
 - (A) the confidence level for the estimate;
 - (B) the fiscal years included in the estimate; and
 - (C) a description of and rationale for any changes to the estimate during the prior fiscal year;
 - (6) a summary of the findings of any independent verification and validation of the items to be acquired or an explanation for why no such verification and validation has been performed;
 - (7) a table displaying the obligation of all program funds by prior fiscal year, the estimated obligation of funds for the current fiscal year, and an estimate for the planned carryover of funds into the subsequent fiscal year;
 - (8) a listing of prime contractors and major subcontractors; and
 - (9) narrative descriptions of risks to cost, schedule, or performance that could result in a program breach if not successfully mitigated.
- (d) The Under Secretary for Management shall submit each approved Acquisition Decision Memoranda for programs described in this section to the Committees on Appropriations of the Senate and the House of Representatives not later than five business days after the date of approval of such memorandum by the Under Secretary for Management or the designee of the Under Secretary.
- SEC. 107. (a) No Federal funds made available to the Department of Homeland Security may be obligated for any pilot or demonstration program that uses more than 5 full-time equivalents or costs in excess of \$1,000,000 until 30 days after the date on which the Under Secretary for Management of the Department of Homeland Security provides the following to the Committees on Appropriations of the Senate and the House of Representatives for such program:
- (1) Objectives that are well-defined and measurable;
 - (2) An assessment methodology that details—
 - (A) the type and source of assessment data;
 - (B) the methods for and frequency of collecting such data; and
 - (C) how such data will be analyzed;
 - (3) An implementation plan, including milestones, a cost estimate, and schedule, including an end date; and
 - (4) A signed interagency agreement or memorandum of agreement for any pilot or demonstration program involving the participation of more than one Department of Homeland Security component or that of an entity not part of such Department.
- (b) Not later than 30 days after the date of completion of a pilot or demonstration program described in subsection (a), the Under Secretary for Management of the Department of Homeland Security shall provide a report to the Committees on Appropriations of

the Senate and the House of Representatives detailing lessons learned, actual costs, and any planned expansion or continuation of the pilot or demonstration program.

(c) For the purposes of this section, a pilot or demonstration program is a policy implementation, study, demonstration, experimental program, or trial that is a small-scale, short-term experiment conducted in order to evaluate feasibility, duration, costs, or adverse events, and improve upon the design of an effort prior to implementation of a larger scale effort.

SEC. 108. (a) Amounts provided in title II of division B of Public Law 117–70 for “Office of the Secretary and Executive Management—Operations and Support” are available for providing reimbursement to airports and airport operators for costs incurred between August 1, 2021, and September 30, 2022, for activities directly and demonstrably related to Operation Allies Welcome.

(b) Each amount repurposed by this section that was previously designated by the Congress as an emergency requirement pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 or a concurrent resolution on the budget is designated by the Congress as an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

ADMINISTRATIVE PROVISIONS

SEC. 201. Section 201 of the Department of Homeland Security Appropriations Act, 2018 (division F of Public Law 115–141), related to overtime compensation limitations, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act, except that “fiscal year 2022” shall be substituted for “fiscal year 2018”.

SEC. 202. Funding made available under the headings “U.S. Customs and Border Protection—Operations and Support” and “U.S. Customs and Border Protection—Procurement, Construction, and

Improvements” shall be available for customs expenses when necessary to maintain operations and prevent adverse personnel actions in Puerto Rico and the U.S. Virgin Islands, in addition to funding provided by sections 740 and 1406i of title 48, United States Code.

SEC. 203. As authorized by section 601(b) of the United States-Colombia Trade Promotion Agreement Implementation Act (Public Law 112–42), fees collected from passengers arriving from Canada, Mexico, or an adjacent island pursuant to section 13031(a)(5) of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(a)(5)) shall be available until expended.

SEC. 204. (a) For an additional amount for “U.S. Customs and Border Protection—Operations and Support”, \$31,000,000, to remain available until expended, to be reduced by amounts collected and credited to this appropriation in fiscal year 2022 from amounts authorized to be collected by section 286(i) of the Immigration and Nationality Act (8 U.S.C. 1356(i)), section 10412 of the Farm Security and Rural Investment Act of 2002 (7 U.S.C. 8311), and section 817 of the Trade Facilitation and Trade Enforcement Act of 2015 (Public Law 114–25), or other such authorizing language.

(b) To the extent that amounts realized from such collections exceed \$31,000,000, those amounts in excess of \$31,000,000 shall be credited to this appropriation, to remain available until expended.

SEC. 205. None of the funds made available in this Act for U.S. Customs and Border Protection may be used to prevent an individual not in the business of importing a prescription drug (within the meaning of section 801(g) of the Federal Food, Drug, and Cosmetic Act) from importing a prescription drug from Canada that complies with the Federal Food, Drug, and Cosmetic Act: *Provided*, That this section shall apply only to individuals transporting on their person a personal-use quantity of the prescription drug, not to exceed a 90-day supply: *Provided further*, That the prescription drug may not be—

(1) a controlled substance, as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802); or

(2) a biological product, as defined in section 351 of the Public Health Service Act (42 U.S.C. 262).

SEC. 206. (a) Notwithstanding any other provision of law, none of the funds provided in this or any other Act shall be used to approve a waiver of the navigation and vessel-inspection laws pursuant to section 501(b) of title 46, United States Code, for the transportation of crude oil distributed from and to the Strategic Petroleum Reserve until the Secretary of Homeland Security, after consultation with the Secretaries of the Departments of Energy and Transportation and representatives from the United States flag maritime industry, takes adequate measures to ensure the use of United States flag vessels.

(b) The Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and the Committee on Transportation and Infrastructure of the House of Representatives within 2 business days of any request for waivers of navigation and vessel-inspection laws pursuant to section 501(b)

of title 46, United States Code, with respect to such transportation, and the disposition of such requests.

SEC. 207. (a) Beginning on the date of enactment of this Act, the Secretary of Homeland Security shall not—

- (1) establish, collect, or otherwise impose any new border crossing fee on individuals crossing the Southern border or the Northern border at a land port of entry; or
- (2) conduct any study relating to the imposition of a border crossing fee.

(b) In this section, the term “border crossing fee” means a fee that every pedestrian, cyclist, and driver and passenger of a private motor vehicle is required to pay for the privilege of crossing the Southern border or the Northern border at a land port of entry.

SEC. 208. (a) Not later than 90 days after the date of enactment of this Act, the Secretary of Homeland Security shall submit an expenditure plan for any amounts made available for “U.S. Customs and Border Protection—Procurement, Construction, and Improvements” in this Act and prior Acts to the Committees on Appropriations of the Senate and the House of Representatives.

(b) No such amounts may be obligated prior to the submission of such plan.

SEC. 209. Of the total amount made available under “U.S. Customs and Border Protection—Procurement, Construction, and Improvements”, \$572,083,000 shall be available only as follows:

- (1) \$276,000,000 for the acquisition and deployment of border security technologies;
- (2) \$99,653,000 for trade and travel assets and infrastructure;
- (3) \$93,425,000 for facility construction and improvements;
- (4) \$72,395,000 for integrated operations assets and infrastructure; and
- (5) \$30,610,000 for mission support and infrastructure.

SEC. 210. Section 211 of the Department of Homeland Security Appropriations Act, 2021 (division F of Public Law 116–260), prohibiting the use of funds for the construction of fencing in certain areas, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

SEC. 211. (a) Funds made available in this Act may be used to alter operations within the National Targeting Center of U.S. Customs and Border Protection.

(b) None of the funds provided by this Act, provided by previous appropriations Acts that remain available for obligation or expenditure in fiscal year 2022, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, may be used to reduce anticipated or planned vetting operations at existing locations unless specifically authorized by a statute enacted after the date of enactment of this Act.

SEC. 212. Section 411(o)(3) of the Homeland Security Act of 2002 (6 U.S.C. 211(o)(3)), is amended by striking “170” and inserting “250”.

SEC. 213. For an additional amount for “U.S. Customs and Border Protection—Operations and Support”, \$100,000,000, to remain

available until September 30, 2023, in addition to amounts otherwise available for such purposes, for Border Patrol hiring and contractors, retention and relocation incentives and contract support.

SEC. 214. None of the funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” may be used to continue a delegation of law enforcement authority authorized under section 287(g) of the Immigration and Nationality Act (8 U.S.C. 1357(g)) if the Department of Homeland Security Inspector General determines that the terms of the agreement governing the delegation of authority have been materially violated.

SEC. 215. (a) None of the funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” may be used to continue any contract for the provision of detention services if the two most recent overall performance evaluations received by the contracted facility are less than “adequate” or the equivalent median score in any subsequent performance evaluation system.

(b) The performance evaluations referenced in subsection (a) shall be conducted by the U.S. Immigration and Customs Enforcement Office of Professional Responsibility.

SEC. 216. Without regard to the limitation as to time and condition of section 503(d) of this Act, the Secretary may reprogram within and transfer funds to “U.S. Immigration and Customs Enforcement—Operations and Support” as necessary to ensure the detention of aliens prioritized for removal.

SEC. 217. The reports required to be submitted under section 216 of the Department of Homeland Security Appropriations Act, 2021 (division F of Public Law 116–260) shall continue to be submitted semimonthly and each matter required to be included in such report by such section 216 shall apply in the same manner and to the same extent during the period described in this section.

SEC. 218. The terms and conditions of sections 216 and 217 of the Department of Homeland Security Appropriations Act, 2020 (division D of Public Law 116–93) shall apply to this Act.

SEC. 219. Members of the United States House of Representatives and the United States Senate, including the leadership; the heads of Federal agencies and commissions, including the Secretary, Deputy Secretary, Under Secretaries, and Assistant Secretaries of the Department of Homeland Security; the United States Attorney General, Deputy Attorney General, Assistant Attorneys General, and the United States Attorneys; and senior members of the Executive Office of the President, including the Director of the Office of Management and Budget, shall not be exempt from Federal passenger and baggage screening.

SEC. 220. Any award by the Transportation Security Administration to deploy explosives detection systems shall be based on risk, the airport’s current reliance on other screening solutions, lobby congestion resulting in increased security concerns, high injury rates, airport readiness, and increased cost effectiveness.

SEC. 221. Notwithstanding section 44923 of title 49, United States Code, for fiscal year 2022, any funds in the Aviation Security Capital Fund established by section 44923(h) of title 49, United States Code, may be used for the procurement and installation of explosives detection systems or for the issuance of other

transaction agreements for the purpose of funding projects described in section 44923(a) of such title.

SEC. 222. Not later than 30 days after the submission of the President's budget proposal, the Administrator of the Transportation Security Administration shall submit to the Committees on Appropriations and Commerce, Science, and Transportation of the Senate and the Committees on Appropriations and Homeland Security in the House of Representatives a single report that fulfills the following requirements:

(1) a Capital Investment Plan that includes a plan for continuous and sustained capital investment in new, and the replacement of aged, transportation security equipment;

(2) the 5-year technology investment plan as required by section 1611 of title XVI of the Homeland Security Act of 2002, as amended by section 3 of the Transportation Security Acquisition Reform Act (Public Law 113-245); and

(3) the Advanced Integrated Passenger Screening Technologies report as required by the Senate Report accompanying the Department of Homeland Security Appropriations Act, 2019 (Senate Report 115-283).

SEC. 223. (a) None of the funds made available by this Act under the heading "Coast Guard—Operations and Support" shall be for expenses incurred for recreational vessels under section 12114 of title 46, United States Code, except to the extent fees are collected from owners of yachts and credited to the appropriation made available by this Act under the heading "Coast Guard—Operations and Support".

(b) To the extent such fees are insufficient to pay expenses of recreational vessel documentation under such section 12114, and there is a backlog of recreational vessel applications, personnel performing non-recreational vessel documentation functions under subchapter II of chapter 121 of title 46, United States Code, may perform documentation under section 12114.

SEC. 224. Without regard to the limitation as to time and condition of section 503(d) of this Act, after June 30, in accordance with the notification requirement described in subsection (b) of such section, up to the following amounts may be reprogrammed within "Coast Guard—Operations and Support"—

(1) \$10,000,000 to or from the "Military Personnel" funding category; and

(2) \$10,000,000 between the "Field Operations" funding subcategories.

SEC. 225. Notwithstanding any other provision of law, the Commandant of the Coast Guard shall submit to the Committees on Appropriations of the Senate and the House of Representatives a future-years capital investment plan as described in the second proviso under the heading "Coast Guard—Acquisition, Construction, and Improvements" in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114-4), which shall be subject to the requirements in the third and fourth provisos under such heading.

SEC. 226. Of the funds made available for defense-related activities under the heading "Coast Guard—Operations and Support", up to \$190,000,000 that are used for enduring overseas missions in

support of the global fight against terrorism may be reallocated by program, project, and activity, notwithstanding section 503 of this Act.

SEC. 227. None of the funds in this Act shall be used to reduce the Coast Guard's legacy Operations Systems Center mission or its government-employed or contract staff levels.

SEC. 228. None of the funds appropriated by this Act may be used to conduct, or to implement the results of, a competition under Office of Management and Budget Circular A-76 for activities performed with respect to the Coast Guard National Vessel Documentation Center.

SEC. 229. Funds made available in this Act may be used to alter operations within the Civil Engineering Program of the Coast Guard nationwide, including civil engineering units, facilities design and construction centers, maintenance and logistics commands, and the Coast Guard Academy, except that none of the funds provided in this Act may be used to reduce operations within any civil engineering unit unless specifically authorized by a statute enacted after the date of enactment of this Act.

SEC. 230. Amounts deposited into the Coast Guard Housing Fund in fiscal year 2022 shall be available until expended to carry out the purposes of section 2946 of title 14, United States Code, and shall be in addition to funds otherwise available for such purposes.

SEC. 231. (a) Notwithstanding section 2110 of title 46, United States Code, none of the funds made available in this Act shall be used to charge a fee for an inspection of a towing vessel, as defined in 46 CFR Section 136.110, that utilizes the Towing Safety Management System option for a Certificate of Inspection issued under subchapter M of title 46, Code of Federal Regulations.

(b) Subsection (a) shall not apply after the date the Commandant of the Coast Guard makes a determination under section 815(a) of the Frank LoBiondo Coast Guard Authorization Act of 2018 (Public Law 115-282) and, as necessary based on such determination, carries out the requirements of subsection 815(b) of such Act.

SEC. 232. (a) For an additional amount for "Coast Guard—Procurement, Construction, and Improvements", \$50,000,000, to remain available until expended, which shall be distributed as a grant for the National Coast Guard Museum to carry out activities under section 316(d) of title 14, United States Code.

(b) The Coast Guard shall not be responsible for the execution of any contracts, planning, or execution of work to accomplish any activities outlined in section 316(d) of title 14, United States Code.

SEC. 233. The United States Secret Service is authorized to obligate funds in anticipation of reimbursements from executive agencies, as defined in section 105 of title 5, United States Code, for personnel receiving training sponsored by the James J. Rowley Training Center, except that total obligations at the end of the fiscal year shall not exceed total budgetary resources available under the heading "United States Secret Service—Operations and Support" at the end of the fiscal year.

SEC. 234. (a) None of the funds made available to the United States Secret Service by this Act or by previous appropriations Acts may be made available for the protection of the head of a Federal agency other than the Secretary of Homeland Security.

(b) The Director of the United States Secret Service may enter into agreements to provide such protection on a fully reimbursable basis.

SEC. 235. For purposes of section 503(a)(3) of this Act, up to \$15,000,000 may be reprogrammed within “United States Secret Service—Operations and Support”.

SEC. 236. Funding made available in this Act for “United States Secret Service—Operations and Support” is available for travel of United States Secret Service employees on protective missions without regard to the limitations on such expenditures in this or any other Act if the Director of the United States Secret Service or a designee notifies the Committees on Appropriations of the Senate and the House of Representatives 10 or more days in advance, or as early as practicable, prior to such expenditures.

Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5133(e), notwithstanding subsections (f), (g), and (l) of that section (42 U.S.C. 5133(f), (g), (l)); and

(D) \$2,000,000 shall be transferred to “Federal Emergency Management Agency—Operations and Support”, to

manage and administer Community Project Funding and Congressionally Directed Spending grants.
 (13) \$293,600,000 to sustain current operations for training, exercises, technical assistance, and other programs.

DISASTER RELIEF FUND

For necessary expenses in carrying out the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), \$18,799,000,000, to remain available until expended, shall be for major disasters declared pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.) and is designated by the Congress as being for disaster relief pursuant to section 4004(b)(6) and section 4005(f) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022: *Provided*, That of the amount provided under this heading, up to \$3,000,000 may be transferred to the Disaster Assistance Direct Loan Program Account for administrative expenses related to direct loans as authorized under section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184).

NATIONAL FLOOD INSURANCE FUND

For activities under the National Flood Insurance Act of 1968 (42 U.S.C. 4001 et seq.), the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001 et seq.), the Biggert-Waters Flood Insurance Reform Act of 2012 (Public Law 112–141, 126 Stat. 916), and the Homeowner Flood Insurance Affordability Act of 2014 (Public Law 113–89; 128 Stat. 1020), \$214,706,000, to remain available until September 30, 2023, which shall be derived from offsetting amounts collected under section 1308(d) of the National Flood Insurance Act of 1968 (42 U.S.C. 4015(d)); of which \$15,706,000 shall be available for mission support associated with flood management; and of which \$199,000,000 shall be available for flood plain management and flood mapping: *Provided*, That any additional fees collected pursuant to section 1308(d) of the National Flood Insurance Act of 1968 (42 U.S.C. 4015(d)) shall be credited as offsetting collections to this account, to be available for flood plain management and flood mapping: *Provided further*, That in fiscal year 2022, no funds shall be available from the National Flood Insurance Fund under section 1310 of the National Flood Insurance Act of 1968 (42 U.S.C. 4017) in excess of—

(1) \$197,393,000 for operating expenses and salaries and expenses associated with flood insurance operations;

(2) \$876,743,000 for commissions and taxes of agents;

(3) such sums as are necessary for interest on Treasury borrowings; and

(4) \$175,000,000, which shall remain available until expended, for flood mitigation actions and for flood mitigation assistance under section 1366 of the National Flood Insurance Act of 1968 (42 U.S.C. 4104c), notwithstanding sections 1366(e) and 1310(a)(7) of such Act (42 U.S.C. 4104c(e), 4017):

Provided further, That the amounts collected under section 102 of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4012a) and

section 1366(e) of the National Flood Insurance Act of 1968 (42 U.S.C. 4104c(e)), shall be deposited in the National Flood Insurance Fund to supplement other amounts specified as available for section 1366 of the National Flood Insurance Act of 1968, notwithstanding section 102(f)(8), section 1366(e) of the National Flood Insurance Act of 1968, and paragraphs (1) through (3) of section 1367(b) of such Act (42 U.S.C. 4012a(f)(8), 4104c(e), 4104d(b)(1)–(3)): *Provided further*, That total administrative costs shall not exceed 4 percent of the total appropriation: *Provided further*, That up to \$5,000,000 is available to carry out section 24 of the Homeowner Flood Insurance Affordability Act of 2014 (42 U.S.C. 4033).

ADMINISTRATIVE PROVISIONS

SEC. 301. (a) Funds made available under the heading “Cybersecurity and Infrastructure Security Agency—Operations and Support” may be made available for the necessary expenses of carrying out the competition specified in section 2(e) of Executive Order No. 13870 (May 2, 2019), including the provision of monetary and non-monetary awards for Federal civilian employees and members of the uniformed services, the necessary expenses for the honorary recognition of any award recipients, and activities to encourage participation in the competition, including promotional items.

(b) Any awards made pursuant to this section shall be of the same type and amount as those authorized under sections 4501 through 4505 of title 5, United States Code.

SEC. 302. Funds made available under the heading “Cybersecurity and Infrastructure Security Agency—Operations and Support” may be made available for the necessary expenses of procuring or providing access to cybersecurity threat feeds for branches, agencies, independent agencies, corporations, establishments, and instrumentalities of the Federal government of the United States, state, local, tribal, and territorial government entities, fusion centers as described in section 210A of the Homeland Security Act (6 U.S.C. 124h), and Information Sharing and Analysis Organizations.

SEC. 303. (a) Notwithstanding section 2008(a)(12) of the Homeland Security Act of 2002 (6 U.S.C. 609(a)(12)) or any other provision of law, not more than 5 percent of the amount of a grant made available in paragraphs (1) through (4) under “Federal Emergency Management Agency—Federal Assistance”, may be used by the recipient for expenses directly related to administration of the grant.

(b) The authority provided in subsection (a) shall also apply to a recipient for the administration of a grant under such paragraphs (1) and (2) for organizations described under section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such code that are determined by the Secretary of Homeland Security to be at high risk of a terrorist attack.

SEC. 304. Applications for grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for paragraphs (1) through (4), shall be made available to eligible applicants not later than 60 days after the date of enactment of this Act, eligible applicants shall submit applications not later than 80 days after the grant announcement, and the Administrator of the Federal Emergency Management Agency shall act within 65 days after the receipt of an application.

SEC. 305. Under the heading “Federal Emergency Management Agency—Federal Assistance”, for grants under paragraphs (1) through (4), (8), and (9), the Administrator of the Federal Emergency Management Agency shall brief the Committees on Appropriations of the Senate and the House of Representatives 5 full business days in advance of announcing publicly the intention of making an award.

SEC. 306. Under the heading “Federal Emergency Management Agency—Federal Assistance”, for grants under paragraphs (1) and (2), the installation of communications towers is not considered construction of a building or other physical facility.

SEC. 307. The reporting requirements in paragraphs (1) and (2) under the heading “Federal Emergency Management Agency—Disaster Relief Fund” in the Department of Homeland Security Appropriations Act, 2015 (Public Law 114–4) shall be applied in fiscal year 2022 with respect to budget year 2023 and current fiscal year 2022, respectively—

(1) in paragraph (1) by substituting “fiscal year 2023” for “fiscal year 2016”; and

(2) in paragraph (2) by inserting “business” after “fifth”.

SEC. 308. In making grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for Staffing for Adequate Fire and Emergency Response grants, the Administrator of the Federal Emergency Management Agency may grant waivers from the requirements in subsections (a)(1)(A), (a)(1)(B), (a)(1)(E), (c)(1), (c)(2), and (c)(4) of section 34 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229a).

SEC. 309. (a) The aggregate charges assessed during fiscal year 2022, as authorized in title III of the Departments of Veterans Affairs and Housing and Urban Development, and Independent Agencies Appropriations Act, 1999 (42 U.S.C. 5196e), shall not be less than 100 percent of the amounts anticipated by the Department of Homeland Security to be necessary for its Radiological Emergency Preparedness Program for the next fiscal year.

(b) The methodology for assessment and collection of fees shall be fair and equitable and shall reflect costs of providing such services, including administrative costs of collecting such fees.

(c) Such fees shall be deposited in a Radiological Emergency Preparedness Program account as offsetting collections and will become available for authorized purposes on October 1, 2022, and remain available until expended.

SEC. 310. In making grants under the heading “Federal Emergency Management Agency—Federal Assistance”, for Assistance to Firefighter Grants, the Administrator of the Federal Emergency Management Agency may waive subsection (k) of section 33 of the Federal Fire Prevention and Control Act of 1974 (15 U.S.C. 2229).

SEC. 311. (a) Notwithstanding sections 403(b), 403(c)(4), 404(a), 406(b), 407(d), 408(g)(2), 428(e)(2)(B), and 503(a) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et seq.), for any emergency or major disaster declared by the President under such Act with a declaration occurring or an incident period beginning between January 1, 2020, and December 31, 2021, the Federal share of assistance, including direct Federal as-

sistance, provided under such sections shall be not less than 90 percent of the eligible cost of such assistance.

(b) Amounts repurposed pursuant to this section that were previously designated by the Congress as an emergency requirement or as being for disaster relief pursuant to the Balanced Budget and Emergency Deficit Control Act of 1985 or a concurrent resolution on the budget are designated by the Congress as being for an emergency requirement pursuant to section 4001(a)(1) and section 4001(b) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022, or as being for disaster relief pursuant to section 4004(b)(6) and section 4005(f) of S. Con. Res. 14 (117th Congress), the concurrent resolution on the budget for fiscal year 2022.

(c) Subsection (a) shall apply with respect to fiscal year 2022 and each fiscal year thereafter.

ADMINISTRATIVE PROVISIONS

SEC. 401. (a) Notwithstanding any other provision of law, funds otherwise made available to U.S. Citizenship and Immigration Services may be used to acquire, operate, equip, and dispose of up to 5 vehicles, for replacement only, for areas where the Administrator of General Services does not provide vehicles for lease.

(b) The Director of U.S. Citizenship and Immigration Services may authorize employees who are assigned to those areas to use such vehicles to travel between the employees' residences and places of employment.

SEC. 402. None of the funds appropriated by this Act may be used to process or approve a competition under Office of Management and Budget Circular A-76 for services provided by employees (including employees serving on a temporary or term basis) of U.S. Citizenship and Immigration Services of the Department of Homeland Security who are known as Immigration Information Officers, Immigration Service Analysts, Contact Representatives, Investigative Assistants, or Immigration Services Officers.

SEC. 403. The terms and conditions of section 403 of the Department of Homeland Security Appropriations Act, 2020 (division D of Public Law 116-93) shall apply to this Act.

SEC. 404. Notwithstanding the seventh proviso under the heading "Immigration and Naturalization Service—Salaries and Expenses" in Public Law 105-119 (relating to FD-258 fingerprint cards), or any other provision of law, any Federal funds made available to U.S. Citizenship and Immigration Services may be used for the collection and use of biometrics taken at a U.S. Citizenship and Immigration Services Application Support Center that is overseen virtually by U.S. Citizenship and Immigration Services personnel using appropriate technology.

SEC. 405. The Director of the Federal Law Enforcement Training Centers is authorized to distribute funds to Federal law enforcement agencies for expenses incurred participating in training accreditation.

SEC. 406. The Federal Law Enforcement Training Accreditation Board, including representatives from the Federal law enforcement community and non-Federal accreditation experts involved in law enforcement training, shall lead the Federal law enforcement training accreditation process to continue the implementation of measuring and assessing the quality and effectiveness of Federal law enforcement training programs, facilities, and instructors.

SEC. 407. (a) The Director of the Federal Law Enforcement Training Centers may accept transfers to its "Procurement, Construction, and Improvements" account from Government agencies requesting the construction of special use facilities, as authorized by the Economy Act (31 U.S.C. 1535(b)).

(b) The Federal Law Enforcement Training Centers shall maintain administrative control and ownership upon completion of such facilities.

SEC. 408. The functions of the Federal Law Enforcement Training Centers instructor staff shall be classified as inherently govern-

mental for purposes of the Federal Activities Inventory Reform Act of 1998 (31 U.S.C. 501 note).

TITLE V

GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

SEC. 501. No part of any appropriation contained in this Act shall remain available for obligation beyond the current fiscal year unless expressly so provided herein.

SEC. 502. Subject to the requirements of section 503 of this Act, the unexpended balances of prior appropriations provided for activities in this Act may be transferred to appropriation accounts for such activities established pursuant to this Act, may be merged with funds in the applicable established accounts, and thereafter may be accounted for as one fund for the same time period as originally enacted.

SEC. 503. (a) None of the funds provided by this Act, provided by previous appropriations Acts to the components in or transferred to the Department of Homeland Security that remain available for obligation or expenditure in fiscal year 2022, or provided from any accounts in the Treasury of the United States derived by the collection of fees available to the components funded by this Act, shall be available for obligation or expenditure through a reprogramming of funds that—

(1) creates or eliminates a program, project, or activity, or increases funds for any program, project, or activity for which funds have been denied or restricted by the Congress;

(2) contracts out any function or activity presently performed by Federal employees or any new function or activity proposed to be performed by Federal employees in the President's budget proposal for fiscal year 2022 for the Department of Homeland Security;

(3) augments funding for existing programs, projects, or activities in excess of \$5,000,000 or 10 percent, whichever is less;

(4) reduces funding for any program, project, or activity, or numbers of personnel, by 10 percent or more; or

(5) results from any general savings from a reduction in personnel that would result in a change in funding levels for programs, projects, or activities as approved by the Congress.

(b) Subsection (a) shall not apply if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 15 days in advance of such reprogramming.

(c) Up to 5 percent of any appropriation made available for the current fiscal year for the Department of Homeland Security by this Act or provided by previous appropriations Acts may be transferred between such appropriations if the Committees on Appropriations of the Senate and the House of Representatives are notified at least 30 days in advance of such transfer, but no such appropriation, except as otherwise specifically provided, shall be increased by more than 10 percent by such transfer.

(d) Notwithstanding subsections (a), (b), and (c), no funds shall be reprogrammed within or transferred between appropriations

based upon an initial notification provided after June 30, except in extraordinary circumstances that imminently threaten the safety of human life or the protection of property.

(e) The notification thresholds and procedures set forth in subsections (a), (b), (c), and (d) shall apply to any use of deobligated balances of funds provided in previous Department of Homeland Security Appropriations Acts that remain available for obligation in the current year.

(f) Notwithstanding subsection (c), the Secretary of Homeland Security may transfer to the fund established by 8 U.S.C. 1101 note, up to \$20,000,000 from appropriations available to the Department of Homeland Security: *Provided*, That the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 5 days in advance of such transfer.

SEC. 504. (a) Section 504 of the Department of Homeland Security Appropriations Act, 2017 (division F of Public Law 115–31), related to the operations of a working capital fund, shall apply with respect to funds made available in this Act in the same manner as such section applied to funds made available in that Act.

(b) Funds from such working capital fund may be obligated and expended in anticipation of reimbursements from components of the Department of Homeland Security.

SEC. 505. (a) Except as otherwise specifically provided by law, not to exceed 50 percent of unobligated balances remaining available at the end of fiscal year 2022, as recorded in the financial records at the time of a reprogramming notification, but not later than June 30, 2023, from appropriations for “Operations and Support” for fiscal year 2022 in this Act shall remain available through September 30, 2023, in the account and for the purposes for which the appropriations were provided.

(b) Prior to the obligation of such funds, a notification shall be submitted to the Committees on Appropriations of the Senate and the House of Representatives in accordance with section 503 of this Act.

SEC. 506. (a) Funds made available by this Act for intelligence activities are deemed to be specifically authorized by the Congress for purposes of section 504 of the National Security Act of 1947 (50 U.S.C. 414) during fiscal year 2022 until the enactment of an Act authorizing intelligence activities for fiscal year 2022.

(b) Amounts described in subsection (a) made available for “Intelligence, Analysis, and Operations Coordination—Operations and Support” that exceed the amounts in such authorization for such account shall be transferred to and merged with amounts made available under the heading “Management Directorate—Operations and Support”.

(c) Prior to the obligation of any funds transferred under subsection (b), the Management Directorate shall brief the Committees on Appropriations of the Senate and the House of Representatives on a plan for the use of such funds.

SEC. 507. (a) The Secretary of Homeland Security, or the designee of the Secretary, shall notify the Committees on Appropriations of the Senate and the House of Representatives at least 3 full business days in advance of—

(1) making or awarding a grant allocation or grant in excess of \$1,000,000;

(2) making or awarding a contract, other transaction agreement, or task or delivery order on a Department of Homeland Security multiple award contract, or to issue a letter of intent totaling in excess of \$4,000,000;

(3) awarding a task or delivery order requiring an obligation of funds in an amount greater than \$10,000,000 from multi-year Department of Homeland Security funds;

(4) making a sole-source grant award; or

(5) announcing publicly the intention to make or award items under paragraph (1), (2), (3), or (4), including a contract covered by the Federal Acquisition Regulation.

(b) If the Secretary of Homeland Security determines that compliance with this section would pose a substantial risk to human life, health, or safety, an award may be made without notification, and the Secretary shall notify the Committees on Appropriations of the Senate and the House of Representatives not later than 5 full business days after such an award is made or letter issued.

(c) A notification under this section—

(1) may not involve funds that are not available for obligation; and

(2) shall include the amount of the award; the fiscal year for which the funds for the award were appropriated; the type of contract; and the account from which the funds are being drawn.

SEC. 508. Notwithstanding any other provision of law, no agency shall purchase, construct, or lease any additional facilities, except within or contiguous to existing locations, to be used for the purpose of conducting Federal law enforcement training without advance notification to the Committees on Appropriations of the Senate and the House of Representatives, except that the Federal Law Enforcement Training Centers is authorized to obtain the temporary use of additional facilities by lease, contract, or other agreement for training that cannot be accommodated in existing Centers' facilities.

SEC. 509. None of the funds appropriated or otherwise made available by this Act may be used for expenses for any construction, repair, alteration, or acquisition project for which a prospectus otherwise required under chapter 33 of title 40, United States Code, has not been approved, except that necessary funds may be expended for each project for required expenses for the development of a proposed prospectus.

SEC. 510. Sections 520, 522, and 530 of the Department of Homeland Security Appropriations Act, 2008 (division E of Public Law 110–161; 121 Stat. 2073 and 2074) shall apply with respect to funds made available in this Act in the same manner as such sections applied to funds made available in that Act.

SEC. 511. (a) None of the funds made available in this Act may be used in contravention of the applicable provisions of the Buy American Act.

(b) For purposes of subsection (a), the term “Buy American Act” means chapter 83 of title 41, United States Code.

SEC. 512. None of the funds made available in this Act may be used to amend the oath of allegiance required by section 337 of the Immigration and Nationality Act (8 U.S.C. 1448).

SEC. 513. (a) None of the funds provided or otherwise made available in this Act shall be available to carry out section 872 of the Homeland Security Act of 2002 (6 U.S.C. 452) unless explicitly authorized by the Congress.

(b) Subsection (a) shall not apply to—

(1) the use of such section 872 to establish an office within the Office of the Secretary that shall, for departmental workforce health, safety, and medical functions and activities—

- (A) develop departmental policies;
- (B) establish standards;
- (C) provide technical assistance;
- (D) conduct oversight; and
- (E) serve as the primary liaison and coordinator; and

(2) the reallocation to an office established under paragraph (1) of—

(A) the position and responsibilities of the Chief Medical Officer and related personnel from the Countering Weapons of Mass Destruction Office;

(B) the personnel, functions, and responsibilities related to departmental workforce health and medical activities from the Under Secretary for Management as authorized in section 710 of the Homeland Security Act, and related safety activities; and

(C) the responsibility of carrying out the program authorized by section 528 of the Homeland Security Act and related personnel.

(c) The Secretary of Homeland Security may transfer funds made available in this Act under the headings “Management Directorate” and “Countering Weapons of Mass Destruction Office” consistent with the establishment of the office and the reallocations of functions, positions, and responsibilities described in subsection (b).

(d) The Secretary shall submit a notification to the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Homeland Security of the House of Representatives, and the Homeland Security and Governmental Affairs Committee of the Senate at least 15 days prior to the establishment of the office described in subsection (b).

(e) The functions of the office described in subsection (b) shall not include chemical, biological, radiological, and nuclear programs of the Countering Weapons of Mass Destruction Office and the transfer of funds described in subsection (c) shall not include funding appropriated for such programs.

SEC. 514. None of the funds made available in this Act may be used for planning, testing, piloting, or developing a national identification card.

SEC. 515. Any official that is required by this Act to report or to certify to the Committees on Appropriations of the Senate and the House of Representatives may not delegate such authority to perform that act unless specifically authorized herein.

SEC. 516. None of the funds made available in this Act may be used for first-class travel by the employees of agencies funded by

this Act in contravention of sections 301–10.122 through 301–10.124 of title 41, Code of Federal Regulations.

SEC. 517. None of the funds made available in this Act may be used to employ workers described in section 274A(h)(3) of the Immigration and Nationality Act (8 U.S.C. 1324a(h)(3)).

SEC. 518. Notwithstanding any other provision of this Act, none of the funds appropriated or otherwise made available by this Act may be used to pay award or incentive fees for contractor performance that has been judged to be below satisfactory performance or performance that does not meet the basic requirements of a contract.

SEC. 519. None of the funds appropriated or otherwise made available by this Act may be used by the Department of Homeland Security to enter into any Federal contract unless such contract is entered into in accordance with the requirements of subtitle I of title 41, United States Code, or chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless such contract is otherwise authorized by statute to be entered into without regard to the above referenced statutes.

SEC. 520. (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography.

(b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

SEC. 521. None of the funds made available in this Act may be used by a Federal law enforcement officer to facilitate the transfer of an operable firearm to an individual if the Federal law enforcement officer knows or suspects that the individual is an agent of a drug cartel unless law enforcement personnel of the United States continuously monitor or control the firearm at all times.

SEC. 522. (a) None of the funds made available in this Act may be used to pay for the travel to or attendance of more than 50 employees of a single component of the Department of Homeland Security, who are stationed in the United States, at a single international conference unless the Secretary of Homeland Security, or a designee, determines that such attendance is in the national interest and notifies the Committees on Appropriations of the Senate and the House of Representatives within at least 10 days of that determination and the basis for that determination.

(b) For purposes of this section the term “international conference” shall mean a conference occurring outside of the United States attended by representatives of the United States Government and of foreign governments, international organizations, or nongovernmental organizations.

(c) The total cost to the Department of Homeland Security of any such conference shall not exceed \$500,000.

(d) Employees who attend a conference virtually without travel away from their permanent duty station within the United States shall not be counted for purposes of this section, and the prohibition contained in this section shall not apply to payments for the costs of attendance for such employees.

SEC. 523. None of the funds made available in this Act may be used to reimburse any Federal department or agency for its participation in a National Special Security Event.

SEC. 524. (a) None of the funds made available to the Department of Homeland Security by this or any other Act may be obligated for the implementation of any structural pay reform or the introduction of any new position classification that will affect more than 100 full-time positions or costs more than \$5,000,000 in a single year before the end of the 30-day period beginning on the date on which the Secretary of Homeland Security submits to Congress a notification that includes—

- (1) the number of full-time positions affected by such change;
- (2) funding required for such change for the current fiscal year and through the Future Years Homeland Security Program;
- (3) justification for such change; and
- (4) for a structural pay reform, an analysis of compensation alternatives to such change that were considered by the Department.

(b) Subsection (a) shall not apply to such change if—

- (1) it was proposed in the President's budget proposal for the fiscal year funded by this Act; and
- (2) funds for such change have not been explicitly denied or restricted in this Act.

SEC. 525. (a) Any agency receiving funds made available in this Act shall, subject to subsections (b) and (c), post on the public website of that agency any report required to be submitted by the Committees on Appropriations of the Senate and the House of Representatives in this Act, upon the determination by the head of the agency that it shall serve the national interest.

(b) Subsection (a) shall not apply to a report if—

- (1) the public posting of the report compromises homeland or national security; or
- (2) the report contains proprietary information.

(c) The head of the agency posting such report shall do so only after such report has been made available to the Committees on Appropriations of the Senate and the House of Representatives for not less than 45 days except as otherwise specified in law.

SEC. 526. (a) Funding provided in this Act for "Operations and Support" may be used for minor procurement, construction, and improvements.

(b) For purposes of subsection (a), "minor" refers to end items with a unit cost of \$250,000 or less for personal property, and \$2,000,000 or less for real property.

SEC. 527. The authority provided by section 532 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115-141) regarding primary and secondary schooling of dependents shall continue in effect during fiscal year 2022.

SEC. 528. (a) For an additional amount for "Federal Emergency Management Agency—Federal Assistance", \$3,000,000, to remain available until September 30, 2023, exclusively for providing reimbursement of extraordinary law enforcement or other emergency personnel costs for protection activities directly and demonstrably

associated with any residence of the President that is designated or identified to be secured by the United States Secret Service.

(b) Subsections (b) through (f) of section 534 of the Department of Homeland Security Appropriations Act, 2018 (Public Law 115–141), shall be applied with respect to amounts made available by subsection (a) of this section by substituting “October 1, 2022” for “October 1, 2018” and “October 1, 2021” for “October 1, 2017”.

SEC. 529. (a) Section 831 of the Homeland Security Act of 2002 (6 U.S.C. 391) shall be applied—

(1) In subsection (a), by substituting “September 30, 2022,” for “September 30, 2017,”; and

(2) In subsection (c)(1), by substituting “September 30, 2022,” for “September 30, 2017”.

(b) The Secretary of Homeland Security, under the authority of section 831 of the Homeland Security Act of 2002 (6 U.S.C. 391(a)), may carry out prototype projects under section 2371b of title 10, United States Code, and the Secretary shall perform the functions of the Secretary of Defense as prescribed.

(c) The Secretary of Homeland Security under section 831 of the Homeland Security Act of 2002 (6 U.S.C. 391(d)) may use the definition of nontraditional government contractor as defined in section 2371b(e) of title 10, United States Code.

SEC. 530. (a) None of the funds appropriated or otherwise made available to the Department of Homeland Security by this Act may be used to prevent any of the following persons from entering, for the purpose of conducting oversight, any facility operated by or for the Department of Homeland Security used to detain or otherwise house aliens, or to make any temporary modification at any such facility that in any way alters what is observed by a visiting Member of Congress or such designated employee, compared to what would be observed in the absence of such modification:

(1) A Member of Congress.

(2) An employee of the United States House of Representatives or the United States Senate designated by such a Member for the purposes of this section.

(b) Nothing in this section may be construed to require a Member of Congress to provide prior notice of the intent to enter a facility described in subsection (a) for the purpose of conducting oversight.

(c) With respect to individuals described in subsection (a)(2), the Department of Homeland Security may require that a request be made at least 24 hours in advance of an intent to enter a facility described in subsection (a).

SEC. 531. (a) Except as provided in subsection (b), none of the funds made available in this Act may be used to place restraints on a woman in the custody of the Department of Homeland Security (including during transport, in a detention facility, or at an outside medical facility) who is pregnant or in post-delivery recuperation.

(b) Subsection (a) shall not apply with respect to a pregnant woman if—

(1) an appropriate official of the Department of Homeland Security makes an individualized determination that the woman—

- (A) is a serious flight risk, and such risk cannot be prevented by other means; or
- (B) poses an immediate and serious threat to harm herself or others that cannot be prevented by other means; or
- (2) a medical professional responsible for the care of the pregnant woman determines that the use of therapeutic restraints is appropriate for the medical safety of the woman.
- (c) If a pregnant woman is restrained pursuant to subsection (b), only the safest and least restrictive restraints, as determined by the appropriate medical professional treating the woman, may be used. In no case may restraints be used on a woman who is in active labor or delivery, and in no case may a pregnant woman be restrained in a face-down position with four-point restraints, on her back, or in a restraint belt that constricts the area of the pregnancy. A pregnant woman who is immobilized by restraints shall be positioned, to the maximum extent feasible, on her left side.

SEC. 532. (a) None of the funds made available by this Act may be used to destroy any document, recording, or other record pertaining to any—

- (1) death of,
 - (2) potential sexual assault or abuse perpetrated against, or
 - (3) allegation of abuse, criminal activity, or disruption committed by
- an individual held in the custody of the Department of Homeland Security.

(b) The records referred to in subsection (a) shall be made available, in accordance with applicable laws and regulations, and Federal rules governing disclosure in litigation, to an individual who has been charged with a crime, been placed into segregation, or otherwise punished as a result of an allegation described in paragraph (3), upon the request of such individual.

SEC. 533. Section 519 of division F of Public Law 114–113, regarding a prohibition on funding for any position designated as a Principal Federal Official, shall apply with respect to any Federal funds in the same manner as such section applied to funds made available in that Act.

SEC. 534. Within 60 days of any budget submission for the Department of Homeland Security for fiscal year 2023 that assumes revenues or proposes a reduction from the previous year based on user fees proposals that have not been enacted into law prior to the submission of the budget, the Secretary of Homeland Security shall provide the Committees on Appropriations of the Senate and the House of Representatives specific reductions in proposed discretionary budget authority commensurate with the revenues assumed in such proposals in the event that they are not enacted prior to October 1, 2022.

SEC. 535. None of the funds made available by this Act may be obligated or expended to implement the Arms Trade Treaty until the Senate approves a resolution of ratification for the Treaty.

SEC. 536. (a) Not later than 10 days after the date on which the budget of the President for a fiscal year is submitted to Congress pursuant to section 1105(a) of title 31, United States Code, the Under Secretary for Management of Homeland Security shall submit to the Committees on Appropriations of the Senate and the

House of Representatives a report on the unfunded priorities, for the Department of Homeland Security and separately for each departmental component, for which discretionary funding would be classified as budget function 050.

(b) Each report under this section shall specify, for each such unfunded priority—

(1) a summary description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(2) the description, including the objectives to be achieved if such priority is funded (whether in whole or in part);

(3) account information, including the following (as applicable):

(A) appropriation account; and

(B) program, project, or activity name; and

(4) the additional number of full-time or part-time positions to be funded as part of such priority.

(c) In this section, the term “unfunded priority”, in the case of a fiscal year, means a requirement that—

(1) is not funded in the budget referred to in subsection (a);

(2) is necessary to fulfill a requirement associated with an operational or contingency plan for the Department; and

(3) would have been recommended for funding through the budget referred to in subsection (a) if—

(A) additional resources had been available for the budget to fund the requirement;

(B) the requirement has emerged since the budget was formulated; or

(C) the requirement is necessary to sustain prior-year investments.

SEC. 537. (a) Not later than 10 days after a determination is made by the President to evaluate and initiate protection under any authority for a former or retired Government official or employee, or for an individual who, during the duration of the directed protection, will become a former or retired Government official or employee (referred to in this section as a “covered individual”), the Secretary of Homeland Security shall submit a notification to congressional leadership and the Committees on Appropriations of the Senate and the House of Representatives, the Committees on the Judiciary of the Senate and the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, the Committee on Homeland Security of the House of Representatives, and the Committee on Oversight and Reform of the House of Representatives (referred to in this section as the “appropriate congressional committees”).

(b) Such notification may be submitted in classified form, if necessary, and in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, as appropriate, and shall include the threat assessment, scope of the protection, and the anticipated cost and duration of such protection.

(c) Not later than 15 days before extending, or 30 days before terminating, protection for a covered individual, the Secretary of Homeland Security shall submit a notification regarding the exten-

sion or termination and any change to the threat assessment to the congressional leadership and the appropriate congressional committees.

(d) Not later than 45 days after the date of enactment of this Act, and quarterly thereafter, the Secretary shall submit a report to the congressional leadership and the appropriate congressional committees, which may be submitted in classified form, if necessary, detailing each covered individual, and the scope and associated cost of protection.

SEC. 538. (a) There is hereby established in the Treasury of the United States a fund to be known as the “Department of Homeland Security Nonrecurring Expenses Fund” (the Fund).

(b) Unobligated balances of expired discretionary funds appropriated for this or any succeeding fiscal year from the General Fund of the Treasury to the Department of Homeland Security by this or any other Act may be transferred (not later than the end of the fifth fiscal year after the last fiscal year for which such funds are available for the purposes for which appropriated) into the Fund.

(c) Amounts deposited in the Fund shall be available until expended, and in addition to such other funds as may be available for such purposes, for information technology system modernization and facilities infrastructure improvements necessary for the operation of the Department, subject to approval by the Office of Management and Budget.

(d) Amounts in the Fund may be obligated only after the Committees on Appropriations of the House of Representatives and the Senate are notified at least 15 days in advance of the planned use of funds.

SEC. 539. (a) None of the funds provided to the Department of Homeland Security in this or any prior Act may be used by an agency to submit an initial project proposal to the Technology Modernization Fund (as authorized by section 1078 of subtitle G of Title X of the National Defense Authorization Act for Fiscal Year 2018 (Public Law 115–91)) unless, concurrent with the submission of an initial project proposal to the Technology Modernization Board, the head of the agency—

(1) notifies the Committees on Appropriations of the Senate and the House of Representatives of the proposed submission of the project proposal;

(2) submits to the Committees on Appropriations a copy of the project proposal; and

(3) provides a detailed analysis of how the proposed project funding would supplement or supplant funding requested as part of the Department’s most recent budget submission.

(b) None of the funds provided to the Department of Homeland Security by the Technology Modernization Fund shall be available for obligation until 15 days after a report on such funds has been transmitted to the Committees on Appropriations of the Senate and the House of Representatives.

(c) The report described in subsection (b) shall include—

(1) the full project proposal submitted to and approved by the Fund’s Technology Modernization Board;

(2) the finalized interagency agreement between the Department and the Fund including the project's deliverables and repayment terms, as applicable;

(3) a detailed analysis of how the project will supplement or supplant existing funding available to the Department for similar activities;

(4) a plan for how the Department will repay the Fund, including specific planned funding sources, as applicable; and

(5) other information as determined by the Secretary.

SEC. 540. None of the funds appropriated or otherwise made available in this or any other Act may be used to transfer, release, or assist in the transfer or release to or within the United States, its territories, or possessions Khalid Sheikh Mohammed or any other detainee who—

(1) is not a United States citizen or a member of the Armed Forces of the United States; and

(2) is or was held on or after June 24, 2009, at the United States Naval Station, Guantanamo Bay, Cuba, by the Department of Defense.

SEC. 541. Subsection (c) of section 16005 of title VI of division B of the Coronavirus Aid, Relief, and Economic Security Act (Public Law 116–136) shall be applied as if the language read as follows: “Subsection (a) shall apply until September 30, 2022.”.

SEC. 542. For necessary expenses related to providing customs and immigration inspection and pre-inspection services at, or in support of ports of entry, pursuant to section 1356 of title 8, United States Code, and section 58c(f) of title 19, United States Code, and in addition to any other funds made available for this purpose, there is appropriated, out of any money in the Treasury not otherwise appropriated, \$650,000,000, to offset the loss resulting from the coronavirus pandemic of Immigration User Fee receipts collected pursuant to section 286(h) of the Immigration and Nationality Act (8 U.S.C. 1356(h)), and fees for certain customs services collected pursuant to paragraphs 1 through 8 and paragraph 10 of subsection (a) of section 13031 of the Consolidated Omnibus Budget Reconciliation Act of 1985 (19 U.S.C. 58c(a)(1)–(8) and (a)(10)).

SEC. 543. (a) For an additional amount for the accounts, in the amounts, and for the purposes specified, in addition to amounts otherwise made available for such purposes—

(1) “U.S. Customs and Border Protection—Operations and Support”, \$993,792,000 for border management requirements of the U.S. Border Patrol;

(2) “U.S. Immigration and Customs Enforcement—Operations and Support”, \$239,658,000 for non-detention border management requirements; and

(3) “Federal Emergency Management Agency—Federal Assistance”, \$150,000,000, to be available for the emergency food and shelter program for the purposes of providing shelter and other services to families and individuals encountered by the Department of Homeland Security.

(b) Not later than 30 days after the date of enactment of this Act, the Under Secretary for Management shall provide an expenditure plan for the use of the funds made available in subsection (a).

(RESCISSIONS OF FUNDS)

SEC. 544. (a) Of the unobligated balances from amounts made available under the heading “U.S. Customs and Border Protection—Procurement, Construction, and Improvements” by section 230(a)(3) of division A of the Consolidated Appropriations Act, 2019 (Public Law 116–6) for construction and facility improvements, \$90,500,000 are hereby rescinded.

[CLERK’S NOTE.—Reproduced below is the material relating to division F contained in the Explanatory Statement regarding H.R. 2471, the Consolidated Appropriations Act, 2022.¹]

**DIVISION F—DEPARTMENT OF HOMELAND SECURITY
APPROPRIATIONS ACT, 2022**

The following is an explanation of Division F, which makes appropriations for the Department of Homeland Security (DHS) for fiscal year 2022. Funding provided in this agreement sustains existing programs that protect the nation from all manner of threats and ensures DHS’s ability to improve preparedness at the federal, state, local, tribal, and territorial levels; prevent and respond to terrorist attacks; and hire, train, and equip DHS frontline personnel protecting the country.

The joint explanatory statement accompanying this division is approved and indicates congressional intent. Unless otherwise noted, language set forth in House Report 117–87 carries the same weight as language included in this joint explanatory statement and should be complied with unless specifically addressed to the contrary in this joint explanatory statement. While some language is repeated for emphasis, it is not intended to negate the language referred to above unless expressly provided herein.

When this joint explanatory statement refers to the Committees or the Committees on Appropriations, these references are to the House Appropriations Subcommittee on Homeland Security and the Senate Appropriations Subcommittee on Homeland Security.

This explanatory statement refers to certain entities, persons, funds, and documents as follows: the Department of Homeland Security is referenced as DHS or the Department; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as OIG. In addition, “full-time equivalents” are referred to as FTE; “Information Technology” is referred to as IT; “program, project, and activity” is referred to as PPA; any reference to “the Secretary” should be interpreted to mean the Secretary of Homeland Security; “component” should be interpreted to mean an agency, administration, or directorate within DHS; any reference to SLTT should be interpreted to mean state, local, tribal, and territorial; and “budget request” or “the request” should be interpreted to mean the budget of the U.S. Government for fiscal year 2022 that was submitted to Congress on May 28, 2021.

¹ This Explanatory Statement was submitted for printing in the Congressional Record on March 9, 2022 by Ms. DeLauro of Connecticut, Chair of the House Committee on Appropriations. The Statement appears on page H2395 of Book III.

TITLE I—DEPARTMENTAL MANAGEMENT, OPERATIONS,
INTELLIGENCE, AND OVERSIGHT

OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

OPERATIONS AND SUPPORT

The agreement includes an increase of \$11,306,000 above the budget request, including program increases above the request of: \$4,700,000 for the Office of Strategy, Policy and Plans for a Migration Analysis Center; \$3,500,000 for the Office for Civil Rights and Civil Liberties (CRCL); \$3,310,000 for the Office of the Immigration Detention Ombudsman (OIDO); and \$400,000 for the Office of Partnership and Engagement. The bill does not provide the requested \$604,000 to transfer the Office for Faith-Based and Neighborhood Partnerships.

Biometric Exit.—Not later than 30 days after the date of enactment of this Act, the Department is directed to provide an expenditure plan for H-1B and L-1 fee revenue and any other resources to be applied to biometric exit implementation. The Secretary is encouraged to continue working with the Government of Mexico to adopt technology infrastructure that would support entry and exit data exchange. Not later than 180 days after the date of enactment of this Act, the Department shall brief the Committees on its ongoing efforts to address entry and exit data collection and exchange in the air, land, and sea border environments.

Blue Campaign.—The agreement includes \$3,000,000 for the Blue Campaign, an increase of \$400,000 above the request to continue the transition of the program to direct appropriations and away from a reliance on component contributions. The Department is directed to account for and propose full direct funding for program operations in the justification materials that accompany future budget submissions.

Border Barriers.—Within 120 days of the date of enactment of this Act, the Secretary of Homeland Security, in consultation with the Secretary of the Interior, shall convene a multi-agency working group to identify the impacts of complete and incomplete border security infrastructure on border security, communities, tribes, wildlife, and local environments, including the impacts of erosion and improper drainage associated with partially complete infrastructure projects. Not later than 240 days after the date of enactment of this Act, the Secretary shall provide the Committees with a plan for addressing such impacts.

Case Management.—DHS is directed to coordinate with the Department of Health and Human Services (HHS) to provide an analysis of existing Alternative to Detention (ATD) case management programs. The Department shall brief the Committees on their findings within 180 days of the date of enactment of this Act.

Family Separation—Extended Families.—For unaccompanied children who arrive with an adult immediate relative, other than a parent or legal guardian, CBP shall ensure that ORR is made aware of the extended family relationship and that its electronic processing systems document such relationships. DHS is directed to develop consistent policies, informed by the best interests of the child and in collaboration with other federal agencies that work

with unaccompanied children, for the treatment of family units. In addition, the Department is directed to provide the Committees with a report, not later than 60 days after the date of enactment of this Act, detailing the Department's working definitions of, and any pertinent memos, trainings, or documents, relating to the issue of "fraudulent family units."

Family Separation and Reunification.—Whenever possible and consistent with the best interests of the child, the Department shall ensure that separated family units are reunited prior to removal or release from U.S. Customs and Border Protection (CBP) custody and remain together upon transfer to U.S. Immigration and Customs Enforcement (ICE) or Office of Refugee Resettlement (ORR) custody. Individuals transferred from CBP to ICE custody, currently in ICE custody, or under ICE supervision should also have opportunities to report family separation incidents; to verify the status, location, and disposition of family members; and to regularly communicate by telephone with family members. The Department shall ensure that agents and officers are properly trained in child welfare screening for child victims of trafficking, in accordance with the Trafficking Victims Protection Reauthorization Act of 2008 (Public Law 110–457). CBP shall also continue to follow direction in Senate Report 116—125 regarding Immigration Reunification. The Department is directed to continue to provide a monthly report to the Committees, to also be made public on the department's website, which shall document when and where all family separations occur.

The Department is directed to continue to provide a monthly report to the Committees, to also be made public on the department's website, which shall provide the following:

(1) the number of children separated from their parents at the border, delineated by age and nationality of the children and the parents or legal guardians;

(2) the nature of administrative or criminal charges filed against adult family members;

(3) the basis for the separation, including whether such separation was based on information obtained by a foreign government;

(4) how often family units apprehended together are detained in ICE custody, referred to ORR, and/or deported separately;

(5) whether child welfare experts were consulted prior to the family's physical separation;

(6) whether a minor was separated from a group presenting as a family unit after a determination that no adult in the group was a parent or legal guardian; and

(7) in cases where CBP separates individuals claiming to be a family unit on the basis of suspected human trafficking, information about whether any adult in the group was subsequently charged civilly or criminally with a trafficking offense.

The report shall also detail processes for ensuring the reunification of separated family units and as applicable, the Department may transmit information relating to (3) above in the appropriate format.

Federal Law Enforcement.—The agreement notes that the explanatory statement accompanying the Commerce, Justice, Science, and Related Agencies Appropriations Act, 2022 directs the Attorney

General to ensure implementation of evidence-based training programs on de-escalation and the use-of-force, as well as on police community relations, and the protection of civil rights, that are broadly applicable and scalable to all Federal law enforcement agencies. The agreement further notes that several agencies funded by this Act employ Federal law enforcement officers and are Federal Law Enforcement Training Centers partner organizations. The agreement directs such agencies to consult with the Attorney General regarding the implementation of these programs for their law enforcement officers. The agreement further directs such agencies to submit a report to the Committees on Appropriations on their efforts relating to such implementation no later than 180 days after consultation with the Attorney General. In addition, the agreement directs such agencies, to the extent that they are not already participating, to consult with the Attorney General and the Director of the FBI regarding participation in the National Use-of-Force Data Collection. The agreement further directs such agencies to submit a report to the Committees on Appropriations, no later than 180 days after enactment of this Act, on their efforts to so participate.

Future Goods and Services for Homeland Security Feasibility Report.—The Department is directed to submit the report required in the joint explanatory statement accompanying the fiscal year 2021 Act on the feasibility of producing an annual projection of needs for goods and services necessary for responding to and supporting recovery from nationwide disruptions.

Headquarters Organizational Units.—The Department is directed to brief the Committees at least 60 days prior to any changes to or transfer of headquarters organizational units.

Language Access Programs.—Not later than 30 days after the completion of the analysis of component language access plans directed in the explanatory statement accompanying the fiscal year 2021 Act, CRCL is directed to brief the Committees on the results of the analysis and recommendations for improvements to such plans.

Law Enforcement Support.—Not later than 90 days after the date of enactment of this Act and to be updated quarterly, the Secretary shall make available a report on a publicly accessible website that includes data on requests to any law enforcement component of the Department of Homeland Security for law enforcement support in the form of personnel, aircraft, or other assets, which shall include each of the following for each requesting entity:

- (1) the purposes for which support is requested;
- (2) the numbers and categories of personnel and assets requested;
- (3) the requested duration of the support;
- (4) whether the requested support was provided and, if so, the dates and descriptions of such support; and
- (5) an estimated cost of providing such support.

These reporting requirements shall apply to requests from non-federal law enforcement entities and federal law enforcement entities, including other components of the Department of Homeland Security. The reporting requirements shall not apply to:

(1) requests for support or support associated with Special Event Assessment Rating events for which the Department of Homeland Security and other Federal departments and agencies provide support by law;

(2) support and coordination associated with National Special Security Events;

(3) training and other educational support;

(4) support provided through a grant program; or

(5) cooperative or joint investigations.

Support to a non-federal entity in a location where First Amendment protected activity is occurring should only be provided if approved in advance by the Secretary, the Deputy Secretary, or the Under Secretary for Management, and the Department shall notify the Committees not more than 48 hours after the approval of such support.

Legal Orientation and Access Programs.—Within 270 days of the date of enactment of this Act, the Office of Strategy, Policy, and Plans, in cooperation with CRCL, shall brief the Committees on the benefits, challenges, and potential impact of establishing legal orientation and access programs in all custody and detention facilities.

Domestic Terrorism.—The Department is directed to coordinate with the Department of Justice, including the FBI, and key public safety officials across the United States to promote information sharing and ensure an effective joint effort to combat domestic terrorism. The Department is also directed to review its anti-terrorism training and resource programs for federal and SLTT law enforcement agencies, with a focus on ensuring they are effective in helping agencies understand, detect, deter, and investigate extremist threats, including any potential surreptitious efforts by extremists to join the ranks of law enforcement.

Not later than 90 days after the date of enactment of this Act, the Department is directed to brief the Committees on Appropriations and Judiciary of the House and the Senate on its assessment of the domestic terrorism threat, including internal threats to law enforcement. The briefings shall also include an analysis of acts or attempted acts of domestic terrorism in the United States during fiscal year 2021.

Official Reception and Representation Expenses.—DHS shall continue to submit quarterly obligation reports for official reception and representation expenses, as in prior years, and refrain from using such funds for unnecessary collectibles or memorabilia.

OSEM Hiring and Staffing.—OSEM is directed to provide quarterly updates to the Committees on hiring and staffing within OSEM.

Outreach to Tribes and Rural Areas.—The Office of Partnership and Engagement is directed to brief the Committees not later than 90 days after the date of enactment of this Act on its outreach efforts to rural communities and tribes in support of the homeland security mission.

CBP Border Security Technology.—Within 90 days of the date of enactment of this Act, DHS is directed to brief the Committees on each type of border security technology in use between the ports of entry, which should address the following:

- (1) the type of technology, including its mechanism for collecting data and the type of data it collects;
- (2) the justification for the use of the technology;
- (3) potential privacy impacts that could result from the use of the technology and measures in place to mitigate those impacts where appropriate;
- (4) identification of which technologies have had privacy or civil liberties reviews submitted to or carried out by CRCL or the DHS Privacy Office;
- (5) oversight mechanisms in place to ensure adherence to privacy laws and policies;
- (6) the number of complaints received by CRCL related to each border security technology platform or modality;
- (7) the data collection, handling, and disposal policies for the technology;
- (8) any contract or other agreement for the acquisition or use of the technology, with appropriate redactions for proprietary or sensitive law enforcement information; and
- (9) any memoranda of understanding with other agencies related to the use of the technology and accompanying justification for each agreement, with appropriate redactions for sensitive law enforcement information.

The briefing shall also address the feasibility of making this information available on a public facing website, to be updated quarterly as necessary and with appropriate redactions for law enforcement sensitive information.

Parole Requests.—Beginning within 60 days, the Department shall provide quarterly reports on the number of parole requests received and granted, and for those granted, the rationale for each grant and its duration.

Policies, Standards, and Practices.—GAO is directed to review use of force policies, incident tracking mechanisms, and training for DHS law enforcement components, including an assessment of whether vehicle pursuit policies, apprehension tactics, training on de-escalation and less lethal responses, and other policies, standards, and practices: (1) follow law enforcement best practices; (2) reflect recommendations from the Homeland Security Advisory Council's Integrity Advisory Panel; and (3) compare to those of Department of Justice law enforcement components. GAO shall provide a briefing to the Committees on the interim results of the review not later than 180 days after the date of enactment of this Act and shall provide a final report to the Committees not later than one year after the date of enactment of this Act.

Public Reporting of Operational Statistics.—The Department is directed to submit quarterly Border Security Status Reports and data on the removal of the parents of U.S.-born children semiannually, as in prior years.

Records Management.—The Department is expected to maintain records and respond to records requests according to the requirements of section 552 of title 5, United States Code, for information related to all detainees in the custody of the Department, regardless of whether such detainees are housed in a federal or non-federal detention facility. Records should only be withheld from disclosure if the Department reasonably foresees that disclosure would

harm an interest protected by an exemption described in section 552(b) of title 5, United States Code, or is otherwise prohibited by law.

Reporting Mechanism.—Not later than 120 days after the date of enactment of this Act, CRCL is directed to brief the Committees on current mechanisms for the intake of complaints from the public related to state and local law enforcement involvement in federal immigration enforcement.

Review of Law Enforcement Officer (LEO) Duties.—The Secretary is directed to engage with a Federally Funded Research and Development Center or other independent entity with appropriate expertise to review the duties and responsibilities of a CBP officer or agent. The review should determine whether such personnel currently perform roles for which LEO training and expertise is not required as a matter of law or regulation. DHS is directed to provide a briefing to the Committees on the results of this evaluation not later than 120 days after the date of enactment of this Act, which should include recommendations for any needed changes to statute, regulation or policy that could help reduce the Department's current reliance on LEOs for duties that could be provided by a non-LEO more efficiently and at less expense.

Small Unmanned Aerial Vehicles (sUAS).—Until national security requirements for procuring sUAS are in place, no funds in this Act shall be used to procure sUAS without a certification of review of the industry alert and any subsequent UAS guidance and the completion of a risk assessment that considers the proposed use of foreign-made UAS. The Office of Strategy, Policy, and Plans is directed to continue to review domestically produced sUAS alternatives and update guidance as appropriate.

State Police and Crime Labs.—The Department should continue to work with state crime labs where available, particularly in areas not adequately served by departmental labs or other federal facilities, and to provide appropriate assistance to state police crime labs to ensure federal requirements do not burden state resources and to prevent the accumulation of backlogs that can slow investigations. The Department shall report annually on its use of, and partnerships with, state crime labs, including an accounting of funding associated with such partnerships.

Tribal Engagement.—The Office of Partnership and Engagement is directed to continue briefing the Committees on its outreach efforts to rural communities and Tribes in support of their homeland security efforts, with the first such briefing to be provided not later than 90 days after the date of enactment of this Act.

Visa Overstays.—Consistent with section 1376 of title 8, United States Code, the Department is directed to submit an updated report outlining its comprehensive strategy for overstay enforcement and deterrence not later than 180 days after the date of enactment of this Act. The report shall detail ongoing actions to identify aliens who have overstayed their visas, including efforts to improve overstay reporting capabilities; notify aliens in advance of their required departure dates; track overstays for enforcement action; refuse or revoke current and future visas and travel authorization; and otherwise deter violations or take enforcement action.

Use of Facial Recognition Technology.—Within 180 days of the date of enactment of this Act, the Department is directed to implement a mechanism to track the use of non-federal systems with facial recognition technology by DHS personnel to support investigative activities. After implementing such mechanism, the Office of Strategy, Policy, and Plans is directed to brief the Committees on an assessment of the risks of using such systems, including privacy and accuracy-related risks; whether such risks have been or could be appropriately mitigated; and details of the requirements and costs of any new or expanded mitigation strategy.

FEDERAL ASSISTANCE

The agreement provides an increase of \$10,000,000 above the request for an Alternatives to Detention case management grant pilot program.

MANAGEMENT DIRECTORATE

OPERATIONS AND SUPPORT

The agreement includes an overall decrease of \$16,544,000 below the request. It includes increases of: \$1,800,000 above the request for the new GOVTA licenses for the National Finance Center Payroll Time and Attendance (T&A) Program; \$2,500,000 for the Secretary's Honors Program; \$18,156,000 for increased IDENT sustainment costs; and \$5,000,000 for Program Analysis and Evaluation (PA&E) to review models developed by DHS components. It includes a decrease of \$44,000,000 for vehicle fleet modernization. The agreement also provides net zero technical adjustments requested by the Department in technical drafting assistance.

Appropriations Structure Consistency.—Not later than 120 days after the date of enactment of this Act, the Program Analysis and Evaluation Director and the Budget Director shall brief the Committees on actions taken by the Office of the Chief Financial Officer (OCFO) to ensure consistent use of appropriations account categories (O&S, PC&I, and R&D) across DHS. The briefing shall include lessons learned since the establishment of the Common Appropriations Structure; oversight actions to ensure proper programming during the budget cycle and off-cycle to cover any year of execution changes; and options for strengthening consistency across the Department.

Budget Justifications.—The Department is expected to provide complete justification materials for the fiscal year 2023 budget request, providing details for each office and program, and clearly describing and accounting for current services, transfers, adjustments to base, and program changes. In addition to the elements and level of detail described in Senate Report 116–125, the justifications shall incorporate output from predictive models used by DHS component agencies to identify likely impacts to future requirements. For each relevant program area, justifications shall clearly describe and quantify the projections used to inform resource requests, indicate the agencies impacted by the projections, and confirm whether the budget requests for those agencies were developed using the same assumptions.

In addition, the Chief Financial Officer is directed to ensure that fiscal year 2023 budget justification materials for classified and unclassified budgets of all components are submitted concurrent with the President's budget submission to the Congress.

Component Briefing Materials.—Copies of written materials for all component, directorate, and office briefings to the Committees shall be provided to the Office of the Chief Financial Officer for review sufficiently in advance of scheduled briefings to ensure that the materials are responsive to briefing directives.

Component Spend Plans.—The Department is directed to notify the Committees when significant, policy related changes are made to spend plans. Any significant new activity that has not been explicitly justified to the Committees or for which funds have not been provided in appropriations Acts requires the submission of a reprogramming or transfer request.

Component Staffing Plans.—The Department shall submit staffing plans to the Committees on a quarterly basis and shall ensure such plans are connected to activity-level details in the budget justification materials.

Component Models.—The agreement includes \$5,000,000 for the Office of Program Analysis and Evaluation (PA&E) to review models developed by DHS components in order to develop and maintain an enterprise-wide awareness of models and create common standards to which component models are built and validated across the Department. PA&E shall prioritize efforts to incorporate agency models, where relevant, into internal budgeting and planning processes, directly connecting the output from those models to annual budget justification materials to either maintain or increase funding.

Counter-Unmanned Aerial Systems (CUAS).—Within 60 days of the date of enactment of this Act, the Department shall brief the Committees on its estimated funding needs, including those not addressed within the fiscal year 2023 budget request, for fiscal years 2023 through 2024 to research, test, acquire, and deploy CUAS capabilities.

Cybersecurity Professionals.—Not later than 60 days after the date of enactment of this Act, the Office of the Chief Human Capital Officer, in coordination with the Office of the Chief Information Officer (OCIO) and CISA, shall brief the Committees on the status of meeting the Department's cybersecurity hiring goals and plans for developing standardized metrics to ensure consistency in identifying personnel skills and talents across the Department. The briefing should also include recommendations on how the qualification standards for IT-focused jobs can be updated to meet the Department's needs and the role and anticipated impact from the new Cybersecurity Talent Management System.

Data Center Consolidation.—In addition to budget justification materials and obligation plans, OCIO shall provide semiannual briefings to the Committees on the execution of its major initiatives and investment areas, including details regarding cost, schedule, hybrid data center and cloud solutions, and the transfer of systems to or from department data centers or external hosts.

Domestic Supply Chain.—Not later than 180 days after the date of enactment of this Act, the Secretary of Homeland Security shall

provide a report to the Committees with recommendations on how the Department may procure additional items from domestic sources and bolster the domestic supply chain for items related to national security. The report shall include a status of the compliance of the Department with the requirements under section 604 of title VI of division A of the American Recovery and Reinvestment Act of 2009 (6 U.S.C. 453b). Additionally, the report shall include an assessment of the capacity of the Department to procure the following items from domestic sources: personal protective equipment and other items necessary to respond to a pandemic such as that caused by COVID-19; body armor components intended to provide ballistic protection for an individual; helmets that provide ballistic protection and other head protection and components; and rain gear, cold weather gear, and other environmental and flame resistant clothing.

Hiring in Rural Communities.—Not later than 90 days after the date of enactment of this Act, the Department shall provide a report to the Committees on the challenges of recruiting and retaining federal employees in non-contiguous and rural states. The report shall include a clear description of the obstacles related to using small businesses; information about rates of attrition; the numbers of unfilled positions; and the duration of time for which those positions have remained vacant. The report shall also provide an assessment of the effect these vacancies have on the ability of components to accomplish their statutory and administrative responsibilities.

IDENT Sustainment Operations.—The agreement includes an increase of \$18,156,000 which is required for the continued operations of IDENT throughout fiscal year 2022.

Independent Evaluation of the Homeland Security Advanced Recognition Technology System (HART).—The Department is directed to ensure an independent evaluation of revised program plans for HART is initiated in fiscal year 2022. Additionally, the Department shall provide adequate disclosure of its technologies, data collection mechanisms, and sharing agreements among DHS immigration enforcement agencies, other Federal, State, local, and foreign law enforcement agencies, and fusion centers as relates to the development of HART.

DHS Policy Regarding the Office of the Inspector General.—The agreement directs the Secretary to review MD 0810.1 to ensure the Department has clearly delineated roles and responsibilities for each of its oversight bodies, while also preserving the OIG's independence and authorities granted by the Inspector General Act of 1978. In reviewing this directive, for matters where the Secretary determines the OIG shall have the opportunity to claim exclusive jurisdiction, such jurisdiction shall be reviewed to ensure it is narrowly tailored to ensure that the Department's other oversight functions are able to continue to execute their responsibilities. The Department shall brief the Committees not later than 90 days after the date of enactment of this Act on the interim findings of this review and issue a revised directive, as warranted by the review, not later than 180 days after the date of enactment of this Act.

Office of Biometric Identity Management (OBIM) Semi-Annual Briefings.—OBIM is directed to continue briefing the Committees

on a semiannual basis on its workload, service levels, staffing, modernization efforts, and other operations.

Vehicle Fleet Modernization.—The agreement includes \$32,000,000 for vehicle fleet modernization. The Department is directed to provide to the Committees a spend plan for these funds within 45 days of the date of enactment of this Act.

Working Capital Fund (WCF) realignment.—The agreement includes the requested realignment of WCF transfers across the Operations and Support PPAs.

Zero Trust Security Model.—The agreement directs the Department to continue aggressively pursuing a zero trust security model including through adopting capabilities that allow endpoints such as mobile devices and remote workspaces to operate in a secure and protected manner, as they would normally exist within agency networks.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$95,000,000 above the request. The total includes the requested amounts for headquarters lease consolidations and decommissioning, improvements at Mt. Weather, and the proposed headquarters consolidation activities at the St. Elizabeths campus. It includes an increase of \$150,000,000 above the request for Joint Processing Centers, as described below. The agreement includes a decrease of \$30,000,000 from the request for financial services modernization and a decrease of \$25,000,000 from the request for HART development and deployment.

DHS Headquarters Consolidation.—Within 30 days of the date of enactment of this Act, the Department shall provide to the Committees an updated plan for the St. Elizabeths campus that has been approved by the Secretary, to include cost savings associated with the construction of new headquarters facilities for the Office of Intelligence and Analysis and ICE.

Financial Services Modernization (FSM).—Within 90 days of the date of enactment of this Act, the Department shall brief the Committees on its strategy for the acquisition of software and services related to FSM.

HART Development and Deployment.—The agreement includes a decrease of \$25,000,000 from the request in recognition of ongoing cost, schedule, and performance challenges, derailing implementation of new operational capabilities for DHS agencies. Within 45 days of the date of enactment of this Act, the Department shall provide a briefing to the Committees on the status of a revised program baseline and whether the DHS Acquisition Review Board has approved that revised baseline. The briefing shall also include steps the Department is taking to minimize future delays, and, as noted above, the timeframe to conduct an independent verification and validation of revised HART development plans.

Joint Processing Centers.—Increased migration to the U.S. Southern border over the past few years has strained the capabilities of CBP and ICE to both secure the border and to humanely process individuals in a timely manner. Beginning in 2019, CBP began leasing temporary, soft-sided facilities to help manage processing and mitigate overcrowding. Because the cost of leased facilities is not sustainable, the bill provides funding to construct two

permanent facilities in close proximity to the border, which also provides an opportunity to design facilities that can help CBP and ICE better integrate their operations, reducing costs and time in CBP custody for individuals, and returning agents to patrol the border. Not later than 90 days after the date of enactment of this Act, the Under Secretary for Management shall develop Department-wide requirements and operating procedures for Joint Processing Centers that enhance border security operations; better integrate CBP and ICE immigration processing; reduce the Department's short-term processing and custody costs; and facilitate the humane treatment of individuals encountered at the border.

INTELLIGENCE, ANALYSIS, AND OPERATIONS COORDINATION
OPERATIONS AND SUPPORT

The agreement reduces the request by \$22,449,000. A total of \$89,672,000 is available until September 30, 2023.

Annual Budget Justification Materials.—The fiscal year 2023 budget justification materials for the classified budget shall include the same level of detail required for other appropriations and PPAs.

Intelligence Expenditure Plan.—The Department's Chief Intelligence Officer is directed to brief the Committees on the fiscal year 2022 expenditure plan for the Office of Intelligence and Analysis within 30 days of the date of enactment of this Act. The plan shall include the following:

- (1) fiscal year 2022 expenditures and staffing allotted for each program as compared to fiscal years 2018 through 2021;
- (2) all funded versus on-board positions, including FTE, contractors, and reimbursable and non-reimbursable detailees;
- (3) a plan for all programs and investments, including dates or timeframes for achieving key milestones;
- (4) allocations of funding within each PPA for individual programs and a description of the desired outcomes for fiscal year 2022; and
- (5) items outlined in the classified annex accompanying this explanatory statement.

OFFICE OF INSPECTOR GENERAL
OPERATIONS AND SUPPORT

The agreement includes \$205,359,000, consistent with the budget request.

Custody Operations Reporting.—OIG is directed to continue its program of unannounced inspections of immigration detention facilities and shall publish its final report regarding the inspections within 180 days of the enactment of this Act. The Inspector General shall ensure that the results of the inspections and other reports and notifications related to custody operations activities are posted on a publicly available website.

Denial of OIG Access to Records and Information.—The OIG shall provide a quarterly report to the Committees concerning efforts of components to prevent or impede OIG access to records, documents or other materials. The report shall include at a min-

imum, a summary of the OIG request, a description of the component response to the request, and any other information the OIG determines appropriate.

Disaster Assistance for Individuals and Households.—The OIG is directed to review FEMA’s application process and procedures for the Individuals and Households Program (IHP) including its methods to prevent fraudulent applications, and to brief the Committees on its findings within 120 days of the date of enactment of this Act. The briefing shall detail whether recommendations from oversight entities, including the OIG, may have inadvertently led FEMA to develop policies and procedures that are overly restrictive and, as a result, may be preventing disaster survivors who would otherwise be eligible for IHP from receiving that assistance.

Monthly Budget and Staffing Briefings.—In addition to the requirement set forth in section 102 of this Act, OIG shall provide the Committees monthly budget and staffing briefings beginning not later than 45 days after the date of enactment of this Act. The briefings shall align budget and staffing to program areas and also serve as regular operational updates of OIG’s activities. The first briefing shall include planned obligations for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan. Prior to the first briefing, OIG shall provide the Committees a proposed list of program areas, which shall include a Mission Support category used by other DHS components.

Strategic Plan.—Within 90 days of the date of enactment of this Act, OIG shall brief the Committees on the Strategic Plan, which shall include an update on the status and effectiveness of the ongoing implementation of the Plan. The briefing shall also address the June 2021 Government Accountability Office (GAO) Report entitled, “Actions Needed to Address Long-Standing Management Weakness,” and specifically respond to each recommendation raised by the GAO.

TITLE I—ADMINISTRATIVE PROVISIONS

Section 101. The agreement continues a provision requiring the Inspector General to review grants and contracts awarded by means other than full and open competition and report the results to the Committees.

Section 102. The agreement continues a provision requiring the Chief Financial Officer to submit monthly budget execution and staffing reports within 30 days after the close of each month.

Section 103. The agreement continues a provision directing the Secretary to require that contracts providing award fees link such fees to successful acquisition outcomes.

Section 104. The agreement continues a provision requiring the Secretary, in conjunction with the Secretary of the Treasury, to notify the Committees of any proposed transfers from the Department of Treasury Forfeiture Fund to any agency at DHS. No funds may be obligated prior to such notification.

Section 105. The agreement continues a provision related to official travel costs of the Secretary and Deputy Secretary.

Section 106. The agreement includes a provision requiring the Under Secretary for Management to provide quarterly briefings on acquisition information to the Committees.

Section 107. The agreement includes a provision restricting the use of funding for any pilot program involving more than 5 full-time personnel equivalents or costing in excess of \$1,000,000 unless the Secretary submits certain information to the Committees related to the program's goals, metrics, and implementation plan.

Section 108. The agreement includes a provision authorizing reimbursements to airports for the costs of supporting DHS efforts to receive individuals evacuated from Afghanistan as part of Operation Allies Welcome.

TITLE II—SECURITY, ENFORCEMENT, AND INVESTIGATIONS

U.S. CUSTOMS AND BORDER PROTECTION

OPERATIONS AND SUPPORT

(INCLUDING TRANSFER OF FUNDS)

The agreement includes increases above the request for the following: \$125,489,000 for adjustments to pay based on technical assistance provided by U.S. Customs and Border Protection (CBP); \$27,495,000 for the implementation of the Uyghur Forced Labor Prevention Act; \$21,900,000 for onsite mental health clinicians and resiliency efforts, for a total of \$23,000,000; \$3,000,000 for a zero trust architecture pilot; \$500,000 for asylum processing analysis; \$5,000,000 for tuition assistance; \$5,000,000 for tribal roads used by the Border Patrol; \$10,000,000 for processing improvements; \$1,500,000 for rescue beacons and the missing migrant program, for a total of \$3,000,000; \$2,500,000 for analytics; \$25,000,000 for innovative technology; \$6,000,000 for caregivers and childcare services; \$4,000,000 for Carrizo cane control, for a total of \$6,000,000; \$20,000,000 for incident driven video recording systems, including body worn cameras, and for Freedom of Information Act compliance and data storage requirements; \$10,000,000 for video device monitoring capabilities; \$21,000,000 for autonomous surveillance towers; \$10,000,000 for port of entry technology; \$10,000,000 to maintain baseline programs for the Office of Trade; \$10,000,000 for forced labor activities; \$10,000,000 for contract costs; and \$2,000,000 for medical contract oversight. Title V of this bill includes an additional \$650,000,000 to compensate for the pandemic related reduction in customs and immigration user fee revenue, and \$993,792,000 related to increased border management costs. The agreement also includes numerous realignments based on technical assistance provided by CBP.

Within the total amount provided, the bill makes \$700,000,000 available until September 30, 2023, including \$74,340,000 for increased hiring and facility requirements within the Office of Professional Responsibility; \$23,000,000 for onsite mental health clinicians and resiliency efforts; and \$3,000,000 for rescue beacons and the missing migrant program.

Acquisition Reforms.—Not later than 30 days after the date of enactment of this Act, CBP is directed to brief the Committees on

the recommendations and lessons learned from the recent independent review of its acquisition processes and procedures, including an implementation plan for the recommended reforms and, for any recommendation CBP does not plan to implement, the rationale for not doing so.

Advanced Electronic Data.—CBP is directed to brief the Committees within 90 days of the date of enactment of this Act on efforts to implement the STOP Act and the impact of implementation on preventing the entry of dangerous opioids, such as fentanyl.

Agricultural Inspections.—CBP shall continue working with USDA to better leverage existing staff to address the agricultural inspection workload, such as through the authorization of additional work hours or dual certification.

Asylum Processing.—In addition to related direction in the House Report, CBP shall review training protocols, consider the benefit and feasibility of infrastructure changes and other investments to ensure the safe, humane, and orderly processing and prompt processing of single adults, families, and unaccompanied children in CBP custody, in compliance with the CBP National Standards on Transport, Escort, Detention, as well as existing legal and court requirements.

Border Migration Management.—Within 90 days of the date of enactment of this Act, CBP shall brief the Committees on its processing capacity at the southwest border and provide recommendations for increasing that capacity to better manage influxes of individuals crossing the southwest border, either at or between the land ports of entry.

Border Patrol Workforce Staffing Model.—Within 30 days of the date of enactment of this Act, CBP shall provide a briefing to the Committees on the status of the Border Patrol workforce staffing model, which should take into account the impact of border security technology, infrastructure, and air and marine support on personnel needs. Within 90 days of the date of enactment of this Act, CBP shall provide a report detailing a finalized model, including a description of the data sources and methodology used to generate the model; actions taken to independently verify the model; and a plan for updating and maturing the model, including the impact of new border security investments.

Border Security Deployment Program (BSDP).—CBP shall brief the Committees within 120 days of the date of enactment of this Act on a plan to expand BSDP at LPOEs.

Budget Justification.—The agreement continues direction from the fiscal year 2021 explanatory statement for CBP to include the following information in congressional justifications for proposed funding increases: a description of the relationship between investments; data on how a change in one investment may impact another; and how the investments will improve performance. The justifications should be informed by advanced analytics and modeling tools that link resources to operational capabilities. CBP is directed to accelerate efforts to adopt and incorporate these types of tools and provide a briefing within 60 days of the date of enactment of this Act on how the agency will comply with this requirement.

Additionally, CBP is directed to marshal its considerable resources to develop and apply predictive analytics to inform future

budget submissions and other planning activities. CBP shall provide a briefing to the Committees on a plan to comply with this requirement within 45 days of the date of enactment of this Act.

Continued Dumping and Subsidy Offset Act (CDSOA) Compliance.—CBP shall determine the impact of the recoupment of prior duties under CDSOA on U.S. producers and notify the Committees prior to recouping such payments or reducing future payments.

CBP-wide Capability Gaps.—As directed in the joint explanatory statement accompanying the fiscal year 2021 Act, and in lieu of direction in the House Report, CBP shall brief the Committees bi-monthly on its efforts to evaluate CBP-wide workload, capabilities, assets, and human resource gaps and use the results of the quarterly analyses to support future budget requests.

Death Notifications.—CBP is directed to ensure agents have sufficient training to carry out the agency's procedures on death in custody notifications, including adherence to all pertinent privacy laws. CBP shall ensure that all required notifications are made in a timely manner, including timely notification to the applicable consulate, congressional committees, and other agency stakeholders. CBP shall provide a description of its notification policies on its public-facing website, and promptly update the description to reflect any future changes in the policy. CBP shall also continue to provide the data required in its Notification and Review Procedures for Certain Deaths and Deaths in Custody, dated May 26, 2021, regarding migrant deaths. Additionally, in lieu of direction in the House Report concerning notification of a death in custody or not in custody, CBP shall notify the Committees 24 hours or as soon as validated information is available, but not to exceed 72 hours.

Drug and Currency Interdiction Reporting.—Within 60 days of the date of enactment of this Act, CBP shall brief the Committees on options for publicly reporting on monthly seizures of marijuana, cocaine, heroin, fentanyl, and fentanyl analogues.

Drug Detection Capabilities.—Funds provided by this and prior Acts shall be made available for facility improvements; detection and testing equipment upgrades; increased capacity for testing and storing illegal and regulated substances; improved interoperability with FDA detection equipment; and innovative technologies that apply advanced analytics and machine learning capabilities.

Environmental Crimes Enforcement.—Within 120 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to implement the requirements of the Lacey Act amendments of 2008, related to international deforestation and combating the illegal trade of wildlife and timber products.

Fee Shortfall.—Funds provided in section 542 of this Act shall be managed by the CBP CFO to address current operational requirements while carrying over the maximum amount of funds into fiscal year 2023. The CFO shall brief the Committees on an obligation plan for these funds not later than 30 days after the date of enactment of this Act.

Honey Import Testing.—CBP is directed to provide a report, within 180 days and in collaboration with the FDA, on:

(1) the number of imported honey shipments tested for country of origin (COO) fraud and adulteration;

- (2) the number of shipments that testing suggested involved COO fraud or adulteration;
- (3) the technologies employed in carrying out those tests; and
- (4) an ongoing strategy for CBP to detect and combat COO fraud.

Land Ports of Entry (LPOE).—In addition to direction in the House Report concerning the LPOE Infrastructure Capital Plan, special consideration shall also be given to facilities for which reconfiguration or upgrades would improve the flow of local traffic and allow residents to move more freely in their own communities.

CBP is directed to provide a briefing to the Committees within 90 days of the date of enactment of this Act on the actions it is taking to address the recommendations in the July 2019 GAO report, “Border Infrastructure: Actions Needed to Improve Information on Facilities and Capital Planning at Land Border Crossings” and any recent or planned changes to the planning process. CBP and GSA are directed to consider growth in trade value, growth in in-bound commercial traffic, and CBP operational needs in its development of the capital investment plan.

Within 90 days of the date of enactment of this Act, CBP shall provide a detailed plan for the completion of the Blue Water Bridge Plaza expansion project. The plan shall align with the annual LPOE priority list; describe how CBP will engage with state and local entities; and specify specific milestones and a timeline for the project’s completion.

Medical Guidance.—CBP is directed to continue complying with direction in the explanatory statement accompanying the fiscal year 2021 Act concerning short term detention and medical care.

Maritime Ports of Entry.—Within the funds provided for O&S, CBP shall ensure that staffing at new and expanded maritime POEs is sufficient to meet peak passenger wait time goals.

Mission Support Contracting.—CBP is directed to apply advanced analytics and machine learning tools to identify cost saving opportunities for Enterprise Services contracts.

National Vetting Center Strategic Plan and Investment Priorities.—Not later than 180 days after the date of enactment of this Act, the Secretary shall provide a strategic plan for the DHS National Vetting Center that is collocated with the CBP National Targeting Center. The plan shall include the mission; strategic goals and objectives; and program metrics, to include metrics that directly address how changes in funding impact the security and efficiency of the vetting activities. The plan shall be used to inform management decisions, including strategic guidance, operational requirements, budget formulation, annual performance and reporting, and mission execution. Additionally, the plan shall address the following:

- (1) Privacy and civil rights oversight structure and protections;
- (2) Governance process;
- (3) The number of full-time equivalents and full-time positions, to include vetting support agencies (VSA) and adjudicating agencies;
- (4) Direct and indirect funding, to include VSA’s and adjudicating agencies, for the prior year, current year, budget year, and across the Future Years Homeland Security Program;

(5) Identification of data sets to be included by fiscal year and associated costs for implementation; and

(6) Current threat actors, capabilities, VSA's and adjudicating agencies with the potential growth areas for each, to include an estimate of the cost of implementation for each growth area and the required FTE/FTP.

Further, future budget requests for the National Vetting Center shall include projections that quantify the impact funding requested is likely to have on the Federal government's ability to enhance security. The strategic plan shall be provided in classified and unclassified formats.

Non-Mission Duties.—CBP shall provide the following information on non-mission duties, not later than 30 days after the date of enactment of this Act:

(1) the total number of Border Patrol agents or CBP officers carrying out non-mission duties, broken out by type detail or adjutant position, location and organization;

(2) the specific funding sources associated with non-mission duties;

(3) the rationale for CBP personnel to perform non-mission duties and the duration they are expected to perform those duties;

(4) a detailed description of all required training for Border Patrol agents and CBP officers in order to carry out the non-mission duties; and

(5) the identification of any impacts to CBP's mission due to agents and officers carrying out non-mission duties.

Northern Border Strategy Implementation Plan.—Within 90 days of the date of enactment of this Act and quarterly thereafter, CBP shall brief the Committees on the status of the Northern Border Strategy Implementation Plan, including progress in achieving the fiscal year 2020 milestones, the status of the fiscal year 2021 milestones, and detailed explanations for why any unmet milestones have not yet been achieved. The fiscal year 2023 and 2024 budget requests shall detail specific northern border staffing and technology requirements and request specific funding for implementation of planned northern border enforcement initiatives identified in the analysis.

CBP shall provide a notification to the Committees within 15 days of deploying more than 10 percent of staffing in any sector along the northern border to the southwest border or other POEs, which shall include the number and location of the personnel deployed, the duration of the deployment, and when the personnel are expected to return to their posts.

Northern Border LPOEs.—CBP shall examine ways to increase awareness and enrollment in the NEXUS program, including through special enrollment events and the deployment of signage in collaboration with state transportation agencies. CBP is directed to consider projected LPOE volume when developing the 5-year plan for port modernization projects.

Office of Professional Responsibility (OPR).—The agreement provides \$74,300,000, as requested, to increase OPR's investigative capabilities through an increase in criminal investigators, support staff, and associated facilities. These funds are made available for two years to appropriately recruit and pace hiring. OPR is encour-

aged to prioritize ensuring CBP can meet hiring targets for agents and officers. Not later than 90 days after the date of enactment of this Act, CBP shall brief the Committees on a funding execution plan that includes a detailed hiring strategy, including a geographic breakout, and the anticipated priority focus areas for such funding.

Office of International Affairs.—In collaboration with the Department of State, DHS is directed to brief the Committees within 60 days of the date of enactment of this Act on recommendations for expanding social and behavior change communication advertising in El Salvador, Guatemala, and Honduras on the dangers of irregular migration to the United States and educating residents of those countries about legal migration pathways.

Polygraphs.—In lieu of direction in the House Report on polygraph waivers, CBP shall submit a report to the Committees on the effectiveness of polygraph tests within 120 days of the date of enactment of this Act. The report shall include data comparing CBP's failure rates to those of other federal law enforcement agencies; a list of admissions elicited during polygraph tests since CBP implemented a mandatory polygraph test requirement; and details regarding the total and annualized number of such admissions and types of admissions. In addition, CBP shall continue to administer the Law Enforcement Pre-Employment Test, the standard pre-employment screening polygraph examination used by multiple federal law enforcement agencies, to all applicants.

POE Staffing.—CBP is directed to ensure that officers are appropriately deployed to large hub international airports and seaports in noncontiguous border states and provide staffing for new and expanded aviation POEs to meet the demand of arriving passenger volumes based on data provided by airports and airlines and incorporated into the Workload Staffing Model. In addition, CBP is directed to address staffing shortages at LPOEs that have experienced significant growth in trade volume and inbound commercial trucks in the last 5 years and to consider increased staffing at northern border LPOEs to expedite cross-border tourist and commercial traffic.

Preclearance.—Preclearance fees shall be used in a targeted, risk-based fashion and for the prioritized expansion of preclearance operations outlined in the Department's Beyond the Border Action Plan between the United States and Canada for land, maritime, rail, and air POEs.

Prevent Abduction Program.—CBP is directed to continue reporting on the Prevent Abduction Program, as directed in the explanatory statement accompanying the fiscal year 2021 Act.

Processing Coordinators.—Within 30 days of the date of enactment of this Act and quarterly thereafter, CBP shall brief on the status of hiring processing coordinators funded within this and previous appropriations Acts. The briefing shall also identify the extent to which how processing coordinator hiring has improved the average time law enforcement personnel spend in the field; measures the agency is using to assess the costs and benefits of this position; and a summary of all required training and certifications for the coordinator position. Future funding requests for these coordi-

nators shall be accompanied with measures clearly detailing the operational impact of additional investments.

Reimbursable Services Program.—CBP is directed to provide each port operator with information on baseline service levels and report to the Committees quarterly on CBP's adherence to these baseline service levels.

Specialty Units.—Within 180 days of the date of enactment of this Act, CBP shall report on the unmet resource requirements of specialty units, including horse units and off-road vehicle units, within each sector along the U.S.-Mexico border.

Trade.—The agreement provides an additional \$20,000,000 for trade activities. Not later than 30 days after the date of enactment of this Act, CBP shall provide an obligation plan for the additional funds.

Within 180 days of the date of enactment of this Act, CBP shall brief the Committees on recommendations for how innovative capabilities, including blockchain-based platforms, could improve the facilitation of trade between the United States and Central and South American countries, including potential opportunities for partnership with non-profit and private partners and with Central and South American customs agencies.

Trade Remedy Enforcement.—CBP is reminded that House Report 116–458 required a review of whether duties on importers of recycled, scrap, and primary aluminum exempt from the Section 232 tariff are being properly assessed, along with whether assessed tariffs have been remitted to the government. While CBP does not have oversight or visibility into the relationship between importers and their downstream business partners, CBP is expected to focus its analysis on the assessment of duties on imports and associated remittances.

Transshipments.—CBP is directed to continue its efforts to modify targeting criteria and make other improvements in its ability to identify transshipped products.

Uyghur Forced Labor Prevention Act.—The agreement provides \$27,495,000 for the implementation of the Uyghur Forced Labor Prevention Act, which was enacted in December 2021. Not later than 30 days after the date of enactment of this Act, CBP shall provide an obligation plan for these funds and an implementation schedule for activities associated with the Act, to include resource and personnel requirements, over the next two fiscal years.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

Within the total, the bill includes the following increases above the request: \$201,885,000 for border security technology; \$20,000,000 for Border Patrol processing improvements; \$55,000,000 for non-intrusive inspection (NII) systems; \$21,618,000 for one multi-role enforcement aircraft; \$8,800,000 for light enforcement helicopters; and \$21,200,000 for the Advanced Training Center (ATC). The bill includes a decrease of \$685,000,000 for funding associated with LPOE that have previously been funded.

Border Patrol Technology.—The bill provides not less than the following for USBP technology: \$20,000,000 for innovative technology, of which not more than \$5,000,000 may be available for any single innovative technology project; \$4,215,000 for counter un-

manned aircraft systems (UAS); \$8,750,000 for small UAS; \$26,000,000 for situational awareness kits; and \$5,000,000 for a common operating picture pilot.

The remaining funds shall only be available for cross border tunnel threats, aerostats, autonomous surveillance, geospatial capabilities, mobile surveillance, search and rescue capabilities, and mesh networks. The Commissioner is directed to prioritize procurement of the most cost-effective technologies based on lifecycle costs, system availability, reduced requirements for personnel, and input from sector leadership.

CBP shall provide a briefing to the Committees on a plan for the obligation of these funds at least 15 days prior to any obligation. The plan shall require the direct approval of the CBP Commissioner and include:

- (1) details about the process for prioritizing the use of funds;
- (2) a summary of planned obligations for fiscal year 2022 delineated by technology type;
- (3) metrics that will be used to assess the cost effectiveness of each type of technology for which funds will be obligated and a plan for collecting the data required for such metrics; and
- (4) for continuing procurements, operational effectiveness data that supports continued investment, including evidence of support from sector leadership based on actual use of the technology.

CBP shall notify the Committees at least 15 days prior to the obligation of any funds based on a change to the initial obligation plan.

Border Patrol Technology.—Within 180 days of the date of enactment of this Act, CBP shall brief the Committees on its efforts to improve border security technology development and acquisition based on the analysis required by Public Law 116–260.

100 Percent Scanning.—Not later than 180 days after the date of enactment of this Act, the Secretary shall submit to the Committees an updated 5-year plan for achieving the capability to assess 100 percent of commercial and passenger vehicles and freight rail traffic entering the United States at land- and seaports of entry using high-throughput scanning technologies or threat-based alternatives. This plan shall include the following: an inventory of existing NII equipment or similar technologies currently in use or scheduled to be deployed, by location; benchmarks for achieving 100 percent scanning; benchmarks for the procurement and deployment of scanning equipment; and cost estimates to achieve 100 percent scanning or an appropriate alternative, with acquisition timelines.

Within 120 days of the date of enactment of this Act, CBP shall provide a briefing on the status of NII coverage in pre-primary lanes along the southwest border, including an assessment of how increased pre-primary screening will impact the number of alarms and secondary inspections and the related workloads of other federal agencies.

Innovative Technology.—CBP shall brief the Committees within 90 days of the date of enactment of this Act and quarterly thereafter on: pilot or demonstration projects that have transitioned to normal operations over the last three fiscal years; the impact of such transitions on performance; an assessment of common indica-

tors for successful and unsuccessful pilots; and recommendations to incentivize CBP programs to participate in testing and adopting promising new capabilities.

Revenue Modernization.—Within 120 days of the date of enactment of this Act, CBP shall provide the Committees an update on POEs that have transitioned from manual field collections to automated electronic systems, along with the cost of such transitions.

U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

OPERATIONS AND SUPPORT

The agreement provides \$266,740,000 above the request, which includes the following adjustments: \$99,735,000 for Homeland Security Investigations (HSI); \$109,358,000 for Enforcement and Removal Operations (ERO); and \$57,647,000 for mission support and Office of the Principal Legal Advisor activities. The agreement also provides net-zero technical adjustments requested by ICE in technical drafting assistance. Further, the agreement provides \$239,658,000 in Title V for border management costs, including processing capacity, medical costs, personnel overtime, and transportation, but does not include additional funding for detention.

Within the total amount provided, the agreement makes \$46,696,000 available until September 30, 2023, of which \$32,996,000 is for the authorized Title III activities and \$13,700,000 is for the Visa Security Program.

Annual Enforcement and Removal Operations (ERO) and Homeland Security Investigations (HSI) Reports.—ICE is directed to continue issuing the annual ICE Fiscal Year ERO and HSI reports, by no later than the December following the end of the fiscal year, and to include at minimum the categories of data included in the fiscal year 2020 reports, to the extent that such categories of data have not been amended by subsequent policy decisions.

Continuation of Prior-Year Requirements.—ICE shall continue to follow the directives under the following headings in the explanatory statement accompanying the fiscal year 2021 Act (Public Law 116–260), according to the previously directed timeframes, reporting requirements, required sustainment, and guidance:

- (1) Detention Standards;
- (2) Reporting Requirements;
- (3) Healthcare Costs for Immigrants in Detention;
- (4) Law Enforcement Support Center;
- (5) Sex Offender Release Notifications;
- (6) Kiosks for Non-Detained Appearances;
- (7) Detention Facility Inspections;
- (8) HERO Child-Rescue Corp Program;
- (9) Child Exploitation Investigations Unit;
- (10) Counter-Proliferation Investigations Center;
- (11) International Megan’s Law;
- (12) Opioid Investigations;
- (13) Access to Due Process;
- (14) Immigration Enforcement at Sensitive Locations;
- (15) Forced Child Labor;
- (16) Intellectual Property Rights Enforcement;
- (17) Records Management;

- (18) Tactical Intelligence Center; and
- (19) Human Rights Violators.

Facilities Backlog and Use.—ICE is directed to brief, within 60 days of the date of enactment of this Act, on its plan for completing facility condition assessments, as well as quarterly update briefings to the plan. Further, ICE is directed to incorporate facility condition assessments into its outyear requests, including its Congressional Budget Justifications, for deferred maintenance funding. Within 60 days of the date of enactment of this Act, ICE is directed to provide an operational and resourcing plan briefing for the future of its facilities which shall demonstrate how it has incorporated its facility condition assessments into its outyear requests, including Congressional Budget Justifications, for deferred maintenance funding.

GAO Review of ICE Financial Management.—GAO is directed to report to the Committees on the results of a comprehensive audit and review of ICE's financial management practices, including out-year planning; current year financial planning that ensures compliance with congressional funding levels; and oversight of the execution of funds. GAO shall consult with the Committees regularly throughout the audit.

Further, given the ongoing challenges surrounding financial and budgetary management across ICE, the agreement does not set forth a mandate on the placement of the Office of the Chief Financial Officer (OCFO) but rather directs GAO to review the OCFO's placement within ICE's organization structure, as well as the responsibilities and qualifications required of ICE's Chief Financial Officer.

The agreement directs the Comptroller General to brief the Committees on its preliminary findings not later than 180 days after the enactment of this Act and to provide a full report to the same Committees at a date agreed upon at the time of the preliminary briefing.

Immigration Data.—ICE is directed to continue to collect data on enforcement activities both along the borders and in the interior of the United States for the purposes of improving operational transparency and resource allocation decisions.

Monthly Budget and Staffing Briefings.—In addition to the requirement set forth in section 102 of this Act, ICE shall provide the Committees monthly budget and staffing briefings beginning not later than 30 days after the date of enactment of this Act. The briefings shall include any source of funding available to ICE for obligation; align projected and executed budgetary obligations and on-board staffing data to program areas within each PPA; and shall delineate pay from non-pay obligations. Prior to the first briefing, ICE shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall at a minimum include all congressional priorities referenced in this Act and those of the last three fiscal years, including the accompanying explanatory statements for each Act.

The first briefing shall include:

- (1) planned monthly obligations and staffing onboard projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;

(2) a consultation with the Committees on a plan and format for future monthly briefings;

(3) a description of how any limitations that ICE's existing financial and staffing systems of record present challenges in complying with requirements under this heading, such as the monitoring of obligations and onboard staff at the program level; and

(4) ICE's plan to address the limitations described in (3), including resource requirements to do so.

Obtaining Information From, or Records of, Members of the News Media.—ICE shall develop a policy that elevates decisions about whether to issue subpoenas to members of the news media, to the most appropriate senior ICE official, such as the ICE Director. Further, ICE shall ensure that the appropriate personnel are aware of such policy through the appropriate training as ICE determines. Within 90 days of the date of enactment of this Act, ICE shall provide a copy of the policy to the Committees and brief on its contents and the associated training, or the plan to carry out the necessary training as ICE determines.

Workload Staffing Model.—Not later than 90 days after the date of enactment of this Act, ICE shall brief the Committees on its Workload Staffing Model, to include how it supports the formulation of budget requests and is used in the development and implementation of ICE's Operational Plan, specifically the hiring aspect.

HOMELAND SECURITY INVESTIGATIONS

Enhancing and Modernizing HSI's Capabilities.—The agreement provides a total increase of \$99,735,000 above the request, including:

(1) \$35,235,000 to restore proposed reductions intended to achieve undefined efficiencies;

(2) \$10,000,000 to begin increasing HSI's investigative capacity to respond to projected increases in workload associated with the planned expansion of CBP's non-intrusive inspection detection technology (NII) along the southwest border;

(3) \$2,200,000 to expand and enhance HSI's undercover activities, to include modernizing its certified undercover financial processes, systems, and other requirements;

(4) \$8,600,000 to accelerate development of capabilities for the Repository for Analytics in a Virtualized Environment (RAVEN), which serves as HSI's curation point for data analytics and tools that improve and streamline investigative processes and capabilities;

(5) \$2,000,000 for the Center for Countering Human Trafficking;

(6) \$6,000,000 to increase data analysis staffing to support each Special Agent in Charge office's area of responsibility;

(7) \$8,400,000 to increase HSI's cyber investigations, including the enhancement of covert computer networks, Dark Web platforms, undercover platforms, and the Network Intrusion Program;

(8) \$16,300,000 to develop a cyber threat platform, update hardware and software for computer forensics, and provide targeted child exploitation investigations training;

(9) \$6,500,000 to fund the training, equipment, travel, software, and analysts necessary to address the increase in child exploitation leads and investigations and increased victim assistance require-

ments, for a total amount of not less than \$27,500,000 for Child Exploitation Investigation activities; and

(10) \$4,500,000 for the training, equipping, and hiring of Human Exploitation Rescue Operative (HERO) Child-Rescue Corps program graduates.

Human Rights Violators.—ICE is directed to continue its efforts to investigate, remove, and prosecute individuals who have committed human rights abuses, including persecution, genocide, severe violations of religious freedom, torture, extrajudicial killing, use or recruitment of child soldiers, crimes against humanity, or war crimes. For this purpose, the agreement provides not less than \$5,300,000 for the Office of the Principal Legal Advisor Human Rights Law Section and the HSI Human Rights Violators and War Crimes Unit for their training, transportation, and other related activities. ICE shall report to the Committees within 180 days of the date of enactment of this Act on the following:

(1) the total number of prosecutions and investigations of human rights offenses and other offenses committed and their outcomes, delineated by serious human rights violators within each of the last five fiscal years;

(2) the efforts of ICE to increase the number of human rights investigations and prosecutions; and

(3) any organizational, resource, or legal impediment to investigating and prosecuting more human rights violators, including whether the amount provided in this agreement is sufficient to support the Unit.

Wildlife Trafficking.—ICE shall continue its work in partnership with the U.S. Fish and Wildlife Service and CBP to improve cooperative efforts to better address wildlife trafficking. Further, ICE is directed to continue to produce the report identified in Public Law 116—125. The report shall include options for making this information available in a routine and public manner annually. Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on budgetary and staffing resource needs for ICE's wildlife trafficking investigative work. The briefing shall also include historical funding levels and case hours dedicated to this effort covering fiscal years 2019 through 2021.

ENFORCEMENT AND REMOVAL OPERATIONS

The agreement provides the following increases above the request for ERO:

(1) \$77,985,000 to restore a proposed reduction for single adult detention capacity;

(2) \$28,373,000 to restore proposed reductions intended to achieve undefined efficiencies; and

(3) \$3,000,000 to fund an independent verification and validation of ICE's current juvenile Age-Out Review Worksheet.

287(g) Program.—ICE is directed to publish applications for new or renewed 287(g) agreements on its website at least eight weeks prior to entering into any such agreement. In addition, ICE shall ensure thorough vetting of 287(g) applicants to minimize detention conditions that do not fully comply with Performance-Based National Detention Standards and Prison Rape Elimination Act standards.

ICE, OIG, and CRCL are directed to provide rigorous oversight of the 287(g) program, and ICE is directed to notify the Committees 15 days prior to implementing any changes to the program, including any changes to training requirements, data collection, selection criteria, or the jurisdictions with which ICE has agreements, including both entering into new contracts or the termination of existing contracts. ICE is also directed to report to the Committees on the effectiveness and accuracy of prior efforts to publicly disclose personally identifiable information about noncitizens encountered through the 287(g) program within 60 days of the date of enactment of this Act.

If the Office for Civil Rights and Civil Liberties (CRCL) or ICE's Office of Professional Responsibility (OPR) determines that a participating 287(g) jurisdiction has a pattern or practice of civil rights or liberties violations of individuals who were subsequently the subject of immigration enforcement activity delegated under the 287(g) authority, the Secretary shall require CRCL to conduct a review of the use of this program in that jurisdiction which shall include recommendations regarding ICE's furtherance of any such agreement with that jurisdiction. Not later than 120 days after the date of enactment of this Act, and quarterly thereafter, CRCL and OPR shall brief the Committees on any such determinations, reviews, and recommendations, as well as the status of any previous activity.

Addressing Prior Removals Committed in Error.—ICE, USCIS, and other DHS agencies shall leverage all mechanisms provided by current law to facilitate the return to the United States of those whose removal was contrary to law, whose removal order has since been overturned or reopened by judicial order, where the return of an individual would correct an error or assist in an ongoing criminal or any other federal, state, tribal, or territorial investigation. Such mechanisms should include the use of parole, the support of a respondent's motion to reopen, and stipulation to relief from removal. Efforts shall be taken to ensure that the individual is restored to prior lawful status, to the greatest extent possible, or the ability to adjust to lawful status. Not later than 60 days after the date of enactment of this Act, ICE shall brief the Committee on its efforts to comply with these directives.

Alternatives to Detention (ATD) and Case Management Services (CMS).—The agreement provides an increase of \$2,186,000 above the request, for a total of \$442,662,000 for the ATD PPA to fund increases in: enrollments into the ATD program; case management services and participation; transportation and information technology costs for ICE personnel travelling to shelters in support of remote processing and enrollments; and other incidental costs associated with operations at shelters.

ICE shall continue to brief the Committees on any ATD contracts it awards under this program, including contracts involving the Know Your Rights program for new participants. Within 60 days of the date of enactment of this Act, ICE shall begin providing a monthly briefing on the number of noncitizens participating in the ATD program, by technology type, cost by technology type, as well as the number of participants who attend a portion of or all of their

immigration court hearings. ICE shall also continue to publish annually the following policies and data relating to ATD:

- (1) guidance for referral, placement, escalation, and de-escalation decisions;
- (2) enrollment by Field Office;
- (3) information on the length of enrollment broken down by type of ATD; and
- (4) a breakdown of enrollment by type and point of apprehension.

ATD Referrals.—ICE shall consider enrollment referrals from NGOs and community partners that are actively implementing ICE's ATD programs that utilize case management. ICE shall establish, with the consultation of relevant NGO and local community partners, at ICE's discretion, criteria for such referrals, guidelines for submission, and criteria for how ICE will consider any such referrals for enrollment in ATD programs. ICE shall submit a report to the Committees on progress regarding these guidelines within 60 days of the date of enactment of this Act and quarterly thereafter until the guidelines are finalized. ICE shall submit an annual report on the number of NGO referrals that are submitted and the number of such referrals accepted into ATD programs that utilize case management programs.

Custody Operations.—The agreement sustains fiscal year 2021 detention capacity levels. Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on a projected cost to secure an Independent Verification and Validation (IV&V) of a detention capacity funding requirements model to be used for resource planning for the current year, budget year, and out-years. Among the elements of the model to be reviewed, such IV&V shall include: the accuracy of projected average daily population levels and utilization rates of funded detention capacity; whether the model clearly accounts for policy and environmental changes; and whether the model is informed by projected border encounters.

ICE shall also continue the policy of fully reimbursing the costs and expenses associated with agreements entered into with other entities, including Federal and State agencies, and contractors or non-governmental organizations (NGOs) that work with ICE.

Detention and Solitary Confinement of Vulnerable/Special Populations.—Within 15 days of the date of enactment of this Act and quarterly thereafter, ICE shall report on a publicly available website the number of individuals in vulnerable or special populations in its physical custody for the preceding quarter. At a minimum, the report shall include:

- (1) a definition for vulnerable and special populations;
- (2) the number of consecutive and cumulative days such individuals were in detention or involuntary segregation, through isolation, solitary confinement, or protective custody;
- (3) the basis for any use of involuntary segregation; and
- (4) the process for and frequency of re-evaluating custody decisions.

Within 90 days of the date of enactment of this Act, ICE shall brief the Committees on the state of compliance with the principles and standards of all ICE guidance related to vulnerable populations, along with any necessary actions needed to remediate deficiencies. The briefing should address the number of facilities that

are in compliance with such guidance; their location; the number of available beds for vulnerable or special populations; whether those beds are in a form of involuntary segregation; and whether such facilities need additional resources to ensure the health and safety of such persons in their care and custody.

Electronic Nationality Verification (ENV) Program.—ICE is directed to make any ENV agreements between the United States and other countries as publicly available as possible, and at a minimum, shall publicly disclose which countries have agreements in place under the ENV program, or any successor or related program. In addition to the above disclosures, within 90 days of the date of enactment of this Act, and annually thereafter, ICE shall ensure that basic information about the ENV program is publicly available, including:

- (1) the number of persons removed through the ENV process in a fiscal year;
- (2) whether such persons were encountered in the interior or at or near the southern border; the age, nationality and gender of the individuals removed, including whether they were a part of a family unit; and
- (3) the time spent in the physical custody of the Federal Government pursuant to the ENV program.

Humanitarian Visas.—ICE is directed to brief the Committees, not later than 30 days after the date of enactment of this Act, on its detention and removal policies and guidelines for individuals with a demonstrated bona fide or prima facie eligibility for a T-Visa (victim of trafficking), a U-Visa (victim of crime), or for protection under the Violence Against Women Act (VAWA).

ICE Removal and Detention of U.S. Citizens.—ICE is directed to provide a semi-annual report to the Committees detailing the number of individuals, by field office, who are detained by ICE for removal from the United States but are subsequently determined to be U.S. citizens, along with the average and median lengths of stay in detention for such individuals. The report should also describe ICE's process for adjudicating claims of U.S. citizenship by individuals it arrests for removal from the United States; major impediments to more quickly resolving such claims; and ICE's efforts to mitigate those impediments. The first report is due within 90 days of the date of enactment of this Act and shall include semiannual data for fiscal years 2019, 2020, 2021, and the first half of 2022.

PPA Structure.—ICE shall submit, either as a part of the President's budget request for fiscal year 2023 or as supplemental briefing not later than 30 days after the date of submission of such request, an assessment of the accurateness and appropriateness of its current PPA structure and shall include a recommendation to address any confusion, gaps, or overlaps, and to ensure it accurately reflects the full set of responsibilities and authorities explicitly and implicitly required by law.

Pregnant, Postpartum, and Lactating Women.—ICE is directed to provide semiannual reports on the total number of pregnant, postpartum, and lactating women in ICE custody, including detailed justification of the circumstances warranting each such detainee's continued detention and the length of detention. These

anonymized reports shall be made publicly available on the ICE website.

Reporting on Criminality and Enforcement Priorities.—ICE shall provide monthly briefings on detention and removal actions by category delineated in the guidance memorandum, “Guidelines for the Enforcement of Civil Immigration Law”, dated September 30, 2021, or any subsequent policy that modifies or replaces it. Both data sets shall differentiate individuals detained or removed as a result of interior enforcement efforts versus those from CBP border security operations.

Training.—ICE shall continue to provide its officers with guidance and training for engaging with victims and witnesses of crime and to strengthen policy guidance on enforcement actions in or near sensitive locations, including courthouses, in order to minimize any effect that immigration enforcement may have on the willingness and ability of victims and witnesses to pursue justice. ICE shall also continue to provide a report to the Committees on steps taken to minimize the effect immigration enforcement activity has on victims and witnesses of crime not later than 180 days after the date of enactment of this Act. ICE shall also continue to provide monthly notifications to the Committees on enforcement actions that take place in or near sensitive locations, including courthouses, and placements for unaccompanied children.

Transportation.—The Transportation and Removal Program provides the safe and secure transportation of noncitizens who are subject to final orders of removal or require transfer within the United States, which may ultimately include transportation to the noncitizen’s final destination if ICE determines in its discretion that such transportation is necessary.

Unaccompanied Children Transferred from ORR.—Not later than 30 days after the date of enactment of this Act and quarterly thereafter, ICE shall brief the Committees on its compliance with *Garcia Ramirez, Et Al. v. ICE, Et Al.* (No. CV 18–508 (RC)). At a minimum, the briefing shall include a review of how ICE has complied with the statutory obligation in Section 1232(c)(2)(B) of title 8, United States Code, requiring ICE to first consider placing the minor in the least restricting setting available, efforts to retrain officers, revise policies with respect to custody determinations for this population, and document custody decisions as the court and statute require. ICE shall continue to provide a report to the Committees with the number of UC who turned 18 in ORR custody and were then transferred to ICE detention, including a breakdown by ICE area of responsibility and the UC’s most recent type of ORR placement, the reason for detention, and whether ORR provided a post-18 plan, within 30 days and monthly thereafter.

Validation of Age-Out Review Worksheet for Minors.—Within 180 days of the date of enactment of this Act, ICE shall ensure that an independent third party conducts an Independent Verification and Validation (IV&V) review on the Age-Out Review Worksheet that informs custody and release decision-making for youth. ICE shall brief the Committees on the results and recommendations from that review.

Mission Support

The agreement provides \$10,000,000 above the request to restore proposed reductions intended to achieve undefined efficiencies and \$1,215,000 above the request to realign funding from the Office of the Principal Legal Advisor PPA to reflect the use of those funds more accurately.

The agreement breaks out Mission Support PPA funding into three new sub-PPAs: Enterprise Services; Office of Professional Responsibility; and Executive Leadership and Oversight; this approach is consistent with the Mission Support PPA structure for CBP. The Executive Leadership and Oversight PPA includes funding for the following offices: the Director, including the Deputy Director and the Chief of Staff; the Executive Secretary; Congressional Relations; Diversity and Civil Rights; Firearms and Tactical Programs; Partnership and Engagement; Regulatory Affairs and Policy; and Public Affairs.

Body Worn Cameras.—The agreement provides \$8,485,000 above the request for the Office of the Chief Information Officer, in collaboration with other agency stakeholders, to accelerate the pilot program and to ensure the pilot is appropriately scoped.

Data Modernization Roadmap.—The agreement provides \$6,000,000 above the request to the Office of the Chief Information Officer to improve the use of data to better inform ICE's planning, budgeting, and operations.

Fleet.—The agreement provides \$25,000,000 above the request for the ICE fleet replacement program to improve the safety of ICE officers and agents.

Office of Detention Oversight (ODO).—The agreement provides \$2,500,000 above the request to support additional, unannounced inspections; to review compliance with each detention standard not less than once every three years at each facility; to expand ODO's oversight to facilities that detain individuals for 72-hours or less; and to conduct reviews and inspections of any special or emerging facilities and programs.

Victims Engagement Services Line.—ICE shall brief the Committees within 60 days of the date of enactment of this Act on the Victims Engagement Services Line. This briefing should, at a minimum, include how ICE has built upon lessons learned from the Victims of Immigration Crime Engagement (VOICE) Program, if applicable, and incorporate any such evidence-based practices developed from the prior VOICE Program, to serve the needs of crime victims and their families.

Office of the Principal Legal Advisor

The agreement provides \$345,661,000 for the Office of the Principal Legal Advisor, including \$5,662,000 above the request to restore a proposed reduction intended to achieve undefined efficiencies and \$1,215,000 below the request to realign funding to the Mission Support, Enterprise Services PPA to reflect the use of those funds more accurately.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$51,700,000, as requested, including \$5,479,000 for a new Technological Operations building at the Antilles HSI facility in San Juan, Puerto Rico.

TRANSPORTATION SECURITY ADMINISTRATION

OPERATIONS AND SUPPORT

The agreement includes \$3,594,000 below the budget request, including: \$4,000,000 for additional pipeline cybersecurity activities and \$18,650,000 for low probability of false alarm (Low Pfa) algorithm screening. The agreement does not provide \$22,344,000 as requested for credential authentication technology (CAT) in Operations and Support as those funds are provided in Procurement Construction and Improvements. The agreement does not provide \$3,900,000 in Operations and Support that is included in Procurement Construction and Improvements as requested by TSA in technical assistance. The agreement also provides net zero technical adjustments requested by TSA in technical assistance.

Canine Teams.—TSA shall brief the Committees within 90 days of the date of enactment of this Act on efforts to improve the effectiveness of these passenger screening canine teams.

Federal Air Marshal Service (FAMS).—TSA is directed to continue to submit semiannual reports on FAMS mission coverage, staffing levels, and hiring rates.

International Parental Child Abduction.—The agreement requires TSA to work with the Office of Children's Issues within the U.S. Department of State to explore existing TSO training opportunities to ensure that relevant staff are trained to recognize the signs of, and prevent international parental child abduction. TSA shall brief the Committees within 90 days of the date of enactment of this Act on the current training TSA employees undergo to recognize and prevent international parental child abduction.

Low Probability of False Alarm (Low Pfa) Algorithm Screening.—The agreement provides \$18,650,000 for Low Pfa. Within 30 days of the date of enactment of this Act, TSA is directed to brief the Committees on a plan for spending these funds.

Passenger Volume Growth.—TSA is directed to include comprehensive information on passenger volume forecasts in its future budget requests.

Pipeline Cybersecurity.—The agreement provides an additional \$4,000,000 for pipeline cybersecurity activities. Within 30 days of the date of enactment of this Act, TSA is directed to brief the Committees on a plan for spending these funds.

Real-Time Wait Time.—Within 60 days of the date of enactment of this Act, TSA is directed to provide a briefing on the implementation of requirements on real-time security check-point wait times, as outlined in Section 1922 of the FAA Reauthorization Act (Public Law 115–254). This briefing shall detail costs for implementing a pilot program for real-time security checkpoint wait times at an appropriate sampling of TSA category airports.

Screening Workforce Pay Strategy.—TSA is directed to provide the Committees a quarterly report on pay reform efforts and the

subsequent effect on TSO retention levels. Additionally, TSA shall provide a report to the Committees within 180 days of the date of enactment of this Act detailing the number of TSOs hired and corresponding retention levels since fiscal year 2016, delineated by fiscal year. As part of this report, TSA shall include a plan for continuous and sustained human capital investment that also incorporates the impact of new technologies and equipment that bring more capabilities to the workforce.

Staffing and Workload Report.—Within 90 days of the date of enactment of this Act and monthly thereafter, TSA shall provide to the Committees a report on staffing levels by major personnel categories along with the travel volumes during the same time period. The report shall display the following for each personnel category: onboard and FTE levels at the end of the previous fiscal year; positions and FTE levels funded through enacted appropriations for the current fiscal year; and onboard positions and FTE at the end of the month being reported. Additionally, the report shall include key TSA performance measures, such as travel volumes and wait times at checkpoints, as well as incorporate deployment of new equipment to identify how changes in personnel and assets impact TSA's operational capabilities. Within 30 days of enactment of this Act, TSA shall consult with the Committees on the format and presentation of the report prior to the first submission.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$26,244,000 above the request, including \$22,344,000 that was requested in Operations and Support for credential authentication technology (CAT) systems and \$3,900,000 in base O&S funding that is being realigned to this account.

Credential Authentication Technology (CAT).—Within 90 days of the date of enactment of this Act, TSA shall provide a report to the Committees detailing airports at which CAT is currently deployed, airports at which CAT is not currently deployed, and a plan for the full procurement and deployment of CAT systems at all of the Nation's airports.

Open Architecture.—TSA shall brief the Committees with an update on the development of an established open architecture framework, including well defined requirements and standards, within 120 days of the date of enactment of this Act.

Qualified Product List.—The Qualified Product List (QPL) requirements have the potential to become an impediment to the timely acquisition of Transportation Security Equipment (TSE). Within 30 days of the date of enactment, TSA shall brief the Committees on the scope of products covered by QPL, TSE technical requirements development, average time to successfully navigate the process, impacts to competitiveness and small business opportunities as well as TSE innovation. Additionally, the briefing should include suggested recommendations to improve the process, including how to foster a more timely, agile, and collaborative process for the testing, development and deployment of security screening technology.

Quarterly Briefings.—TSA is directed to continue to provide quarterly briefings on its investment plans for checkpoint security and Explosives Detection Systems (EDS) refurbishment, procure-

ment, and installation on an airport-by-airport basis. The agreement continues the previous directive for TSA to brief the Committees on its updated timeline and allocation plan for these funds within 60 days of the date of enactment of this Act. The briefing shall include a plan for how TSA will address the remaining balance of reimbursement claims in future budget requests.

Touchless Screening.—Within 90 days of the date of enactment of this Act, TSA shall provide a report to the Committees detailing options to enhance Transportation Security Equipment capabilities to limit interactions that are not conducive to a touchless screening environment without adversely impacting the core security mission.

RESEARCH AND DEVELOPMENT

The agreement provides \$35,532,000 as requested.

Innovation Task Force (ITF).—TSA is directed to provide the Committees a briefing within 90 days of the date of enactment of this Act on how the funds provided will inform future TSA budget requests.

COAST GUARD

OPERATIONS AND SUPPORT

The agreement provides an increase of \$141,350,000 above the request, including increases of: \$20,000,000 for tuition assistance parity; \$7,150,000 for recruiting and supporting a diverse workforce; \$5,500,000 for an accession competitiveness pilot program; \$6,000,000 for cyber compliance upgrades to training center simulators and trainers; \$2,800,000 to modernize Ready Learning and recapitalize training aids; \$4,000,000 to meet increased demand for the child care subsidy; \$4,000,000 for the Coast Guard's highest priority environmental remediation projects; \$11,900,000 for cyber readiness; \$3,500,000 for the Great Lakes Icebreaking Program Office; \$6,000,000 to continue the Fishing Safety Training Grants and Fishing Safety Research Grants programs; \$550,000 to carry out a National Academy study on liquefied natural gas; \$12,000,000 for MH-60T cutter deployability; \$5,000,000 for the National Coast Guard Museum; \$10,000,000 to recapitalize operational safety and detection equipment; \$30,050,000 for operational command and control and domain awareness; \$4,000,000 for surface short range communications modernization; and \$8,900,000 for Rescue 21 modernization. It includes \$70,000 above the request for the Military Personnel PPA and accepts the requested changes to the other PPAs for the revised station closure plan.

Department of Defense (DOD) Cybersecurity Requirements.—The Coast Guard shall brief the Committees within 120 days after the date of enactment of this Act on its compliance with DOD information network requirements.

Eradicating Inappropriate Behavior.—Within 90 days of the date of enactment of this Act, the Coast Guard shall provide a briefing to the Committees regarding all efforts to reduce and address harassment and inappropriate behavior within the Service, including an overview of planned efforts for future implementation.

Illegal, Unreported, and Unregulated (IUU) Fishing.—The Coast Guard is directed to submit an international IUU fishing strategy,

as outlined in House Report 117–87. This strategy should be submitted in unclassified form but may include a classified annex.

Quality of Life.—The agreement directs the Coast Guard to provide a briefing within 90 days of the date of enactment of this Act on a plan to address Quality of Life (QOL) issues within the Service, including their effects on mission readiness and retention, and potential QOL projects to address these issues.

Unfunded Priorities List (UPL).—The Coast Guard is directed to provide a list of approved but unfunded Coast Guard priorities and the funding needs for each priority to the Committees at the time of the fiscal year 2023 budget request submission.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides an increase of \$391,000,000 above the request, including the following: \$130,000,000 for the construction of up to two Fast Response Cutters and associated class-wide activities; \$128,000,000 for the HC–130J aircraft program; \$98,000,000 to recapitalize MH–60T aircraft with new hulls; and two information technology systems on the Coast Guard’s UPL: \$20,000,000 for Coast Guard management system recapitalization and \$9,000,000 for Vessel Traffic System and Command and Control modernization.

The agreement includes a reduction to the request of \$90,000,000 associated with procurement delays for the Polar Security Cutter (PSC).

The agreement includes a total of \$199,650,000 for Major Construction; Housing; Aids to Navigation; and Survey and Design. This amount includes making available \$7,000,000 in additional receipts that were deposited into the Fund prior to fiscal year 2021. It also assumes \$4,000,000 derived from the Coast Guard Housing Fund will be available for Coast Guard housing projects.

The agreement provides \$150,000,000 for Major Acquisition Systems Infrastructure, including \$75,000,000 to support the Offshore Patrol Cutter (OPC) homeport facility improvements described on the UPL.

Command and Control, Communications, Computer, Cyber, and Intelligence (C5I) Systems.—The agreement includes the resources requested to maintain program management activities and deliver operational and mission support capabilities for C5I systems. Fiscal year 2022 funding shall focus on MILSATCOM recapitalization of shore units, recapitalization of the Maritime Security Risk Analysis Model application, and beginning the transition to a network infrastructure that supports operations in a secure mobile environment.

Domestic Content.—To the maximum extent practicable, the Coast Guard is directed to utilize components that are manufactured in the United States when contracting for new vessels, including: auxiliary equipment, such as pumps for shipboard services; propulsion equipment including engines, reduction gears, and propellers; shipboard cranes; and spreaders for shipboard cranes.

Fleet Mix Analysis.—The Coast Guard shall provide to the Committees within 180 days of the date of enactment of this Act, a comprehensive analysis that provides a fleet mix sufficient to carry out the assigned missions of the Coast Guard and other emerging mission requirements. The Coast Guard shall brief the Committees

within 60 days of the date of enactment of this Act on its plans to carry out this requirement.

Full-Funding Policy.—The Coast Guard shall be exempted from the current acquisition policy that requires the Coast Guard to attain the total acquisition cost for a vessel, including long lead time materials (LLTM), production costs, and postproduction costs, before a production contract can be awarded, consistent with congressional direction in prior years.

National Security Cutter (NSC) Program.—The agreement provides \$99,000,000, which is \$21,000,000 above the request, for the NSC program. This funding will support Post Delivery Activities to missionize and operationalize NSCs 10 and 11. The \$21,000,000 is funded in the bill as a rescission and re-appropriation of prior-year funds. The agreement does not include the proposed rescission of \$65,000,000 appropriated in fiscal year 2020.

Offshore Patrol Cutter (OPC).—The agreement includes the requested amount of \$597,000,000 for the construction of the fourth OPC and LLTM for the fifth OPC.

Polar Security Cutter (PSC).—The agreement includes \$80,000,000 for PSC activities, including \$30,000,000 for a portion of the requested LLTM for a third PSC and \$50,000,000 for PSC program management activities.

Quarterly Acquisition Briefing.—The Coast Guard shall continue to brief the Committees quarterly on all major acquisitions. In particular, the Committees remain concerned about the cost and schedule of the OPC and PSC programs and the briefing should include additional detailed information on the progress of these programs. In addition, the Coast Guard shall brief the Committees at least one week prior to taking procurement actions significantly impacting costs associated with the OPC or the PSC.

UNITED STATES SECRET SERVICE

OPERATIONS AND SUPPORT

The agreement includes the following: \$17,000,000 for increased travel expenses; \$6,000,000 for overtime pay; \$5,770,000 to continue and expand training in computer forensics by the National Computer Forensics Institute (NCFI); \$4,001,000 for permanent change of station; \$2,500,000 for payroll; \$2,400,000 for Zero Trust Architecture; \$1,500,000 for Internet Protocol version 6 Transition; and \$800,000 for international operations.

Within the total amount provided, the bill makes \$53,321,000 available until September 30, 2023, including \$1,000,000 for an updated study of the White House Training Facility; \$1,700,000 for international operations; \$12,880,000 for the James J. Rowley Training Center; \$15,241,000 for Operational Mission Support; \$18,000,000 for protective travel; and \$4,500,000 for National Special Security Events (NSSE).

NSSE Designation Process.—USSS is directed to provide a report to the Committees, not later than 180 days after the date of enactment of this Act, which provides the full process for NSSE designation, including how formally or informally events are recommended for designation, pre, during, and post-event preparations and planning, and shall include a recommendation as to whether the NSSE

designations process should be updated to facilitate additional avenues of formal NSSE designation.

Next Generation Presidential Limousine.—The agreement directs USSS to provide the Committees with annual updates within 30 days of the budget request on the contract progress for the Next Generation Presidential Limousine acquisition and to detail progress toward agreed upon delivery milestones. This briefing shall include an update on currently fielded end-of-life platforms and prospective platforms that better take advantage of advances in automotive technology and new security architectures, as well as any lessons learned that can be incorporated into the Fully-Armored Vehicle program.

Purchased and Leased Vehicles.—The agreement incorporates the recommended legislative change to the bill by striking the text “for replacement only”. The agreement directs USSS to suggest updated legislative language for the fiscal year 2023 budget submission that accurately captures the purchased and leased vehicle fleet programs.

Presidential Campaigns and NSSE.—The agreement directs USSS to provide semiannual briefings to the Committees on the use of these funds, with the first briefing to occur not later than 180 days after the date of enactment of this Act.

Report on Open Source Threats to USSS Protectees Prior to January 6th.—Within 90 days of the date of enactment of this Act, USSS shall submit a report to the Committees that examines the efforts to identify open source threats against any protectees in the lead up to the events of January 6, 2021. The report shall include an evaluation of the lessons learned in light of the attack on the U.S. Capitol, summarize all open source and classified Intelligence Community sourced threats towards any protectee, include specific details identifying when USSS discovered such open-source threats against any protectee, and provide USSS response to such threats, including whether the protectee, or any other member of the Executive Branch, was made aware of such threats prior to January 6, 2021. The report shall clearly delineate the timeline for each item above. The report shall also provide detailed recommendations for any resource needs identified for the Open Source Branch and provide a detailed justification for such requests.

Cyber Fraud Task Forces.—Not later than 120 days after the date of enactment of this Act, the agreement directs USSS to provide a briefing on the efforts of its Cyber Fraud Task Forces, including the current state of the program and any future needs to ensure these task forces are keeping up with evolving cyberthreats.

First Amendment Training.—Within 90 days of the date of enactment of this Act, USSS shall provide a briefing to the Committees on any current First Amendment training personnel currently receive, whether such training has substantially changed over the course of the last five years, and the current status of any such Civil Disobedience Units, including personnel and other capabilities.

NCFI.—The agreement provides \$5,700,000 above the budget request for accreditation and workforce professionalization. NCFI shall design and develop a cluster of courses focused on incident response and network security. Of the total amount provided,

\$1,500,000 is included for a pilot program to maximize and evaluate effective instruction at NCFI. The agreement directs USSS to provide a report not later than 180 days after the date of enactment of this Act on the use of those funds to meet previously unmet needs, including any additional efficiencies achieved in preparing for and assessing the training of students.

Strategic Human Capital Plan.—The agreement directs USSS, in coordination with the Department’s Chief Human Capital Officer, to ensure the annual evaluation of the 5-year plan in order to meet all benchmarks and goals as identified. This briefing shall be updated annually within 60 days of the submission of the President’s annual budget request.

TITLE II—ADMINISTRATIVE PROVISIONS

Section 201. The agreement continues a provision regarding overtime compensation.

Section 202. The agreement continues a provision allowing CBP to sustain or increase operations in Puerto Rico and the U.S. Virgin Islands with appropriated funds.

Section 203. The agreement continues a provision regarding the availability of passenger fees collected from certain countries.

Section 204. The agreement continues a provision allowing CBP access to certain reimbursements for preclearance activities.

Section 205. The agreement continues a provision regarding the importation of prescription drugs from Canada.

Section 206. The agreement continues a provision regarding the waiver of certain navigation and vessel-inspection laws.

Section 207. The agreement continues a provision preventing the establishment of new border crossing fees at LPOEs.

Section 208. The agreement continues a provision requiring the Secretary to submit an expenditure plan for funds made available under “U.S. Customs and Border Protection—Procurement, Construction, and Improvements”.

Section 209. The agreement continues and modifies a provision providing amounts for certain activities within the “U.S. Customs and Border Protection—Procurement, Construction, and Improvements” appropriation.

Section 210. The agreement continues a provision prohibiting the construction of border security barriers in specified areas.

Section 211. The agreement continues a provision on vetting operations at existing locations.

Section 212. The agreement includes a provision that amends the Homeland Security Act concerning rescue beacons.

Section 213. The agreement includes a provision that provides additional funding for Border Patrol hiring.

Section 214. The agreement continues a provision prohibiting the use of funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” to continue a delegation of authority under the 287(g) program if the terms of an agreement governing such delegation have been materially violated.

Section 215. The agreement continues a provision prohibiting the use of funds provided under the heading “U.S. Immigration and Customs Enforcement—Operations and Support” to contract with a

facility for detention services if the facility receives less than “adequate” ratings in two consecutive performance evaluations and requires that such evaluations be conducted by the ICE Office of Professional Responsibility.

Section 216. The agreement continues a provision allowing the Secretary to reprogram funds within and transfer funds to “U.S. Immigration and Customs Enforcement—Operations and Support” to ensure the detention of noncitizens prioritized for removal.

Section 217. The agreement continues a provision that requires ICE to provide statistics about its detention population.

Section 218. By reference, the agreement continues provisions related to information sharing and on reporting under the 287(g) program.

Section 219. The agreement continues a provision clarifying that certain elected and appointed officials are not exempt from federal passenger and baggage screening.

Section 220. The agreement continues a provision directing TSA to deploy explosives detection systems based on risk and other factors.

Section 221. The agreement continues a provision authorizing TSA to use funds from the Aviation Security Capital Fund for the procurement and installation of explosives detection systems or for other purposes authorized by law.

Section 222. The agreement continues a provision requiring TSA to provide a report that includes the Capital Investment Plan, the five-year technology investment plan, and information on Advanced Integrated Passenger Screening Technologies.

Section 223. The agreement continues a provision prohibiting funds made available by this Act under the heading “Coast Guard—Operations and Support” for recreational vessel expenses, except to the extent fees are collected from owners of yachts and credited to this appropriation.

Section 224. The agreement continues and modifies a provision under the heading “Coast Guard—Operations and Support” allowing up to \$10,000,000 to be reprogrammed to or from Military Personnel and between the Field Operations funding subcategories.

Section 225. The agreement continues a provision requiring the Commandant of the Coast Guard to submit a future-years capital investment plan.

Section 226. The agreement modifies a provision related to the reallocation of funds for certain overseas activities.

Section 227. The agreement continues a provision prohibiting funds to reduce the staff or mission at the Coast Guard’s legacy Operations Systems Center.

Section 228. The agreement continues a provision prohibiting the use of funds to conduct a competition for activities related to the Coast Guard National Vessel Documentation Center.

Section 229. The agreement continues a provision allowing the use of funds to alter, but not reduce, operations within the Civil Engineering program of the Coast Guard.

Section 230. The agreement continues a provision allowing for use of the Coast Guard Housing Fund.

Section 231. The agreement includes a new provision related to towing vessel fees.

Section 232. The agreement includes a new provision providing additional funding to “Coast Guard—Procurement, Construction, and Improvements” for a grant for the National Coast Guard Museum.

Section 233. The agreement continues a provision allowing the Secret Service to obligate funds in anticipation of reimbursement for personnel receiving training.

Section 234. The agreement continues a provision prohibiting the use of funds by the Secret Service to protect the head of a federal agency other than the Secretary of Homeland Security, except when the Director has entered into a reimbursable agreement for such protection services.

Section 235. The agreement continues a provision allowing the reprogramming of funds within “United States Secret Service—Operations and Support”.

Section 236. The agreement continues a provision allowing funds made available within “United States Secret Service—Operations and Support” to be available for travel of employees on protective missions without regard to the limitations on such expenditures.

TITLE III—PROTECTION, PREPAREDNESS, RESPONSE, AND RECOVERY

CYBERSECURITY AND INFRASTRUCTURE SECURITY AGENCY

OPERATIONS AND SUPPORT

The agreement includes a net increase of \$301,007,000 above the budget request. This includes net increases above the request of \$156,375,000 for Cybersecurity; \$27,637,000 for Infrastructure Security; \$21,600,000 for Emergency Communications; \$17,100,000 for Integrated Operations; \$42,200,000 for Risk Management Operations; \$18,968,000 for Stakeholder Engagement and Requirements; and \$17,127,000 for Mission Support, which are described in more detail below. The agreement also provides net-zero technical adjustments requested by CISA in technical assistance.

Of the total amount provided for this account, \$36,293,000 is available until September 30, 2023, for the National Infrastructure Simulation Analysis Center.

Cyber Response and Recovery Fund (CRRF).—The Infrastructure Investment and Jobs Act, 2021 (IIJA), (Public Law 117–58) appropriated \$100,000,000 for the CRRF, of which \$20,000,000 is available for fiscal year 2022, the same as the amount requested in the President’s fiscal year 2022 budget request. Accordingly, the agreement does not provide additional funding to CRRF. Further, the briefing required in House Report 117–87 has already been provided and is therefore no longer required. The agreement directs CISA to provide a plan for the CRRF within 180 days of the date of enactment of this Act. The plan shall include: how CISA will determine—using clear metrics—when CRRF support will be provided by taking into consideration private sector post-incident resources, and if such support will be reimbursable, non-reimbursable, cost-sharing, or provided as a grant; what steps recipients of CRRF support are required to take for known prevention measures to qualify; what incentives, if any, will be provided to encourage re-

recipients to take such steps; and CISA's ability to quantitatively identify a private sector recipient's ability to repay such assistance before offering such support. Further, the plan shall include a projection of future years' costs and a discussion of the categorization of any future funding for the Fund (e.g., defense, non-defense, disaster, emergency).

Quarterly Budget and Staffing Briefings.—In addition to the requirement set forth in section 102 of this Act, CISA shall provide the Committees quarterly budget and staffing briefings beginning not later than 45 days after the date of enactment of this Act and not later than 30 days after the close of each quarter thereafter. The briefings shall include any source of funding available to CISA for obligation; shall align projected and executed budgetary obligations and on-board staffing data to program areas within each PPA; shall delineate pay from non-pay obligations; and shall include a transmission of the data and information in a downloadable, searchable, and sortable spreadsheet format for the Committees' analysis.

The first briefing shall include:

(1) planned monthly obligations and staffing onboard projections for the fiscal year against which execution data will be compared in subsequent briefings, along with any changes to the plan;

(2) a consultation with the Committees on a plan and format for future quarterly briefings;

(3) a description of any limitations that CISA's financial and staffing systems of record present towards complying with requirements under this heading, such as the monitoring of obligations and onboard staff at the program level; and

(4) CISA's plans to address the limitations described in (3).

Prior to the first briefing, CISA shall provide the Committees a proposed list of program areas to be tracked within each PPA, which shall include at a minimum any program for which enhancements are funded that were requested in the President's budget request and any congressional priorities referenced in this statement.

Cybersecurity

Capabilities to Nullify Cyber Attacks.—Not later than 180 days after the date of enactment of this Act, CISA shall engage with private sector providers, universities, and Department of Defense entities to identify existing software solutions for nullifying cybersecurity attacks before they have the opportunity to infect systems and cause damage. Not later than 210 days after the date of enactment of this Act, CISA shall brief the Committees on the results of these engagements and the feasibility of using such programs to support CISA missions.

Cyber Threat Intelligence Shared Service Offering.—The agreement provides \$2,500,000 above the request to create a new shared cyber threat intelligence service offering through CISA's Cybersecurity Shared Services Office (CSSO) to ensure efficient and effective use of cyber threat intelligence resources across the Federal Civilian Executive Branch (FCEB). Within 180 days of the date of enactment of this Act, CISA shall brief the Committees on a strategy to develop and execute a cyber threat intelligence shared service offering for FCEB Agencies.

Cybersecurity Education.—The agreement provides \$11,800,000 above the request to enhance cybersecurity education, training, and other related programs to address the national shortfall of cybersecurity professionals, including activities funded through the use of grants or cooperative agreements. Of the increase provided, \$5,000,000 is to expand the Federal Cyber Reskilling Academy and other related cyber training initiatives, and \$6,800,000 is for the Cybersecurity Education and Training Assistance Program. CISA shall provide a briefing to the Committees within 120 days of the date of enactment of this Act, on its interagency efforts with OMB, the Office of the National Cyber Director (ONCD), and other relevant agencies to determine the best Federal agency or department to champion and support individual cybersecurity training and future growth of education programs. The briefing shall also outline CISA's approach for addressing those requirements in future budget requests or potential legislative proposals.

Cybersecurity Shared Services Office (CSSO).—CISA shall provide a briefing to the Committees within 120 days of the date of enactment of this Act on how the current CSSO's marketplace services, including the Protective DNS Service, the CISA Vulnerability Disclosure Policy Platform service, the Security Operations Centers as a Service, and any services in development such as mobile security services and cyber threat intelligence services, address the most critical risks to the FCEB networks. CISA is further directed to explore and provide analysis on leveraging these CISA cybersecurity shared services to expand the monitoring for exfiltration of FCEB networks to known command and control nodes and to update the Committees on postures and exposures on an ongoing basis. Within the briefing, CISA shall also propose options to enable advanced, contextual tipping and queuing under CISA's cybersecurity shared service offerings as well as deliver enriched cyber threat intelligence data for Federal, State, and commercial partners.

CyberSentry.—The agreement provides \$95,549,000 above the request for CyberSentry and other efforts focused on voluntary threat detection by critical infrastructure operators through the placement of sensors at the boundary between operational technology and information technology systems. Of the total increase, \$13,364,000 is for operations and support to establish a program management office in support of increasing CyberSentry operations, and \$82,185,000 is for procurement, construction, and improvements for the planning, operational development, engineering, infrastructure, and purchase of critical software and hardware necessary to increase CyberSentry capability and instantiation of the program. Specifically, this funding will be used to purchase and deploy sensors to cover additional critical infrastructure sectors and develop analytic tools to advance analysis of data collected across critical infrastructure CyberSentry partners.

Evaluating Federal Cybersecurity Planning and Strategy.—In order to better determine the federal government's progress towards defending its networks, systems, information, and assets from cyber-attacks, not later than 60 days after the date of enactment of this Act, OMB and CISA shall brief the Committees on the following:

(1) current Federal Information Security Management Act (FISMA) Chief Information Officer (CIO) metrics and Federal department and agency progress in achieving compliance with FISMA cybersecurity goals and requirements;

(2) specific metrics that have been collected over at least a two-year timespan to identify trends and determine department and agency yearly compliance with FISMA;

(3) department and agency utilization of services and capability-specific investments made by CISA associated with the Continuous Diagnostics Mitigation and National Cybersecurity Protection System programs, or any successor programs, to include budget year and outyear planned capability deployment schedules and lifecycle management plans;

(4) assessment of how OMB and the National Cyber Director are ensuring that individual departments and agencies are prioritizing cybersecurity investments in the President's annual budget requests; and

(5) the extent to which OMB, departments, and agencies use FISMA for the budget planning described in paragraph (4) and whether the federal government requires additional assessment and planning tools to help defend the FCEB's cyber infrastructure against evolving and dynamic cybersecurity threats.

This briefing shall be updated annually within 60 days of the submission of the President's annual budget request.

Executive Order on Improving the Nation's Cybersecurity.—The agreement provides \$1,850,000 above the request for CISA to manage the directives lifecycle and fulfill its responsibilities related to strategic recovery, Executive Order 14028 (Improving the Nation's Cybersecurity), and other relevant directives and orders.

Federal Network Resilience.—The agreement provides \$65,000,000 above the request for attack surface management and national vulnerability incident response. Not later than 90 days after the date of enactment of this Act, CISA shall brief the Committees on its existing attack surface management capabilities and its plan to enhance the visibility of department and agency network activity and vulnerabilities with state-of-the-art technologies, including assessments of both government-developed technologies and commercially available solutions.

Implementing Endpoint Threat Detection.—Within 180 days of the date of enactment of this Act, DHS shall provide a briefing to the Committees on the Department's response to the requirement in Executive Order 14028 (Improving the Nation's Cybersecurity), to implement a centrally located Endpoint Detection and Response initiative. The briefing shall include: details on how funding for the program should be sustained over the coming years; details on how solutions for the requirement can leverage best-in-class, commercial, off-the-shelf (COTS) technologies and cloud architectures; and how the EDR requirement is being integrated with adjacent CISA cybersecurity functions, such as Threat Hunting, core endpoint security requirements (e.g., Next Generation Anti-virus), Patch Management, and Incident Response.

Joint Cyber Defense Collaborative (JCDC).—The agreement provides \$16,153,000 above the request for the JCDC to: hire personnel; reimburse the cost of personnel detailed to the JCDC from

other federal agencies; fund equipment necessary for JCDC's planning and operational activities; and support cyber defense collaboration among federal, SLTT, and private sector partners through the development of a common operating picture. In coordination with the Cyber Safety Review Board called for by Executive Order 14028 (Improving the Nation's Cybersecurity), the funding is also intended to establish a robust analytic capability for examining current plans and prior cyber incidents for lessons learned and best practices that can inform future cyber defense plans.

Mitigating Malicious Bot Attacks.—Within 120 days of the date of enactment of this Act, CISA shall brief the Committees on the extent to which there have been distributed denial of service (DDoS) attacks, including those that may use bots. The brief shall propose guidance-aligned options and estimated resources required to better secure systems and websites to prevent such attacks and help potential victims, including SLTT governments.

Multi-State Information Sharing and Analysis Center (MS-ISAC).—The agreement provides not less than \$38,000,000, an increase of \$10,986,000 above the request to sustain and expand the program's capabilities and expertise, to include SLTT election security support via the Election Infrastructure Information Sharing and Analysis Center; mis- and disinformation mitigation capabilities; endpoint detection and response; malicious domain activity blocking and reporting; expansion of the MS-ISAC cyber incident response team and its capabilities; a National Prevention Pilot to provide an unclassified Unified Threat Management service for election and SLTT partners; and improving threat intelligence and data retention and storage capabilities. In lieu of the briefing required in House Report 117–87, CISA shall include budget and staffing plans for the MS-ISAC within the Quarterly Budget and Staffing Briefings described above.

National Cybersecurity Protection System (NCPS).—DHS is directed to provide a briefing to the Committees within 210 days of the date of enactment of this Act that details the investment milestones to integrate the full range of cybersecurity data sets collected across CISA investment programs, to include vulnerability management and incident response data sets into the analytic infrastructure and framework of the restructured NCPS program.

Ransomware.—Within 180 days of the date of enactment of this Act, CISA shall brief the Committees on the factors that left the United States vulnerable to any ransomware attack on critical infrastructure over the last two years and CISA's efforts to raise awareness of the threat of ransomware and activities to reduce the impact of ransomware attacks.

Strengthening Federal Networks.—The agreement provides \$700,000 above the request to implement section 1705 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283) to assist federal agencies with post-incident containment, eradication, and recovery activities.

Threat Hunting.—The agreement provides \$24,000,000 above the request to increase cyber defensive operations in support of federal civilian agencies and non-federal networks, including SLTT governments and other critical infrastructure operators. This additional

funding is also intended to bolster CISA's capacity to quickly issue proactive guidance based on intelligence and learned behaviors after the positive identification of a compromise. Within 180 days of the date of enactment of this Act, CISA shall provide a briefing to the Committees on the total threat hunting services and incident response engagements it provided in fiscal year 2021, to include the services offered and level of engagement required for each.

Vulnerability Management Infrastructure.—The agreement provides \$10,022,000 above the request for the underlying infrastructure that enables better identification, analysis, and publication of known vulnerabilities and common attack patterns, including through the National Vulnerability Database, and to expand the coordinated responsible disclosure of vulnerabilities.

Infrastructure Security

Bombing Prevention.—The agreement provides \$7,526,000 above the request to expand efforts to address the proliferation and use of Improvised Explosive Devices, to continue the Train-the-Trainer program, and to continue the services provided through the Bomb-making Materials Awareness program. In lieu of the plan required in House Report 117–87, CISA shall include budget and staffing plans for the Office of Bombing Prevention within the Quarterly Budget and Staffing Briefings described above.

JCDC Exercises.—In furtherance of section 1715 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283), the agreement provides \$2,244,000 above the request to support JCDC-organized cyber defense exercises that improve public and private sector awareness of JCDC planning guidance and playbooks and improve operational coordination to protect, detect, respond to, and recover from cybersecurity risks or incidents. Such exercises also provide a venue for increasing the collective understanding of adversary threats to critical infrastructure and other national targets of interest, along with the vulnerability of such infrastructure and the potential consequences of disrupting it.

National Cyber Exercises.—In furtherance of section 1744 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283), the agreement provides \$3,367,000 above the request for the planning and execution of national cyber exercises. These exercises shall involve the executive branch, State governments, the private sector, and international partners, and shall include Congress as observers.

Public Gathering Security.—The agreement provides \$8,000,000 above the request to continue CISA's efforts to improve public gathering security by building the security capacity at public gathering locations.

Emergency Communications

First Responder Emergency Medical Communications.—The agreement provides \$4,000,000 above the request for CISA to administer and expand competitive grants for SLTT merit-based demonstration projects and technical assistance offerings that aid in the implementation of the National Emergency Communications

Plan through innovative approaches to interoperable emergency medical communications in rural areas to enhance public safety communications.

National Emergency Communications Plan.—The agreement provides \$2,000,000 above the request to complete an update of the National Emergency Communications Plan to incorporate evolving technologies and update threat prevention methods. Within 180 days of the date of enactment of this Act, CISA shall provide the Committees an estimated timeline for the completion of the update.

Next Generation Networks-Priority Service (NGN-PS).—The agreement provides \$47,600,000 above the budget request amount to accelerate the development and deployment of NGN-PS Phase 2 technologies and services. Of this amount, \$4,600,000 is provided in Operations and Support funding and \$43,000,000 is provided in Procurement, Construction, and Improvements funding.

Resilient Next Generation 911 (NG911) Ecosystem.—The agreement provides \$20,000,000 above the request to design initiatives and to begin to deliver a resilient 911 Ecosystem in discrete and usable segments and should ensure small-scale NG911 systems align with NIST cybersecurity standards while preserving the ability to work with all forms of data, video, and information services. Of this amount, \$6,000,000 is provided in Operations and Support funding and \$14,000,000 is provided in Procurement, Construction, and Improvements funding. CISA shall work with the Federal Communications Commission, the National Highway Traffic Safety Administration, and the National Telecommunications Information Administration to lay the groundwork for an incremental program that will be guided by recommendations from the National NG911 Roadmap.

Technical Assistance to SLTT Emergency Communications Partners.—The agreement provides \$5,000,000 above the request for technical assistance to SLTT emergency communications partners.

Integrated Operations

Security Advisors (SA).—The agreement provides \$17,100,000 above the request to increase the number of SAs and other regional staff needed to help support CISA's regional operations in the 10 CISA regions and within the Federal Bureau of Investigation's Field Office Cyber Task Forces.

Risk Management Operations

Continuity of the Economy.—The agreement provides \$200,000 above the request for the development of a Continuity of the Economy Plan, as required by section 9603 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

National Critical Functions (NCFs) Analytic Capability.—The agreement provides \$15,000,000 above the request to develop a long-term analytic capability that can evaluate evolving strategic risks to NCFs from the potential compromises of critical infrastructure over a 5- to 25-year timespan. Of this increase, \$2,000,000 is to build upon prior investments in models and to develop a long-term analytic capability that can evaluate evolving strategic risks

to NCFs and \$3,000,000 is to continue prior investments in models and develop long-term analytic capability that can evaluate evolving strategic risks to NCFs.

Stakeholder Engagement and Requirements

Cyber Safety Review Board (CSRB).—In support of Executive Order 14028 (Improving the Nation’s Cybersecurity), the agreement provides \$2,893,000 above the request to establish the CSRB. In lieu of the briefing required in House Report 117–87, CISA shall include budget and staffing plans for the CSRB within the Quarterly Budget and Staffing Briefings described above.

Cybersecurity Advisory Committee.—The agreement provides \$1,450,000 above the request to support the establishment of the Cybersecurity Advisory Committee, pursuant to section 1718 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283).

Enhanced Awareness Campaigns.—The agreement provides \$4,125,000 above the request to expand and evolve existing outreach and awareness efforts that increase the public’s understanding of critical infrastructure issues, risks, and threats, and to drive meaningful, demonstrable change in safety and security behaviors.

Sector Risk Management Agencies.—The agreement provides \$39,000,000 above the request for activities carried out in furtherance of the authorities and added requirements established by section 9002 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Public Law 116–283) for the management of the eight sectors for which CISA is the Sector Risk Management Agency. Of this amount, \$6,500,000 is provided in infrastructure security; \$22,000,000 is provided in risk management operations; and \$10,500,000 is provided in stakeholder engagements and requirements.

SLTT Cyber Grants Management.—The agreement provides \$4,000,000, as requested, for CISA to provide subject matter expertise on cyber and infrastructure security matters as FEMA implements SLTT preparedness grant programs, such as the State Homeland Security Grant Program and Urban Area Security Initiative. CISA is directed to continue supporting FEMA by providing guidance to SLTT entities to define and manage cyber risk. Further, CISA and FEMA are directed to jointly review the bi-yearly Nationwide Cybersecurity Review and brief the Committees within 180 days of the date of enactment of this Act on how such review can be more actively used among the components.

Mission Support

Mission Support Requirements.—The agreement rejects the proposed \$2,177,000 reduction intended to achieve undefined administrative efficiencies. In addition, the agreement provides \$850,000 above the request to accelerate the development and implementation of policies and procedures necessary for CISA to assume responsibility for personnel security and suitability vetting of potential CISA personnel and contracted personnel, and \$6,600,000

above the request to establish a procurement office and for additional mission support.

Strategic Plan.—The agreement provides \$7,500,000 above the request for Strategy, Policy, and Plans to develop a long-term strategic implementation plan by component. The plan should be developed annually in coordination with a federally Funded Research and Development Center or other partnership and should include a comprehensive view of the overall CISA mission, how individual offices within CISA contribute to that mission, and a vision for how CISA can improve upon its current posture to execute its mission, including staffing requirements and a comprehensive 5-year hiring plan. Within 90 days of the date of enactment of this Act, CISA shall provide the Committees a briefing outlining the projected milestones and timeline for developing the plan.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

Cybersecurity

Continuous Diagnostics and Mitigation (CDM).—The agreement provides \$32,334,000 above the request for enterprise mobility management investments to continue development and deployment of management and security tools to address the mobile device landscape across the Federal Civilian Executive Branch agencies.

National Cybersecurity Protection System.—The agreement provides \$1,000,000 above the request to enhance the protection of Federal networks and expand CISA's ability to coordinate and execute defense against nation-state threats and critical vulnerabilities.

RESEARCH AND DEVELOPMENT

Infrastructure Security

Public Gathering Security.—The agreement provides \$3,000,000 above the request for CISA to collaborate with the Army's Engineer Research Development Center and other identified national labs and universities to demonstrate and integrate protective technologies to address identified technological needs and requirements for public gathering security.

Risk Management

Technology Development and Deployment Program (TDDP).—The agreement provides \$3,500,000 above the request for the TDDP.

FEDERAL EMERGENCY MANAGEMENT AGENCY

OPERATIONS AND SUPPORT

The agreement provides \$13,697,000 above the request, including \$1,000,000 for administration of the Next Generation Warning System; \$7,500,000 for homeland security preparedness grant evaluations; \$11,000,000 for Integrated and Public Warning System; \$2,356,000 for SLTT Continuity Technical Assistance; \$800,000 for Continuity Assessment Support; \$350,000 to administer the Alternatives to Detention Case Management Pilot grant program in the Preparedness and Protection PPA; \$5,150,000 for disaster supply

chain preparedness in the Response and Recovery PPA; and \$1,288,000 for disaster supply chain preparedness in the Mission Support PPA. The agreement also provides net zero technical adjustments requested by the Agency in technical assistance.

Building Resilient Infrastructure and Communities (BRIC).—Within 60 days of the date of enactment of this Act and quarterly thereafter, FEMA shall brief the Committees on the status of BRIC implementation, including projected funding levels. Recognizing the importance of stakeholder input, the briefing shall include a description of how stakeholder views are incorporated, including the needs of local governments.

Emergency Management Assistance Compact.—The agreement provides \$2,000,000 in the Response and Recovery PPA for the Emergency Management Assistance Compact.

FEMA and HUD Coordination Individual Assistance.—Within 180 days of the date of enactment of this Act, FEMA and HUD shall brief the Committees on the following—data sharing and integration, staffing and coordination, reducing redundant data collection from survivors, known challenges and barriers to data sharing, safeguards to protect survivor privacy and key lessons from prior efforts.

National Dam Safety Program.—The agreement provides not less than \$9,657,000 in the Mitigation PPA for the National Dam Safety Program.

National Earthquake Hazards Reduction Program.—The agreement provides not less than \$8,517,000 in the Mitigation PPA for the National Earthquake Hazards Reduction Program.

Next Generation Warning System.—The agreement provides \$1,000,000 for the administration of Next Generation Warning System as described in House Report 117–87.

Preparedness Grants Evaluations.—The agreement includes \$7,500,000 in O&S for conducting independently verified and validated evaluations on the effectiveness of preparedness grants in lieu of a transfer from Federal Assistance, as proposed in the request for this purpose. FEMA shall brief the Committees within 45 days of the date of enactment of this Act on a plan for the use of these funds. The briefing shall also address current requirements and recommendations for appropriate privacy and civil liberty safeguards and reporting on deaths or injuries resulting from equipment purchased with grant funding. FEMA is also directed to provide updates on the status of the evaluations to the Committees within 105 days of the date of enactment of this Act, and every 60 days thereafter, until such evaluations are completed. Within 30 days of the completion of such evaluations, and not later than 270 days after the date of enactment of this Act, FEMA shall provide a final report on the results of the evaluations to the Committees.

Urban Area Flooding.—Within 30 days of the completion of the FY 2020 Urban Area Flooding Pilot, FEMA shall brief the Committees on the activities and make recommendations, such as whether a permanent program should be established.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement includes an increase of \$21,773,000 above the request including \$3,000,000 for the National Warning System and

\$18,773,000 for the realignment of information technology projects from Operations and Support as requested by the Agency in technical assistance.

FEDERAL ASSISTANCE

(INCLUDING TRANSFERS OF FUNDS)

The agreement includes an increase of \$330,729,000 above the budget request, not including funding transferred from the Office of the Secretary and Executive Management for targeted violence and terrorism prevention grants and an Alternatives to Detention case management pilot program. The amount provided for this appropriation by PPA is as follows:

	Budget Estimate	Final Bill
Federal Assistance		
Grants		
State Homeland Security Grant Program	\$594,686,000	\$645,000,000
(Operation Stonegarden)	— — —	(90,000,000)

Total, Federal Assistance (including transfers)	\$3,327,470,000	\$3,668,199,000

Continuing Training Grants.—The agreement includes \$12,000,000 for Continuing Training Grants, of which not less than \$3,000,000 shall be competitively awarded for FEMA-certified rural

and tribal training; \$2,000,000 for FEMA to partner with the Federal Aviation Administration (FAA) Unmanned Aircraft Center of Excellence to conduct a regional training program for SLTT responders in using UAS for disaster preparedness and response; and \$4,000,000 for activities of the National Cybersecurity Preparedness Consortium.

Eligible Costs for Preparedness Grants.—In order to ensure SHSGP and UASI funding remains focused on their intended purposes, the agreement supports the continuation of existing policy with respect to making costs associated with the purchase of weapons, weapons accessories (including ammunition), and weaponized vehicles ineligible under the programs.

Emergency Management Training Backlog.—FEMA is directed to brief the Committees, within 180 days of the date of enactment of this Act, on the impact COVID-19 has had on its ability to meet emergency response training demands since the beginning of the pandemic, including any potential resultant training backlogs and FEMA's plan to address any such backlogs.

Flood Mapping.—Within 60 days of the date of enactment of this Act, FEMA is directed to brief the Committees on its flood mapping plan for fiscal year 2022.

Funding Considerations.—When awarding grants, the Administrator shall consider: the needs of cybersecurity preparedness and planning; state court cybersecurity; 911 call capabilities; alert and warning capabilities; implementation of the REAL ID Act (Public Law 109-13); and countering targeted violence and terrorism prevention programs.

High Hazard Dams.—FEMA is directed to brief the Committees within 90 days of the date of enactment of this Act, on the High Hazard Potential Dam Safety program including a plan for spending the funds provided to the program in this Act and in Public Law 117-58 as well as the effectiveness, cost-benefits of the program, and recommendations to make the program more effective.

National Cybersecurity Preparedness Consortium.—By the end of fiscal year 2022, the Consortium shall provide the Committees a comprehensive report on multiyear curricula to improve cybersecurity preparedness.

Next Generation Warning System.—The Act provides \$40,000,000 for the Next Generation Warning System as part of the Integrated Public Alert and Warning System as described in House Report 117-87.

Regional Catastrophic Preparedness Grant Program.—FEMA is directed to: prioritize funding for efforts which formalize new or sustain existing working groups for continued effective coordination; ensure synchronization of plans and shared best practices; implement citizen and community preparedness campaigns; and preposition needed commodities and equipment. FEMA is further directed to take into account the needs of both the area at risk of natural and man-made catastrophes and affected communities.

Transit Security Grant Program (TSGP).—The agreement provides an increase of \$5,000,000 for the TSGP to allow FEMA to make awards to additional applicants.

United States Fire Administration (USFA).—FEMA is directed to continue its traditional funding for the congressionally-mandated

National Fallen Firefighters Memorial. Within 30 days of the date of enactment of this Act, the USFA shall submit to the Committees the status report on its efforts to collect data on firefighter suicide as required in the fiscal year 2021 Joint Explanatory Statement.

DISASTER RELIEF FUND

The agreement provides \$500,000,000 below the request, for a total of \$18,799,000,000. The total amount is appropriated under the budget cap adjustment for major disaster response and recovery activities. No funds are provided for base DRF activities due to a significant carryover balance in the base account that is sufficient for carrying out all projected fiscal year 2022 activities.

Building Resilient Infrastructure and Communities.—The Capability and Capacity Building activity in fiscal year 2022 shall be funded at no less than \$1,500,000 per State as defined by section 102(4) of the Stafford Act.

Community Disaster Loans.—The Act allows FEMA to transfer \$3,000,000 from the Disaster Relief Fund to the Disaster Assistance Direct Loan Program Account for administrative expenses for the Community Disaster Loan program. Prior the transfer, in lieu of the briefing required in House Report 117–87, FEMA shall brief the Committees on an expenditure plan for the transferred funds and on loans fully or partially cancelled by Public Law 117–43.

Disaster Assistance for Individuals and Households.—Within 120 days of the date of enactment of this Act, FEMA shall brief the Committees on how the recommendations in GAO–20–503 are being implemented and ensuring that eligible applicants for Individuals and Households assistance do not face undue burdens in establishing their eligibility.

Disaster Declaration Process.—FEMA is directed to consult with states on the policy of considering the estimated cost of a disaster in relation to the population of the State when recommending whether to declare a Federal disaster, and brief the Committees within 270 days of this Act on the results of the consultation.

Improving Access to BRIC.—Within 90 days of the date of enactment of this Act, FEMA shall brief the Committees on its current and planned strategies to help SLTT governments effectively leverage the BRIC program and how the BRIC program addresses applicants where code adoption and enforcement is the responsibility of a different level of government. The briefing should include an analysis of how the Agency and the program can better assist SLTT governments in adopting and implementing building codes that advance community resilience. The briefing should also include States' options outside of this program to assist communities with needed pre-disaster mitigation and other challenges in addressing pre-disaster mitigation.

Natural Infrastructure Activities.—Within 180 days of the selection of fiscal year 2020 BRIC projects, FEMA shall provide the Committees with a report on the number, dollar amount, and percentage of BRIC applications received to fund natural infrastructure projects. The report shall be disaggregated by the applications that were awarded funding and those that were not, and describe the types of natural infrastructure activities funded including those that were for living shorelines projects.

NATIONAL FLOOD INSURANCE FUND

The agreement includes \$214,706,000 for the National Flood Insurance Fund consistent with the budget request.

TITLE III—ADMINISTRATIVE PROVISIONS

Section 301. The agreement continues a provision making “Cybersecurity and Infrastructure Security Agency—Operations and Support” funding available for a cybersecurity competition established by Executive Order No. 13870.

Section 302. The agreement includes a provision making “Cybersecurity and Infrastructure Security Agency—Operations and Support” funding available for procuring and providing cybersecurity threat feeds to CISA stakeholders and partners.

Section 303. The agreement modifies a provision limiting expenses for administration of grants.

Section 304. The agreement continues a provision specifying timeframes for information on certain grant awards.

Section 305. The agreement continues a provision requiring a five-day advance notification for certain grant awards under “Federal Emergency Management Agency—Federal Assistance.”

Section 306. The agreement continues a provision that addresses the availability of certain grant funds for the installation of communications towers.

Section 307. The agreement continues a provision requiring a report on the expenditures of the DRF.

Section 308. The agreement continues a provision permitting certain waivers to SAFER grant program requirements.

Section 309. The agreement continues a provision providing for the receipt and expenditure of fees collected for the Radiological Emergency Preparedness Program, as authorized by Public Law 105–276.

Section 310. The agreement continues a provision allowing the FEMA Administrator to waive certain requirements pertaining to Assistance to Firefighter Grants.

Section 311. The agreement includes a provision adjusting the cost share for major disasters and emergencies that occurred or were declared in calendar years 2020 and 2021.

TITLE IV—RESEARCH, DEVELOPMENT, TRAINING, AND SERVICES

UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES

OPERATIONS AND SUPPORT

The agreement provides \$275,000,000 to address the USCIS backlog by hiring additional personnel, including asylum officers and refugee officers; increasing overtime; investing in case file management support; provisioning equipment for increased video interviewing capability; purchasing information technology equipment and supplies; training; travel; and providing for other related costs.

Within the total amount provided, \$87,619,000 is available until September 30, 2023, for application processing. Not later than 45 days after the date of enactment of this Act, USCIS shall brief the Committees on an updated spending and hiring plan, which shall include the funding provided in support of application processing, and shall also include a detailed breakout, by mission critical occupation category, of the total USCIS funded position levels, which

shall include positions supported by fee funding, to provide a complete picture of USCIS's funded position levels for its various workstreams, which shall then be used to compare against realized hiring execution.

Asylum Processing.—Not later than 90 days after the date of enactment of this Act, USCIS shall provide a report to the Committees that details its efforts and specific actions, if any, to reduce the backlog of asylum applications, while ensuring that asylum applicants are properly reviewed for security purposes.

Backlog Reporting and Processing Times.—USCIS shall provide the Committees a plan within 60 days of the date of enactment of this Act to establish a quarterly, public report on all backlogs, frontlogs, and pending forms, for all form types, which shall also indicate the form's processing goal. Additionally, within 180 days of the date of enactment of this Act, USCIS shall develop and brief the Committees on a comprehensive Backlog Elimination Plan, modeled on prior successful efforts by USCIS to eliminate their backlogs in 2004–2006, along with any associated staffing models to support such plan. USCIS is directed to ensure that timeliness performance measures for all forms are developed, implemented, and routinely assessed. Within 90 days of the date of enactment of this Act, USCIS shall report to the Committees on measures implemented to promptly reduce processing delays and provide the Committees a list of adjudication processing goals and whether the goal is required by statute, regulation, or is set internally.

Budget Justification Materials.—USCIS shall provide additional detailed information and accounting level data in its future budget justification materials to ensure transparency and executability. Such details shall include additional information regarding each adjustment to base and program change from the prior year for each PPA, including the PPAs within the Immigration Examinations Fee Account (IEFA), and shall provide such information at the office-level for the Administration PPA. Within 30 days of the date of enactment of this Act, USCIS shall confer with the Committees on the PPA structure to be used for future budget requests.

Electronic Processing.—In addition to the requirements in Section 4103 of the USCIS Stabilization Act (Public Law 116–159) and not later than 90 days after the date of enactment of this Act, and quarterly thereafter, USCIS is directed to brief the Committees on its progress with further developing and implementing the plan, which shall include the following additional detailed information:

- (1) cost and schedule plans for 12 months;
- (2) cost and schedule actuals against the plans;
- (3) identification and justification for slippage in cost and/or schedule;
- (4) identification of any risks, and mitigation strategies to address such risks;
- (5) identification of any technological challenges facing the agency;
- (6) an examination of whether expanded premium processing could facilitate end-to-end electronic processing for all immigration benefit requests, and if so, the resulting project plan, including timelines and cost estimates for USCIS and customers; and

(7) a plan for promoting public adoption, including by engaging with industry partners as applicable.

USCIS shall specifically highlight the status of its efforts to establish a centralized mechanism for asylum seekers to apply for employment authorization online, including a projected schedule for meeting anticipated milestones. Further, USCIS shall review whether Form I-765 can be more narrowly tailored to reduce paperwork and workloads, while still ensuring proper eligibility and security and shall include its plan for achieving this goal, including any anticipated resource savings and timeliness metrics, in the next semi-annual briefing.

E-Verify.—USCIS shall examine and brief the Committees, within 90 days of the date of enactment of this Act, on a plan to implement an appeal process for a final non-confirmation within the E-Verify system, as well as improvements in outreach efforts and training tools to assist employers in improving the accuracy of information they submit into the system.

Fee Study.—USCIS shall ensure that the accompanying documentation required by USCIS's fee study clearly indicates the programs or efforts that prevent USCIS from obtaining full cost recovery.

Use of Fee Waivers.—Within 90 days of the date of enactment of this Act, USCIS shall brief the Committees on its policies regarding the use of full and partial fee waivers for applicants, petitioners, and requestors.

H-2A Visas.—USCIS shall, in consultation with the Department of Labor, timely post public information provided by employers on the Form I-129 and associated filings regarding recruiters, recruiting agents, or agencies they plan to use. USCIS shall also establish a process whereby workers may confirm that they are the beneficiaries of H-2A petitions and can receive information about their own immigration status, including their authorized period of stay and the status of any requested visa extensions.

H-2B Visas.—The Department shall, in consultation with the Department of Labor, examine the impacts of the current H-2B visa semiannual distribution on employers, employees, and agency operations and provide the Committees a briefing on the study not later than 180 days after the date of enactment of this Act.

Military Naturalization Applications.—Absent exigent circumstances or additional time applicants may need to respond to Requests for Evidence or Notices of Intent to Deny, USCIS shall ensure that military naturalization applications are processed within six months, as was required by the Military Personnel Citizenship Processing Act of 2008 (Public Law 110-382). USCIS is directed to continue to build upon its military naturalization promotion program, in conjunction with the Department of Defense, to ensure all military service members and their families learn about and consider their eligibility to apply for naturalization before the military service member's separation from the military, and to help military families navigate the naturalization process. Not later than 90 days after the date of enactment of this Act, USCIS shall brief the Committees on the status of meeting these goals, including any efforts to streamline processes and improve the overall experience for service members and their families.

Quarterly Budget and Productivity Reporting.—USCIS shall brief the Committees within 90 days of the date of enactment of this Act, and quarterly thereafter, on budget operations, including revenue projections, actual spending, and other financial forecasts. At a minimum, the briefing shall detail the spending of each directorate and office (compared to projections), provide revenue and expenses delineated by form type, other agency expenses including payments or transfers to other Federal agencies, and carryover or reserve fund projections and spending. USCIS shall ensure the agency maintains a sufficient carryover balance to provide stability amid fluctuating receipts. Additionally, USCIS shall develop productivity measures that convey the baseline capacity and capabilities for processing applications and petitions and capture the impact of investments in personnel, technology, or changes to processes and policies on such measures. Updates on USCIS performance against these measures shall be included with the quarterly budget reporting.

Refugee Admissions.—The Department shall submit to the Committees and make available to the public on its website not later than 90 days after the date of enactment of this Act the following information for each of the fiscal years 2018 through 2021:

- (1) the number of USCIS staff assigned to the Refugee Corps at the Refugee Affairs Division of USCIS and the number of refugee processing circuit rides conducted;
- (2) the number of USCIS Refugee Corps officers assigned to each circuit ride;
- (3) the destination region and country for each circuit ride;
- (4) the number of refugee interviews conducted by USCIS; and
- (5) the number of approvals and denials issued by USCIS.

Report on Non-Immigrant Visas.—Within 180 days of the date of enactment of this Act, USCIS shall provide to the Committees a monthly report of non-immigrant visas granted to individuals from each country subject to a designation of Temporary Protected Status (TPS).

Trauma-Informed Support.—Within 180 days of the date of enactment of this Act, USCIS shall brief the Committees on any current training for employees who are regularly exposed to, or engage with, trauma survivors.

Trusted Employer Program.—Within 60 days of the date of enactment of this Act, USCIS shall provide a report to the Committees on the operation of the pilot program from 2016 to 2020 for the Trusted Employer Program, including information regarding any cost-savings to the agency, cost-savings to petitioners, and operational and security benefits to the agency.

Virtual Processes and Ceremonies.—Not later than 60 days after the date of enactment of this Act, USCIS shall provide the Committees with an analysis of the feasibility of leveraging video and audio conferencing capabilities to:

- (1) support remote refugee interviews; and
- (2) remotely administer the oath of citizenship during circumstances that impede the regular administration of naturalization ceremonies.

Workload Staffing Modeling.—USCIS shall brief the Committees within 90 days of the date of enactment of this Act on a plan to

develop a strategic agency-wide workload staffing model that incorporates the impact of personnel, existing assets, and capabilities on USCIS operations. The model should reflect the impact of business transformation initiatives such as IT, business process re-engineering, and the streamlining of data required on forms from applicants/petitioners. While the model shall not assume that work will be performed by employees detailed from other agencies to perform core USCIS mission duties, the model shall incorporate historical attrition and hiring delays to inform realistic staffing on-board assumptions. The model should be able to provide to USCIS data on the expected impacts that changes in USCIS assets and capabilities are expected to have on reducing backlogs and allow USCIS the ability to test how changes in business processes and policies will impact their workforce, assets, and customers.

Voter Registration for New Citizens.—USCIS shall examine the feasibility of working with the appropriate State, local official, or agency, to register new U.S. Citizens upon completion of their oath ceremonies. Such examination shall consider the barriers to such efforts and examine whether USCIS can electronically transfer voter information to facilitate voter registration upon successfully obtaining U.S. Citizenship.

FEDERAL ASSISTANCE

The agreement provides \$20,000,000 to support the Citizenship and Integration Grant Program. In addition, USCIS continues to have the authority to accept private donations to support this program.

FEDERAL LAW ENFORCEMENT TRAINING CENTERS

OPERATIONS AND SUPPORT

The bill provides the requested amount.

Interagency Training Centers.—The Department shall continue working with the National Guard, as well as state and local leaders, to identify opportunities to expand domestic training locations on federal or state property, particularly in regions that lack facilities for training related to active shooters, dense urban terrain, and cyber and electromagnetic response.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The bill provides the requested amount.

SCIENCE AND TECHNOLOGY DIRECTORATE

OPERATIONS AND SUPPORT

The agreement provides \$20,000,000 above the budget request.

Forced Labor Analysis.—The agreement includes \$5,000,000 above the request to develop analytic capabilities to assess the impact of DHS and CBP actions and investments on world-wide forced labor levels.

Projecting and Planning for Future Flow to U.S. Southwest Border.—The agreement includes \$15,000,000 to expand and evolve the interagency models developed with CBP on the impacts to Federal agencies of changes in flow to the border, changes in policies,

and changes in agency resources. Within 60 days of the date of enactment of this Act, Science & Technology (S&T) and CBP, along with other DHS partners, shall provide a briefing to the Committees on execution of these funds and timeframe for delivery of model output to all impacted agencies.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The bill provides an increase of \$4,000,000 above the request for biological decontamination, completing environmental regulatory compliance activities, and preserving historic assets at the Plum Island Animal Disease Center.

RESEARCH AND DEVELOPMENT

The agreement provides \$39,500,000 above the request for Research and Development (R&D), including increases of \$25,000,000 for Research, Development, and Innovation; and \$14,500,000 for University Programs.

RESEARCH, DEVELOPMENT, AND INNOVATION

In developing a proposed allocation plan of its research, development, and innovation funds, as described in House Report 117–87, S&T is to consider funding ongoing meritorious projects as referenced in the House Report 117–87, and the following: up to \$10,000,000 to support container demonstrations and to evaluate new scalable container security design improvements; up to \$2,000,000 to develop thermoplastic composite materials that improve sensor integration; up to \$6,000,000 to pursue research and development related to data visualization and emerging analytics; up to \$3,000,000 for a pilot program with an academic partner to support the use of statewide mesonets; up to \$5,000,000 for additional capabilities to improve the detection and interdiction of threats encountered by CBP or TSA; up to \$1,500,000 for the ongoing maritime port resiliency and security research testbed; up to \$15,269,000 for the Detection Canine Program of which up to \$10,000,000 may be used to pursue collaboration with end users; up to \$9,000,000 for enabling UAS research, of which up to \$4,000,000 may be used for the demonstration site to conduct on-site testing and evaluation; up to \$2,000,000 to work with a university partner to evaluate cybersecurity training materials and the social and behavioral impacts on protecting local law enforcement entities and their respective operations; up to \$5,000,000 for entering into an Educational Partnership Agreement to develop capabilities for maintaining and improving the integrity of U.S. levee and dam systems; up to \$5,000,000 to research viable alternatives of concrete dam design and performance; up to \$4,000,000 for partnership intermediary agreements; up to \$2,000,000 for research, in partnership with a National Laboratory, on the critical infrastructure testbed for cybersecurity; up to \$2,000,000 for the binational cooperative program; up to \$4,500,000 for collaboration with ICE HSI on the development of opioid-related investigative, training, analytical and other capabilities; and up to \$5,000,000 for quality assurance and continuous evaluation research on voting technologies and election data security procedures.

Applied Research.—S&T shall continue to prioritize applied research activities that provide innovative solutions to the Department, its components, and their most integral stakeholders. Despite the inclusion of R&D appropriations for each component under the common appropriations structure, S&T should be the central component for departmental R&D, including R&D for other components. The Department shall notify the Committees not less than 60 days in advance of any reduction, discontinuation, or transfer from the custody of the Undersecretary for Science and Technology of any research and development activity that is being conducted by S&T as of the date of enactment of this Act.

Binational Cooperative Program.—Within 180 days of the date of enactment of this Act, S&T shall brief the Committees on the outcome of each grant awarded through the program and on any commercialization or transition to practice that has resulted from the program's initiatives.

Biosurveillance and Security Test Capability.—S&T shall work with the Office of Countering Weapons of Mass Destruction to determine whether this capability is supportive of the Biological Detection for the 21st Century program within its current development cycle. Within 90 days of the date of enactment of this Act, S&T shall provide the Committees the results of the evaluation and a plan for test bed capabilities that takes into account the development of capability requirements and a bench scale testing plan to model this capability.

Detection Canine Program.—Within 90 days of the date of enactment of this Act, S&T shall provide a spend plan for the Detection Canine Program and shall brief the Committees semiannually thereafter on the program's status.

Improving Detection Capabilities for Aerosolized Biological Threats.—Within 90 days of the date of enactment of this Act, S&T shall provide a report on DHS future plans to complete advanced development, transition, fielding and sustainment of these critical detection capabilities for aerosolized biological threats.

Minority Serving Institutions (MSIs) Program.—The agreement directs the Department to ensure that this program is open to MSIs, as defined in section 371(a) of the Higher Education Act of 1965 (20 U.S.C. 1067q(a)).

Research and Prototyping for IED Defeat Program (RAPID).—Within 90 days of the date of enactment of this Act, S&T shall provide a report on RAPID funding, developing technologies and transition/training efforts to support public safety across the Nation.

Silicon Valley Innovation Program (SVIP).—Within 90 days after the date of enactment of this Act, S&T shall brief the Committees on the SVIP's current and projected return on investment.

Transitioning New Capabilities to Operational Components.—S&T shall provide a briefing to the Committees, within 45 days of the date of enactment of this Act, on its plan to partner with DHS agencies to develop key measures that capture that impact and quantify a return on investment. Within 120 days of the date of enactment of this Act, S&T shall provide the Committees initial examples of the impact of three R&D projects.

Work for Others.—Within 90 days of the date of enactment of this Act, S&T shall brief the Committees on the implementation and execution of the Work for Others program within the NBACC.

UNIVERSITY PROGRAMS

The agreement includes an increase of \$12,000,000 above the request for the Centers of Excellence for the development of an independent assessment of the current state of border security including associated requirements and \$2,500,000 above the request for MSIs.

Efficacy of Investments in Border Security.—Within 180 days of enactment of this Act, S&T shall provide an initial report assessing the efficacy of investments in border security over the previous five years, and 12 months after the initial report, provide a final report.

COUNTERING WEAPONS OF MASS DESTRUCTION OFFICE

OPERATIONS AND SUPPORT

The agreement provides \$19,550,000 above the request with two years of availability, including \$5,000,000 for the Medical Information Exchange personnel and \$14,550,000 for child welfare professionals.

Chief Medical Officer (CMO).—The agreement amends a provision in title V to allow the Secretary to establish a new executive management office led by the CMO to better lead and coordinate the Department's medical and public health policies and operations.

Child Welfare Support at CBP Facilities.—The agreement provides \$14,550,000 above the request to the Office of the CMO, to obtain the services of, at minimum, two full-time, State-licensed child welfare professionals or equivalents per each CBP sector along the southwest border. These providers will provide care for children temporarily in CBP custody.

The CMO shall work in coordination with CBP and provide a briefing within 60 days of the date of enactment of this Act, on an execution plan for hiring child welfare support, to include how the personnel will be deployed in the field and how translation services will be provided. The agreement further directs the CMO to develop and oversee implementation of standards for providing physical and mental healthcare to minors held in CBP custody within 180 days of the date of enactment of this Act. Prior to implementation of these requirements, the CMO shall brief the Committees on the contents and scope of the requirements, and, within 90 days of the date of implementation shall brief the Committees on adoption of and compliance with these requirements.

Health Security.—The agreement directs the CMO, in conjunction with other Federal partners, to develop and implement effective health security contingency planning, interagency coordination protocols and processes, and regionally based training and exercises, to prepare the Department for emergent circumstances such as future pandemics, increased migrant flow, National Special Security Events, Special Event Assessment Rating events, and Stafford Act-declared disasters. These health security efforts should also include all biological, chemical, and radiologic threats to the

United States as guided by Material Threat Determinations and subsequent threat assessments by the Department and the Intelligence Community. Prior to implementation of this initiative, the CMO shall brief the Committees on the contents and scope of the finalized requirements. Within 90 days after implementation of these health security efforts, the CMO shall brief the Committees on adoption of and compliance with these requirements.

PROCUREMENT, CONSTRUCTION, AND IMPROVEMENTS

The agreement provides \$5,000,000 above the request for Medical Information Exchange.

FEDERAL ASSISTANCE

BioWatch.—CWMD is directed to provide an update on the status of BD21 and plans to replace BioWatch capabilities within 120 days, including status on implementation of recommendation from GAO–21–292, “DHS Exploring New Methods to Replace BioWatch and Could Benefit from Additional Guidance.”

Securing the Cities.—CWMD is directed to provide an updated implementation plan, within 120 days, for the Securing the Cities program that incorporates a detailed assessment on expenditures and their impact on achieving key performance measures and program milestones.

TITLE IV—ADMINISTRATIVE PROVISIONS

Section 401. The agreement continues a provision allowing USCIS to acquire, operate, equip, and dispose of up to five vehicles under certain scenarios.

Section 402. The agreement continues a provision limiting the use of A–76 competitions by USCIS.

Section 403. The agreement continues a provision requiring reporting on certain USCIS activities.

Section 404. The agreement includes a provision related to the collection and use of biometrics.

Section 405. The agreement continues a provision authorizing the Director of FLETC to distribute funds for expenses incurred in training accreditation.

Section 406. The agreement continues a provision directing the FLETC Accreditation Board to lead the federal law enforcement training accreditation process to measure and assess federal law enforcement training programs, facilities, and instructors.

Section 407. The agreement continues a provision allowing the acceptance of transfers from government agencies into “Federal Law Enforcement Training Centers—Procurement, Construction, and Improvements”.

Section 408. The agreement continues a provision classifying FLETC instructor staff as inherently governmental for certain considerations.

TITLE V—GENERAL PROVISIONS

(INCLUDING TRANSFERS AND RESCISSIONS OF FUNDS)

Section 501. The agreement continues a provision directing that no part of any appropriation shall remain available for obligation beyond the current year unless expressly provided.

Section 502. The agreement continues a provision providing authority to merge unexpended balances of prior appropriations with new appropriation accounts, to be used for the same purpose, subject to reprogramming guidelines.

Section 503. The agreement continues a provision related to reprogramming limitations and transfer authority.

The Department must notify the Committees on Appropriations at least 15 days in advance of each reprogramming of funds that would: (1) reduce programs, projects, and activities, or personnel, by ten percent or more; or (2) increase a program, project, or activity by more than \$5,000,000 or ten percent, whichever is less.

The term “program, project, and activity” (PPA) is defined as each functional category listed under an account heading in the funding table at the back of this explanatory statement, along with each funding amount designated for a particular purpose within the statement narrative, exclusive of simple references to increases or reductions below the budget request. Funding for each PPA should not be used for the purposes of any other PPA. Within 30 days of the date of enactment of this Act, the Department shall submit to the Committees a table delineating PPAs subject to section 503 notification requirements.

For purposes of reprogramming notifications, the creation of a new program, project, or activity is defined as any significant new activity that has not been explicitly justified to the Congress in budget justification material and for which funds have not been appropriated by the Congress.

Limited transfer authority is provided to give the Department flexibility in responding to emerging requirements and significant changes in circumstances, but is not intended to facilitate the implementation of new programs, projects, or activities that were not proposed in a formal budget submission. Transfers may not reduce accounts by more than five percent or augment appropriations by more than ten percent. The Department must notify the Committees on Appropriations not fewer than 30 days in advance of any transfer.

To avoid violations of the Anti-Deficiency Act, the Secretary shall ensure that any transfer of funds is carried out in compliance with the limitations and requirements of section 503(c). In particular, the Secretary should ensure that any such transfers adhere to the opinion of the Comptroller General’s decision in the Matter of: John D. Webster, Director, Financial Services, Library of Congress, dated November 7, 1997, with regard to the definition of an appropriation subject to transfer limitations.

Notifications should provide complete explanations of proposed funding reallocations, including detailed justifications for increases and offsets; any specific impact the proposed changes are expected to have on future-year appropriations requirements; a table showing the proposed revisions to funding and full-time equivalents

(FTE)—at the account and PPA levels—for the current fiscal year; and any expected funding and FTE impacts during the budget year.

The Department shall manage its PPAs within the levels appropriated and should only submit reprogramming or transfer notifications in cases of unforeseeable and compelling circumstances that could not have been predicted when formulating the budget request for the current fiscal year. When the Department becomes aware of an emerging requirement after the President's budget has been submitted to Congress but prior to the enactment of a full-year funding Act for the budget year, it is incumbent on the Office of the Chief Financial Officer to timely notify the Committees. When the Department submits a reprogramming or transfer notification and does not receive identical responses from the House and Senate Committees, it is expected to work with the Committees to reconcile the differences before proceeding.

Section 504. The agreement continues a provision, by reference, prohibiting funds appropriated or otherwise made available to the Department to make payment to the Working Capital Fund (WCF), except for activities and amounts allowed in the President's fiscal year 2022 budget request. Funds provided to the WCF are available until expended. The Department can only charge components for direct usage of the WCF and these funds may be used only for the purposes consistent with the contributing component. Any funds paid in advance or for reimbursement must reflect the full cost of each service. The Department shall submit a notification prior to adding a new activity to the fund or eliminating an existing activity from the fund. For activities added to the fund, such notifications shall detail the source of funds by PPA. In addition, the Department shall submit quarterly WCF execution reports to the Committees that include activity level detail.

Section 505. The agreement continues a provision providing that not to exceed 50 percent of unobligated balances from prior-year appropriations for each Operations and Support appropriation shall remain available through fiscal year 2023, subject to section 503 reprogramming requirements.

Section 506. The agreement modifies a prior year provision that deems intelligence activities to be specifically authorized during fiscal year 2022 until the enactment of an Act authorizing intelligence activities for fiscal year 2022. When such an authorization is enacted after the enactment of this Act, amounts appropriated for Intelligence, Analysis, and Operations Coordination—Operations and Support in excess of the authorized amounts shall be transferred to Management Directorate—Operations and Support.

Section 507. The agreement modifies a provision requiring notification to the Committees at least three days before DHS executes or announces grant allocations or grant awards totaling \$1,000,000 or more; an award or contract, other transaction agreement, or task order on a multiple award agreement, or to issue a letter of intent of greater than \$4,000,000; task or delivery orders greater than \$10,000,000 from multi-year funds; or sole-source grant awards. Notifications shall include a description of the projects or activities to be funded and the location, including city, county, and state.

Section 508. The agreement continues a provision prohibiting all agencies from purchasing, constructing, or leasing additional facilities for federal law enforcement training without advance notification to the Committees.

Section 509. The agreement continues a provision prohibiting the use of funds for any construction, repair, alteration, or acquisition project for which a prospectus, if required under chapter 33 of title 40, United States Code, has not been approved.

Section 510. The agreement continues a provision that includes and consolidates by reference prior-year statutory provisions related to a contracting officer's technical representative training; sensitive security information; and the use of funds in conformance with section 303 of the Energy Policy Act of 1992.

Section 511. The agreement continues a provision prohibiting the use of funds in contravention of the Buy American Act.

Section 512. The agreement continues a provision regarding the oath of allegiance required by section 337 of the Immigration and Nationality Act.

Section 513. The agreement modifies a provision that precludes DHS from using funds in this Act to use reorganization authority. This prohibition is not intended to prevent the Department from carrying out routine or small reallocations of personnel or functions within components, subject to section 503 of this Act. This section prevents large-scale reorganization of the Department, which should be acted on legislatively by the relevant congressional committees of jurisdiction. Any DHS proposal to reorganize components that is included as part of a budget request will be considered by the Committees.

Section 514. The agreement continues a provision prohibiting funds for planning, testing, piloting, or developing a national identification card.

Section 515. The agreement continues a provision directing that any official required by this Act to report or certify to the Committees on Appropriations may not delegate such authority unless expressly authorized to do so in this Act.

Section 516. The agreement continues a provision prohibiting funds in this Act to be used for first-class travel.

Section 517. The agreement continues a provision prohibiting the use of funds to employ illegal workers as described in Section 274A(h)(3) of the Immigration and Nationality Act.

Section 518. The agreement continues a provision prohibiting funds appropriated or otherwise made available by this Act to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 519. The agreement continues a provision prohibiting the use of funds to enter into a federal contract unless the contract meets requirements of the Federal Property and Administrative Services Act of 1949 or chapter 137 of title 10, United States Code, and the Federal Acquisition Regulation, unless the contract is otherwise authorized by statute.

Section 520. The agreement continues a provision requiring DHS computer systems to block electronic access to pornography, except for law enforcement purposes.

Section 521. The agreement continues a provision regarding the transfer of firearms by federal law enforcement personnel.

Section 522. The agreement modifies a prior year provision regarding funding restrictions and reporting requirements related to conferences occurring outside of the United States.

Section 523. The agreement continues a provision prohibiting the use of funds to reimburse any federal department or agency for its participation in a National Special Security Event.

Section 524. The agreement modifies a prior year provision requiring a notification, including justification materials, prior to implementing any structural pay reform that affects more than 100 full time positions or costs more than \$5,000,000, including the introduction of new position classifications.

Section 525. The agreement continues a provision directing the Department to post on a public website reports required by the Committees on Appropriations unless public posting compromises homeland or national security or contains proprietary information.

Section 526. The agreement continues a provision authorizing minor procurement, construction, and improvements activities using Operations and Support funding.

Section 527. The agreement continues a provision to authorize discretionary funding for the cost of primary and secondary schooling of dependents in territories that meet certain criteria.

Section 528. The agreement continues a provision providing funding for “Federal Emergency Management Agency—Federal Assistance” to reimburse extraordinary law enforcement personnel overtime costs for protection activities directly and demonstrably associated with a residence of the President that is designated for protection.

Section 529. The agreement continues a provision extending other transaction authority for the Department during fiscal year 2022.

Section 530. The agreement continues a provision regarding congressional visits to detention facilities.

Section 531. The agreement continues a provision prohibiting the use of funds to use restraints on pregnant detainees in DHS custody except in certain circumstances.

Section 532. The agreement continues and modifies a provision prohibiting the use of funds for the destruction of records related to the death, sexual abuse, or assault of detainees in custody.

Section 533. The agreement continues and modifies a provision prohibiting the use of federal funds for a Principal Federal Official during a Stafford Act declared disaster or emergency, with certain exceptions.

Section 534. The agreement continues a provision requiring the identification of discretionary offsets when fee increase proposals to support current activities assume the enactment of such proposals prior to the beginning of the budget year.

Section 535. The agreement continues a provision related to the Arms Trade Treaty.

Section 536. The agreement modifies a provision requiring the submission of a report on unfunded priorities for which appropriations would be classified as the 050 Budget function category.

Section 537. The agreement continues a provision requiring notifications and reporting related to the protection of certain individuals.

Section 538. The agreement includes a provision establishing a Department of Homeland Security Nonrecurring Expenses Fund.

Section 539. The agreement includes a provision requiring notifications and the submission of information to the Committees related to DHS requests for resources from the Technology Modernization Fund.

Section 540. The agreement continues a provision prohibiting the use of funds for the transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba into or within the United States.

Section 541. The agreement includes a provision extending an authority provided in title VI of division B of Public Law 116–136.

Section 542. The agreement includes a provision appropriating an additional amount for CBP to offset the pandemic-related loss of customs and user fee revenue.

Section 543. The agreement includes a provision appropriating an additional amount for CBP, ICE, and FEMA to address Border Management requirements.

Section 544. The agreement includes a provision rescinding unobligated balances from CBP and reappropriates such funds to the Management Directorate for Joint Processing Centers.

Section 545. The agreement includes a provision rescinding unobligated emergency funds from CBP and reappropriates such funds to the Management Directorate for Joint Processing Centers.

Section 546. The agreement includes a provision rescinding unobligated balances from specified sources.

Section 547. The agreement includes a provision rescinding lapsed balances pursuant to Section 505 of division F of Public Law 116–133.

Section 548. The agreement includes a provision rescinding unobligated balances from the Disaster Relief Fund.

DISCLOSURE OF EARMARKS AND CONGRESSIONALLY DIRECTED SPENDING ITEMS

Following is a list of congressional earmarks and congressionally directed spending items (as defined in clause 9 of rule XXI of the Rules of the House of Representatives and rule XLIV of the Standing Rules of the Senate, respectively) included in the bill or this explanatory statement, along with the name of each House Member, Senator, Delegate, or Resident Commissioner who submitted a request to the Committee of jurisdiction for each item so identified. For each item, a Member is required to provide a certification that neither the Member nor the Member's immediate family has a financial interest, and each Senator is required to provide a certification that neither the Senator nor the Senator's immediate family has a pecuniary interest in such congressionally directed spending item. Neither the bill nor the explanatory statement contains any limited tax benefits or limited tariff benefits as defined in the applicable House and Senate rules.
